MEETING TOPIC(S)		
<p>Describe the proposed meeting topic/ agenda, provide available briefing materials, and identify desired outcome(s):</p>	<p>PERC is requesting a meeting with Secretary Burgum to introduce him to PERC and preview for him our forthcoming report "Ten Ideas for the Interior Department." As the Trump administration sets ambitious goals on how to improve government and outcomes for the American people, these ideas can shape how the Department of the Interior approaches its conservation mission. These ideas include:</p> <ul style="list-style-type: none"> • Triple the rate of endangered species recovery to 10 percent by recovering an additional 120 species. • Delist grizzly bear populations in recognition of their remarkable recovery success and incentivize landowners to engage in stewardship. 	

	<ul style="list-style-type: none"> • Cut to 60 days the time taken to issue voluntary conservation benefit agreements for endangered species. • Double fee revenues to improve stewardship of national parks by charging international visitors more than domestic ones and implementing other smart pricing ideas. • Stop the growth of the national park deferred maintenance backlog. • Double annual wild horse adoptions to 12,000 to curb overpopulation on public rangelands and save taxpayers hundreds of millions of dollars by reinstating the Wild Horse and Burro Adoption Incentive Program. • Advance grazing policy for the 21st century by shifting from prescriptive rules to results-driven management. • Increase forest restoration by 25 percent, to 3 million acres per year, to mitigate wildfire risk and improve forest health. • Pilot two true co-management agreements of national monuments with tribes. • Conserve the 10 highest-priority western migrations using voluntary, privately funded, locally led approaches.
<p>Please describe the action sought from the Office of the Secretary:</p>	<p>We would like to meet with Secretary Burgum to introduce him to PERC and our proposals for how the Department of the Interior can embrace big goals to dramatically improve conservation outcomes in the United States. We would like to explore ways PERC can work with the Department and policies the Department can adopt to achieve these important goals.</p>
<p>Will the meeting involve legislation, broad policy options, or other general matters that involve a large and diverse range of persons and interests? (If yes, please describe.)</p>	<p>The meeting will involve broad policy goals and options. As described in more detail above, the policy options we are interested in discussing include: improving the Endangered Species Act to promote species recovery; maintaining our national parks; fixing the wildfire crisis; conserving wildlife migration corridors; expanding flexible options for federal rangelands; exploring co-management of federal lands, and reducing wild horse populations.</p>
<p>Will the meeting involve regulations, rules, or other matters that impact a specific</p>	<p>PERC is an independent organization and does not represent a specific industry, sector, or group of persons. However, the ideas we'd like to discuss</p>

industry, sector of the economy, or group of persons? (If yes, please describe.)	(mentioned above) will positively impact federal agencies, public recreationists, private landowners, states, public land grazers, and tribal nations.
Will the meeting involve a litigation matter, a permit, a grant, a contract, or any other matter that involves specific parties? (If yes, please identify the matter and list the specific parties.)	No
With which Bureau(s) or Office(s) does the proposed meeting agenda most align? (Please list all, if more than one.)	The Office of the Secretary Topics discussed will also relate to: U.S. Fish and Wildlife Service, National Park Service, and Bureau of Land Management
LOGISTICS/OTHER*	
Please supply any other pertinent background information for the meeting. Draft agenda, organization website, prior engagement with DOI officials, etc.	Draft Agenda: <ul style="list-style-type: none"> - Introductions - Overview and discussion of PERC's proposed ideas for the Trump administration and the Department of the Interior to achieve measurable and longstanding conservation success (outlined above) PERC Website: www.perc.org Prior Engagement with DOI: PERC has long worked with the Department of the Interior on land, water, and wildlife conservation priorities. During the previous Trump administration, we regularly met with Secretary Zinke, Secretary Bernhardt, Chief of Staff Todd Willens, and Assistant Secretaries, Directors, and advisors including Andrea Travnicek, Karen Budd-Fallen, Margaret Everson, and Aurelia Skipwith on issues including Endangered Species Act improvements, the National Parks and Public Lands Legacy Restoration Fund, and the Wild Horse and Burro Adoption Incentive Program. We continued to support these efforts through the Biden administration, and we look forward to continuing those conversations with Secretary Burgum and his team.
If the Secretary is unable to meet, is a surrogate desired? If yes, anyone specific?	We would prefer to meet with Secretary Burgum and can be flexible with his schedule.
Any additional notes or information?	

