PERSONNEL BULLETIN NO. 10-07

Subject: Wildland Fire Program Standard Position Description Revisions

- Purpose.** This bulletin distributes a revised group of Department of the Interior (DOI) standard wildland fire Position Descriptions (PDs). These standard PDs were originally established under Personnel Bulletin (PB) No. 05-01 dated November 30, 2004 and amended under PB No. 07-03 dated May 29, 2007 and PB No. 09-16 dated September 24, 2009. These PDs have been revised by Subject Matter Experts and Human Resources to include previous amendments, clearer language, and new PD numbers to ensure consistent interpretation and implementation throughout the fire community. This bulletin supersedes PB Nos. 05-01, 07-03 and 09-16.
- Background.** Personnel Bulletin No. 05-01 distributed the final group of DOI standard wildland fire PDs established by the National Wildland Fire Plan Human Resources Advisory Group (HRAG). These standard PDs were developed to assist efforts to strategically address human capital management issues related to recruitment, training, development, and retention of wildland firefighter personnel.
- Policy.** Effective immediately, bureaus must use the revised position descriptions and standard PD numbering system for all applicable wildland fire positions for both permanent and temporary appointments. The table below identifies the revised PDs.
