**Film:** National Park Service & National Park Foundation **annual** National Christmas Tree Lighting video message. (pre-recorded).

Wednesday, October 8<sup>th</sup> @ 10:00AM

Willard Center

**Length:** Blocked off 1.5

**Topic:**

The video will debut at the National Christmas Tree Lighting, which the President and First Family attend, and be broadcast on national television. This video is a powerful moment to remind Americans that national parks are shared spaces of unity, resilience, and civic pride. As the nation approaches its 250th anniversary, the video message underscores the National Park Service's role in preserving history, inspiring connection across generations, and strengthening the American identity through places that belong to everyone.

This year's pre-recorded National Christmas Tree Lighting video will feature a heartfelt, visually striking conversation between Secretary of the Interior Burgum and National Park Foundation CEO Jeff Reinbold on the National Mall, using iconic monuments to highlight how national parks connect Americans across generations in honor of our nation's approaching 250th anniversary.

Received from RD: 10/14

I am excited to share with you that AEI is holding a board of trustees meeting at the Theodore Roosevelt Presidential Museum in Medora on July 29-30. Ed and the museum staff are being very generous to us and I am sure it will be a once-in-a-lifetime gathering for trustees.

Would you consider coming to brief us during our trip? I know how special this project is to you and I can't imagine anyone better to be with while we are in North Dakota.

Of course, I also understand how busy you are, and if there another leader in North Dakota that you would recommend that we invite, I would appreciate that as well.

Thank you for all you do.

Hi Jodee,

Thank you for your help in coordinating Secretary Burgum's visit with this well-deserving group. Below is the agenda for the day's events. The Secretary is, of course, welcome to participate in any or all portions of the schedule. I know the group would truly appreciate a photo opportunity with both the Congresswoman and the Secretary.

I've also included contact details for the Capitol Police and the House Sergeant at Arms, who can assist with the Secretary's security arrangements throughout the day.

Please don't hesitate to reach out if you have any questions. I'll be your main point of contact on the day of the event and can be reached at (b)(6).

All the best,

### Agenda:

- **8:00 AM** – Fedorchak staff assembles
- **8:00 AM** – Depart from Sheraton Pentagon City Hotel (900 S. Orme Street, Arlington, VA) – Escorted by Capitol Police
- **8:15 AM** – Arrive at the Capitol
- **8:15 AM** – Bus unloading
- **8:30 AM** – Group photo on Capitol steps
- **8:45 AM** – Enter the Capitol Visitor Center for guided tour with Congressional staff
- **9:00 AM** – Capitol tour (Capitol Guide Service)
- **9:40 AM** – Visit House Floor
- **10:15 AM** – Depart House Floor
- **10:35 AM** – Exit Capitol Complex
- **10:45 AM** – Bus departs

### Key Contacts:

This live event will take place on Sunday, December 7<sup>th</sup> at The John F. Kennedy Center for the Performing Arts, celebrating the lifetime achievement of five honorees:

- Michael Crawford
- Gloria Gaynor
- KISS
- Sylvester Stallone
- George Strait

Additionally, would be honored to offer you the opportunity to participate in a brief interview on the red carpet prior to the start of the Kennedy Center Honors ceremony. If Secretary Burgum is interested, please fill out the [Kennedy Center Honors Media Participation Inquiry](#) form

**no later than 12:00pm ET on Tuesday, 12/2.**

This information will help us plan red carpet arrivals, interview opportunities, and any potential social media amplification.

This will be a black-tie event, and all guests must be seated by 6:15P.M. for show start. Please RSVP by responding to this email to confirm or let me know if you have any questions.

**Topline Guidance:** After reviewing the information provided for review, the DEO has not identified a legal prohibition to the Secretary attending and participating in the meeting requested by Amazon in his official capacity subject to compliance with the ethics guidance and limitations discussed below.

