VOLUME II. FACTOR 4: SUBCONTRACTING PLAN

Magellan is committed to achieving subcontracting goals for the MFLC and CYB Programs. Supporting the diversity and small business subcontracting goals of our customers is not new to Magellan. In 2007, we formalized our ongoing commitment to this task by issuing a Magellan-wide Diversity and Small Business (SB) Subcontracting Policy (see **Appendix A**). This policy established an SB/Diversity Subcontracting Task Force that is responsible for developing goals and implementing initiatives to meet these goals. The Task Force meets quarterly to identify barriers to accurate reporting of diversity subcontracting accomplishments, monitor compliance with subcontracting goals, and develop action plans to increase subcontracting participation by diverse and small business concerns. The following paragraphs detail the services, subcontractors, and proven subcontract management processes that Magellan will implement for the MFLC Programs. We understand that small business offerors are exempt, but not precluded, from submitting a subcontracting plan.

4.1 SUBFACTOR I: SUBCONTRACT MANAGEMENT.

MISSION EXECUTION TASK 1. GENERAL MFLC

4.1.1 SUBCONTRACTED SERVICES

This section applies to the MFLC program only.

4.1.1.1 FIELD COUNSELOR SUBCONTRACTORS

Our MFLC counselor workforce will consist of Magellan employees, employees of our subcontractors (non-rotational Joint Family Support Assistance Program [JFSAP]), and contracted network counselors. The combination of independent contractors (contracted network counselors) and subcontractors will enable Magellan to meet and exceed the minimum 25 percent subcontracting goal. They will also help us to meet many of the other individual subcontracting goals, such as veteran-owned small business (VOSB), service-disabled, veteran-owned, small business (SDVOSB), and woman-owned small business (WOSB).

Contracted Network Counselors

Payments to our contracted network counselors, predominantly contracted sole practitioners, represent one of our largest expenditures. In accordance with FAR 52.219-8(d)(1), Magellan relies primarily on self-attestations by providers as to their status as small business concerns and diverse business concerns. (Magellan requires certification by the Small Business Administration for HUB Zone status.) Small business and diversity data is collected via the self-attestations during the credentialing and re-credentialing processes described in *Section 1.1.3 in Volume I*.

Magellan’s general non-medical counseling network spans across the United States, including Alaska and Hawaii. Based on a network geo-access analysis of rotational locations provided in *RFP Section C, Attachment J-8*, Magellan was able to determine that 95 percent of the locations are within 50 miles of our current Magellan counseling network. We believe that the diversity and small business status of our current Magellan network will be very representative of our contracted MFLC counselors. **Figure 4.1.1.1.a** provides insight into the current SB/diversity status of our network.

Figure 4.1.1.1.a Small Business/Diversity Current Counselor Network Statistics

Non-Rotational JFSAP Counselors (employees of subcontractors)

The non-rotational counselors assigned to the JFSAP will be employees of our subcontractors, (b) (4). (b) (4) is a WOSB civilian recruitment and staffing service for professional and paraprofessionals who work exclusively in support of military quality of life and health programs serving the Armed Forces, their Families and Retirees. (b) (4) is an SDVOSB staffing company with an emphasis on federal and military employee health care. Magellan will work closely with (b) (4) and (b) (4) to coordinate the recruiting efforts for these positions. The Magellan Field Network Director and Human Resource Director will interface directly with (b) (4) and (b) (4) staff to ensure that openings in the JFSAP programs are recruited, credentialed, and maintained. (b) (6) and (b) (6) subcontractor points of contact will report to the MFLC Field Network Director and the MFLC Subcontractor Manager.

4.1.1.2 TRAVEL – (b) (4)

Magellan’s travel management subcontractor, (b) (4), will use a concierge approach to travel management services for all Magellan MFLC travel needs. (b) (4) is a Section 8(a) certified, veteran-owned, small disadvantaged business. The Magellan Logistics, Scheduling, and Communications and/or MFLC staff will contact (b) (4) directly to make travel arrangements, and (b) (4) will invoice Magellan for all travel services. Travel arrangements and issues will be handled directly by (b) (4). (b) (6), will report to Magellan’s MFLC Logistics, Scheduling, and Communications Manager.

Magellan has contracted with (b) (4) since 2007 to provide Telecomm Expense Management Services corporate wide. Magellan expends more than (b) (4). (b) (4) is an integral and important component of managing this expense. (b) (4) reviews all telecomm-related invoicing, ensuring that inventory and rates are accurate and appropriate. (b) (4)

(b) (4) has proven to be a trusted and reliable partner, and we look forward to expanding our relationship in support of the MFLC program.

4.1.1.3 MILITARY CULTURE TRAINING – (b) (4)

Magellan will subcontract with (b) (4) for military culture training services for the MFLC program. (b) (4) is a woman-owned small business that is expert in the U.S. defense industry, specializing in Federal Acquisition, Military Logistics, Hazard Vulnerability Analysis and CBRN, and First Responder Training, Exercises and Logistics Support, including manuals, supply support, data management, and maintenance. (b) (4) primary manager will report to Magellan's QAIT Director and will work with Magellan to prepare program management staff, full-time counselors, rotational counselors, and surge and on-demand staff to deliver effective program services by quickly establishing rapport and respect through clear understanding of the military and the challenges that military families face. This management team will ensure comprehensive, timely training service delivery. (b) (4) also will provide a tracking and reporting platform that provides reporting at detailed levels, including information on the training modules completed as well as test scores for each module.

4.1.1.4 CRIMINAL HISTORY BACKGROUND CHECKS – (b) (4)

Magellan will subcontract with (b) (4) to perform criminal history background checks for our MFLC provider network. (b) (4) will search federal, state, and county repositories that contain information considered public record prior to any network provider being used for the MFLC Program. (b) (4) Subcontract Manager will report to Magellan's Field Network Director to ensure that all network providers meet the background requirements in accordance with Section C, Attachment J-4, DoDI 1402.5.

4.1.1.5 TELECOMMUNICATION SERVICES – (b) (4)

Magellan will subcontract with (b) (4) to provide Smartphones and wireless services for the MFLC program. (b) (4) is a value-added IT reseller that will support approximately 2,000 Smartphones and is a Service-Disabled, Veteran-Owned Small Business (SDVOSB).

4.1.2 MANAGEMENT OF SUBCONTRACTED SERVICES

Magellan has nearly four decades of behavioral health services subcontractor management experience. The processes and policies discussed in this section have resulted in superior service delivery of subcontracted services and cost controls as represented by our rates policy. Magellan has been able to control our largest cost category, provider subcontracts, by maintaining a standard provider rate book that we apply to all our provider contracts.

Magellan understands that dedicated management is a vital component of successful contract implementation and execution. Our Subcontractor Manager for the MFLC program, (b) (6), will have responsibility for oversight of the subcontracting plan, including monitoring Magellan's compliance with the plan and coordinating the development of corrective actions as needed. (b) (6) will be an integral part of our Magellan operation and will be dedicated to the MFLC program. Please see *Volume 1B* for copies of (b) (6) resumé and letter of commitment.

Subcontractor Manager responsibilities include, but are not limited to:

- ◆ Coordinate with QA management and other MFLC management teams to provide status of subcontractor performance issues/progress to all levels of management on a periodic basis through

charts, memos, and briefings. Assist department managers to ensure subcontractor coordination in the MFLC program and service implementation.

- ◆ Assist small business concerns (including network providers) in obtaining SBA certifications where needed and in completing CCR registration.
- ◆ Ensure that no subcontractors, including counselor providers, have a conflict of interest.
- ◆ Meet with the DoD/Office of Small and Disadvantaged Business Utilization (OSDBU) point of contact regularly and coordinate participation in select DoD/OSDBU activities.
- ◆ Coordinate Mentor/Protégé relationships for Magellan as identified by department managers and/or subcontractors.
- ◆ Prepare and submit required subcontracting plan reports and meet regularly with the MFLC Program Director and Program Deputy Director to provide updates. Analyze spend data regarding subcontracting goals and identify gaps and assists with corresponding action plans.
- ◆ Chair Magellan MFLC Program Subcontracting Committee, and participate in the following committees and groups:
 - ▶ Conflict of Interest Work Group
 - ▶ Magellan Diversity Task Force
 - ▶ Quality Assurance/Improvement Committee.
- ◆ Identify possible subcontractors, distribute bidders' lists, and actively work with Magellan personnel involved in purchasing decisions to ensure maximum subcontracting participation.
- ◆ Conduct outreach efforts with various trade associations and government agencies to facilitate small business subcontractor recruitment efforts and participation in the MFLC program.
- ◆ Perform analysis of potential subcontractors to support the due diligence and evaluation process as it relates to subcontracting goals.
- ◆ Assist with problem resolution and provide subcontracting advice to program managers and senior management as required.
- ◆ Develop centralized MFLC-specific subcontracting policies and procedures.
- ◆ Create MFLC-specific subcontract file documentation in accordance with company procurement procedures.
- ◆ Assist with subcontractor transitions and selections.
- ◆ Coordinate non-counseling subcontractor transitions from one vendor to another.

Magellan takes a proactive approach to subcontractor management and subcontracting goals. We understand that careful and compliant subcontractor selection must be followed by thorough and knowledgeable management. We have specific and proven communication, direction, coordination, integration, decision-making, problem-resolution, and performance monitoring policies in place. These activities are discussed in the following paragraphs.

4.1.2.1 SUBCONTRACTOR SELECTION

Magellan's subcontractor selection process is designed to maximize opportunities for small and diverse subcontractors, while ensuring the best service delivery to our clients. Our selection policy and procedures, directed by our MFLC program management and our Diversity Task Force, focuses on including small and under-represented businesses. Magellan maintains ongoing efforts to solicit and contract with small business and diverse vendors and subcontractors.

Our MFLC Subcontractor Manager and entire PMO team will use a number of methods to identify potential small business and diverse businesses and to communicate Magellan's interest in doing business with small business and diverse subcontractors by accomplishing:

- ◆ Routine recruitment of diverse subcontractors via outreach e-mails, faxes, and phone calls distributed as part of bid-specific recruitment efforts as well as during the regular course of doing business
- ◆ Participation in online community forums on the Minority Business Development Agency Web site
- ◆ Outreach efforts with minority and small business trade associations and business development organizations
- ◆ Attendance at small and minority-business procurement conferences and trade fairs, as appropriate
- ◆ Review of subcontract solicitations to ensure that there are no terms that operate to restrict or discourage participation by small business or diverse subcontractors and vendors
- ◆ Use of source lists, including but not limited to the GSA Federal Supply Schedule, Dynamic Small Business Search on the CCR database, and local SBA-Procurement Centers, to identify small business and diversity concerns
- ◆ Maintenance of a listing on the national Diversity Information Resources Guide, published annually.

Magellan relies significantly on its network of contracted providers to satisfy small business and diversity subcontracting goals. For our counselor provider selection, our MFLC Program Management team and Network Department will use directories of minority professionals, such as the National Association of Black Social Workers Directory and the Association of Black Psychologist Directory, to solicit directly listed providers to apply to Magellan's provider network. As needed, Magellan will initiate outreach efforts to professional associations and/or professional schools with ties to under-represented categories (for example, National Association of Black Social Workers, American Psychological Association Minority Fellowship Program, Council on Social Work Education Minority Fellowship Program, Latino Behavioral Health Institute) to identify prospective counseling network providers and to collaborate with those entities in encouraging participation in Magellan's provider network. In communities with large minority populations, Magellan will make extra efforts to recruit providers with sensitivity to the cultural differences in the population. The network development process also takes into account the multilingual needs of counseling clients as well as minority status.

Magellan solicits attestation of provider diversity and small business status as well as applicable state, federal, and private certifications as part of the process of credentialing providers for network participation. The diversity and small business status information is logged in a special field in a database, which is loaded into Magellan's (b) (4)

For the MFLC program, the subcontracting status will be loaded into our scheduling system and be considered as one of the selection factors for rotational provider selection.

For the MFLC program, Magellan management identified subcontracting tasks—areas that Magellan deemed possible opportunities for smaller vendors to gain experience and knowledge as well as partner with Magellan to provide a superb service. Once subcontracting tasks were identified by management, the following process was used:

1. Project managers were assigned to various subcontracting tasks with the goal of identifying capable and diverse small business vendors
2. Project managers researched Web sites including GSA Schedules to identify capable subcontractors

3. Magellan reached out to other business consultants and existing employees to ensure a wide and thorough search for all possible sources of qualified subcontracting opportunities
4. Magellan’s management team also discussed opportunities with current vendors with whom Magellan has trusted partnerships for possible resources and referrals, for example, (b) (4) (b) (4) our current provider of Telecom Expense Management service.

4.1.2.2 COMMUNICATION AND INFORMATION SHARING

Magellan uses careful record-keeping to ensure accurate reporting and compliance with all contract subcontracting goals and management. A sample of our current subcontract reporting activities, prepared by Magellan’s Finance Department and managed by (b) (6) (our proposed MFLC Finance Director), is included in **Table 4.1.2.2.1**.

Table 4.1.2.2.1 Sample Reporting Activities

REPORT NAMES	FILING	FREQUENCY
Individual Subcontracting Report (formerly SF-294)	Filed online via eSRS with copies submitted to contract COs	Semi-annually
SSR for Plan Type Individual (formerly SF-295)	Filed online via eSRS with copies submitted to contract COs	Annually
USPS Subcontracting Reports	Filed online via USPS SubK Reporting System	Quarterly
Commercial Subcontracting Performance	Filed via e-mail with Customer Diversity Representatives	Quarterly according to customer’s fiscal year
Magellan Quarterly Subcontracting Reports (internal)	Internal submission: Quality and Compliance Director, Small Business Task Force and Program Management	Quarterly

Magellan maintains records to document efforts to comply with the subcontracting plan, including without limitation, the following:

- ◆ Records on all subcontract solicitations indicating (1) whether SB/diversity concerns were solicited, and if not, the reason for not soliciting SB/diversity concerns and (2) reasons for the failure of solicited SB/diversity concerns to receive the subcontract award
- ◆ Records evidencing outreach efforts, as applicable to the needs of the contract
- ◆ Records to support internal activities to guide and encourage Magellan purchasers to solicit and award subcontracts to SB/diversity concerns for contract services.

To ensure compliant subcontractor reporting and information sharing for the MFLC contract, Magellan will:

- ◆ Cooperate in any studies or surveys regarding small business subcontracting as may be required
- ◆ Ensure that our subcontractors that are subject to the Small Business Subcontracting clause submit Individual Subcontract Report (ISR) and/or the Summary Subcontract Report (SSR).
- ◆ Provide our prime contract number, our DUNS number, and the e-mail address of the official responsible for acknowledging or rejecting the reports, to all first-tier subcontractors with subcontracting plans so they can enter this information with their reports
- ◆ Require that each subcontractor with a subcontracting plan provide the prime contract number, its own DUNS number, and the e-mail address of the official responsible for acknowledging or rejecting the reports, to its subcontractors with subcontracting plans

- ◆ Develop SB, SDB, WOSB, HUBZone, VOSB, and SDVOSB source lists, guides, and other data used to identify vendors as subcontracting opportunities are made available
- ◆ Records on all subcontract solicitations more than \$100,000, indicating for each solicitation whether SB, SDB, WOSB, HUBZone, VOSB, and/or SDVOSB concerns were solicited; if not, why not, and the reasons solicited concerns did not receive subcontract awards
- ◆ Records to support internal guidance and encouragement provided to buyers through (1) workshops, seminars, training programs, and incentive awards, and (2) monitoring performance to evaluate compliance with the program and requirements.

4.1.2.3 DIRECTING SUBCONTRACTORS

MFLC department managers and field network staff will direct the day-to-day operations of our subcontractors, including counselors, travel management, criminal background check, and military cultural training staff. However, to demonstrate Magellan's commitment to MFLC subcontracting goals and to comply with FAR19-704(7), our dedicated Subcontractor Manager will be the main point of contact to represent Magellan subcontractors for the MFLC program and the final authority on behalf of the PMO with respect to subcontract issues. The Subcontractor Manager will work with the Field Network Director, Regional Directors, and subcontracted companies (b) (4) to ensure that service delivery is compliant and seamless, including:

- ◆ Flow-down of all applicable contract requirements to subcontractors
- ◆ Compliance of all functions, including function-specific data and reports compilation
- ◆ Problem resolution and renegotiations.

4.1.2.4 COORDINATION, INTEGRATION AND DECISION MAKING

In addition to providing direction support to the field staff and department managers for subcontractor service delivery on the MFLC program, Magellan's MFLC Subcontractor Manager will ensure that all subcontracted services are coordinated and integrated into our MFLC service delivery. She will represent subcontracted functions and staff in all program meetings and ensure that all subcontracted functions are represented correctly in program reports. The integration of data, decisions, and feedback from all of our subcontracted functions will be transparent because of the specific Subcontractor Manager tasks discussed above.

4.1.2.5 PERFORMANCE MONITORING AND PROBLEM RESOLUTION

GATHERING FEEDBACK TO CONTROL QUALITY OF CONTRACTED COUNSELORS

Magellan takes a proactive approach to monitoring and controlling the quality of counselors in our network. We use a multi-dimensional assessment and profiling process to capture critical performance data and identify counselors whose practice patterns fall significantly above or below the standard range so that we can assist them in delivering the best counseling support to service members and their families. Magellan has been at the industry forefront for non-medical counselor provider profiling since 2003 when we began evaluating high-volume EAP providers to improve performance on key quality indicators. Although the unique nature of the MFLC program requires a highly customized counselor profile, we will leverage our experience and understanding of EAP profiling best practices to develop and use a profile tool that will continuously improve the quality of services provided by our counselors and ensure that we meet the goals of the MFLC program.

Our profiling process is collaborative and instructive—we work with counselors individually to improve the areas of their practices where they may fall below network norms. Magellan will conduct profiling of contracted counselors annually. Profiles will address services provided in face-to-face counseling and in briefings and presentations. The profiling of contracted counselors is a formalized, annual process in which the counselors receive a “report card” regarding their performance and the quality of the services that they provide. Throughout the year, Magellan’s robust supervision process involves weekly contact during which any performance that falls below standard is addressed immediately and treated as a “coachable” moment; a plan to address the issue is developed and monitored.

To create the counselor profile for this program scope for both mission execution tasks, we will collect feedback through the following methods:

- ◆ **Client Face-to-Face Support Satisfaction Survey.** At the completion of a counseling session, the counselor will present the counseled client with a card containing a link and directions for completing an online satisfaction survey. The online survey uses a balanced Likert scale (one to four stars) for rating satisfaction. Areas covered include usefulness of the contact, counselor knowledge, and informed consent. The survey data will be tabulated by the QA&I Manager and reviewed regularly by our MFLC Counseling Services Committee.
- ◆ **Briefings and Presentation Evaluations.** Magellan regularly evaluates the quality of our presentations through the use of our training evaluation form. We have adapted this form to collect specific information on the quality of briefings and presentations provided for the MFLC program. Topics include usefulness of the presentation information, counselor knowledge, and overall satisfaction. Counselors will collect and submit these forms to the QA&I Manager for data entry and analysis.
- ◆ **POC Satisfaction Survey.** We will survey military POCs on their satisfaction with individual counselors at the end of their rotation or a surge or on-demand event and annually for JFSAP permanent counselors. We will administer surveys through push e-mails or telephone calls to the POC. Like the client survey, the POC survey uses a balanced Likert rating scale. Areas covered include overall satisfaction with counseling services, counselor knowledge, and availability per schedule.
- ◆ **Productivity Measures.** We will use utilization data from the Daily Activity Reports to compare individual counselor productivity against installation norms for number and duration of contacts.
- ◆ **Compliments and Complaint Data.** Compliment and complaint data from any source is recorded in our tracking system for trending and analysis.

Magellan’s profiling application will aggregate and analyze the information from the above sources to create annual counselor profiles. Each profile presents (1) the individual counselor’s score, (2) the program mean, and (3) the counselor’s rating based on performance against key performance metrics organized into the following three categories:

- ◆ Face-to-face counseling support
- ◆ Briefing and presentation support
- ◆ POC support.

Figure 4.1.2.5.a Sample of Proposed Custom MFLC Counselor Profile

Magellan sends completed profiles to counselors and their direct supervisors. Sharing profiles with counselors allows them to see how their work compares to others and to track their own practice performance to improve their skills. Supervisors are available to counselors to review profile results and address any questions. For counselors whose profile results fall below the norm, the supervisors will work with them collaboratively to establish a plan to improve their performance systematically. Counselors who disagree with or desire clarification of their profile results may request a formal audit of the findings by our Administrative Services Committee. Offering avenues for input, communication, and feedback between Magellan and our counselors fosters counselor cooperation and investment in the

profiling process. All MFLC stakeholders—clients, counselors, and the Government—benefit from better client outcomes and satisfaction. We also use the counselor profile results in a reward system that gives high-performance counselors preferred scheduling of assignments.

Magellan will utilize the same profiling process with respect to the non-rotational counselors employed by our subcontractors.

4.1.2.6 GATHERING FEEDBACK TO CONTROL QUALITY OF TRAVEL SERVICES (COMM-GROUP, INC.)

Magellan's Quality Assurance Plan calls for measurement of the performance against the Performance Indicators (PIs) of the number of deviations from Federal Travel Regulations (FTRs) in total for all travel, by domestic and international, by counselor, and by location. The PMO is responsible for measuring and summary reporting against these metrics, described in the Quality Assurance Plan, (see *Factor 2: Program Management, Subfactor III Quality Assurance*). Reporting is done on a monthly, quarterly, and annual basis, internally to our Magellan MFLC management team, externally to our subcontracting partner (b) (4), and externally to our customer in our contract reports.

Magellan's subcontractor (b) (4), is responsible for the day-to-day administration of compliance with the FTR. During the transition phase of the project, the PMO will review the (b) (4) systems and sign off on (b) (4) travel process as adhering to the FTR. Once the contract is in the performance phase, (b) (4) will monitor and report against the PIs identified in the Magellan QA plan; these PIs will be included in (b) (4) subcontract scope of work.

(b) (4) methods for ensuring compliance with the FTR when making travel plans include a restricted database of only federally approved travel vendors and management approval for all exception processing. Travel Planners will be restricted from using travel vendors that have not qualified as meeting federal travel restrictions. If a travel plan cannot be created using federal guidelines, the counselor will be referred to the (b) (4) Travel Plan Lead, (b) (6), for exception processing and approvals. (b) (6) is responsible for communicating the exception to the PMO Scheduler Manager with an explanation. All exceptions to the FTR will be discussed at the monthly meeting as part of a QA/QC discussion.

4.1.2.7 GATHERING FEEDBACK TO CONTROL QUALITY OF TRAINING SERVICES (DAVIS DEFENSE GROUP)

- ◆ The Subcontractor Manager will be accountable for ensuring adherence to all aspects of the subcontractor agreement and will monitor adherence monthly.
- ◆ The Quality Department's Training Manager will provide additional input to ensure the quality of content and delivery, review monthly training and development reports, and oversee coordination of content development and identification.

4.1.2.8 GATHERING FEEDBACK TO CONTROL QUALITY OF PROVIDER CRIMINAL HISTORY BACKGROUND CHECK PROCESSES (ACCUTRACE)

- ◆ The Subcontractor Manager will be accountable for ensuring adherence to all aspects of the subcontractor agreement and will monitor adherence monthly.
- ◆ The Magellan Credentialing Department will provide additional oversight to ensure timeliness and quality of report delivery.

4.2 SUBFACTOR II: SMALL BUSINESS GOALS MISSION EXECUTION TASK 1. GENERAL MFLC SERVICES

4.2.1 SMALL BUSINESS SUBCONTRACTING RESULTS

This response section applies to the MFLC mission execution task. Magellan is able to offer tangible evidence of success in meeting SB/diversity goals. The results of plans and effort for our two largest federal contracts are included in the graphs below. These two contracts, Federal Occupational Health (FOH) and United States Postal Service (USPS), have total program revenues of approximately ^{(b) (4)} annually, as depicted in **Figure 4.2.1.a** and **Figure 4.2.1.b**.

Figure 4.2.1.a and Figure 4.2.1.b Current Customer Small Business Subcontracting

The figures above demonstrate our success in driving significant subcontracting dollars to small business in general and women and minority enterprises in particular. Based on these results, Magellan is confident in our ability to achieve our stated goals for the MFLC program. *Additional MFLC specific efforts are outlined below.*

4.2.2 MILITARY FAMILY LIFE COUNSELING (MFLC) TASK SMALL BUSINESS SUBCONTRACTING GOALS

Magellan bases subcontracting goals on past experience in subcontracting with small businesses and our in-depth knowledge of the demographics of the mental health professionals with whom we contract for services and the mental health industry in general. Specifically:

- ◆ As previously stated, the majority of behavioral health care professionals are sole practitioners who generally qualify as small business
- ◆ More than half of master’s level mental health professionals are female, and about 40 percent of our contracted providers have self-identified as female
- ◆ According to the 1999 Surgeon General’s report, there continues to be an insufficient number of mental health professionals from racial and ethnic minority groups; the most recent statistics available suggest that racial and ethnic minorities comprise less than 10 percent of mental health professionals; Hispanics comprise approximately 1 percent of psychologists; the number willing to contract with managed behavioral health organizations is even lower.

Using this knowledge and experience, Magellan worked during the contract solicitation process to develop competitive strategies to meet subcontracting goals outside the provider network. For the MFLC program, we are proposing the following approaches to address any small business subcontracting challenges and to further ensure compliance:

- ◆ Subcontract with a Veteran-Owned Small Disadvantaged Business, (b) (4), to provide a cost-effective concierge approach to travel
- ◆ Subcontract with (b) (4), a Woman-Owned Small Business, to provide military training
- ◆ Subcontracts with (b) (4), a Woman-Owned Small Business, and (b) (4), a Service-Disabled Veteran-Owned Small Business, to staff non-rotational counseling
- ◆ Subcontract with (b) (4), a Small Business, to provide criminal history background checks for our counselor workforce
- ◆ Provider network of sole practitioners to satisfy SB, HUBZone, and SDB subcontracting goals.

Our ongoing efforts to identify potential sources of SDVOB, VOB, WOSB, HUBZone, and SDB providers include the following list of search vehicles:

- ◆ Existing company source lists
- ◆ The Central Contractor Registration database (CCR)
- ◆ Veterans service organizations
- ◆ The National Minority Purchasing Council Vendor Information Service
- ◆ The Research and Information Division of the Minority Business Development Agency in the Department of Commerce
- ◆ Minority and small business trade associations
- ◆ Business development organizations and local Chambers of Commerce
- ◆ SB, SDB, WOSB, HUBZone, VOSB, and SDVOSB procurement conferences and trade fairs
- ◆ Sources from the Small Business Administration (SBA) PRO-Net and SUB-Net Systems, and other SBA and federal agency resources.

Other Magellan activities that support our small business subcontracting efforts include:

- ◆ Strong subcontract management, including monitoring activities to evaluate compliance with the subcontracting plan
- ◆ Contacting local SBA-Procurement Centers in various states/cities
- ◆ Using of NAICS codes to identify classifications
- ◆ Identifying SBs, WOSBs, SDBs, VOSBs, SVOSBs, and HZ small business concerns nationwide from commercial price list GSA Federal Supply Schedule
- ◆ Attending Minority Council Procurement Assistance workshops
- ◆ Attending Federal SBA Annual Procurement Assistance Workshop (nationwide)
- ◆ Using the veteran assistance job bank and similar employment agencies within various cities/states.

Magellan will ensure that all MFLC requirements flow down to our subcontractors. We will require all subcontractors that receive subcontracts in excess of \$550,000 that offer further subcontracting opportunities adopt a subcontracting plan in accordance with FAR 52.219-9, "Small Business Subcontracting Plan."

4.3.1.1 CYB FIELD COUNSELORS (MAGELLAN NETWORK PROVIDERS)

Our CYB counselor workforce will consist of Magellan employees, employees of our subcontractors (non-rotational JFSAP), and contracted network counselors. Magellan believes that the combination of the use of independent contractors (contracted network counselors) and subcontractors will help us attain the minimum 25 percent subcontracting goals. They also will help us to meet many of the other individual subcontracting goals, such as VOSB, SDVOSB, and WOSB.

Contracted Network Counselors

Payments to our contracted network counselors, predominantly contracted sole practitioners, represent one of our largest expenditures. In accordance with FAR 52.219-8(d)(1), Magellan relies primarily on self-attestations by providers as to their status as small business concerns and diverse business concerns. (Magellan requires certification by the Small Business Administration for HUB Zone status.) Small business and diversity data is collected via the self-attestations during the credentialing and re-credentialing processes described in *Section 1.1.3* in *Volume I*.

Magellan’s general non-medical counseling network spans across the United States, including Alaska and Hawaii. Based on a network geo-access analysis of rotational locations provided in *RFP Section C, Attachment J-8*, Magellan was able to determine that 95 percent of the locations are within 50 miles of our current Magellan counseling network. We believe that the diversity and small business status of our current Magellan network will be very representative of our contracted CYB counselors. **Figure 4.3.1.1.a** provides insight to the current SB/diversity status of our network.

Figure 4.3.1.1.a Small Business/Diversity Current Counselor Network Statistics

Non-Rotational JFSAP Counselors (employees of subcontractors)

The non-rotational counselors assigned to the JFSAP will be employees of our subcontractors (b) (4). (b) (4) is a WOSB civilian recruitment and staffing service for professional and paraprofessionals who work exclusively in support of military quality of life and health programs serving the Armed Forces, their Families and Retirees. (b) (4) is an SDVOSB staffing company with an emphasis on federal and military employee health care. Magellan will work closely with our (b) (4) to coordinate the recruiting efforts for these positions. The Magellan Field Network Director and Human Resource Director will interface directly with (b) (4) staff to ensure that openings in the JFSAP programs are recruited, credentialed, and maintained. (b) (4), (b) (6) subcontractor points of contact will report to the Field Network Director and the Subcontractor Manager.

4.3.1.2 TRAVEL – (b) (4)

Magellan's Travel Management subcontractor, (b) (4), will use a concierge approach to travel management services for all Magellan CYB travel needs. (b) (4) is an 8(a) certified veteran owned, small disadvantaged business. Magellan Logistics, Scheduling, and Communications and/or CYB staff will contact (b) (4) directly to make travel arrangements, and (b) (4) will invoice Magellan for all travel services. Travel arrangements and issues will be handled directly by (b) (4). (b) (6), (b) (4) President/CEO, will report to Magellan's CYB Logistics, Scheduling, and Communications Manager.

Since 2007, Magellan has contracted with (b) (4) to provide Telecomm Expense Management Services corporate wide. Magellan expends (b) (4) annually on telecomm services, and (b) (4) is an integral and important component of managing this expense. (b) (4) reviews all telecomm-related invoicing, ensuring that inventory and rates are accurate and appropriate. (b) (4) has proven to be a trusted and reliable partner and we look forward to expanding our relationship in support of the CYB program.

4.3.1.3 MILITARY CULTURE TRAINING – (b) (4)

Magellan will subcontract with (b) (4) for military culture training services for the CYB program. (b) (4) is a woman-owned small business and is expert in the U.S. defense industry, specializing in Federal Acquisition, Military Logistics, Hazard Vulnerability Analysis and CBRN and First Responder Training, Exercises and Logistics Support including manuals, supply support, data management and maintenance. (b) (4) Subcontract Manager reports to Magellan's QA, QI, & Training Director and will work with Magellan to prepare program management staff, full-time counselors, rotational counselors, surge, and on-demand staff to deliver program services effectively by quickly establishing rapport and respect through clear understanding of the military and the challenges that military families face. This management team will ensure comprehensive, timely training service delivery. (b) (4) will also provide a tracking and reporting platform that includes reporting at detailed levels, including information on the training modules completed as well as test scores for each module.

4.3.1.4 CRIMINAL HISTORY BACKGROUND CHECKS – (b) (4)

Magellan will subcontract with (b) (4) to perform criminal history background checks for our CYB provider network. (b) (4) will search federal, state, and county repositories that contain information considered public record prior to any network provider being used for the CYB Program. (b) (4) primary manager will report to the Field Network Director to ensure that all network providers meet the background requirements in accordance with Section C, Attachment J-4, DoDI 1402.5.

4.3.1.5 TELECOMMUNICATION SERVICES – (b) (4)

Magellan will subcontract with (b) (4) to provide Smartphones and wireless services for the CYB program. (b) (4) is a Value-Added IT reseller that will support approximately 2,000 smart phones and is a Service Disabled, Veteran-Owned Small Business.

4.3.2 MANAGEMENT OF SUBCONTRACTED SERVICES

Magellan has nearly 40 years of service-subcontractor management experience. The processes and policies discussed in this section have resulted in superior service delivery of subcontracted services and cost controls as represented by our rates policy. Magellan has been able to control our largest cost

category, provider subcontracts, by maintaining a standard provider rate book that we apply to all our provider contracts.

Magellan understands that dedicated management is a vital component of successful contract implementation and execution. Our Subcontractor Manager for the CYB program is (b) (6). She will have responsibility for oversight of the subcontracting plan, including monitoring Magellan's compliance with the plan and coordinating the development of corrective actions as needed. (b) (6) will be an integral part of our Magellan operation and will be dedicated to the CYB program. Please see *Volume 1B* for (b) (6) resume of qualifications. The Subcontractor Manager responsibilities include, but are not limited to:

- ◆ Coordinate with QA management and other CYB management teams to provide status of subcontractor performance issues/progress to all levels of management on a periodic basis through charts, memos, and briefings. Assist department managers to ensure subcontractor coordination in the CYB program and service implementation.
- ◆ Assist small business concerns (including network providers) in obtaining SBA certifications where appropriate and in completing CCR registration.
- ◆ Ensure that no subcontractors, including counselor providers, have a conflict of interest.
- ◆ Meet with the DoD/OSDBU point of contact regularly and coordinate participation in select DoD/OSDBU activities. Coordinate Mentor/Protégé relationships for Magellan as identified by department managers and/or subcontractors.
- ◆ Prepare and submit required subcontracting plan reports and meet regularly with the CYB Program Director and Program Deputy Director to provide updates. Analyze spend data regarding subcontracting goals and identify gaps and assists with corresponding action plans.
- ◆ Chair Magellan CYB Program Subcontracting Committee, and participate in the following committees and groups:
 - ▶ Conflict of Interest Committee
 - ▶ Magellan Diversity Task Force
 - ▶ Quality Assurance/Improvement Committee.
- ◆ Identify possible subcontractors, distribute bidders' lists and actively work with Magellan personnel involved in purchasing decisions to ensure maximum subcontracting participation.
- ◆ Conduct outreach efforts with various trade associations and government agencies to facilitate small business subcontractor recruitment efforts and participation in the CYB program.
- ◆ Perform analysis of potential subcontractors to support the due diligence and evaluation process as it relates to subcontracting goals.
- ◆ Assist with problem resolution and provide subcontracting advice to program managers and senior management as required.
- ◆ Develop centralized CYB-specific subcontracting policies and procedures.
- ◆ Create CYB-specific subcontract file documentation in accordance with company procurement procedures.
- ◆ Assist with subcontractor transitions and selections.
- ◆ Coordinate non-counseling subcontractor transitions from one vendor to another.

Magellan takes a proactive approach to subcontractor management and subcontracting goals. We understand that careful and compliant subcontractor selection must be followed by thorough and knowledgeable management. We have specific and proven communication, direction, coordination,

integration, decision-making, problem-resolution, and performance-monitoring policies in place. These activities are discussed in the following paragraphs.

4.3.2.1 SELECTION

Magellan's subcontractor selection process is designed to maximize opportunities for small and diverse subcontractors, while ensuring the best service delivery to our clients. Our selection policy and procedures, directed by our PMO and our Diversity Task Force, focuses on including small and under-represented businesses. Magellan maintains ongoing efforts to solicit and contract with small business and diverse vendors and subcontractors.

Our PMO team will use a number of methods to identify potential small business and diverse businesses and to communicate Magellan's interest in doing business with small business and diverse subcontractors by accomplishing:

- ◆ Routine recruitment of diverse subcontractors via outreach e-mails, faxes, and phone calls distributed as part of bid-specific recruitment efforts as well as during the regular course of doing business
- ◆ Participation in online community forums on the Minority Business Development Agency Web site
- ◆ Outreach efforts with minority and small business trade associations and business development organizations
- ◆ Attendance at small and minority business-procurement conferences and trade fairs, as appropriate
- ◆ Review of subcontract solicitations to ensure there are no terms that operate to restrict or discourage participation by small business or diverse subcontractors and vendors
- ◆ Use of source lists, including but not limited to the GSA Federal Supply Schedule, Dynamic Small Business Search on the CCR database, and local SBA-Procurement Centers, to identify small business and diversity concerns
- ◆ Maintenance of a listing on the national Diversity Information Resources Guide, published annually.

Magellan relies significantly on its network of contracted providers to satisfy small business and diversity subcontracting goals. For our counselor provider selection, our PMO team and Network Department will use directories of minority professionals, such as the National Association of Black Social Workers Directory and the American Association of Black Psychologist Directory, to solicit listed providers directly to apply to Magellan's provider network. As needed, Magellan will initiate outreach efforts to professional associations and/or professional schools with ties to underrepresented categories (for example, National Association of Black Social Workers, American Psychological Association Minority Fellowship Program, Council on Social Work Education Minority Fellowship Program, Latino Behavioral Health Institute) to identify prospective counseling network providers and to collaborate with those entities in encouraging participation in Magellan's provider network. In communities with large minority populations, Magellan makes extra efforts to recruit providers with sensitivity to the cultural differences in the population. The network development process also takes into account the multilingual needs of counseling clients as well as minority status.

Magellan solicits attestation of provider diversity and small business status as well as applicable state, federal, and private certifications as part of the process of credentialing providers for network participation. The diversity and small business status information is logged in a special field in a database, which is loaded into (b) (4)

(b) (4). For the CYB program, the subcontracting status will be loaded into our Scheduling system and be considered as one of the selection factor for rotational provider selection.

For the CYB program, through a thorough review of the solicitation, Magellan management identified subcontracting tasks—areas that Magellan deemed possible opportunities for smaller vendors to gain experience and knowledge as well as partner with Magellan to provide a superb service. Once subcontracting tasks were identified by management, the following process was used:

1. Project managers were assigned to various subcontracting tasks with the goal of identifying capable and diverse small business vendors
2. Project managers researched Web sites including GSA Schedules to identify capable subcontractors
3. Magellan reached out to other business consultants and existing employees to ensure a wide and thorough search for all possible sources of qualified subcontracting opportunities
4. Magellan’s management team also discussed opportunities with our current subcontractors with whom Magellan has trusted partnerships for possible resources and referrals—for instance, **(b) (4)**, our current provider of Telecom Expense Management (TEM) service.

4.3.2.2 COMMUNICATION AND INFORMATION SHARING

Magellan uses careful recordkeeping to ensure accurate reporting and compliance with all contract subcontracting goals and management. A sample of our current subcontract reporting activities, prepared by Magellan Finance Department and managed by **(b) (4)** (our proposed CYB Finance Director), is included in **Table 4.3.2.2.1**.

Table 4.3.2.2.1 Sample Subcontractor Reporting

REPORT NAMES	FILING	FREQUENCY
Individual Subcontracting Report (formerly SF-294)	Filed online via eSRS with copies submitted to contract CO’s	Semi-annually
SSR for Plan Type Individual (formerly SF-295)	Filed online via eSRS with copies submitted to contract COs	Annually
USPS Subcontracting Reports	Filed online via USPS SubK Reporting System	Quarterly
Commercial Subcontracting Performance	Filed via e-mail with Customer Diversity Representatives	Quarterly according to customer’s fiscal year
Magellan Quarterly Subcontracting Reports (internal)	Internal submission: Quality and Compliance Director, Small Business Task Force and Program Management	Quarterly

Magellan produces documentation relating to small business and diversity subcontracting activities as follows:

- ◆ Maintains records to document efforts to comply with the subcontracting plan, including without limitation, the following:
 - ▶ Records on all subcontract solicitations indicating (1) whether SB/diversity concerns were solicited, and if not, the reason for not soliciting SB/diversity concerns and (2) reasons for the failure of solicited SB/diversity concerns to receive the subcontract award
 - ▶ Records evidencing outreach efforts, as applicable to the needs of the contract
 - ▶ Records to support internal activities to guide and encourage Magellan purchasers to solicit and award subcontracts to SB/diversity concerns for contract services.

To ensure compliant subcontractor reporting and information sharing for the CYB contract, Magellan will:

- ◆ Cooperate in any studies or surveys regarding small business subcontracting as may be required
- ◆ Ensure that our subcontractors that are subject to the Small Business Subcontracting clause submit Individual Subcontract Report (ISR) and/or the Summary Subcontract Report (SSR)
- ◆ Provide our prime contract number, its DUNS number, and the e-mail address of the official responsible for acknowledging or rejecting the reports, to all first-tier subcontractors with subcontracting plans so they can enter this information with their reports
- ◆ Require that each subcontractor with a subcontracting plan provide the prime contract number, its own DUNS number, and the e-mail address of the official responsible for acknowledging or rejecting the reports, to its subcontractors with subcontracting plans
- ◆ Develop SB, SDB, WOSB, HUBZone, VOSB, and SDVOSB source lists, guides and other data used to identifying vendors as subcontracting opportunities are made available
- ◆ Maintain records on all subcontract solicitations more than \$100,000 indicating for each solicitation whether SB, SDB, WOSB, HUBZone, VOSB, and/or SDVOSB concerns were solicited, if not, why not and the reasons solicited concerns did not receive subcontract awards
- ◆ Maintain records to support internal guidance and encouragement provided to buyers through (1) workshops, seminars, training programs, incentive awards; and (2) monitoring performance to evaluate compliance with the program and requirements.

4.3.2.3 DIRECTING SUBCONTRACTORS

CYB department managers and field network staff will direct the day-to-day operations of our subcontractors, including counselors, travel management, criminal background check, and military cultural training staff. However, to demonstrate Magellan's commitment to CYB subcontracting goals and to comply with FAR19-704(7), our dedicated Subcontractor Manager will be the main point of contact to represent Magellan subcontractors for the CYB program and the final authority on behalf of the PMO with respect to subcontract issues. The Subcontractor Manager will work with the Field Network Director, Regional Directors, and subcontracted companies (b) (4) to ensure that service delivery is compliant and seamless, including:

- ◆ Flow-down of all applicable contract requirements to subcontractors
- ◆ Compliance of all functions, including function-specific data and reports compilation
- ◆ Problem resolution and renegotiations.

4.3.2.4 COORDINATION, INTEGRATION AND DECISION MAKING

In addition to providing direction support to the field staff and department managers for subcontractor service delivery on the CYB program, Magellan's CYB Subcontractor Manager will ensure that all subcontracted services are coordinated and integrated into our CYB delivery. She will represent subcontracted functions and staff in all program meetings and ensure that all subcontracted functions are represented correctly in program reports. The integration of data, decisions, and feedback from all of our subcontracted functions will be transparent because of the specific Subcontractor Manager tasks discussed above.

4.3.2.5 PERFORMANCE MONITORING AND PROBLEM RESOLUTION

GATHERING FEEDBACK TO CONTROL QUALITY OF CONTRACTED COUNSELORS

Magellan takes a proactive approach to monitoring and controlling the quality of counselors in our network. We use a multi-dimensional assessment and profiling process to capture critical performance data and identify counselors whose practice patterns fall significantly above or below the standard range so that we can assist them in delivering the best counseling support to service members and their families. Magellan has been at the industry forefront for EAP provider profiling since 2003, when we began evaluating high-volume EAP providers to improve performance on key quality indicators. Although the unique nature of the CYB Program requires a highly customized counselor profile, we will leverage our experience and understanding of profiling best practice to develop and use a profile tool that will continuously improve the quality of services provided by our counselors and ensure that we meet the goals of the CYB Program.

Our profiling process is collaborative and instructive—we work with counselors individually to improve the areas of their practices where they may fall below network norms. Magellan will conduct profiling of rotational and full-time counselors annually. Profiles will address services provided face-to-face and in briefings and presentations. The profiling of rotational and full-time counselors is a formalized, annual process in which the counselors receive a “report card” regarding their performance and the quality of the services that they provide. Throughout the year, Magellan’s robust supervision process involves weekly contact during which any performance that falls below standard is addressed immediately and treated as a “coachable” moment; a plan to address the issue is developed and monitored.

To create the counselor profile, we will collect feedback through the following methods:

- ◆ **Client Face-to-Face Support Satisfaction Survey.** At the completion of a counseling session, the Magellan counselor will present the CYB client with a card containing a link and directions for completing an online satisfaction survey. The online survey uses a balanced Likert scale (one to four stars) for rating satisfaction. Areas covered include usefulness of the contact, counselor knowledge, and informed consent. The survey data will be tabulated by the QA&I Manager and reviewed regularly by our CYB Counseling Services Committee.
- ◆ **Briefings and Presentation Evaluations.** Magellan regularly evaluates the quality of our presentations through the use of our training evaluation form. We have adapted this form to collect specific information on the quality of briefings and presentations provided for the CYB program. Topics include usefulness of the presentation information, counselor knowledge, and overall satisfaction. Counselors will collect and submit these forms to the QA&I Manager for data entry and analysis.
- ◆ **POC Satisfaction Survey:** We will survey military POCs on their satisfaction with individual counselors at the end of their rotation or a surge or on-demand event, and annually for JFSAP permanent counselors. We will administer surveys through push e-mails or telephone calls to the POC. Like the Client survey, the POC survey uses a balanced Likert rating scale. Areas covered include overall satisfaction with counseling services, counselor knowledge, and availability per schedule.
- ◆ **Productivity Measures.** We will use utilization data from the Daily Activity Reports to compare individual counselor productivity against installation norms for number and duration of contacts.

- ◆ **Compliments and complaint** data. Compliment and complaint data from any source is recorded in our tracking system for trending, and analysis.

Magellan's profiling application will aggregate and analyze the information from the above sources to create annual counselor profiles. Each profile presents (1) the individual counselor's score, (2) the program mean, and (3) the counselor's rating based on performance against key performance metrics organized into the following three categories:

- ◆ Face-to-face counseling support
- ◆ Briefing and presentation support
- ◆ POC support.

Figure 4.3.2.5.a Sample Proposed Custom CYB Counselor Profile

Magellan sends completed profiles to counselors and their direct supervisors. Sharing profiles with counselors allows them to see how their work compares to others and to track their own practice performance to improve their skills. Supervisors are available to counselors to review profile results and address any questions. For counselors whose profile results have fallen below the norm, the supervisors will work with them collaboratively to establish a plan to improve their performance systematically. Counselors who disagree with or desire clarification of their profile results may request a formal audit of the findings by our Administrative Services Committee. Offering avenues for input, communication, and feedback between Magellan and our counselors fosters counselor cooperation and investment in the

profiling process. All CYB stakeholders—clients, counselors, and the Government- benefit from better client outcomes and satisfaction.

We also use the counselor profile results in a reward system that gives high-performance counselors preferred scheduling of assignments.

4.3.2.6 GATHERING FEEDBACK TO CONTROL QUALITY OF TRAVEL SERVICES (b) (4)

Magellan's Quality Assurance Plan calls for measurement of the performance against the Performance Indicators (PIs) of: number of deviations from FTRs in total for all travel, by domestic and international, by counselor, and by location. The PMO is responsible for measuring and summary reporting against these metrics, described in the Quality Assurance Plan, (*see Factor 2: Program Management, Subfactor III Quality Assurance*). Reporting is done on a monthly, quarterly, and annual basis, internally to our Magellan management team, externally to our subcontracting partner, (b) (4) and externally to our customer in our contract reports.

Magellan's subcontractor, (b) (4) is responsible for the day-to-day administration of the Federal Travel Regulations. During the transition phase of the project, the PMO will review the (b) (4) systems and sign off on (b) (4) travel process as adhering to Federal Travel Regulations. Once the contract is in the performance phase, (b) (4) will monitor and report against the PIs identified in the Magellan QA plan, and these PIs are included in (b) (4) subcontracting Scope of Work (SOW).

(b) (4) methods for ensuring compliance with the FTRs when making travel plans include a restricted database of only federally approved travel vendors and management approval for all exception processing. Travel Planners will be restricted from using travel vendors who have not qualified as meeting federal travel restrictions. If a travel plan cannot be created using federal guidelines, the counselor is referred to the (b) (4) Travel Plan Lead, (b) (4) for exception processing and approvals. (b) (4) is responsible for communicating the exception to the PMO Scheduler Manager with an explanation. All exceptions to FTR will be discussed at the monthly meeting as part of the QA/QC discussion.

