## I. BACKGROUND

A. The United States of America (“United States”), on behalf of the Secretary of the United States Department of the Interior (“DOI”) and the Secretary of the Department of Commerce (“Commerce”), filed a complaint in this matter against Bayer CropScience Inc. and Pharmacia Corporation (“Settling Defendants”) pursuant to Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended (“CERCLA”), 42 U.S.C. § 9607.

B. The United States in its complaint seeks compensation for alleged injury to, destruction of, or loss of Natural Resources resulting from the release of hazardous substances at or from the Industri-plex Superfund Site located in Woburn, Massachusetts (the “Site”).

C. Pursuant to 42 U.S.C. §§ 9607(f)(2) and 9615, Executive Order 12580, and 40 C.F.R. § 300.600, DOI, through the United States Fish and Wildlife Service and Commerce, through the National Oceanic and Atmospheric Administration (“NOAA”), have been delegated authority to act on behalf of the public as the Federal Trustees for Natural Resources impacted by the release of hazardous substances at or from the Site.

D. The Commonwealth of Massachusetts (the “Commonwealth”), on behalf of the Secretary of Energy and Environmental Affairs, also filed a complaint against the Settling Defendants seeking compensation for Natural Resource Damages pursuant to Section 107 of CERCLA, 42 U.S.C. § 9607, and the Massachusetts Oil and Hazardous Materials Release Prevention and Response Act, M. G. L. c. 21E § 5(a)(ii). The Massachusetts Executive Office of Energy and Environmental Affairs (“EEA”) has been delegated authority to act as the State Trustee for Natural Resources impacted by the release of Waste Materials at or from the Site.

E. Plaintiffs intend to file in this Court a motion to consolidate the separate actions described in Paragraphs A and D of this Consent Decree. Settling Defendants do not object to the filing of such motion.

F. The United States, on behalf of the United States Environmental Protection Agency (“EPA”), and the Commonwealth of Massachusetts, on behalf of the Department of Environmental Quality Engineering, the predecessor of the Massachusetts Department of Environmental Protection (“MADEP”), entered into a consent decree with predecessors of the Settling Defendants, as well as a number of other parties, providing for the design and implementation of a response action for the First Operable Unit at the Site (“OU1 Consent Decree”) and the reimbursement of response costs incurred by the United States and the Commonwealth, which was approved by the United States District Court for the District of Massachusetts on April 24, 1989.

G. The United States, on behalf of EPA, entered into a consent decree with the Settling Defendants providing for the design and implementation of a response action for the Second Operable Unit at the Site and the reimbursement of response costs incurred by the United States (“OU2 Consent Decree”), which was approved by the United States District Court for the District of Massachusetts on November 24, 2008.

H. Both the OU1 Consent Decree and the OU2 Consent Decree included reservations of rights for natural resource damages claims.

I. The Settling Defendants do not admit any liability to Plaintiffs arising out of the transactions or occurrences alleged in the complaints.

J. The Parties recognize, and the Court by entering this Consent Decree finds, that this Consent Decree: (i) has been negotiated by the Parties in good faith; (ii) will avoid prolonged and complicated litigation among the Parties; (iii) will expedite natural resource restoration actions to be performed by the Trustees; and (iv) is fair, reasonable, and in the public interest.

NOW, THEREFORE, it is hereby Ordered, Adjudged, and Decreed:

## II. JURISDICTION

b. All payments of stipulated penalties demanded by the Commonwealth for violations of Paragraph 5(c) shall be made to the Commonwealth pursuant to the instructions in Paragraph 6(b), and shall indicate that the payments are for stipulated penalties.

16. If Settling Defendants fail to pay stipulated penalties when due, the United States or the Commonwealth, as applicable, may institute proceedings to collect the penalties, as well as Interest. Settling Defendants shall pay Interest on the unpaid balance, which shall begin to accrue on the date of demand made pursuant to Paragraph 13.

17. Nothing in this Consent Decree shall be construed as prohibiting, altering, or in any way limiting the ability of the United States or the Commonwealth to seek any other remedies or sanctions available by virtue of Settling Defendants' failure to make the payments required by Paragraphs 5(a) and 5(c) or the failure to comply with any other provision of this Decree or of the statutes and regulations upon which it is based, including, but not limited to, penalties pursuant to Section 122(l) of CERCLA, provided, however, that the United States shall not seek civil penalties pursuant to Section 122(l) of CERCLA for any violation for which a stipulated penalty is provided in this Consent Decree, except in the case of a willful violation of the Consent Decree.

