

Southcentral Regional Advisory Council

September 28-29, 2026, Anchorage, AK

Bureau of Land Management Glennallen Field Office

Caroline Ketron, Anthropologist/Federal Subsistence Coordinator

I. General

- The BLM Glennallen Field Office continues to work with Ahtna Intertribal Resource Commission (AITRC)'s Community Harvest System, and we receive regular updates from AITRC on permits and harvests [permits/harvest update]

II. Subsistence Permitting

- The BLM Glennallen Field Office issued FM1301 moose and designated hunter permits for GMU13 from the Glennallen Field Office and for 3 days in Delta Junction.
- Hunters must get permits in person, demonstrate Alaska and rural residency, and have a current Alaska resident hunting license. The BLM-GFO issues the most Federal subsistence permits of any Federal agency in Alaska (typically 65%, but down to 24% with the caribou hunt closed). We issued slightly fewer U13 moose permits than normal, with the caribou hunt closed [update at meeting; 704 as of 9/9/2026, compared to 783 total last year and average about 1,100].
- Thank you to Office of Subsistence Management staff for helping BLM staff issue permits this year in Delta Junction, and for database and public communications support.

III. Wildlife Updates

- Alaska Department of Fish and Game moose and caribou summary.
- [BLM Glennallen 2026/27 support for moose collars and caribou aerial winter checks.]

FEDERAL SUBSISTENCE MOOSE HARVEST GMU 13

Table 1. FM1301 harvest for the 2025 moose season in GMU13 [2026 update at meeting]

Time Frame	Permits Issued	Permits Attempted	Bulls Harvested	Hunter Success Rate
2025	783	316	36	11.4
5 Year Average*	1,103	475	53	11.1

*2020-2024