PERC was highly supportive of the first Trump administration going through the rulemaking process and removing the “blanket 4(d) rule” for Endangered Species Act regulations on threatened species. The Biden administration then reinstated the rule. On December 10, 2024, PERC and the Rocky Mountain Elk Foundation submitted a notice of intent to sue the U.S. Fish and Wildlife Service challenging the reinstatement of the “blanket 4(d) rule.” We will formally file the lawsuit on Monday, March 10, 2025.

Topline Guidance: After reviewing the information provided for review, the DEO has not identified a legal prohibition to the Secretary attending and participating in the meeting requested by Marie Sanderson, Partner, Guidepost Strategies, LLC, on behalf of Chris Vincze, Chairman and CEO, TRC Companies, Inc., in his official capacity subject to the ethics guidance and limitations discussed below.

Based on the information provided for ethics compliance review and given the Secretary's recusals from certain particular matters, including those created by financial interests in information technology and AI and mineral interests in North Dakota and payments from various companies, the Secretary should refrain from discussing making commitments, or otherwise personally and substantially participating in any particular matters of general applicability or particular matters involving specific parties, such as agreements, leases, permits, litigation, contracts, allotments, etc. during his remarks at this meeting unless he has separately and personally determined that he has no recusal in the particular matters under discussion.

Therefore, while the DEO defers to the preferences of the Secretary, as it is possible that party matters be discussed during this meeting, we recommended that he consider including in this meeting appropriate subject

matter experts from the DOI, including representatives from the Office of the Solicitor, as determined appropriate.

Further, while the DEO could not confirm whether TRC Companies, Inc. has any grants or contracts with DOI, if there are any specific requests or action items that are follow-ons to this meeting, the Secretary should refrain on directly the handling of such requests or items until further ethics review is completed.

Background: Per the attached Meeting Information Request Form, by Marie Sanderson, Partner, Guidepost Strategies, LLC, on behalf of Chris Vincze, Chairman and CEO, TRC Companies, Inc., requested a meeting with the Secretary to discuss “TRC’s core capabilities in relation to Interior’s policy portfolio.” TRC Companies, Inc. is a global engineering, consulting, and construction management firm that provides services to public, private, and government clients. See <https://www.trccompanies.com/about/> (last visited Mar. 3, 2025).

Based on a search of the Senate and House Lobbying databases, Ms. Sanderson has previously registered as a lobbyist and Guidepost Strategies, LLC is a registered lobbying organization.

Ethics Analysis: In completing our review, the DEO defers to the Secretary’s determination that participating in this meeting furthers the mission and work of the Department and/or the National Energy Dominance Council. It is our understanding that the Secretary will participate in this meeting in his official capacity.

- Recusal Reminder

Based on a review of his Nominee OGE Form 278e, Public Financial Disclosure Report, and discussions with the Secretary’s filer designee, it is the understanding of the DEO that the Secretary currently holds financial interests in the following entities:

- Protenus, Inc;
- Candor Technology, Inc.;
- CrushBank Technology, Inc.;
- Decimal Technologies;
- phData, Inc.;
- PSG Recast Holdings, LP;
- DataCamp, Inc.;
- Factal, Inc.; and

- Microsoft, Inc.

We note that the Secretary's representative informed the DEO that the Secretary has divested fully of his interests in Atlassian Corporation, Alphabet, Inc. (Google), and META Platforms, Inc. The Secretary also currently holds mineral interests and receives payments from various companies that have not yet been divested.

As required by the criminal conflicts of interest law at 18 U.S.C. § 208(a), the Secretary may not participate personally and substantially in any particular matter in which he knows that he has a financial interest directly and predictably affected by the matter, or in which he knows that a person whose interests are imputed to him has a financial interest directly and predictably affected by the particular matter, unless he first obtains a written waiver, pursuant to 18 U.S.C. § 208(b)(1), or qualifies for a regulatory exemption, pursuant to 18 U.S.C. § 208(b)(2).

Additionally, as required by 5 C.F.R. § 2635.502(a)(1), if the Secretary knows that a particular matter involving specific parties (grants, contracts, licenses, permits, applications, litigation, etc.) is likely to have an effect on the financial interests of a member of his household, and he determines that the circumstances would cause a reasonable person with knowledge of the relevant facts to question his impartiality in the matter, he should not participate in the matter unless he has received an authorization to do so. Also, as required by 5 C.F.R. § 2635.502(a)(2), if he knows that person with whom he has a "covered relationship" is or represents a party to a particular matter involving specific parties, and he determines that the circumstances would cause a reasonable person with knowledge of the relevant facts to question his impartiality in the matter, he should not participate in the matter unless he has received an authorization to do so.