4.3.2.7 GATHERING FEEDBACK TO CONTROL QUALITY OF TRAINING SERVICES (b) (4)

(b) (4)

- ◆ The Subcontractor Manager will be accountable for ensuring adherence to all aspects of the subcontractor agreement and will monitor adherence monthly.
- ◆ The Quality department's Training Manager will provide additional input to ensure the quality of content and delivery, review monthly training and development reports, and oversee coordination of content development and identification.

4.3.2.8 GATHERING FEEDBACK TO CONTROL QUALITY OF PROVIDER CRIMINAL HISTORY BACKGROUND CHECK PROCESSES (b) (4)

- ◆ The Subcontractor Manager will be accountable for ensuring adherence to all aspects of the subcontract and will monitor adherence monthly.
- ◆ The Magellan Credentialing Department will provide additional oversight to ensure timeliness and quality of report delivery.

4.4 SUBFACTOR II: SMALL BUSINESS GOALS MISSION EXECUTION TASK 2. CHILD/YOUTH BEHAVIORAL (CYB)

4.4.1 SMALL BUSINESS SUBCONTRACTING RESULTS

This response section applies to the CYB mission. Magellan is able to offer tangible evidence of success in meeting SB/diversity goals for this program. The results of plans and effort for our two largest federal contracts are included in the graphs below. These two contracts, Federal Occupational Health (FOH) and United States Postal Service (USPS), have total program revenues of approximately (b) (4) annually.

Figure 4.4.1.a and Figure 4.4.1.b Current Customers' SB/SDB Spending

The charts above demonstrate our success in driving significant subcontracting dollars to small business in general, and women and minority enterprises in particular. Based on these results, Magellan is confident in our ability our stated goals for the CYB Program. Additional CYB-specific efforts are outlined in each mission execution task plan below.

Magellan bases subcontracting goals on past experience in subcontracting with small businesses and our in-depth knowledge of the demographics of the mental health professionals with whom we contract for services and the mental health industry in general. Specifically:

- ◆ As previously stated, the majority of behavioral health care professionals are sole practitioners who generally qualify as small business
- ◆ More than half of master’s level mental health professionals are female, and about 40 percent of our contracted providers have self-identified as female
- ◆ According to the 1999 Surgeon General’s report, there continues to be an insufficient number of mental health professionals from racial and ethnic minority groups; the most recent statistics available suggest that racial and ethnic minorities comprise less than 10 percent of mental health professionals; Hispanics comprise approximately 1 percent of psychologists; the number willing to contract with managed behavioral health organizations is even lower.

Using this knowledge and experience, Magellan works with program management during the contract solicitation process to develop competitive strategies to meet subcontracting goals outside the reliance on the provider network.

For the CYB program, we are proposing the following innovative approaches to address any small business subcontracting challenges and to further ensure compliance:

- ◆ Subcontract with a Veteran-Owned Small Disadvantaged Business, (b) (4), to provide a cost-effective concierge approach to travel
- ◆ Subcontract with (b) (4), a Woman-Owned Small Business, to provide the technology platform for training
- ◆ Subcontract with (b) (4) a Woman-Owned Small Business, and (b) (4), a Service-Disabled Veteran-Owned Small Business, to staff non-rotational CYB counseling
- ◆ Subcontract with (b) (4), a Small Business, to provide criminal history background checks for our counselor workforce
- ◆ Maintain a provider network of sole practitioners to satisfy SB, HUBZone, and diversity subcontracting goals.

Our ongoing efforts to identify potential sources of SDVOB, VOB, WOSB, HUBZone, and SDB providers include the following list of search vehicles:

- ◆ Existing company source lists
- ◆ The Central Contractor Registration database (CCR)
- ◆ Veterans service organizations
- ◆ The National Minority Purchasing Council Vendor Information Service
- ◆ The Research and Information Division of the Minority Business Development Agency in the Department of Commerce
- ◆ Minority and small business trade associations
- ◆ Business development organizations and local Chambers of Commerce
- ◆ SB, SDB, WOSB, HUBZone, VOSB, and SDVOSB procurement conferences and trade fairs
- ◆ Sources from the Small Business Administration (SBA) PRO-Net and SUB-Net Systems, (<http://www.sba.gov/>) and other SBA and federal agency resources.

Other Magellan activities that support our small business subcontracting efforts include:

- ◆ Strong subcontract management, including monitoring activities to evaluate compliance with the subcontracting plan
- ◆ Contacting local SBA-Procurement Centers in various states/cities
- ◆ Using of NAICS codes to identify classifications.
- ◆ Identifying SBs, WOSBs, SDBs, VOSBs, SVOSBs, and HZ small business concerns nationwide from commercial price list GSA Federal Supply Schedule
- ◆ Attending Minority Council Procurement Assistance Workshops
- ◆ Attending Federal SBA Annual Procurement Assistance Workshop (nationwide)
- ◆ Using the veteran assistance job bank and similar employment agencies within various cities/states.

Magellan will ensure that all CYB requirements flow down to our subcontractors. We will require all subcontractors that receive subcontracts in excess of \$550,000 that offer further subcontracting opportunities to adopt a subcontracting plan similar to the plan required by FAR 52.219-9, "Small Business Subcontracting Plan."

4.4.2.1 SUBCONTRACTOR PAST PERFORMANCE

Magellan is pleased to present past performance history for its subcontractors that will perform major functions under the program, each of which has experience delivering services that will contribute significantly to the success of the MFLC Program, including experience as a prime contractor and/or subcontractor in delivering services to both the government and/or military personnel and families. Magellan is partnering with these subcontractors to enhance our capacity to provide needed services and our understanding of the military culture, as well as to ensure subcontracting opportunities for small businesses. All of the contracts presented below for the subcontractors are in progress, have at least one year of performance history, and are relevant to the MFLC Program.

Each of these subcontractors has represented to Magellan that they have been 100 percent compliant with all contract requirements for the contracts presented below, and that during the past 5 years, they have not had any active contracts terminated for default, received show cause or cure notices, had a defective pricing or fraud litigation initiated by the government, or had products accepted on a non-conforming basis.

4.4.2.2 (b) (4)

Magellan will contract with (b) (4) for the mission-critical function of travel management. (b) (4), a disadvantaged veteran-owned small business, has more than 10 years of experience in end-to-end travel management and execution of travel programs on behalf of the federal government. (b) (4) began with travel management programs for (b) (4) that required a staff of trained experts who were well-versed in the federal travel regulations, GSA per diem reimbursements, and expense reporting. In order to provide effective and efficient service, (b) (4) developed an in-house quality assurance process, reporting tools, and a team of experts with experience in travel management in support of the federal government and/or DoD.

4.4.2.3 (b) (4)

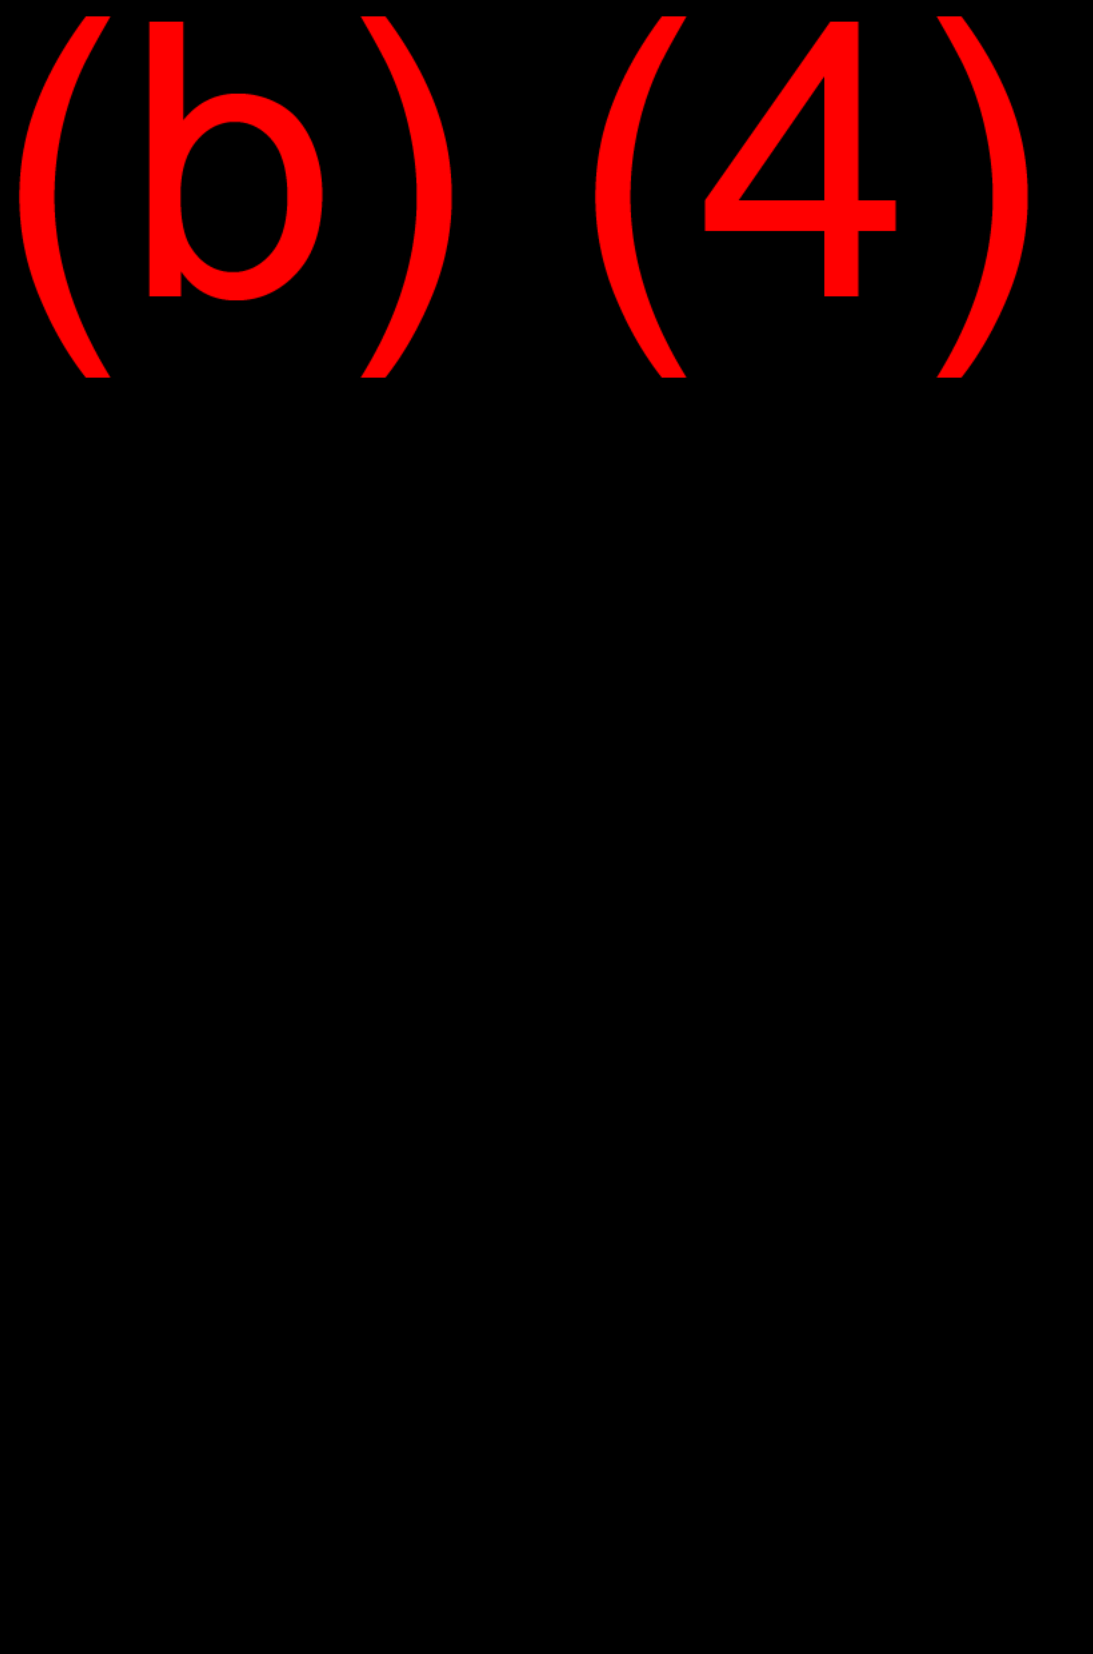

Magellan will contract with (b) (4), along with (b) (4) to perform the mission-critical function of recruiting and employing MFLC and CYB non-rotational counselors. (b) (4) is a service-disabled veteran-owned small business. Since 2005, (b) (4) has participated in 10 contracts as a prime or subcontractor and has been 100 percent compliant with all contract requirements; three of the 10 contracts are viewable on the government's Contractor Performance Assessment Reporting System (CPARS). (b) (4) past performance demonstrates the ability to manage fully a project of the type and scope of staffing non-rotational counselor positions for the MFLC program. (b) (4) recognizes and understands the nuances of military life and culture and offers a strong management team fluent in the standards and protocols required in government contracting, including recruitment, hiring, and maintaining credentials and security clearances.

4.4.2.4 (b) (4)

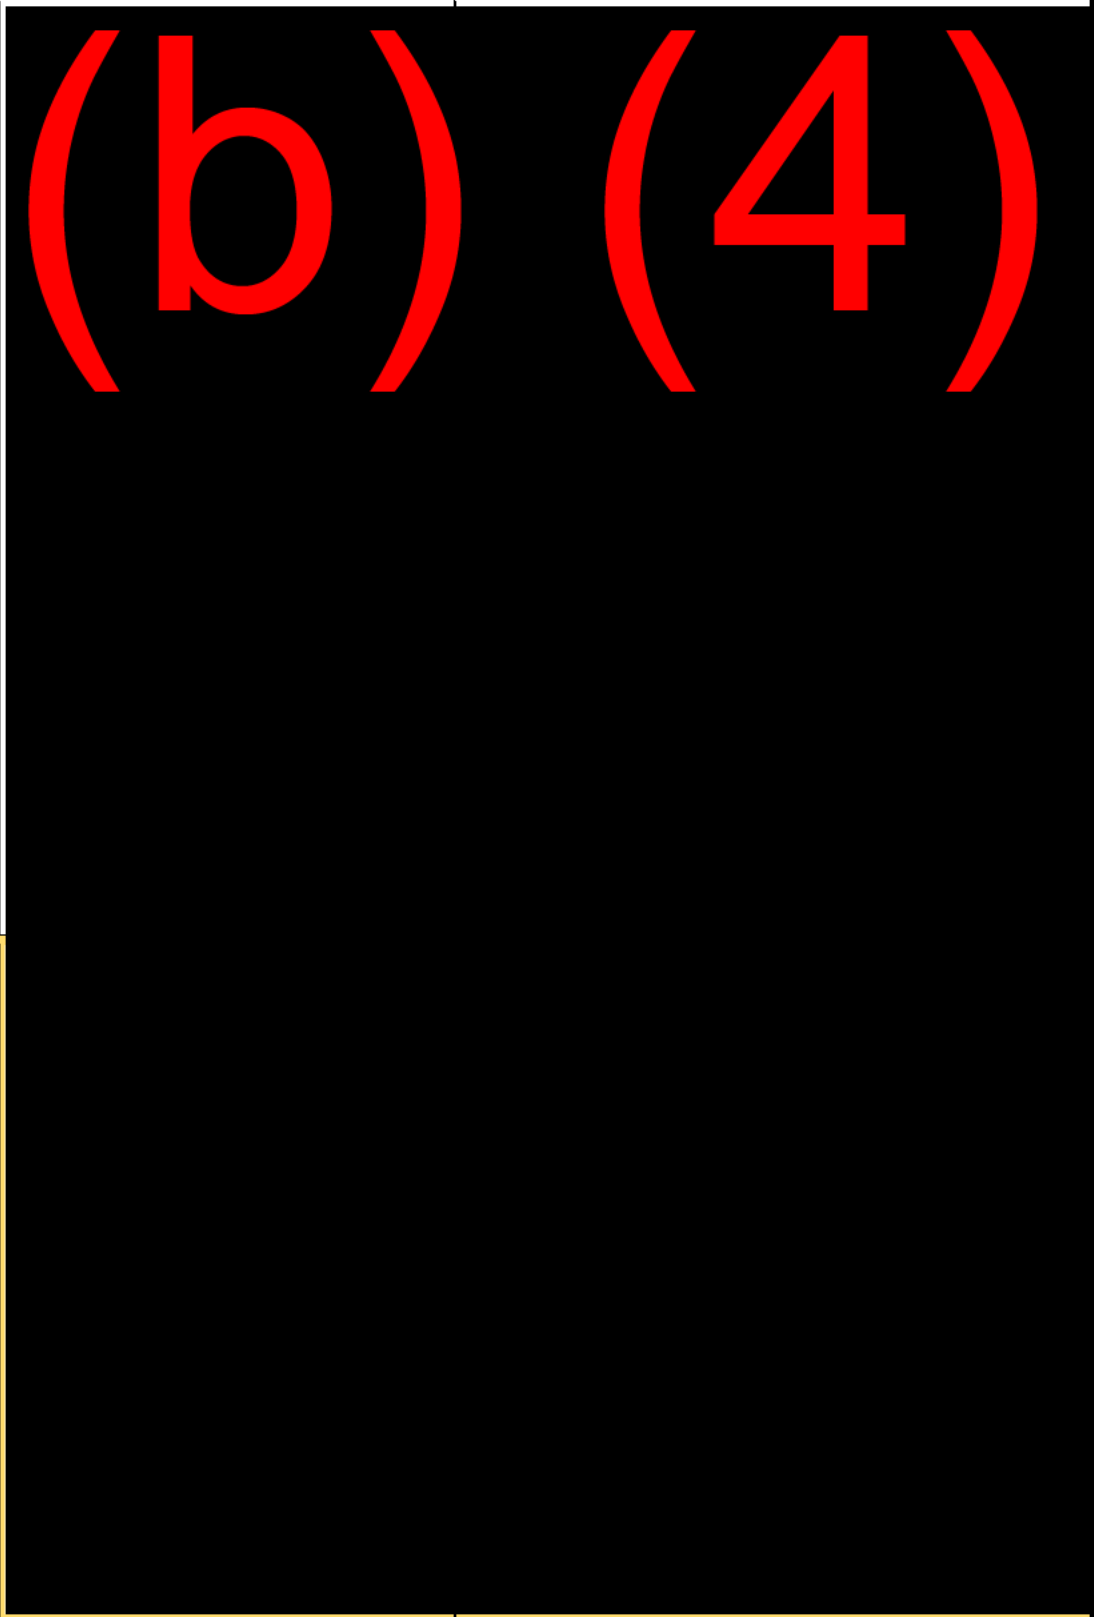

Magellan will contract with (b) (4), along with (b) (4) to perform the mission-critical function of recruiting and employing MFLC and CYB non-rotational counselors (b) (4) is a woman-owned small business that specializes in supplying behavioral health professionals to organizations on an interim, long- and short-term basis, including for military projects as a subcontractor to companies contracted with DoD, as

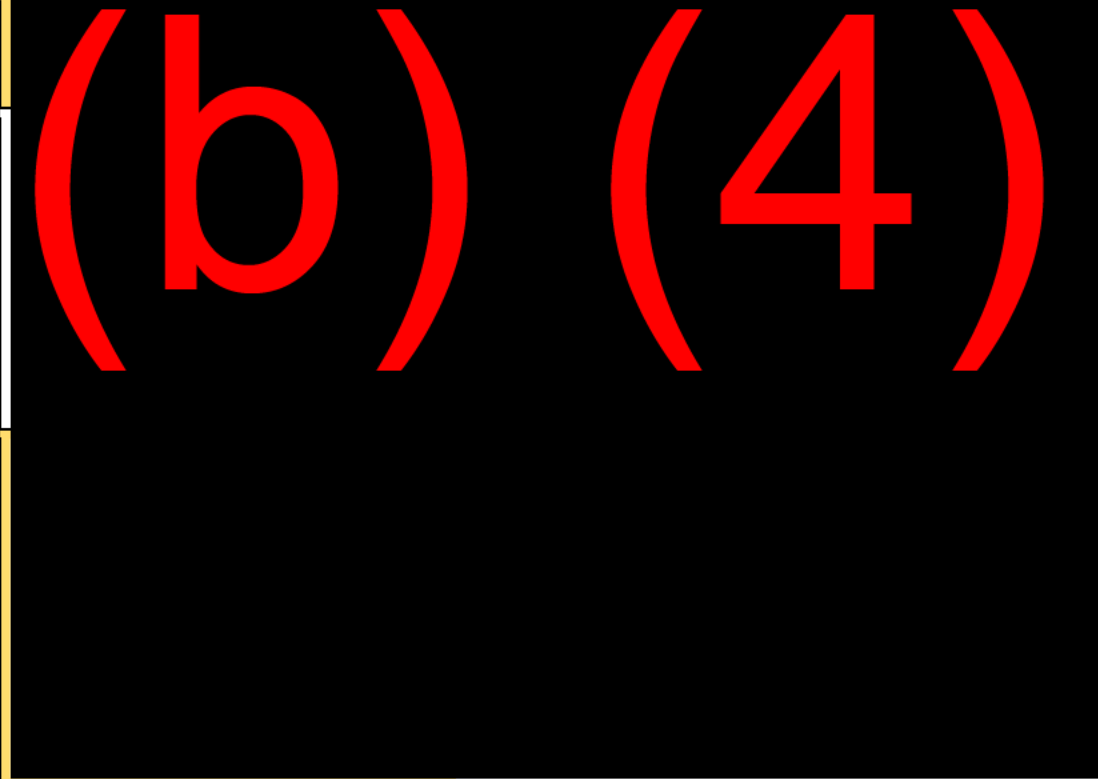

demonstrated by the contracts identified in **Table 4.4.2.4.1.** (b) (4) has been in business for approximately five years and has built a solid reputation for providing timely, cost effective performance through its years of successfully servicing military and federal facilities across the country. (b) (4) experience ranges from providing various licensed and non-licensed behavioral healthcare professionals to the (b) (4) (b) (4) to providing specialized professionals throughout (b) (4) (b) (4). Additionally, (b) (4) recently was awarded a contract to recruit and place various health care positions nationwide as a subcontractor under the (b) (4).

Magellan will contract with (b) (4) to perform the critical functions of conducting criminal history background checks and verification of counselor credentials. (b) (4) is a global specialist in background screening and healthcare/military credentialing that has conducted personnel screening and credentialing for more than 20 years. (b) (4) conducting the criminal history background checks of MFLC program counselors and other staff (b) (4) goes far beyond the traditional screening organization with its customer service and capability of managing a candidate or file through the screening and credentialing process with sensitivity and understanding of the military customer expectations.

4.4.2.6 (b) (4)

Magellan will contract with (b) (4) woman-owned small business, for military culture training services for the MFLC and CYB program. (b) (4) is an expert in the U.S. defense industry, specializing in federal acquisition, military logistics, hazard vulnerability analysis and CBRN and first responder training, exercises and logistics support, including manuals, supply support, data management, and maintenance. (b) (4) will work with Magellan to prepare program management staff, full-time counselors, rotational counselors, and surge and on-demand staff to deliver effective program services by quickly establishing rapport and respect through clear understanding of the military and the challenges that military families face. (b) (4) will utilize the latest technology to make the training available, engaging, and easy to participate in as well as implementing a system to track and record participation and outcomes data.

QUALITY ASSURANCE SURVEILLANCE PLAN (QASP)

1 INTRODUCTION

This quality assurance surveillance plan (QASP) is pursuant to the requirements listed in the performance work statement (PWS) entitled Military and Family Life Counseling Program. This plan sets forth the procedures and guidelines Magellan will use in ensuring the required performance standards or service levels are achieved.

1.1 Purpose

- 1.1.1 The purpose of the QASP is to describe the systematic methods used to monitor performance and to identify the required documentation and the resources to be employed. The QASP provides a means for evaluating whether Magellan is meeting the performance standards/quality levels identified in the PWS and Magellan's quality control plan (QCP), and to ensure that the government pays only for the level of services received.
- 1.1.2 This QASP defines the roles and responsibilities of all members of the Magellan team, identifies the performance objectives, defines the methodologies used to monitor and evaluate performance, describes quality assurance documentation requirements, and describes the analysis of quality assurance monitoring results.

1.2 Performance Management Approach

- 1.2.1 The PWS structures the acquisition around "what" service or quality level is required, as opposed to "how" Magellan should perform the work (i.e., results, not compliance). This QASP will define the performance management approach taken by Magellan to monitor and manage performance to ensure the expected outcomes or performance objectives communicated in the PWS are achieved. Performance management rests on developing a capability to review and analyze information generated through performance assessment. The ability to make decisions based on the analysis of performance data is the cornerstone of performance management; this analysis yields information that indicates whether expected outcomes for the project are being achieved.
- 1.2.2 Performance management represents a significant shift from the more traditional quality assurance (QA) concepts in several ways. Performance management focuses on assessing whether outcomes are being achieved and to what extent. This approach migrates away from scrutiny of compliance with the processes and practices used to achieve the outcome. A performance-based approach enables Magellan to play a large role in how the work is performed, as long as the proposed processes are within the stated constraints. The only exceptions to process reviews are those required by law (federal, state, and local) and compelling business situations, such as safety and health. A "results" focus provides the flexibility to continuously improve and innovate over the course of the contract as long as the critical outcomes expected are being achieved and/or the desired performance levels are being met.

1.3 Performance Management Strategy

- 1.3.1 Magellan is responsible for the quality of all work performed. Magellan measures that quality through Magellan's quality control (QC) program. QC is work output, not workers, and therefore includes all work performed under this contract regardless of whether the work is performed by Magellan employees or by subcontractors. Magellan's QCP will set forth the staffing and

procedures for self-inspecting the quality, timeliness, responsiveness, customer satisfaction, and other performance requirements in the PWS. Magellan will develop and implement a performance management system with processes to assess and report performance to the designated government representative. The QCP will set forth the staffing and procedures for self-inspecting the quality, timeliness, responsiveness, customer satisfaction, and other performance requirements in the PWS. This QASP enables the government to take advantage of the contractor's QC program.

1.3.2 The government representative(s) will monitor performance and review performance reports furnished by Magellan to determine how Magellan is performing against communicated performance objectives. The government will make determination regarding incentives based on performance measurement metric data and notify Magellan of those decisions. Magellan will be responsible for making required changes in processes and practices to ensure performance is managed effectively.

2 ROLES AND RESPONSIBILITIES

2.1 The Contract Administrator

The Contract Administrator (CA) is responsible for monitoring contract compliance, contract administration, and cost control and for resolving any differences between the observations documented by the Quality Assurance and Improvement Director (QAID).. designated by the CO.

2.2 The Project Director

The Project Director (PD) is responsible for technical administration of the project and ensures proper Quality surveillance of the program's performance.

2.3 Quality Assurance and Improvement Director

The Quality Assurance and Improvement Director (QAID) will have the responsibility for completing QA monitoring forms used to document the inspection and evaluation of the program's work performance. Magellan understands government surveillance may occur under the inspection of services clause for any service relating to the contract.

3 IDENTIFICATION OF REQUIRED PERFORMANCE STANDARDS/QUALITY LEVELS

The required performance standards and/or quality levels are included in the PWS. and in Attachment 1, "Performance Requirements Summary." Failure to meet the required service or performance level will result in a deduction from the monthly amount.

4. METHODOLOGIES TO MONITOR PERFORMANCE

4.1 Surveillance Techniques

In an effort to minimize the performance management burden, simplified surveillance methods shall be used by the government to evaluate contractor performance when appropriate. The primary methods of surveillance are (include those that apply)

- Random monitoring, which shall be performed by the QAID or designee.
- 100% Inspection – Each month, the QAID or designee, shall review the generated documentation and enter summary results into the Surveillance Activity Checklist.
- Periodic Inspection – QAID or designee typically performs the periodic inspection on a monthly basis.

4.2 Customer Feedback

Magellan will establish and maintain professional communication between its employees and customers. The primary objective of this communication is customer satisfaction. Customer satisfaction is the most significant external indicator of the success and effectiveness of all services provided and can be measured through customer complaints and satisfaction surveys

Performance management drives Magellan to be customer focused through initially and internally addressing customer complaints and investigating the issues and/or problems but the customer always has the option to communicate complaints to the Contracting Officer's Technical Representative (COTR), as opposed to Magellan.

Customer complaints, to be considered valid, must set forth clearly and in writing the detailed nature of the complaint, must be signed, and must be forwarded to the QAID or designee. The QAID or designee will accept those customer complaints and investigate using the customer complaint form (to be modified to be specific to this program upon contract award), identified in Attachment 3.

Customer feedback may also be obtained either from the results of formal customer satisfaction surveys or from random customer complaints.

4.3 Acceptable Quality Levels

The acceptable quality levels (AQLs) included in Attachment 1, Performance Requirements Summary Table, for contractor performance are structured to allow Magellan to manage how the work is performed while providing negative incentives for performance shortfalls.

5 QUALITY ASSURANCE DOCUMENTATION

5.1 The Performance Management Feedback Loop

The performance management feedback loop begins with the communication of expected outcomes. Performance standards are expressed in the PWS and are assessed using the performance monitoring techniques shown in Attachment 1.

5.2 Monitoring Forms

Magellan's QA surveillance, accomplished by the QAID or designee, will be reported using the monitoring forms in Attachments 2 and 3. The forms, when completed, will document the assessment of performance under the contract to ensure that the required results' quality levels are being achieved.

5.2.2 The CA will retain a copy of all completed QA surveillance forms.

6 ANALYSIS OF QUALITY ASSURANCE ASSESSMENT

6.1 Determining Performance

6.1.1 Magellan shall use the monitoring methods cited to determine whether the performance standards/service levels/AQLs have been met. If Magellan has not met the minimum requirements, Magellan will develop a corrective action plan to show how and by what date it intends to bring performance up to the required levels. Failure to meet the AQL may result in a deduction from the monthly payment, using the deduction percentages shown in Attachment 1.

6.2 Reporting

6.2.1 At the end of each month, the QAID or designee will prepare a written report for the CA summarizing the overall results of the quality assurance surveillance of performance. This written report will become part of the QA documentation. It will enable the government to demonstrate whether the contractor is meeting the stated objectives and/or performance standards, including cost/technical/scheduling objectives.

6.3 Reviews and Resolution

6.3.1 The PD may require the CA and QAID to meet with the PD as deemed necessary to discuss performance evaluation. The PD will define a frequency self assessment reviews. The PD and QAID co-chair the MFLC Quality Committee and will review in committee all key performance areas, level of performance and trend analyses. The agenda of the reviews may include:

- Monthly performance assessment data and trend analysis
- Issues and concerns of both parties
- Projected outlook for upcoming months and progress against expected trends, including a corrective action plan analysis
- Recommendations for improved efficiency and/or effectiveness
- Issues arising from the performance monitoring processes

6.3.2 The PD will coordinate and communicate with quality and operations personnel to resolve issues and concerns regarding marginal or unacceptable performance.

6.3.3 Magellan will work with the government to jointly formulate tactical and long-term courses of action. As appropriate Magellan will suggest changes to metrics, thresholds, or service levels and clearly document the results.

GUARANTY AGREEMENT FOR CORPORATE GUARANTOR

(Applicable to One or More Government Contracts)

The undersigned

Magellan Health Services, Inc.

(Insert Guarantor's Name)

55 Nod Road Avon, CT 06001

(Insert Guarantor's Address)

for itself, its successors and assigns, hereinafter referred to as the Guarantor, requests the United States of America (Department of Defense) hereinafter called the Government, to award contract or contracts to

Magellan Behavioral Health, Inc.

a corporation

(Insert Contractor's Name)

organized under the laws of the State of **Delaware** having its principal place of business at **6950 Columbia Gateway Drive**

(Street Address)

in the City of **Columbia** in the State of **Maryland**,

herein after called the Contractor. The undersigned Guarantor agrees to guarantee absolutely to the Government the full, complete and faithful performance of the Contractor of any and all contracts, hereinafter referred to as such contract, according to the terms and conditions thereof and at the time and in the manner provided therein.

In consideration of the award of any and all contracts to the Contractor, the undersigned Guarantor agrees as follows:

1. *Guaranty.* The Guarantor absolutely guarantees the full, complete and faithful performance by the Contractor of such contract, as such contract may be from time to time amended as authorized by its terms, according to the terms and conditions of such contract as so amended, and at the time and in the manner provided therein. The Guarantor agrees to provide the Contractor all necessary and required resources including financing, which are necessary to assure the full, complete and satisfactory performance of such contract.
2. *Extension of Time of Performance.* Any extension of the time of performance of such contract as so amended shall not release the undersigned Guarantor from liability hereon.
3. *Assignment.* This instrument shall bind the undersigned Guarantor, its successors and assigns. If any person, firm, corporation or entity other than the Contractor becomes obligated to perform the contract or any part thereof, whether by operation of law or otherwise, any and all rights of the Government against the Guarantor shall remain in full force.
4. *Default.* In the event of termination for default under the terms of such contract, or in the event of failure, insolvency, default, bankruptcy, arrangement, appointment of receiver of the Contractor or other liquidation of the Contractor, the Guaranty herein shall become absolute.
5. *Waiver of Notice.* The Guarantor waives notice of default on the part of the Contractor and agrees that its Guaranty shall become absolute without necessity for the giving of such notice.
6. *Continuation of Guaranty.* The Guaranty herein shall continue until full, complete and faithful performance of such contract as it may be from time to time amended as authorized by its terms.
7. *Default Liability.* In addition to all other guarantees contained in this Agreement, in the event that the Government terminates such contract for default and awards the uncompleted portion of such contract to another source at a fair and reasonable price, the Guarantor shall be liable for any excess costs incurred by the Government as a result of such procurement and for the repayment of any unrecouped payments (e.g., partial payments, Progress Payments, or Advance Payments) paid to the Contractor by the Government. In addition, the Guarantor shall be liable for all costs and expenses paid or incurred by the Government in enforcing this Guaranty. The Contracting Officer representing the Government in connection with such contract shall determine the total costs and expenses, if any, incurred by the Government.
8. *Enforcement.* This Guaranty Agreement shall inure to the benefit of and may be enforced by the Government.
9. *Construction.* Nothing in this Guaranty Agreement shall be construed to obligate the Government to award a contract to the Contractor.

10. Coverage, Termination, Waiver, and Expiration.

a. Except as otherwise provided herein, this Guaranty Agreement refers to and shall be effective with respect to any and all contracts for supplies or services entered into, on or after the date of this Agreement between the Government and the Contractor. Unless otherwise indicated by the context the singular of the word "contract" as used in this Agreement shall mean the plural term "contracts" whenever this Agreement shall become effective with respect to more than one contract between the Government and the Contractor. For the purpose of any additional procurement of supplies or services called for by any agreement supplemental to a contract between the Government and the Contractor, the term "contract" shall refer to such supplemental agreement.

Additionally, this Agreement will include the contracts already in existence between the Contractor and the Government before the Agreement date, as specified here:

b. The Guaranty Agreement is a continuing guaranty and shall remain in full force and effect until the later of (1) the performance in full of the guaranteed obligations, or under the guaranteed contracts. (2) the termination of all continuing obligations and commitments of the Contractor under the guaranteed contracts. In the case of termination of the continuing commitments of the Contractor on any guaranteed contract, the termination notices must be given in writing citing the affected contracts.

c. When the Government Contracting Officer determines that it is in the best interest of the Government to do so, the Contracting Officer may, by written notice addressed to the Guarantor at the Guarantor's address shown herein, waive the effect of this Agreement with respect to any specifically identified individual contract between the Government and the Contractor entered into after the date of such written notice. A separate written notice shall be given with respect to each contract that the Contracting Officer determines shall not be subject to the effect of this Agreement.

d. In the event that all of the contracts covered by this Guaranty Agreement have been satisfactorily completed by the Contractor including all continuing commitment of the Contractor under the contracts, the Guarantor may request the cognizant Government Contracting Officer for this Guaranty Agreement to issue a written notice which states that this Guaranty Agreement is considered to have expired.

Executed the 27th day of June year of 2012.

DD FORM 254 (BACK), DEC 1999

SECTION 13:

Ref 10j: FOUO information/provided under this contract shall be safeguard as specified in the attachment, Protecting for Official Use Only (FOUO) Information.

Ref 10k: ACCM information is governed by DoDM 5200.01 Vol 3, "Information Security Program," Chapter 6, Section 8, "Alternative Compensatory Control Measures (ACCM)," and OSD/C3I Memorandum, 18 April 2003, "Revised Alternative Compensatory Control Measures (ACCM) Guidance"; Focal Point Program information is governed by CJCS Manual 3213.02C, "Focal Point Program Procedures", and supporting documentation for each Focal Point sub-system, including security classification guides, program security plans, and governing directives. Inspections of ACCM information in USSOCOM, Component (JSOC, AFSOC, NSWC, MARSOC, or USASOC), or Theater Special Operation Command (SOCCENT, SOCEUR, SOCPAC, SOCSOUTH, or SOCKOR) owned and operated facilities are under the auspices of the respective Command or Component FPPCO.

Ref 11a: Contractor performance is restricted to NSWC (Stennis) facilities. Government agency or activity will provide security classification guidance for performance of this contract. Submit visit request to COR and /or Security Management Office for need-to-know verification. Additional locations may be required upon coordination and approval of Program Manager and/or COR.

Meetings or visits conducted by the contractor will be done IAW NISPOM Ch6.

All transportation or transmission of classified information/material to and from USOCOM facilities shall be conducted IAW USSOCOM Manual 380-11, Ch. 7.

SECTION 14:

While performing duties within HQ USSOCOM, Component (JSOC, AFSOC, NSWC, MARSOC, or USASOC) or Theater Special Operation Command (SOCCENT, SOCPAC, SOCSOUTH, SOCAFRICA, or SOKOR) owned and operated facilities, the contractor must adhere to the applicable Information Security Program, ADP and DoDIIS Programs, Physical Security Program, Industrial Security Program, and SCI/SAP Program (if applicable). Prior approval of the contracting activity is required for subcontracting. Access to intelligence information requires special briefings and a U.S. Government clearance at the appropriate level.

Training Requirement: Contractors performing on this contract at military installations are required to conduct command and unit specific security training (Initial/Refresher INFOSEC, OPSEC, EMSEC, AT/FP, etc.). This training will be provided by the responsible military organization.

IA requirements: Specific Information Assurance requirements may be mandated and are authorized by the responsible command sponsoring accreditation.

SECTION 15:

Defense Security Service (DSS) is relieved of security inspection responsibility for SCI portions of the contract within a contractor's facility. Security oversight and inspection responsibility falls under the purview of the USSOCOM, Component (JSOC, AFSOC, NSWC, MARSOC, or USASOC), or Theater Special Operation Commands (SOCCENT, SOCEUR, SOCPAC, SOCSOUTH, SOCAFRICA, or SOCKOR) SSO.

Item 8 Continued:

Location and Number of Contracted Staff for SOCOM Installations.

Security oversight fall under the responsibility of the respective Component, Installation or Unit Security Office

PROTECTING "FOR OFFICIAL USE ONLY" (FOUO) INFORMATION

1. GENERAL:

- a. The "For Official Use Only" (FOUO) marking is assigned to information at the time of its creation in a DoD User Agency. It is not authorized as a substitute for a security classification marking but is used on official government information that may be withheld from the public under exemptions 2 through 9 of the Freedom of Information Act (FOIA).
- b. Other non-security markings, such as "Limited Official Use" and "Official Use Only" are used by non-DoD User Agencies for the same type of information and should be safeguarded and handled in accordance with instruction received from such agencies.
- c. Use of the above markings does not mean that the information cannot be released to the public under FOIA, only that it must be reviewed by the Government prior to its release to determine whether a significant and legitimate government purpose is served by withholding the information or portions of it.

2. MARKINGS:

- a. An unclassified document containing FOUO information will be marked "For Official Use Only" at the bottom of the front cover (if any), on the first page, on each page containing FOUO information, on the back page, and on the outside of the back cover (if any). No portion markings will be shown.
- b. Within a classified document, an individual page that contains both FOUO and classified information will be marked at the top and bottom with the highest security classification of information appearing on the page. If an individual portion contains FOUO information but no classified information, the portion will be marked, "FOUO."
- c. Any "For Official Use Only" information released to a contractor by a DoD User Agency is required to be marked with the following statement prior to transfer.

"This document contains information EXEMPT FROM MANDATORY DISCLOSURE UNDER THE FOIA. Exemptions apply."

- d. Removal of the "For Official Use Only" marking can only be accomplished by the originator or other competent authority. When the "For Official Use Only" status is terminated, all known holders will be notified to the extent practical.

3. DISSEMINATION: Contractors may disseminate "For Official Use Only" information to their employees and subcontractors who have a need for the information in connection with a classified contract. Contractors must ensure employees and subcontractors are aware of the special handling instructions detailed below.

4. STORAGE: During working hours, "For Official Use Only" information shall be placed in an out-of-sight location if the work area is accessible to persons who do not have a need for the information. During nonworking hours, the information shall be stored to preclude unauthorized access. Filing such material with other unclassified records in unlocked files or desks, is adequate when internal building security is provided during nonworking hours. When such internal security control is not exercised, locked buildings or rooms will provide adequate after-hours protection or the material can be stored in locked receptacles such as file cabinets, desks, or bookcases.

5. TRANSMISSION: "For Official Use Only" information may be sent via first-class mail or parcel post. Bulky shipments may be sent by fourth-class mail. DoD components, officials of DoD components, and authorized DoD contractors, consultants, and grantees send FOUO information to each other to conduct official DoD business. Tell recipients the status of such information, and send the material in a way that prevents unauthorized public disclosure. Make sure documents that transmit FOUO material call attention to any FOUO attachments. Normally, you may send FOUO records over facsimile equipment. To prevent unauthorized disclosure, consider attaching special cover sheets, the location of sending and receiving machines, and whether authorized personnel are around to receive FOUO information. FOUO information may be passed to officials in other departments and agencies of the executive and judicial branches to fulfill a government function. Mark the records "For Official Use Only" and tell the recipient the information is exempt from public disclosure under the FOIA and requires special handling.

6. DISPOSITION: When no longer needed, FOUO information must be shredded.

7. UNAUTHORIZED DISCLOSURE: Unauthorized disclosure of "For Official Use Only" information does not constitute a security violation but the releasing agency should be informed of any unauthorized disclosure. The unauthorized disclosure of FOUO information protected by the Privacy Act may result in criminal sanctions and disciplinary action may be taken against those responsible.

SECTION B – SUPPLIES OR SERVICES AND PRICES/COSTS

B.1 Consideration and Payment

This contract is comprised of Firm-Fixed Price (FFP) and Labor Hour (LH) Contract Line Items (CLINs). At the conclusion of the Base Period (and any exercised option periods thereafter) the Government may request to convert the LH CLINs to FFP CLINs. This may be accomplished by increasing the baseline quantity (and correspondingly decreasing the baseline augmentation of counselors); the associated fixed price management cost may also increase, thereby reducing the LH portion of program management associated with the decrease of counselors for baseline augmentation.

The CLIN structure and funding information is located in Section J, Attachment 1, CLIN Structure. All CLINs for all METs are subject to the availability of funding, including FFP CLINs. The contractor **shall not** perform work in excess of the funded total **per CLIN**. The funded total for each individual CLIN is reflected in Section J, Attachment 1, and will be updated with each contract modification that involves quantities and/or funding. The contractor is responsible for notifying the Contracting Officer (CO) and Contracting Officer's Representative (COR) if work is requested or required that would exceed the available funding level for any individual CLIN.

B.2 Other Direct Costs

The CO shall determine the allowability of ODCs in accordance with subpart 31.2 of the Federal Acquisition Regulation (FAR).

B.3 Travel

All travel must be approved in advance and in writing by the COR, Program Manager, or CO, prior to travel. Once approved, the contractor shall be reimbursed for the actual costs of transportation, lodging, meals, and incidental expenses during the authorized travel in accordance with the current Federal Travel Regulations (FTR).

B.4 Overtime

In the event the Government determines overtime to be necessary, it shall be negotiated and approved in advance and in writing by the CO.

B.5 Holidays

The following is a list of Government holidays:

New Year's Day
Inauguration Day*
Martin Luther King Day
President's Day
Memorial Day
Independence Day
Labor Day
Columbus Day
Veterans Day
Thanksgiving Day
Christmas Day

*Every 4th year, following the Presidential Election cycle

B.7 Optional CLINS

Optional CLINS are designed to accommodate additional needs of service members and their families, which cannot be fully anticipated at the time of award. Optional CLINS may be activated as often as necessary, but will not exceed the total quantity as specified within the CLIN structure (Reference Section J, Attachment 1). Any quantities not exercised in any performance period may be carried forth to any subsequent exercised option period. If additional capacity is required after the exhaustion of all optional quantities in the current period of performance, optional quantities from future option periods may be transferred to the current period. Any quantities carried from other than the current period of performance shall be exercised at the rate(s) for the current performance period.

SECTION C – DESCRIPTION AND SPECIFICATIONS

PERFORMANCE WORK STATEMENT

Mission Execution Tasks:

- 1. General Military & Family Life Counseling Program (MFLC)**
- 2. Child and Youth Behavioral Program (CYB)**

1.0 INTRODUCTION

On behalf of the U.S. Military Departments, including the National Guard and Reserve Components, the Department of Defense (DoD) requires a contractor(s) to provide general MFLC and CYB-MFLC counseling services. These counseling services are intended to augment other DoD support services/programs available for active military as well as Guard and Reserve service members and their families. This non-medical counseling services are intended to provide private and confidential, short term, situational, problem-solving counseling services, which are targeted to ensure that personal and family issues of military service members do not detract from military operational readiness. These services also serve to strengthen the confidence and increase the competencies of military service members and their families in dealing with the stressors of military life. The counseling services will be provided world-wide on an as needed basis for all military active duty as well as Guard and Reserve service members and their families.

The counseling services shall be delivered face-to-face using a “walk-around/coaching” approach, usually at or near participating duty stations, but also within the civilian communities. Typically, counselors will provide these services via a highly flexible 40 hour work week.

1.1 BACKGROUND

Due to unprecedented high levels of past and present deployments of U.S. military service members to locations such as Iraq, Afghanistan and other areas of world conflict, military members/families have experienced extreme stress. The stresses of military life have become increasingly complex, requiring a wide range of problem solving skills in areas such as: single parenting; child care; financial stability; spousal employment; fluctuating family income; frequent relocations; isolation from other extended family members, child education, and children coping with the absence of a parent. The DoD recognizes these difficulties and is committed to providing the necessary support.

Active participation in stress prevention and counseling programs by military service members and their families is highly encouraged by DoD. In order to satisfy this widely recognized and unmet need, DoD created the MFLC Program, facilitating private and confidential services outside the chain of command.

Other military family life issues of a medical nature requiring a medical diagnosis, including but not limited to those disorders found in the latest Diagnostic and Statistical Manual of Mental Disorders – currently the Fourth Edition (DSM-IV, TR) - are not provided under the MFLC services. Issues of a medical nature will be referred to a Military Medical Treatment Facility (MTF), TRICARE or other civilian medical treatment facility.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

Situations encountered that involve domestic violence, child abuse, and duty to warn (harm to self or others,) are not provided for under the MFLC Program, and therefore, must be reported, as mandated, to the respective military (Reference Section J, Attachment 5), federal and state authorities.

2.0 SCOPE OF WORK

The contractor will assist the DoD in the following tasks: provide private and confidential non-medical, problem-solving, counseling services, in support of the MFLC Program on an as-needed basis, to support all active and Reserve component military service members and their families, including severely injured service members and their families. MFLC services are meant to augment, not replace, other existing DoD military support services or programs. The MFLC services will be provided by licensed or certified counselors. The counseling support will not be associated with any Military Medical Treatment Facility, mental health counseling service, TRICARE, or any other medical providers.

Counseling sessions (which may vary in duration from a few minutes to 2 hours) shall be provided on an as needed basis. Counseling is limited to defined problem areas that address situational “problems-in-living” – most conditions listed as V Codes in the DSM-IV, TR. V Code exceptions include those listed in the DSM IV, TR, “Problems related to Abuse and Neglect” (child physical abuse/neglect, physical abuse of an adult (domestic violence), and sexual abuse and assault. Counseling shall be non-medical, short-term, solution-focused, and is intended to address issues, which are amenable to brief intervention. For issues not amenable to intervention via brief/short term interaction, counseling shall be referred to behavioral health, TRICARE, or other providers of professional mental health services as appropriate.

Installations receiving counseling services are located throughout the Continental United States (CONUS), overseas (OCONUS), and are comprised of all military branches as well as National Guard and Reserve Components (Reference Section J, Attachment 8).

