**Pre-Meet SES/SL/ST Leadership Briefing -- TEAMS Meeting**

Greetings all,

The purpose of this meeting is to finalize key speakers/takeaways for the Monday, January 25, 2021 @ 1pm (EST) Meet&Greet with DOI's SES/SL/ST Leadership Cadre. Attached is a "draft" PP to inform tomorrow's discussion. As of today, encumbered career SES (215); SL (45); and ST (35).

In addition, for your edification only, I'm attaching a high-level visual of the DAS-HCD Directorate that I lead. The role of managing this SES/SL/ST workforce falls under the Department's Executive Resources Board (ERB) that needs to be reconstituted under this Administration. OS/PMB's Office of Human Capital, and the Executive Resources Division therein, provides ERB support and coordinates with the bureau's HR offices, who in turn, provide HR operational assistance.

**SES/SL/ST Meeting with DOI Leadership**

Dear SES, SL, and ST Members,  
As outlined in the attached welcome message sent on January 20, 2021, the incoming Chief of Staff, Jennifer Van der Heide has invited you to attend a meeting for all SES, SL, and ST Members on Monday, January 25th at 1 p.m. ET. During this meeting, Jennifer and other incoming senior leaders will introduce themselves and discuss the Biden-Harris Administration's priorities. While the size of the meeting may not lend itself to candid dialogue, it will serve as the beginning of an open communications about how all DOI leaders can ensure we are serving the American public and fulfilling the missions at the Department of the Interior. Please join the meeting using the Microsoft Teams meeting link embedded in this calendar invite.  
Thank you.

Call: Moose-Wilson Road, Virgin Islands NP and LWCF

Hello Drew,

I want to flag 3 items that are at various points of progression and that I am going to need your eyes on. Also copying Shantha and Rachael for situational awareness.

1. Moose-Wilson Road (Grand Teton National Park): On Tuesday, January 19 Secretary Bernhardt sent a memo to NPS giving them 30 days to communicate to Congress and the Governor of WY their intention to revisit two matters related to visitor access at Grand Teton. One is a bike path on Moose-Wilson road and the other is the visitor management toolbox. This matter probably warrants a conversation because we have a policy decision to make and then some intergovernmental work to be done. Senator Barrasso is a key figure in this matter.
2. Virgin Islands National Park: NPS and the Department are in the midst of a (b) (5)

(b) (5) Yesterday, I received a detailed briefing which resulted in my requesting a conversation with Congresswoman Stacy Paskett. My office is going to coordinate this meeting request with OCL. Normally, I would have talked to you

before requesting that such a meeting be scheduled, (b) (5)

3. We are working on rescinding a Secretarial Order (3388) regarding LWCF, which will simultaneously direct staff to reinstate the ORLP program which Mr. Bernhardt wrote out of existence when he revised the policy manual for stateside LWCF. Once we have a draft in hand, I think we should jump on a short call to discuss to make sure we are covering our bases with folks on the Hill.

Thanks. Please let me know if there is a better way to loop you into these types of things. As you know, my two bureaus generate a lot of outward facing work so perhaps we should consider a weekly call to make sure nothing falls through the cracks.

Best,

Shannon

**This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.**

Holding this time each week to coordinate on land & water conservation, climate, and jobs actions outlined in the early EOs. We likely won't need the full hour each week but blocking the time in case. Hoping to keep the group relatively small: 1-3 key people per agency/office.

Thanks,

Matt

Climate Appointee Happy Hour with Second Gentleman Doug Emhoff and DOT Secretary Pete Buttigieg --

(b) (5)

Hi everyone,

**February 5, 2021 Continued**

Friday

Sending along the link for our Climate appointees happy hour this evening! Feel free to bring a beverage of your choice to the zoom, and after remarks from our special guests we are going to be putting folks into breakout rooms to get to know one another. Please note, this is an optional social event, we would love to have you all, but if you are underwater after this busy week, no pressure on this one!

Here are the questions we will kick things off with in the breakout rooms:

1. Name, title, what you work on and the favorite part about your job this week.
2. What is one thing in your workspace that makes you happy?

Hope you can join us, and hope you all have a wonderful Friday as we charge to the end of this week!  
-Maggie

Thanks – can you give us a quick sense of which categories you're most interested in discussing?

That way, we can figure out whether a call with me or Jahi would be most efficient.