Finally, the Secretary has signed a Limited Authorization to Participate in Matters Involving the State of North Dakota, which authorizes him to participate in particular matters involving the State of North Dakota, unless he knows that he has a financial interest directly and predictably affected by the matter, or in which he knows that a person whose interests are imputed to him has a financial interest directly and predictably affected by the particular matter. He also will not participate in any particular matter involving specific parties involving the State of North Dakota in which he knows that any person or entity with whom he has an identified covered relationship is a party or represents a party to the matter.

Accordingly, in order to ensure compliance with the Secretary's required recusals, including those in the information technology sector and those created by certain mineral interests in North Dakota that have not yet been divested, the Secretary should refrain from discussing making commitments, or otherwise personally and substantially participating in any particular matters of general applicability or particular matters involving specific parties, such as agreements, leases, permits, litigation, contracts, allotments, *etc.* during this meeting

unless he has separately and personally determined that he has no recusal in the particular matters under discussion.

Additionally, while we defer to the preferences of the Secretary, as it is possible that particular matters may be discussed during this meeting, we recommended that he consider including in this meeting appropriate subject matter experts from the DOI, including representatives from the Office of the Solicitor, as determined appropriate. Finally, if there are any specific requests or action items that are follow-ons to this meeting, the Secretary should refrain on directly the handling of such requests or items until further ethics review is completed.

Additional Ethics Guidance: Please note the following general ethics guidance concerning the Secretary's participation in this meeting:

1. **Official Title** – Use of the Secretary's official title is permitted as he will be participating in the meeting in his official capacity. 5 C.F.R. § 2635.702.
2. **No Preferential Treatment** – The Secretary must act impartially and not give preferential treatment to any private organization or individual and must avoid creating even the appearance that he is violating this requirement. 5 C.F.R. § 2635.101(b)(8), (14).
3. **No Use of Position for Private Gain** – The Secretary may not use his public office for his own private gain or for the private gain of friends, relatives, or persons with whom he is affiliated in a nongovernmental capacity. This includes nonprofit organizations and entities/person with whom the Secretary has or seeks employment or business relations. 5 C.F.R. § 2635.702.
4. **Endorsement** – Please remember that the Secretary may not use his official Government position or title or any authority associated with his public office to endorse any product, service, or enterprise, including non-profit and charitable organizations that may have some affiliation with DOI. 5 C.F.R. § 2635.702(c).
5. **Nonpublic Information** – We further recommend that the Secretary refrain from disclosing non-public information during the meeting unless he determines in his discretion that it is appropriate to do so. 5 C.F.R. 2635.703.
6. **Grass Roots Lobbying** – The Secretary may not encourage members of the public, including those in attendance at the meeting, to engage in grassroots lobbying. Therefore, he should not encourage participants to contact legislators and government officials concerning any issues. Grassroots lobbying is activity directed at inducing members of the public to contact their elected representatives to urge support of, or opposition to, proposed or pending legislation or appropriations or any regulation, administrative action, or order issued by the executive branch of any Federal, state or local government. Additional information regarding the limitations on grass roots lobbying can be provided by the Division of General Law.
7. **No Partisan Political Activity** – While the Secretary may discuss the Administration's policy priorities and ideological approach to proposed laws and regulations (especially in regard to DOI-related issues) during the meeting, he must strictly avoid partisan political activity in order to remain in compliance with the Hatch Act. Partisan political activity is any activity directed towards the success or failure of a political party, candidate for a partisan political office, or partisan political group and can include verbal remarks and speech.
8. **Gifts** – If the Secretary is provided with a gift or other token of appreciation in connection with his participation in the meeting, the DEO will also need to review the gift for proper disposition.

Topline Guidance: After reviewing the information available for review, the DEO has not identified a legal prohibition to the Secretary attending and participating in a meeting with representatives from Ducks Unlimited, in his official capacity subject to compliance with the ethics guidance and limitations discussed below.

-

Based on the information provided for ethics compliance review and given the Secretary's recusals from certain particular matters, including those created by financial interests in information technology and AI and mineral interests in North Dakota and payments from various companies, the Secretary should refrain from discussing making commitments, or otherwise personally and substantially participating in any particular matters of general applicability or particular matters involving specific parties, such as agreements, leases, permits, litigation, contracts, allotments, etc. during his remarks at this meeting unless he has separately and personally determined that he has no recusal in the particular matters under discussion.