3.0 OBJECTIVE

To provide private, confidential non-medical counseling/coaching program for service members and their families. The counseling support is intended to augment, but not replace, existing military/civilian support services or Service funded staff positions/programs. The counseling program should remain flexible to ensure services are provided when and where they are needed, and to service National Guard and Reserve Component service members federally activated in accordance with U.S.C. Title 10 as well as their families who often feel isolated and do not live near military installations. The counseling program will consist of an as needed, short-term, situational, problem-solving counseling service for service members and their families which addresses the stressors of military life. The counseling service will assist service members and their families in dealing with deployments, effects of war, relationships, crisis intervention, stress management, family issues, parent-child communications, family separations, reunions and reintegration due to deployments. This counseling service is an integral part of military and family support programs that are targeted to ensure personal and family issues do not detract from operational readiness; to strengthen individuals by assisting them in the problem-solving process and to increase individual and family member competencies and confidence.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

4.0 MINIMUM REQUIREMENTS FOR ALL MISSION EXECUTION TASKS

- 4.1. The contractor must recruit, retain, train, and maintain a deployable network of counselors, which meet all credentialing requirements in this PWS. The Offeror's network shall assure access to face-to-face counseling.
- 4.2. The contractor shall have the capacity to fulfill and manage all task requirements to deploy the required number of counselors to accommodate the baseline, baseline fluctuation, and short term surge and on demand support requirements approved by the Office of the Secretary of Defense (OSD). MFLCs and CYB-MFLCs may provide short term surge support for planned and unplanned events, JFSAP, military contingencies and/or disasters.
- 4.3. The contractor shall establish and utilize a comprehensive financial management system, processes, and procedures to manage all aspects of tracking costs associated with performing all aspects of this requirement. The contractor shall establish and implement audit trail capabilities, internal controls, corrective action procedures, and reporting capabilities. The contractor shall dedicate personnel for financial management, including the assignment of management functions, authority and responsibility.
- 4.4. CREDENTIALING
 - a. All counselors and supervisors must have submitted required documentation and have undergone credentials review/verification by the contractor of all items in this section prior to performing under this contract. The Contractor will not send a counselor to any location at any time during the performance of this contract until verification of Criminal History background check is initiated. All counselors will undergo a criminal history background check in accordance with DoD Instruction No. 1402.5, Criminal History Background Checks on Individuals in Child Care Services (Reference Section J, Attachment 4).

The Contractor shall not utilize a provider for non-medical counseling, at any location at any time during the performance of this contract, until a Criminal History Background Check and Fingerprint Check have been initiated (submitted to appropriate agency completing the check). Contractor personnel/providers who have previously received an acceptable Criminal History Background Check and Fingerprint Check in the last five years shall provide proof to the prime Contractor prior to performing under this contract. The level of Criminal History Background Check and Fingerprint Check shall be at a minimum the same level described in DoD Instruction No. 1402.5 (reference Section J-4) for all non-medical counselors/providers, and the requirement therein regarding five year recency of Criminal History Background Checks and Fingerprint Checks applies equally, as a contract requirement, for all non-medical counselors/providers, without any distinction to counselors who do or do not provide counseling to children. Parental approval, documented in writing, is required for all child participants under the age of 18 receiving non-medical counseling services. Duty to Warn or Mandated report situations do not require parental/guardian approval in order to report to authorities.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

For all mission execution tasks, the contractor shall annually certify and be able to demonstrate (at any time) to OSD or the CO, in writing, that the counselors and supervisors licensure, credentials, required experience and background checks are current and proper for performance under this contract. This certification shall verify that the counselor has not experienced any terminations of performance under any other government contract or any license suspensions or any investigations. Counselors, who have experienced any of the aforementioned actions, will not perform services under this contract (under particular limited circumstances, the Government may consider an exception on a case-by-case basis). The contractor shall certify, upon award and the exercise of each option period, that all counselors and supervisors are properly licensed or certified, comply with the appropriate background check requirements, and possess all other qualifications as indicated in the PWS prior to beginning an assignment. The contractor shall maintain all counselor/supervisor certifications and background check documentation for the life of this contract, and make them available for government review at any time during performance.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

The Contractor will complete a Secret Clearance on counselors determined by the Government to need such a clearance, with an Interim Secret Clearance being acceptable while the process of investigation and completion is finalized. Currently there are 36 General MFLC positions which require a Secret clearance, however it is anticipated that the number may increase to 60 or more.

b. Specialized Work Experience (MFLC and CYB Counselors)

The counselors shall possess a broad range of Specialized Work Experience including, but not limited to: working with family programs and/or advocacy services, military or civilian social service agencies, and/or are a military family member with full understanding of the military lifestyle. In addition, CYB counselors must have proven experience and qualifications in working with children.

MFLC and CYB counselors shall have at least a Masters degree from an accredited graduate program in a mental health related field such as social work, psychology, marriage/family therapy, or counseling; a valid unrestricted counseling license/certification from a State, the District of Columbia, a U.S. Commonwealth, or a U.S. Territory that grants authority to provide counseling services as an independent practitioner in their respective fields; and demonstrated counseling competence preceding their employment with the MFLC program.

In addition to meeting the above requirements, the non-medical counselor supervisors must have a minimum of two years full-time counseling experience post-licensure; documented counseling supervision, oversight, and management experience; and demonstrated current counseling competence through at least periodic, direct service counseling experience during the two years preceding hire.

Advocacy Knowledge, Skills and Abilities

MFLC and CYB counselors shall possess advocacy knowledge, skills, and abilities listed below:

- Working knowledge of military, state, federal, and local resources.
- Understanding, sensitivity, and empathy for service members and their families. Ability to develop trusting helping relationships. Ability to work effectively with individuals and families from diverse racial, ethnic, and socioeconomic backgrounds.
- Ability to intervene in crisis situations, using sound professional judgment, ethical practice, and common sense. Counselors must work independently to develop, implement, and evaluate safety and intervention plans to meet individual and family needs. Contractor must agree to operate within established guidelines of the military services family support and quality of life programs.
- Ability to work cooperatively with military and civilian medical, social service, law enforcement, and legal personnel on behalf of service members and their families.

5.0 REQUIREMENTS APPLICABLE TO ALL MISSION EXECUTION TASKS

A. STANDARDS OF SERVICE

- (1) Counselors must adhere to commercial and professional standards of practice set forth by, federal, state, and local laws, as well as relevant DoD/Military Branch of Service policies. All counselors must be licensed, certified, properly credentialed to perform this requirement and be compliant with industry accepted standards for the performance of non-medical counseling. For all types of counseling, experience with military family programs is preferred and an understanding of the military lifestyle is required.
- (2) Counselors must demonstrate sound professional judgment and the highest ethical standards in executing their responsibilities. All Counselors shall have strong skills in written and verbal communication, and assessment.
- (3) All contractor personnel performing this requirement must be a U.S. citizen, and must speak English.
- (4) Counselors will not represent the government at any federal, state, or military meeting or event.
- (5) OSD is the approval authority for all service delivery. Once approved by OSD, the Contractor will coordinate all program management and service delivery with the Service HQ, installation point of contact (POC), the National Guard Bureau (NGB), Reserve Affairs, and local education agencies when indicated.
- (6) Counselors will verify, at some point during the session, eligibility for services, which may include requesting to view a military identification card (Reference Section J, Attachment 10) and other sensitive methods at the discretion of the counselor. For counselors working with ~~child participants (not including minor spouses)~~ ~~children~~ under the age of 18 years old (Reference Section J, Attachment 4), the contractor must comply with DoD Instruction No. 1402.5, Criminal History Background Checks on Individuals in Child Care Services. ~~In addition~~ As an additional contract requirement to this instruction, when providing counseling services, counselors shall always remain in the line of sight of a child's parent, guardian, or an individual with purview over the child (such as a school Principal, YMCA Director, CDC Director, Teacher) who has successfully completed a background check. Except for duty to warn situations, parental/guardian approval is required prior to rendering counseling services (Reference Section J, Attachment 9).
- (7) The contractor shall comply with, and all future updates of (Reference Section J, Attachment 4):
 - DoDD No. 5200.02, Subject: DoD Personnel Security Program, dated: April 19, 1999, paragraph 3.9.3
 - DoD Instruction No. 6490.06, Counseling Services for DoD Military, Guard and Reserve,
 - Certain Affiliated Personnel, and Their Family Members, April 2009.
 - DoD Instruction No. 6400.06, Domestic Abuse Involving DoD Military and Certain Affiliated Personnel, August 21, 2007.
 - DoD Instruction No. 6495.01 Sexual Assault Prevention and Response (SAPR) Program, October 6, 2005.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

B. POST TRAUMATIC STRESS DISORDER (PTSD) AND TRAUMATIC BRAIN INJURY (TBI)

PTSD, TBI, and any mental disorders identified in the Diagnostic and Statistical Manual (DSM IV, TR latest version) are NOT authorized for support, but will be referred (via a warm handoff) to the appropriate MTF, or TRICARE. The procedures for all hand-offs/referrals will ensure, as much as possible, that the client does not have to repeat their story or issue when the third party agency is engaged in the conversation.

C. IMMINENT RISK/DUTY TO WARN

The Contractor shall implement, document, and maintain Duty to Warn procedures, in accordance with DoD/Military Branch of Service regulations and established protocols, to address events wherein a Service or family member reveals a threat to self or others. Notifications of Duty to Warn incidents are sent to the installation POC and contractor chain of command immediately.

Duty to Warn monthly report logs shall be compiled and sent to both the OSD Program Manager and the Military Branch of Service Headquarters POCs, and be reported as mandated (Reference Section J, Attachment 5), to the respective, federal and state authorities. This report log shall include, at a minimum: date of event, installation name, state, name of the unit, status (new vs. recurring), category (domestic violence, child abuse, harm to self/others), branch of service, summary of events, action taken and any other pertinent information. This report log shall not include any personally identifiable information. The reporting procedures will be reviewed quarterly with each military service headquarters POC and OSD program management.

D. INFORMED CONSENT

In accordance with DoD Instruction No. 6490.06, Counseling Services for DoD Military, Guard and Reserve Certain Affiliated Personnel and Their Family Members (Reference Section J, Attachment 4), counselors shall provide informed consent to the individual and/or family member during the initial meeting covering information about their role as counselors, a description of what non-medical counseling can cover, the short-term solution focused approach, the scope of care, and the ability to make appropriate referrals as needed.

Informed consent must cover the counselor's mandated reporting requirements for this confidentiality statement shall be provided to all eligible individuals seeking counseling services: "Information you provide to me or other counselors will be kept confidential, except to meet legal obligations or to prevent harm to self or others. Legal obligations include requirements of law and DoD or military regulations. Harm to self or others include suicidal thoughts or intent, a desire to harm oneself, domestic violence, child abuse or neglect, violence against any person, and any present or future illegal activity."

E. GUARD/RESERVE

(1) Joint Family Support Assistance Program (JFSAP)

Counselors are provided for DoD and/or legislatively mandated programs (e.g. JFSAP). JFSAP counseling positions may be staffed with MFLCs or CYB-MFLC. Typically, counselors deliver these services in a non-rotational (full time) manner.

The JFSAP, implemented by Sec. 675 of the FY-07 Defense Authorization Act, augments existing family programs to provide a continuum of support and services based on member and family strengths, needs, and available resources. The primary focus of support is families who are geographically dispersed from a military installation. Services are delivered in local communities through collaborative partnerships with Federal, State, and local resources.

After receiving OSD authority to proceed, JFSAP counselors may receive additional guidance on Guard and Reserve general mission support needs from the respective State Family Program Director, Wing Family Program Director, or Reserve Component Coordinator.

(2) Short Term On-Demand Support

a. Background

MFLCS and CYB-MFLCs may be deployed to support Guard and Reserve events such as Yellow Ribbon Reintegration Program events and family events, which may occur during the weekdays/weekends, and drill weekends. Section J, Attachment 8 has been provided to demonstrate the approximate magnitude of this requirement. These events, typically lasting 1-3 days, are held primarily in the 50 united states and US territories.

b. Specific Tasks

OSD will determine the staffing levels required for each event. At each event, the contractor shall perform the traditional walk-around counseling/coaching services and establish a visible and easily accessible location to distribute educational materials. The contractor shall distribute a variety of educational materials, both created by the contractor (approved by OSD) and also provided by OSD, to address the wide range of needs. The contractor may also be asked to develop additional educational materials for adults and children depending on the requirements of OSD. Counselors (MFLC, CYB-MFLC) may be asked to provide support at all events in support of the active and Reserve components.

F. Counselors must be knowledgeable of the resources available through the MOS (www.MilitaryOneSource.comwww.MilitaryOneSource.mil) to make referrals for counseling and access additional capabilities through MOS when circumstances warrant. Counselors must also be knowledgeable of family advocacy and support programs both on and off the installations.

G. Additional Service Delivery Requirements

1. The Contractor shall ensure that all personnel maintain the highest degree of sensitivity, compassion, and respect for service members and their families. The Contractor shall remain free of any political bias and shall ensure consistency of service regardless of installation, location, or any other factor.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

2. The contractor must provide counseling/coaching services both on and off the military installations within the civilian community. Counselors shall also be available by telephone, enabling counseling participants to schedule an appointment for MFLC services, and facilitating coordination with installation POCs.
3. Counseling services must be provided on a face-to-face basis.
4. The contractor will adhere to existing written protocols for each type of service delivery.
5. For service continuity purposes, it is unacceptable to the Government if all personnel rotate simultaneously. The Government requires a seamless and transparent ~~overlap transition~~ between the individual outgoing and incoming counselors. During this ~~overlap transition~~, the outgoing counselor shall, at a minimum, convey pertinent data such as installation points of contact (POC) and procedures, critical issues, and status of the installations current counseling needs.
6. The counselors must identify themselves by name and the MFLC Program. Counselors are not to wear name tags or other items identifying them as an employee of the contractor.

6.0 SPECIFIC TASK REQUIREMENTS PER MISSION EXECUTION TASK

6.1 MISSION EXECUTION TASK 1; GENERAL MFLC SUPPORT

OBJECTIVE

Counseling modalities include individual, family, couples, and groups. Military and family member counseling services are intended to be solution-focused, short term for defined problem areas amenable to brief intervention. Services are not delivered in the traditional manner of 50 minute sessions in an office setting, but rather vary in duration from a few minutes to 2 hours. Services are provided “just in time,” when and where they are needed using a “walk around/coaching” approach. Counselors go to where the people are instead of waiting for people to schedule an appointment to see them, but an appointment can be made if desired. For example, counselors may meet with family readiness groups; meet service members returning from deployments (including welcome events at respective airports), be available in reintegration orientations, meet with rear detachment commanders and other community agency staff upon request, brief commanders and leadership, and work with children and youth.

General MFLC counseling may also require MFLCs to provide services outside the gates of installations nearest to where families live and socialize. This may include placing counselors in housing areas and/or community agencies (Red Cross, Boys and Girls Clubs, YMCAs and others) frequented by families.

Counselors may also be assigned to solely support various levels of the command structure (i.e. Army brigades).

Counselors will rotate at locations world-wide. Duration of rotations shall be no less than one month and no longer than six months. The baseline requirements may fluctuate periodically for counseling services that vary in length of time. Counselors may be required individually or in teams.

CONTRACT NUMBER: D12PC00480
 CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

Counselors should be easily identifiable and approachable, operate in a manner that maximizes accessibility, including availability on the installation common areas and family support centers. Sessions may vary in duration, depending on the circumstances of the situation, with some lasting from a few minutes to 2 hours.

General MFLC Counseling may assist service members and their families with issues including, but not limited to:

Situational/Problem Solving Counseling	Military Lifestyle Issues	Psycho-education
<ul style="list-style-type: none"> -Relationships -Deployment Stress -Marital/Couples issues -Family Relationships -Making Friends -Serious Illness -Parenting -Child Care -Parent-Child Communications -Loss and Grief -Conflict Resolution -Self Esteem/Independence -Decision Making -Anxiety -Stress -Assertiveness -Work Life Balance -Anger 	<ul style="list-style-type: none"> -Mobilization -Deployment -Reunion -Relationship Issues -Homesickness -Frequent Relocations -Relocation adjustment 	<p>Teaches service members and their families how to anticipate and to deal with challenges/problems. Family psycho-education includes teaching coping strategies and problem-solving skills to families, friends, and/or caregivers to help them deal more effectively. Psycho-education topics will include, but are not limited to, topics in the Situational/Problem Solving Counseling column.</p> <p>When behavioral or psychological difficulties arise during or following deployments or other stresses of military life, it is important for service members and their families to have specific information about what is happening, the meaning of specific symptoms, what is known about the causes, effects, the implications of their issues, and how to find treatment and/or resources.</p> <p>Families need help in understanding why an individual's behavior has changed and may be frightening and different, why the person may be saying that nothing is wrong, and why they may be fearful or reluctant to get help. Families benefit from timely, basic education in order to alleviate painful and long-term effects if deployment stress is not identified and addressed.</p>

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

		Individuals and families need help to understand the dynamics of deployment and its effect on emotion management and coping skills.

EDUCATIONAL MATERIALS AND PRESENTATIONS

Contractor shall develop (after OSD approval) or modify (provided by OSD as government furnished property) a variety of educational materials and presentations on specific subject areas herein including, but not limited to, deployment and reintegration, coping with separation, loss and grief, effects of deployment on children, communication, compassion fatigue/caring for the caregiver, and financial readiness/planning. The OSD Program Manager shall review/approve all materials prior to dissemination. These materials are also applicable to the child and youth behavioral mission execution task at PWS 6.2.

Formatted: Indent: Left: 1"

SCHEDULING AND LOGISTICS

The counselors shall establish a schedule that allows for regular contact with agency staff during office hours yet is flexible enough to be responsive to family needs after hours. Designated Service installation POCs will coordinate work schedule with counselors. Normal work schedule is a highly flexible 40 hours per week. Situations and/or meetings, briefings and appointments may extend the daily work schedule that counselors must attend, as requested by the installation POC. Counselors' hours will be flexible to meet the needs of the organization and families which will include evenings and weekends as needed for meeting with families and overall outreach. Counselors should take into account the unique nature of work, which may require operating on extended hours. These periods may require hours of operation beyond normal hours in accordance with mission requirements, and may also include performance on Federal holidays. For example, a counselor may meet with a family group at 1800 hours and meet a returning plane on the tarmac at 0200 hours. Under these extended hours, start times may be adjusted to accommodate the workload. This reduction of work schedules will equal the time required to perform work during special operating hours.

6.2 MISSION EXECUTION TASK 2; CHILD AND YOUTH BEHAVIORAL PROGRAMS

OBJECTIVES

The Government's objective is to provide support to staff, parents, and with parental consent, children in military Child Development Centers (CDCs) located on or near the installations, Department of Defense Education Activity (DoDEA) schools, local education agencies (LEA), Youth Centers, National Military Family Association (NMFA) Operation Purple Camps, and DoDEA Child and Youth Program (CYP) Summer Enrichment Programs which operate during the summer months to support summer school, camps, and summer child and youth

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

programs DoD-wide. When providing counseling services to children, counselors shall always remain in the line of sight of a child's parent, guardian, or an individual with purview over the child (such as a school Principal, YMCA Director, CDC Director, Teacher) who has successfully completed a background check. Support topics may include, but are not limited to, problem solving with staff about how to engage/intervene with children displaying behavioral difficulties, bullying, self-esteem, coping with deployment, peer relationships, managing anger, separation from a deployed parent, and divorce.

Counselors will rotate at locations world-wide. Duration of rotations shall be no less than one month and no longer than six months, [but may cover the entire academic year in schools.](#) —The baseline requirements may fluctuate periodically for counseling services that vary in length of time.

In CDCs, CYB-MFLCs receive guidance from the CDC Director, or their designee, on the support needed by children in the respective CDC. In Youth Centers, CYB-MFLCs receive guidance from the Youth Center Director. In DoDEA and LEAs, CYB-MFLCs receive guidance from the principal, or their designee, on support needed by children in the respective school.

In NMFA Operational Purple Camps, CYB-MFLCs receive guidance from the camp director on support needed by children at the respective camp. CYB-MFLCs will deploy to camps two days prior to the start of the camps, unless given other technical direction by OSD, to be briefed by the staff about the respective camp. CYB-MFLCs may support Short Term Summer program events which may last 1- 3 days, or up to 3 months.

In the DoDEA and CYP summer program, the CYB-MFLCs receive guidance from the principal concerning the needs of students attending summer school and from the CYP Director concerning the needs of children attending CYP summer activities. During the summer, the same CYB-MFLC may support the DoDEA summer school in the morning and the CYP activities in the afternoon.

The following is a list of potential activities engaged in by the CYB-MFLCs. The list is not exhaustive and meant only to provide examples of potential activities CYB-MFLCs may conduct:

- Consulting with teachers, CDC providers, parents, and children regarding disruptive class behaviors.
- Working with teachers and youth in the classrooms in order to get to know the needs of teachers and students.
- Interacting with children and parents during special events, field days, award luncheons, sports events.
- Using OSD approved journals with younger children to address deployment issues.
- Helping children prepare for life while the parent is gone.
- Visiting the cafeteria during lunch hours, interacting with children out on the playground; interacting with children and teachers at the front office or in other common areas around the school.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

- Support students exhibiting challenging classroom behavior who are referred by school guidance counselors.
- Conducting presentations for teachers and parents in small and large groups on topics such as Time Management, Maintaining your Marriage during Deployments, Teaching Children Problem Solving skills, Compassion Fatigue, and Anger Management.
- Provide outreach to parents during parent/teacher conferences.
- With teacher invitation, conducting classroom observations.
- Providing support to teachers, families, and students regarding deployment and reintegration.
- Addressing school behavior problems in one-on-one meetings.
- Supporting teachers in managing their stress levels.
- Participating in student conflict resolution sessions.
- Provide support to families during transition periods to help with adjustments to new settings/locations and help manage the normal stress as a reaction to this process.
- Work closely with wounded warrior transition programs to help children/families cope with stressors and experiences as a result of a service members' injury or disability.
- Provide staff consultations for both work-related and child issues.
- Interacting with children and parents from the larger military community and Child and Youth Services (CYS), registered families during special events, family dinners, parent groups, and center activities (such as weekend basketball or soccer at the youth center).
- Work with children in classroom settings and in group activities or individually in Child Development Centers, Family Childcare Homes, Chapel Youth Groups, Youth Centers and Teen groups.
- Observe children and provide concrete support to caregivers and trainers to address and redirect challenging behaviors.
- Provide outreach to parents and meet for formal consultations to provide feedback and support.
- Activities with Chaplains

7.0 PROGRAM MANAGEMENT

OBJECTIVE

The contractor shall develop and implement a comprehensive management plan, including a dedicated program management team, to ensure the delivery of high quality services, effective financial/travel management controls and processes; organizational resources; and management controls to meet the cost, performance, schedule requirements, report requirements, record keeping requirements and quality control for this effort. The contractor shall detail the services, methods for obtaining and delivering

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

the services, allocation of staff, means of vetting staff education and certification/licensure requirements, staff/counselor training plan and other resources necessary to produce the services and a timeline for delivering the services.

REQUIREMENTS FOR PROGRAM MANAGEMENT AND OVERSIGHT

The contractor shall develop and implement a management plan. The management plan shall define a management team including, at a minimum, the following positions which are all considered Key Positions: Program Director, with the authority to speak and act on behalf of the contractor with DoD and work directly with the COR, Deputy Program Director, Contract Administrator, Quality Assurance Manager, Financial Manager, and all Subcontractor Managers within the prime contractor's organization, the primary subcontractor manager within the subcontractor's organization (for subcontractors proposed to perform major or critical aspects of this requirement). This team shall also include, as Non-Key Personnel, Non-Medical Counseling supervisors (supervisors pertain to all Mission Execution Tasks). The contractor shall maintain clear lines of authority and responsibility. This team shall be responsible for all service delivery, management of subcontractors, and the development/implementation of the MFLC Program.

The contractor shall develop and implement processes and procedures to support the warm hand-off of clients to other providers and community/DoD resources, such as MOS, ensuring that the client does not have to repeat their story/issue when the third party agency is engaged in the conversation.

7.1 TRAVEL MANAGEMENT

The contractor shall develop and implement an approach and processes to manage travel of counselors, ensuring timeliness and efficiency and avoiding disruption or degradation of services. This approach shall account for the logistical complexities of counselors providing rotational services in both CONUS and OCONUS locations, and shall also account for short notice or immediate requirements that require expedient response and accommodations. Processes shall provide for tracking of travel costs by counselor and specific services provided location, and duration of rotation.

The Government's objective is to maximize the duration of each rotation, as well as the overall quantity of longer duration rotations. The contractor will approach deployment of counselors in a manner to minimize travel costs, which may include local/regional hiring of counselors and other innovative approaches.

Local and long-distance travel, to include overnight accommodations, will be required in the performance of this contract. All travel must be approved in advance by the COR, [Program Manager, or Contracting Officer. Certain approvals \(eg, crisis or urgent situations\) may be granted verbally, with written documentation provided within 5 business days thereafter.](#)

The Government will not pay for any travel that is not approved in advance. All travel will conform to the current Federal Travel Regulations (FTRs). Expenditures that exceed the FTR will not be reimbursed by the Government.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

7.2 QUALITY ASSURANCE AND CONTROL

OBJECTIVE

To ensure military service members and their families receive the highest quality services possible.

REQUIREMENTS FOR QUALITY ASSURANCE

The Contractor shall develop a Quality Assurance Surveillance Plan (QASP) describing the methods of inspection, required reports, and resources to be used, including estimated work hours. At a minimum, this plan will detail the methods of surveillance for each contract requirement, the evaluation procedures to be used for each surveillance method, and the approach for implementation of the QASP.

The Contractor shall develop and implement a Quality Control Plan (QCP) to ensure that the performance standards and thresholds contained within the QASP are met or exceeded. This self-inspection plan will describe the internal staffing and procedures that will be used to monitor contract compliance, quality, quantity, timeliness, responsiveness, customer satisfaction, and other delivery requirements, compliance of all counselors with required credentialing, licensure, and background checks, and all services provided under this contract.

The contractor shall use the standards of the QCP to measure performance of counseling services, and report the results to the government on a monthly basis. The contractor shall follow the approved quality procedures to identify, prevent, and ensure non-recurrence of defective services.

The Government reserves the right to inspect for contract compliance and quality by following various methods which include but are not limited to random sampling, periodic inspection, customer satisfaction surveys/discussions, and data calls via ad hoc reports. This formal/informal sampling may take place at any location and at any time during performance of this contract.

7.3 RECORD KEEPING

Formal counseling case records including personally identifiable information are not maintained. Daily activity reports shall be collected and maintained by the contractor to account for utilization.

When the military chain of command requests information concerning a service member, they are reminded of the confidential nature of the service. If the chain of command wishes to send a service member for counseling to a MFLC and have the MFLC report back to the commander, they are informed that this is not possible due to the confidential nature of the program, however, they are informed that if they sent a service member to see a MFLC, they may follow up with the service member to ensure that they followed through.

7.4 REPORTING

- a. The contractor must be highly responsive, flexible, and timely in providing all required reports as well as ad hoc and other requested reports. Such reports are critical for program decision-making, high-level government inquiry and reporting. For example, an ad hoc report may be required within a few hours of the request while more comprehensive reports may take

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

longer to obtain but are still needed in a timely manner. OSD will prescribe the desired timeline for submittal for each ad hoc report. The Contractor will not provide Service requested reports or data calls. All requests for reports must come from the Service POC to OSD. OSD will make requests to the contractor as appropriate.

The contractor will provide several types of reports to the Government on the services provided to include an Executive Summary and Monthly Utilization Report (MUR) separated by military branches and installations, service categories as well as a Contract Financial Status Report. Additional monthly Ad Hoc reports will be submitted to include an Executive Summary and a Duty to Warn Log separated by military branches and installations. These reports shall not include any personally identifiable information. During the performance of the contract, the Government may require the submittal of additional reports/elements encompassing various topics/subjects of interest. The format and method of submittal for the additional reports will vary and will be prescribed by the Government as performance continues. Reports will be submitted no later than 15 days following the end of the monthly reporting period.

Weekly Report:

The OSD Program Manager weekly report will consist of a list by state (CONUS) and country (OCONUS), each installation that is authorized to have an MFLC or CYB-MFLC, the number of MFLCs and CYB-MFLCs authorized, and the number of MFLCs and CYB-MFLCs on the ground. This report will consist of regions designated by OSD and be able to be sorted by each data variable and include the average daily contacts by category of MFLCs at the installation.

Monthly utilization reports (MUR):

Each report will cover all relevant program areas by category of MFLC (MFLC, CYB-MFLC). Each report will include an executive summary. Data collection forms will be developed for each report.

The Ongoing Rotational MFLC report section will include: Utilization reported by installation along with a per day average of MFLC contacts for each installation per month by category of MFLC (i.e. 6 contacts per day per MFLC). Number of face-to-face counseling sessions provided, number of attendees at face-to-face counseling sessions, number of briefings and presentations provided, number of attendees at briefings and presentations. MFLCs embedded within the Army Brigades, supporting Special Operations, Child Development Centers, and schools will be able to be identified. Example is contained in the template titled MFLC Executive Dashboard and MFLC MUR.

The Non-rotational full time (JFSAP) report section will include: Utilization reported by state along with a per day average per month by category of MFLC. Number of face-to-face counseling sessions provided, number of attendees at face-to-face counseling sessions, number of briefings and presentations provided, number of attendees at briefings and presentations. Number of on-demand events supported by JFSAP MFLCs and the number

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

of JFSAP MFLCs supporting them. Example is contained in the template titled JFSAP Executive Dashboard and JFSAP MUR.

The Short Term On-Demand report section will include: Locations and number of on-demand events and number of MFLCs deployed by category of MFLC. Utilization levels will also be reported for each event for each MFLC. Example is contained in the template titled JFSAP Executive Dashboard and JFSAP MUR.

The Short Term Surge report section will include: Brigade supported, utilization along with a per day average of MFLC contacts for each surge by category of MFLC. The template titled MFLC Executive Dashboard and MFLC MUR may serve as an example.

The Short Term Summer Program support section will include: Number of camps supported, number of children supported, and number of MFLCs supporting camps. The template titled MFLC Executive Dashboard and MFLC MUR may serve as an example.

All reports will include, but not be limited to, the demographics of client utilization, i.e., military service and duty status and rank, family member's status (spouse, child or other legal dependent), geographic location and type of service delivery (individual, group, meeting, psycho-educational presentation). The report shall be provided to the respective Services Headquarters, NGB and Reserve Affairs POC, and OSD and will also include:

- The primary reason for counseling support;
- The number of referrals for counseling to include type, status of recipient (i.e., active-duty, family member, Guard, Reserve, etc.);
- The number of service members and their family members seen for the first time by type of counseling, i.e., face-to-face counseling, education, group, and financial counseling;
- The number of service members and their family members seen for follow-up sessions by type of counseling, i.e., individual/family counseling, education, outreach, and financial counseling;
- The total number of counseling sessions provided by type of counseling, i.e., face-to-face, education, outreach, and financial counseling;
- The total number of meetings and/or group sessions specifying the topic and approximate number of attendees.

b. FINANCIAL STATUS REPORT

The Monthly Contract Financial Status Report shall be detailed and reflect the activities, staffing, and travel that have occurred that month. Any exceptions should be noted. For example, if specific costs were not included to wait for an invoice, it should be explained (i.e. receipts for air travel to OCONUS for the June DoDEA/CYS program have not been received and will be included in the July invoice).

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

The Report shall specify the individual counselor, location where they worked, and hours worked that month. This report shall be itemized by the type of counseling services provided pursuant to the PWS task areas.

- 7.5 The contractor will provide training and orientation for counselors and supervisors that include all requirements of this contract, Service specific and general military culture and customs, structure and chain of command, ranks and insignia, and other specialized subject areas before beginning an assignment, and renewed on an annual basis. The contractor shall design and implement a method for regularly updating personnel on current/emerging issues pertaining to military life. Counselors shall be familiar with evolving issues that affect military members and their families. Contractor shall participate, as appropriate in locally available specialized training to maintain up-to-date knowledge and skills related to the military and civilian resources. Attendance must be approved in advance by the Contracting Officer Representative (COR). The contractor shall annually certify and be able to demonstrate (at any time) to OSD or the CO, in writing, that the counselors and supervisors have comprehensive/current knowledge of the overall military culture, issues affecting military families, and all requirements of this contract.

8.0 OTHER DIRECT COSTS (ODCs)

All ODCs shall receive written COR approval prior to funds being expended, and shall be itemized and invoiced accordingly.

9.0 TRANSITION IN

The contractor shall implement a 2 month transition in period to transfer services from the current contractor. During the transition in period, the contractor shall obtain the appropriate security clearances, become familiar with standard operating procedures (SOPs), and assume the full execution of the requirements of this contract. During the transition in period, the contractor shall work closely with the current contractor to ensure a smooth transition of service and perform a joint inventory and audit of the transferred equipment and documentation/data. The successful offeror shall work closely with the incumbent contractor and coordinate to address the status and issues of transition. The contractor's program management structure, organization, and facilities shall be in place and fully operational at the end of the 2 month transition in period. At completion of the transition in period, the contractor shall have full responsibility for all requirements covered under this contract.

During the transition period, the contractor shall provide a weekly report, in contractor format, detailing the status of implementation. A face-to-face update meeting may take place at the request of the CO.

F.4 FAR Clauses Incorporated by Full Text

52.242-15 – Stop Work Order (Aug 1989)

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-
- (1) Cancel the stop-work order; or
 - (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.
- (b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

CONTRACT NUMBER: D12PC00480
 CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
- (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.
- (c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- (d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

F.5 Notice to the Government of Delays

In the event the Contractor encounters difficulty in meeting performance requirements, or when it anticipates difficulty in complying with the contract delivery schedule or date, or whenever the Contractor has knowledge that any actual or potential situation is delaying or threatens to delay the timely performance of this contract, the Contractor shall immediately notify the CO and the COR, in writing, giving pertinent details, provided however, that this data shall be informational only in character and that this provision shall not be construed as a waiver by the Government of any delivery schedule or date or of any rights or remedies provided by law or under this contract.

F.6 Contract Deliverables

Deliverables constitute all documentation and verification as required within all sections of this contract. Performance deliverables will be finalized during the Transition In period and may be added to the following table via modification.

Deliverables		Delivery

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

SECTION H – SPECIAL CONTRACT REQUIREMENTS

H.1 Transition Requirements

At contract award, the contractor shall implement a 2-month Transition In period to transfer the Military and Family Life Counseling contract from the predecessor contractor to the incoming Contractor.

H.2 Clause Modifications

Due to potential unforeseen circumstances attributable to the requirements solicited under this contract, the Government reserves the right to add, delete or modify clauses to facilitate specific conditions.

H.3 Conflict of Interest

It is the Department of the Interior's policy to avoid situations in the procurement process where, by virtue of work or services performed for DOI or DoD, or as the result of data acquired from DOI, DoD, or from industry, a particular company:

- a. Is given unfair competitive advantage over the companies in respect to future DOI or DoD business;
- b. Is placed in a position to affect Government actions under circumstances in which there is danger that the company's judgment may be biased; or
- c. Otherwise finds that a conflict exists between the performance of work or devices for Government in an impartial manner and the company's self-interest.
- d. If the Contractor has reason to believe that a task assigned by the CO or a task being performed by the Contractor violates this policy, the Contractor shall promptly notify the CO in writing and state the reasons why a conflict of interest exists, or may appear to exist. After receiving such notice the CO shall promptly inform the Contractor whether it should begin, or continue, the assigned task.
- e. Further, the contractor shall ensure that all personnel maintain the highest degree of sensitivity, compassion, and respect for service members and their families. The offeror shall remain free of any political bias and shall ensure consistency of service regardless of installation, location, or any other factor.

H.4 Organizational and Consultant/Counselors Conflict of Interest

The Contractor shall insert the substance of this clause in all subcontracts.

- a. It is recognized by the parties hereto that the effort performed by the contractor under this contract is of a nature that it creates a potential organizational conflict of interest as contemplated under FAR Subpart 9.5.
- b. In the performance of this contract, the contractor may have access to data which is procurement sensitive or is proprietary to other companies, Government consultants or advisors, or the Government. The contractor agrees that it will not utilize such procurement sensitive or proprietary data in performance of future competitive contracts, for studies in the same field. The contractor further agrees not to act as a subcontractor or consultant to any other prime contractor or subcontractor seeking to utilize such data.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

- c. The Contractor warrants that, to the best of its knowledge and belief, there are no relevant facts or circumstances, which would give rise to an organizational conflict of interest, as defined in FAR Subpart 9.5, or that the Contractor has disclosed all such relevant information.
- d. The Contractor agrees that if an actual or potential organizational conflict of interest is discovered after award, the Contractor shall make a full disclosure in writing to the CO. This disclosure shall include a description of actions which the Contractor has taken or proposes to take to avoid or mitigate the actual or potential conflict.
- e. If the Contractor was aware of a potential organizational conflict of interest prior to award or discovered an actual or potential conflict after award and did not disclose or misrepresented relevant information to the CO, the Government may terminate the Contract.
- f. The Contractor/counselors shall remain free of any conflicts of interest when issuing referrals to service members or families. All personnel performing under this contract are expressly prohibited from self-referrals and referring service members and their families to any counseling practice for which the counselor may have a personal, financial or other interest.

H.5 Supervision of Contractor Personnel

- a. All personnel assigned to render services under this contract shall be at all times under the direction and control of the Contractor. Notwithstanding any other provisions of this contract, the Contractor shall at all times be responsible for the supervision of its employees and all personnel performing under this contract (including all subcontractors, counselors, and independent consultants) in the performance of the services required under this contract.
- b. If the Contractor finds clarification necessary with respect to the scope of the services, which are non-personal services, to be performed hereunder, he/she shall request in writing such clarification from the CO.
- c. Any and all personnel performing work under this contract shall not, at any time during the contract period of performance, represent themselves as employees of the U.S. Government.

H.6 Removal of Contractor/ Counselor Personnel

It is understood that all personnel assigned by the Contractor to the performance of work hereunder must be acceptable to the Government in terms of personal and professional conduct and must successfully initiate a full background investigation before obtaining access to the premises. Any person in the Contractor's organization, or in any subcontractor's organization, who is deemed by the CO or the COR to conflict with the interest of the Government, shall be immediately removed from this contract. The reason for removal shall be fully documented in writing by the CO. Any security violations, denials or revocations of security clearance may be construed as grounds for immediate removal from the premises and the contract. Further, the Government shall have the right to cause the contractor to replace any individual who is determined by the Government to be a security risk, under the influence of alcohol or drugs, physically or mentally impaired (or otherwise unable to fulfill their rotation) to the extent that they cannot perform the tasks established by the contract, or performing in any way that appears to be inconsistent with commercial standards of ethics and/or practice. Such determinations will be made in collaboration with the CO, COR and/or

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

Government Program Manager. These determinations shall not relieve the contractor from meeting the performance requirements of the contract.

H.7 Non-Payment for Additional Work

Any additional services or a change to the work specified which may be performed by the Contractor, either at his/her own volition or at the request of an individual other than a duly appointed CO except as may be explicitly authorized in the contract, is not authorized and will not be paid for by the DOI. Only a duly appointed CO is authorized to change the specifications, terms and conditions of this contract.

H.8 Key Positions and Personnel

- (a) The contractor agrees to assign to the contract those key persons whose resumes were submitted as required to fill the key position requirements. Key positions, as defined by the Government (Section C, 7.0); include the Program Director, Deputy Program Director, all Subcontractor Managers within the prime contractor's organization, the primary subcontractor manager within the subcontractor's organization (for subcontractors proposed to perform major or critical aspects of this requirement), Contract Administrator, Quality Assurance Manager, and Financial Manager. The offeror may propose additional key positions to be fulfilled by key personnel. No substitution or addition of key personnel or addition/deletion of key positions will be made except in accordance with this clause.
- (b) The contractor agrees that to ensure continuity, personnel will remain on the project as long as they are employed with the company and performing satisfactorily. Personnel substitutions will be permitted in the event of illness, death, or termination of employment. Substitution may be made for a person receiving a professional promotion during contract performance as long as they remain performing as key personnel under this contract. In any of these events, the contractor must promptly notify the CO or COR in writing and provide the information required by paragraph (d) below.
- (c) If key personnel, for whatever reason, become unavailable to work under this contract for a continuous period exceeding 30 working days, or are expected to devote, or are currently performing less effort to the work than indicated in its proposal, the contractor must propose a substitution or reduction of effort of such personnel, in accordance with paragraph (d) below.
- (d) All proposed key personnel substitutions or key position additions/deletions must be requested, in writing, to the CO and COR at least 15 days prior to the proposed change. Each request must provide a detailed explanation of the circumstances necessitating the proposed change, a complete resume from the proposed substitute and personnel to be replaced, and any other information required by the CO to approve or disapprove the proposed change. Resumes for key personnel substitutions or additions must be submitted in contractor format, no longer than three pages, and signed by the individual and an authorized company representative certifying the accuracy of the information contained therein. All proposed substitutes (no matter when they are proposed during the performance period) must have qualifications that are equal or higher than the qualifications of the person being replaced. No change in fixed unit prices may occur as a result of key personnel substitution.
- (e) The CO will evaluate requests for substitutions and additions of personnel or positions and notify the contractor, in writing, whether a request is approved or disapproved.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

(f) The persons named below are considered to be key contractor's personnel and essential for the successful completion of all work assigned under the contract:

- See Attachment J-17, List of Magellan Key Personnel

H.9 Permits and Licenses

In performance of work under this contract, the contractor must, without additional expense to the Government, be responsible for obtaining any necessary license(s), permits, **background checks**, and for complying with all Federal, State, and municipal laws, codes, and regulations applicable to the performance of work. The contractor shall verify all licensing, certification and/or compliance with industry accepted standards for the performance of counseling services.

H.10 Travel

The Government anticipates that travel may be required in the performance of this contract. Total travel costs will have a Not to Exceed (NTE) ceiling. No travel expenses submitted in excess of the NTE ceiling will be reimbursed without approval from the DOI CO.

Travel by the Contractor's staff, including subcontractors, in support of this project will be reimbursed by DOI provided:

- 1) The specific travel is authorized in advance and in writing by the COR, Program Manager, or CO. The contractor's staff and subcontractors shall provide the COR adequate time to review and approve travel plans. Note: all travel must be approved in advance. The Government will not pay for any travel that is not approved in advance.
- 2) All travel costs and per diem costs must conform to the current Federal Travel Regulations (FTR) in effect at the time of travel authorization, including but not limited to, daily per diem and lodging rates in effect for the area at the time of the travel. Expenses not in conformity with the FTR will not be reimbursed and should not be submitted.
- 3) Approval of Foreign Travel. The cost of foreign travel is allowable only when the specific written approval of the COR, Program Manager, or CO is obtained prior to commencing the trip. Approval shall be requested at least 90 calendar days before the scheduled departure date in order that all necessary clearances may be processed. Each individual trip must be approved separately, even though it may have been included in a previously approved budget. Foreign travel under this contract is defined as any travel outside of the United States and its territories and possessions.
- 4) Costs incurred by contractor personnel on official company business, whether foreign travel and/or domestic/local travel, are allowable, subject to the limitations contained in the Federal Acquisition Regulations (FAR) 31.205-46 – Travel Costs Receipts and other written evidence to support submitted travel expenses shall be retained by the Contractor for the duration of the contract plus one year, and made available to the CO or COR upon request. Travel not supported by receipts or other evidence will not be reimbursed and should not be submitted.

The contractor shall state on all invoices that include claims for travel reimbursement that those claims are fully supported by proper documents, that the documents are available for audit, and that the claims confirm to the FTR.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

H.11 Security

U.S. Citizenship: All contractor personnel performing the work as outlined in the PWS must be a U.S. citizen.

Security Requirements: The offeror is responsible for safeguarding information of a confidential or sensitive nature. Failure to safeguard any classified/privileged information, which may involve the contractor's personnel or to which they may have access to, may subject the contractor's employees to criminal liability under Title 18, section 793 and 7908 of the United States Code. Provisions of the Privacy Act apply to all records and reports maintained by the contractor. All programs and materials developed at government expense during the course of this contract are the property of the government. As needed, contractor personnel shall be required to obtain and maintain security badges. Contractors will adhere to the security requirements of the different installation(s).

The Common Access Card (CAC): The Common Access Card (CAC) will be issued only when appropriate, in accordance with current guidance, and approved or requested by OSD.

Section 508 Compliance Requirements: All electronic and information technology (EIT) procured through this effort must meet the applicable accessibility standards at 36 CFR 1194. 36 CFR 1194 implements Section 508 of the Rehabilitation Act of 1973, as amended, which is viewable at <http://www.section508.gov>.

National Industrial Security Program: The contractor shall not require access to national security information at the time of initial contract award; however, a future requirement may involve an operation that will require access to national security information. At that point, specific requirements shall be defined which will include, but not be limited to, contractor personnel being able to obtain a SECRET Security Clearance. Performance at the interim secret level is acceptable.

Access to DoD Information Systems: Select individuals who require access to DoD information systems regardless of CLASSIFICATION level must be U.S. Citizens and be determined trustworthy as a result of a favorable completion of a National Agency Check (NAC).

Operations Security (OPSEC): The contractor, to include subcontractors, shall use the OPSEC process to protect FOR OFFICIAL USE ONLY and Privacy Act information under this contract. This information is defined as controlled, unclassified information obtained or generated as a result of Military and Family Life Counseling business operations. The contractor/subcontractor shall not disclose controlled, unclassified information to the public or any other organization outside of the Military and Family Life Counseling contract framework of providers without the written approval from the COR or the CO.

H.12 Standards

Services must adhere to standards of practice set forth by relevant Service/DoD policies, federal, state, and local laws.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

The Contractor must demonstrate sound professional judgment and highest ethical standards in executing contract responsibilities.

The Contractor must be able to operate independently to assess a variety of family needs.

H.13 Representation

The Contractor will not represent the government at any state, federal, or military meeting or event.

H.14 Coordination and Communication

The Contractor will coordinate all program management, communication and service delivery through the COR.

H.15 Contractor Attire

Contractor shall wear professional appropriate apparel, i.e., dresses, skirts, pants or slacks, shirt or blouse with collar and sleeves, shoes and socks. Tank-top shirts, cut-offs, shower shoes or similar items of apparel are prohibited. Clothing shall be clearly distinguishable from all U.S. Military Uniforms. Contractor shall maintain a neat well-groomed appearance at all times to facilitate credibility with clients, staff, and command.

H.16 Small Business Participation Reporting and Compliance

It is the Government's expectation that the successful offeror will strive to meet or exceed the DOD's Ability One, Small Business, Woman Owned Small Business (WOSB), Historically Underutilized Business Zone (HubZone), Veteran Owned Small Business (VOSB), Service Disabled Veteran Owned Small Business (SD-VOSB), and Small Disadvantaged Business (SDB) subcontracting goals proposed in response to this solicitation and throughout the period of performance of the resulting contract. The Government will audit compliance with the subcontracting goals proposed.

H.17 Subcontracting Compliance

The contractor's subcontracting plan, with a minimum subcontracting requirement of at least 25% of this effort, will remain in effect through the life of this contract. Annually, upon the exercise of any option period, the contractor will provide a letter report to the CO showing how this requirement was met during the preceding 12 months. The contractor understands and acknowledges that this requirement is a material part of the contract, and that failure to meet this requirement is a breach of contract, which may subject the contractor to a termination for cause action.

The Subcontracting Plan submitted by Magellan is hereby incorporated into this contract, and can be found in Section J, Attachment 14.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

H.18 Electronic Transmission of Data

The contractor shall be fully capable and willing to electronically transmit data (i.e. proprietary data, deliverables, pricing data) to the Government.

H.19 Data Use, Disclosure of Information, and Handling of Sensitive Information:

The contractor shall maintain, transmit, retain in strictest confidence, and prevent the unauthorized duplication, use, and disclosure of client information. The contractor shall provide information only to the government, employees, contractors, and subcontractors having a need to know such information in the performance of their duties.

All information regarding military operations information, particular matters disclosed by servicemembers which may be of a sensitive military nature, and any other similar information under this contract must be regarded as sensitive information by the contractor and not to be disclosed to anyone outside the contractor's organization without the written authorization from the CO.