Much appreciated,

**Subject:** [EXTERNAL] National Climate Task Force - (b) (5)

**When:** Thursday, February 11, 2021 12:00 PM-1:30 PM.

**Where:** (b) (5)

**This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.**

**Update 2021-02-10 18:45:** Please refer to the attached agenda and prep paper in advance of tomorrow's meeting.

---

Gina McCarthy is looking forward to your participation in the first meeting of the National Climate Task Force on Thursday, February 11th from noon to 2:00 pm.

The meeting on Thursday will provide an initial opportunity to discuss the Task Force's key role in mobilizing the administration's whole-of-government attention on the climate crisis, and the fast start that already is underway on climate. In Thursday's meeting, each agency and EOP Task Force member will be invited to say a few words about priority projects that they are looking forward to launching --or already may have launched -- to take on the climate crisis. To help trigger everyone's thinking, we have attached a template that we will ask members to complete after the meeting. The meeting also will provide an opportunity to hear from Secretary Kerry about the international team and efforts underway to ensure that the U.S. treats our climate crisis as the significant and growing national security threat that it is, with the U.S. providing leadership in Glasgow this coming November as countries across the world make commitments to meet the challenge of climate change.

We will be sending an agenda and short read-ahead for the meeting on Wednesday. Please call or email Roque Sanchez

Holding this time each week to coordinate on land & water conservation, climate, and jobs actions outlined in the early EOs. We likely won't need the full hour each week but blocking the time in case. Hoping to keep the group relatively small: 1-3 key people per agency/office.

Thanks,

Matt

**Required On-Boarding Training: No Fear Act & Prevention and Elimination of Harassing Conduct (DOI PB 18-01) -- Microsoft Teams Meeting**

Please note that participation in this training is mandatory for all appointee team members.

**Background:** The Notification and Federal Employee Anti-Discrimination and Retaliation Act, also known as the No Fear Act, requires that federal agencies be accountable for violations of anti-discrimination and whistleblower protection laws. A federal agency cannot discriminate against an employee or applicant with respect to the terms, conditions, or privileges of employment on the basis of race, color, religion, sex, national origin, age, disability, or genetic information. Discrimination on these basis

is prohibited by federal law. PB 18-01 updates and amends the Department's policy on providing a work environment free from harassment by (1) defining unacceptable conduct that violates this policy; (2) outlining the rights and responsibilities of employees, supervisors, and managers; and (3) establishing reporting procedures and accountability measures.

An overview of both topics will be provided with an opportunity to ask questions. Within a few weeks of this overview, attendees will be automatically enrolled in the actual No Fear Act online course in DOI Talent, the Department's Learning Management System. This ensures training completion is tracked and that the Department can demonstrate completion.

**Facilitator:** Dr. Vicki A Brown, CLO/OSEOD/HCD

**Presenters:** Overview of Unlawful Harassment and The Notification and Federal Employee Anti-Discrimination and Retaliation Act of 2002 (the No FEAR Act), Tanisha M. Edmonds, ODCIR/PMB

Overview of Personnel Bulletin 18-01, Prevention and Elimination of Harassing Conduct, Mark Guberman, BSEE HR

**Protected Areas Database of the U.S.**

PAD-US is America's official national inventory of U.S. terrestrial and

marine protected areas that are dedicated to the preservation of biological diversity and to other natural, recreation and cultural uses, managed for these purposes through legal or other effective means. PAD-US also includes the best available aggregation of federal land and marine areas provided directly by managing agencies, coordinated through the Federal Geographic Data Committee (FGDC) Federal Lands Working Group. The latest version of the Protected Areas Database of the U.S. (PAD-US 2.1) is now available from our Data Download page. This update is a significant step towards meeting our goal of creating a spatially explicit inventory that lets any user – from the general public to professional land managers – know exactly what lands are protected anywhere in the United States and allows them to easily use this inventory in conservation, land management, planning, recreation, and other uses. PAD-US has been designated a National Geospatial Data Asset by the FGDC Steering Committee.

### **Land Change Monitoring, Assessment, and Projection**

Land Change Monitoring, Assessment, and Projection (LCMAP) represents a new generation of land cover mapping and change monitoring from the U.S. Geological Survey's Earth Resources Observation and Science (EROS) Center. LCMAP answers a need for higher quality results at greater frequency with additional land cover and change variables than previous efforts.

[EXTERNAL] Initial CCC scoping meeting --

(b) (5)

**This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.**

Holding 30 minutes for an initial scoping meeting on the CCC directive in the climate EO. We'll keep this to DOI, USDA, NOAA, CEQ, DCPO, and OMB for this first one. One of the topics on the agenda will be how to broaden this group and to identify some of the fundamental questions we need to wrestle with and answer. DOI/USDA/NOAA: please add others from your teams as appropriate.