-

Based on the information provided for review and given the Secretary's recusals from certain particular matters, including those created by financial interests in information technology and AI and mineral interests in North Dakota and payments from various companies, the Secretary should refrain from discussing making commitments, or otherwise personally and substantially participating in any particular matters of general applicability or particular matters involving specific parties, such as agreements, leases, permits, litigation, contracts, allotments, etc. during his remarks at this meeting unless he has separately and personally determined that he has no recusal in the particular matters under discussion.

Please note that the Department has historically engaged in significant contracting activity with Amazon and parts of the Department have partnered with AWS on projects. Therefore, while the DEO defers to the preferences of the, as it is possible that contracting matters be discussed during this meeting, we recommended that he consider including in this meeting appropriate subject matter experts from the DOI, including Procurement officials and representatives from the Office of the Solicitor, as determined appropriate.

-

Further, if there are any specific requests or action items that are follow-ons to this meeting, the Secretary should refrain on directly the handling of such requests or items until further ethics review is completed.

-

**Background:** Per the attached Meeting Information Request Form, Amazon requested an “[i]ntroductory meeting to discuss Amazon’s economic/infrastructure impact and top Energy priorities, including federal permitting for energy infrastructure and advanced nuclear technologies to support data center growth.”

It is the understanding of the DEO that the following individuals will attend the meeting:

- Andy Jassy, CEO, Amazon;
- Alex Dunlap, Chief of Staff to Andy Jassy, Amazon;
- Brian Huseman, VP, Public Policy, Amazon; and
- Shannon Kellogg, VP, Amazon Web Services (AWS) Public Policy, Amazon.

Based on a search of the House and Senate lobbying databases, Ms. Kellogg and Mr. Huseman are registered lobbyists and Amazon is a registered lobbying organization.

**Ethics Analysis:** In completing our review, the DEO defers to the Secretary’s determination that participating in this meeting furthers the mission and work of the Department and/or the National Energy Dominance Council. It is our understanding that the Secretary will participate in this meeting in his official capacity.

- Recusal Reminder

Based on a review of his Nominee OGE Form 278e, Public Financial Disclosure Report, and discussions with the Secretary’s filer designee, it is the understanding of the DEO that the Secretary currently holds financial interests in the following entities:

- Protenus, Inc;
- Candor Technology, Inc.;
- CrushBank Technology, Inc.;
- Decimal Technologies;
- phData, Inc.;
- PSG Recast Holdings, LP;
- DataCamp, Inc.;
- Factal, Inc.; and
- Microsoft, Inc.

We note that the Secretary's representative informed the DEO that the Secretary has divested fully of his interests in Atlassian Corporation, Alphabet, Inc. (Google), and META Platforms, Inc. The Secretary also currently holds mineral interests and receives payments from various companies that have not yet been divested.

As required by the criminal conflicts of interest law at 18 U.S.C. § 208(a), the Secretary may not participate personally and substantially in any particular matter in which he knows that he has a financial interest directly and predictably affected by the matter, or in which he knows that a person whose interests are imputed to him has a financial interest directly and predictably affected by the particular matter, unless he first obtains a written waiver, pursuant to 18 U.S.C. § 208(b)(1), or qualifies for a regulatory exemption, pursuant to 18 U.S.C. § 208(b)(2). Please note that the Secretary currently holds above de minimis holdings in Microsoft which is a competitor of AWS and Amazon, in particular Microsoft Cloud and Microsoft Datacenters, and as discussed below should refrain from engaging in particular matters at the Department that could directly and predictably effect his financial interests.

Additionally, as required by 5 C.F.R. § 2635.502(a)(1), if the Secretary knows that a particular matter involving specific parties (grants, contracts, licenses, permits, applications, litigation, etc.) is likely to have an effect on the financial interests of a member of his household, and he determines that the circumstances would cause a reasonable person with knowledge of the relevant facts to question his impartiality in the matter, he should not participate in the matter unless he has received an authorization to do so. Also, as required by 5 C.F.R. § 2635.502(a)(2), if he knows that person with whom he has a "covered relationship" is or represents a party to a particular matter involving specific parties, and he determines that the circumstances would cause a reasonable person with knowledge of the relevant facts to question his impartiality in the matter, he should not participate in the matter unless he has received an authorization to do so.

