The Great American Outdoors Act National Parks and Public Land Legacy Restoration Fund (GAOA LRF) is a commitment to protecting and sustaining our public lands.

Established on August 4, 2020, GAOA LRF allocates over \$1.6 billion annually from fiscal years (FY) 2021 through 2025 to the Department of the Interior (Interior) to address priority deferred maintenance and repair needs on public lands and Bureau of Indian Education-funded schools. With all five years of GAOA LRF funding, Interior bureaus will:

- Fund 396 projects across 50 states, the District of Columbia, and multiple territories
- Address over \$5.9 billion in deferred maintenance and repair
- Improve the condition of over 3,800 Interior assets

GAOA LRF Impacts Across America*

Repairing over **1,000** recreational and visitor experience assets

Improving ADA accessibility in nearly **50%** of GAOA LRF projects

Each year of GAOA LRF funding is estimated to support an average of **17,000** jobs and contribute **\$1.9 billion** to the U.S. economy

Improving facilities used by nearly **2,300** students and faculty at BIE-funded schools each year

Deferred Maintenance and Repair in Nevada

In Nevada, the total deferred maintenance and repair (DM&R) backlog for the four Interior GAOA LRF bureaus is \$1,095,600,000**.

| Bureau | DM&R** |
|--------------------------------------|---------------|
| Bureau of Indian Education (BIE) | \$0 |
| Bureau of Land Management (BLM) | \$386,139,000 |
| National Park Service (NPS) | \$615,290,000 |
| U.S. Fish and Wildlife Service (FWS) | \$94,171,000 |

GAOA LRF in Nevada

With the full five years of funding, GAOA LRF will invest over **\$138.1 million** towards improving approximately **100** assets across **13** projects in Nevada.

Assets improved in Nevada:

Recreational and Visitor Experience Assets

Water Infrastructure and Other Utilities

Operational Buildings

*these numbers are estimates and include FY21 - FY25 GAOA LRF-funded projects.

**DM&R estimates represent a point in time, reported as of 9/30/2023, rounded to the nearest thousand. DM&R is calculated based on asset repair needs in FRPP, which does not include assets with a status indicator of Report of Excess Submitted, Report of Excess Accepted, Determination to Dispose, Disposed, Cannot Currently be Disposed, or Surplus.

FY21-25 Projects, Locations, and Funding in Nevada

| Bureau | Unit Name | Project Title | Funding [†] as of Mar. 2024 |
|--------|--|--|---|
| BLM | Battle Mountain District | Eureka Admin Site Disposals | \$360,000 |
| BLM | Carson City District | Indian Creek Recreation Area Repairs | \$499,000 |
| BLM | Carson City District | Sand Mountain Road Safety Repairs | \$1,700,000 |
| BLM | Elko District | Elko District Office Building Replacement and Repairs | \$15,430,000* |
| BLM | Nevada Telecommunications Network | NV Radio Infrastructure Safety Repairs | \$989,000 |
| BLM | Southern Nevada District | Red Rock Fee Station Septic System Replacement Phase I of II | \$121,000 |
| BLM | Winnemucca and Southern Nevada Districts | Nevada Recreation Safety and Access Repairs | \$2,476,000 |
| BLM | Winnemucca District | Orovada Crew Quarters McDermitt Replacement | \$4,889,000* |
| NPS | Great Basin National Park | Rehabilitate Deteriorated Wastewater Collection and Water Distribution Systems | \$5,543,000 |
| NPS | Lake Mead National Recreation Area | Demolish Lake Mead Lodge Resort Complex and Restore Area to Native Condition | \$4,326,000 |
| NPS | Lake Mead National Recreation Area | Demolish Outdated Infrastructure to Enhance Scenic Features and Visitor Experience | \$21,963,000 |
| NPS | Lake Mead National Recreation Area | Relocate Callville Bay Water Intake Barge to Ensure Safe Drinking Water for Visitors & Concessioners | \$5,179,000 |
| NPS | Lake Mead National Recreation Area | Replace Water Tanks and Water Treatment Systems** | \$74,642,000* |

*total project funding includes proposed FY25 funding

**project spans multiple states; funding represents the estimated total amount of funding for this project across states

[†]rounded to thousands

Demolish Outdated Infrastructure to Enhance Scenic Features and Visitor Experience

Lake Mead National Recreation Area

Lake Mead National Recreation Area, just outside of Las Vegas, is America's first and largest national recreation area and offers Joshua trees, slot canyons, and two lakes – Lake Mead and Lake Mohave. This project removes unnecessary, unsafe, and abandoned structures and their supporting infrastructure. The site will be returned to natural conditions, reducing safety hazards and enhancing the visitor experience.

NV Radio Infrastructure Safety Repairs - Nevada Telecommunications Network

The Bureau of Land Management manages various communications sites in Nevada that aid in supporting fire suppression, rescue operations and employee safety. This project removes safety hazards at numerous communications sites, resulting in improved reliability in the state's communication system. Improvements include replacing safety equipment for towers and cable equipment and restoring grounding systems, resulting in compliance with current safety and operational standards.