- 19.1.** The contractor shall establish appropriate administrative and physical safeguards to ensure the security and confidentiality of client information and to protect against any anticipated threats or hazards to their security or integrity which could result in substantial harm, embarrassment, inconvenience, or unfairness to the client.
- 19.2.** All employees, contractors, and subcontractors who will have access to client information will be advised of the confidential nature of the information, that the information is subject to the requirements of the Privacy Act of 1974, and that unauthorized disclosures of client information may result in the imposition of possible criminal penalties.
- 19.3.** The contractor agrees to assume responsibility for protecting the confidentiality of Government records, clients or otherwise, which are not public information.
- 19.4.** Information made available to the contractor by the Government for the performance or administration of this effort shall be used only for those purposes and shall not be used in any other way without the written agreement from the CO.
- 19.5.** If public information is provided to the contractor for use in performance or administration of this effort, the contractor except with the written permission from the CO may not use such information for any other purpose. If the contractor is uncertain about the availability or proposed use of information provided for the performance or administration, the contractor will consult with the COR/CO regarding use of that information for other purposes.
- 19.6.** The contractor agrees to assume responsibility for protecting the confidentiality of Government records which are not public information. Each employee of the contractor to whom information may be made available or disclosed shall be notified in writing by the contractor that such information may be disclosed only for a specific purpose and extent authorized herein.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

- 19.7.** Performance of this effort may require the contractor to access and use data/information proprietary to a Government agency or Government contractor which is of such a nature that its dissemination or use, other than in performance of this effort, would be adverse to the interests of the Government and/or others.
- 19.8.** Contractor personnel shall not divulge or release data or information developed or obtained in performance of this effort, until made public by the Government, except to authorize Government personnel or upon written approval from the CO. The contractor shall not use, disclose, or reproduce proprietary data that bears a restrictive legend, other than as required in the performance of this effort. Nothing herein shall preclude the use of any data independently acquired by the contractor without such limitations or prohibit an agreement at no cost to the Government between the contractor and the data owner that provides for greater rights to the contractor.
- 19.9.** All data received, processed, evaluated, loaded, and/or created shall remain the sole property of the Government unless specific exception is granted by the CO.

H.20 Government Furnished Information (GFI) / Government Furnished Property (GFP)

- 20.1. Government Furnished Information:** The contractor shall be furnished project descriptions, program briefing material and other pertinent information as well as other documentation or material required to carry out the tasks requested in the PWS.
- 20.2. Government Furnished Property:** For most locations, counselors will need limited computer access. In lieu of providing a CAC for computer access, alternate locations for computer access is recommended. If it is necessary for the contractor to perform duties in government space, the contractor shall have full access to GFP and software to perform the duties of the project. The government (installation) shall furnish the computer hardware, software, and supporting GFP materials and facilities, as required, in support of the tasks required in the PWS.

H.21 Services for this Commercial Agreement

Any function, task or responsibility not specifically described in this contract but nevertheless considered an inherent part of the commercial services described and required for the proper performance and provision of services shall be deemed included for the purposes of this contract.

H.22 Performance Assessment

The Government will evaluate the contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan. In addition, the government reserves the right to inspect for contract compliance and quality by following various methods which include but are not limited to random sampling, periodic inspection, customer satisfaction surveys/discussions, and data calls via ad hoc reports. This formal/informal sampling may take place at any location and at any time during performance of this contract. The Quality Assurance Surveillance Plan (QASP) submitted by Magellan is hereby incorporated into this contract, and can be found in Section J, Attachment 15.

H.23 Requirement for International Health Insurance

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

Counselors who provide services under this contract in an overseas capacity (OCONUS) must obtain and maintain a valid international health insurance policy which covers catastrophic incidents for the entire duration that they provide services in the OCONUS locale. Counselors must understand the limitations of their policies, as well as local customs for payment, to ensure that all payments are reconciled with medical treatment facilities for any services rendered. Counselors must be able to provide their insurance policy number in the event it is required by U.S. Installation access request procedures.

H.24 Post Award Evaluation of Contractor Performance

a) Contractor Performance Evaluations

Interim and final evaluations of contractor performance will be prepared on this effort in accordance with FAR Subpart 42.1500. A final performance evaluation will be prepared, by the COR and the CO, at the time of completion of work. In addition to the final evaluation, interim evaluations may be prepared, by the COR and/or CO, prior to the exercise of any option period of this effort.

Interim and final evaluations will be provided to the Contractor as soon as practicable after completion of the evaluation. The Contractor will be permitted thirty (30) calendar days to review the document and to submit additional information or a rebutting statement. Any disagreement between the parties regarding an evaluation will be referred to an individual one level above the CO, whose decision will be final.

Copies of the evaluations, Contractor responses, and review comments, if any, will be retained as part of the contract file, and may be used to support future award decisions.

b) Electronic Access to Contractor Performance Evaluations

Contractors that have Internet capability may access evaluations through a secure Web site for review and comment by completing the registration form that can be obtained at the following address: <http://www.cpars.csd.disa.mil/cparsmain.htm>

The registration process requires the contractor to identify an individual that will serve as a primary contact and who will be authorized access to the evaluation for review/comment. In addition, the Contractor will be required to identify an alternate contact that will be responsible in the event the primary contact is unavailable to process the evaluation within the required thirty (30) calendar day time frame.

H.25 Authorized Changes only by the CO

- (a) No order, statement, or conduct of Government personnel who visit the contractor's facilities or in any other manner communicates with contractor personnel during the performance of this contract shall constitute a change under the "Changes" clause of this contract.
- (b) The contractor shall not comply with any order, direction or request of Government personnel unless it is issued in writing and signed by the CO, or is pursuant to specific authority otherwise included as a part of this contract.
- (c) The CO is the only person authorized to approve changes in any of the requirements of this contract, notwithstanding provisions contained elsewhere in this contract, the said authority remains solely the CO's. In the event the contractor effects any change at the direction of any person other than the CO, the change will be considered to

have been made without authority and no adjustment will be made in the contract price to cover any increase in charges incurred as a result thereof.

H.26 Contracts to be Performed in the Federal Republic of Germany

- (a) In accordance with the exchange of notes (dated 27 Mar 98) implementing the Provisions of Articles 72 and 73 of the German Supplementary Agreement (SA) to the North Atlantic Treaty Organization (NATO) Status of Forces Agreement (SOFA), non-German citizens of a NATO member country who perform services on US Government contracts shall not start work in Germany without meeting one of the following criteria:
- (1) Technical Expert Status accreditation (TESA)
 - (2) Troop Care Status accreditation (TCSA)
 - (3) Analytical Support Status accreditation (ASSA)
 - (4) Military Exigency (ME) via TESA or ASSA
 - (5) TESA/ASSA TDY
 - (6) Exemption from German work permit ("fax back")
 - (7) German work permit or compliance with European Union member nation exchange laws and regulations
 - (8) Certificates of limited tax liability and a German work permit
- (b) In order to request status under paragraph (a) (1) through (a) (5) above, immediately after contract award, the contractor shall submit to the contracting officer a Contract Notification package. The contractor shall submit Technical Expert Status (TES)/ Troop Care Status (TCS)/ Analytical Support Status (ASS) application packages for any employees for which TES/TCS/ASS accreditation is sought within three business days of the individual being hired.
- (c) The packages/applications cited in paragraph (b) above shall be submitted through the contracting officer (or the contracting officer's appointed representative) to DOCPER. DOCPER's contact information is available at the DOCPER Internet site <http://www.chrma.hqusareur.army.mil/>
- (d) A 10-week temporary TES or ASS may be granted by the US Government for purposes of Military Exigency (ME). ME is granted for time sensitive, mission critical positions for the purpose of permitting individual contract employees, who upon initial review of the application appear to meet the requirements of TES or ASS, to begin working in Germany prior to TES/ASS accreditation.
- (e) The contractor shall notify the contracting officer within three days in writing of TES/TCS/ASS accreditation duties or when a TES/TCS/ASS employee is no longer assigned to the position for which TES/TCS/ASS accreditation was granted.
- (f) The contractor shall ensure that identification cards and/or other logistics support documents pertinent to, or peculiar to, TES/TCS/ASS are turned over to the issuing office upon termination or transfer of individual contractor employees. Within three days of completion, the contractor shall provide written proof to the contracting officer that all identification cards and other logistics support documents have been returned to the government.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

- (g) The contractor shall allow German government authorities to visit the contractor's work areas for the purpose of verifying the status of positions and personnel as Technical Expert (TE)/Troop Care (TC)/Analytical Support (AS) employees. Such visits will not excuse the contractor from performance under this contract or result in increased costs to the Government.
- (h) The contract price shall not be subject to an economic adjustment with regard to TES/TCS/ASS in the event that:
 - (1) the contract and any or all positions identified in the contractor's proposal are disapproved for TES/TCS/ASS accreditation; or
 - (2) any or all positions submitted for TES/TCS/ASS consideration during the life of the contract are disapproved for TES/TCS/ASS accreditation; or
 - (3) any or all contractor employees are denied TES/TCS/ASS; or
 - (4) TES/TCS/ASS accreditation is rescinded during the life of the contract.
- (i) If the contractor's employees will be performing in the Federal Republic of Germany under the conditions identified in paragraphs (a) (6) through (a) (8) of this clause, DOCPER is not involved in the process.

(End of Clause)

H.27 SOFA Clause: Invited Contractor or Technical Representative Status Under U.S. – Republic of Korea (ROK)

Invited Contractor (IC) and Technical Representative (TR) status shall be governed by the U.S.-ROK Status of Forces Agreement (SOFA) as implemented by United States Forces Korea (USFK) Reg 700-19, which can be found under the "publications" tab on the US Forces Korea homepage <http://www.usfk.mil>

(a) Definitions. As used in this clause—

"U.S. – ROK Status of Forces Agreement" (SOFA) means the Mutual Defense Treaty between the Republic of Korea and the U.S. of America, Regarding Facilities and Areas and the Status of U.S. Armed Forces in the Republic of Korea, as amended

"Combatant Commander" means the commander of a unified or specified combatant command established in accordance with 10 U.S.C. 161. In Korea, the Combatant Commander is the Commander, United States Pacific Command.

"United States Forces Korea" (USFK) means the subordinate unified command through which US forces would be sent to the Combined Forces Command fighting components.

"Commander, United States Forces Korea" (COMUSK) means the commander of all U.S. forces present in Korea. In the Republic of Korea, COMUSK also serves as Commander, Combined Forces Command (CDR CFC) and Commander, United Nations Command (CDR UNC).

"USFK, Assistant Chief of Staff, Acquisition Management" (USFK/FKAQ) means the principal staff office to USFK for all acquisition matters and administrator of the U.S.-ROK SOFA as applied to US and Third Country contractors under the Invited Contractor (IC) and Technical Representative (TR) Program (USFK Reg 700-19).

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

“Responsible Officer (RO)” means a senior DOD employee (such as a military E5 and above or civilian GS-7 and above), appointed by the USFK Sponsoring Agency (SA), who is directly responsible for determining and administering appropriate logistics support for IC/TRs during contract performance in the ROK.

- (b) IC or TR status under the SOFA is subject to the written approval of USFK, Assistant Chief of Staff, Acquisition Management (FKAQ), Unit #15237, APO AP 96205-5237.
- (c) The contracting officer will coordinate with HQ USFK/FKAQ, IAW FAR 25.8, and USFK Reg 700-19. FKAQ will determine the appropriate contractor status under the SOFA and notify the contracting officer of that determination.
- (d) Subject to the above determination, the contractor, including its employees and lawful dependents, may be accorded such privileges and exemptions under conditions and limitations as specified in the SOFA and USFK Reg 700-19. These privileges and exemptions may be furnished during the performance period of the contract, subject to their availability and continued SOFA status. Logistics support privileges are provided on an as-available basis to properly authorized individuals. Some logistics support may be issued as Government Furnished Property or transferred on a reimbursable basis.
- (e) The contractor warrants and shall ensure that collectively, and individually, its officials and employees performing under this contract will not perform any contract, service, or other business activity in the ROK, except under U.S. Government contracts and that performance is IAW the SOFA.
- (f) The contractor’s direct employment of any Korean-National labor for performance of this contract shall be governed by ROK labor law and USFK regulation(s) pertaining to the direct employment and personnel administration of Korean National personnel.
- (g) The authorities of the ROK have the right to exercise jurisdiction over invited contractors and technical representatives, including contractor officials, employees and their dependents, for offenses committed in the ROK and punishable by the laws of the ROK. In recognition of the role of such persons in the defense of the ROK, they will be subject to the provisions of Article XXII, SOFA, related Agreed Minutes and Understandings. In those cases in which the authorities of the ROK decide not to exercise jurisdiction, they shall notify the U.S. military authorities as soon as possible. Upon such notification, the military authorities will have the right to exercise jurisdiction as is conferred by the laws of the U.S.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

- (h) Invited contractors and technical representatives agree to cooperate fully with the USFK Sponsoring Agency (SA) and Responsible Officer (RO) on all matters pertaining to logistics support and theater training requirements. Contractors will provide the assigned SA prompt and accurate reports of changes in employee status as required by USFK Reg 700-19.
- (i) Theater Specific Training. Training Requirements for IC/TR personnel shall be conducted in accordance with USFK Reg 350-2 Theater Specific Required Training for all Arriving Personnel and Units Assigned to, Rotating to, or in Temporary Duty Status to USFK. IC/TR personnel shall comply with requirements of USFK Reg 350-2.
- (j) Except for contractor air crews flying Air Mobility Command missions, all U.S. contractors performing work on USAF classified contracts will report to the nearest Security Forces Information Security Section for the geographical area where the contract is to be performed to receive information concerning local security requirements.
- (k) Invited Contractor and Technical Representative status may be withdrawn by USFK/FKAQ upon:
 - (1) Completion or termination of the contract.
 - (2) Determination that the contractor or its employees are engaged in business activities in the ROK other than those pertaining to U.S. armed forces.
 - (3) Determination that the contractor or its employees are engaged in practices in contravention to Korean law or USFK regulations.
- (l) It is agreed that the withdrawal of invited contractor or technical representative status, or the withdrawal of, or failure to provide any of the privileges associated therewith by the U.S. and USFK, shall not constitute grounds for excusable delay by the contractor in the performance of the contract and will not justify or excuse the contractor defaulting in the performance of this contract. Furthermore, it is agreed that withdrawal of SOFA status for reasons outlined in USFK Reg 700-19, Section II, paragraph 6 shall not serve as a basis for the contractor filing any claims against the U.S. or USFK. Under no circumstance shall the withdrawal of SOFA Status or privileges be considered or construed as a breach of contract by the U.S. Government.
- (m) Support:
 - (1) Unless the terms and conditions of this contract place the responsibility with another party, the COMUSK will develop a security plan to provide protection, through military means, of Contractor personnel engaged in the theater of operations when sufficient or legitimate civilian authority does not exist.
 - (2)
 - (i) All Contractor personnel engaged in the theater of operations are authorized resuscitative care, stabilization, hospitalization at level III military treatment facilities, and assistance with patient movement in emergencies where loss of life, limb, or eyesight could occur. Hospitalization will be limited to stabilization and short-term medical treatment with an emphasis on return to duty or placement in the patient movement system.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

- (ii) When the Government provides medical or emergency dental treatment or transportation of Contractor personnel to a selected civilian facility, the Contractor shall ensure that the Government is reimbursed for any costs associated with such treatment or transportation.
 - (iii) Medical or dental care beyond this standard is not authorized unless specified elsewhere in this contract.
- (3) Unless specified elsewhere in this contract, the Contractor is responsible for all other support required for its personnel engaged in the theater of operations under this contract.
- (n) Compliance with laws and regulations. The Contractor shall comply with, and shall ensure that its personnel supporting U.S Armed Forces in the Republic of Korea as specified in paragraph (b)(1) of this clause are familiar with and comply with, all applicable—
 - (1) United States, host country, and third country national laws;
 - (2) Treaties and international agreements;
 - (3) United States regulations, directives, instructions, policies, and procedures; and
 - (4) Orders, directives, and instructions issued by the COMUSK relating to force protection, security, health, safety, or relations and interaction with local nationals. Included in this list are force protection advisories, health advisories, area (i.e. “off-limits”), prostitution and human trafficking and curfew restrictions.
- (o) Vehicle or equipment licenses. IAW USFK Regulation 190-1, Contractor personnel shall possess the required licenses to operate all vehicles or equipment necessary to perform the contract in the theater of operations. All contractor employees/dependents must have either a Korean driver’s license or a valid international driver’s license to legally drive on Korean roads, and must have a USFK driver’s license to legally drive on USFK installations. Contractor employees/dependents will first obtain a Korean driver’s license or a valid international driver’s license then obtain a USFK driver’s license.
- (p) Evacuation.
 - (1) If the COMUSK orders a non-mandatory or mandatory evacuation of some or all personnel, the Government will provide assistance, to the extent available, to United States and third country national contractor personnel.
 - (2) Non-Combatant Evacuation Operations (NEO).
 - (i) The contractor shall designate a representative to provide contractor personnel and dependents information to the servicing NEO warden as required by direction of the Responsible Officer.
 - (ii) If contract period of performance in the Republic of Korea is greater than six months, non emergency essential contractor personnel and all IC/TR dependents shall participate in at least one USFK sponsored NEO exercise per year.
- (q) Next of kin notification and personnel recovery.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

- (1) The Contractor shall be responsible for notification of the employee-designated next of kin in the event an employee dies, requires evacuation due to an injury, or is missing, captured, or abducted.
 - (2) In the case of missing, captured, or abducted contractor personnel, the Government will assist in personnel recovery actions in accordance with DOD Directive 2310.2, Personnel Recovery.
 - (3) IC/TR personnel shall accomplish Personnel Recovery/Survival, Evasion, Resistance and Escape (PR/SERE) training in accordance with USFK Reg 525-40, Personnel Recovery Procedures and USFK Reg 350-2 Theater Specific Required Training for all Arriving Personnel and Units Assigned to, Rotating to, or in Temporary Duty Status to USFK.
- (r) Mortuary affairs. Mortuary affairs for contractor personnel who die while providing support in the theater of operations to U.S. Armed Forces will be handled in accordance with DOD Directive 1300.22, Mortuary Affairs Policy and Army Regulation 638-2, Care and Disposition of Remains and Disposition of Personal Effects.
- (s) USFK Responsible Officer (RO). The USFK appointed RO will ensure all IC/TR personnel complete all applicable training as outlined in this clause.

(End of Clause)

H.28 Contract Performance in Japan – (In accordance with the “Agreement Under the Treaty of Mutual Cooperation and Security Between the United States of America and Japan, Regarding Facilities and Areas and the Status of United States Armed Forces in Japan”)

- I. GENERAL: The Status of Forces Agreement between the U.S. and Japan (SOFA) governs the rights and obligations of the U.S. armed forces in Japan. Contractor employees and their dependents accorded privileges under SOFA Article I(b) remain subject to all the laws and regulations of Japan unless expressly exempted by the SOFA. Commander, United States Forces Japan is primarily responsible for interpreting the SOFA and local law for U.S. Forces in Japan, to include determining the applicability of Article I (b) to a specific U.S. forces requirement in Japan.
- II. SOFA ARTICLE I(b):
 - a. SOFA Article I (b) status: Individuals including, but not limited to, technical advisors, consultants, entertainers serving under contracts with the United States for the provision of services in support of U.S. armed forces in Japan, and whose presence is required in Japan to provide such services, may acquire SOFA status in Japan as part of the civilian component under Article I (b) of the SOFA. Note SOFA Article I (b) does not create a lawful status in Japan for any entity other than individuals (e.g., the corporation employing the individual). To qualify for SOFA status under SOFA Article I(b), such individuals must be:
 1. U.S. nationals;
 2. not ordinarily resident in Japan;

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

3. present in Japan at the invitation of, and solely for the purpose of executing contracts with the United States for the benefit of the United States armed forces (including Foreign Military Sales contracts); and
 4. not contractors, employees of a contractor whose presence in Japan is solely for the purpose of executing contracts within the definition of SOFA Article XIV, or dependents of such contractors or contractor employees.
- b. SOFA Article I (b) procedures. Contractor personnel must obtain authority to enter Japan under SOFA Article I (b) through their employer and the KO. After determining that the personnel meet the requirements for SOFA Article I (b) status, the KO may issue a Letter of Identification. The Letter of Identification should include a statement that the individual is entering Japan under SOFA Article I (b).
- c. SOFA Article I (b) privileges and benefits. Persons granted authority to enter Japan under SOFA Article I(b) and their dependents (defined as spouse, children under 21, and, if dependent for over half their support upon an individual having SOFA Article I(b) status, parents and children over 21) shall be accorded the following benefits of the SOFA. These privileges are personal to the employee/dependent and do not inure to the employer.
1. Access to and movement between facilities and areas in use by the United States armed forces and between such facilities and areas and the ports or airports of Japan as provided for in SOFA Article V, paragraph 2;
 2. Entry into Japan and exemption from Japanese laws and regulations on the registration and control of aliens as provided for in SOFA Article IX;
 3. Acceptance as valid by Japan, without a driving test or fee, a U.S. Forces, Japan Operator's Permit for Civilian Vehicle as provided for in SOFA Article X. Issuance of such permit shall be subject to applicable military regulation;
 4. Exemption from customs duties and other such charges on materials, supplies, and equipment which are to be incorporated into articles or facilities used by the U.S. armed forces furniture, household goods for private use imported by person when they first arrive to work in Japan, vehicles and parts imported for private use, and reasonable quantities of clothing and household goods for everyday private use which are mailed into Japan through U.S. military post offices as provided for in SOFA Article XI, paragraphs 2 and 3;
 5. Exemption from the laws and regulations of Japan with respect to terms and conditions of employment as provided for in SOFA Article XII, paragraph 7, except that such exemption shall not apply to the employment of local nationals in Japan;
 6. Exemption from Japanese taxes to the Government of Japan or to any other taxing agency in Japan on income received as a result of their service with the U.S. armed forces as provided for in SOFA Article XIII. The provisions of Article XIII do not exempt such persons from payment of Japanese taxes on income derived from Japanese sources;
 7. If authorized by the installation commander or designee, the right to use Navy exchanges, post exchanges, base exchanges, commissaries, messes, social clubs,

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

theaters, newspapers and other non-appropriated fund organizations regulated by U.S. military authorities as provided for in SOFA Article XV;

8. The transmission into or outside of Japan of U.S. dollar or dollar instruments realized as a result of contract performance as provided for in SOFA Article XIX, paragraph 2;
9. The use of postal facilities as provided for in SOFA Article XXI;
10. Exemption from taxation in Japan on the holding, use transfer by death, or transfer to person or agencies entitled to tax exemption under the SOFA, of movable property, tangible or intangible, the presence of which in Japan is due solely to the temporary presence of these persons in Japan, provided such exemption shall not apply to property held for the purpose of investment or the conduct of other business in Japan or to any intangible property registered in Japan.
11. Japan authorities have the right to exercise jurisdiction over SOFA personnel in relation to offenses committed in Japan and punishable by the law of Japan. In those cases in which the Japanese authorities have the primary right to exercise jurisdiction but decide not to do so, the U.S. shall have the right to exercise such jurisdiction as is conferred on it by the law of the U.S.

III. Logistic Support: Logistic support, including but not limited to, the items below shall be provided on a reimbursable basis to the contractor employees and their dependents granted SOFA Article I (b) status under this contract, subject to availability as determined by the installation commander or designee.

1. Navy, Base or Post Exchange, exchange service stations, theaters, and commissary;
2. Laundry and dry cleaning;
3. Military banking facilities;
4. Transient billeting facilities;
5. Open mess (club) membership, as determined by each respective club;
6. Casualty assistance (mortuary services);
7. Routine medical care for U.S. citizens & emergency medical care for non-U.S. citizens;
8. Dental care, limited to relief of emergencies;
9. DoD Dependent Schools on a space-available and tuition-paying basis;
10. Postal support, as authorized by military postal regulations;
11. Local recreation services on a space-available basis;
12. Issuance of U.S. Forces, Japan Operator's Permit;
13. Issuance of vehicle license plates.

H.29 Corporate and Performance Guarantees

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

The Government hereby accepts and incorporates the Corporate Guarantee offered by Magellan. The Corporate Guarantee can be found in Section J, Attachment 16.

The Government also accepts the following additional performance guarantees offered by Magellan as follows:

1. Travel:

“Ninety percent of all CONUS (Alaska and Hawaii) MFLC rotational counselor positions will incur no travel costs;

Magellan will reimburse DoD up to \$1 million for failure to achieve this target

Calculation is as follows:

Total number of rotational position days with travel expenses divided by the total number of rotational positions multiplied by 365 days

Failure to achieve 90 percent results in penalty calculation

Each 1 percent below 90 percent results in a \$100,000 penalty to Magellan

Maximum penalty is at 80 percent or \$1M.”

H.30 Performance Locations

Performance locations have been assigned a primary and secondary provider of services, as listed in Section J, Attachment 13. Magellan is required to perform at its designated primary locations. However, these designations may be adjusted unilaterally by the Government based on the ability or inability of the designated primary provider to support its locations with local counselors. In addition, support may be requested from the secondary provider for any location, without a change in the primary and secondary provider designations.

SECTION G – CONTRACT ADMINISTRATION DATA

G.1 Contracting Officer's Representative (COR)

The COR for this effort is as follows:

Office of the Deputy Undersecretary of Defense (ODUSD)
Military Community & Family Policy (MC&FP)
Janice Atkinson, Program Analyst
Voice: (703) 697-7191
Fax: (703) 695-1977
Janice.atkinson@osd.mil

The OSD Program Manager for this effort is as follows:

Office of the Deputy Undersecretary of Defense (ODUSD)
Military Community & Family Policy (MC&FP)
Michael Hoskins
Voice: (703) 602-4991
Fax: (703) 695-1977
Mike.Hoskins@osd.mil

The COR is the individual within the Program Management function who has overall technical responsibility for this effort. The COR supports the CO/CA during administration of this effort by:

- 1) Making final decisions regarding any recommended rejection of deliverables;
- 2) Providing technical clarification relative to overall workload matters;
- 3) Providing advice and guidance to the Contractor in the preparation of deliverables and services;
- 4) Providing acceptance of deliverable products to assure compliance with requirements.

The COR, Program Manager, or CO also provide technical direction to the Contractor, i.e., shifting work emphasis between areas of work; fills in details, or otherwise serves to accomplish the purposes of this effort. Technical direction shall be within the general PWS for this effort. Neither the COR nor the Program Manager has the authority to and may NOT issue any technical direction which:

- 1) Constitutes an assignment of work outside the general scope of this effort;
- 2) Constitutes a change as defined in the "Changes" clause;
- 3) In any way causes an increase or decrease in cost or the time required for performance;
- 4) Changes any of the terms, conditions, or other requirements of this effort; and
- 5) Suspends or terminates any portion of this effort.

All technical direction shall be issued in writing by the COR, Program Manager, or CO or will be confirmed by the COR, Program Manager, or CO in writing within 10 calendar days after verbal issuance. An electronic copy of the written technical direction shall be furnished to the CO and the CA monthly for invoice verification purposes.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

In addition to providing technical direction, the COR will:

- 1) Monitor the Contractor's technical progress, including surveillance and assessment of performance, and recommend to the CO and CA, any changes in the requirement;
- 2) Assist the Contractor in the resolution of technical problems encountered during performance; and
- 3) Perform inspection and acceptance or recommendation for rejection of Contractor deliverables and identify deficiencies in delivered items. This does not replace any other quality assurance inspection requirements that are specified elsewhere within the PWS.

If in the opinion of the Contractor, any instruction or direction issued by the COR is outside of their specific authority, the Contractor shall not proceed but shall notify the CO in writing within 5 working days after receipt of any instruction or direction, with an informational copy to the CA.

G.2 Contracting Officer (CO) Authority

The COs for this contract are:

~~Sharon Hallinan
Acquisition Services Directorate Herndon (AQD Herndon)
National Business Center (NBC)
Department of the Interior (DOI)
381 Elden St., Suite 4000
Herndon, VA 20170
Voice: (703) 964 3698
Email: sharon_hallinan@nbc.gov~~

William Galvin
Acquisition Services Directorate-Herndon (AQD-Herndon)
National Business Center (NBC)

Voice: 703-964-3690
Email: William_galvin@nbeibc.doi.gov

In no event shall any understanding or agreement between the Contractor and any Government employee other than the CO on any contract, modification, change order, letter or verbal direction to the Contractor be effective or binding upon the Government. All such actions must be formalized by a proper contractual document executed by an appointed CO. The Contractor is hereby put on notice that in the event a Government employee other than the CO directs a change in the work to be performed or increases the scope of the work to be performed, it is the Contractor's responsibility to make inquiry of the CO before making the deviation. Payments will not be made without being authorized by an appointed CO with the legal authority to bind the Government.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

G.3 Government Representatives

This contract will be administered by an authorized representative of the CO, designated as the Contract Specialist (CS). In no event, however, will any understanding or agreement, modification, change order, or other matter deviating from the terms and conditions of the contract between the Contractor and any person other than the CO be effective or binding upon the Government, unless formalized by proper contractual documents executed by the CO prior to completion of this contract.

The COR will be designated by the CO as the authorized representative of the CO. The COR is responsible for monitoring performance and the technical management of the effort required hereunder, and should only be contacted regarding issues of a technical nature.

G.4 Submission of Invoices – IPP

The Contractor shall bill no more than once monthly. Invoices must include, as a minimum, the following information for each individual:

- Name
- Labor Category(s) and Hourly Rate
- Time Period Covered
- Productive Direct Labor Hours for the current billing period and cumulative to date (for Labor Hours CLINs)
- Any Travel or Other Direct Costs (ODCs) incurred (with supporting documentation / receipts for all charges) for the current billing period and cumulative to date
- The CLIN being invoiced

Invoices shall be submitted electronically through the Internet Payment Platform (IPP), the U. S. Department of the Treasury's Internet Payment Platform System, at <https://www.ipp.gov/>. Please direct all IPP inquiries to the IPP Production Helpdesk at (866) 973-3131 or ippgroup@bos.frb.org.

Hardcopy invoices shall not be accepted, unless requested by the CO or the IPP Team.

IPP Electronic Invoicing Requirements

Payment requests must be submitted electronically through the U. S. Department of the Treasury's Internet Payment Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions – Commercial Items included in commercial item contracts. The IPP website address is: <https://www.ipp.gov>.

The Contractor must use the IPP website to register, access, and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in CCR) will receive enrollment instructions via email from the Federal Reserve Bank of Boston (FRBB) within 3 – 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email ippgroup@bos.frb.org or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the contracting officer with its proposal or quotation.

CONTRACT SUMMARY

As shown above in the contract summary, there are changes in the Maximum and Baseline Quantity Totals in both the Base period and Option Period I. These changes have arisen from the movement of the optional quantities from the Base Period to Option Period I as the zeroing out of the baseline quantities for JFSAP Program on both the MFLC and CYB programs.

TOTAL CONTRACT FUNDING

The total contract funding for the Option Period I is \$107,215,392.08

The COR is the individual within the Program Management function who has overall technical responsibility for this effort. The COR supports the CO/CA during administration of this effort by:

- 1) Making final decisions regarding any recommended rejection of deliverables;
- 2) Providing technical clarification relative to overall workload matters;
- 3) Providing advice and guidance to the Contractor in the preparation of deliverables and services;

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

- 4) Providing acceptance of deliverable products to assure compliance with requirements.

The COR, Program Manager, or CO also provide technical direction to the Contractor, i.e., shifting work emphasis between areas of work; fills in details, or otherwise serves to accomplish the purposes of this effort. Technical direction shall be within the general PWS for this effort. Neither the COR nor the Program Manager has the authority to and may NOT issue any technical direction which:

- 1) Constitutes an assignment of work outside the general scope of this effort;
- 2) Constitutes a change as defined in the "Changes" clause;
- 3) In any way causes an increase or decrease in cost or the time required for performance;
- 4) Changes any of the terms, conditions, or other requirements of this effort; and
- 5) Suspends or terminates any portion of this effort.

All technical direction shall be issued in writing by the COR, Program Manager, or CO or will be confirmed by the COR, Program Manager, or CO in writing within 10 calendar days after verbal issuance. An electronic copy of the written technical direction shall be furnished to the CO and the CA monthly for invoice verification purposes.

In addition to providing technical direction, the COR will:

- 1) Monitor the Contractor's technical progress, including surveillance and assessment of performance, and recommend to the CO and CA, any changes in the requirement;
- 2) Assist the Contractor in the resolution of technical problems encountered during performance; and
- 3) Perform inspection and acceptance or recommendation for rejection of Contractor deliverables and identify deficiencies in delivered items. This does not replace any other quality assurance inspection requirements that are specified elsewhere within the PWS.

If in the opinion of the Contractor, any instruction or direction issued by the COR is outside of their specific authority, the Contractor shall not proceed but shall notify the CO in writing within 5 working days after receipt of any instruction or direction, with an informational copy to the CA.

G.2 Contracting Officer (CO) Authority

The COs for this contract are:

~~Sharon Hallinan

In no event shall any understanding or agreement between the Contractor and any Government employee other than the CO on any contract, modification, change order, letter or verbal direction to the Contractor be effective or binding upon the Government. All such actions must be formalized by a proper contractual document executed by an appointed CO. The Contractor is hereby put on notice that in the event a Government employee other than the CO directs a change in the work to be performed or increases the scope of the work to be performed, it is the Contractor's responsibility to make inquiry of the CO before making the deviation. Payments will not be made without being authorized by an appointed CO with the legal authority to bind the Government.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

G.3 Government Representatives

This contract will be administered by an authorized representative of the CO, designated as the Contract Specialist (CS). In no event, however, will any understanding or agreement, modification, change order, or other matter deviating from the terms and conditions of the contract between the Contractor and any person other than the CO be effective or binding upon the Government, unless formalized by proper contractual documents executed by the CO prior to completion of this contract.

The COR will be designated by the CO as the authorized representative of the CO. The COR is responsible for monitoring performance and the technical management of the effort required hereunder, and should only be contacted regarding issues of a technical nature.

G.4 Submission of Invoices – IPP

The Contractor shall bill no more than once monthly. Invoices must include, as a minimum, the following information for each individual:

- Name
- Labor Category(s) and Hourly Rate
- Time Period Covered
- Productive Direct Labor Hours for the current billing period and cumulative to date (for Labor Hours CLINs)
- Any Travel or Other Direct Costs (ODCs) incurred (with supporting documentation / receipts for all charges) for the current billing period and cumulative to date
- The CLIN being invoiced

Invoices shall be submitted electronically through the Internet Payment Platform (IPP), the U. S. Department of the Treasury's Internet Payment Platform System, at <https://www.ipp.gov/>. Please direct all IPP inquiries to the IPP Production Helpdesk at (866) 973-3131 or ippgroup@bos.frb.org.

Hardcopy invoices shall not be accepted, unless requested by the CO or the IPP Team.

IPP Electronic Invoicing Requirements

Payment requests must be submitted electronically through the U. S. Department of the Treasury's Internet Payment Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions – Commercial Items included in commercial item contracts. The IPP website address is: <https://www.ipp.gov>.

The Contractor must use the IPP website to register, access, and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in CCR) will receive enrollment instructions via email from the Federal Reserve Bank of Boston (FRBB) within 3 – 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email ippgroup@bos.frb.org or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the contracting officer with its proposal or quotation.

ACTIVITY FORM

Scenarios:

Non-medical Face to Face counseling (direct support) [section B of activity form]:

- Non-medical support provided to an individual, family, spouse, child, group or command that focuses on a specific issue i.e. stress, anger, separation, grief, parenting etc...

#1. Spouse: I need to talk with someone.

MFLC: I am Joe a Military and Family Life Counselor. I can talk with you, how may I help you?

Spouse: My wife is deployed and I am having a difficult time coping with our two children, I feel stressed out all the time.

MFLC: Tell me more about feeling stressed, what is a normal day for you?

Spouse: The kids are great, I just feel overwhelmed with dealing with two kids. It seems like all I ever do is get the kids up, take them to school, go to work, pick the kids up, help them with their homework, cook dinner clean up after them, put them to bed, then crash and do it all over again the next day. This is my life day in and day out.

MFLC: That sounds stressful, what have you done to alleviate some this stress?

The MFLC then does some problem solving and provides resources to alleviate stress due to deployment.

#2. MFLC is asked to be present at the airport while a plane of re-deploying SM arrive home

2a. This is a face to face contact;

MFLC approaches a group of spouses who are apparently anxiously awaiting the arrival of the plane.

MLFC: Good evening, I am Mary. How is everyone doing?

Spouse 1: I'm doing well, just waiting for my husband to get home.

Spouse 2: I'm good, can't wait for the plane to get here.

Spouse 3: I'm doing okay, but a little anxious. This is our 2nd deployment and the last time she came home it didn't go well.

MFLC: What do you mean it didn't go well?

Spouse 3: we argued a lot, she couldn't sleep and I felt helpless.

MLFC: How did you resolve things?

ACTIVITY FORM

Spouse 3: we started talking about how things change and our expectations, what happened while we were separated. I also realized that I had some resentment about her being gone for a year.

MFLC: Knowing that there will be a transition time just like last deployment, or when you first started living together, I wonder what would happen if you started using those techniques you learned from last deployment early. Also, having a plan may help some of the anxiety, what is your plan.

Spouse 3: My plan is to just enjoy some time, the next 2-3 weeks together, then start talking about the responsibilities we shared before she left then talk about ask for her ideas about where we should go with the home and children responsibilities.

The MFLC and Spouse talked continue discussion on relationship development issues and techniques on coping with the anxiety of the unknown as well as how to approach difficult subjects.

2b. this is **NOT** a face to face contact;

MFLC approaches a group of spouse who are apparently anxiously awaiting the arrival of the plane.

MLFC: Good evening, I am Mary, how is everyone doing?

Spouse 1: I doing well, just waiting for my husband to get home.

Spouse 2: I'm good, can't wait for the plane to get here.

Spouse 3: I'm doing okay, but a little anxious. This is our 2nd deployment and the last time she came home it didn't go well.

MFLC: Yes, I can imagine anticipation of a loved one coming home after being gone for a long time and what is going to happen next. If you would like to talk about this or if you find yourself wanting or needing to talk, you can call the MFLC program for confidential help.

The MFLC terminates the conversation and moves on.

Command Face-to-Face support (direct support) [section B activity form]

Command Face-to-Face support is support provided to a command leadership that has direct non-medical counseling impact for eligible Service member or family member.

Face to Face (direct) support

- Command leadership summons an MFLC to a meeting with a senior enlisted and the XO. The XO asks talks with the MFLC about being back for 2 months and how several command members have talked about troubled relationships and difficulty in parenting again.

ACTIVITY FORM

- The MFLC discusses options focused on supporting command members with some mentoring from other command members, providing direct information via face to face counseling, leaders “checking in” with command members etc...

The following is NOT Face to Face support

- Command leadership summons an MFLC to a meeting with a senior enlisted and the XO. The XO asks talks with the MFLC about being back for 2 months and how several command members have talked about troubled relationships and difficulty in parenting again.
- The MFLC discusses how the MFLC program provides presentations/briefings and/or non-medical counseling. The MFLC doesn't provide any specific techniques that will assist the command members on adjusting during the reintegration time.

DSM 5 CODES

PURPOSE:

Counseling is limited to defined problem areas that address situational “problems-in-living.” Most of these conditions are listed as V Codes in the Diagnostic and Statistical Manual of Mental Disorders, DSM – 5. The purpose of this document is to establish the policies and requirements for identifying and documenting conditions addressed during the provision of Military and Family Life Counseling (MFLC) services.

POLICY:

SECTION C – DESCRIPTION AND SPECIFICATIONS

PERFORMANCE WORK STATEMENT

Mission Execution Tasks:

- 1. General Military & Family Life Counseling Program (MFLC)**
- 2. Child and Youth Behavioral Program (CYB)**
- 3. Personal Financial Counseling Program (PFC)**

1.0 INTRODUCTION

On behalf of the U.S. Military Departments, including the National Guard and Reserve Components, the Department of Defense (DoD) requires a contractor(s) to provide general MFLC, CYB-MFLC, and PFC counseling services. These counseling services are intended to augment other DoD support services/programs available for active military as well as Guard and Reserve service members and their families. This non-medical counseling services are intended to provide private and confidential, short term, situational, problem-solving counseling services, which are targeted to ensure that personal and family issues of military service members do not detract from military operational readiness. These services also serve to strengthen the confidence and increase the competencies of military service members and their families in dealing with the stressors of military life. The counseling services will be provided world-wide on an as needed basis for all military active duty as well as Guard and Reserve service members and their families.

The counseling services shall be delivered face-to-face using a “walk-around/coaching” approach, usually at or near participating duty stations, but also within the civilian communities. Typically, counselors will provide these services via a highly flexible 40 hour work week.

1.1 BACKGROUND

Due to unprecedented high levels of past and present deployments of U.S. military service members to locations such as Iraq, Afghanistan and other areas of world conflict, military members/families have experienced extreme stress. The stresses of military life have become increasingly complex, requiring a wide range of problem solving skills in areas such as: single parenting; child care; financial stability; spousal employment; fluctuating family income; frequent relocations; isolation from other extended family members, child education, and children coping with the absence of a parent. The DoD recognizes these difficulties and is committed to providing the necessary support.

Active participation in stress prevention and counseling programs by military service members and their families is highly encouraged by DoD. In order to satisfy this widely recognized and unmet need, DoD created the MFLC Program, facilitating private and confidential services outside the chain of command.

Other military family life issues of a medical nature requiring a medical diagnosis, including but not limited to disorders found in the latest ([5th Edition](#)) Diagnostic and Statistical Manual of Mental Disorders ([DSM 5](#)) ~~Fourth (DSM-IV, TR)~~ are not provided under the MFLC services. Issues of a medical nature will be referred to a Military Medical Treatment Facility (MTF), TRICARE or other civilian medical treatment facility.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

V code indicators (Reference Section J-19) must be documented in the daily activity form immediately upon the conclusion of every contact. In the event the issue is not documented reflective of a V code, the accurate diagnostic indicator shall be identified, using the DSM 5, and the Participant shall be referred to the appropriate clinical support.

Non-medical counseling scope of care is limited to specific V codes (Reference Section J-19). Clinical mental health counseling, treatment and/or therapy, or substance abuse treatment is prohibited.

In addition, pre-marital counseling, or any other counseling typically provided by military chaplains, which addresses spiritual and religious values, marital roles, and family planning is prohibited from being performed under this contract.

Situations encountered that involve domestic violence, child abuse, and duty to warn (harm to self or others), are not provided for under the MFLC Program, and therefore, must be reported, as mandated, to the respective military (Reference Section J, Attachment 5), federal and state authorities.

In the event of an adverse incident, follow prescribed policies and procedures listed in Section J-20. The Contractor shall develop, maintain, and execute a process for notification to the Government MFLC Program Office (COR and Government Program Manager (PM)). In the event of any situation or incident that could potentially generate media or other attention to the MFLC Program (reference Section J-20), the contractor shall follow its process ensuring notification within 24 hours.

2.0 SCOPE OF WORK

The contractor will assist the DoD in the following tasks: provide private and confidential non-medical, problem-solving, counseling services, in support of the MFLC Program on an as-needed basis, to support all active and Reserve component military service members and their families, including severely injured service members and their families. MFLC services are meant to augment, not replace, other existing DoD military support services or programs. The MFLC services will be provided by licensed or certified counselors. The counseling support will not be associated with any Military Medical Treatment Facility, mental health counseling service, TRICARE, or any other medical providers.

Counseling sessions (which may vary in duration from a few minutes to 2 hours) shall be provided on an as needed basis. Eligible participants may receive up to twelve non-medical counseling sessions per person per issue. Counseling is limited to defined problem areas that address situational “problems-in-living” – most conditions listed as V Codes in the DSM 5. ~~DSM IV, TR. V Code exceptions include those listed in the DSM IV, TR, “Problems related to Abuse and Neglect” (child physical abuse/neglect, physical abuse of an adult (domestic violence), and sexual abuse and assault.~~ Counseling shall be non-medical, short-term, and solution-focused, which is intended to address issues amenable to brief intervention. For issues not amenable to intervention via brief/short term interaction, counseling shall be referred to behavioral health, TRICARE, or other providers of professional mental health services as appropriate.

Installations receiving counseling services are located throughout the Continental United States (CONUS), overseas (OCONUS), and are comprised of all military branches as well as National Guard and Reserve Components.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

Individuals are eligible to be MFLC Participants and receive all services if they are:

• Active duty members of the Military Services (Army, Navy, Marine Corps, and Air Force) and their immediate family, which includes spouses as defined by 1 U.S.C. Section 7, children, and anyone who has legal responsibility for a Service member's children or dependent parent during deployment or separation;

• Members of the Army Guard, Air Guard, the Army, Navy, Marine Corps, and Air Force Reserves (including the Selected Reserve, Individual Ready Reserve, and Standby Reserve), regardless of activation status, and their immediate family, which includes spouses as defined by 1 U.S.C. Section 7, children, and anyone who has legal responsibility for a Service member's children or dependent parent during deployment or separation;

• Members of the U.S. Coast Guard on active duty and activated reserve personnel deployed or mobilized under the Title 10 authority of the DoD.

• Members of the DoD Civilian Expeditionary Workforce during the 90 days prior to deployment and 180 days post-deployment, and their immediate family, which includes spouses as defined by 1 U.S.C. Section 7, children, and anyone who has legal responsibility for a Civilian Expeditionary Worker's children or dependent parent during deployment or separation (Attachment J-4g).

A **complete** eligibility matrix for MFLC services will be provided to the Contractor.

MFLCs may not transport any MFLC Participants in any vehicle and may not physically enter a Participant's home at any time.

3.0 OBJECTIVE

To provide private, confidential non-medical and financial counseling/coaching program for service members and their families. The counseling support is intended to augment, but not replace, existing military/civilian support services or Service funded staff positions/programs. The counseling program should remain flexible to ensure services are provided when and where they are needed, and to service National Guard and Reserve Component service members federally activated in accordance with U.S.C. Title 10 as well as their families who often feel isolated and do not live near military installations. The counseling program will consist of an as needed, short-term, situational, problem-solving counseling service for service members and their families which addresses the stressors of military life. The counseling service will assist service members and their families in dealing with deployments, effects of war, relationships, crisis intervention, stress management, family issues, parent-child communications, family separations, reunions and reintegration due to deployments. This counseling service is an integral part of military and family support programs that are targeted to ensure personal and family issues do not detract from operational readiness; to strengthen individuals by assisting them in the problem-solving process and to increase individual and family member competencies and confidence.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

4.0 MINIMUM REQUIREMENTS FOR ALL MISSION EXECUTION TASKS

- 4.1. The contractor must recruit, retain, train, and maintain a deployable network of counselors, which meet all credentialing requirements in this PWS. The Offeror's network shall assure access to face-to-face counseling.
- 4.2. The contractor shall have the capacity to fulfill and manage all task requirements to deploy the required number of counselors to accommodate the baseline, baseline fluctuation, and short term surge and on demand support requirements approved by the Office of the Secretary of Defense (OSD). MFLCs, CYB-MFLCs and PFCs may provide short term surge support for planned and unplanned events, ~~JFSAP~~, military contingencies, emerging issues and/or disasters.
- 4.3. The contractor shall establish and utilize a comprehensive financial management system, processes, and procedures to manage all aspects of tracking costs associated with performing all aspects of this requirement. The contractor shall establish and implement audit trail capabilities, internal controls, corrective action procedures, and reporting capabilities. The contractor shall dedicate personnel for financial management, including the assignment of management functions, authority and responsibility.

4.4 CREDENTIALING

- a. All counselors and supervisors must have submitted required documentation and have undergone credentials review/verification by the contractor of all items in this section prior to performing under this contract. The Contractor will not send a counselor to any location at any time during the performance of this contract until verification of Criminal History background check is initiated. All counselors will undergo a criminal history background check in accordance with DoD Instruction No. 1402.5, Criminal History Background Checks on Individual in Child Care Services (Reference Section J, Attachment 4).

The Contractor shall not utilize a provider for non-medical counseling, at any location at any time during the performance of this contract, until a Criminal History Background Check and Fingerprint Check have been initiated (submitted to appropriate agency completing the check). Contract personnel/providers who have previously received an acceptable Criminal History Background Check and Fingerprint Check in the last five years shall provide proof to the prime Contractor prior to performing under this contract. The level of Criminal History Background Check and Fingerprint Check shall be at a minimum the same level described in DoD Instruction No. 1402.5 (reference Section J-4) for all non-medical counselors/providers, and the requirement therein regarding five year recency of Criminal History Background Checks and Fingerprint Checks applies equally, as a contract requirement, for all non-medical counselors/providers without any distinction to counselors who do or do not provide counseling to children. Parental approval, documented in writing, is required for all child participants under the age of 18 receiving non-medical counseling services. Duty to Warn or Mandated report situations do not require parental/guardian approval in order to report to authorities.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

For all mission execution tasks, the contractor shall annually certify and be able to demonstrate (at any time) to OSD or the CO, in writing, that the counselors and supervisors licensure, credentials, required experience and background checks are current and proper for performance under this contract. This certification shall verify that the counselor has not experienced any terminations of performance under any other government contract or any license suspensions or any investigations. Counselors, who have experienced any of the aforementioned actions, will not perform services under this contract (under particular limited circumstances, the Government may consider an exception on a case-by-case basis). The contractor shall certify, upon award and the exercise of each option period, that all counselors and supervisors are properly licensed or certified, comply with the appropriate background check requirements, and possess all other qualifications as indicated in the PWS prior to beginning an assignment. The contractor shall maintain all counselor/supervisor certifications and background check documentation for the life of this contract, and make them available for government review at any time during performance.

