DOI-2025-009548	Northey, Hannah	E&E News	I seek emails that include the terms "Secretary of the Interior Doug Burgum" and "Velvet-Wood" and "uranium mine" to understand what correspondence the agency conducted before fast-tracking approval of the first project -- a uranium mine in Utah -- using emergency procedures. This is in the public's interest as the process is using taxpayer dollars. We expect the information that is produced through this and other FOIA requests to serve as the basis for several articles that explain the government's actions and operations to the public. For more information about E&E News. Under the Freedom of Information Act, I am requesting the following records:	Simple	-	09/16/2025	09/30/2025	-	-
