June 10

9:30-11:00 Interview with GQ

Location: National Mall

Staff: Heather Swift

Trip itinerary is attached. For Wednesday camping day, NPS recommends the following, but I'll have an extra towel and water bottle:

NPS suggests bringing the following as well:

- Towel
- Refillable water bottle
- Long sleeve tshirt, extra socks, and appropriate shoes for canoeing
- If you have them: headlamp or flashlight

I'm leaving on Sunday for Maine, but I'll see you Tuesday night!

Caroline

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 8, 2017

FROM: Christine Bauserman, 202-706-9330

OVERVIEW:

09:30 - 12:30 pm Oral Statement - House Interior Appropriations Hearing
03:30 - 04:30 pm White House Infrastructure Summit Roundtable with POTUS
06:00 - 07:00 pm Ted Roosevelt IV and Jamie Williams, President The Wilderness Society.

On page 9: Final Testimony - House Interior Appropriations Hearing

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 8, 2017

TIME: 09:30 - 12:30 pm

SUBJECT: Oral Statement - House Interior Appropriations Hearing

Full Committee Chairman Frelinghuysen
Full Committee Ranking Member Lowey
Chairman Calvert
Ranking Member McCollum

Thank you for the opportunity to testify today in support of the President's 2018 Budget for the Department of the Interior. And, Happy Birthday to Chairman Calvert!

I request permission to submit my entire statement for the record.

President Trump has a responsible plan to put America back on track for a balanced budget in 2027, after a decade of deficit spending. I commend the President for offering America a blueprint for a balanced budget. To be sure, we made tough decisions, but I am confident we funded the highest priorities.

The Department of the Interior touches the lives of more Americans than any other Department. We deliver water to the West, manage wildlife refuges and historic sites in the East, and provide for energy development off our coasts. The Department is about national parks and so much more.

The President's 2018 budget proposes \$11.7 billion and saves taxpayers \$1.6 billion. We make strategic investments in the future of our nation's energy, public lands infrastructure, and security.

The President's budget prioritizes America's energy independence with an all-of-the-above energy strategy that includes oil, gas, coal and renewable energy development. We also will focus on boosting revenue through legislative proposals to raise \$5.8 billion.

In 2008, the Department brought in just over \$18 billion in offshore revenue. Last year, that number was just above \$2 billion. That lost revenue could have covered the National Park Service's \$11.3 billion deferred maintenance backlog with some left over to cover Interior's entire \$15 billion deferred maintenance backlog.

Interior's energy resources bring in revenue to offset the budget. I re-established the Royalty Policy Committee to make sure we are getting full value for our energy resources. We will be looking at all energy revenue, including renewable sources like wind and solar, to make sure taxpayers get the benefit from the full value of America's resources.

When it comes to infrastructure, we plan to take care of what we already own, rather than acquiring new lands and assets we cannot afford to maintain.

I've been to Utah, Wyoming, Montana, California, Alaska and other States and Territories in recent months. I have seen the deteriorating infrastructure, especially in our national parks. The

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 8, 2017

budget focuses on National Park Service construction and maintenance which represents 73 percent of Interior's deferred maintenance backlog.

The budget calls for a \$35 million increase for a total of \$766 million for National Park Service infrastructure, and this includes \$18 million for the first phase of repairing the Arlington Memorial Bridge.

The budget invests in Interior's water and power infrastructure in the West and gives land and water managers the tools they need to carry out stewardship responsibilities.

We've made investments in USGS core science, bringing climate science research under one umbrella to prevent duplicative grants and programs.

For the first time in many years, Payments in Lieu of Taxes (PILT) is part of the discretionary budget request. PILT provides a 12 percent savings at \$397 million, the same percentage of savings we have across the Department.

We fully funded fire suppression at the ten year average.

And, we supported Indian Trust responsibilities with a focus on self-government, self-determination and sovereignty.

We were able to find savings by reducing lower priorities like:

Reducing Federal land acquisition, eliminating some programs and allowing States, local communities and private partners to take the lead on others.

At the end of the day, we had to make tough decisions. This budget will encourage the Department to be more innovative and look at creative ways to manage programs and increase revenues.