The Contractor will complete a Secret Clearance on counselors determined by the Government to need such a clearance. Currently there are 36 General MFLC positions which require a Secret clearance, however it is anticipated that the number may increase to 60 or more

b. Specialized Work Experience (MFLC and CYB Counselors)

The counselors shall possess a broad range of Specialized Work Experience including, but not limited to: working with family programs and/or advocacy services, military or civilian social service agencies, and/or are a military family member with full understanding of the military lifestyle. In addition, CYB counselors must have proven experience and qualifications in working with children.

MFLC and CYB counselors shall have at least a Master's degree from an accredited graduate program in a mental health related field such as social work, psychology, marriage/family therapy, or counseling; a valid unrestricted counseling license/certification from a State, the District of Columbia, a U.S. Commonwealth, or a U.S. Territory that grants authority to provide counseling services as an independent practitioner in their respective fields; and demonstrated counseling competence preceding their employment with the MFLC program.

In addition to meeting the above requirements, the non-medical counselor supervisors must have a minimum of two years full-time counseling experience post-licensure; documented counseling supervision, oversight, and management experience; and demonstrated current counseling competence through at least periodic, direct service counseling experience during the two years preceding hire.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

Advocacy Knowledge, Skills and Abilities

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

5.0 REQUIREMENTS APPLICABLE TO ALL MISSION EXECUTION TASKS

A. STANDARDS OF SERVICE

- (1) Counselors must adhere to commercial and professional standards of practice set forth by, federal, state, and local laws, as well as relevant DoD/Military Branch of Service policies. All counselors must be licensed, certified, properly credentialed to perform this requirement and be compliant with industry accepted standards for the performance of non-medical counseling. For all types of counseling, experience with military family programs is preferred and an understanding of the military lifestyle is required.
- (2) Counselors must demonstrate sound professional judgment and the highest ethical standards in executing their responsibilities. All Counselors shall have strong skills in written and verbal communication, and assessment.
- (3) All contractor personnel performing this requirement must be a U.S. citizen, and must speak English.
- (4) Counselors will not represent the government at any federal, state, or military meeting or event nor perform any inherently governmental functions.
- (5) OSD is the approval authority for all service delivery. Once approved by OSD, the Contractor will coordinate all program management and service delivery with the Service HQ, installation point of contact (POC), the National Guard Bureau (NGB), Reserve Affairs, and local education agencies when indicated.
- (6) Counselors will verify, at some point during the session, eligibility for services, which may include requesting to view a military identification card (Reference Section J, Attachment 10) and other sensitive methods at the discretion of the counselor.
- (7) For counselors working with child participants (not including minor spouses) under the age of 18 years old (Reference Section J, Attachment 4), the contractor must comply with the latest version of DoD Instruction No. 1402.5, Criminal History Background Checks on Individuals in Child Care Services. As an additional contract requirement to this instruction, when providing counseling services, counselors shall always remain in the line of sight of a child's parent, guardian, or an individual with purview over the child (such as a school Principal, YMCA Director, CDC Director, or Teacher) who has successfully completed a background check. ~~Except for duty to warn situations, parental/guardian approval is required prior to rendering counseling services (Reference Section J, Attachment 9).~~ Parental approval, documented in writing, is required for all child participants under the age of 18 receiving non-medical counseling services (Reference Section J, Attachment 9); notwithstanding Duty to Warn or Mandated report situations. Duty to Warn or Mandated report situations do not require parental/guardian approval in order to report to authorities.
- (8) The contractor shall comply with, and all future updates of (Reference Section J, Attachment 4 a through g):
 - DoDD No. 5200.02, Subject: DoD Personnel Security Program, dated: April 19, 1999, paragraph 3.9.3

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

- DoD Instruction No. 6490.06, Counseling Services for DoD Military, Guard and Reserve,
- Certain Affiliated Personnel, and Their Family Members, April 2009.
- DoD Instruction No. 6400.06, Domestic Abuse Involving DoD Military and Certain Affiliated Personnel, August 21, 2007.
- DoD Instruction No. 6495.01 Sexual Assault Prevention and Response (SAPR) Program, October 6, 2005.

B. POST TRAUMATIC STRESS DISORDER (PTSD) AND TRAUMATIC BRAIN INJURY (TBI)

PTSD, TBI, and any mental disorders identified in the ~~DSM 5 Diagnostic and Statistical Manual (DSM-IV, TR latest version)~~ are NOT authorized for support, but will be referred (via a warm handoff) to the appropriate MTF or TRICARE. The procedures for all hand-offs/referrals will ensure, to the maximum extent as much as possible, that the ~~participant client~~ does not have to repeat their story or issue when the third party agency is engaged in the conversation.

C. IMMINENT RISK/DUTY TO WARN

The Contractor shall implement, document, and maintain Duty to Warn procedures, in accordance with DoD/Military Branch of Service regulations and established protocols, to address events wherein a Service or family member reveals a threat to self or others. Notifications of Duty to Warn incidents are sent to the installation POC and contractor chain of command immediately.

Duty to Warn monthly report logs shall be compiled and sent to both the OSD Program Manager and the Military Branch of Service Headquarters POCs, and be reported as mandated (Reference Section J, Attachment 5), to the respective, federal and state authorities. This report log shall include, at a minimum: date of event, installation name, state, name of the unit, status (new vs. recurring), category (domestic violence, child abuse, harm to self/others), branch of service, summary of events, action taken and any other pertinent information. This report log shall not include any personally identifiable information. The reporting procedures will be reviewed quarterly with each military service headquarters POC and OSD program management.

D. INFORMED CONSENT

In accordance with DoD Instruction No. 6490.06, Counseling Services for DoD Military, Guard and Reserve Certain Affiliated Personnel and Their Family Members (Reference Section J, Attachment 4g.), counselors shall provide informed consent to the individual and/or family member during the initial meeting covering information about their role as counselors, a description of what non-medical counseling can cover, the short-term solution focused approach, the scope of care, and the ability to make appropriate referrals as needed.

Informed consent must cover the counselor's mandated reporting requirements for domestic abuse, sexual assault, duty to warn and other legal obligations. At a minimum, this confidentiality statement shall be provided to all eligible individuals seeking counseling services: "Information you provide to me or other counselors

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

will be kept confidential, except to meet legal obligations or to prevent harm to self or others. Legal obligations include requirements of law and DoD or military regulations. Harm to self or others include suicidal thoughts or intent, a desire to harm oneself, domestic violence, child abuse or neglect, violence against any person, and any present or future illegal activity.”

E. GUARD/RESERVE

(1) ~~Joint Family Support Assistance Program (JFSAP)~~

~~Counselors are provided for DoD and/or legislatively mandated programs (e.g. JFSAP). JFSAP counseling positions may be staffed with MFLCs, CYB MFLC, and PFCs. Typically, counselors deliver these services in a non-rotational (full-time) manner.~~

~~The JFSAP, implemented by Sec. 675 of the FY 07 Defense Authorization Act, augments existing family programs to provide a continuum of support and services based on member and family strengths, needs, and available resources. The primary focus of support is families who are geographically dispersed from a military installation. Services are delivered in local communities through collaborative partnerships with Federal, State, and local resources.~~

~~After receiving OSD authority to proceed, JFSAP counselors may receive additional guidance on Guard and Reserve general mission support needs from the respective State Family Program Director, Wing Family Program Director, or Reserve Component Coordinator. Support to the Guard and Reserve will be provided via Short Term On-Demand and Surge.~~

(2) Short Term On-Demand Support

a. Background

MFLCS, CYB-MFLCs, and PFCs may be deployed to support ~~Guard and Reserve~~ events such as Yellow Ribbon Reintegration Program events and family events, which may occur during the weekdays/weekends, and drill weekends. Section J, Attachment 8 has been provided to demonstrate the approximate magnitude of this requirement. These events, typically lasting 1-3 days, are held primarily in the 50 United States and US territories.

b. Specific Tasks

OSD will determine the staffing levels required for each event. At each event, the contractor shall perform the traditional walk-around counseling/coaching services and establish a visible and easily accessible location to distribute educational materials. The contractor shall distribute a variety of educational materials, both created by the contractor (approved by OSD) and also provided by OSD, to address the wide range of needs. The contractor may also be asked to develop additional educational materials for adults and children depending on the requirements of OSD.

F. CAREGIVER PEER-TO-PEER SUPPORT INITIATIVE

1. The Caregiver Peer-to-Peer Support Initiative is mandated by the National Defense Authorization Act 2008 and various applicable studies to include the recently released RAND Study, “Hidden Heroes: America’s Military Caregivers Report.”

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

2. MFLCs shall provide facilitation and non-medical counseling to support the caregiver Peer-to-Peer Support Initiative that establishes group forums at designated military installations, using MFLCs in collaboration with Military Community & Family Policy (MC&FP), Warrior Care Policy (WCP), and Service Wounded Warrior Program Recovery Care Coordinators (RCCs). Guided discussion among caregivers will often be more practical, accurate, and thorough based on their personal “real life” experiences. Caregiver peer-to-peer forums will positively impact caregivers’ quality of life by reducing stress and providing emotional support and a unique resource for valuable information.

3. MFLCs at Army, Navy, Marine Corps and Air Force installations that have Recovery Care Coordinators will organize and conduct voluntary peer-to-peer forums as requested to provide non-medical counseling to caregivers, interacting as necessary with RCCs and caregivers to coordinate logistics and to stay abreast of caregiver issues and challenges to use as a conduit for information flow.

4. Military caregivers will assist in building the program by providing input on areas of focus, e.g. mental wellness, managing stress, nutrition, financial wellness, etc.

5. For those military caregivers who are not within 50 miles of an installation with a RCP, or who are unable to attend a local group forum, military caregiver peer support webinars will be hosted on Military OneSource.

6. Reports relating to the Caregiver Peer-to-Peer Initiative are outlined in PWS 7.4

G. Counselors must be knowledgeable of the resources available through the MOS (www.MilitaryOneSource.mil) to make referrals for counseling and access additional capabilities through MOS when circumstances warrant. Counselors must also be knowledgeable of family advocacy and support programs both on and off the installations.

H. The Contractor shall submit an Excel spreadsheet on the first of each month which contains the location of an MFLC counselor, the counselor type and cell phone number associated with the location. This spreadsheet will be uploaded into the Government Military OneSource Case Management System (CMS) to facilitate referrals to the Military and Family Life Counseling Program from the Military OneSource Call Center.

I. Additional Service Delivery Requirements

1. The Contractor shall ensure that all personnel maintain the highest degree of sensitivity, compassion, and respect for service members and their families. The Contractor shall remain free of any political bias and shall ensure consistency of service regardless of installation, location, or any other factor.
2. The contractor must provide counseling/coaching services both on and off the military installations within the civilian community. Counselors shall also be available by telephone, enabling counseling participants to schedule an appointment for MFLC services, and facilitating coordination with installation POCs.
3. Counseling services must be provided on a face-to-face basis.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

4. The contractor will adhere to existing written protocols for each type of service delivery.
5. For service continuity purposes, it is unacceptable to the Government if all personnel rotate simultaneously. The Government requires a seamless and transparent transition between the individual outgoing and incoming counselors. Counselors assigned to the CONUS will have a two day transition with the outgoing counselor. Counselors assigned to the OCONUS will have a three day transition with the outgoing counselor. During this transition, the outgoing counselor shall, at a minimum, convey pertinent data such as installation points of contact (POC) and procedures, critical issues, and status of the installation's current counseling needs.
6. The counselors must identify themselves by name and the MFLC Program. Counselors are not to wear name tags or other items identifying them as an employee of the contractor.

6.0 SPECIFIC TASK REQUIREMENTS PER MISSION EXECUTION TASK

6.1 MISSION EXECUTION TASK 1; GENERAL MFLC SUPPORT

OBJECTIVE

Counseling modalities include individual, family, couples, and groups. Military and family member counseling services are intended to be solution-focused, short term for defined problem areas amenable to brief intervention. Services are not delivered in the traditional manner of 50 minute sessions in an office setting, but rather vary in duration from a few minutes to 2 hours. Services are provided "just in time," when and where they are needed using a "walk around/coaching" approach. Counselors go to where the people are instead of waiting for people to schedule an appointment to see them, but an appointment can be made if desired. For example, counselors may meet with family readiness groups; meet service members returning from deployments (including welcome events at respective airports), be available in reintegration orientations, meet with rear detachment commanders and other community agency staff upon request, brief commanders and leadership, and work with children and youth.

General MFLC counseling may also require MFLCs to provide services outside the gates of installations nearest to where families live and socialize. This may include placing counselors in housing areas and/or community agencies (Red Cross, Boys and Girls Clubs, YMCAs and others) frequented by families.

Counselors may also be assigned to solely support various levels of the command structure (i.e. Army brigades).

Counselors will rotate at locations world-wide. Duration of rotations shall be no less than one month and no longer than six months (one year for SOCOM/Embedded assignments). As described in Section 7.1 "Travel Management," the Government prefers and highly encourages maximizing the duration of each rotation (six months, or one year in the case of SOCOM/Embedded), as well as the overall quantity of longer duration rotations. In addition, the Contractor is required to staff rotations in accordance with each country's respective Status of Forces Agreement (SOFA). Consecutive six

CONTRACT NUMBER: D12PC00480
 CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

month rotations performed by the same provider is authorized and also highly encouraged. ~~The baseline requirements may fluctuate periodically for counseling services that vary in length of time.~~ Counselors may be required individually or in teams.

Counselors should be easily identifiable and approachable, operate in a manner that maximizes accessibility, including availability on the installation common areas and family support centers. Sessions may vary in duration, depending on the circumstances of the situation, with some lasting from a few minutes to 2 hours.

General MFLC Counseling may assist service members and their families with issues including, but not limited to:

Situational/Problem Solving Counseling	Military Lifestyle Issues	Psycho-education
<ul style="list-style-type: none"> -Relationships -Deployment Stress -Marital/Couples issues -Family Relationships -Making Friends -Serious Illness -Parenting -Child Care -Parent-Child Communications -Loss and Grief -Conflict Resolution -Self Esteem/Independence -Decision Making -Anxiety -Stress -Assertiveness -Work Life Balance -Anger -Caregiver Peer to Peer Forums 	<ul style="list-style-type: none"> -Mobilization -Deployment -Reunion -Relationship Issues -Homesickness -Frequent Relocations -Relocation adjustment 	<p>Teaches service members and their families how to anticipate and to deal with challenges/problems. EDUCATIONAL MATERIALS AND PRESENTATIONS

Contractor shall develop (after OSD approval) or modify (provided by OSD as government furnished property) a variety of educational materials and presentations on specific subject areas herein including, but not limited to, deployment and reintegration, coping with separation, loss and grief, effects of deployment on children, communication, compassion fatigue/caring for the caregiver, and financial readiness/planning. The OSD Program Manager shall review/approve all materials prior to dissemination. These materials are also applicable to the child and youth behavioral mission execution task at PWS 6.2.

SCHEDULING AND LOGISTICS

The counselors shall establish a schedule that allows for regular contact with agency staff during office hours yet is flexible enough to be responsive to family needs after hours. Designated Service installation POCs will coordinate work schedule with counselors. Normal work schedule is a highly flexible 40 hours per week. Situations and/or meetings, briefings and appointments may extend the daily work schedule that counselors must attend, as requested by the installation POC. Counselors' hours will be flexible to meet the needs of the organization and families which will include evenings and weekends as needed for meeting with families and overall outreach. Counselors should take into account the unique nature of work, which may require operating on extended hours. These periods may require hours of operation beyond normal hours in accordance with mission requirements, and may also include performance on Federal holidays. For example, a counselor may meet with a family group at 1800 hours and meet a returning plane on the tarmac at 0200 hours. Under these extended hours, start times may be adjusted to accommodate the workload. This reduction of work schedules will equal the time required to perform work during special operating hours.

6.2 MISSION EXECUTION TASK 2; CHILD AND YOUTH BEHAVIORAL PROGRAMS

OBJECTIVES

The Government's objective is to provide support to staff, parents, and with parental consent, children in military Child Development Centers (CDCs) located on or near the installations, Department of Defense Education Activity (DoDEA) schools, local education agencies (LEA), Youth Centers, National Military Family Association (NMFA) Operation Purple Camps, and DoDEA Child and Youth Program (CYP) Summer Enrichment Programs which operate during the summer months to support summer school, camps, and summer child and youth programs DoD-wide. When providing counseling services to military children, counselors shall always remain in the line of sight of a child's parent, guardian, or an individual with purview over the child (such as a school Principal, YMCA Director, CDC Director, Teacher) who has successfully completed a background check. Support topics may include, but are not limited to, problem solving with staff about how to engage/intervene with children displaying behavioral difficulties, bullying, self-esteem, coping with deployment, peer relationships, managing anger, separation from a deployed parent, and divorce.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

Civilian children are not eligible to receive MFLC services; this includes Civilian parents and or guardians of the civilian children attending the schools, CDCs, Camps, and Youth and Teen Centers. Civilian children are not eligible to receive counseling on a one-on-one basis; therefore they are not permitted to have a signed consent form to authorize the CYB MFLC to meet with the child. Eligibility for MFLC services is outlined in DoDI 6490.06 Counseling Services for DoD Military, Guard and Reserve, Certain Affiliated Personnel, and Their Family Members.

If non-military connected youth are in the classroom and/or group/camp setting together with military connected youth, the CYB-MFLC shall support the classroom and/or group/camp as a whole to include both the military connected and non-military connected youth.

In general, support for civilians is limited to Members of the DoD Civilian Expeditionary Workforce and their immediate family members.

Counselors will rotate at locations world-wide. Duration of rotations shall be no less than one month and no longer than six months (one year for SOCOM/Embedded assignments), but may cover the entire academic year in schools. As described in Section 7.1 “Travel Management,” the Government prefers and highly encourages maximizing the duration of each rotation (one year in the case of SOCOM/Embedded), as well as the overall quantity of longer duration rotations. In addition, the Contractor is required to staff rotations in accordance with each country’s respective SOFA. Consecutive six month rotations performed by the same provider is authorized and also highly encouraged. CYB School Rotations shall cover the entire academic year, which range from 9 to 12 months. Counselors assigned to a school to cover the academic school year are to remain on the installation during school recesses/breaks and provide services throughout the assignment rotation. This would include, providing briefings, presentations, as well as “walk-around/coaching” services throughout the installation. The baseline and expansion requirements may fluctuate periodically for counseling services that vary in length of time. Counselors may be required individually or in teams.

In CDCs, CYB-MFLCs receive guidance from the CDC Director, or their designee, on the support needed by children in the respective CDC. In Youth Centers, CYB-MFLCs receive guidance from the Youth Center Director. In DoDEA and LEAs, CYB-MFLCs receive guidance from the principal, or their designee, on support needed by children in the respective school.

In NMFA Operational Purple Camps, CYB-MFLCs and PFCs receive guidance from the camp director on support needed by children at the respective camp. CYB-MFLCs and PFCs will deploy to camps two days prior to the start of the camps, unless given other technical direction by OSD, to be briefed by the staff about the respective camp. CYB-MFLCs and PFCs may support Short Term Summer program events which may last 1- 3 days, or up to 3 months.

In the DoDEA and CYP summer program, the CYB-MFLCs and PFCs receive guidance from the principal concerning the needs of students attending summer school and from the CYP Director concerning the needs of children attending CYP summer activities. ~~During the summer, the same CYB MFLC and PFC may support the DoDEA summer school in the morning and the CYP activities in~~

CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

~~the afternoon.~~ The school year assignments and camps/summer programs in some locations run concurrently. There are instances of overlap between the end of the school year and the start of the camp/summer program. Counselors assigned to a school must first finish the academic school year rotation before starting a camp/summer program assignment. Coordination and direction on these assignments will be provided by the COR or Government PM. The following is a list of potential activities engaged in by the CYB-MFLCs. The list is not ~~all-inclusive and is exhaustive and~~ meant to provide examples of potential activities CYB-MFLCs may conduct:

- Consulting with teachers, CDC providers, parents, and children regarding disruptive class behaviors.
- Working with teachers and youth in the classrooms in order to get to know the needs of teachers and students.
- Interacting with children and parents during special events, field days, award luncheons, sports events.
- Using OSD approved journals with younger children to address deployment issues.
- Helping children prepare for life while the parent is gone.
- Visiting the cafeteria during lunch hours, interacting with children out on the playground; interacting with children and teachers at the front office or in other common areas around the school.
- Support students exhibiting challenging classroom behavior who are referred by school guidance counselors.
- Conducting presentations for teachers and parents in small and large groups on topics such as Time Management, Maintaining your Marriage during Deployments, Teaching Children Problem Solving skills, Compassion Fatigue, and Anger Management.
- Provide outreach to parents during parent/teacher conferences.
- With teacher invitation, conducting classroom observations.
- Providing support to teachers, families, and students regarding deployment and reintegration.
- Addressing school behavior problems in one-on-one meetings.
- Supporting teachers in managing their stress levels.
- Participating in student conflict resolution sessions.
- Provide support to families during transition periods to help with adjustments to new settings/locations and help manage the normal stress as a reaction to this process.
- Work closely with wounded warrior transition programs to help children/families cope with stressors and experiences as a result of a service members' injury or disability.
- Provide staff consultations for both work-related and child issues.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

- Interacting with children and parents from the larger military community and Child and Youth Services (CYS), registered families during special events, family dinners, parent groups, and center activities (such as weekend basketball or soccer at the youth center).
- Work with children in classroom settings and in group activities or individually in Child Development Centers, Family Childcare Homes, Chapel Youth Groups, Youth Centers and Teen groups.
- Observe children and provide concrete support to caregivers and trainers to address and redirect challenging behaviors.
- Provide outreach to parents and meet for formal consultations to provide feedback and support.
- Activities with Chaplains

6.3 MISSION EXECUTION TASK 3; PERSONAL FINANCIAL COUNSELING OBJECTIVES

Service members are responsible for their personal finances. Throughout a military career, service members and their families may need additional support and assistance with financial stability, money management, anticipating financial impacts due to deployments, and raising a financially stable family. Accredited and certified counselors trained in financial matters shall provide personal and family financial counseling, planning, education, awareness information services, appropriate referrals, and assistance applicable to military families. Counseling services may be provided individually, couples, families, and in a group training environment.

The goal is to assist service members and their families with personal financial readiness, money management, financial counseling, and financial planning to include appropriate guidance regarding the Servicemembers Civil Relief Act, Public Law 110-289 Housing and Economic Recovery Act of 2008 as well as other pertinent laws and policies. The majority of service members and their families will require financial counseling to assist with establishing a basic level of financial literacy and good financial behavior and habits as well as more sophisticated financial planning to assist with more advanced financial needs such as investing, estate planning, tax planning, education planning, and other financial matters.

REQUIREMENTS

Counselors will rotate at locations world-wide. Duration of rotations shall be no less than one month and no longer than six months (one year for SOCOM/Embedded assignments). As described in Section 7.1 “Travel Management”, the Government prefers and highly encourages maximizing the duration of each rotation (six months, or one year in the case of SOCOM/Embedded), as well as the overall quantity of longer duration rotations. In addition, the Contractor is required to staff rotations in accordance with each country’s respective SOFA. Consecutive six month rotations performed by the same provider is authorized and also highly encouraged.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

PFCs may be required to perform surge and/or on-demand assignments in schools. PFC Counselors assigned to schools and/or camps shall have experience and training in providing financial briefings and presentations to children and adolescents.

Counselors may be required individually or in teams.

~~The requirements, if any, may fluctuate periodically for counseling services that vary in length of time.~~ This type of counseling is generally not provided on a walk-around basis, but more typically uses a planned meeting approach.

PFCs will receive guidance from the installation POC. PFCs may deliver services on and off installations, at events for Guard and Reserve personnel, and at summer program activities involving youth.

In cases of extreme financial hardship, threat of deprivation, or other similar circumstances, PFCs ensure that service members and their families are referred to the appropriate military resources such as Relief Societies; installation banks/credit unions, Chaplains, other state, federal, local and veterans' organizations, and other resources as applicable. Counselors shall conduct command requested training that addresses preparing/planning for family separation, short notice deployments, permanent change of station, and transition from the military as well as other topics that pertain to military families.

Counselors shall provide individualized money management, financial counseling, financial planning, and referral services when applicable, to service members and their families. However, counselors will never give specific financial investment advice in specific investment funds/opportunities. The following list is not exhaustive and meant only to provide examples of potential activities PFCs may conduct:

- Complex financial planning and investment issues and opportunities.
- Advice and assistance in such areas as prioritizing and understanding differences between needs and wants.
- Identifying immediate and long range measures to increase income, reduce household expenditures, avoid additional financial burdens; developing improved financial record-keeping.
- Creating a personal budget/financial plan to reduce, eliminate, and avoid debt and to achieve solvency and stability.
- Fostering recognition of the legal and military implications of indebtedness and recommending legal assistance if warranted.
- Teaching service members and their families' money management techniques to encourage them to live within their means.
- Identity theft: teaching service members and families how to detect, deter, and avoid identity theft.
- Credit management: understanding credit, finance charges, interest rates and the implications of only paying the minimum amount each month.
- Credit: educating military families on the importance of maintaining excellent credit histories and ratings. Teaching service members and their

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

families how to establish, monitor, and protect their credit. Poor credit may cause service members to lose their security clearances.

- Housing: Purchasing a home, preventing foreclosure, loan modifications, refinancing, etc.
- Car Buying: teaching service members to make informed decisions and to be aware of associated costs such as insurance, maintenance, fuel costs, etc.
- Investing/retirement: PFCs reach out to young service members to get them enrolled in the Thrift Savings Plan (TSP). PFCs shall be equipped to explain the benefits of investing and reducing tax liabilities.
- Assistance with tax planning.
- Managing special duty pay.
- Routine Savings: teaching service members and their families how to save for emergencies, unanticipated contingencies, and both short and long-term goals.
- Decision making regarding appropriate type and amount of insurance to carry to include understanding the value of Service member's Group Life Insurance.
- Military-specific financial programs and benefits: teaching service members and their families about the value and benefits of participating in the Thrift Savings Plan, the Savings Deposit Program, and Morale, Welfare, and Recreational programs.
- Helping children understand the value of money and the benefits of saving.
- Helping children understand the meaning of money and what is used for.
- Helping children understand how to conduct purchase transactions such as purchasing toys, games, groceries.
- Helping children understand how to manage their allowance
- Helping older children understand how to manage credit/debit cards and the impact that such behavior can have on their credit scores/reports.

7.0 PROGRAM MANAGEMENT

OBJECTIVE

The contractor shall develop and implement a comprehensive management plan, including a dedicated program management team, to ensure the delivery of high quality services, effective financial/travel management controls and processes; organizational resources; and management controls to meet the cost, performance, schedule requirements, report requirements, record keeping requirements and quality control for this effort. The contractor shall detail the services, methods for obtaining and delivering the services, allocation of staff, means of vetting staff education and certification/licensure requirements, staff/counselor training plan and other resources necessary to produce the services and a timeline for delivering the services.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

REQUIREMENTS FOR PROGRAM MANAGEMENT AND OVERSIGHT

The contractor shall develop and implement a management plan. The management plan shall define a management team including, at a minimum, the following positions which are all considered Key Positions: Program Director, with the authority to speak and act on behalf of the contractor with DoD and work directly with the Contracting Officer Representative (COR), Deputy Program Director, Contract Administrator, Quality Assurance Manager, Financial Manager, and all Subcontractor Managers within the prime contractor's organization, the primary subcontractor manager within the subcontractor's organization (for subcontractors proposed to perform major or critical aspects of this requirement). This team shall also include, as Non-Key Personnel, Non-Medical Counseling supervisors (supervisors pertain to all Mission Execution Tasks). The contractor shall maintain clear lines of authority and responsibility. This team shall be responsible for all service delivery, management of subcontractors, and the development/implementation of the MFLC Program.

The contractor shall develop and implement processes and procedures to support the warm hand-off of a Participant clients to other providers and community/DoD resources, such as MOS, ensuring that the Participant client does not have to repeat their story/issue when the third party agency is engaged in the conversation.

7.1 TRAVEL MANAGEMENT

The contractor shall develop and implement an approach and processes to manage travel of counselors, ensuring timeliness and efficiency and avoiding disruption or degradation of services. This approach shall account for the logistical complexities of counselors providing rotational services in both CONUS and OCONUS locations, and shall also account for short notice or immediate requirements that require expedient response and accommodations. Processes shall provide for tracking of travel costs by counselor and specific services provided location, and duration of rotation.

The Government's objective is to maximize the duration of each rotation, as well as the overall quantity of longer duration rotations. The contractor will approach deployment of counselors in a manner to minimize travel costs, which may include local/regional hiring of counselors and other innovative approaches.

Local and long-distance travel, to include overnight accommodations, will be required in the performance of this contract. All travel must be approved in advance by the COR, Program Manager, or Contracting Officer. Certain approvals (e.g. crisis or urgent situations) may be granted verbally, with written documentation provided within 5 business days thereafter.

The Government will not pay for any travel that is not approved in advance. All travel will conform to the current Federal Travel Regulations (FTRs). Expenditures that exceed the FTR will not be reimbursed by the Government.

7.2 QUALITY ASSURANCE AND CONTROL

OBJECTIVE

To ensure military service members and their families receive the highest quality services possible.

REQUIREMENTS FOR QUALITY ASSURANCE

The Contractor shall develop a Quality Assurance Surveillance Plan (QASP) describing the methods of inspection, required reports, and resources to be used, including estimated work hours. At a minimum, this plan will detail the methods of surveillance for each contract requirement, the evaluation procedures to be used for each surveillance method, and the approach for implementation of the QASP.

The Contractor shall develop and implement a Quality Control Plan (QCP) to ensure that the performance standards and thresholds contained within the QASP are met or exceeded. This self-inspection plan will describe the internal staffing and procedures that will be used to monitor contract compliance, quality, quantity, timeliness, responsiveness, customer satisfaction, and other delivery requirements, compliance of all counselors with required credentialing, licensure, and background checks, and all services provided under this contract.

The contractor shall use the standards of the QCP to measure performance of counseling services, and report the results to the government on a monthly basis. The contractor shall follow the approved quality procedures to identify, prevent, and ensure non-recurrence of defective services.

The Government reserves the right to inspect for contract compliance and quality by following various methods which include but are not limited to random sampling, periodic inspection, customer satisfaction surveys/discussions, and data calls via ad hoc reports. This formal/informal sampling may take place at any location and at any time during performance of this contract.

7.3 RECORD KEEPING

~~Formal counseling case records including personally identifiable information are not maintained.~~ Daily activity reports ([Reference Section J-18](#)) shall be collected and maintained by the contractor to account for utilization.

When the military chain of command requests information concerning a service member, they are reminded of the confidential nature of the service. If the chain of command wishes to send a service member for counseling to a MFLC and have the MFLC report back to the commander, they are informed that this is not possible due to the confidential nature of the program, however, they are informed that if they sent a service member to see a MFLC, they may follow up with the service member to ensure that they followed through.

7.4 REPORTING

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

- a. The contractor must be highly responsive, flexible, and timely in providing all required reports as well as ad hoc and other requested reports. Such reports are critical for program decision-making, high-level government inquiry and reporting. For example, an ad hoc report may be required within a few hours of the request while more comprehensive reports may take longer to obtain but are still needed in a timely manner. OSD will prescribe the required timeline for submittal of each ad hoc report. The Contractor will not provide Service requested reports or data calls. All requests for reports must come from the Service POC to OSD. OSD will make requests to the contractor as appropriate. All monthly reports are due on the 15th of each month or the next business day if the 15th falls on a holiday or weekend. Weekly reports will be submitted on the business day specified by the Government. The Government program office will determine which data elements will be reported, the format, and method of delivery.
- b. The contractor will provide several types of reports to the Government on the services provided to include weekly program activity, staffing and credentialing reports, monthly and annual utilization reports to include an Executive Summary and Monthly Utilization Report (MUR) separated by military branches and installations, service categories as well as a Contract Financial Status Report, Contract Financial Status Report and Duty to Warn Report. Reports will include data collected from the government provided activity form and separated by military branches and installations, service categories and activity type. These reports shall not include any personally identifiable information. During the performance of the contract, the Government may require the submittal of additional reports/elements encompassing various topics/subjects of interest. In addition, ad hoc reports may be requested for a specific data variable or data sets. The format and method of submittal for the additional reports will vary and will be prescribed by the Government as performance continues. Additional monthly Ad Hoc reports will be submitted to include an Executive Summary and a Duty to Warn Log separated by military branches and installations. These reports shall not include any personally identifiable information. During the performance of the contract, the Government may require the submittal of additional reports/elements encompassing various topics/subjects of interest. The format and method of submittal for the additional reports will vary and will be prescribed by the Government as performance continues. Reports will be submitted no later than 15 days following the end of the monthly reporting period.

Weekly Report:

~~The OSD Program Manager weekly report will consist of a list by state (CONUS) and country (OCONUS), each installation that is authorized to have an MFLC, CYB MFLC or PFC, the number of MFLCs, CYB MFLCs and PFCs authorized, and the number of MFLCs, CYB MFLCs and PFCs on the ground. This report will consist of regions designated by OSD and be able to be sorted by each data variable and include the average daily contacts by category of MFLCs at the installation.~~

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

The OSD Program Manager weekly report will consist of a list of awarded assignments, assignment locations, counselor credentials, assignment start and end dates, time spent in activities, and average weekly utilization for each counselor. OSD Program Manager, in conjunction with the COR, will provide direction in writing when reports require revisions.

Monthly Utilization Reports (MUR):

Each report will cover all relevant program areas by category of MFLC (MFLC, CYB-MFLC and PFC) for each branch of service and installation. An executive summary will be provided to the program office detailing all monthly activity for each assignment. MFLCs embedded within the Brigades, supporting Special Operations, Child Development Centers, schools and partner organizations will be able to be identified.

Separate reports will be developed for military services and agencies as specified by OSD. Reports will consist of activity for each counselor type and activity on an installation for each respective branch of service. OSD will provide the contractor with the assignments to be included in each Service report. The OSD Program Manager, in conjunction with the COR, will provide direction in writing when reports require revisions.

The Government requires a map that will represent the authorized baseline, to include all assets authorized for an installation including off-installation schools. The map shall represent the number of counselors MFLC and CYB requested for a Surge or On-Demand. The Government requires web access and PDF for quarterly and annual reporting.

The maps shall reflect the number of UNIs at each location as opposed to the number of rotations that have occurred at the location during the reporting quarter.

1) The map shall be submitted Quarterly (reference below) with an annual roll up due at the end of each option year (14 August).

<u>Quarter 1:</u>	<u>14 November</u>
<u>Quarter 2:</u>	<u>14 February</u>
<u>Quarter 3:</u>	<u>14 May</u>
<u>Quarter 4:</u>	<u>14 August</u>
<u>Annual:</u>	<u>14 August</u>

2) Quarterly and Annually according to the calendar year.

3) Quarterly and Annually according to the fiscal year.

Each report will cover all relevant program areas by category of MFLC (MFLC, CYB MFLC and PFC). Each report will include an executive summary. Data collection forms will be developed for each report.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

~~The Ongoing Rotational MFLC report section will include: Utilization reported by installation along with a per day average of MFLC contacts for each installation per month by category of MFLC (i.e. 6 contacts per day per MFLC). Number of face to face counseling sessions provided, number of attendees at face to face counseling sessions, number of briefings and presentations provided, number of attendees at briefings and presentations. MFLCs embedded within the Army Brigades, supporting Special Operations, Child Development Centers, and schools will be able to be identified. Example is contained in the template titled MFLC Executive Dashboard and MFLC MUR.~~

~~The Non rotational full time (JFSAP) report section will include: Utilization reported by state along with a per day average per month by category of MFLC. Number of face to face counseling sessions provided, number of attendees at face to face counseling sessions, number of briefings and presentations provided, number of attendees at briefings and presentations. Number of on demand events supported by JFSAP MFLCs and the number of JFSAP MFLCs supporting them. Example is contained in the template titled JFSAP Executive Dashboard and JFSAP MUR.~~

~~The Short Term On Demand report section will include: Locations and number of on demand events and number of MFLCs deployed by category of MFLC. Utilization levels will also be reported for each event for each MFLC. Example is contained in the template titled JFSAP Executive Dashboard and JFSAP MUR.~~

~~The Short Term Surge report section will include: Brigade supported, utilization along with a per day average of MFLC contacts for each surge by category of MFLC. The template titled MFLC Executive Dashboard and MFLC MUR may serve as an example.~~

~~The Short Term Summer Program support section will include: Number of camps supported, number of children supported, and number of MFLCs supporting camps. The template titled MFLC Executive Dashboard and MFLC MUR may serve as an example.~~

All reports will include, but not be limited to, the demographics of client utilization, i.e., military service and duty status and rank, family member's status (spouse, child or other legal dependent), geographic location and type of service delivery (individual, group, meeting, psycho-educational presentation). The report shall be provided to the respective Services Headquarters, NGB and Reserve Affairs POC, and OSD and will also include:

The primary reason for counseling support;

- The number of referrals for counseling to include type, status of recipient (i.e., active duty, family member, Guard, Reserve, etc.);

The number of service members and their family members seen for the first time by type of counseling, i.e., face to face counseling, education, group, and financial counseling;

The number of service members and their family members seen for follow up sessions by type of counseling, i.e., individual/family counseling, education, outreach, and financial counseling;

The total number of counseling sessions provided by type of counseling, i.e., face to face, education, outreach, and financial counseling;

- The total number of meetings and/or group sessions specifying the topic and approximate number of attendees.

c. FINANCIAL STATUS REPORT

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

The Monthly Contract Financial Status Report shall be detailed and reflect the activities, staffing, and travel that have occurred that month. Any exceptions should be noted. For example, if specific costs were not included to wait for an invoice, it should be explained (i.e. receipts for air travel to OCONUS for the June DoDEA/CYS program have not been received and will be included in the July invoice).

The Report shall specify the individual counselor, location where they worked, and hours worked that month. This report shall be itemized by the type of counseling services provided pursuant to the PWS task areas.

- 7.5 The contractor will provide training and orientation for counselors and supervisors that include all requirements of this contract, Service-specific and general military culture and customs, structure and chain of command, ranks and insignia, and other specialized subject areas prior to beginning an assignment, ~~and renewed on an annual basis.~~ The contractor shall design and implement a method for regularly updating personnel on current/emerging issues pertaining to military life. Counselors shall be familiar with evolving issues that affect military members and their families. Contractor shall participate, as appropriate in locally available specialized training to maintain up-to-date knowledge and skills related to the military and civilian resources. Attendance must be approved in advance by the COR. All training must be reviewed and approved by the Government prior to implementation. The contractor shall annually certify and be able to demonstrate (at any time) to OSD or the CO, in writing, that the counselors and supervisors have comprehensive/current knowledge of the overall military culture, issues affecting military families, and all requirements of this contract. OSD and the Military Services may require the MFLC counselors to complete specialized training which will be provided to the Contractor.

8.0 OTHER DIRECT COSTS (ODCs)

All ODCs shall receive written COR approval prior to funds being expended, and shall be itemized and invoiced accordingly.

9.0 TRANSITION IN

The contractor shall implement a 3 month transition in period to transfer services from the current contractor. During the transition in period, the contractor shall obtain the appropriate security clearances, become familiar with standard operating procedures (SOPs), and assume the full execution of the requirements of this contract. During the transition in period, the contractor shall work closely with the current contractor to ensure a smooth transition of service and perform a joint inventory and audit of the transferred equipment and documentation/data. The successful offeror shall work closely with the incumbent contractor and coordinate to address the status and issues of transition. The contractor's program management structure, organization, and facilities shall be in place and fully operational at the end of the 3 month transition in period. At completion of the transition in period, the contractor shall have full responsibility for all requirements covered under this contract.

During the transition period, the contractor shall provide a weekly report, in contractor format, detailing the status of implementation. A face-to-face update meeting may take place at the request of the CO.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

The COR is the individual within the Program Management function who has overall technical responsibility for this effort. The COR supports the CO/CA during administration of this effort by:

- 1) Making final decisions regarding any recommended rejection of deliverables;
- 2) Providing technical clarification relative to overall workload matters;
- 3) Providing advice and guidance to the Contractor in the preparation of deliverables and services;
- 4) Providing acceptance of deliverable products to assure compliance with requirements.

The COR, Program Manager, or CO also provide technical direction to the Contractor, i.e., shifting work emphasis between areas of work; fills in details, or otherwise serves to accomplish the purposes of this effort. Technical direction shall be within the general PWS for this effort. Neither the COR nor the Program Manager has the authority to and may NOT issue any technical direction which:

- 1) Constitutes an assignment of work outside the general scope of this effort;
- 2) Constitutes a change as defined in the "Changes" clause;
- 3) In any way causes an increase or decrease in cost or the time required for performance;
- 4) Changes any of the terms, conditions, or other requirements of this effort; and
- 5) Suspends or terminates any portion of this effort.

All technical direction shall be issued in writing by the COR, Program Manager, or CO or will be confirmed by the COR, Program Manager, or CO in writing within 10 calendar days after verbal issuance. An electronic copy of the written technical direction shall be furnished to the CO and the CA monthly for invoice verification purposes.

In addition to providing technical direction, the COR will:

- 1) Monitor the Contractor's technical progress, including surveillance and assessment of performance, and recommend to the CO and CA, any changes in the requirement;
- 2) Assist the Contractor in the resolution of technical problems encountered during performance; and
- 3) Perform inspection and acceptance or recommendation for rejection of Contractor deliverables and identify deficiencies in delivered items. This does not replace any other quality assurance inspection requirements that are specified elsewhere within the PWS.

If in the opinion of the Contractor, any instruction or direction issued by the COR is outside of their specific authority, the Contractor shall not proceed but shall notify the CO in writing within 5 working days after receipt of any instruction or direction, with an informational copy to the CA.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

G.2 Contracting Officer (CO) Authority

The CO for this contract is:

William Galvin
Acquisition Services Directorate-Herndon (AQD-Herndon)
National Business Center (NBC)
Department of the Interior (DOI)
381 Elden St., Suite 4000

In no event shall any understanding or agreement between the Contractor and any Government employee other than the CO on any contract, modification, change order, letter or verbal direction to the Contractor be effective or binding upon the Government. All such actions must be formalized by a proper contractual document executed by an appointed CO. The Contractor is hereby put on notice that in the event a Government employee other than the CO directs a change in the work to be performed or increases the scope of the work to be performed, it is the Contractor's responsibility to make inquiry of the CO before making the deviation. Payments will not be made without being authorized by an appointed CO with the legal authority to bind the Government.

G.3 Government Representatives

This contract will be administered by an authorized representative of the CO, designated as the Contract Specialist (CS). In no event, however, will any understanding or agreement, modification, change order, or other matter deviating from the terms and conditions of the contract between the Contractor and any person other than the CO be effective or binding upon the Government, unless formalized by proper contractual documents executed by the CO prior to completion of this contract.

The COR will be designated by the CO as the authorized representative of the CO. The COR is responsible for monitoring performance and the technical management of the effort required hereunder, and should only be contacted regarding issues of a technical nature.

G.4 Submission of Invoices – IPP

The Contractor shall bill no more than once monthly. Invoices must include, as a minimum, the following information for each individual:

- Name
- Labor Category(s) and Hourly Rate
- Time Period Covered
- Productive Direct Labor Hours for the current billing period and cumulative to date (for Labor Hours CLINs)

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTH, INC.

- Any Travel or Other Direct Costs (ODCs) incurred (with supporting documentation / receipts for all charges) for the current billing period and cumulative to date
- The CLIN being invoiced

Invoices shall be submitted electronically through the Internet Payment Platform (IPP), the U. S. Department of the Treasury's Internet Payment Platform System, at <https://www.ipp.gov/>. Please direct all IPP inquires to the IPP Production Helpdesk at (866) 973-3131 or ippgroup@bos.frb.org.

Hardcopy invoices shall not be accepted, unless requested by the CO or the IPP Team.

IPP Electronic Invoicing Requirements

Payment requests must be submitted electronically through the U. S. Department of the Treasury's Internet Payment Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions – Commercial Items included in commercial item contracts. The IPP website address is: <https://www.ipp.gov>.

The Contractor must use the IPP website to register, access, and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in CCR) will receive enrollment instructions via email from the Federal Reserve Bank of Boston (FRBB) within 3 – 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email ippgroup@bos.frb.org or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the contracting officer with its proposal or quotation.

CONTRACT SUMMARY

As shown above in the yellow highlights of the contract summary, there are changes in the Contract Funding for the Base and Option Period I, respectively. The Base Period change was a result of the de-obligation of residual Base Year funding. The changes to Option Period I are due to the realignment of funds which did not change the overall funding amount for Option Period I.

TOTAL CONTRACT FUNDING

The funding for the Base Period has decreased by \$1,121,698.02 from \$54,766,894.82 to \$53,645,196.80. The funding for Option Period I remains unchanged. The total contract funding has decreased by \$1,121,698.02 from \$161,982,286.90 by \$1,121,698.02 to \$160,860,588.88.

CONTRACT SUMMARY

As shown above in the contract summary, there are changes in the Maximum and Baseline Quantity Totals in Option Period II, III, and IV. These changes have arisen from the movement of the optional and augmentation quantities from Option Period III and IV and the zeroing out of all quantities for the JFSAP Program on both the MFLC and CYB programs for the current and all remaining options.

TOTAL CONTRACT FUNDING

The total contract funding for the Option Period II is \$124,437,938.53

SECTION B – SUPPLIES OR SERVICES AND PRICES/COSTS

B.1 Consideration and Payment

This contract is comprised of Firm-Fixed Price (FFP) and Labor Hour (LH) Contract Line Items (CLINs). At the conclusion of the Base Period (and any exercised option periods thereafter) the Government may request to convert the LH CLINs to FFP CLINs. This may be accomplished by increasing the baseline quantity (and correspondingly decreasing the baseline augmentation of counselors); the associated fixed price management cost may also increase, thereby reducing the LH portion of program management associated with the decrease of counselors for baseline augmentation.

The CLIN structure and funding information is located in Section J, Attachment 1, CLIN Structure. All CLINs for all METs are subject to the availability of funding, including FFP CLINs. The contractor **shall not** perform work in excess of the funded total **per CLIN**. The funded total for each individual CLIN is reflected in Section J, Attachment 1, and will be updated with each contract modification that involves quantities and/or funding. The contractor is responsible for notifying the Contracting Officer (CO) and Contracting Officer's Representative (COR) if work is requested or required that would exceed the available funding level for any individual CLIN.

B.2 Other Direct Costs

The CO shall determine the allowability of ODCs in accordance with subpart 31.2 of the Federal Acquisition Regulation (FAR).

B.3 Travel

All travel must be approved in advance and in writing by the COR, Program Manager, or CO, prior to travel. Once approved, the contractor shall be reimbursed for the actual costs of transportation, lodging, meals, and incidental expenses during the authorized travel in accordance with the current Federal Travel Regulations (FTR).

B.4 Overtime

In the event the Government determines overtime to be necessary, it shall be negotiated and approved in advance and in writing by the CO.

B.5 Holidays

The following is a list of Government holidays:

New Year's Day
Inauguration Day*
Martin Luther King Day
President's Day
Memorial Day
Independence Day
Labor Day
Columbus Day
Veterans Day
Thanksgiving Day
Christmas Day

*Every 4th year, following the Presidential Election cycle

B.7 Optional CLINS

Optional CLINS are designed to accommodate additional needs of service members and their families, which cannot be fully anticipated at the time of award. Optional CLINS may be activated as often as necessary, but will not exceed the total quantity as specified within the CLIN structure (Reference Section J, Attachment 1). Any quantities not exercised in any performance period may be carried forth to any subsequent exercised option period. If additional capacity is required after the exhaustion of all optional quantities in the current period of performance, optional quantities from future option periods may be transferred to the current period. Any quantities carried from other than the current period of performance shall be exercised at the rate(s) for the current performance period.

