Dear Chair Hernandez:

The Federal Subsistence Board (Board) met on April 2-5, 2024, in Anchorage, Alaska, to consider proposed changes to Federal subsistence management regulations for the harvest of wildlife on Federal Public Lands in Alaska and wildlife closure reviews. This letter is to provide a report on the actions taken by the Board on proposals and closure reviews affecting federally qualified subsistence users.

Section 805(c) of the Alaska National Interest Lands Conservation Act (ANILCA) provides that the Board will accept the recommendations of a Subsistence Regional Advisory Council(s) (Council(s)) regarding take unless, (1) the recommendation is not supported by substantial evidence, (2) the recommendation violates recognized principles of fish and wildlife management, or (3) adopting the recommendation would be detrimental to the satisfaction of subsistence needs. When a Council(s)' recommendation is not adopted, the Board is required by Secretarial regulations to set forth the factual basis and reasons for the decision.

The Board acted on 36 proposals and 18 closure reviews during the 2024-26 wildlife regulatory cycle. The Board agreed with the recommendations of the Councils, in whole or with modifications, on 34 of 36 proposals. The Board deferred one proposal: WP24-01 until the August 2024 Board work session. The Board accepted the recommendations of the Councils on all the wildlife closure reviews, voting to maintain status quo on 15 of them. The Board also acted on fisheries request for reconsideration RFR22-01 opposing the request.

Details of these actions and the Boards' deliberations are contained in the meeting transcriptions. Copies of the transcripts may be obtained by calling toll free number 1-800-478-1456 and are available online at the Federal Subsistence Management Program website, <https://www.doi.gov/subsistence>.

The Board uses a consensus agenda on those proposals where there is agreement among the affected Council(s), a majority of the Interagency Staff Committee, and the Alaska Department of Fish and Game concerning a proposed regulatory action. These proposals were deemed non-controversial and did not require a separate discussion. The consensus agenda did not contain any proposals or closure reviews affecting the Southeast Region.

The proposals affecting the Southeast Region appeared on the non-consensus agenda. However, for four of the proposals, the Board took action consistent with your Council's recommendations. The Board *took no action* on **WP24-03**, which requested to extend the mountain goat season in Unit 1C, Endicott (RG015 permit area) to August 1 through November 30 and to close this area to mountain goat hunting by non-federally qualified users from August 1 to 31. The Board *adopted with modification* **WP24-04**, **WP24-05**, and **WP24-06**, which closed deer hunting to non-federally qualified users from November 1 to 10 in Unit 4 around Angoon, Hoonah, and Pelican, respectively.

The Board's actions differed from the Council's recommendations for one proposal on the non-consensus agenda: **WP24-02**. The Board's action on this proposal is explained in detail in the enclosed report.

The Board appreciates your Council's active involvement in and diligence with the regulatory process. The ten Councils continue to be the foundation of the Federal Subsistence Management Program, and the stewardship shown by the Council chairs and their representatives at the Board meeting was noteworthy.

If you have any questions regarding the summary of the Board's actions, please contact DeAnna Perry, Council Coordinator, at 907-209-7817 or deanna.perry@usda.gov.

Sincerely,

Anthony Christianson, Chair
Federal Subsistence Board