We can and will maintain our assets, offer a world-class experience on public lands, and deliver savings to the taxpayer, whether it's through public-private partnerships, encouraging responsible energy development, or reorganizing the workforce.

In closing, this budget is about America and doing the best for the American taxpayer.

I appreciate that this Subcommittee has strongly supported the Department's mission and I look forward to working closely with you to advance the President's priorities.

I'm happy to take your questions. I have my great team of budget experts with me and we can always follow up with you for the record.

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 8, 2017

TIME: 03:30 - 04:30 pm

SUBJECT: White House Infrastructure Summit Roundtable with POTUS

Name of Host Group/Organization or Requestor: White House

I. PURPOSE

Roundtable discussion with the President.

II. PARTICIPANTS

President Donald Trump
Vice President Mike Pence

Cabinet Secretaries Participating:

Secretary Wilbur Ross
Secretary Sonny Perdue
Secretary Ryan Zinke
Secretary Elaine Chao
Director Mulvaney

White House Staff:

Various White House staff members will participate including
Rick Dearborn, Assistant to the President & Deputy Chief of Staff;
Gary Cohn, Assistant to the President & Director, National Economic Council (NEC);
Reed Cordish, Assistant to the President;
Justin Clark, Deputy Assistant to the President & Director, Intergovernmental Affairs;
DJ Gribbin, Special Assistant to the President for Infrastructure Policy;
Mike Catanzaro, Special Assistant to the President for Energy Policy;
Billy Kirkland, Special Assistant to the President & Dep. Dir., Intergovernmental Affairs;
Doug Hoelscher, Special Assistant to the President & Dep. Dir., Intergovernmental Affairs.

State and Local Officials:

Governors:

Governor Kay Ivey (AL)
Governor Doug Ducey (AZ)
Governor Rick Scott (FL)
Governor Eric Holcomb (IN)
Governor Sam Brownback (KS)
Governor Phil Bryant (MS)
Governor Doug Burgum (ND)
Governor Chris Sununu (NH)

State Commissioners of Agriculture:

Mike Strain, Louisiana Commissioner of Agriculture (LA)
Hugh Weathers, South Carolina Commissioner of Agriculture (SC)

Mayors:

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 8, 2017

Mayor Lenny Curry (Jacksonville, FL)
Mayor Steve Hogan (Aurora, CO)
Mayor Mick Cornett (Oklahoma City, OK)
Mayor Nate Robinson (Fayetteville, NC)
Mayor Acquanetta Warren (Fontana, CA)
Mayor Sheldon Day (Thomasville, AL)
Mayor Richard Berry (Albuquerque, NM)
Mayor Lydia Mihalik (Findlay, OH)
Mayor John Suthers (Colorado Springs, CO)
Mayor Andrew Ginther (Columbus, OH)

County Commissioners:

Commissioner Rob Loughery (Bucks County, PA)
County Executive Paul Farrow (Waukesha County, WI)
Public Works Commissioner Candice Miller (Macomb County, MI)
Commissioner Libby Szabo (Jefferson County, CO)
Commissioner Bryan Desloge (Leon County, FL)
Commissioner Nancy Jester (DeKalb County, GA)

Tribal Leaders:

Councilman Kevin Frost (Southern Ute Tribe, CO)
Vice-Chairman Randy Phelan (Mandan, Hidatsa and Arikara Nation Tribes, MT)

III. AGENDA

No information given.

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 8, 2017

TIME: 06:00 - 07:00 pm ET

SUBJECT: Meeting with Ted Roosevelt IV and Jamie Williams, Pres The Wilderness Society.

I. STATEMENT OF PURPOSE

Meeting with Ted Roosevelt IV and Jamie Williams, President 'The Wilderness Society.'

II. BACKGROUND

Ted Roosevelt IV joined the Navy as an officer in Underwater Demolition Team Eleven after receiving his AB from Harvard in 1965. His long list of achievements is attached.

III. DISCUSSION

Mr. Williams would like to discuss a wide scope of issues relating to the public lands.

IV. NEXT STEPS

Provide a look-ahead with a bulleted list of future steps being taken, or should be taken related to this issue.