Finally, the Secretary has signed a Limited Authorization to Participate in Matters Involving the State of North Dakota, which authorizes him to participate in particular matters involving the State of North Dakota, unless he knows that he has a financial interest directly and predictably affected by the matter, or in which he knows that a person whose interests are imputed to him has a financial interest directly and predictably affected by the particular matter. He also will not participate in any particular matter involving specific parties involving the

State of North Dakota in which he knows that any person or entity with whom he has an identified covered relationship is a party or represents a party to the matter.

Accordingly, in order to ensure compliance with the Secretary's required recusals, including those in the information technology sector and those created by certain mineral interests in North Dakota that have not yet been divested, the Secretary should refrain from discussing making commitments, or otherwise personally and substantially participating in any particular matters of general applicability or particular matters involving specific parties, such as agreements, leases, permits, litigation, contracts, allotments, *etc.* during his remarks at this meeting unless he has separately and personally determined that he has no recusal in the particular matters under discussion.

Additionally, while we defer to the preferences of the Secretary, as it is possible that particular matters may be discussed during this meeting, we recommended that he consider including in this meeting appropriate subject matter experts from the DOI, including representatives from the Office of the Solicitor, as determined appropriate.

Finally, if there are any specific requests or action items that are follow-ons to this meeting, the Secretary should refrain on directly the handling of such requests or items until further ethics review is completed.

-

**Additional Ethics Guidance:** Please note the following general ethics guidance concerning the Secretary's participation in this meeting:

1. **Official Title** – Use of the Secretary's official title is permitted as he will be participating in the meeting in his official capacity. 5 C.F.R. § 2635.702.
2. **No Preferential Treatment** – The Secretary must act impartially and not give preferential treatment to any private organization or individual and must avoid creating even the appearance that he is violating this requirement. 5 C.F.R. § 2635.101(b)(8), (14).
3. **No Use of Position for Private Gain** – The Secretary may not use his public office for his own private gain or for the private gain of friends, relatives, or persons with whom he is affiliated in a nongovernmental capacity. This includes nonprofit organizations and entities/person with whom the Secretary has or seeks employment or business relations. 5 C.F.R. § 2635.702.
4. **Endorsement** – Please remember that the Secretary may not use his official Government position or title or any authority associated with his public office to endorse any product, service, or enterprise, including non-profit and charitable organizations that may have some affiliation with DOI. 5 C.F.R. § 2635.702(c).
5. **Nonpublic Information** – We further recommend that the Secretary refrain from disclosing non-public information during the meeting unless he determines in his discretion that it is appropriate to do so. 5 C.F.R. 2635.703.
6. **Grass Roots Lobbying** – The Secretary may not encourage members of the public, including those in attendance at the meeting, to engage in grassroots lobbying. Therefore, he should not encourage participants to contact legislators and government officials concerning any issues. Grassroots lobbying is

activity directed at inducing members of the public to contact their elected representatives to urge support of, or opposition to, proposed or pending legislation or appropriations or any regulation, administrative action, or order issued by the executive branch of any Federal, state or local government. Additional information regarding the limitations on grass roots lobbying can be provided by the Division of General Law.

7. **No Partisan Political Activity** – While the Secretary may discuss the Administration’s policy priorities and ideological approach to proposed laws and regulations (especially in regard to DOI-related issues) during the meeting, he must strictly avoid partisan political activity in order to remain in compliance with the Hatch Act. Partisan political activity is any activity directed towards the success or failure of a political party, candidate for a partisan political office, or partisan political group and can include verbal remarks and speech.
8. **Gifts** – If the Secretary is provided with a gift or other token of appreciation in connection with his participation in the meeting, the DEO will also need to review the gift for proper disposition.

To the extent that the Secretary’s participation at or attendees to this meeting change, please let us know as soon as that information is available so we can update our ethics review.

Please do not hesitate to let us know if it would be helpful to discuss our guidance further, or if we can be of any additional assistance. Thank you.