SECTION C – DESCRIPTION AND SPECIFICATIONS

PERFORMANCE WORK STATEMENT

Mission Execution Tasks:

- 1. General Military & Family Life Counseling Program (MFLC)**
- 2. Child and Youth Behavioral Program (CYB)**
- 3. Personal Financial Counseling Program (PFC)**

1.0 INTRODUCTION

On behalf of the U.S. Military Departments, including the National Guard and Reserve Components, the Department of Defense (DoD) requires a contractor(s) to provide general MFLC, CYB-MFLC, and PFC counseling services. These counseling services are intended to augment other DoD support services/programs available for active military as well as Guard and Reserve service members and their families. This non-medical counseling services are intended to provide private and confidential, short term, situational, problem-solving counseling services, which are targeted to ensure that personal and family issues of military service members do not detract from military operational readiness. These services also serve to strengthen the confidence and increase the competencies of military service members and their families in dealing with the stressors of military life. The counseling services will be provided world-wide on an as needed basis for all military active duty as well as Guard and Reserve service members and their families.

The counseling services shall be delivered face-to-face using a “walk-around/coaching” approach, usually at or near participating duty stations, but also within the civilian communities. Typically, counselors will provide these services via a highly flexible 40 hour work week.

1.1 BACKGROUND

Due to unprecedented high levels of past and present deployments of U.S. military service members to locations such as Iraq, Afghanistan and other areas of world conflict, military members/families have experienced extreme stress. The stresses of military life have become increasingly complex, requiring a wide range of problem solving skills in areas such as: single parenting; child care; financial stability; spousal employment; fluctuating family income; frequent relocations; isolation from other extended family members, child education, and children coping with the absence of a parent. The DoD recognizes these difficulties and is committed to providing the necessary support.

Active participation in stress prevention and counseling programs by military service members and their families is highly encouraged by DoD. In order to satisfy this widely recognized and unmet need, DoD created the MFLC Program, facilitating private and confidential services outside the chain of command.

Other military family life issues of a medical nature requiring a medical diagnosis, including but not limited to disorders found in the latest ([5th Edition](#)) Diagnostic and Statistical Manual of Mental Disorders ([DSM 5](#)) ~~Fourth (DSM-IV, TR)~~ are not provided under the MFLC services. Issues of a medical nature will be referred to a Military Medical Treatment Facility (MTF), TRICARE or other civilian medical treatment facility.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

V code indicators (Reference Section J-19) must be documented in the daily activity form immediately upon the conclusion of every contact. In the event the issue is not documented reflective of a V code, the accurate diagnostic indicator shall be identified, using the DSM 5, and the Participant shall be referred to the appropriate clinical support.

Non-medical counseling scope of care is limited to specific V codes (Reference Section J-19). Clinical mental health counseling, treatment and/or therapy, or substance abuse treatment is prohibited.

In addition, pre-marital counseling, or any other counseling typically provided by military chaplains, which addresses spiritual and religious values, marital roles, and family planning is prohibited from being performed under this contract.

Situations encountered that involve domestic violence, child abuse, and duty to warn (harm to self or others), are not provided for under the MFLC Program, and therefore, must be reported, as mandated, to the respective military (Reference Section J, Attachment 5), federal and state authorities.

In the event of an adverse incident, follow prescribed policies and procedures listed in Section J-20. The Contractor shall develop, maintain, and execute a process for notification to the Government MFLC Program Office (COR and Government Program Manager (PM)). In the event of any situation or incident that could potentially generate media or other attention to the MFLC Program (reference Section J-20), the contractor shall follow its process ensuring notification within 24 hours.

2.0 SCOPE OF WORK

The contractor will assist the DoD in the following tasks: provide private and confidential non-medical, problem-solving, counseling services, in support of the MFLC Program on an as-needed basis, to support all active and Reserve component military service members and their families, including severely injured service members and their families. MFLC services are meant to augment, not replace, other existing DoD military support services or programs. The MFLC services will be provided by licensed or certified counselors. The counseling support will not be associated with any Military Medical Treatment Facility, mental health counseling service, TRICARE, or any other medical providers.

Counseling sessions (which may vary in duration from a few minutes to 2 hours) shall be provided on an as needed basis. Eligible participants may receive up to twelve non-medical counseling sessions per person per issue. Counseling is limited to defined problem areas that address situational “problems-in-living” – most conditions listed as V Codes in the DSM 5. ~~DSM IV, TR. V Code exceptions include those listed in the DSM IV, TR, “Problems related to Abuse and Neglect” (child physical abuse/neglect, physical abuse of an adult (domestic violence), and sexual abuse and assault.~~ Counseling shall be non-medical, short-term, and solution-focused, which is intended to address issues amenable to brief intervention. For issues not amenable to intervention via brief/short term interaction, counseling shall be referred to behavioral health, TRICARE, or other providers of professional mental health services as appropriate.

Installations receiving counseling services are located throughout the Continental United States (CONUS), overseas (OCONUS), and are comprised of all military branches as well as National Guard and Reserve Components.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

Individuals are eligible to be MFLC Participants and receive all services if they are:

• Active duty members of the Military Services (Army, Navy, Marine Corps, and Air Force) and their immediate family, which includes spouses as defined by 1 U.S.C. Section 7, children, and anyone who has legal responsibility for a Service member's children or dependent parent during deployment or separation;

• Members of the Army Guard, Air Guard, the Army, Navy, Marine Corps, and Air Force Reserves (including the Selected Reserve, Individual Ready Reserve, and Standby Reserve), regardless of activation status, and their immediate family, which includes spouses as defined by 1 U.S.C. Section 7, children, and anyone who has legal responsibility for a Service member's children or dependent parent during deployment or separation;

• Members of the U.S. Coast Guard on active duty and activated reserve personnel deployed or mobilized under the Title 10 authority of the DoD.

• Members of the DoD Civilian Expeditionary Workforce during the 90 days prior to deployment and 180 days post-deployment, and their immediate family, which includes spouses as defined by 1 U.S.C. Section 7, children, and anyone who has legal responsibility for a Civilian Expeditionary Worker's children or dependent parent during deployment or separation (Attachment J-4g).

A complete eligibility matrix for MFLC services will be provided to the Contractor.

MFLCs may not transport any MFLC Participants in any vehicle and may not physically enter a Participant's home at any time.

3.0 OBJECTIVE

To provide private, confidential non-medical and financial counseling/coaching program for service members and their families. The counseling support is intended to augment, but not replace, existing military/civilian support services or Service funded staff positions/programs. The counseling program should remain flexible to ensure services are provided when and where they are needed, and to service National Guard and Reserve Component service members federally activated in accordance with U.S.C. Title 10 as well as their families who often feel isolated and do not live near military installations. The counseling program will consist of an as needed, short-term, situational, problem-solving counseling service for service members and their families which addresses the stressors of military life. The counseling service will assist service members and their families in dealing with deployments, effects of war, relationships, crisis intervention, stress management, family issues, parent-child communications, family separations, reunions and reintegration due to deployments. This counseling service is an integral part of military and family support programs that are targeted to ensure personal and family issues do not detract from operational readiness; to strengthen individuals by assisting them in the problem-solving process and to increase individual and family member competencies and confidence.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL HEALTHCARE~~, INC.

4.0 MINIMUM REQUIREMENTS FOR ALL MISSION EXECUTION TASKS

- 4.1. The contractor must recruit, retain, train, and maintain a deployable network of counselors, which meet all credentialing requirements in this PWS. The Offeror's network shall assure access to face-to-face counseling.
- 4.2. The contractor shall have the capacity to fulfill and manage all task requirements to deploy the required number of counselors to accommodate the baseline, baseline fluctuation, and short term surge and on demand support requirements approved by the Office of the Secretary of Defense (OSD). MFLCs, CYB-MFLCs and PFCs may provide short term surge support for planned and unplanned events, ~~JFSAP~~, military contingencies, emerging issues and/or disasters.
- 4.3. The contractor shall establish and utilize a comprehensive financial management system, processes, and procedures to manage all aspects of tracking costs associated with performing all aspects of this requirement. The contractor shall establish and implement audit trail capabilities, internal controls, corrective action procedures, and reporting capabilities. The contractor shall dedicate personnel for financial management, including the assignment of management functions, authority and responsibility.

4.4 CREDENTIALING

- a. All counselors and supervisors must have submitted required documentation and have undergone credentials review/verification by the contractor of all items in this section prior to performing under this contract. The Contractor will not send a counselor to any location at any time during the performance of this contract until verification of Criminal History background check is initiated. All counselors will undergo a criminal history background check in accordance with DoD Instruction No. 1402.5, Criminal History Background Checks on Individual in Child Care Services (Reference Section J, Attachment 4).

The Contractor shall not utilize a provider for non-medical counseling, at any location at any time during the performance of this contract, until a Criminal History Background Check and Fingerprint Check have been initiated (submitted to appropriate agency completing the check). Contract personnel/providers who have previously received an acceptable Criminal History Background Check and Fingerprint Check in the last five years shall provide proof to the prime Contractor prior to performing under this contract. The level of Criminal History Background Check and Fingerprint Check shall be at a minimum the same level described in DoD Instruction No. 1402.5 (reference Section J-4) for all non-medical counselors/providers, and the requirement therein regarding five year recency of Criminal History Background Checks and Fingerprint Checks applies equally, as a contract requirement, for all non-medical counselors/providers without any distinction to counselors who do or do not provide counseling to children. Parental approval, documented in writing, is required for all child participants under the age of 18 receiving non-medical counseling services. Duty to Warn or Mandated report situations do not require parental/guardian approval in order to report to authorities.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL HEALTHCARE~~, INC.

For all mission execution tasks, the contractor shall annually certify and be able to demonstrate (at any time) to OSD or the CO, in writing, that the counselors and supervisors licensure, credentials, required experience and background checks are current and proper for performance under this contract. This certification shall verify that the counselor has not experienced any terminations of performance under any other government contract or any license suspensions or any investigations. Counselors, who have experienced any of the aforementioned actions, will not perform services under this contract (under particular limited circumstances, the Government may consider an exception on a case-by-case basis). The contractor shall certify, upon award and the exercise of each option period, that all counselors and supervisors are properly licensed or certified, comply with the appropriate background check requirements, and possess all other qualifications as indicated in the PWS prior to beginning an assignment. The contractor shall maintain all counselor/supervisor certifications and background check documentation for the life of this contract, and make them available for government review at any time during performance.

The Contractor will complete a Secret Clearance on counselors determined by the Government to need such a clearance. Currently there are 36 General MFLC positions which require a Secret clearance, however it is anticipated that the number may increase to 60 or more

b. Specialized Work Experience (MFLC and CYB Counselors)

The counselors shall possess a broad range of Specialized Work Experience including, but not limited to: working with family programs and/or advocacy services, military or civilian social service agencies, and/or are a military family member with full understanding of the military lifestyle. In addition, CYB counselors must have proven experience and qualifications in working with children.

MFLC and CYB counselors shall have at least a Master's degree from an accredited graduate program in a mental health related field such as social work, psychology, marriage/family therapy, or counseling; a valid unrestricted counseling license/certification from a State, the District of Columbia, a U.S. Commonwealth, or a U.S. Territory that grants authority to provide counseling services as an independent practitioner in their respective fields; and demonstrated counseling competence preceding their employment with the MFLC program.

In addition to meeting the above requirements, the non-medical counselor supervisors must have a minimum of two years full-time counseling experience post-licensure; documented counseling supervision, oversight, and management experience; and demonstrated current counseling competence through at least periodic, direct service counseling experience during the two years preceding hire.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL HEALTHCARE~~, INC.

5.0 REQUIREMENTS APPLICABLE TO ALL MISSION EXECUTION TASKS

A. STANDARDS OF SERVICE

- (1) Counselors must adhere to commercial and professional standards of practice set forth by, federal, state, and local laws, as well as relevant DoD/Military Branch of Service policies. All counselors must be licensed, certified, properly credentialed to perform this requirement and be compliant with industry accepted standards for the performance of non-medical counseling. For all types of counseling, experience with military family programs is preferred and an understanding of the military lifestyle is required.
- (2) Counselors must demonstrate sound professional judgment and the highest ethical standards in executing their responsibilities. All Counselors shall have strong skills in written and verbal communication, and assessment.
- (3) All contractor personnel performing this requirement must be a U.S. citizen, and must speak English.
- (4) Counselors will not represent the government at any federal, state, or military meeting or event nor perform any inherently governmental functions.
- (5) OSD is the approval authority for all service delivery. Once approved by OSD, the Contractor will coordinate all program management and service delivery with the Service HQ, installation point of contact (POC), the National Guard Bureau (NGB), Reserve Affairs, and local education agencies when indicated.
- (6) Counselors will verify, at some point during the session, eligibility for services, which may include requesting to view a military identification card (Reference Section J, Attachment 10) and other sensitive methods at the discretion of the counselor.
- (7) For counselors working with child participants (not including minor spouses) under the age of 18 years old (Reference Section J, Attachment 4), the contractor must comply with the latest version of DoD Instruction No. 1402.5, Criminal History Background Checks on Individuals in Child Care Services. As an additional contract requirement to this instruction, when providing counseling services, counselors shall always remain in the line of sight of a child's parent, guardian, or an individual with purview over the child (such as a school Principal, YMCA Director, CDC Director, or Teacher) who has successfully completed a background check. ~~Except for duty to warn situations, parental/guardian approval is required prior to rendering counseling services (Reference Section J, Attachment 9).~~ Parental approval, documented in writing, is required for all child participants under the age of 18 receiving non-medical counseling services (Reference Section J, Attachment 9); notwithstanding Duty to Warn or Mandated report situations. Duty to Warn or Mandated report situations do not require parental/guardian approval in order to report to authorities.
- (8) The contractor shall comply with, and all future updates of (Reference Section J, Attachment 4 a through g):
 - DoDD No. 5200.02, Subject: DoD Personnel Security Program, dated: April 19, 1999, paragraph 3.9.3

- DoD Instruction No. 6490.06, Counseling Services for DoD Military, Guard and Reserve,
- Certain Affiliated Personnel, and Their Family Members, April 2009.
- DoD Instruction No. 6400.06, Domestic Abuse Involving DoD Military and Certain Affiliated Personnel, August 21, 2007.
- DoD Instruction No. 6495.01 Sexual Assault Prevention and Response (SAPR) Program, October 6, 2005.

B. POST TRAUMATIC STRESS DISORDER (PTSD) AND TRAUMATIC BRAIN INJURY (TBI)

PTSD, TBI, and any mental disorders identified in the [DSM 5 Diagnostic and Statistical Manual \(DSM IV, TR latest version\)](#) are NOT authorized for support, but will be referred (via a warm handoff) to the appropriate MTF or TRICARE. The procedures for all hand-offs/referrals will ensure, [to the maximum extent as much as possible](#), that the [participant client](#) does not have to repeat their story or issue when the third party agency is engaged in the conversation.

C. IMMINENT RISK/DUTY TO WARN

The Contractor shall implement, document, and maintain Duty to Warn procedures, in accordance with DoD/Military Branch of Service regulations and established protocols, to address events wherein a Service or family member reveals a threat to self or others. Notifications of Duty to Warn incidents are sent to the installation POC and contractor chain of command immediately.

Duty to Warn monthly report logs shall be compiled and sent to both the OSD Program Manager and the Military Branch of Service Headquarters POCs, and be reported as mandated (Reference Section J, Attachment 5), to the respective, federal and state authorities. This report log shall include, at a minimum: date of event, installation name, state, name of the unit, status (new vs. recurring), category (domestic violence, child abuse, harm to self/others), branch of service, summary of events, action taken and any other pertinent information. This report log shall not include any personally identifiable information. The reporting procedures will be reviewed quarterly with each military service headquarters POC and OSD program management.

D. INFORMED CONSENT

In accordance with DoD Instruction No. 6490.06, Counseling Services for DoD Military, Guard and Reserve Certain Affiliated Personnel and Their Family Members (Reference Section J, Attachment 4g.), counselors shall provide informed consent to the individual and/or family member during the initial meeting covering information about their role as counselors, a description of what non-medical counseling can cover, the short-term solution focused approach, the scope of care, and the ability to make appropriate referrals as needed.

Informed consent must cover the counselor's mandated reporting requirements for domestic abuse, sexual assault, duty to warn and other legal obligations. At a minimum, this confidentiality statement shall be provided to all eligible individuals seeking counseling services: "Information you provide to me or other counselors

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

will be kept confidential, except to meet legal obligations or to prevent harm to self or others. Legal obligations include requirements of law and DoD or military regulations. Harm to self or others include suicidal thoughts or intent, a desire to harm oneself, domestic violence, child abuse or neglect, violence against any person, and any present or future illegal activity.”

E. GUARD/RESERVE

(1) ~~Joint Family Support Assistance Program (JFSAP)~~

~~Counselors are provided for DoD and/or legislatively mandated programs (e.g. JFSAP). JFSAP counseling positions may be staffed with MFLCs, CYB MFLC, and PFCs. Typically, counselors deliver these services in a non-rotational (full-time) manner.~~

~~The JFSAP, implemented by Sec. 675 of the FY 07 Defense Authorization Act, augments existing family programs to provide a continuum of support and services based on member and family strengths, needs, and available resources. The primary focus of support is families who are geographically dispersed from a military installation. Services are delivered in local communities through collaborative partnerships with Federal, State, and local resources.~~

~~After receiving OSD authority to proceed, JFSAP counselors may receive additional guidance on Guard and Reserve general mission support needs from the respective State Family Program Director, Wing Family Program Director, or Reserve Component Coordinator. Support to the Guard and Reserve will be provided via Short Term On-Demand and Surge.~~

(2) Short Term On-Demand Support

a. Background

MFLCS, CYB-MFLCs, and PFCs may be deployed to support ~~Guard and Reserve~~ events such as Yellow Ribbon Reintegration Program events and family events, which may occur during the weekdays/weekends, and drill weekends. Section J, Attachment 8 has been provided to demonstrate the approximate magnitude of this requirement. These events, typically lasting 1-3 days, are held primarily in the 50 United States and US territories.

b. Specific Tasks

OSD will determine the staffing levels required for each event. At each event, the contractor shall perform the traditional walk-around counseling/coaching services and establish a visible and easily accessible location to distribute educational materials. The contractor shall distribute a variety of educational materials, both created by the contractor (approved by OSD) and also provided by OSD, to address the wide range of needs. The contractor may also be asked to develop additional educational materials for adults and children depending on the requirements of OSD.

F. CAREGIVER PEER-TO-PEER SUPPORT INITIATIVE

1. The Caregiver Peer-to-Peer Support Initiative is mandated by the National Defense Authorization Act 2008 and various applicable studies to include the recently released RAND Study, “Hidden Heroes: America’s Military Caregivers Report.”

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

2. MFLCs shall provide facilitation and non-medical counseling to support the caregiver Peer-to-Peer Support Initiative that establishes group forums at designated military installations, using MFLCs in collaboration with Military Community & Family Policy (MC&FP), Warrior Care Policy (WCP), and Service Wounded Warrior Program Recovery Care Coordinators (RCCs). Guided discussion among caregivers will often be more practical, accurate, and thorough based on their personal “real life” experiences. Caregiver peer-to-peer forums will positively impact caregivers’ quality of life by reducing stress and providing emotional support and a unique resource for valuable information.

3. MFLCs at Army, Navy, Marine Corps and Air Force installations that have Recovery Care Coordinators will organize and conduct voluntary peer-to-peer forums as requested to provide non-medical counseling to caregivers, interacting as necessary with RCCs and caregivers to coordinate logistics and to stay abreast of caregiver issues and challenges to use as a conduit for information flow.

4. Military caregivers will assist in building the program by providing input on areas of focus, e.g. mental wellness, managing stress, nutrition, financial wellness, etc.

5. For those military caregivers who are not within 50 miles of an installation with a RCP, or who are unable to attend a local group forum, military caregiver peer support webinars will be hosted on Military OneSource.

6. Reports relating to the Caregiver Peer-to-Peer Initiative are outlined in PWS 7.4

G. Counselors must be knowledgeable of the resources available through the MOS (www.MilitaryOneSource.mil) to make referrals for counseling and access additional capabilities through MOS when circumstances warrant. Counselors must also be knowledgeable of family advocacy and support programs both on and off the installations.

H. The Contractor shall submit an Excel spreadsheet on the first of each month which contains the location of an MFLC counselor, the counselor type and cell phone number associated with the location. This spreadsheet will be uploaded into the Government Military OneSource Case Management System (CMS) to facilitate referrals to the Military and Family Life Counseling Program from the Military OneSource Call Center.

I. Additional Service Delivery Requirements

1. The Contractor shall ensure that all personnel maintain the highest degree of sensitivity, compassion, and respect for service members and their families. The Contractor shall remain free of any political bias and shall ensure consistency of service regardless of installation, location, or any other factor.
2. The contractor must provide counseling/coaching services both on and off the military installations within the civilian community. Counselors shall also be available by telephone, enabling counseling participants to schedule an appointment for MFLC services, and facilitating coordination with installation POCs.
3. Counseling services must be provided on a face-to-face basis.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

4. The contractor will adhere to existing written protocols for each type of service delivery.
5. For service continuity purposes, it is unacceptable to the Government if all personnel rotate simultaneously. The Government requires a seamless and transparent transition between the individual outgoing and incoming counselors. Counselors assigned to the CONUS will have a two day transition with the outgoing counselor. Counselors assigned to the OCONUS will have a three day transition with the outgoing counselor. During this transition, the outgoing counselor shall, at a minimum, convey pertinent data such as installation points of contact (POC) and procedures, critical issues, and status of the installation's current counseling needs.
6. The counselors must identify themselves by name and the MFLC Program. Counselors are not to wear name tags or other items identifying them as an employee of the contractor.

6.0 SPECIFIC TASK REQUIREMENTS PER MISSION EXECUTION TASK

6.1 MISSION EXECUTION TASK 1; GENERAL MFLC SUPPORT

OBJECTIVE

Counseling modalities include individual, family, couples, and groups. Military and family member counseling services are intended to be solution-focused, short term for defined problem areas amenable to brief intervention. Services are not delivered in the traditional manner of 50 minute sessions in an office setting, but rather vary in duration from a few minutes to 2 hours. Services are provided "just in time," when and where they are needed using a "walk around/coaching" approach. Counselors go to where the people are instead of waiting for people to schedule an appointment to see them, but an appointment can be made if desired. For example, counselors may meet with family readiness groups; meet service members returning from deployments (including welcome events at respective airports), be available in reintegration orientations, meet with rear detachment commanders and other community agency staff upon request, brief commanders and leadership, and work with children and youth.

General MFLC counseling may also require MFLCs to provide services outside the gates of installations nearest to where families live and socialize. This may include placing counselors in housing areas and/or community agencies (Red Cross, Boys and Girls Clubs, YMCAs and others) frequented by families.

Counselors may also be assigned to solely support various levels of the command structure (i.e. Army brigades).

Counselors will rotate at locations world-wide. Duration of rotations shall be no less than one month and no longer than six months (one year for SOCOM/Embedded assignments). As described in Section 7.1 "Travel Management," the Government prefers and highly encourages maximizing the duration of each rotation (six months, or one year in the case of SOCOM/Embedded), as well as the overall quantity of longer duration rotations. In addition, the Contractor is required to staff rotations in accordance with each country's respective Status of Forces Agreement (SOFA). Consecutive six

CONTRACT NUMBER: D12PC00480
 CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

month rotations performed by the same provider is authorized and also highly encouraged. ~~The baseline requirements may fluctuate periodically for counseling services that vary in length of time.~~ Counselors may be required individually or in teams.

Counselors should be easily identifiable and approachable, operate in a manner that maximizes accessibility, including availability on the installation common areas and family support centers. Sessions may vary in duration, depending on the circumstances of the situation, with some lasting from a few minutes to 2 hours.

General MFLC Counseling may assist service members and their families with issues including, but not limited to:

Situational/Problem Solving Counseling	Military Lifestyle Issues	Psycho-education
<ul style="list-style-type: none"> -Relationships -Deployment Stress -Marital/Couples issues -Family Relationships -Making Friends -Serious Illness -Parenting -Child Care -Parent-Child Communications -Loss and Grief -Conflict Resolution -Self Esteem/Independence -Decision Making -Anxiety -Stress -Assertiveness -Work Life Balance -Anger <u>-Caregiver Peer to Peer Forums</u> 	<ul style="list-style-type: none"> -Mobilization -Deployment -Reunion -Relationship Issues -Homesickness -Frequent Relocations -Relocation adjustment 	<p>Teaches service members and their families how to anticipate and to deal with challenges/problems. EDUCATIONAL MATERIALS AND PRESENTATIONS

Contractor shall develop (after OSD approval) or modify (provided by OSD as government furnished property) a variety of educational materials and presentations on specific subject areas herein including, but not limited to, deployment and reintegration, coping with separation, loss and grief, effects of deployment on children, communication, compassion fatigue/caring for the caregiver, and financial readiness/planning. The OSD Program Manager shall review/approve all materials prior to dissemination. These materials are also applicable to the child and youth behavioral mission execution task at PWS 6.2.

SCHEDULING AND LOGISTICS

The counselors shall establish a schedule that allows for regular contact with agency staff during office hours yet is flexible enough to be responsive to family needs after hours. Designated Service installation POCs will coordinate work schedule with counselors. Normal work schedule is a highly flexible 40 hours per week. Situations and/or meetings, briefings and appointments may extend the daily work schedule that counselors must attend, as requested by the installation POC. Counselors' hours will be flexible to meet the needs of the organization and families which will include evenings and weekends as needed for meeting with families and overall outreach. Counselors should take into account the unique nature of work, which may require operating on extended hours. These periods may require hours of operation beyond normal hours in accordance with mission requirements, and may also include performance on Federal holidays. For example, a counselor may meet with a family group at 1800 hours and meet a returning plane on the tarmac at 0200 hours. Under these extended hours, start times may be adjusted to accommodate the workload. This reduction of work schedules will equal the time required to perform work during special operating hours.

6.2 MISSION EXECUTION TASK 2; CHILD AND YOUTH BEHAVIORAL PROGRAMS

OBJECTIVES

The Government's objective is to provide support to staff, parents, and with parental consent, children in military Child Development Centers (CDCs) located on or near the installations, Department of Defense Education Activity (DoDEA) schools, local education agencies (LEA), Youth Centers, National Military Family Association (NMFA) Operation Purple Camps, and DoDEA Child and Youth Program (CYP) Summer Enrichment Programs which operate during the summer months to support summer school, camps, and summer child and youth programs DoD-wide. When providing counseling services to military children, counselors shall always remain in the line of sight of a child's parent, guardian, or an individual with purview over the child (such as a school Principal, YMCA Director, CDC Director, Teacher) who has successfully completed a background check. Support topics may include, but are not limited to, problem solving with staff about how to engage/intervene with children displaying behavioral difficulties, bullying, self-esteem, coping with deployment, peer relationships, managing anger, separation from a deployed parent, and divorce.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

Civilian children are not eligible to receive MFLC services; this includes Civilian parents and or guardians of the civilian children attending the schools, CDCs, Camps, and Youth and Teen Centers. Civilian children are not eligible to receive counseling on a one-on-one basis; therefore they are not permitted to have a signed consent form to authorize the CYB MFLC to meet with the child. Eligibility for MFLC services is outlined in DoDI 6490.06 Counseling Services for DoD Military, Guard and Reserve, Certain Affiliated Personnel, and Their Family Members.

If non-military connected youth are in the classroom and/or group/camp setting together with military connected youth, the CYB-MFLC shall support the classroom and/or group/camp as a whole to include both the military connected and non-military connected youth.

In general, support for civilians is limited to Members of the DoD Civilian Expeditionary Workforce and their immediate family members.

Counselors will rotate at locations world-wide. Duration of rotations shall be no less than one month and no longer than six months (one year for SOCOM/Embedded assignments), but may cover the entire academic year in schools. As described in Section 7.1 “Travel Management,” the Government prefers and highly encourages maximizing the duration of each rotation (one year in the case of SOCOM/Embedded), as well as the overall quantity of longer duration rotations. In addition, the Contractor is required to staff rotations in accordance with each country’s respective SOFA. Consecutive six month rotations performed by the same provider is authorized and also highly encouraged. CYB School Rotations shall cover the entire academic year, which range from 9 to 12 months. Counselors assigned to a school to cover the academic school year are to remain on the installation during school recesses/breaks and provide services throughout the assignment rotation. This would include, providing briefings, presentations, as well as “walk-around/coaching” services throughout the installation. The baseline and expansion requirements may fluctuate periodically for counseling services that vary in length of time. Counselors may be required individually or in teams.

In CDCs, CYB-MFLCs receive guidance from the CDC Director, or their designee, on the support needed by children in the respective CDC. In Youth Centers, CYB-MFLCs receive guidance from the Youth Center Director. In DoDEA and LEAs, CYB-MFLCs receive guidance from the principal, or their designee, on support needed by children in the respective school.

In NMFA Operational Purple Camps, CYB-MFLCs and PFCs receive guidance from the camp director on support needed by children at the respective camp. CYB-MFLCs and PFCs will deploy to camps two days prior to the start of the camps, unless given other technical direction by OSD, to be briefed by the staff about the respective camp. CYB-MFLCs and PFCs may support Short Term Summer program events which may last 1- 3 days, or up to 3 months.

In the DoDEA and CYP summer program, the CYB-MFLCs and PFCs receive guidance from the principal concerning the needs of students attending summer school and from the CYP Director concerning the needs of children attending CYP summer activities. During the summer, the same CYB MFLC and PFC may support the DoDEA summer school in the morning and the CYP activities in

~~the afternoon.~~ The school year assignments and camps/summer programs in some locations run concurrently. There are instances of overlap between the end of the school year and the start of the camp/summer program. Counselors assigned to a school must first finish the academic school year rotation before starting a camp/summer program assignment. Coordination and direction on these assignments will be provided by the COR or Government PM. The following is a list of potential activities engaged in by the CYB-MFLCs. The list is not all-inclusive and is exhaustive and meant to provide examples of potential activities CYB-MFLCs may conduct:

- Consulting with teachers, CDC providers, parents, and children regarding disruptive class behaviors.
- Working with teachers and youth in the classrooms in order to get to know the needs of teachers and students.
- Interacting with children and parents during special events, field days, award luncheons, sports events.
- Using OSD approved journals with younger children to address deployment issues.
- Helping children prepare for life while the parent is gone.
- Visiting the cafeteria during lunch hours, interacting with children out on the playground; interacting with children and teachers at the front office or in other common areas around the school.
- Support students exhibiting challenging classroom behavior who are referred by school guidance counselors.
- Conducting presentations for teachers and parents in small and large groups on topics such as Time Management, Maintaining your Marriage during Deployments, Teaching Children Problem Solving skills, Compassion Fatigue, and Anger Management.
- Provide outreach to parents during parent/teacher conferences.
- With teacher invitation, conducting classroom observations.
- Providing support to teachers, families, and students regarding deployment and reintegration.
- Addressing school behavior problems in one-on-one meetings.
- Supporting teachers in managing their stress levels.
- Participating in student conflict resolution sessions.
- Provide support to families during transition periods to help with adjustments to new settings/locations and help manage the normal stress as a reaction to this process.
- Work closely with wounded warrior transition programs to help children/families cope with stressors and experiences as a result of a service members' injury or disability.
- Provide staff consultations for both work-related and child issues.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

- Interacting with children and parents from the larger military community and Child and Youth Services (CYS), registered families during special events, family dinners, parent groups, and center activities (such as weekend basketball or soccer at the youth center).

- Observe children and provide concrete support to caregivers and trainers to address and redirect challenging behaviors.
- Provide outreach to parents and meet for formal consultations to provide feedback and support.
- Activities with Chaplains

6.3 MISSION EXECUTION TASK 3; PERSONAL FINANCIAL COUNSELING OBJECTIVES

Service members are responsible for their personal finances. Throughout a military career, service members and their families may need additional support and assistance with financial stability, money management, anticipating financial impacts due to deployments, and raising a financially stable family. Accredited and certified counselors trained in financial matters shall provide personal and family financial counseling, planning, education, awareness information services, appropriate referrals, and assistance applicable to military families. Counseling services may be provided individually, couples, families, and in a group training environment.

The goal is to assist service members and their families with personal financial readiness, money management, financial counseling, and financial planning to include appropriate guidance regarding the Servicemembers Civil Relief Act, Public Law 110-289 Housing and Economic Recovery Act of 2008 as well as other pertinent laws and policies. The majority of service members and their families will require financial counseling to assist with establishing a basic level of financial literacy and good financial behavior and habits as well as more sophisticated financial planning to assist with more advanced financial needs such as investing, estate planning, tax planning, education planning, and other financial matters.

REQUIREMENTS

Counselors will rotate at locations world-wide. Duration of rotations shall be no less than one month and no longer than six months (one year for SOCOM/Embedded assignments). As described in Section 7.1 “Travel Management”, the Government prefers and highly encourages maximizing the duration of each rotation (six months, or one year in the case of SOCOM/Embedded), as well as the overall quantity of longer duration rotations. In addition, the Contractor is required to staff rotations in accordance with each country’s respective SOFA. Consecutive six month rotations performed by the same provider is authorized and also highly encouraged.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

PFCs may be required to perform surge and/or on-demand assignments in schools. PFC Counselors assigned to schools and/or camps shall have experience and training in providing financial briefings and presentations to children and adolescents.

Counselors may be required individually or in teams.

~~The requirements, if any, may fluctuate periodically for counseling services that vary in length of time.~~ This type of counseling is generally not provided on a walk-around basis, but more typically uses a planned meeting approach.

PFCs will receive guidance from the installation POC. PFCs may deliver services on and off installations, at events for Guard and Reserve personnel, and at summer program activities involving youth.

In cases of extreme financial hardship, threat of deprivation, or other similar circumstances, PFCs ensure that service members and their families are referred to the appropriate military resources such as Relief Societies; installation banks/credit unions, Chaplains, other state, federal, local and veterans' organizations, and other resources as applicable. Counselors shall conduct command requested training that addresses preparing/planning for family separation, short notice deployments, permanent change of station, and transition from the military as well as other topics that pertain to military families.

Counselors shall provide individualized money management, financial counseling, financial planning, and referral services when applicable, to service members and their families. However, counselors will never give specific financial investment advice in specific investment funds/opportunities. The following list is not exhaustive and meant only to provide examples of potential activities PFCs may conduct:

- Complex financial planning and investment issues and opportunities.
- Advice and assistance in such areas as prioritizing and understanding differences between needs and wants.
- Identifying immediate and long range measures to increase income, reduce household expenditures, avoid additional financial burdens; developing improved financial record-keeping.
- Creating a personal budget/financial plan to reduce, eliminate, and avoid debt and to achieve solvency and stability.
- Fostering recognition of the legal and military implications of indebtedness and recommending legal assistance if warranted.
- Teaching service members and their families' money management techniques to encourage them to live within their means.
- Identity theft: teaching service members and families how to detect, deter, and avoid identity theft.
- Credit management: understanding credit, finance charges, interest rates and the implications of only paying the minimum amount each month.
- Credit: educating military families on the importance of maintaining excellent credit histories and ratings. Teaching service members and their

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

families how to establish, monitor, and protect their credit. Poor credit may cause service members to lose their security clearances.

- Housing: Purchasing a home, preventing foreclosure, loan modifications, refinancing, etc.
- Car Buying: teaching service members to make informed decisions and to be aware of associated costs such as insurance, maintenance, fuel costs, etc.
- Investing/retirement: PFCs reach out to young service members to get them enrolled in the Thrift Savings Plan (TSP). PFCs shall be equipped to explain the benefits of investing and reducing tax liabilities.
- Assistance with tax planning.
- Managing special duty pay.
- Routine Savings: teaching service members and their families how to save for emergencies, unanticipated contingencies, and both short and long-term goals.
- Decision making regarding appropriate type and amount of insurance to carry to include understanding the value of Service member's Group Life Insurance.
- Military-specific financial programs and benefits: teaching service members and their families about the value and benefits of participating in the Thrift Savings Plan, the Savings Deposit Program, and Morale, Welfare, and Recreational programs.
- Helping children understand the value of money and the benefits of saving.
- Helping children understand the meaning of money and what is used for.
- Helping children understand how to conduct purchase transactions such as purchasing toys, games, groceries.
- Helping children understand how to manage their allowance
- Helping older children understand how to manage credit/debit cards and the impact that such behavior can have on their credit scores/reports.

7.0 PROGRAM MANAGEMENT

OBJECTIVE

The contractor shall develop and implement a comprehensive management plan, including a dedicated program management team, to ensure the delivery of high quality services, effective financial/travel management controls and processes; organizational resources; and management controls to meet the cost, performance, schedule requirements, report requirements, record keeping requirements and quality control for this effort. The contractor shall detail the services, methods for obtaining and delivering the services, allocation of staff, means of vetting staff education and certification/licensure requirements, staff/counselor training plan and other resources necessary to produce the services and a timeline for delivering the services.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL HEALTHCARE~~, INC.

REQUIREMENTS FOR PROGRAM MANAGEMENT AND OVERSIGHT

The contractor shall develop and implement a management plan. The management plan shall define a management team including, at a minimum, the following positions which are all considered Key Positions: Program Director, with the authority to speak and act on behalf of the contractor with DoD and work directly with the Contracting Officer Representative (COR), Deputy Program Director, Contract Administrator, Quality Assurance Manager, Financial Manager, and all Subcontractor Managers within the prime contractor's organization, the primary subcontractor manager within the subcontractor's organization (for subcontractors proposed to perform major or critical aspects of this requirement). This team shall also include, as Non-Key Personnel, Non-Medical Counseling supervisors (supervisors pertain to all Mission Execution Tasks). The contractor shall maintain clear lines of authority and responsibility. This team shall be responsible for all service delivery, management of subcontractors, and the development/implementation of the MFLC Program.

The contractor shall develop and implement processes and procedures to support the warm hand-off of a [Participant clients](#) to other providers and community/DoD resources, such as MOS, ensuring that the [Participant client](#) does not have to repeat their story/issue when the third party agency is engaged in the conversation.

7.1 TRAVEL MANAGEMENT

The contractor shall develop and implement an approach and processes to manage travel of counselors, ensuring timeliness and efficiency and avoiding disruption or degradation of services. This approach shall account for the logistical complexities of counselors providing rotational services in both CONUS and OCONUS locations, and shall also account for short notice or immediate requirements that require expedient response and accommodations. Processes shall provide for tracking of travel costs by counselor and specific services provided location, and duration of rotation.

The Government's objective is to maximize the duration of each rotation, as well as the overall quantity of longer duration rotations. The contractor will approach deployment of counselors in a manner to minimize travel costs, which may include local/regional hiring of counselors and other innovative approaches.

Local and long-distance travel, to include overnight accommodations, will be required in the performance of this contract. All travel must be approved in advance by the COR, Program Manager, or Contracting Officer. Certain approvals (e.g. crisis or urgent situations) may be granted verbally, with written documentation provided within 5 business days thereafter.

The Government will not pay for any travel that is not approved in advance. All travel will conform to the current Federal Travel Regulations (FTRs). Expenditures that exceed the FTR will not be reimbursed by the Government.

7.2 QUALITY ASSURANCE AND CONTROL

OBJECTIVE

To ensure military service members and their families receive the highest quality services possible.

REQUIREMENTS FOR QUALITY ASSURANCE

The Contractor shall develop a Quality Assurance Surveillance Plan (QASP) describing the methods of inspection, required reports, and resources to be used, including estimated work hours. At a minimum, this plan will detail the methods of surveillance for each contract requirement, the evaluation procedures to be used for each surveillance method, and the approach for implementation of the QASP.

The Contractor shall develop and implement a Quality Control Plan (QCP) to ensure that the performance standards and thresholds contained within the QASP are met or exceeded. This self-inspection plan will describe the internal staffing and procedures that will be used to monitor contract compliance, quality, quantity, timeliness, responsiveness, customer satisfaction, and other delivery requirements, compliance of all counselors with required credentialing, licensure, and background checks, and all services provided under this contract.

The contractor shall use the standards of the QCP to measure performance of counseling services, and report the results to the government on a monthly basis. The contractor shall follow the approved quality procedures to identify, prevent, and ensure non-recurrence of defective services.

The Government reserves the right to inspect for contract compliance and quality by following various methods which include but are not limited to random sampling, periodic inspection, customer satisfaction surveys/discussions, and data calls via ad hoc reports. This formal/informal sampling may take place at any location and at any time during performance of this contract.

7.3 RECORD KEEPING

~~Formal counseling case records including personally identifiable information are not maintained.~~ Daily activity reports ([Reference Section J-18](#)) shall be collected and maintained by the contractor to account for utilization.

When the military chain of command requests information concerning a service member, they are reminded of the confidential nature of the service. If the chain of command wishes to send a service member for counseling to a MFCLC and have the MFCLC report back to the commander, they are informed that this is not possible due to the confidential nature of the program, however, they are informed that if they sent a service member to see a MFCLC, they may follow up with the service member to ensure that they followed through.

7.4 REPORTING

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

- a. The contractor must be highly responsive, flexible, and timely in providing all required reports as well as ad hoc and other requested reports. Such reports are critical for program decision-making, high-level government inquiry and reporting. For example, an ad hoc report may be required within a few hours of the request while more comprehensive reports may take longer to obtain but are still needed in a timely manner. OSD will prescribe the required timeline for submittal of each ad hoc report. The Contractor will not provide Service requested reports or data calls. All requests for reports must come from the Service POC to OSD. OSD will make requests to the contractor as appropriate. All monthly reports are due on the 15th of each month or the next business day if the 15th falls on a holiday or weekend. Weekly reports will be submitted on the business day specified by the Government. The Government program office will determine which data elements will be reported, the format, and method of delivery.
- b. The contractor will provide several types of reports to the Government on the services provided to include weekly program activity, staffing and credentialing reports, monthly and annual utilization reports to include an Executive Summary and Monthly Utilization Report (MUR) separated by military branches and installations, service categories as well as a Contract Financial Status Report, Contract Financial Status Report and Duty to Warn Report. Reports will include data collected from the government provided activity form and separated by military branches and installations, service categories and activity type. These reports shall not include any personally identifiable information. During the performance of the contract, the Government may require the submittal of additional reports/elements encompassing various topics/subjects of interest. In addition, ad hoc reports may be requested for a specific data variable or data sets. The format and method of submittal for the additional reports will vary and will be prescribed by the Government as performance continues. Additional monthly Ad-Hoc reports will be submitted to include an Executive Summary and a Duty to Warn Log separated by military branches and installations. These reports shall not include any personally identifiable information. During the performance of the contract, the Government may require the submittal of additional reports/elements encompassing various topics/subjects of interest. The format and method of submittal for the additional reports will vary and will be prescribed by the Government as performance continues. Reports will be submitted no later than 15 days following the end of the monthly reporting period.

Weekly Report:

~~The OSD Program Manager weekly report will consist of a list by state (CONUS) and country (OCONUS), each installation that is authorized to have an MFLC, CYB MFLC or PFC, the number of MFLCs, CYB MFLCs and PFCs authorized, and the number of MFLCs, CYB MFLCs and PFCs on the ground. This report will consist of regions designated by OSD and be able to be sorted by each data variable and include the average daily contacts by category of MFLCs at the installation.~~

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

The OSD Program Manager weekly report will consist of a list of awarded assignments, assignment locations, counselor credentials, assignment start and end dates, time spent in activities, and average weekly utilization for each counselor. OSD Program Manager, in conjunction with the COR, will provide direction in writing when reports require revisions.

Monthly Utilization Reports (MUR):

Each report will cover all relevant program areas by category of MFLC (MFLC, CYB-MFLC and PFC) for each branch of service and installation. An executive summary will be provided to the program office detailing all monthly activity for each assignment. MFLCs embedded within the Brigades, supporting Special Operations, Child Development Centers, schools and partner organizations will be able to be identified.

Separate reports will be developed for military services and agencies as specified by OSD. Reports will consist of activity for each counselor type and activity on an installation for each respective branch of service. OSD will provide the contractor with the assignments to be included in each Service report. The OSD Program Manager, in conjunction with the COR, will provide direction in writing when reports require revisions.

The Government requires a map that will represent the authorized baseline, to include all assets authorized for an installation including off-installation schools. The map shall represent the number of counselors MFLC and CYB requested for a Surge or On-Demand. The Government requires web access and PDF for quarterly and annual reporting.

The maps shall reflect the number of UNIs at each location as opposed to the number of rotations that have occurred at the location during the reporting quarter.

1) The map shall be submitted Quarterly (reference below) with an annual roll up due at the end of each option year (14 August).

<u>Quarter 1:</u>	<u>14 November</u>
<u>Quarter 2:</u>	<u>14 February</u>
<u>Quarter 3:</u>	<u>14 May</u>
<u>Quarter 4:</u>	<u>14 August</u>
<u>Annual:</u>	<u>14 August</u>

2) Quarterly and Annually according to the calendar year.

3) Quarterly and Annually according to the fiscal year.

Each report will cover all relevant program areas by category of MFLC (MFLC, CYB MFLC and PFC). Each report will include an executive summary. Data collection forms will be developed for each report.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

~~The Ongoing Rotational MFLC report section will include: Utilization reported by installation along with a per day average of MFLC contacts for each installation per month by category of MFLC (i.e. 6 contacts per day per MFLC). Number of face to face counseling sessions provided, number of attendees at face to face counseling sessions, number of briefings and presentations provided, number of attendees at briefings and presentations. MFLCs embedded within the Army Brigades, supporting Special Operations, Child Development Centers, and schools will be able to be identified. Example is contained in the template titled MFLC Executive Dashboard and MFLC MUR.~~

~~The Non rotational full time (JFSAP) report section will include: Utilization reported by state along with a per day average per month by category of MFLC. Number of face to face counseling sessions provided, number of attendees at face to face counseling sessions, number of briefings and presentations provided, number of attendees at briefings and presentations. Number of on demand events supported by JFSAP MFLCs and the number of JFSAP MFLCs supporting them. Example is contained in the template titled JFSAP Executive Dashboard and JFSAP MUR.~~

~~The Short Term On Demand report section will include: Locations and number of on demand events and number of MFLCs deployed by category of MFLC. Utilization levels will also be reported for each event for each MFLC. Example is contained in the template titled JFSAP Executive Dashboard and JFSAP MUR.~~

~~The Short Term Surge report section will include: Brigade supported, utilization along with a per day average of MFLC contacts for each surge by category of MFLC. The template titled MFLC Executive Dashboard and MFLC MUR may serve as an example.~~

~~The Short Term Summer Program support section will include: Number of camps supported, number of children supported, and number of MFLCs supporting camps. The template titled MFLC Executive Dashboard and MFLC MUR may serve as an example.~~

~~All reports will include, but not be limited to, the demographics of client utilization, i.e., military service and duty status and rank, family member's status (spouse, child or other legal dependent), geographic location and type of service delivery (individual, group, meeting, psycho-educational presentation). The report shall be provided to the respective Services Headquarters, NGB and Reserve Affairs POC, and OSD and will also include:~~

~~The primary reason for counseling support;~~

- ~~• The number of referrals for counseling to include type, status of recipient (i.e., active duty, family member, Guard, Reserve, etc.);~~

~~The number of service members and their family members seen for the first time by type of counseling, i.e., face to face counseling, education, group, and financial counseling;~~

~~The number of service members and their family members seen for follow up sessions by type of counseling, i.e., individual/family counseling, education, outreach, and financial counseling;~~

~~The total number of counseling sessions provided by type of counseling, i.e., face to face, education, outreach, and financial counseling;~~

- ~~• The total number of meetings and/or group sessions specifying the topic and approximate number of attendees.~~

c. FINANCIAL STATUS REPORT

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

The Monthly Contract Financial Status Report shall be detailed and reflect the activities, staffing, and travel that have occurred that month. Any exceptions should be noted. For example, if specific costs were not included to wait for an invoice, it should be explained (i.e. receipts for air travel to OCONUS for the June DoDEA/CYS program have not been received and will be included in the July invoice).

The Report shall specify the individual counselor, location where they worked, and hours worked that month. This report shall be itemized by the type of counseling services provided pursuant to the PWS task areas.

- 7.5 The contractor will provide training and orientation for counselors and supervisors that include all requirements of this contract, Service-specific and general military culture and customs, structure and chain of command, ranks and insignia, and other specialized subject areas prior to beginning an assignment, ~~and renewed on an annual basis.~~ The contractor shall design and implement a method for regularly updating personnel on current/emerging issues pertaining to military life. Counselors shall be familiar with evolving issues that affect military members and their families. Contractor shall participate, as appropriate in locally available specialized training to maintain up-to-date knowledge and skills related to the military and civilian resources. Attendance must be approved in advance by the COR. All training must be reviewed and approved by the Government prior to implementation. The contractor shall annually certify and be able to demonstrate (at any time) to OSD or the CO, in writing, that the counselors and supervisors have comprehensive/current knowledge of the overall military culture, issues affecting military families, and all requirements of this contract. OSD and the Military Services may require the MFLC counselors to complete specialized training which will be provided to the Contractor.

