DOI-2025-001096	Bogardus, Kevin	E&E News	-	I request the agency briefing materials that the Department of the Interior has prepared for a transition to a new administration. These agency briefing materials are described in the following excerpt of the Office of Management and Budget memo, titled "Guidance on Presidential Transition Preparations" and dated Sept. 6, 2024: "4. As such, agencies should certify that they have done so on or before November 1, 2024. The Federal Transition Coordinator will provide separate instructions to agencies as to how and where to submit the agency briefing material certification. Given the different needs of potential agency review teams and incoming administration officials, post-election, agencies may be requested to prepare tailored briefing materials as appropriate. While agencies have discretion as to the format and information included in the briefing materials, they should be prepared with the needs of the intended audiences in mind, and agencies should make electronic versions available." DOI-2025-001832	McCullough, Irvin	Government Accountability Project	-	From June 1, 2023 through January 1, 2024, I request a sample of up to 10 completed FOIA case files from your office's FOIA tracking system where scope clarification occurred. Each case must have all of: (1) a written agency response seeking clarification about the scope of records sought; (2) a written requester response that clarified the request; (3) a final determination letter; and (4) a case closure date within the specified date range. For each of these case files, I seek only: (1) the initial FOIA request; (2) the agency's scope clarification letter (or email or similar record); (3) the requester's clarification response or the request as it was ultimately processed; (4) and the final determination letter. Specifically, for a sample of requests where clarification was needed, I'm looking for the original request, the rationale for clarification, and the clarified request. I am studying how agencies and requesters work together to clarify and refine requests, so I need only the substance of these communications, not any personally identifying details. To reduce processing time and protect privacy: please exclude any Privacy Act requests, cases where clarification was sought solely about fees, and cases where the requester never responded with clarification. And please redact all personal information (names, addresses, emails, phone numbers).