**Topline Guidance:** After reviewing the information available for review, the DEO has not identified a legal prohibition to the Secretary attending and participating in a meeting with representatives from The Nature Conservancy, in his official capacity subject to compliance with the ethics guidance and limitations discussed below.

Based on the information provided for ethics compliance review and given the Secretary's recusals from certain particular matters, including those created by financial interests in information technology and AI and mineral interests in North Dakota and payments from various companies, the Secretary should refrain from discussing making commitments, or otherwise personally and substantially participating in any particular matters of general applicability or particular matters involving specific parties, such as agreements, leases, permits, litigation, contracts, allotments, etc. during his remarks at this meeting unless he has separately and personally determined that he has no recusal in the particular matters under discussion.

Please note that the Nature Conservancy is a current is a funding recipient of DOI funds. Accordingly, while we defer to the preferences of the Secretary, we recommended that he consider including in this meeting appropriate subject matter expert, including representatives from the Office of the Solicitor, if any funding arrangements from the Department will be discussed at the meeting.

Further, if there are any specific requests or action items that are follow-ons to this meeting, the Secretary should refrain on directly the handling of such requests or items until further ethics review is completed.

**Background:** As reflected in the attached Meeting Information Request Form, The Nature Conservancy has requested a meeting with the Secretary to discuss the following topics: (1) Energy

development on public lands, including science tools developed by TNC to improve project siting to speed project reviews and protect important habitats; (2) The Department's role in expanding habitat restoration and wildlife corridor conservation actions; (3) The Department's role in expanding wildfire mitigation activities and the beneficial use of fire to reduce public and resource risk and grow the restoration economy; (4) The Department's support of water conservation measures to combat drought in the Western US and CO River Basin; and (5) The Department's role in investing in river connectivity and health to improve water quality, reduce flood risk and improve freshwater fish habitat.

The Nature Conservancy is a 501(c)(3) nonprofit organization with a stated mission to conserve the lands and waters on which all life depends. See <https://www.nature.org/en-us/what-we-do/our-priorities/> (last visited Mar. 3, 2025).

It is the understanding of the DEO that the following representatives of the Nature Conservancy will attend the meeting:

- Senator Bill Frist, Global Board Chair, The Nature Conservancy;
- Jan Glendening, Executive Vice President, The Nature Conservancy;
- Kameran Onley, Managing Director of North America Policy & Government Relations, The Nature Conservancy;
- Sarah Murdock, Senior Director North America Policy & Government Relations, The Nature Conservancy;
- Mark Staples, External Affairs Manager, The Nature Conservancy in Minnesota, North Dakota and South Dakota; and
- Brent Keith, Land Policy Team Lead, The Nature Conservancy.

Per the Senate and House lobbying databases, Mr. Keith is a registered lobbyist and The Nature Conservancy is a registered lobbying organization.

**Ethics Analysis:** In completing our review, the DEO defers to the Secretary's determination that participating in this meeting furthers the mission and work of the Department. It is our understanding that the Secretary will participate in this meeting in his official capacity.

- Recusal Reminder

As required by the criminal conflicts of interest law at 18 U.S.C. § 208(a), the Secretary may not participate personally and substantially in any particular matter in which he knows that he has a financial interest directly and predictably affected by the matter, or in which he knows that a person whose interests are imputed to him has a financial interest directly and predictably affected by the particular matter, unless he first obtains a written waiver, pursuant to 18 U.S.C. § 208(b)(1), or qualifies for a regulatory exemption, pursuant to 18 U.S.C. § 208(b)(2).

Additionally, as required by 5 C.F.R. § 2635.502(a)(1), if the Secretary knows that a particular matter involving specific parties (grants, contracts, licenses, permits, applications, litigation, etc.) is likely to have an effect on the financial interests of a member of his household, and he determines that the circumstances would cause a reasonable person with knowledge of the relevant facts to question his impartiality in the matter, he should not participate in the matter unless he has received an authorization to do so. Also, as required by 5 C.F.R. § 2635.502(a)(2), if he knows that person with whom he has a "covered relationship" is or represents a party to a particular matter involving specific parties, and he determines that the circumstances would cause a reasonable person with knowledge of the relevant facts to question his impartiality in the matter, he should not participate in the matter unless he has received an authorization to do so.