Except as specifically provided in Section X (Reservation of Rights by Plaintiffs), the United States covenants not to sue or to take administrative action against Settling Defendants for Natural Resource Damages. This covenant not to sue is conditioned upon the satisfactory performance by Settling Defendants of their obligations under this Consent Decree, and is further conditioned upon and shall remain in force and effect to the extent, and only to the extent, that the Settling Defendants are and continue to be in material compliance with their obligation to implement the OU2 Remedy, such material compliance to be determined in accordance with the provisions of the OU2 Consent Decree. This covenant not to sue extends only to Settling Defendants and does not extend to any other person.

20. Covenant Not to Sue by the Commonwealth. Except as specifically provided in Section X (Reservation of Rights by Plaintiffs), the Commonwealth covenants not to sue or to take administrative action against Settling Defendants for Natural Resource Damages. This covenant not to sue is conditioned upon the satisfactory performance by Settling Defendants of their obligations under this Consent Decree, and is further conditioned upon and shall remain in force and effect to the extent, and only to the extent, that Settling Defendants are and continue to be in material compliance with their obligation to implement the OU2 Remedy, such material compliance to be determined in accordance with the provisions of the OU2 Consent Decree. This covenant not to sue extends only to Settling Defendants and does not extend to any other person.

X. RESERVATION OF RIGHTS BY PLAINTIFFS

The United States and the Commonwealth reserve, and this Consent Decree is without prejudice to, all rights against Settling Defendants with respect to all matters not expressly included within the Covenant Not to Sue by United States in Paragraph 19 and the Covenant Not to Sue by the Commonwealth in Paragraph 20. Notwithstanding any other provision of this Consent Decree, the United States and the Commonwealth reserve all rights against Settling Defendants with respect to:

a. liability for failure of Settling Defendants to meet a requirement of this Consent Decree;

f. liability for damages to Natural Resources arising from the past, present, or future transportation, treatment, storage, or disposal of Waste Material, or arrangement for the transportation, treatment, storage or disposal of Waste Material, outside of the Site.

22. Specific Reservations Regarding Natural Resource Damages. Notwithstanding any other provision of this Consent Decree, the United States and the Commonwealth reserve the right to institute proceedings against Settling Defendants in this action or in a new action seeking recovery of Natural Resource Damages if conditions, factors or information relating to the Site, not known to the Federal Natural Resource Trustees or the Commonwealth Natural Resource Trustee at the time of lodging of this Consent Decree, are discovered that, together with any other relevant information, indicate that there is injury to, destruction of, or loss of Natural Resources of a type unknown, or of a magnitude significantly greater than was known, by the Federal Natural Resource Trustees or the Commonwealth Natural Resource Trustee as of the date of lodging of this Consent Decree.

23. Information and conditions known to the Trustees with respect to the Site as of the date of lodging of this Consent Decree shall include only the information and conditions set forth in the NOAA, DOI, EEA, EPA and MADEP files for the Site (including, without limitation, any administrative record files) at any time from April 27, 2007 to the date of lodging of this Consent Decree. Notwithstanding the prior sentence of this Paragraph 23, information and conditions known to the Natural Resource Trustees as of the date of lodging of this Consent Decree shall include Natural Resource Damages arising from the re-exposure, re-suspension, or migration by natural causes, or as a result of the non-negligent implementation of the OU1 Remedy or the OU2 Remedy, of the Waste Material that the Natural Resource Trustees knew, as of the date of lodging of this Consent Decree, was present in the sediments located in the Halls Brook Holding Area Pond or the Aberjona River and their associated wetlands.