V. ATTACHMENTS

- Theodore Roosevelt IV Bio
- Jamie Williams Bio

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 8, 2017

**Theodore Roosevelt IV, Chair, Strategies for the Global Environment;
Managing Director, Investment Banking at Barclays**

Theodore Roosevelt IV is a Managing Director in Investment Banking at Barclays, based in New York. Currently, he serves as Chairman of the firm's Clean Tech Initiative.

Mr. Roosevelt joined Barclays Capital when it acquired the North American assets of Lehman Brothers in September 2008. He started work with Lehman in 1972 as a general banker in domestic corporate finance. In 1977, following Lehman Brothers' merger with Kuhn Loeb, Mr. Roosevelt was assigned to the International Department and also worked in the Firm's Government Advisory Group. He joined the Short and Medium Term Corporate Finance Department in 1982 and was appointed manager of the department in 1985. He was named a Managing Director in 1984, and, in January 1991 he was asked to focus on the development of the Firm's international business. He was elected Chairman of the Board of Directors of Lehman Brothers Financial Products Inc. in 1994, and Chairman of the Board of Directors of Lehman Brothers Derivative Products Inc. in 1998. In February 2007, he was appointed Chairman of Lehman Brothers' Council on Climate Change.

Mr. Roosevelt received his AB from Harvard in 1965. Immediately following, he joined the Navy as an officer in Underwater Demolition Team Eleven. Following his active duty, he joined the Department of State as a Foreign Service Officer. In 1972, Mr. Roosevelt received his MBA from Harvard Business School.

Mr. Roosevelt is Board Chair of the Center for Climate and Energy Solutions (C2ES), Secretary of The Climate Reality Project, a member of the Governing Council of the Wilderness Society, and a Trustee for the American Museum of Natural History. He is also Counselor, China - U.S. Center for Sustainable Development and served as a board member of the League of Conservation Voters for nine years; three of which, he served as the Chairman. Mr. Roosevelt is also a member of the Council on Foreign Relations, the Economic Club of New York, and a Governor of the Foreign Policy Association.

At the Republican Convention in 2000, Mr. Roosevelt gave the speech on the environment. He gave the keynote speech at the National Governor's Association Annual Meeting in 2001 as well as the keynote address at the Governor's Conference on Climate Change in April 2008 sponsored by Yale University. He spoke at the Conference of Parties Climate Summit in December 2009 in Copenhagen, sponsored by the European Union Parliament. Most recently in May 2010, Mr. Roosevelt gave a keynote speech at the International Cooperative Conference on Green Economy and Climate in Beijing organized by the National Development and Reform Commission, Ministry of Science and Technology and National Energy Administration. He was an Advising Committee Member on the MIT study "The Future of Natural Gas"; and the on the Advisory Committee for the Council on Foreign Relations Special Report "The Future of US Special Operations." Currently he is a committee member for the National Academy of Sciences on Accelerating Deployment of Clean Energy Technologies.

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 8, 2017

Jamie Williams President, The Wilderness Society

President Jamie Williams joined The Wilderness Society in 2012. Jamie leads The Wilderness Society in its mission to protect wilderness and inspire Americans to care for our wild places.

Jamie brings a wealth of experience and a track record of outstanding achievement to his role. Before coming to The Wilderness Society, Jamie led The Nature Conservancy's work to protect large landscapes in North America. There he focused on helping Conservancy programs and key partners protect large landscapes through innovative, private and public finance. He also spearheaded critical efforts to secure conservation funding in Congress, among many other accomplishments.

Previously, Jamie also served as the Conservancy's Northern Rockies Initiative Director (2007–2010) and Montana State Director (1998–2007), where he focused on protecting the Northern Rockies' largest, most intact landscapes through strong community-based programs, and public-private partnerships.

Jamie started working for The Nature Conservancy in 1992 as its NW Colorado Program Manager (1992-1997) where he spearheaded a community-based conservation effort to conserve the Yampa River.

Jamie holds an MES from the Yale School of Forestry and Environmental Studies (class of '89) and a BA from Yale University (class of '85).

Jamie came to conservation as a western river guide and wilderness instructor for the National Outdoor Leadership School (NOLS).

