DOI-2025-004734	Bogardus, Kevin	E&E News		I request the Department of the Interior's Phase 1 Agency RIF and Reorganization Plans, or ARPPs. These plans were to be submitted to the Office of Management and Budget and the Office of Personnel Management no later than March 13, 2025, according to Feb. 26, 2025 guidance by OMB and OPM sent to heads of executive departments and agencies (please see page 3 of https://chcoc.gov/sites/default/files/OPM_OMB%20-%20guidance%20on%20DOGE%20workforce%20EO%202.26.25%20FINAL.pdf). These plans are described in the following excerpt of that guidance: "IV. Phase 1 ARPPs Each agency will submit a Phase 1 ARPP to OMB and OPM for review and approval no later than March 13, 2025. Phase 1 ARPPs shall focus on initial agency cuts and reductions. Each Phase 1 ARPP should identify: 1. A list of agency subcomponents or offices that provide direct services to citizens: Such subcomponents or offices should be included in ARPPs to improve services to citizens while eliminating costs and reducing the size of the federal government. But for service delivery subcomponents or offices, implementation shall not begin until certified by OMB and OPM as resulting in a positive effect on the delivery of such services. 2. Any statutes that establish the agency, or subcomponents of the agency, as statutorily required entities. Agency leadership must confirm statutes have not been interpreted in a way that expands requirements beyond what the statute actually requires. Instead, statutes should be interpreted to cover only what functions they explicitly require. 3. All agency components and employees performing functions not mandated by statute or regulation who are not typically designated as essential during a lapse in appropriations (because the functions performed by such employees do not fall under an exception to the ADA) using the Agency Contingency Plans submitted to OMB in 2019 referenced above. 4. Whether the agency or any of its subcomponents should be eliminated or consolidated, and which specific subcomponents or functions, if any, should be expanded to deliver on the President's priorities. 5. The specific tools the agency intends to use to achieve efficiencies, including, as to each, the number of FTEs reduced and any potential savings or costs associated with such actions in Fiscal Years 2025, 2026 and 2027: a. Continuation of the current hiring freeze; b. Regular attrition (e.g., retirement, movement between agencies and the private sector); c. Attrition through enhanced policies governing employee performance and conduct; d. Attrition through the termination or non-renewal of term or limited positions or reemployed annuitants; e. Attrition achieved by RIFs. Please refer to Appendix 1 for specific steps and timing. For purposes of the Phase 1 ARPP, the agency should include the following information: ..."