#### XI. COVENANTS BY SETTLING DEFENDANTS

24. Covenants by Settling Defendants. Settling Defendants hereby covenant not to sue and agree not to assert any claims or causes of action against the United States or the Commonwealth with respect to Natural Resource Damages or this Consent Decree including, but not limited to:

a. any direct or indirect claim for reimbursement of any payment for Natural Resource Damages from the Hazardous Substance Superfund (established pursuant to the Internal Revenue Code, 26 U.S.C. § 9507) through CERCLA Sections 106(b)(2), 107, 111, 112, 113 or any other provision of law; or

Except as provided in Paragraph 31 (Waiver of Res Judicata and Other Defenses), these covenants not to sue shall not apply in the event that the United States or the Commonwealth brings a cause of action or issues an order pursuant to the reservations set forth in Paragraphs 21(e) or 22, but only to the extent that Settling Defendants' claims arise from the same damages that the United States or the Commonwealth is seeking pursuant to the applicable reservation.

25. Nothing in this Consent Decree shall be deemed to constitute preauthorization of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. § 300.700(d).

#### XII. EFFECT OF SETTLEMENT; CONTRIBUTION PROTECTION

26. Nothing in this Consent Decree shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Decree. Each of the Parties expressly reserves any and all rights (including, but not limited to, pursuant to Section 113 of CERCLA, 42 U.S.C. § 9613), defenses, claims, demands, and causes of action which each Party may have with respect to any matter, transaction, or occurrence relating in any way to the Site

against any person not a Party hereto. Nothing in this Consent Decree diminishes the right of the United States or the Commonwealth pursuant to Section 113(f)(2) and (3) of CERCLA, 42 U.S.C. § 9613(f)(2)-(3), and M.G.L. c. 21E, as applicable, to pursue any such persons to obtain additional response costs or response action and to enter into settlements that give rise to contribution protection pursuant to Section 113(f)(2) or M.G.L. c. 21E.

27. Such protection from contribution actions or claims is conditioned upon the satisfactory performance by Settling Defendants of their obligations under this Consent Decree, and is further conditioned upon and shall remain in force and effect to the extent, and only to the extent, that the Settling Defendants are and continue to be in material compliance with their obligation to implement the OU2 Remedy, such material compliance to be determined in accordance with the provisions of the OU2 Consent Decree. The “matters addressed” in this Consent Decree are Natural Resource Damages. The “matters addressed” in this Consent Decree do not include those matters as to which the United States or the Commonwealth have reserved their rights under this Consent Decree, in the event that the United States or the Commonwealth asserts rights against Settling Defendants coming within the scope of such reservations.

Except as provided in Paragraph 32, the Parties agree, and by entering this Consent Decree the Court finds, that pursuant to M.G.L. c. 21E, § 3A(j)(2), each Settling Defendant is entitled, as of the Effective Date, to protection from claims brought pursuant to M.G. L. c. 21E, regarding “matters addressed” in this Consent Decree, for cost recovery, contribution, and equitable share as to those persons receiving notice and an opportunity to comment on this Consent Decree in accordance with M.G.L. c. 21E, § 3A(j)(2). Such protection from contribution, cost recovery and equitable share claims is conditioned upon the satisfactory performance by Settling Defendants of their obligations under this Consent Decree, and is further conditioned upon and shall remain in force and effect to the extent, and only to the extent, that the Settling Defendants are and continue to be in material compliance with their obligation to implement the OU2 remedy, such material compliance to be determined in accordance with the provisions of the OU2 Consent Decree. As of the date of entry of this Consent Decree, this Consent Decree constitutes a “judicially approved settlement” as that term is used in M.G.L. c. 21E, § 3A(j)(2). For purposes of this Paragraph, “matters addressed” shall be as defined in Paragraph 27. The ninety (90)-day comment period shall commence thirty (30) days after the date of lodging of this Consent Decree. Settling Defendants’ failure to provide timely and adequate notice to one person shall not affect their rights as against any other person who received such notice.

29. Settling Defendants shall, with respect to any suit or claim brought by them for matters related to this Consent Decree, notify the United States and the Commonwealth in writing no later than sixty (60) days prior to the initiation of such suit or claim.

30. Settling Defendants shall, with respect to any suit or claim brought against them for matters related to this Consent Decree, notify in writing the United States and the Commonwealth within ten (10) days of service of the complaint on Settling Defendants. In addition, Settling Defendants shall notify the United States and the Commonwealth within ten (10) days of service or receipt of any Motion for Summary Judgment and within ten (10) days of receipt of any order from a court setting a case for trial.