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 8, 2017

STATEMENT OF RYAN ZINKE, SECRETARY OF THE INTERIOR
BEFORE THE SUBCOMMITTEE ON INTERIOR, ENVIRONMENT
AND RELATED AGENCIES

HOUSE COMMITTEE ON APPROPRIATIONS
ON THE 2018 PRESIDENT'S BUDGET REQUEST

Mr. Chairman, Ranking Member McCollum, and Members of the Subcommittee, I am pleased to appear before you today to discuss the 2018 President's Budget for the Department of the Interior which provides \$11.7 billion for Interior's programs. The budget also requests \$123.9 million of discretionary Department of Defense appropriations to be transferred to the Department of the Interior to support enactment of the 2010 Compact Review Agreement with Palau.

Of Interior's total request, \$10.6 billion is within the jurisdiction of this subcommittee, a decrease of \$1.4 billion or 12 percent compared to the 2017 Annualized Continuing Resolution, and a decrease of \$1.6 billion or 13.4 percent below 2017 enacted. Because of the timing between enactment of the FY 2017 Omnibus Appropriations Act and submission of the FY 2018 President's Budget, my statement compares requested funding to the FY 2017 Annualized Continuing Resolution unless otherwise noted.

2018 Budget Priorities

The 2018 budget for the Department of the Interior features targeted investments to further the Administration's America First national energy goals. At the same time, this budget reflects the President's commitment to fiscal responsibility – proposing sensible and rational reductions and making hard choices to reach a balanced budget by 2027.

Across Interior's diverse mission, this budget emphasizes the Department's crucial role in promoting economic growth. America's lands hold tremendous job-creating assets. Visitors to our parks spend more than \$18.4 billion in local gateway communities, supporting approximately 318,000 jobs and contributing \$34.9 billion into the national economy according to the 2016 *National Park Service Visitor Spending Effects Report*.

In 2016, Interior's energy, mineral, grazing, and forestry activities resulted in \$8.8 billion in revenue to the American people, including direct revenue payments to States, Tribes, and local communities. These same activities supported \$136 billion in economic output. In addition, direct grants and payments to States, Tribes, and local communities provided an estimated \$10 billion in economic output.

The Department's 2018 budget reflects the Administration's commitment to strengthen America's economic and energy security, focus on the Nation's infrastructure, be responsible stewards of magnificent lands, encourage public access for outdoor recreation, and strengthen tribal sovereignty and support self-determination.

INFORMATION MEMORANDUM FOR THE SECRETARY

Briefing Daily Summary - June 8, 2017

America's Energy

The Department of the Interior is the steward and manager of America's natural resources including oil, gas, coal, hydropower, minerals and renewable energy sources. The Department has a critical role to play in the future energy security of our Nation as well as our overall economic well-being. American energy resources create jobs and generate significant revenue both to the U.S. Treasury and States. This budget proposes \$791.2 million in current and permanent funding for energy related programs across the Department, an increase of \$16.3 million from 2017. Interior's 2018 budget supports an "all-of-the-above" energy development strategy, increasing funding for onshore and offshore oil and gas, strengthening coal management activities, and sustaining the current pace of renewable energy development.

The budget reflects the importance of offshore energy production to America's economic and energy security. The 2018 budget shores up offshore oil and gas programs with appropriated funding to continue a strong offshore program. The request for the Bureau of Ocean Energy Management features a \$10.2 million increase to update the Five-Year Outer Continental Shelf Oil and Gas Leasing Program, consistent with the President's Executive Order *Implementing an America-First Offshore Energy Strategy* to expand offshore oil and gas exploration and production. The 2018 budget for the Bureau of Safety and Environmental Enforcement includes a \$1.2 million increase to focus on workforce training, permitting, and information technologies to better permit exploration, development, and production operations.

Onshore, the budget requests a \$16.0 million increase for the Bureau of Land Management's oil and gas management program, providing a total of \$75.9 million in appropriated funds focused on improving oil and gas permit application processing, streamlining leasing, and modernizing practices. The budget also includes \$19.0 million for the BLM coal management program, an \$8.0 million increase to reduce administrative processing times, simplify the lease application process, and improve the timeliness to complete lease sale fair market value determinations.

The 2018 budget includes \$78.1 million for Renewable Energy programs both on and offshore. Although a reduction from prior years, this funding level will sustain the current pace of development at a level consistent with anticipated project interest.