-

Please note that the Ducks Unlimited is a current is a funding recipient of DOI funds and a partner of the U.S. and Wildlife Service (<https://www.fws.gov/partner/ducks-unlimited>). Accordingly, while we defer to the preferences of the Secretary, we recommended that he consider including in this meeting appropriate subject matter experts, if any funding arrangements from the Department or partnership agreements will be discussed at the meeting.

-

Background: As reflected in the attached Meeting Information Request Form, Ducks Unlimited has requested a meeting with the Secretary to discuss "Ducks Unlimited's priorities of wetlands conservation and a discussion of how those wetlands are conserved by working with DOI's agencies, private landowners, farmers, ranchers, public companies and many other diverse partners."

Ducks Unlimited is a 501(c)(3) nonprofit organization with a stated mission to conserve, restore and manage wetlands and associated habitats for North America's waterfowl. See <https://www.ducks.org/about-ducks-unlimited#mission> (last visited Mar. 3, 2025).

It is the understanding of the DEO that the following representatives of Ducks Unlimited will attend the meeting:

- Adam Putnam, CEO, Ducks Unlimited;
- Bob Spoerl, President and Board Member, Ducks Unlimited;
- Andrew Lundquist, Board Member, Ducks Unlimited;
- Kellis Moss, Staff member, Ducks Unlimited;
- Ryan Taylor, Staff member, Ducks Unlimited, and rancher in North Dakota;
- Andrew Lundquist, Board Member, Ducks Unlimited, and Senior Vice President of Government Affairs for ConocoPhillips; and

- Karen Waldrop –Chief Conservation Officer Ducks Unlimited.

Per the Senate and House lobbying databases, Ms. Moss is a registered lobbyist, and Ducks Unlimited is a registered lobbying organization.

Ethics Analysis: In completing our review, the DEO defers to the Secretary’s determination that participating in this meeting furthers the mission and work of the Department. It is our understanding that the Secretary will participate in this meeting in his official capacity.

- Recusal Reminder

As required by the criminal conflicts of interest law at 18 U.S.C. § 208(a), the Secretary may not participate personally and substantially in any particular matter in which he knows that he has a financial interest directly and predictably affected by the matter, or in which he knows that a person whose interests are imputed to him has a financial interest directly and predictably affected by the particular matter, unless he first obtains a written waiver, pursuant to 18 U.S.C. § 208(b)(1), or qualifies for a regulatory exemption, pursuant to 18 U.S.C. § 208(b)(2).

Additionally, as required by 5 C.F.R. § 2635.502(a)(1), if the Secretary knows that a particular matter involving specific parties (grants, contracts, licenses, permits, applications, litigation, etc.) is likely to have an effect on the financial interests of a member of his household, and he determines that the circumstances would cause a reasonable person with knowledge of the relevant facts to question his impartiality in the matter, he should not participate in the matter unless he has received an authorization to do so. Also, as required by 5 C.F.R. § 2635.502(a)(2), if he knows that person with whom he has a “covered relationship” is or represents a party to a particular matter involving specific parties, and he determines that the circumstances would cause a reasonable person with knowledge of the relevant facts to question his impartiality in the matter, he should not participate in the matter unless he has received an authorization to do so.

Finally, the Secretary has signed a Limited Authorization to Participate in Matters Involving the State of North Dakota, which authorizes him to participate in particular matters involving the State of North Dakota, unless he knows that he has a financial interest directly and predictably affected by the matter, or in which he knows that a person whose interests are imputed to him has a financial interest directly and predictably affected by the particular matter. He also will not participate in any particular matter involving specific parties involving the State of North Dakota in which he knows that any person or entity with whom he has an identified covered relationship is a party or represents a party to the matter.

Based on the information provided for ethics compliance review and given the Secretary’s recusals from certain particular matters, including those created by financial interests in information technology and AI and mineral interests in North

Dakota and payments from various companies, the Secretary should refrain from discussing making commitments, or otherwise personally and substantially participating in any particular matters of general applicability or particular matters involving specific parties, such as agreements, leases, permits, litigation, contracts, allotments, *etc.* during his remarks at this meeting unless he has separately and personally determined that he has no recusal in the particular matters under discussion.

Additionally, while we defer to the preferences of the Secretary, we recommended that he consider including in this meeting appropriate subject matter experts, including representatives from the Office of the Solicitor, if any funding arrangements from the Department or partnership agreements will be discussed at the meeting.