31. Waiver of Res Judicata and Other Defenses. In any subsequent administrative or judicial proceeding initiated by the United States or the Commonwealth for injunctive relief, recovery of response costs, or other appropriate relief relating to the Site, Settling Defendants shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United States or the Commonwealth in the subsequent proceeding were or should have been brought in the instant case; provided, however, that nothing in this Paragraph affects the enforceability of the covenants not to sue set forth in Section IX (Covenants Not to Sue by Plaintiffs).

32. Nothing in this Consent Decree shall be construed to release any claims that the Settling Defendants may have against each other. Each Settling Defendant expressly reserves any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action that each Settling Defendant may have with respect to any matter, transaction, or occurrence relating in any way to the Site against the other Settling Defendant.

### XIII. NOTICES AND SUBMISSIONS

33. Whenever, under the terms of this Consent Decree, written notice is required to be given or a report or other document is required to be sent by one Party to another, it shall be directed to the individuals at the addresses specified below, unless those individuals or their successors give notice of a change to the other Parties in writing. All notices and submissions shall be considered effective upon receipt, unless otherwise provided. Written notice as specified in this Section shall constitute complete satisfaction of any written notice requirement of the Consent Decree with respect to the United States, the Commonwealth, and Settling Defendants, respectively.

XV. RETENTION OF JURISDICTION

35. This Court retains jurisdiction over both the subject matter of this Consent Decree and Settling Defendants for the duration of the performance of the terms and provisions of this Consent Decree for the purpose of enabling any of the Parties to apply to the Court at any time for such further order, direction, and relief as may be necessary or appropriate for the construction or modification of this Consent Decree, or to effectuate or enforce compliance with its terms, or to resolve disputes arising hereunder.

XVI. MODIFICATION

36. Material modifications to this Consent Decree shall be in writing, signed by the Parties, and shall be effective upon approval by the Court. Non-material modifications to this Consent Decree shall be in writing and shall be effective when signed by the Parties.

37. Nothing in this Decree shall be deemed to alter the Court's power to enforce, supervise or approve modifications to this Consent Decree.

XVII. LODGING AND OPPORTUNITY FOR PUBLIC COMMENT

38. This Consent Decree shall be lodged with the Court for a period of not less than thirty (30) days for public notice and comment. The United States reserves the right to withdraw or withhold its consent if the comments regarding the Consent Decree disclose facts or considerations which indicate that the Consent Decree is inappropriate, improper, or inadequate. The Commonwealth reserves the right to withdraw or withhold its consent if comments received disclose facts or considerations which show that the Consent Decree violates state law, or that the Consent Decree is inappropriate, improper, or inadequate with respect to the Commonwealth's recovery of Natural Resource Damages. Settling Defendants consent to the entry of this Consent Decree without further notice.

39. If for any reason (a) the United States or the Commonwealth withdraws or withholds its consent as provided in Paragraph 38, or (b) this Court declines to approve this Consent Decree in the form presented, this agreement is voidable at the sole discretion of any Party and the terms of the agreement may not be used as evidence in any litigation between the Parties.

XVII. SIGNATORIES/SERVICE

40. Each undersigned representative of a Settling Defendant to this Consent Decree, of the Commonwealth, and of the United States, certifies that he or she is fully authorized to

42. Each Settling Defendant shall identify, on the attached signature page, the name, address and telephone number of an agent who is authorized to accept service of process by mail on behalf of that Party with respect to all matters arising under or relating to this Consent Decree. Settling Defendants hereby agree to accept service in that manner and to waive the formal service requirements set forth in Rule 4 of the Federal Rules of Civil Procedure and any applicable local rules of this Court, including, but not limited to, service of a summons. Settling Defendants need not file an answer to the complaint in this action unless or until the Court expressly declines to enter this Consent Decree. If the Court declines entry of this Consent Decree, the Settling Defendants shall have forty-five (45) days from receiving notice of the denial, or longer if agreed to by Plaintiffs, for the filing of such answer.

#### XIX. FINAL JUDGMENT

43. This Consent Decree constitutes the final, complete, and exclusive agreement and understanding among the Parties with respect to the settlement embodied in the Consent Decree. The Parties acknowledge that there are no representations, agreements or understandings relating to the settlement other than those expressly contained in this Consent Decree.