Finally, the Secretary has signed a Limited Authorization to Participate in Matters Involving the State of North Dakota, which authorizes him to participate in particular matters involving the State of North Dakota, unless he knows that he has a financial interest directly and predictably affected by the

matter, or in which he knows that a person whose interests are imputed to him has a financial interest directly and predictably affected by the particular matter. He also will not participate in any particular matter involving specific parties involving the State of North Dakota in which he knows that any person or entity with whom he has an identified covered relationship is a party or represents a party to the matter.

Based on the information provided for ethics compliance review and given the Secretary's recusals from certain particular matters, including those created by financial interests in information technology and AI and mineral interests in North Dakota and payments from various companies, the Secretary should refrain from discussing making commitments, or otherwise personally and substantially participating in any particular matters of general applicability or particular matters involving specific parties, such as agreements, leases, permits, litigation, contracts, allotments, *etc.* during his remarks at this meeting unless he has separately and personally determined that he has no recusal in the particular matters under discussion.

Additionally, while we defer to the preferences of the Secretary, we recommended that he consider including in this meeting appropriate subject matter expert, including representatives from the Office of the Solicitor, if any funding arrangements from the Department will be discussed at the meeting. Further, if there are any specific requests or action items that are follow-ons to this meeting, the Secretary should refrain on directly the handling of such requests or items until further ethics review is completed.

**Additional Ethics Guidance:** Please note the following general ethics guidance concerning the Secretary's participation in the meeting requested by The Nature Conservancy:

1. **Official Title** – Use of the Secretary's official title is permitted as he will be participating in the meeting in his official capacity. 5 C.F.R. § 2635.702.
2. **No Preferential Treatment** – The Secretary must act impartially and not give preferential treatment to any private organization or individual and must avoid creating even the appearance that he is violating this requirement. 5 C.F.R. § 2635.101(b)(8), (14).
3. **No Use of Position for Private Gain** – The Secretary may not use his public office for his own private gain or for the private gain of friends, relatives, or persons with whom he is affiliated in a nongovernmental capacity. This includes nonprofit organizations and entities/person with whom the Secretary has or seeks employment or business relations. 5 C.F.R. § 2635.702.
4. **Endorsement** – Please remember that the Secretary may not use his official Government position or title or any authority associated with his public office to endorse any product, service, or enterprise, including non-profit and charitable organizations that may have some affiliation with DOI. 5 C.F.R. § 2635.702(c).
5. **Nonpublic Information** – We further recommend that the Secretary refrain from disclosing non-public information during the meeting unless he determines in his discretion that it is appropriate to do so. 5 C.F.R. 2635.703.
6. **Grass Roots Lobbying** – The Secretary may not encourage members of the public, including those in attendance at the meeting, to engage in grassroots lobbying. Therefore, he should not encourage participants to contact legislators and government officials concerning any issues. Grassroots lobbying is activity directed at inducing members of the public to contact their elected representatives to urge support of, or opposition to, proposed or pending legislation or appropriations or any regulation, administrative action, or order issued by the executive branch of any Federal, state or local government. Additional information regarding the limitations on grass roots lobbying can be provided by the Division of General Law.
7. **No Partisan Political Activity** – While the Secretary may discuss the Administration's policy priorities and ideological approach to proposed laws and regulations (especially in regard to DOI-related issues) during the meeting, he must strictly avoid partisan political activity in order to remain in compliance with the Hatch Act. Partisan political activity is any activity directed towards the success or failure of a political party, candidate for a

partisan political office, or partisan political group and can include verbal remarks and speech.

8. **Gifts** – If the Secretary is provided with a gift or other token of appreciation in connection with his participation in the meeting, the DEO will also need to review the gift for proper disposition.

To the extent that the Secretary's participation at or attendees to this meeting change, please let us know as soon as that information is available so we can update our ethics review.