Thanks,  
Matt

**(b) (5)**

**This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.**

Holding this time each week to coordinate on land & water conservation, climate, and jobs actions outlined in the early EOs. We likely won't need the full hour each week but blocking the time in case. Hoping to keep

the group relatively small: 1-3 key people per agency/office.

Thanks,

Matt

**This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.**

As an interviewee of a background investigation, you have been selected for a video interview. Video interviewing technology allows investigators and subjects to participate in interviews without requiring them to be in the same place. This secure, video- and audio-enabled technology allows interviews to be convenient and remote, with the interaction of a traditional in-person interview.

Please take the following actions to prepare for your video interview.

Your interview is scheduled for:

**[Tuesday, 02/23/2021 at 04:00pm EST ]**

**ONE**

Prior to the interview, ensure you will be in an enclosed, private space with good lighting and a reliable LAN, WiFi , or cellular connection.

**TWO**

**February 23, 2021 Continued**

Tuesday

The interview will take place on your work or personal desktop, laptop, or smartphone. You will connect to DOD's Commercial Virtual Remote (CVR) Environment using either the Microsoft Teams application, if installed, or your device's internet browser.

*Note: Headphones with a microphone are encouraged for best audio quality.*

**THREE**

Review the **attached document** for detailed instructions on how to prepare for and connect to your video interview.

**FOUR**

If you are accessing your computer using a CAC card, ensure you have an alternate form of photo identification as it will be reviewed during interview.

**CVR/Microsoft Teams** –When clicking on the link to enter CVR you must enter as a guest. If you created an account in Microsoft Teams the link will send you to a different interview room that I will not have access to. If this occurs exit the room, log off of their Microsoft Teams account and re-enter as a guest.

Thank you!

(b) (5)

**This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.**

Holding this time each week to coordinate on land & water conservation, climate, and jobs actions outlined in the early EOs. We likely won't need the full hour each week but blocking the time in case. Hoping to keep the group relatively small: 1-3 key people per agency/office.

Thanks,  
  
Matt

Morgan – Appreciate the follow up. To clarify, would you all be willing to meet with us on the staff level sooner? Appreciate that y'all are reaching out for Member level meetings in a few weeks but given our greater flexibility (and urgency given your review timelines) we would welcome more dialogue.

For context, the three of us are long time Utah staffers and would love to talk more “in the weeds” given our previous histories working with the five Tribes, understanding of the landscape, and Utah politics.

Looking forward to hearing from you.

Jake

Hi Kelsey, Celeste and Jake,

We wanted to let you know that a tribal consultation letter has gone out on Bears Ears and that DOI will also be setting up meetings to hear from the Governor and the Delegation in early March. Thanks so much!

**Subject:** Meeting Request

Andrew – I was given your email by Eric Werwa, Rep. Haaland's Chief of Staff. He said you'd be the best contact he had at DOI currently.

I'd like to request a meeting on behalf of the offices of Senator Romney, Representative Stewart, and Representative Curtis. Included are Kelsey, Romney's Deputy Chief of Staff, and Celeste, Stewart's Legal Counsel.

We would like to meet with whoever the political appointees are over the review of Bears Ears and Grand Staircase National Monuments. We believe there is an opportunity to find long term consensus in the area and wanted to speak with you all about how the review could be a part of unity as opposed to further division.

We would prefer to meet in person and could come to DOI but let us know what works for you. Looking forward to hearing from you.

[EXTERNAL] Land and Water Working Group --

(b) (5)

**This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.**

Holding this time each week to coordinate on land & water conservation, climate, and jobs actions outlined in the early EOs. We likely won't need the full hour each week but blocking the time in case. Hoping to keep the group relatively small: 1-3 key people per agency/office.

Thanks,

Matt

Holding this time each week to coordinate on land & water conservation, climate, and jobs actions outlined in the early EOs. We likely won't need the full hour each week but blocking the time in case. Hoping to keep the group relatively small: 1-3 key people per agency/office.

Thanks,

Matt

**Required On-Boarding Training: No Fear Act & Prevention and Elimination of Harassing Conduct (DOI PB 18-01) -- Microsoft Teams Meeting**

Please note that participation in this training is mandatory for all appointee team members.