To ensure the public continues to receive the full value of natural resources production on Federal lands, in April, I signed a charter establishing a Royalty Policy Committee of 28 local, tribal, State, and other stakeholders to advise me on the fair market value of and revenue collection from Federal and Indian mineral and energy leases, including renewable energy sources.

The Nation's Infrastructure

Interior plays an important role in maintaining and improving the Nation's infrastructure. Interior's national role includes managing significant real property assets as well as conducting reviews and processing permits to support national infrastructure development as part of a balanced multiple land use strategy.

Interior's 2018 budget maintains the 2017 level of \$98.8 million for Fish and Wildlife Service planning and consultation activities. This level maintains the FWS capability to meet its legal consultation requirements and avoid logjams that could delay infrastructure projects and

INFORMATION MEMORANDUM FOR THE SECRETARY

Briefing Daily Summary - June 8, 2017

associated economic benefits. The BLM budget also directs base funding to address siting for energy transmission projects, and proposes an increase in the oil and gas management program to facilitate rights-of-way associated with energy development projects.

Interior manages an infrastructure asset portfolio with a replacement value exceeding \$300 billion, ranging from elementary and secondary schools serving Indian children, to highways and bridges serving the daily commuting needs of the Washington, D.C., metropolitan area. Interior owns approximately 43,000 buildings, 100,000 miles of road, and 80,000 structures – including iconic landmarks, as well as dams, bridges, laboratories, employee housing, and irrigation and power infrastructure. Taking care of this significant asset portfolio is a persistent challenge. Interior's deferred maintenance backlog has grown to over \$15 billion in 2016. Construction and maintenance funding across the Department totals \$1.4 billion in 2018, not including the Bureau of Reclamation.

From my first day on the job, one of my top priorities has been to prioritize efforts to address the National Park Service maintenance backlog. Our National Parks have 73 percent of Interior's deferred maintenance backlog while hosting 324 million visitors last year. The 2018 budget for NPS includes \$236.3 million for construction and deferred maintenance projects, an increase of \$21.0 million from 2017. Total estimated funding for NPS maintenance and construction needs including estimated recreation fee revenue is \$765.7 million, an increase of \$34.7 million from FY 2017. This increase will support targeted and measurable upgrades to a number of the NPS' highest priority assets including the first phase of repairs to the Arlington Memorial Bridge project.

America's Lands

In my first days in office, I issued two Secretarial Orders to expand access to public lands and increase hunting, fishing, and recreation opportunities nationwide. The 2018 budget includes \$4.4 billion for Interior's land management operations in the NPS, FWS, and the BLM, a reduction of \$354.3 million from 2017. This includes funding for operational programs as well as management and maintenance of the national parks, national wildlife refuges, and BLM's network of national conservation lands. Within land management operations, the budget prioritizes funding to protect and conserve America's public lands and natural resources, provide access to public lands for the next generation of outdoor enthusiasts, and ensure visitor safety.

To support land management priorities, funding for lower priority activities, such as Federal land acquisition projects, is reduced. The 2018 budget emphasizes taking care of our current assets, rather than adding more by purchasing new land. Accordingly, the budget for land acquisition programs is \$54.0 million, \$129.1 million below 2017. A small amount of funding is maintained in each bureau for emergencies or acquisition of inholdings needed to improve management of established areas or to increase public access.

To better manage and balance these responsibilities, the Department relies on its front-line land managers, field scientists, and partners to monitor, assess, and collect information about the status of resource conditions. Interior's U.S. Geological Survey is the Nation's leading source of expertise in earth and natural sciences and works closely with other Interior bureaus and State, local, tribal and other Federal partners to help resource managers adapt to changing conditions on the ground. The 2018 budget includes \$922.2 million for USGS programs, to focus on core

INFORMATION MEMORANDUM FOR THE SECRETARY

Briefing Daily Summary - June 8, 2017

science activities including land and water resources, energy and minerals, mapping, ecosystems, invasive species, natural hazards, and environmental health.

The 2018 request budgets responsibly for the Payments in Lieu of Taxes program. The budget includes \$397 million for these payments as part of the discretionary request, to ensure continued support to the communities neighboring Interior and other Federal lands without assuming enactment of separate legislation. The 2018 level for PILT is reduced 12 percent below the 2017 CR level, consistent with the total reduction in the Interior budget.