Additional Ethics Guidance: Please note the following general ethics guidance concerning the Secretary's participation in the meeting requested by Ducks Unlimited:

1. **Official Title** – Use of the Secretary's official title is permitted as he will be participating in the meeting in his official capacity. 5 C.F.R. § 2635.702.
2. **No Preferential Treatment** – The Secretary must act impartially and not give preferential treatment to any private organization or individual and must avoid creating even the appearance that he is violating this requirement. 5 C.F.R. § 2635.101(b)(8), (14).
3. **No Use of Position for Private Gain** – The Secretary may not use his public office for his own private gain or for the private gain of friends, relatives, or persons with whom he is affiliated in a nongovernmental capacity. This includes nonprofit organizations and entities/person with whom the Secretary has or seeks employment or business relations. 5 C.F.R. § 2635.702.
4. **Endorsement** – Please remember that the Secretary may not use his official Government position or title or any authority associated with his public office to endorse any product, service, or enterprise, including non-profit and charitable organizations that may have some affiliation with DOI. 5 C.F.R. § 2635.702(c).
5. **Nonpublic Information** – We further recommend that the Secretary refrain from disclosing non-public information during the meeting unless he determines in his discretion that it is appropriate to do so. 5 C.F.R. 2635.703.
6. **Grass Roots Lobbying** – The Secretary may not encourage members of the public, including those in attendance at the meeting, to engage in grassroots lobbying. Therefore, he should not encourage participants to contact legislators and government officials concerning any issues. Grassroots lobbying is activity directed at inducing members of the public to contact their elected representatives to urge support of, or opposition to, proposed or pending legislation or appropriations or any regulation, administrative action, or order issued by the executive branch of any Federal, state or local government. Additional information regarding the limitations on grass roots lobbying can be provided by the Division of General Law.
7. **No Partisan Political Activity** – While the Secretary may discuss the Administration's policy priorities and ideological approach to proposed laws and regulations (especially in regard to DOI-related issues) during the meeting, he must strictly avoid partisan political activity in order to remain in compliance with the Hatch Act.

Partisan political activity is any activity directed towards the success or failure of a political party, candidate for a partisan political office, or partisan political group and can include verbal remarks and speech.

8. **Gifts** – If the Secretary is provided with a gift or other token of appreciation in connection with his participation in the meeting, the DEO will also need to review the gift for proper disposition.

To the extent that the Secretary's participation at or attendees to this meeting change, please let us know as soon as that information is available so we can update our ethics review.

Following the ADIPEC 2025 invitation that I shared with you in March, I am writing to follow up and formally invite you to join us as a distinguished speaker at the Opening Ceremony of ADIPEC 2025.

This year's Opening Ceremony will focus on progress, innovation, strategic collaboration, and global leadership, addressing how to navigate the complexities of a rapidly changing world to achieve inclusive global progress.

Your advocacy for energy realism and your leadership on the need for a 'great energy reset' have struck a powerful tone in your first six months in office. This is exactly the pragmatic, solutions focused and positive perspective I believe we need more of; championing the role of energy as the driving force of growth and prosperity, while building partnerships to help navigate market complexity and unlock energy abundance.

The ADIPEC 2025 Opening Ceremony will take place on Monday, 3 November 2025, from 10:00AM
-10:50AM, in Abu Dhabi at ADNEC.

Have the Secretary recognize the “Core DOI Transition Team” which did an extraordinary amount of work.

What: Our idea is that it would be around a 30 min recognition event in the Secretary’s office.

Who: It would be around 20-25 people (17 from the transition team and a few political leaders who can share gratitude). The 17 people are receiving monetary “spot awards” of varying amounts for their job well done and we thought it would be nice to have them meet with the Secretary and team so we can thank them and take some photos. I’m told some have never been in the office of the Secretary before and this would be very well received.

Secretary Rollins has committed to virtual, bipartisan, bi-weekly fire briefings with Western Senators (*this is a principal-level briefing only*, no staff). The current timing is every other week at 9:00 – 9:30 am ET – so looking at July 30, August 13, August 27, etc.

We are hoping that Secretary Burgum can join if his schedule allows. The briefing itself is lead by career staff and the Secretary would only be expected to give initial or concluding remarks. Staff are on hand to answer questions and focus in on fires of interest. This will closely follow our normal ROS for staff-level briefings.

Senators Murray, Padilla, Hickenlooper, and Merkley