8.0 OTHER DIRECT COSTS (ODCs)

All ODCs shall receive written COR approval prior to funds being expended, and shall be itemized and invoiced accordingly.

9.0 TRANSITION IN

The contractor shall implement a 3 month transition in period to transfer services from the current contractor. During the transition in period, the contractor shall obtain the appropriate security clearances, become familiar with standard operating procedures (SOPs), and assume the full execution of the requirements of this contract. During the transition in period, the contractor shall work closely with the current contractor to ensure a smooth transition of service and perform a joint inventory and audit of the transferred equipment and documentation/data. The successful offeror shall work closely with the incumbent contractor and coordinate to address the status and issues of transition. The contractor's program management structure, organization, and facilities shall be in place and fully operational at the end of the 3 month transition in period. At completion of the transition in period, the contractor shall have full responsibility for all requirements covered under this contract.

During the transition period, the contractor shall provide a weekly report, in contractor format, detailing the status of implementation. A face-to-face update meeting may take place at the request of the CO.

F.4 FAR Clauses Incorporated by Full Text

52.242-15 – Stop Work Order (Aug 1989)

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-
- (1) Cancel the stop-work order; or
 - (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.
- (b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

CONTRACT NUMBER: D12PC00480
 CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
- (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.
- (c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- (d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

F.5 Notice to the Government of Delays

In the event the Contractor encounters difficulty in meeting performance requirements, or when it anticipates difficulty in complying with the contract delivery schedule or date, or whenever the Contractor has knowledge that any actual or potential situation is delaying or threatens to delay the timely performance of this contract, the Contractor shall immediately notify the CO and the COR, in writing, giving pertinent details, provided however, that this data shall be informational only in character and that this provision shall not be construed as a waiver by the Government of any delivery schedule or date or of any rights or remedies provided by law or under this contract.

F.6 Contract Deliverables

Deliverables constitute all documentation and verification as required within all sections of this contract. Performance deliverables will be finalized during the Transition In period and may be added to the following table via modification.

Deliverables		Delivery
1	For all mission execution tasks, certify and be able to demonstrate that the counselors and supervisors licensure, credentials, required experience and background checks are current and proper. CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

The COR is the individual within the Program Management function who has overall technical responsibility for this effort. The COR supports the CO/CA during administration of this effort by:

- 1) Making final decisions regarding any recommended rejection of deliverables;
- 2) Providing technical clarification relative to overall workload matters;
- 3) Providing advice and guidance to the Contractor in the preparation of deliverables and services;
- 4) Providing acceptance of deliverable products to assure compliance with requirements.

The COR, Program Manager, or CO also provide technical direction to the Contractor, i.e., shifting work emphasis between areas of work; fills in details, or otherwise serves to accomplish the purposes of this effort. Technical direction shall be within the general PWS for this effort. Neither the COR nor the Program Manager has the authority to and may NOT issue any technical direction which:

- 1) Constitutes an assignment of work outside the general scope of this effort;
- 2) Constitutes a change as defined in the "Changes" clause;
- 3) In any way causes an increase or decrease in cost or the time required for performance;
- 4) Changes any of the terms, conditions, or other requirements of this effort; and
- 5) Suspends or terminates any portion of this effort.

All technical direction shall be issued in writing by the COR, Program Manager, or CO or will be confirmed by the COR, Program Manager, or CO in writing within 10 calendar days after verbal issuance. An electronic copy of the written technical direction shall be furnished to the CO and the CA monthly for invoice verification purposes.

In addition to providing technical direction, the COR will:

- 1) Monitor the Contractor's technical progress, including surveillance and assessment of performance, and recommend to the CO and CA, any changes in the requirement;
- 2) Assist the Contractor in the resolution of technical problems encountered during performance; and
- 3) Perform inspection and acceptance or recommendation for rejection of Contractor deliverables and identify deficiencies in delivered items. This does not replace any other quality assurance inspection requirements that are specified elsewhere within the PWS.

If in the opinion of the Contractor, any instruction or direction issued by the COR is outside of their specific authority, the Contractor shall not proceed but shall notify the CO in writing within 5 working days after receipt of any instruction or direction, with an informational copy to the CA.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

G.2 Contracting Officer (CO) Authority

The CO for this contract is:

William Galvin
Acquisition Services Directorate-Herndon (AQD-Herndon)
National Business Center (NBC)
Department of the Interior (DOI)
381 Elden St., Suite 4000
Herndon, VA 20170
Voice: 703-964-3690
Email: William_galvin@ibc.doi.gov

In no event shall any understanding or agreement between the Contractor and any Government employee other than the CO on any contract, modification, change order, letter or verbal direction to the Contractor be effective or binding upon the Government. All such actions must be formalized by a proper contractual document executed by an appointed CO. The Contractor is hereby put on notice that in the event a Government employee other than the CO directs a change in the work to be performed or increases the scope of the work to be performed, it is the Contractor's responsibility to make inquiry of the CO before making the deviation. Payments will not be made without being authorized by an appointed CO with the legal authority to bind the Government.

G.3 Government Representatives

This contract will be administered by an authorized representative of the CO, designated as the Contract Specialist (CS). In no event, however, will any understanding or agreement, modification, change order, or other matter deviating from the terms and conditions of the contract between the Contractor and any person other than the CO be effective or binding upon the Government, unless formalized by proper contractual documents executed by the CO prior to completion of this contract.

The COR will be designated by the CO as the authorized representative of the CO. The COR is responsible for monitoring performance and the technical management of the effort required hereunder, and should only be contacted regarding issues of a technical nature.

G.4 Submission of Invoices – IPP

The Contractor shall bill no more than once monthly. Invoices must include, as a minimum, the following information for each individual:

- Name
- Labor Category(s) and Hourly Rate
- Time Period Covered
- Productive Direct Labor Hours for the current billing period and cumulative to date (for Labor Hours CLINs)

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

- Any Travel or Other Direct Costs (ODCs) incurred (with supporting documentation / receipts for all charges) for the current billing period and cumulative to date
- The CLIN being invoiced

Invoices shall be submitted electronically through the Internet Payment Platform (IPP), the U. S. Department of the Treasury's Internet Payment Platform System, at <https://www.ipp.gov/>. Please direct all IPP inquires to the IPP Production Helpdesk at (866) 973-3131 or ippgroup@bos.frb.org.

Hardcopy invoices shall not be accepted, unless requested by the CO or the IPP Team.

IPP Electronic Invoicing Requirements

Payment requests must be submitted electronically through the U. S. Department of the Treasury's Internet Payment Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions – Commercial Items included in commercial item contracts. The IPP website address is: <https://www.ipp.gov>.

The Contractor must use the IPP website to register, access, and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in CCR) will receive enrollment instructions via email from the Federal Reserve Bank of Boston (FRBB) within 3 – 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email ippgroup@bos.frb.org or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the contracting officer with its proposal or quotation.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

SECTION H – SPECIAL CONTRACT REQUIREMENTS

H.1 Transition Requirements

At contract award, the contractor shall implement a 2-month Transition In period to transfer the Military and Family Life Counseling contract from the predecessor contractor to the incoming Contractor.

H.2 Clause Modifications

Due to potential unforeseen circumstances attributable to the requirements solicited under this contract, the Government reserves the right to add, delete or modify clauses to facilitate specific conditions.

H.3 Conflict of Interest

It is the Department of the Interior's policy to avoid situations in the procurement process where, by virtue of work or services performed for DOI or DoD, or as the result of data acquired from DOI, DoD, or from industry, a particular company:

- a. Is given unfair competitive advantage over the companies in respect to future DOI or DoD business;
- b. Is placed in a position to affect Government actions under circumstances in which there is danger that the company's judgment may be biased; or
- c. Otherwise finds that a conflict exists between the performance of work or devices for Government in an impartial manner and the company's self-interest.
- d. If the Contractor has reason to believe that a task assigned by the CO or a task being performed by the Contractor violates this policy, the Contractor shall promptly notify the CO in writing and state the reasons why a conflict of interest exists, or may appear to exist. After receiving such notice the CO shall promptly inform the Contractor whether it should begin, or continue, the assigned task.
- e. Further, the contractor shall ensure that all personnel maintain the highest degree of sensitivity, compassion, and respect for service members and their families. The offeror shall remain free of any political bias and shall ensure consistency of service regardless of installation, location, or any other factor.

H.4 Organizational and Consultant/Counselors Conflict of Interest

The Contractor shall insert the substance of this clause in all subcontracts.

- a. It is recognized by the parties hereto that the effort performed by the contractor under this contract is of a nature that it creates a potential organizational conflict of interest as contemplated under FAR Subpart 9.5.
- b. In the performance of this contract, the contractor may have access to data which is procurement sensitive or is proprietary to other companies, Government consultants or advisors, or the Government. The contractor agrees that it will not utilize such procurement sensitive or proprietary data in performance of future competitive contracts, for studies in the same field. The contractor further agrees not to act as a subcontractor or consultant to any other prime contractor or subcontractor seeking to utilize such data.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

- c. The Contractor warrants that, to the best of its knowledge and belief, there are no relevant facts or circumstances, which would give rise to an organizational conflict of interest, as defined in FAR Subpart 9.5, or that the Contractor has disclosed all such relevant information.
- d. The Contractor agrees that if an actual or potential organizational conflict of interest is discovered after award, the Contractor shall make a full disclosure in writing to the CO. This disclosure shall include a description of actions which the Contractor has taken or proposes to take to avoid or mitigate the actual or potential conflict.
- e. If the Contractor was aware of a potential organizational conflict of interest prior to award or discovered an actual or potential conflict after award and did not disclose or misrepresented relevant information to the CO, the Government may terminate the Contract.
- f. The Contractor/counselors shall remain free of any conflicts of interest when issuing referrals to service members or families. All personnel performing under this contract are expressly prohibited from self-referrals and referring service members and their families to any counseling practice for which the counselor may have a personal, financial or other interest.

H.5 Supervision of Contractor Personnel

- a. All personnel assigned to render services under this contract shall be at all times under the direction and control of the Contractor. Notwithstanding any other provisions of this contract, the Contractor shall at all times be responsible for the supervision of its employees and all personnel performing under this contract (including all subcontractors, counselors, and independent consultants) in the performance of the services required under this contract.
- b. If the Contractor finds clarification necessary with respect to the scope of the services, which are non-personal services, to be performed hereunder, he/she shall request in writing such clarification from the CO.
- c. Any and all personnel performing work under this contract shall not, at any time during the contract period of performance, represent themselves as employees of the U.S. Government.

H.6 Removal of Contractor/ Counselor Personnel

It is understood that all personnel assigned by the Contractor to the performance of work hereunder must be acceptable to the Government in terms of personal and professional conduct and must successfully initiate a full background investigation before obtaining access to the premises. Any person in the Contractor's organization, or in any subcontractor's organization, who is deemed by the CO or the COR to conflict with the interest of the Government, shall be immediately removed from this contract. The reason for removal shall be fully documented in writing by the CO. Any security violations, denials or revocations of security clearance may be construed as grounds for immediate removal from the premises and the contract. Further, the Government shall have the right to cause the contractor to replace any individual who is determined by the Government to be a security risk, under the influence of alcohol or drugs, physically or mentally impaired (or otherwise unable to fulfill their rotation) to the extent that they cannot perform the tasks established by the contract, or performing in any way that appears to be inconsistent with commercial standards of ethics

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL HEALTH~~CARE, INC.

and/or practice. Such determinations will be made in collaboration with the CO, COR and/or Government Program Manager. These determinations shall not relieve the contractor from meeting the performance requirements of the contract.

H.7 Non-Payment for Additional Work

Any additional services or a change to the work specified which may be performed by the Contractor, either at his/her own volition or at the request of an individual other than a duly appointed CO except as may be explicitly authorized in the contract, is not authorized and will not be paid for by the DOI. Only a duly appointed CO is authorized to change the specifications, terms and conditions of this contract.

H.8 Key Positions and Personnel

- (a) The contractor agrees to assign to the contract those key persons whose resumes were submitted as required to fill the key position requirements. Key positions, as defined by the Government (Section C, 7.0); include the Program Director, Deputy Program Director, all Subcontractor Managers within the prime contractor's organization, the primary subcontractor manager within the subcontractor's organization (for subcontractors proposed to perform major or critical aspects of this requirement), Contract Administrator, Quality Assurance Manager, and Financial Manager. The offeror may propose additional key positions to be fulfilled by key personnel. No substitution or addition of key personnel or addition/deletion of key positions will be made except in accordance with this clause.
- (b) The contractor agrees that to ensure continuity, personnel will remain on the project as long as they are employed with the company and performing satisfactorily. Personnel substitutions will be permitted in the event of illness, death, or termination of employment. Substitution may be made for a person receiving a professional promotion during contract performance as long as they remain performing as key personnel under this contract. In any of these events, the contractor must promptly notify the CO or COR in writing and provide the information required by paragraph (d) below.
- (c) If key personnel, for whatever reason, become unavailable to work under this contract for a continuous period exceeding 30 working days, or are expected to devote, or are currently performing less effort to the work than indicated in its proposal, the contractor must propose a substitution or reduction of effort of such personnel, in accordance with paragraph (d) below.
- (d) All proposed key personnel substitutions or key position additions/deletions must be requested, in writing, to the CO and COR at least 15 days prior to the proposed change. Each request must provide a detailed explanation of the circumstances necessitating the proposed change, a complete resume from the proposed substitute and personnel to be replaced, and any other information required by the CO to approve or disapprove the proposed change. Resumes for key personnel substitutions or additions must be submitted in contractor format, no longer than three pages, and signed by the individual and an authorized company representative certifying the accuracy of the information contained therein. All proposed substitutes (no matter when they are proposed during the performance period) must have qualifications that are equal or higher than the qualifications of the person being replaced. No change in fixed unit prices may occur as a result of key personnel substitution.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

- (e) The CO will evaluate requests for substitutions and additions of personnel or positions and notify the contractor, in writing, whether a request is approved or disapproved.
- (f) The persons named below are considered to be key contractor's personnel and essential for the successful completion of all work assigned under the contract:
 - See Attachment J-17, List of Magellan Key Personnel

H.9 Permits and Licenses

In performance of work under this contract, the contractor must, without additional expense to the Government, be responsible for obtaining any necessary license(s), permits, ~~background checks~~, and for complying with all Federal, State, and municipal laws, codes, and regulations applicable to the performance of work. The contractor shall verify all licensing, certification and/or compliance with industry accepted standards for the performance of counseling services.

H.10 Travel

The Government anticipates that travel may be required in the performance of this contract. Total travel costs will have a Not to Exceed (NTE) ceiling. No travel expenses submitted in excess of the NTE ceiling will be reimbursed without approval from the DOI CO.

Travel by the Contractor's staff, including subcontractors, in support of this project will be reimbursed by DOI provided:

- 1) The specific travel is authorized in advance and in writing by the COR, Program Manager, or CO. The contractor's staff and subcontractors shall provide the COR adequate time to review and approve travel plans. Note: all travel must be approved in advance. The Government will not pay for any travel that is not approved in advance.
- 2) All travel costs and per diem costs must conform to the current Federal Travel Regulations (FTR) in effect at the time of travel authorization, including but not limited to, daily per diem and lodging rates in effect for the area at the time of the travel. Expenses not in conformity with the FTR will not be reimbursed and should not be submitted.
- 3) Approval of Foreign Travel. The cost of foreign travel is allowable only when the specific written approval of the COR, Program Manager, or CO is obtained prior to commencing the trip. Approval shall be requested at least 90 calendar days before the scheduled departure date in order that all necessary clearances may be processed. Each individual trip must be approved separately, even though it may have been included in a previously approved budget. Foreign travel under this contract is defined as any travel outside of the United States and its territories and possessions.
- 4) Costs incurred by contractor personnel on official company business, whether foreign travel and/or domestic/local travel, are allowable, subject to the limitations contained in the Federal Acquisition Regulations (FAR) 31.205-46 – Travel Costs Receipts and other written evidence to support submitted travel expenses shall be retained by the Contractor for the duration of the contract plus one year, and made available to the CO or COR upon request. Travel not supported by receipts or other evidence will not be reimbursed and should not be submitted.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

The contractor shall state on all invoices that include claims for travel reimbursement that those claims are fully supported by proper documents, that the documents are available for audit, and that the claims confirm to the FTR.

H.11 Security

U.S. Citizenship: All contractor personnel performing the work as outlined in the PWS must be a U.S. citizen.

Security Requirements: The offeror is responsible for safeguarding information of a confidential or sensitive nature. Failure to safeguard any classified/privileged information, which may involve the contractor's personnel or to which they may have access to, may subject the contractor's employees to criminal liability under Title 18, section 793 and 7908 of the United States Code. Provisions of the Privacy Act apply to all records and reports maintained by the contractor. All programs and materials developed at government expense during the course of this contract are the property of the government. As needed, contractor personnel shall be required to obtain and maintain security badges. Contractors will adhere to the security requirements of the different installation(s).

The Common Access Card (CAC): The Common Access Card (CAC) will be issued only when appropriate, in accordance with current guidance, and approved or requested by OSD.

Section 508 Compliance Requirements: All electronic and information technology (EIT) procured through this effort must meet the applicable accessibility standards at 36 CFR 1194. 36 CFR 1194 implements Section 508 of the Rehabilitation Act of 1973, as amended, which is viewable at <http://www.section508.gov>.

National Industrial Security Program: The contractor shall not require access to national security information at the time of initial contract award; however, a future requirement may involve an operation that will require access to national security information. At that point, specific requirements shall be defined which will include, but not be limited to, contractor personnel being able to obtain a SECRET Security Clearance. Performance at the interim secret level is acceptable.

Access to DoD Information Systems: Select individuals who require access to DoD information systems regardless of CLASSIFICATION level must be U.S. Citizens and be determined trustworthy as a result of a favorable completion of a National Agency Check (NAC).

Operations Security (OPSEC): The contractor, to include subcontractors, shall use the OPSEC process to protect FOR OFFICIAL USE ONLY and Privacy Act information under this contract. This information is defined as controlled, unclassified information obtained or generated as a result of Military and Family Life Counseling business operations. The contractor/subcontractor shall not disclose controlled, unclassified information to the public or any other organization outside of the Military and Family Life Counseling contract framework of providers without the written approval from the COR or the CO.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

H.12 Standards

Services must adhere to standards of practice set forth by relevant Service/DoD policies, federal, state, and local laws.

The Contractor must demonstrate sound professional judgment and highest ethical standards in executing contract responsibilities.

The Contractor must be able to operate independently to assess a variety of family needs.

H.13 Representation

The Contractor will not represent the government at any state, federal, or military meeting or event.

H.14 Coordination and Communication

The Contractor will coordinate all program management, communication and service delivery through the COR.

H.15 Contractor Attire

Contractor shall wear professional appropriate apparel, i.e., dresses, skirts, pants or slacks, shirt or blouse with collar and sleeves, shoes and socks. Tank-top shirts, cut-offs, shower shoes or similar items of apparel are prohibited. Clothing shall be clearly distinguishable from all U.S. Military Uniforms. Contractor shall maintain a neat well-groomed appearance at all times to facilitate credibility with clients, staff, and command.

H.16 Small Business Participation Reporting and Compliance

It is the Government's expectation that the successful offeror will strive to meet or exceed the DOD's Ability One, Small Business, Woman Owned Small Business (WOSB), Historically Underutilized Business Zone (HubZone), Veteran Owned Small Business (VOSB), Service Disabled Veteran Owned Small Business (SD-VOSB), and Small Disadvantaged Business (SDB) subcontracting goals proposed in response to this solicitation and throughout the period of performance of the resulting contract. The Government will audit compliance with the subcontracting goals proposed.

H.17 Subcontracting Compliance

The contractor's subcontracting plan, with a minimum subcontracting requirement of at least 25% of this effort, will remain in effect through the life of this contract. Annually, upon the exercise of any option period, the contractor will provide a letter report to the CO showing how this requirement was met during the preceding 12 months. The contractor understands and acknowledges that this requirement is a material part of the contract, and that failure to meet this requirement is a breach of contract, which may subject the contractor to a termination for cause action.

The Subcontracting Plan submitted by Magellan is hereby incorporated into this contract, and can be found in Section J, Attachment 14.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

H.18 Electronic Transmission of Data

The contractor shall be fully capable and willing to electronically transmit data (i.e. proprietary data, deliverables, pricing data) to the Government.

H.19 Data Use, Disclosure of Information, and Handling of Sensitive Information:

The contractor shall maintain, transmit, retain in strictest confidence, and prevent the unauthorized duplication, use, and disclosure of client information. The contractor shall provide information only to the government, employees, contractors, and subcontractors having a need to know such information in the performance of their duties.

All information regarding military operations information, particular matters disclosed by servicemembers which may be of a sensitive military nature, and any other similar information under this contract must be regarded as sensitive information by the contractor and not to be disclosed to anyone outside the contractor's organization without the written authorization from the CO.

- 19.1.** The contractor shall establish appropriate administrative and physical safeguards to ensure the security and confidentiality of client information and to protect against any anticipated threats or hazards to their security or integrity which could result in substantial harm, embarrassment, inconvenience, or unfairness to the client.
- 19.2.** All employees, contractors, and subcontractors who will have access to client information will be advised of the confidential nature of the information, that the information is subject to the requirements of the Privacy Act of 1974, and that unauthorized disclosures of client information may result in the imposition of possible criminal penalties.
- 19.3.** The contractor agrees to assume responsibility for protecting the confidentiality of Government records, clients or otherwise, which are not public information.
- 19.4.** Information made available to the contractor by the Government for the performance or administration of this effort shall be used only for those purposes and shall not be used in any other way without the written agreement from the CO.
- 19.5.** If public information is provided to the contractor for use in performance or administration of this effort, the contractor except with the written permission from the CO may not use such information for any other purpose. If the contractor is uncertain about the availability or proposed use of information provided for the performance or administration, the contractor will consult with the COR/CO regarding use of that information for other purposes.
- 19.6.** The contractor agrees to assume responsibility for protecting the confidentiality of Government records which are not public information. Each employee of the contractor to whom information may be made available or disclosed shall be notified in writing by the contractor that such information may be disclosed only for a specific purpose and extent authorized herein.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

- 19.7.** Performance of this effort may require the contractor to access and use data/information proprietary to a Government agency or Government contractor which is of such a nature that its dissemination or use, other than in performance of this effort, would be adverse to the interests of the Government and/or others.
- 19.8.** Contractor personnel shall not divulge or release data or information developed or obtained in performance of this effort, until made public by the Government, except to authorize Government personnel or upon written approval from the CO. The contractor shall not use, disclose, or reproduce proprietary data that bears a restrictive legend, other than as required in the performance of this effort. Nothing herein shall preclude the use of any data independently acquired by the contractor without such limitations or prohibit an agreement at no cost to the Government between the contractor and the data owner that provides for greater rights to the contractor.
- 19.9.** All data received, processed, evaluated, loaded, and/or created shall remain the sole property of the Government unless specific exception is granted by the CO.

H.20 Government Furnished Information (GFI) / Government Furnished Property (GFP)

- 20.1. Government Furnished Information:** The contractor shall be furnished project descriptions, program briefing material and other pertinent information as well as other documentation or material required to carry out the tasks requested in the PWS.
- 20.2. Government Furnished Property:** For most locations, counselors will need limited computer access. In lieu of providing a CAC for computer access, alternate locations for computer access is recommended. If it is necessary for the contractor to perform duties in government space, the contractor shall have full access to GFP and software to perform the duties of the project. The government (installation) shall furnish the computer hardware, software, and supporting GFP materials and facilities, as required, in support of the tasks required in the PWS.

H.21 Services for this Commercial Agreement

Any function, task or responsibility not specifically described in this contract but nevertheless considered an inherent part of the commercial services described and required for the proper performance and provision of services shall be deemed included for the purposes of this contract.

H.22 Performance Assessment

The Government will evaluate the contractor's performance under this contract in accordance with the Quality Assurance Surveillance Plan. In addition, the government reserves the right to inspect for contract compliance and quality by following various methods which include but are not limited to random sampling, periodic inspection, customer satisfaction surveys/discussions, and data calls via ad hoc reports. This formal/informal sampling may take place at any location and at any time during performance of this contract. The Quality Assurance Surveillance Plan (QASP) submitted by Magellan is hereby incorporated into this contract, and can be found in Section J, Attachment 15.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

H.23 Requirement for International Health Insurance

Counselors who provide services under this contract in an overseas capacity (OCONUS) must obtain and maintain a valid international health insurance policy which covers catastrophic incidents for the entire duration that they provide services in the OCONUS locale. Counselors must understand the limitations of their policies, as well as local customs for payment, to ensure that all payments are reconciled with medical treatment facilities for any services rendered. Counselors must be able to provide their insurance policy number in the event it is required by U.S. Installation access request procedures.

H.24 Post Award Evaluation of Contractor Performance

a) Contractor Performance Evaluations

Interim and final evaluations of contractor performance will be prepared on this effort in accordance with FAR Subpart 42.1500. A final performance evaluation will be prepared, by the COR and the CO, at the time of completion of work. In addition to the final evaluation, interim evaluations may be prepared, by the COR and/or CO, prior to the exercise of any option period of this effort.

Interim and final evaluations will be provided to the Contractor as soon as practicable after completion of the evaluation. The Contractor will be permitted thirty (30) calendar days to review the document and to submit additional information or a rebutting statement. Any disagreement between the parties regarding an evaluation will be referred to an individual one level above the CO, whose decision will be final.

Copies of the evaluations, Contractor responses, and review comments, if any, will be retained as part of the contract file, and may be used to support future award decisions.

b) Electronic Access to Contractor Performance Evaluations

Contractors that have Internet capability may access evaluations through a secure Web site for review and comment by completing the registration form that can be obtained at the following address: <http://www.cpars.csd.disa.mil/cparsmain.htm>

The registration process requires the contractor to identify an individual that will serve as a primary contact and who will be authorized access to the evaluation for review/comment. In addition, the Contractor will be required to identify an alternate contact that will be responsible in the event the primary contact is unavailable to process the evaluation within the required thirty (30) calendar day time frame.

H.25 Authorized Changes only by the CO

- (a) No order, statement, or conduct of Government personnel who visit the contractor's facilities or in any other manner communicates with contractor personnel during the performance of this contract shall constitute a change under the "Changes" clause of this contract.
- (b) The contractor shall not comply with any order, direction or request of Government personnel unless it is issued in writing and signed by the CO, or is pursuant to specific authority otherwise included as a part of this contract.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

- (c) The CO is the only person authorized to approve changes in any of the requirements of this contract, notwithstanding provisions contained elsewhere in this contract, the said authority remains solely the CO's. In the event the contractor effects any change at the direction of any person other than the CO, the change will be considered to have been made without authority and no adjustment will be made in the contract price to cover any increase in charges incurred as a result thereof.

H.26 Contracts to be Performed in the Federal Republic of Germany

- (a) In accordance with the exchange of notes (dated 27 Mar 98) implementing the Provisions of Articles 72 and 73 of the German Supplementary Agreement (SA) to the North Atlantic Treaty Organization (NATO) Status of Forces Agreement (SOFA), non-German citizens of a NATO member country who perform services on US Government contracts shall not start work in Germany without meeting one of the following criteria:
 - (1) Technical Expert Status accreditation (TESA)
 - (2) Troop Care Status accreditation (TCSA)
 - (3) Analytical Support Status accreditation (ASSA)
 - (4) Military Exigency (ME) via TESA or ASSA
 - (5) TESA/ASSA TDY
 - (6) Exemption from German work permit ("fax back")
 - (7) German work permit or compliance with European Union member nation exchange laws and regulations
 - (8) Certificates of limited tax liability and a German work permit
- (b) In order to request status under paragraph (a) (1) through (a) (5) above, immediately after contract award, the contractor shall submit to the contracting officer a Contract Notification package. The contractor shall submit Technical Expert Status (TES)/ Troop Care Status (TCS)/ Analytical Support Status (ASS) application packages for any employees for which TES/TCS/ASS accreditation is sought within three business days of the individual being hired.
- (c) The packages/applications cited in paragraph (b) above shall be submitted through the contracting officer (or the contracting officer's appointed representative) to DOCPER. DOCPER's contact information is available at the DOCPER Internet site <http://www.chrma.hqusareur.army.mil/>
- (d) A 10-week temporary TES or ASS may be granted by the US Government for purposes of Military Exigency (ME). ME is granted for time sensitive, mission critical positions for the purpose of permitting individual contract employees, who upon initial review of the application appear to meet the requirements of TES or ASS, to begin working in Germany prior to TES/ASS accreditation.
- (e) The contractor shall notify the contracting officer within three days in writing of TES/TCS/ASS accreditation duties or when a TES/TCS/ASS employee is no longer assigned to the position for which TES/TCS/ASS accreditation was granted.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

- (f) The contractor shall ensure that identification cards and/or other logistics support documents pertinent to, or peculiar to, TES/TCS/ASS are turned over to the issuing office upon termination or transfer of individual contractor employees. Within three days of completion, the contractor shall provide written proof to the contracting officer that all identification cards and other logistics support documents have been returned to the government.
- (g) The contractor shall allow German government authorities to visit the contractor's work areas for the purpose of verifying the status of positions and personnel as Technical Expert (TE)/Troop Care (TC)/Analytical Support (AS) employees. Such visits will not excuse the contractor from performance under this contract or result in increased costs to the Government.
- (h) The contract price shall not be subject to an economic adjustment with regard to TES/TCS/ASS in the event that:
 - (1) the contract and any or all positions identified in the contractor's proposal are disapproved for TES/TCS/ASS accreditation; or
 - (2) any or all positions submitted for TES/TCS/ASS consideration during the life of the contract are disapproved for TES/TCS/ASS accreditation; or
 - (3) any or all contractor employees are denied TES/TCS/ASS; or
 - (4) TES/TCS/ASS accreditation is rescinded during the life of the contract.
- (i) If the contractor's employees will be performing in the Federal Republic of Germany under the conditions identified in paragraphs (a) (6) through (a) (8) of this clause, DOCPER is not involved in the process.

(End of Clause)

H.27 SOFA Clause: Invited Contractor or Technical Representative Status Under U.S. – Republic of Korea (ROK)

Invited Contractor (IC) and Technical Representative (TR) status shall be governed by the U.S.-ROK Status of Forces Agreement (SOFA) as implemented by United States Forces Korea (USFK) Reg 700-19, which can be found under the "publications" tab on the US Forces Korea homepage <http://www.usfk.mil>

(a) Definitions. As used in this clause—

"U.S. – ROK Status of Forces Agreement" (SOFA) means the Mutual Defense Treaty between the Republic of Korea and the U.S. of America, Regarding Facilities and Areas and the Status of U.S. Armed Forces in the Republic of Korea, as amended

"Combatant Commander" means the commander of a unified or specified combatant command established in accordance with 10 U.S.C. 161. In Korea, the Combatant Commander is the Commander, United States Pacific Command.

"United States Forces Korea" (USFK) means the subordinate unified command through which US forces would be sent to the Combined Forces Command fighting components.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

“Commander, United States Forces Korea” (COMUSK) means the commander of all U.S. forces present in Korea. In the Republic of Korea, COMUSK also serves as Commander, Combined Forces Command (CDR CFC) and Commander, United Nations Command (CDR UNC).

“USFK, Assistant Chief of Staff, Acquisition Management” (USFK/FKAQ) means the principal staff office to USFK for all acquisition matters and administrator of the U.S.-ROK SOFA as applied to US and Third Country contractors under the Invited Contractor (IC) and Technical Representative (TR) Program (USFK Reg 700-19).

“Responsible Officer (RO)” means a senior DOD employee (such as a military E5 and above or civilian GS-7 and above), appointed by the USFK Sponsoring Agency (SA), who is directly responsible for determining and administering appropriate logistics support for IC/TRs during contract performance in the ROK.

- (b) IC or TR status under the SOFA is subject to the written approval of USFK, Assistant Chief of Staff, Acquisition Management (FKAQ), Unit #15237, APO AP 96205-5237.
- (c) The contracting officer will coordinate with HQ USFK/FKAQ, IAW FAR 25.8, and USFK Reg 700-19. FKAQ will determine the appropriate contractor status under the SOFA and notify the contracting officer of that determination.
- (d) Subject to the above determination, the contractor, including its employees and lawful dependents, may be accorded such privileges and exemptions under conditions and limitations as specified in the SOFA and USFK Reg 700-19. These privileges and exemptions may be furnished during the performance period of the contract, subject to their availability and continued SOFA status. Logistics support privileges are provided on an as-available basis to properly authorized individuals. Some logistics support may be issued as Government Furnished Property or transferred on a reimbursable basis.
- (e) The contractor warrants and shall ensure that collectively, and individually, its officials and employees performing under this contract will not perform any contract, service, or other business activity in the ROK, except under U.S. Government contracts and that performance is IAW the SOFA.
- (f) The contractor’s direct employment of any Korean-National labor for performance of this contract shall be governed by ROK labor law and USFK regulation(s) pertaining to the direct employment and personnel administration of Korean National personnel.
- (g) The authorities of the ROK have the right to exercise jurisdiction over invited contractors and technical representatives, including contractor officials, employees and their dependents, for offenses committed in the ROK and punishable by the laws of the ROK. In recognition of the role of such persons in the defense of the ROK, they will be subject to the provisions of Article XXII, SOFA, related Agreed Minutes and Understandings. In those cases in which the authorities of the ROK decide not to exercise jurisdiction, they shall notify the U.S. military authorities as soon as possible. Upon such notification, the military authorities will have the right to exercise jurisdiction as is conferred by the laws of the U.S.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

- (h) Invited contractors and technical representatives agree to cooperate fully with the USFK Sponsoring Agency (SA) and Responsible Officer (RO) on all matters pertaining to logistics support and theater training requirements. Contractors will provide the assigned SA prompt and accurate reports of changes in employee status as required by USFK Reg 700-19.
- (i) Theater Specific Training. Training Requirements for IC/TR personnel shall be conducted in accordance with USFK Reg 350-2 Theater Specific Required Training for all Arriving Personnel and Units Assigned to, Rotating to, or in Temporary Duty Status to USFK. IC/TR personnel shall comply with requirements of USFK Reg 350-2.
- (j) Except for contractor air crews flying Air Mobility Command missions, all U.S. contractors performing work on USAF classified contracts will report to the nearest Security Forces Information Security Section for the geographical area where the contract is to be performed to receive information concerning local security requirements.
- (k) Invited Contractor and Technical Representative status may be withdrawn by USFK/FKAQ upon:
 - (1) Completion or termination of the contract.
 - (2) Determination that the contractor or its employees are engaged in business activities in the ROK other than those pertaining to U.S. armed forces.
 - (3) Determination that the contractor or its employees are engaged in practices in contravention to Korean law or USFK regulations.
- (l) It is agreed that the withdrawal of invited contractor or technical representative status, or the withdrawal of, or failure to provide any of the privileges associated therewith by the U.S. and USFK, shall not constitute grounds for excusable delay by the contractor in the performance of the contract and will not justify or excuse the contractor defaulting in the performance of this contract. Furthermore, it is agreed that withdrawal of SOFA status for reasons outlined in USFK Reg 700-19, Section II, paragraph 6 shall not serve as a basis for the contractor filing any claims against the U.S. or USFK. Under no circumstance shall the withdrawal of SOFA Status or privileges be considered or construed as a breach of contract by the U.S. Government.
- (m) Support:
 - (1) Unless the terms and conditions of this contract place the responsibility with another party, the COMUSK will develop a security plan to provide protection, through military means, of Contractor personnel engaged in the theater of operations when sufficient or legitimate civilian authority does not exist.
 - (2)
 - (i) All Contractor personnel engaged in the theater of operations are authorized resuscitative care, stabilization, hospitalization at level III military treatment facilities, and assistance with patient movement in emergencies where loss of life, limb, or eyesight could occur. Hospitalization will be limited to stabilization and short-term medical

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

treatment with an emphasis on return to duty or placement in the patient movement system.

- (ii) When the Government provides medical or emergency dental treatment or transportation of Contractor personnel to a selected civilian facility, the Contractor shall ensure that the Government is reimbursed for any costs associated with such treatment or transportation.
 - (iii) Medical or dental care beyond this standard is not authorized unless specified elsewhere in this contract.
- (3) Unless specified elsewhere in this contract, the Contractor is responsible for all other support required for its personnel engaged in the theater of operations under this contract.
- (n) Compliance with laws and regulations. The Contractor shall comply with, and shall ensure that its personnel supporting U.S Armed Forces in the Republic of Korea as specified in paragraph (b)(1) of this clause are familiar with and comply with, all applicable—
- (1) United States, host country, and third country national laws;
 - (2) Treaties and international agreements;
 - (3) United States regulations, directives, instructions, policies, and procedures; and
 - (4) Orders, directives, and instructions issued by the COMUSK relating to force protection, security, health, safety, or relations and interaction with local nationals. Included in this list are force protection advisories, health advisories, area (i.e. “off-limits”), prostitution and human trafficking and curfew restrictions.
- (o) Vehicle or equipment licenses. IAW USFK Regulation 190-1, Contractor personnel shall possess the required licenses to operate all vehicles or equipment necessary to perform the contract in the theater of operations. All contractor employees/dependents must have either a Korean driver’s license or a valid international driver’s license to legally drive on Korean roads, and must have a USFK driver’s license to legally drive on USFK installations. Contractor employees/dependents will first obtain a Korean driver’s license or a valid international driver’s license then obtain a USFK driver’s license.
- (p) Evacuation.
- (1) If the COMUSK orders a non-mandatory or mandatory evacuation of some or all personnel, the Government will provide assistance, to the extent available, to United States and third country national contractor personnel.
 - (2) Non-Combatant Evacuation Operations (NEO).
 - (i) The contractor shall designate a representative to provide contractor personnel and dependents information to the servicing NEO warden as required by direction of the Responsible Officer.
 - (ii) If contract period of performance in the Republic of Korea is greater than six months, non emergency essential contractor personnel and all IC/TR

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

dependents shall participate in at least one USFK sponsored NEO exercise per year.

- (q) Next of kin notification and personnel recovery.
- (1) The Contractor shall be responsible for notification of the employee-designated next of kin in the event an employee dies, requires evacuation due to an injury, or is missing, captured, or abducted.
 - (2) In the case of missing, captured, or abducted contractor personnel, the Government will assist in personnel recovery actions in accordance with DOD Directive 2310.2, Personnel Recovery.
 - (3) IC/TR personnel shall accomplish Personnel Recovery/Survival, Evasion, Resistance and Escape (PR/SERE) training in accordance with USFK Reg 525-40, Personnel Recovery Procedures and USFK Reg 350-2 Theater Specific Required Training for all Arriving Personnel and Units Assigned to, Rotating to, or in Temporary Duty Status to USFK.
- (r) Mortuary affairs. Mortuary affairs for contractor personnel who die while providing support in the theater of operations to U.S. Armed Forces will be handled in accordance with DOD Directive 1300.22, Mortuary Affairs Policy and Army Regulation 638-2, Care and Disposition of Remains and Disposition of Personal Effects.
- (s) USFK Responsible Officer (RO). The USFK appointed RO will ensure all IC/TR personnel complete all applicable training as outlined in this clause.

(End of Clause)

H.28 Contract Performance in Japan – (In accordance with the “Agreement Under the Treaty of Mutual Cooperation and Security Between the United States of America and Japan, Regarding Facilities and Areas and the Status of United States Armed Forces in Japan”)

- I. GENERAL: The Status of Forces Agreement between the U.S. and Japan (SOFA) governs the rights and obligations of the U.S. armed forces in Japan. Contractor employees and their dependents accorded privileges under SOFA Article I(b) remain subject to all the laws and regulations of Japan unless expressly exempted by the SOFA. Commander, United States Forces Japan is primarily responsible for interpreting the SOFA and local law for U.S. Forces in Japan, to include determining the applicability of Article I (b) to a specific U.S. forces requirement in Japan.
- II. SOFA ARTICLE I(b):
- a. SOFA Article I (b) status: Individuals including, but not limited to, technical advisors, consultants, entertainers serving under contracts with the United States for the provision of services in support of U.S. armed forces in Japan, and whose presence is required in Japan to provide such services, may acquire SOFA status in Japan as part of the civilian component under Article I (b) of the SOFA. Note SOFA Article I (b) does not create a lawful status in Japan for any entity other than individuals (e.g., the corporation employing the individual). To qualify for SOFA status under SOFA Article I(b), such individuals must be:

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

1. U.S. nationals;
 2. not ordinarily resident in Japan;
 3. present in Japan at the invitation of, and solely for the purpose of executing contracts with the United States for the benefit of the United States armed forces (including Foreign Military Sales contracts); and
 4. not contractors, employees of a contractor whose presence in Japan is solely for the purpose of executing contracts within the definition of SOFA Article XIV, or dependents of such contractors or contractor employees.
- b. SOFA Article I (b) procedures. Contractor personnel must obtain authority to enter Japan under SOFA Article I (b) through their employer and the KO. After determining that the personnel meet the requirements for SOFA Article I (b) status, the KO may issue a Letter of Identification. The Letter of Identification should include a statement that the individual is entering Japan under SOFA Article I (b).
- c. SOFA Article I (b) privileges and benefits. Persons granted authority to enter Japan under SOFA Article I(b) and their dependents (defined as spouse, children under 21, and, if dependent for over half their support upon an individual having SOFA Article I(b) status, parents and children over 21) shall be accorded the following benefits of the SOFA. These privileges are personal to the employee/dependent and do not inure to the employer.
1. Access to and movement between facilities and areas in use by the United States armed forces and between such facilities and areas and the ports or airports of Japan as provided for in SOFA Article V, paragraph 2;
 2. Entry into Japan and exemption from Japanese laws and regulations on the registration and control of aliens as provided for in SOFA Article IX;
 3. Acceptance as valid by Japan, without a driving test or fee, a U.S. Forces, Japan Operator's Permit for Civilian Vehicle as provided for in SOFA Article X. Issuance of such permit shall be subject to applicable military regulation;
 4. Exemption from customs duties and other such charges on materials, supplies, and equipment which are to be incorporated into articles or facilities used by the U.S. armed forces furniture, household goods for private use imported by person when they first arrive to work in Japan, vehicles and parts imported for private use, and reasonable quantities of clothing and household goods for everyday private use which are mailed into Japan through U.S. military post offices as provided for in SOFA Article XI, paragraphs 2 and 3;
 5. Exemption from the laws and regulations of Japan with respect to terms and conditions of employment as provided for in SOFA Article XII, paragraph 7, except that such exemption shall not apply to the employment of local nationals in Japan;
 6. Exemption from Japanese taxes to the Government of Japan or to any other taxing agency in Japan on income received as a result of their service with the U.S. armed forces as provided for in SOFA Article XIII. The provisions of Article XIII do not exempt such persons from payment of Japanese taxes on income derived from Japanese sources;

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN ~~BEHAVIORAL~~ HEALTHCARE, INC.

7. If authorized by the installation commander or designee, the right to use Navy exchanges, post exchanges, base exchanges, commissaries, messes, social clubs, theaters, newspapers and other non-appropriated fund organizations regulated by U.S. military authorities as provided for in SOFA Article XV;
8. The transmission into or outside of Japan of U.S. dollar or dollar instruments realized as a result of contract performance as provided for in SOFA Article XIX, paragraph 2;
9. The use of postal facilities as provided for in SOFA Article XXI;
10. Exemption from taxation in Japan on the holding, use transfer by death, or transfer to person or agencies entitled to tax exemption under the SOFA, of movable property, tangible or intangible, the presence of which in Japan is due solely to the temporary presence of these persons in Japan, provided such exemption shall not apply to property held for the purpose of investment or the conduct of other business in Japan or to any intangible property registered in Japan.
11. Japan authorities have the right to exercise jurisdiction over SOFA personnel in relation to offenses committed in Japan and punishable by the law of Japan. In those cases in which the Japanese authorities have the primary right to exercise jurisdiction but decide not to do so, the U.S. shall have the right to exercise such jurisdiction as is conferred on it by the law of the U.S.

III. Logistic Support: Logistic support, including but not limited to, the items below shall be provided on a reimbursable basis to the contractor employees and their dependents granted SOFA Article I (b) status under this contract, subject to availability as determined by the installation commander or designee.

1. Navy, Base or Post Exchange, exchange service stations, theaters, and commissary;
2. Laundry and dry cleaning;
3. Military banking facilities;
4. Transient billeting facilities;
5. Open mess (club) membership, as determined by each respective club;
6. Casualty assistance (mortuary services);
7. Routine medical care for U.S. citizens & emergency medical care for non-U.S. citizens;
8. Dental care, limited to relief of emergencies;
9. DoD Dependent Schools on a space-available and tuition-paying basis;
10. Postal support, as authorized by military postal regulations;
11. Local recreation services on a space-available basis;
12. Issuance of U.S. Forces, Japan Operator's Permit;
13. Issuance of vehicle license plates.

H.29 Corporate and Performance Guarantees

The Government hereby accepts and incorporates the Corporate Guarantee offered by Magellan. The Corporate Guarantee can be found in Section J, Attachment 16.

The Government also accepts the following additional performance guarantees offered by Magellan as follows:

1. Travel:

“Ninety percent of all CONUS (Alaska and Hawaii) MFLC rotational counselor positions will incur no travel costs;

Magellan will reimburse DoD up to \$1 million for failure to achieve this target

Calculation is as follows:

Total number of rotational position days with travel expenses divided by the total number of rotational positions multiplied by 365 days

Failure to achieve 90 percent results in penalty calculation

Each 1 percent below 90 percent results in a \$100,000 penalty to Magellan

Maximum penalty is at 80 percent or \$1M.”

b. Non-Medical Consulting/Counseling, Page 7

c. Reporting, Page 8

d. Credentialing, Page 9

e. Transition in Performance, Page 9

H.30 Performance Locations

Performance locations have been assigned a primary and secondary provider of services, as listed in Section J, Attachment 13. Magellan is required to perform at its designated primary locations. However, these designations may be adjusted unilaterally by the Government based on the ability or inability of the designated primary provider to support its locations with local counselors. In addition, support may be requested from the secondary provider for any location, without a change in the primary and secondary provider designations.

(End of Clause)

52.217-6 -- Option for Increased Quantity (Mar 1989)

The Government may increase the quantity of supplies called for in the Schedule at the unit price specified. The Contracting Officer may exercise the option by written notice to the Contractor within 7 days. Delivery of the added items shall continue at the same rate as the like items called for under the contract, unless the parties otherwise agree.

52.217-7 -- Option for Increased Quantity -- Separately Priced Line Item (Mar 1989)

The Government may require the delivery of the numbered line item, identified in the Schedule as an option item, in the quantity and at the price stated in the Schedule. The Contracting Officer may exercise the option by written notice to the Contractor within 7 days. Delivery of added items shall continue at the same rate that like items are called for under the contract, unless the parties otherwise agree.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN HEALTHCARE, INC.

52.217-8 – Option to Extend Services (Nov 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 30 days.

52.217-9 – Option to Extend the Term of the Contract (Mar 2000)

- (a) The Government may extend the term of this contract by written notice to the Contractor within 5 days prior to contract expiration provided that the Government gives the Contractor a preliminary written notice of its intent to extend at least 30 days before the contract expires. The preliminary notice does not commit the Government to an extension.
- (b) If the Government exercises this option, the extended contract shall be considered to include this option clause.
- (c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 years.

