Existing Regulation:

Customary and Traditional Use Determination: Residents of Chenega Bay, Cooper Landing, Hope, Moose Pass, and Tatitlek

Harvest Limits: Unit 7 remainder – 1 antlered bull with spike-fork or 50-inch antlers or with 3 or more brow tines on either antler, by Federal registration permit (FM0004) only.

Open Season: Aug.20-Sept. 25

Regulation to Change Moose in Unit 7 (FM0004):

Customary and Traditional Use Determination: Residents of Chenga Bay, Cooper Landing, Hope, Moose Pass, and Tatitlek

Harvest Limits: Unit 7 remainder – 1 antlered bull with spike-fork or 50-inch antlers or with 3 or more brow tines on either antler, by Federal registration permit (FM0004) only.

Open Season: Aug.20-Sept. 25

October 20 – November 10

Explanation of Regulation Change:

Currently the residents of Cooper Landing are only allowed to hunt in Unit 15b for the late season moose hunt(Oct.20-Nov10) and haven't been able to hunt the unit we live in (Unit 7). We are already hunting for moose in Unit 7 during the Aug.20-Sept 25 season with the same antler restrictions. This late season moose hunt would allow subsistence user who live in Unit 7 an opportunity to hunt for moose in the unit where we customarily and traditionally hunt.