A key component of Interior's land stewardship is management of wildland fire. The 2018 budget provides \$389.4 million for wildfire suppression – the full 10-year average of suppression expenditures. This level of funding is projected to be sufficient to meet fire suppression needs in an average fire season without the risk of needing emergency transfers from other departmental accounts.

The 2018 budget also continues efforts to address the challenges of water availability and drought conditions. Within the jurisdiction of the Energy and Water Development Subcommittee, the budget invests \$1.1 billion in Reclamation water resources to ensure millions of customers continue to receive the water and power that are the foundation of a healthy economy.

America's Trust Responsibilities

Interior maintains strong and important relationships with Native and insular communities, helping to promote efficient and effective governance and to support nation-building and self-determination. The Department provides services directly, or through contracts, grants or compacts, to 567 federally recognized Tribes with a service population of nearly two million American Indians and Alaska Natives. The budget prioritizes support for programs serving the broadest service population and proposes reductions in initiatives that are more narrowly focused. The President's budget maintains the Administration's strong support for the principle of tribal self-determination, and efforts to strengthen tribal communities across Indian Country. The budget includes full funding for Contract Support Costs and Tribal Grant Support Costs that Tribes incur from managing Federal Indian programs.

The 2018 budget request includes \$786.4 million to continue support for core Indian education programs, including formula funding and operation and maintenance funding for elementary and secondary schools, and support for post secondary programs. The 2018 budget continues to meet Federal responsibilities outlined in enacted land and water rights claim settlements with Indian Tribes, and includes \$160.8 million for authorized settlements and technical and legal support involving tribal water rights, to maintain the Department's ability to complete these settlement requirements within the statutory timeframes.

In recognition of the importance of the Nation's relationship with Palau and the Pacific national security strategy, the budget requests \$123.9 million of discretionary Department of Defense appropriations to be transferred to the Department of the Interior to support enactment of the 2010 Compact Review Agreement with Palau.

Management and Reform

INFORMATION MEMORANDUM FOR THE SECRETARY

Briefing Daily Summary - June 8, 2017

As part of the President's March 2017, Executive Order on a Comprehensive Plan for Reorganizing the Executive Branch, the Administration launched a government-wide effort to create a leaner, more efficient, and more responsive government. The Order directs agencies to begin planning to operate at the funding levels in the 2018 budget and develop a broader Agency Reform Plan to address long-term workforce reductions. Interior is moving prudently with implementation and has put in place hiring controls to enable limited hiring, prioritizing filling field positions rather than office positions, and limiting hires in the Washington, D.C., and Denver, Colorado, areas. This process enables the Department to continue to fill important positions as work is underway to develop a comprehensive and thoughtful agency plan.

The 2018 budget reduces lower priority programs \$1.6 billion below 2017 and supports 59,968 full time equivalents. This represents an estimated reduction of roughly 4,000 full time equivalent staff from 2017. To accomplish this, the Department will rely on a combination of attrition, reassignments, and separation incentives. Actual attrition rates and acceptance of separation incentives will determine the need for further action to reduce staffing.

Reducing Interior's physical footprint and seeking ways to consolidate space and resources will continue to be management objectives going forward. Efforts will build on several multi-year actions to reduce Interior's nationwide facilities footprint and improve the efficiency and effectiveness of its information technology infrastructure and financial reporting capabilities. Ensuring Interior's cybersecurity strength continues to be a priority. The 2018 budget maintains \$10.0 million in the appropriated working capital fund to continue the Department's remediation of its cybersecurity systems and processes.

Bureau Highlights

Bureau of Land Management – The 2018 request for the BLM is \$1.1 billion, a decrease of \$162.7 million below the 2017 CR level and \$180.5 million below the 2017 enacted level. The budget proposes \$963.2 million for Management of Lands and Resources and \$89.8 million for Oregon and California Grant Lands, BLM's two primary operational appropriation accounts.

The BLM request features increases in oil, gas and coal management programs reflecting national energy security priorities. The budget proposes \$75.9 million for Oil and Gas Management to support permitting and rights-of-way processing, streamline leasing, and modernize practices. The budget also includes \$19.0 million to strengthen BLM's Coal Management program, an increase of \$8.0 million from 2017.