Nuclear Energy Institute to meet with the Secretary at the Main Interior Building in Washington, DC, during the week of March 3, 2025.

**Topline Guidance:** After reviewing the information provided for review, the DEO has not identified a legal prohibition to the Secretary attending and participating in the meeting requested by the Nuclear Energy Institute in his official capacity subject to the ethics guidance and limitations discussed below.

-

Based on the information provided for ethics compliance review and given the Secretary's recusals from certain particular matters, including those created by financial interests in information technology and AI and mineral interests in North Dakota and payments from various companies, we recommend that, to the degree possible, the Secretary refrain from discussing making commitments, or otherwise personally and substantially participating in any particular matters of general applicability or particular matters involving specific parties, such as agreements, leases, permits, litigation, contracts, allotments, etc. during his remarks at this meeting unless he has separately and personally determined that he has no recusal in the particular matters under discussion.

Further, if there are any specific requests or action items that are follow-ons to this meeting, the Secretary should refrain on directly the handling of such requests or items until further ethics review is completed.

-

**Background:** Per the attached Meeting Information Request Form, the Nuclear Energy Institute requested a meeting with the Secretary to discuss “policies that impact the civil nuclear energy industry” and the “[n]ew nuclear build and how it fits in the National Energy Dominance Council.”

It is the understanding of the DEO that the following individuals will attend the meeting:

- Maria Korsnick, President and CEO, Nuclear Energy Institute;
- Michael Flannigan, VP Government Affairs, Nuclear Energy Institute; and
- Carol Berrigan, Exec. Director, International Government Affairs & Supply Chain, Nuclear Energy Institute.

The Nuclear Energy Institute is a 501(c)(6) nonprofit trade association with a stated mission to promote the use and growth of nuclear energy through efficient operations and effective policy. See <https://www.nei.org/about-nei> (last visited Mar. 3, 2025).

Per a search of the Senate and House lobbying databases, Mr. Flannigan is a registered lobbyist and the Nuclear Energy Institute is a registered lobbying organization.

**Ethics Analysis:** In completing our review, the DEO defers to the Secretary’s determination that participating in this meeting furthers the mission and work of the Department and/or the National Energy Dominance Council. It is our understanding that the Secretary will participate in this meeting in his official capacity.

- Recusal Reminder

Based on a review of his Nominee OGE Form 278e, Public Financial Disclosure Report, and discussions with the Secretary’s filer designee, it is the understanding of the DEO that the Secretary currently holds financial interests in the following entities:

- Protenus, Inc;
- Candor Technology, Inc.;
- CrushBank Technology, Inc.;
- Decimal Technologies;
- phData, Inc.;
- PSG Recast Holdings, LP;
- DataCamp, Inc.;
- Factal, Inc.; and
- Microsoft, Inc.

We note that the Secretary's representative informed the DEO that the Secretary has divested fully of his interests in Atlassian Corporation, Alphabet, Inc. (Google), and META Platforms, Inc. The Secretary also currently holds mineral interests and receives payments from various companies that have not yet been divested.

As required by the criminal conflicts of interest law at 18 U.S.C. § 208(a), the Secretary may not participate personally and substantially in any particular matter in which he knows that he has a financial interest directly and predictably affected by the matter, or in which he knows that a person whose interests are imputed to him has a financial interest directly and predictably affected by the particular matter, unless he first obtains a written waiver, pursuant to 18 U.S.C. § 208(b)(1), or qualifies for a regulatory exemption, pursuant to 18 U.S.C. § 208(b)(2).

Additionally, as required by 5 C.F.R. § 2635.502(a)(1), if the Secretary knows that a particular matter involving specific parties (grants, contracts, licenses, permits, applications, litigation, etc.) is likely to have an effect on the financial interests of a member of his household, and he determines that the circumstances would cause a reasonable person with knowledge of the relevant facts to question his impartiality in the matter, he should not participate in the matter unless he has received an authorization to do so. Also, as required by 5 C.F.R. § 2635.502(a)(2), if he knows that person with whom he has a "covered relationship" is or represents a party to a particular matter involving specific parties, and he determines that the circumstances would cause a reasonable person with knowledge of the relevant facts to question his impartiality in the matter, he should not participate in the matter unless he has received an authorization to do so.