**Background:** The Notification and Federal Employee Anti-Discrimination and Retaliation Act, also known as the No Fear Act, requires that federal agencies be accountable for violations of anti-discrimination and whistleblower protection laws. A federal agency cannot discriminate against an employee or applicant with respect to the terms, conditions, or privileges of employment on the basis of race, color, religion, sex, national origin, age, disability, or genetic information. Discrimination on these basis is prohibited by federal law. PB 18-01 updates and amends the Department's policy on providing a work environment free from harassment by (1) defining unacceptable conduct that violates this policy; (2) outlining the rights and responsibilities of employees, supervisors, and managers; and (3) establishing reporting procedures and accountability measures.

An overview of both topics will be provided with an opportunity to ask questions. Within a few weeks of this overview, attendees will be automatically enrolled in the actual No Fear Act online course in DOI Talent, the Department's Learning Management System. This ensures training completion is tracked and that the Department can demonstrate completion.

**Facilitator:** Dr. Vicki A Brown, CLO/OSEOD/HCD

**Presenters:** Overview of Unlawful Harassment and The Notification and Federal Employee Anti-Discrimination and Retaliation Act of 2002 (the No FEAR Act), Tanisha M. Edmonds, ODCIR/PMB

Overview of Personnel Bulletin 18-01, Prevention and Elimination of Harassing Conduct, Mark Guberman, BSEE HR

**Team:** Pending the Secretary's full onboarding and access to her direct calendar, this is the shadow account that we'll be using in the interim. Thank you so much for your patience, understanding and flexibility as we get things started!

**Pro Tips:**

- The highlighted slots indicate your designated briefing time followed by the event and it's full details for which you are providing the brief on.
- The TEAMS link is located at the bottom of this calendar invite and will serve as the ONE link for the total 9:00am-11:00am briefing slot.
- Please log-in at the start time of your slot. Think this will help keep time and remind/queue the previous briefers to log-off if they haven't done so already. A virtual knock on the door, if you will.

**Subject:** Future of the Selma Interpretive Center

Good Morning Nikki,

I hope you are well. It was great catching up a few weeks ago. As I mentioned on our earlier call, Rep. Sewell has been having conversations with House Leadership and the CBC about expanding the Selma Interpretive Center (currently part of the Selma to Montgomery National Historic Trail). Rep. Sewell has initiated conversations with the NPS regional office, the National Parks Foundation, and the National Trust for Historic Preservation, but we would also like to engage with NPS headquarters. Would you mind connecting me?

Again, Rep. Sewell's objective is to 1) transfer ownership of the land and the building containing the Selma Interpretive Center from the City of Selma to NPS, and 2) increase funding to construct additional exhibit space for the Selma Interpretive Center.

Thanks again for all your help Nikki!

30x30 - Environmental NGOs

**IMPORTANT UPDATE: Due to a significant scheduling consideration, we need to move this meeting 30 minutes earlier than originally requested.**

Greetings from the U.S. Department of the Interior.

You are invited to a stakeholder meeting to share input on President Biden's goal to protect at least 30 percent of US lands and waters by 2030 **on Friday, March 19 from 12:30-1:30pm ET.**

This meeting will be held on the U.S. Department of the Interior Microsoft Teams system.

If you do not yet have the Microsoft Teams app downloaded on the device you plan to use for this meeting, please consider doing so, as using the app can assist with the quality of the connection. Please also note the Microsoft Teams invitation comes with a phone call-in option.

My cell is (b) (6). Please do not hesitate to call or text me if you have questions.

**This email has been received from outside of DOI - Use caution before clicking on links, opening attachments, or responding.**

Holding this time each week to coordinate on land & water conservation, climate, and jobs actions outlined in the early EOs. We likely won't need the full hour each week but blocking the time in case. Hoping to keep the group relatively small: 1-3 key people per agency/office.

Thanks,

Matt

- **1:30 PM:** CONCLUSION

BELOW IS FROM HNRC MAJORITY:

Below are some of the general questions we have gotten regarding the 30x30 effort:

- Can some public access be allowed to count toward this area or does the area have to be completely closed to public access? (e.g. Fishing, boating, hunting, and other recreational use restrictions or bans)
- How does the administration plan to incorporate Tribal figures and environmental factors?
- Who counts/certifies the 30 percent?
- What is considered “protected?” What type of “land” is protected – all types or those most critical for conservation purposes?
- Does existing or recent conservation count towards the 30 percent?
- What is the role of the states and how do we ensure they are a part of this dialogue, particularly those who already have robust land and water conservation programs?
- What steps are being taken to ensure that there is a transparent, robust stakeholder engagement process?
- What is Congress’ role in support of 30x30?
- What is the best current estimate/data for tracking protection?
- Impacts of the 30x30 effort on fisheries? (major fishing groups want to cast this as all marine monuments)
- Folks have also expressed general concerns about fire and forest management and how that would be accounted for.

