About this map
This map shows Federal subsistence fisheries jurisdiction. This map does not show land ownership. Verify land ownership before using or crossing any land.
Federal subsistence fisheries jurisdiction
Federal subsistence fisheries jurisdiction applies to select marine waters and to all navigable/non-navigable inland waters within or adjacent to the exterior boundaries of Federal conservation system units. In applicable marine waters, Federal subsistence fisheries jurisdiction extends to mean high tide. On general domain lands, Federal subsistence fisheries jurisdiction applies only to non-navigable waters.
Closed waters
Some Federal waters may be closed to subsistence uses. For the most current closure information, contact the Federal land management agency nearest to where you wish to take fish for subsistence purposes.