Finally, the Secretary has signed a Limited Authorization to Participate in Matters Involving the State of North Dakota, which authorizes him to participate in particular matters involving the State of North Dakota, unless he knows that he has a financial interest directly and predictably affected by the matter, or in which he knows that a person whose interests are imputed to him has a financial interest directly and predictably affected by the particular matter. He also will not participate in any particular matter involving specific parties involving the

State of North Dakota in which he knows that any person or entity with whom he has an identified covered relationship is a party or represents a party to the matter.

Accordingly, in order to ensure compliance with the Secretary's required recusals, including those in the information technology sector and those created by certain mineral interests in North Dakota that have not yet been divested, we recommend that, to the degree possible, the Secretary refrain from discussing making commitments, or otherwise personally and substantially participating in any particular matters of general applicability or particular matters involving specific parties, such as agreements, leases, permits, litigation, contracts, allotments, *etc.* during his remarks at this meeting unless he has separately and personally determined that he has no recusal in the particular matters under discussion.

Additionally, while we defer to the preferences of the Secretary, as it is possible that particular matters may be discussed during this meeting, we recommended that he consider including in this meeting appropriate subject matter experts from the DOI, including representatives from the Office of the Solicitor, as determined appropriate.

Finally, if there are any specific requests or action items that are follow-ons to this meeting, the Secretary should refrain on directly the handling of such requests or items until further ethics review is completed.

-

**Additional Ethics Guidance:** Please note the following general ethics guidance concerning the Secretary's participation in this meeting:

1. **Official Title** – Use of the Secretary's official title is permitted as he will be participating in the meeting in his official capacity. 5 C.F.R. § 2635.702.
2. **No Preferential Treatment** – The Secretary must act impartially and not give preferential treatment to any private organization or individual and must avoid creating even the appearance that he is violating this requirement. 5 C.F.R. § 2635.101(b)(8), (14).
3. **No Use of Position for Private Gain** – The Secretary may not use his public office for his own private gain or for the private gain of friends, relatives, or persons with whom he is affiliated in a nongovernmental capacity. This includes nonprofit organizations and entities/person with whom the Secretary has or seeks employment or business relations. 5 C.F.R. § 2635.702.
4. **Endorsement** – Please remember that the Secretary may not use his official Government position or title or any authority associated with his public office to endorse any product, service, or enterprise, including non-profit and charitable organizations that may have some affiliation with DOI. 5 C.F.R. § 2635.702(c).
5. **Nonpublic Information** – We further recommend that the Secretary refrain from disclosing non-public information during the meeting unless he determines in his discretion that it is appropriate to do so. 5 C.F.R. 2635.703.
6. **Grass Roots Lobbying** – The Secretary may not encourage members of the public, including those in attendance at the meeting, to engage in grassroots lobbying. Therefore, he should not encourage participants to contact legislators and government officials concerning any issues. Grassroots lobbying is

activity directed at inducing members of the public to contact their elected representatives to urge support of, or opposition to, proposed or pending legislation or appropriations or any regulation, administrative action, or order issued by the executive branch of any Federal, state or local government. Additional information regarding the limitations on grass roots lobbying can be provided by the Division of General Law.

7. **No Partisan Political Activity** – While the Secretary may discuss the Administration’s policy priorities and ideological approach to proposed laws and regulations (especially in regard to DOI-related issues) during the meeting, he must strictly avoid partisan political activity in order to remain in compliance with the Hatch Act. Partisan political activity is any activity directed towards the success or failure of a political party, candidate for a partisan political office, or partisan political group and can include verbal remarks and speech.
8. **Gifts** – If the Secretary is provided with a gift or other token of appreciation in connection with his participation in the meeting, the DEO will also need to review the gift for proper disposition.

To the extent that the Secretary’s participation at or attendees to this meeting change, please let us know as soon as that information is available so we can update our ethics review.