In addition, anything you can do to tamp down the idea that the government will at all take or dictate action on private land is key.

A CEQ readout from Monday:

**EXECUTIVE OFFICE OF THE PRESIDENT  
COUNCIL ON ENVIRONMENTAL QUALITY  
WASHINGTON, D.C. 20503**

**FOR IMMEDIATE RELEASE:**

**March 22,  
2021**

**Readout: Meeting with Outdoor Business Leaders on the Biden Administration's Support for Locally-Led Nature Conservation**

Representatives of the White House Council on Environmental Quality, the U.S. Department of the Interior, U.S. Department of Agriculture, and the National Oceanic and Atmospheric Administration today met with leaders of outdoor recreation businesses and other related organizations to discuss President Biden's commitment to conserving America's lands and waters for the benefit and enjoyment of all Americans.

This was one in a series of meetings that the Biden Administration is convening to inform its efforts. The conversations are happening with organizations focused on equity, Tribal leaders, conservation groups, fishermen, ocean advocates, outdoor recreation businesses, forest owners, ranchers and farmers, hunters and anglers, state and locally elected officials, Members of Congress, and beyond.

Participants in the meetings have been discussing President Biden's goal of helping communities across the country conserve 30% of U.S. lands and ocean by 2030 (30x30), which was outlined in Section 216(a) of Executive Order 14008. The Department of the Interior has been tasked with gathering stakeholder input to inform a report, due to the National Climate Task Force by April 27, on how the U.S. might pursue a 30x30 goal.

Federal agency leaders who participated in today's meeting said they expect the April report will outline a broad set of principles by which the Administration can pursue a widely-supported conservation agenda. These principles will reflect a consensus of views expressed by a broad range of stakeholders, including that America's conservation efforts: be locally supported; be inclusive and equitable; honor tribal sovereignty; be science-based; support the voluntary, collaborative stewardship efforts of farmers, ranchers, and other private landowners; recognize the role that a range of conservation practices can play; build on existing mechanisms to conserve resources; respect private property rights; and expand access to the outdoors for all people, including hunters, anglers, communities that have disproportionately less access to nature, and everyone who enjoys getting outside.

The outdoor business and outdoor recreation leaders in today's meeting – which included representatives from the Outdoor Industry Association, the Conservation Alliance, the Outdoor Alliance, and several outdoor recreation companies - noted that conserving America's lands, waters, and wildlife is essential to the prosperity and health of America's economy and communities. In fact, according to the Bureau of Labor Statistics, the outdoor recreation sector contributes \$459.8 billion to the U.S. economy each year. The economic benefits of conservation and outdoor recreation are among the reasons why many state leaders and mayors are working to establish or support 30x30 conservation goals in their state, set up outdoor recreation offices, and implement other policies to make it easier for more people to get outdoors.

Participants in today's meeting also observed that nature conservation is one of the most cost-effective strategies for fighting climate change.

Written comments and ideas can be submitted to [oiea@ios.doi.gov](mailto:oiea@ios.doi.gov).

**Sec. 216. Conserving Our Nation's Lands and Waters.**

(a) The Secretary of the Interior, in consultation with the Secretary of Agriculture, the Secretary of Commerce, the Chair of the Council on Environmental Quality, and the heads of other relevant agencies, shall submit a report to the Task Force within 90 days of the date of this order recommending steps that the United States should take, working with

State, local, Tribal, and territorial governments, agricultural and forest landowners, fishermen, and other key stakeholders, to achieve the goal of conserving at least 30 percent of our lands and waters by 2030.

(i) The Secretary of the Interior, the Secretary of Agriculture, the Secretary of Commerce, through the Administrator of the National Oceanic and Atmospheric Administration, and the Chair of the Council on Environmental Quality shall, as appropriate, solicit input from State, local, Tribal, and territorial officials, agricultural and forest landowners, fishermen, and other key stakeholders in identifying strategies that will encourage broad participation in the goal of conserving 30 percent of our lands and waters by 2030.

(ii) The report shall propose guidelines for determining whether lands and waters qualify for conservation, and it also shall establish mechanisms to measure progress toward the 30-percent goal. The Secretary of the Interior shall subsequently submit annual reports to the Task Force to monitor progress.