52.245-2 – Government Property Installation Operation Services (April 2012)

- (a) This Government Property listed in paragraph (e) of this clause is furnished to the Contractor in an “as-is, where is” condition. The Government makes no warranty regarding the suitability for use of the Government property specified in this contract. The Contractor shall be afforded the opportunity to inspect the Government property as specified in the solicitation.
- (b) The Government bears no responsibility for repair or replacement of any lost Government property. If any or all of the Government property is lost or becomes no longer usable, the Contractor shall be responsible for replacement of the property at Contractor expense. The Contractor shall have title to all replacement property and shall continue to be responsible for contract performance.
- (c) Unless the Contracting Officer determines otherwise, the Government abandons all rights and title to unserviceable and scrap property resulting from contract performance. Upon notification to the Contracting Officer, the Contractor shall remove such property from the Government premises and dispose of it at Contractor expense.
- (d) Except as provided in this clause, Government property furnished under this contract shall be governed by the Government Property clause of this contract.
- (e) Government property provided under this clause:
Office space and general office equipment as available at the installation

- (b) For item(s) identified in paragraph (a) of this clause, the Contractor agrees to perform up to the point at which the total amount payable by the Government, including reimbursement in the event of termination of those item(s) for the Government's convenience, approximates the total amount currently allotted to the contract. The Contractor is not authorized to continue work on those item(s) beyond that point. The Government will not be obligated in any event to reimburse the Contractor in excess of the amount allotted to the contract for those item(s) regardless of anything to the contrary in the clause entitled "Termination for Convenience of the Government." As used in this clause, the total amount payable by the Government in the event of termination of applicable contract line item(s) for convenience includes costs, profit, and estimated termination settlement costs for those item(s).
- (c) Notwithstanding the dates specified in the allotment schedule in paragraph (j) of this clause, the Contractor will notify the Contracting Officer in writing at least ninety days prior to the date when, in the Contractor's best judgment, the work will reach the point at which the total amount payable by the Government, including any cost for termination for convenience, will approximate 85 percent of the total amount then allotted to the contract for performance of the applicable item(s). The notification will state (1) the estimated date when that point will be reached and (2) an estimate of additional funding, if any, needed to continue performance of applicable line items up to the next scheduled date for allotment of funds identified in paragraph (j) of this clause, or to a mutually agreed upon substitute date. The

notification will also advise the Contracting Officer of the estimated amount of additional funds that will be required for the timely performance of the item(s) funded pursuant to this clause, for a subsequent period as may be specified in the allotment schedule in paragraph (j) of this clause or otherwise agreed to by the parties. If after such notification additional funds are not allotted by the date identified in the Contractor's notification, or by an agreed substitute date, the Contracting Officer will terminate any item(s) for which additional funds have not been allotted, pursuant to the clause of this contract entitled "Termination for Convenience of the Government."

- (d) When additional funds are allotted for continued performance of the contract line item(s) identified in paragraph (a) of this clause, the parties will agree as to the period of contract performance which will be covered by the funds. The provisions of paragraphs (b) through (d) of this clause will apply in like manner to the additional allotted funds and agreed substitute date, and the contract will be modified accordingly.
- (e) If, solely by reason of failure of the Government to allot additional funds, by the dates indicated below, in amounts sufficient for timely performance of the contract line item(s) identified in paragraph (a) of this clause, the Contractor incurs additional costs or is delayed in the performance of the work under this contract and if additional funds are allotted, an equitable adjustment will be made in the price or prices (including appropriate target, billing, and ceiling prices where applicable) of the item(s), or in the time of delivery, or both. Failure to agree to any such equitable adjustment hereunder will be a dispute concerning a question of fact within the meaning of the clause entitled "Disputes."
- (f) The Government may at any time prior to termination allot additional funds for the performance of the contract line item(s) identified in paragraph (a) of this clause.
- (g) The termination provisions of this clause do not limit the rights of the Government under the clause entitled "Default." The provisions of this clause are limited to the work and allotment of funds for the contract line item(s) set forth in paragraph (a) of this clause. This clause no longer applies once the contract is fully funded except with regard to the rights or obligations of the parties concerning equitable adjustments negotiated under paragraphs (d) and (e) of this clause.
- (h) Nothing in this clause affects the right of the Government to terminate this contract pursuant to the clause of this contract entitled "Termination for Convenience of the Government."
- (i) Nothing in this clause shall be construed as authorization of voluntary services whose acceptance is otherwise prohibited under 31 U.S.C. 1342.
- (j) The parties contemplate that the Government will allot funds to this contract in accordance with the following schedule:

CHANGE-OF-NAME AGREEMENT

Magellan Behavioral Health, Inc a corporation duly organized and existing under the laws of the State of Delaware, and the United States of America, enter into this Agreement as of 29 September 2014.

(a) THE PARTIES AGREE TO THE FOLLOWING FACTS:

(1) The Government, represented by the Contracting Officer of the Department of Interior, Interior Business Center, Acquisition Services Directorate, has entered into a certain contract with **Magellan Behavioral Health, Inc**, namely, the Military & Family Life Counseling Program and Child and Youth Behavioral Program, recognized as contract # D12PC00480. The term *the contract*, as used in this Agreement, means the above contract, including all modifications, made by the Government and the Contractor before the effective date of this Agreement (whether or not performance and payment have been completed and releases executed if the Government or the Contractor has any remaining rights, duties, or obligations under these contracts).

(2) The **Magellan Behavioral Health, Inc** by amendment to its certificate of incorporation, dated 16 December, 1998 has changed its corporate name to **Magellan Healthcare, Inc**.

(3) This amendment accomplishes a change of corporate name only and all rights and obligations of the Government and of the Contractor under the contract are unaffected by this change.

(4) Documentary evidence of this change of corporate name has been filed with the Government.

(b) In consideration of these facts, the parties agree that--

(1) The contract covered by this Agreement is amended by substituting the name **Magellan Behavioral Health, Inc** for the name **Magellan Healthcare, Inc** wherever it appears in the contract; and

(2) Each party has executed this Agreement as of the day and year first above written.

SECTION B – SUPPLIES OR SERVICES AND PRICES/COSTS

B.1 Consideration and Payment

This contract is comprised of Firm-Fixed Price (FFP) and Labor Hour (LH) Contract Line Items (CLINs). At the conclusion of the Base Period (and any exercised option periods thereafter) the Government may request to convert the LH CLINs to FFP CLINs. This may be accomplished by increasing the baseline quantity (and correspondingly decreasing the baseline augmentation of counselors); the associated fixed price management cost may also increase, thereby reducing the LH portion of program management associated with the decrease of counselors for baseline augmentation.

The CLIN structure and funding information is located in Section J, Attachment 1, CLIN Structure. All CLINs for all METs are subject to the availability of funding, including FFP CLINs. The contractor **shall not** perform work in excess of the funded total **per CLIN**. The funded total for each individual CLIN is reflected in Section J, Attachment 1, and will be updated with each contract modification that involves quantities and/or funding. The contractor is responsible for notifying the Contracting Officer (CO) and Contracting Officer's Representative (COR) if work is requested or required that would exceed the available funding level for any individual CLIN.

Per Section C, Military Family Life Counselors (MFLCs), Child and Youth Behavioral (CYB) MFLCs, and Personal Financial Counselors (PFCs) may provide short term surge support for planned and unplanned events, military contingencies, emerging issues and/or disasters. If a planned event is cancelled, the contractor shall be allowed payment of all reasonable charges associated with event preparation if the notice of cancellation is received five days or less prior to the date of the event.

B.2 Other Direct Costs

The CO shall determine the allowability of ODCs in accordance with subpart 31.2 of the Federal Acquisition Regulation (FAR).

B.3 Travel

All travel must be approved in advance and in writing by the COR, Program Manager, or CO, prior to travel. Once approved, the contractor shall be reimbursed for the actual costs of transportation, lodging, meals, and incidental expenses during the authorized travel in accordance with the current Federal Travel Regulations (FTR).

B.4 Overtime

In the event the Government determines overtime to be necessary, it shall be negotiated and approved in advance and in writing by the CO.

B.5 Holidays

The following is a list of Government holidays:

B.7 Optional CLINS

Optional CLINS are designed to accommodate additional needs of service members and their families, which cannot be fully anticipated at the time of award. Optional CLINS may be activated as often as necessary, but will not exceed the total quantity as specified within the CLIN structure (Reference Section J, Attachment 1). Any quantities not exercised in any performance period may be carried forth to any subsequent exercised option period. If additional capacity is required after the exhaustion of all optional quantities in the current period of performance, optional quantities from future option periods may be transferred to the current period. Any quantities carried from other than the current period of performance shall be exercised at the rate(s) for the current performance period.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN HEALTHCARE, INC.

SECTION F – DELIVERIES OR PERFORMANCE

F.1 FAR 52.252-2, Clauses Incorporated by Reference (FEB 1998)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. Also, the full text of a clause may be accessed electronically at this address: <http://farsite.hill.af.mil/>

FAR 52.242-17, Government Delay of Work (APR 1984)

F.2. Period of Performance

The term of this contract is 5 years, including a Base Period and 4 Option Periods:

Base Period*:	Date of award thru 12 Months
Option Period I:	End of Base Period thru 12 Months
Option Period II:	End of Option Period I thru 12 Months
Option Period III:	End of Option Period II thru 12 Months
Option Period IV:	End of Option Period III thru 12 Months

*The Base Period includes 2 months to Transition In and 10 months of full performance

F.3 Place of Performance

The places of performance for this contract may include contractor site(s) and/or sites identified (through ongoing assessments of client needs) by the contractor, with concurrence from the COR. These may include locations both in the Continental United States (CONUS) as well as Outside the Continental United States (OCONUS).

F.4 FAR Clauses Incorporated by Full Text

52.242-15 – Stop Work Order (Aug 1989)

- (a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-
- (1) Cancel the stop-work order; or
 - (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.
- (b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

CONTRACT NUMBER: D12PC00480
 CONTRACTOR: MAGELLAN HEALTHCARE, INC.

- (1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and
- (2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.
- (c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
- (d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

F.5 Notice to the Government of Delays

In the event the Contractor encounters difficulty in meeting performance requirements, or when it anticipates difficulty in complying with the contract delivery schedule or date, or whenever the Contractor has knowledge that any actual or potential situation is delaying or threatens to delay the timely performance of this contract, the Contractor shall immediately notify the CO and the COR, in writing, giving pertinent details, provided however, that this data shall be informational only in character and that this provision shall not be construed as a waiver by the Government of any delivery schedule or date or of any rights or remedies provided by law or under this contract.

The COR is the individual within the Program Management function who has overall technical responsibility for this effort. The COR supports the CO/CA during administration of this effort by:

- 1) Making final decisions regarding any recommended rejection of deliverables;
- 2) Providing technical clarification relative to overall workload matters;
- 3) Providing advice and guidance to the Contractor in the preparation of deliverables and services;
- 4) Providing acceptance of deliverable products to assure compliance with requirements.

The COR, Program Manager, or CO also provide technical direction to the Contractor, i.e., shifting work emphasis between areas of work; fills in details, or otherwise serves to accomplish the purposes of this effort. Technical direction shall be within the general PWS for this effort. Neither the COR nor the Program Manager has the authority to and may NOT issue any technical direction which:

- 1) Constitutes an assignment of work outside the general scope of this effort;
- 2) Constitutes a change as defined in the "Changes" clause;
- 3) In any way causes an increase or decrease in cost or the time required for performance;
- 4) Changes any of the terms, conditions, or other requirements of this effort; and
- 5) Suspends or terminates any portion of this effort.

All technical direction shall be issued in writing by the COR, Program Manager, or CO or will be confirmed by the COR, Program Manager, or CO in writing within 10 calendar days after verbal issuance. An electronic copy of the written technical direction shall be furnished to the CO and the CA monthly for invoice verification purposes.

In addition to providing technical direction, the COR will:

- 1) Monitor the Contractor's technical progress, including surveillance and assessment of performance, and recommend to the CO and CA, any changes in the requirement;
- 2) Assist the Contractor in the resolution of technical problems encountered during performance; and
- 3) Perform inspection and acceptance or recommendation for rejection of Contractor deliverables and identify deficiencies in delivered items. This does not replace any

other quality assurance inspection requirements that are specified elsewhere within the PWS.

If in the opinion of the Contractor, any instruction or direction issued by the COR is outside of their specific authority, the Contractor shall not proceed but shall notify the CO in writing within 5 working days after receipt of any instruction or direction, with an informational copy to the CA.

G.2 Contracting Officer (CO) Authority

The CO for this contract is:

William Galvin
Acquisition Services Directorate-Herndon (AQD-Herndon)
National Business Center (NBC)
Department of the Interior (DOI)
381 Elden St., Suite 4000
Herndon, VA 20170
Voice: 703-964-3690
Email: William_galvin@ibc.doi.gov

In no event shall any understanding or agreement between the Contractor and any Government employee other than the CO on any contract, modification, change order, letter or verbal direction to the Contractor be effective or binding upon the Government. All such actions must be formalized by a proper contractual document executed by an appointed CO. The Contractor is hereby put on notice that in the event a Government employee other than the CO directs a change in the work to be performed or increases the scope of the work to be performed, it is the Contractor's responsibility to make inquiry of the CO before making the deviation. Payments will not be made without being authorized by an appointed CO with the legal authority to bind the Government.

G.3 Government Representatives

This contract will be administered by an authorized representative of the CO, designated as the Contract Specialist (CS). In no event, however, will any understanding or agreement, modification, change order, or other matter deviating from the terms and conditions of the contract between the Contractor and any person other than the CO be effective or binding upon the Government, unless formalized by proper contractual documents executed by the CO prior to completion of this contract.

CONTRACT NUMBER: D12PC00480

CONTRACTOR: MAGELLAN BEHAVIORAL HEALTHCARE, INC.

The COR will be designated by the CO as the authorized representative of the CO. The COR is responsible for monitoring performance and the technical management of the effort required hereunder, and should only be contacted regarding issues of a technical nature.

G.4 Submission of Invoices – IPP

The Contractor shall bill no more than once monthly. Invoices must include, as a minimum, the following information for each individual:

- Name
- Labor Category(s) and Hourly Rate
- Time Period Covered
- Productive Direct Labor Hours for the current billing period and cumulative to date (for Labor Hours CLINs)
- Any Travel or Other Direct Costs (ODCs) incurred (with supporting documentation / receipts for all charges) for the current billing period and cumulative to date
- The CLIN being invoiced

Invoices shall be submitted electronically through the Internet Payment Platform (IPP), the U. S. Department of the Treasury's Internet Payment Platform System, at <https://www.ipp.gov/>. Please direct all IPP inquiries to the IPP Production Helpdesk at (866) 973-3131 or ippgroup@bos.frb.org.

Hardcopy invoices shall not be accepted, unless requested by the CO or the IPP Team.

IPP Electronic Invoicing Requirements

Payment requests must be submitted electronically through the U. S. Department of the Treasury's Internet Payment Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions – Commercial Items included in commercial item contracts. The IPP website address is: <https://www.ipp.gov>.

The Contractor must use the IPP website to register, access, and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in CCR) will receive enrollment instructions via email from the Federal Reserve Bank of Boston (FRBB) within 3 – 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email ippgroup@bos.frb.org or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the contracting officer with its proposal or quotation.

Department of Defense INSTRUCTION

NUMBER 1402.05
September 11, 2015

USD(P&R)

SUBJECT: Background Checks on Individuals in DoD Child Care Services Programs

References: See Enclosure 1

1. **PURPOSE.** In accordance with the authority in DoD Directive 5124.02 (Reference (a)), this instruction reissues DoD Instruction (DoDI) 1402.5 (Reference (b)) and implements section 13041 of Title 42, United States Code (U.S.C.) (Reference (c)) to establish policy, assign responsibilities, and provide procedures to conduct criminal history checks on individuals involved in the provision of child care services for children under the age of 18 in DoD programs.

2. **APPLICABILITY.** This instruction applies to OSD, the Military Departments, the Office of the Chairman of the Joint Chiefs of Staff and the Joint Staff, the Combatant Commands, the Office of the Inspector General of the Department of Defense, the Defense Agencies, the DoD Field Activities, and all other organizational entities within the DoD (referred to collectively in this instruction as the "DoD Components").

3. **POLICY.** It is DoD policy that:

a. Individuals who have regular contact with children under 18 years of age in DoD-sanctioned child care services programs will undergo a criminal history background check in order to protect the health, safety, and well-being of children in such programs.

b. All individuals who have regular contact with children under 18 years of age in DoD-sanctioned child care services programs and who also have a current or prior DoD affiliation must also undergo an installation records check (IRC).

c. DoD Component heads are delegated the authority to make suitability determinations and take subsequent actions in cases involving applicants and appointees to covered positions as defined by part 731.101 of Title 5, Code of Federal Regulations (Reference (d)), subject to the conditions in part 731.103 of Reference (d). This authority may be further delegated to authorized management officials, in writing, in accordance with Volume 731 of DoD Instruction 1400.25 (Reference (e)).

(1) The DoD Consolidated Adjudications Facility is responsible for making favorable suitability determinations for civilian personnel in accordance with Deputy Assistant Secretary of Defense for Civilian Personnel and Policy Memorandum (Reference (f)).

(2) Military members are not subject to suitability adjudication under Volume 731 of Reference (e). Military members are subject to the background check requirements of DoD Instruction 5200.02 (Reference (g)) and Enclosure 3.

d. Suitability and fitness determinations for individuals subject to this instruction will follow the guidance of Volume 731 of Reference (e) for appropriated fund (APF) employees and Volume 1403 of Reference (e) for nonappropriated fund (NAF) employees. Suitability and fitness are to be applied for the child care worker population in accordance with Volume 731 of Reference (e) for APF employees in covered positions as defined by part 731 of Reference (d).

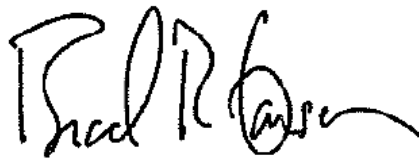

e. Individuals who have received a favorable interim suitability or fitness determination based on the FBI criminal history background check are permitted to work under line-of-sight supervision (LOSS) pursuant to subsection (b)(3) of section 13041 of Reference (c).

4. RESPONSIBILITIES. See Enclosure 2.

5. PROCEDURES. See Enclosure 3.

6. RELEASABILITY. **Cleared for public release.** This instruction is available on the Internet from the DoD Issuances Website at <http://www.dtic.mil/whs/directives>.

7. EFFECTIVE DATE. This instruction is effective September 11, 2015.

Brad Carson

ENCLOSURE 2

RESPONSIBILITIES

1. ASSISTANT SECRETARY OF DEFENSE FOR MANPOWER AND RESERVE AFFAIRS (ASD(M&RA)). Under the authority, direction, and control of the Under Secretary of Defense for Personnel and Readiness:

a. Ensures the conduct of criminal history background checks complies with DoD policy and the Criminal Justice Information Services Division of the FBI's operational and security policies and procedures.

b. Monitors DoD Component compliance with this instruction, applicable laws, and subsequent guidance issued by the applicable investigative service provider.

2. DEPUTY ASSISTANT SECRETARY OF DEFENSE FOR CIVILIAN PERSONNEL POLICY (DASD(CPP)). Under the authority, direction, and control of the ASD(M&RA), the DASD(CPP) oversees development of DoD Component policies and procedures for the background check initiation, completion, adjudication, and suitability or fitness determination process for civilian employees in accordance with this instruction.

3. DEPUTY ASSISTANT SECRETARY OF DEFENSE FOR MILITARY COMMUNITY AND FAMILY POLICY (DASD(MC&FP)). Under the authority, direction, and control of the ASD(M&RA), the DASD(MC&FP) oversees development of DoD Component policies and procedures related to the background check initiation, completion, adjudication, and fitness determination process for specified volunteers, family child care (FCC) providers and adults residing in their home, and others as identified in accordance with this instruction.

4. DEPUTY ASSISTANT SECRETARY OF DEFENSE FOR MILITARY PERSONNEL POLICY (DASD(MPP)). Under the authority, direction, and control of the ASD(M&RA), the DASD(MPP):

a. Implements this instruction for military personnel in accordance with Reference (g).

b. Institutes effective quality assurance and quality control systems for chaplains, support staff, specified volunteers, and contractors who provide support to religious programs and activities identified in paragraph 1e(5) of Enclosure 3 and in accordance with this instruction.

5. DIRECTOR OF ADMINISTRATION, OFFICE OF THE DEPUTY CHIEF MANAGEMENT OFFICER OF THE DEPARTMENT OF DEFENSE. Under the authority, direction, and control of the Deputy Chief Management Officer of the Department of Defense,

the Director of Administration ensures that the adjudication of background investigations of individuals who have regular contact with children under 18 years of age in DoD-sanctioned programs considers the criteria for presumptive and automatic disqualification as specified in this instruction.

6. UNDER SECRETARY OF DEFENSE FOR ACQUISITION, TECHNOLOGY, AND LOGISTICS (USD(AT&L)). The USD(AT&L) establishes policies and procedures for the background check initiation, completion, adjudication, and fitness determination process for contractors in accordance with the requirements of this instruction.

7. DoD COMPONENT HEADS. The DoD Component heads:

a. Ensure Component compliance with the requirements of this instruction, applicable laws, and guidance for civilian employees.

b. Ensure compliance with suitability and fitness determination policies, requirements, and procedures for individuals in child care services in DoD programs as defined in References (c) and (e).

c. Ensure compliance with policies, requirements, and procedures for LOSS of individuals with a favorable interim suitability determination.

d. Provide support and resources as required to implement this instruction and any Component-specific policies, requirements, and procedures, and ensure implementation.

ENCLOSURE 3

PROCEDURES

1. REQUIREMENTS FOR CRIMINAL HISTORY BACKGROUND CHECKS

a. All criminal history background checks required by this instruction must be initiated, tracked and overseen by properly trained and vetted individuals who have been determined to be responsible for personnel security pursuant to Reference (g) or human resource functions pursuant to Volume 731 of Reference (e). Program managers, supervisors, and others not routinely performing personnel security and human resource functions are prohibited from managing the criminal history checks.

b. All employment applications completed by individuals subject to this instruction must comply with the requirements of section 13041(d) of Reference (c).

c. The DoD Component will ensure that only authorized investigative service providers are used.

d. When permitted by the host government, foreign government checks of individuals serving on DoD installations overseas must be requested directly by the employing Military Service or agency in accordance with Volume 1231 of Reference (e). As an alternative, DoD Components may request that overseas Military Service investigative elements obtain appropriate host-government checks and accept such checks if they are comparable to those required by section 13041 of Reference (c). Where it is not possible to obtain criminal history checks comparable to those required by section 13041 of Reference (c), foreign nationals will not be eligible for employment in child care services.

e. Individuals subject to criminal history background checks are:

(1) All personnel employed or performing duties in DoD Child and Youth or other sanctioned child care services program.

(2) Individuals providing in-home FCC.

(3) Personnel employed or performing duties in child and youth recreational and athletic programs (e.g., Morale, Welfare, and Recreation), including instructors and, when working in a facility when children and youth are present, custodial personnel.

(4) Individuals employed or performing duties in a Department of Defense Education Activity (DoDEA) school (whether or not directly involved with teaching), including but not limited to teachers, administrators, other professional staff, aides, bus drivers, janitors, cafeteria workers, nurses, and attendants.

(5) Chaplains, chaplains' assistants, religious program specialists, and other individuals employed or performing child care services duties for children under 18 years of age on a DoD installation or as part of a military-sanctioned program.

(6) Foster and respite child care providers on a DoD installation, program, or as part of a military-sanctioned activity.

(7) Health and mental health care personnel, employed or performing child care services duties on a DoD installation, in a DoD sanctioned program, or as part of a military-sanctioned activity, including but not limited to physicians, dentists, nurse practitioners, clinical social workers, physical therapists, speech-language pathologists, clinical support staff (including residents), registered nurses, licensed practical nurses, nursing assistants, play therapists, and technicians. Healthcare providers participating in TRICARE will be governed by TRICARE policy..

(8) Individuals employed or performing child care duties in social services, residential care, rehabilitation programs, detention, and correctional services on a DoD installation, program, or as part of a military-sanctioned activity.

(9) Any other individuals reasonably expected to have regular contact with children on a DoD installation, in a DoD sanctioned program, or as part of a military-sanctioned activity, including specified volunteers and any person 18 years of age or older residing in an FCC, foster, or respite care home.

f. The DoD Components will also determine any other classes of positions subject to criminal history background checks, taking care to ensure that all individuals who have regular contact with children when providing child care services are investigated and the requirement must pertain to the class as a whole.

g. Individuals designated in non-specified volunteer positions must always be under direct LOSS in accordance with Enclosure 4.

2. TYPES OF BACKGROUND CHECKS. Procedures for conducting a background check on individuals in paragraphs 1.e.(1)-(9) of this enclosure differ based on the employment status of the individual. Military members are subject to the background check requirements of Reference (g) and this enclosure. The FBI criminal history background checks for all categories of individuals must be fingerprint-based and fingerprints must be captured using an FBI-approved system. State criminal history repository (SCHR) checks may require hardcopy fingerprint submissions. State checks must include the State child abuse and neglect repository and the State sex offender registry. The Component must request a check of the State child abuse and neglect repository and the State sex offender registry if they are not automatically checked as part of the standard SCHR check.

a. Criminal History Background Checks for DoD Civilian and Military Personnel Who Are Investigated at the NACI or a Higher Level Pursuant to DoD's Personnel Security Program

(1) DoD civilian and military personnel required by Reference (g) to be investigated according to the requirements of the NACI or a higher level investigation and who have regular contact with children under 18 years of age in DoD-sanctioned programs will be investigated and adjudicated in accordance with the provisions of Reference (g).

(2) These personnel will also be subject to the additional requirements of the Child Care National Agency Check and Inquiries (CNACI) and the criteria for presumptive and automatic disqualification as specified in section 3 of this enclosure.

b. Criminal History Background Checks for Civilian Employees (APF and NAF)

(1) In accordance with section 13041 of Reference (c) and Volumes 731 and 1403 of Reference (e), complete a CNACI, which includes an FBI criminal history background check conducted through the Criminal Justice Information Services Division of the FBI and SCHR checks through State repositories of all States that an employee or prospective employee lists as current and former residences on an employment application. Results of an advanced FBI fingerprint check must be provided, before completion of the full CNACI, to determine employment under LOSS.

(2) Individuals with a prior DoD affiliation must also complete an IRC, which includes an installation law enforcement check, drug and alcohol records check, and a check of the Family Advocacy Program (FAP) records for a minimum of 2 years before the date of the application.

c. Criminal History Background Checks for FCC Providers and Contractors

(1) In accordance with section 13041 of Reference (c), complete a CNACI, which includes an FBI criminal history background check conducted through the Criminal Justice Identification Services Division of the FBI and SCHR checks through State repositories of all States that a provider or contractor or prospective provider or contractor lists as current and former residences in an employment application. Results of an advanced FBI fingerprint check must be provided before completion of the full CNACI. Results for contractors may be used to determine employment under LOSS.

(2) Individuals with a prior DoD affiliation must also complete an IRC, including an installation law enforcement check, drug and alcohol records check, and a check of the FAP records for a minimum of 2 years before the date of the application.

d. Criminal History Background Checks for Others

(1) In accordance with section 13041 of Reference (c), only an FBI advanced fingerprint check is required for criminal history background checks for volunteers and persons 18 years of age or older residing in an FCC, foster, or respite care home.

(2) Individuals with a prior DoD affiliation must also complete an IRC to include: an installation law enforcement check, drug and alcohol records check, and a check of the FAP records for a minimum of 2 years before the date of the application.

e. Timely Completion. To ensure timely completion, the DoD Components will establish procedures to initiate or request criminal history background check results, follow up to ensure checks have been completed, and address situations where there is a delay in receiving results. In no event will an individual subject to this instruction be presumed to have a favorable background check merely because there has been a delay in receiving the results of the requisite background check. If no response from the State(s) is received within 60 days, determinations based upon the CNACI report may be made.

3. CRITERIA FOR DISQUALIFICATION BASED ON RESULTS OF CRIMINAL HISTORY BACKGROUND CHECKS. The ultimate decision to determine how to use information obtained from the criminal history background checks in selection for positions involving the care, treatment, supervision, or education of children must incorporate a common sense decision based upon all known facts.

a. Evaluation Authority. Adverse information is evaluated by the DoD Component who is qualified at the appropriate level of command in interpreting criminal history background checks.

(1) All information of record both favorable and unfavorable will be assessed in terms of its relevance, recentness, and seriousness. Likewise, positive mitigating factors should be considered. Final suitability decisions will be made by that commander or designee.

(2) Criteria that will result in disqualification of an applicant require careful screening of the data. A disqualifying event may be the basis for a non-selection, withdrawal of a tentative offer of employment, ineligibility for facility access, removal from a contract, a suitability action under part 731 of Reference (d), a probationary termination, an adverse action, or other appropriate action.

b. Criteria for Automatic Disqualification. No person, regardless of circumstances, will be approved to provide child care services pursuant to this instruction if the background check discloses:

(1) That the individual has been convicted in either a civilian or military court (to include any general, special or summary court-martial conviction) or received non-judicial punishment (under Article 15 or chapter 47 of Title 10, U.S.C., also known and referred to in this instruction as “the Uniform Code of Military Justice (UCMJ)” (Reference (h)) for any of the following:

(a) A sexual offense.

(b) Any criminal offense involving a child victim.

(c) A felony drug offense.

(2) That the individual has been held to be negligent in a civil adjudication or administrative proceeding concerning the death or serious injury to a child or dependent person entrusted to the individual's care.

4. SUITABILITY AND FITNESS DETERMINATIONS FOR INDIVIDUALS INVOLVED WITH THE PROVISION OF CHILD CARE SERVICES. Suitability and fitness determinations for individuals subject to this instruction will be made in accordance with Volume 731, Volume 1231, and Volume 1403 of Reference (e), and part 1201 of Title 5, U.S.C. (Reference (i)), as appropriate. The following may be the basis for non-selection, withdrawal of a tentative offer of employment, ineligibility for facility access, removal from a contract, a suitability action under Reference (e), a probationary termination, an adverse action, or other appropriate action.

a. Criteria for Presumptive Disqualification. Officials charged with making determinations pursuant to this instruction must include in the record a written justification for any favorable determination made where background check findings include any of the following presumptively disqualifying information:

(1) A FAP record indicating that the individual met criteria for child abuse or neglect or civil adjudication that the individual committed child abuse or neglect.

(2) Evidence of an act or acts by the individual that tend to indicate poor judgment, unreliability, or untrustworthiness in providing child care services.

(3) Evidence or documentation of the individual's past or present dependency on or addiction to any controlled or psychoactive substances, narcotics, cannabis, or other dangerous drug without evidence of rehabilitation.

(4) A conviction, including any general, special, or summary court-martial conviction, or non-judicial punishment under Article 15 of the UCMJ for:

(a) A crime of violence committed against an adult.

(b) Illegal or improper use, possession, or addiction to any controlled or psychoactive substances, narcotics, cannabis, or other dangerous drug.

(5) A civil adjudication that terminated the individual's parental rights to his or her child, except in cases where the birth parent places his or her child for adoption.

b. Evaluation of Presumptively Disqualifying Information. The DoD Components will establish and oversee procedures for the evaluation of presumptively disqualifying information for all categories of individuals in section 2 of this enclosure. Evaluation of presumptively disqualifying information for APF and NAF personnel must be in accordance with Volume 731 and Volume 1403 of Reference (e), respectively.

c. Criteria for Disqualification Under LOSS. If an investigation of an individual who is currently working under LOSS subsequently results in an unfavorable determination, the DoD Components will take action to protect children by reassigning or removing the individual from employment, contract, or volunteer status.

d. Disputes and Appeals. The DoD Components will establish and oversee procedures for the communication of determinations and the appeal of unfavorable determinations for all categories of individuals in section 2 of this enclosure. The procedures for civilian personnel are subject to Volume 731 of Reference (e) for APF employees and Volume 1403 of Reference (e) for NAF employees.

5. REINVESTIGATION

a. All DoD civilian employees (both APF and NAF), contractors, military personnel, and any other individuals reasonably expected to have regular contact with children on a DoD installation, program, or as part of a military-sanctioned activity, including specified volunteers and any person 18 years of age or older residing in an FCC, foster, or respite care home, who continue to perform duties in the position for which their initial background check was conducted, must undergo a reinvestigation every 5 years. The reinvestigation must consist of the same check conducted for the initial investigation as outlined in section 2 of this enclosure.

b. All FCC providers and adults residing in an FCC home must undergo an annual reinvestigation utilizing the Special Agreement Check for childcare providers. The Special Agreement Check reinvestigation consists of an update to the initial investigation as outlined in section 2 of this enclosure.

c. If the reinvestigation results in an unfavorable determination, the DoD Components will take action to protect children by reassigning or removing the individual from employment, contract, or volunteer status.

d. If derogatory information surfaces within the 5 years before the reinvestigation, the DoD Component will take action to protect children by reassigning or suspending from having contact with children, any individual, contractor or volunteer until the case is resolved..

6. SELF-REPORTING

a. Individuals who have regular contact with children under 18 years of age in DoD-sanctioned programs who have a completed background check are required to immediately report subsequent automatic disqualification criteria under paragraph 3a of this enclosure and presumptive disqualification criteria under paragraphs 3b(1), (4), and (5) of this enclosure.

b. The DoD Components will establish procedures for:

(1) Informing individuals of the requirement to immediately report any incident or conviction that may invalidate their prior background check and make them ineligible to work or have contact with children.

(2) Responding to and evaluating reports made by such individuals, and taking appropriate action until the case has been resolved or closed.

ENCLOSURE 4

ELIGIBILITY TO PERFORM DUTIES UNDER LOSS

The DoD Components will establish Component-specific procedures, policies, and requirements, subject to the requirements of this enclosure, to permit applicants for whom a criminal history background check has been initiated but not yet completed, to perform duties under LOSS upon favorable findings of preliminary investigations.

a. No Presumption of Right. No individual will be permitted to perform duties under LOSS in a position subject to criminal history background check without authorizing policy or other written permission from a DoD Component head.

b. Preliminary Investigations Required. No individual will be permitted to perform duties under LOSS in a position subject to criminal history background check unless the following investigative elements have been reviewed and determined favorably:

(1) An IRC, including installation law enforcement records check, drug and alcohol records, and FAP records check for a minimum of 2 years before the date of the application if the individual has a preexisting DoD affiliation.

(2) Initial results from the advanced FBI fingerprint criminal history background check (not the full check)

c. Exception for Non-specified Volunteers. Due to the controlled, limited duration of an activity for these individuals, an advanced FBI fingerprint criminal history background check is not required. Non-specified volunteers will be permitted to perform duties and services under LOSS for the duration of the activity.

d. Supervisor Requirements. The supervisor must be a person who:

(1) Has undergone and successfully completed the required background check.

(2) Has complied, as required, with the periodic reinvestigation requirement for a recurring criminal history background check.

(3) Has not previously exhibited reckless disregard for an obligation to supervise an employee, contractor, or volunteer.

e. Video Surveillance. The use of video surveillance equipment to provide temporary oversight for individuals whose required background checks have been initiated but not completed is acceptable provided it is continuously monitored by an individual who has undergone and successfully completed all required background checks. This provision will meet the intent of a flexible and reasonable alternative for “direct sight supervision.”

f. Conspicuous Identification of Individuals Subject to LOSS. Individuals permitted to perform duties solely under LOSS must be conspicuously marked by means of distinctive clothing, badges, wristbands, or other visible and apparent markings. The purpose of such markings must be communicated to staff, customers, parents, and guardians by conspicuous posting or printed information.

g. Permissible Performance of Duties Without Supervision. Individuals otherwise required to perform duties only under LOSS may perform duties without supervision if:

- (1) Interaction with a child occurs in the presence of the child's parent or guardian;
- (2) Interaction with children is in a medical facility, subject to supervisory policies of the facility, and in the presence of a mandated reporter of child abuse; or
- (3) Interaction is necessary to prevent death or serious harm to the child, and supervision is impractical or unfeasible (e.g., response to a medical emergency, emergency evacuation of a child from a hazardous location).

PART II. DEFINITIONS

Unless otherwise noted, these terms and their definitions are for the purposes of this instruction.

adjudication. The evaluation of pertinent data in a background investigation, as well as any other available information that is relevant and reliable, to determine whether an individual is suitable for work.

adult. An individual 18 years of age or older regarded in the eyes of the law as being able to manage his or her own affairs.

applicant. A person upon whom a criminal history background check is, will be, or has been conducted, including individuals who have been selected or are being considered for a position

subject to a criminal history background check, and individuals undergoing a recurring criminal history background check. Includes current employees.

child. A person under 18 years of age.

care provider. Current or prospective individuals hired with APFs and NAFs for education, treatment or healthcare, child care or youth activities; individuals employed under contract who work with children; and those who are certified for care. Individuals working within programs that include: Child Development Programs, DoD dependents schools, DoD-operated or -sponsored activities, foster care, private organizations on DoD installations, and youth programs.

child care services. Care or services provided to children under the age of 18 in settings including child protective services (including the investigation of child abuse and neglect reports), social services, health and mental health care, child (day) care, education (whether or not directly involved in teaching), foster care, residential care, recreational or rehabilitative programs, and detention, correctional, or treatment services, as defined in Reference (c).

class. With regard to the designation of positions, a categorical descriptor identifying employee, contractor, provider, or volunteer positions by group rather than by individual position or title (e.g., “doctors” or “individuals supervising children in a school”).

contractor. Any individual, firm, corporation, partnership, association, or other legal non-Federal entity that enters into a contract directly with DoD or a DoD Component to furnish supplies, services, or both including construction. Foreign governments or representatives of foreign governments that are engaged in selling to DoD or a DoD Component are defense contractors when acting in that context. A subcontractor is any supplier, distributor, vendor, or firm that furnishes supplies or services to or for a prime contractor or another subcontractor.

covered position. Defined in Volume 731 of Reference (e).

criminal history background checks. A review of records, investigative reports, and other investigative elements to generate criminal history background findings to be used to make fitness or suitability determinations.

derogatory information. Information that may reasonably justify an unfavorable personnel suitability or fitness determination because of the nexus between the issue or conduct and the core duties of the position.

DoD affiliation. A prior or current association, relationship, or involvement with the DoD or any elements of DoD, including the Military Departments.

DoD-sanctioned programs. Any program, facility, or service funded or operated by the DoD, a Military Department or Service, or any agency, unit, or subdivision thereof. Examples include, but are not limited to, chapel programs, child development centers, family child care programs, medical treatment facilities, DoDEA schools, recreation and youth programs. These do not

include programs operated by other State or federal government agencies or private organizations without the official sanction of a DoD entity.

duties. Those activities performed as an employee, contractor, provider, or volunteer that involve interaction with children, including any work performed in a child development program or DoDEA school.

employee. An individual, paid from funds appropriated by the Congress of the United States, or an individual employed by a NAF instrumentality as defined in accordance with section 2105(c) of Reference (i). Includes foreign nationals in accordance with Volume 1231 of Reference (e), Military Service members working during their off-duty hours, and non-status, non-continuing temporary positions with specified employment periods not to exceed 1 year such as summer hires, student interns, and seasonal hires.

FAP. Defined in DoDI 6400.01 (Reference (j)).

FAP records check. A review of FAP records maintained on an individual, including records maintained by the installation office and records in the Service Child and Spouse Abuse Central Registry in accordance with Reference (j). If the individual is the spouse or dependent of a Service member, this may entail review of records maintained on the sponsoring Service member. Installation and Service Central Registry checks are limited to identifying pending and met criteria incidents of maltreatment and do not include information related to incidents that did not meet criteria or any information contained in the clinical case record that is protected by section 1320d-6 or section 552a of Reference (i).

FBI criminal history background check. An FBI identification record – often referred to as a criminal history record or a “rapsheet” – is a listing of certain information taken from fingerprint submissions retained by the FBI in connection with arrests and, in some instances, federal employment, naturalization, or military service. The process of responding to an identification record request is generally known as a criminal history background check.

FCC. Defined in DoDI 6060.2 (Reference (k)).

FCC provider. Defined in Reference (k).

FCC adult family members. Any adult, 18 years of age or older, who resides in the home of an FCC provider for 30 or more consecutive days.

fitness. The reference to a person’s level of character and conduct determined necessary for an individual to perform work for, or on behalf of, a federal agency as an employee in the excepted service (other than in a position subject to suitability) or as a contractor employee.

fitness determination. A decision, based on review of criminal history background check findings, that an individual is fit to perform duties in a position subject to criminal history background check. Fitness determinations will be “favorable,” meaning that the individual is fit to perform the duties, or “unfavorable,” meaning that the individual is not.

foreign nationals. Individuals who are not citizens of the United States.

foster care providers. A voluntary or court-mandated program that provides 24-hour care and supportive services in a family home or group facility, within government-owned or -leased quarters, for children and youth who cannot be properly cared for by their own family.

healthcare personnel. Military, civilian, or contract staff involved in the delivery of healthcare services.

host-government check. A criminal history background check conducted on foreign nationals in accordance with U.S. and host country treaties or agreements.

interim suitability or fitness determination. Part of the pre-screening process in the identification and resolution of suitability or fitness issues, which occurs prior to the initiation of the required investigation. It involves the review of applications and other employment related documents. A favorable interim suitability or fitness determination is a status granted on a temporary basis, which permits individuals to work under LOSS after the return of the advance FBI fingerprint check, pending completion of full investigative requirements and a final suitability determination.

investigative elements. The records, reports, or other individual elements that comprise the whole of information collected during a criminal history background check and used to make a fitness or suitability determination.

IRC. A query of records maintained on an individual by programs and entities at the military installation where the individual lives, is assigned, or works, including military law enforcement and installation security records, drug and alcohol records, and FAP records for a minimum of 2 years before the date of the application.

investigative service provider. The company or agency authorized to perform background investigations on personnel on behalf of the agency.

LOSS. Continuous visual observation and supervision of an individual whose background check has not yet cleared, and has a favorable interim suitability or fitness determination, while engaged in child interactive duties, or in the presence of children in a DoD-sanctioned program or activity. The person providing supervision must have undergone a background check and received a final favorable suitability or fitness determination and be current on all periodic reinvestigations as required by this instruction.

met criteria. Reported incident of alleged maltreatment found to meet DoD incident determination criteria for child abuse or domestic abuse and entry into the Service FAP central registry of child abuse and domestic abuse reports.

position. An employee, contractor, provider, or volunteer role or function.

preliminary investigations. Those investigative elements of a criminal history background check, including those specified in Enclosure 4 of this instruction, which must be favorably completed and reviewed before an individual may be permitted to perform duties under LOSS.

providers. Individuals involved in child care services who have regular contact with children or may be alone with children in the performance of their duties. Includes FCC providers and individuals with overall management responsibility for child and youth programs.

regular contact with children. Recurring and more than incidental contact with or access to children in the performance of their duties on a DoD installation, program, or as part of a DoD-sanctioned activity.

reinvestigation. A criminal history background check conducted after the period of time prescribed by this instruction to ensure the individual remains eligible to provide child care services. Reinvestigation includes the same checks conducted for the initial investigation as outlined in section 2 of Enclosure 3.

respite care providers. Individuals who provide short-term care and supportive services in a family home or group facility within government-owned or -leased quarters.

SCHR. A repository of criminal information that lists past state convictions, current offender information, and criminal identification information (fingerprints, photographs, and other information or descriptions) that identify a person as having been the subject of a criminal arrest or prosecution. Checks of the SCHR may include the State child abuse and neglect repository and the State sex offender registry.

suitability determination. A decision that a person is or is not suitable for a covered position within the DoD.

supervisor. The person supervising individuals who are permitted to perform duties only under LOSS, who is not necessarily the same as an employee's supervisor for employment purposes (e.g., ratings, assignment of duties).

volunteer. There are two types of volunteers:

specified volunteers. Individuals who could have extensive or frequent contact with children over a period of time. They include, but are not limited to, positions involving extensive interaction alone, extended travel, or overnight activities with children or youth. Coaches and long-term instructors are among those who fall in this category. Specified volunteers are designated by the DoD Component head. Background checks are required in accordance with paragraph 2d of Enclosure 3.

non-specified volunteers. Individuals who provide services that are shorter in duration than is required to perform a criminal history background check (e.g., one-day class trip, class party). Because non-specified volunteers do not receive the same level of background checks as

specified volunteers, non-specified volunteers must always be in line of sight of a staff member with a complete background check.

youth program. Defined in DoDI 6060.4 (Reference (1)).

BB: (571) 329-5704

The COR is the individual within the Program Management function who has overall technical responsibility for this effort. The COR supports the CO/CA during administration of this effort by:

- 1) Making final decisions regarding any recommended rejection of deliverables;
- 2) Providing technical clarification relative to overall workload matters;
- 3) Providing advice and guidance to the Contractor in the preparation of deliverables and services;

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN HEALTHCARE, INC.

- 4) Providing acceptance of deliverable products to assure compliance with requirements.

The COR, Program Manager, or CO also provide technical direction to the Contractor, i.e., shifting work emphasis between areas of work; fills in details, or otherwise serves to accomplish the purposes of this effort. Technical direction shall be within the general PWS for this effort. Neither the COR nor the Program Manager has the authority to and may NOT issue any technical direction which:

- 1) Constitutes an assignment of work outside the general scope of this effort;
- 2) Constitutes a change as defined in the "Changes" clause;
- 3) In any way causes an increase or decrease in cost or the time required for performance;
- 4) Changes any of the terms, conditions, or other requirements of this effort; and
- 5) Suspends or terminates any portion of this effort.

All technical direction shall be issued in writing by the COR, Program Manager, or CO or will be confirmed by the COR, Program Manager, or CO in writing within 10 calendar days after verbal issuance. An electronic copy of the written technical direction shall be furnished to the CO and the CA monthly for invoice verification purposes.

In addition to providing technical direction, the COR will:

- 1) Monitor the Contractor's technical progress, including surveillance and assessment of performance, and recommend to the CO and CA, any changes in the requirement;
- 2) Assist the Contractor in the resolution of technical problems encountered during performance; and
- 3) Perform inspection and acceptance or recommendation for rejection of Contractor deliverables and identify deficiencies in delivered items. This does not replace any other quality assurance inspection requirements that are specified elsewhere within the PWS.

If in the opinion of the Contractor, any instruction or direction issued by the COR is outside of their specific authority, the Contractor shall not proceed but shall notify the CO in writing within 5 working days after receipt of any instruction or direction, with an informational copy to the CA.

G.2 Contracting Officer (CO) Authority

The CO for this contract is:

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN HEALTHCARE, INC.

William Galvin
Acquisition Services Directorate-Herndon (AQD-Herndon)
National Business Center (NBC)
Department of the Interior (DOI)
381 Elden St., Suite 4000
Herndon, VA 20170
Voice: 703-964-3690
Email: William_galvin@ibc.doi.gov

In no event shall any understanding or agreement between the Contractor and any Government employee other than the CO on any contract, modification, change order, letter or verbal direction to the Contractor be effective or binding upon the Government. All such actions must be formalized by a proper contractual document executed by an appointed CO. The Contractor is hereby put on notice that in the event a Government employee other than the CO directs a change in the work to be performed or increases the scope of the work to be performed, it is the Contractor's responsibility to make inquiry of the CO before making the deviation. Payments will not be made without being authorized by an appointed CO with the legal authority to bind the Government.

G.3 Government Representatives

This contract will be administered by an authorized representative of the CO, designated as the Contract Specialist (CS). In no event, however, will any understanding or agreement, modification, change order, or other matter deviating from the terms and conditions of the contract between the Contractor and any person other than the CO be effective or binding upon the Government, unless formalized by proper contractual documents executed by the CO prior to completion of this contract.

The COR will be designated by the CO as the authorized representative of the CO. The COR is responsible for monitoring performance and the technical management of the effort required hereunder, and should only be contacted regarding issues of a technical nature.

G.4 Submission of Invoices – IPP

The Contractor shall bill no more than once monthly. Invoices must include, as a minimum, the following information for each individual:

- Name
- Labor Category(s) and Hourly Rate
- Time Period Covered
- Productive Direct Labor Hours for the current billing period and cumulative to date (for Labor Hours CLINs)
- Any Travel or Other Direct Costs (ODCs) incurred (with supporting documentation / receipts for all charges) for the current billing period and cumulative to date
- The CLIN being invoiced

Invoices shall be submitted electronically through the Internet Payment Platform (IPP), the U. S. Department of the Treasury's Internet Payment Platform System, at <https://www.ipp.gov/>. Please direct all IPP inquiries to the IPP Production Helpdesk at (866) 973-3131 or ippgroup@bos.frb.org.

Hardcopy invoices shall not be accepted, unless requested by the CO or the IPP Team.

CONTRACT NUMBER: D12PC00480
CONTRACTOR: MAGELLAN HEALTHCARE, INC.

IPP Electronic Invoicing Requirements

Payment requests must be submitted electronically through the U. S. Department of the Treasury's Internet Payment Platform System (IPP).

"Payment request" means any request for contract financing payment or invoice payment by the Contractor. To constitute a proper invoice, the payment request must comply with the requirements identified in the applicable Prompt Payment clause included in the contract, or the clause 52.212-4 Contract Terms and Conditions – Commercial Items included in commercial item contracts. The IPP website address is: <https://www.ipp.gov>.

The Contractor must use the IPP website to register, access, and use IPP for submitting requests for payment. The Contractor Government Business Point of Contact (as listed in CCR) will receive enrollment instructions via email from the Federal Reserve Bank of Boston (FRBB) within 3 – 5 business days of the contract award date. Contractor assistance with enrollment can be obtained by contacting the IPP Production Helpdesk via email ippgroup@bos.frb.org or phone (866) 973-3131.

If the Contractor is unable to comply with the requirement to use IPP for submitting invoices for payment, the Contractor must submit a waiver request in writing to the contracting officer with its proposal or quotation.