To maintain the BLM's land stewardship responsibilities, the budget includes \$67.8 million for Rangeland Management and \$70.7 million for the Wild Horse and Burro Management program. As part of a broader effort to consider all necessary options to manage the unsustainable growth of this program, the budget proposes to eliminate current appropriations language restricting the BLM's ability to use the tools provided in the Wild and Free-Roaming Horse and Burro Act and enable BLM to manage on-range herds more effectively and humanely. The budget also proposes \$47.2 million for Recreation Resources Management and \$27.7 million to continue support for the National Conservation Land areas.

The budget includes \$89.8 million for the Oregon and California Grant Lands programs. At this level, the budget prioritizes offering the allowable sale quantity in new resource management

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 8, 2017

plans.

Mineral development on Federal lands is important to the national economy. However, a long-standing challenge is to provide a fair return to taxpayers for the use of these natural resources without discouraging development. To meet this challenge, the Department will conduct a study starting in 2017 to evaluate the production and development of hardrock minerals from Federal lands. The review will include an analysis of revenue recovered by other entities, including other countries, which permit mining on their land. The Department will also consult with other appropriate agencies, such as the Department of Agriculture. The findings will be considered as part of ongoing efforts to improve agency management and streamline permitting related to natural resources produced from Federal lands.

Bureau of Ocean Energy Management – The 2018 President's budget for BOEM is \$171.0 million, slightly above the 2017 CR level, including \$114.2 million in current appropriations and \$56.8 million in offsetting collections from rental receipts and cost recoveries. The budget maintains a level program by increasing appropriated funding by \$35.5 million to address a commensurate shortfall in estimated offsetting rental receipts and cost recoveries. The 2018 budget features a \$10.2 million increase to support the development of a new Five-Year Plan for the OCS Oil and Gas Leasing Program.

Bureau of Safety and Environmental Enforcement – The 2018 President's budget request for BSEE is \$204.9 million, slightly above the 2017 CR level, including \$112.0 million in current appropriations and \$92.9 million in offsetting collections from rental receipts, cost recoveries, and inspection fees. The budget maintains a strong offshore safety and environmental enforcement program by increasing appropriations and estimated inspection fee revenue to address anticipated shortfalls in offsetting rental receipts and other cost recoveries. The 2018 budget includes a \$1.2 million increase for technical training to expand staff development efforts for BSEE's inspector, engineer, and geoscientist workforce, and \$12.7 million for oil spill research, a reduction of \$2.2 million from 2017.

Office of Surface Mining Reclamation and Enforcement – The 2018 budget request for OSMRE is \$129.4 million in current appropriations, \$110.7 million below the 2017 CR level. The majority of this reduction reflects the elimination of \$89.9 million for Abandoned Mine Lands Economic Development Grants. Although beneficial, funding for this pilot program overlaps with existing mandatory Abandoned Mine Lands grants which continue without any proposed changes. The budget includes \$60.2 million for State and tribal regulatory grants, a level consistent with anticipated State and tribal program obligations.

U.S. Geological Survey – The 2018 budget request for the USGS is \$922.2 million, \$137.8 million below the 2017 CR level. The budget includes \$70.9 million for satellite operations, which supports continued development of the Landsat 9 ground systems, supporting a launch date in early fiscal year 2021 to replace the Landsat 7 satellite, which is reaching the end of its usable life.

The request emphasizes energy and mineral development, supporting essential hazards monitoring, and providing scientific information to support decision making by resource

INFORMATION MEMORANDUM FOR THE SECRETARY

Briefing Daily Summary - June 8, 2017

managers and policy makers. The budget maintains support for nationwide networks of more than 8,000 streamgages and nearly 3,000 earthquake sensors. The request provides \$17.3 million for nationwide efforts to counter invasive species and wildlife diseases such as white-nose syndrome and highly pathogenic avian influenza, and the budget maintains \$17.3 million for 40 cooperative research units that support State-specific needs, particularly related to fish and game species. It continues acquisition of modern elevation data for Alaska and the three-year cycle of topographic map updates for the contiguous United States.

The 2018 request proposes to realign the 2018 budget structure to create a new Land Resources activity to reflect focused science related to on-the-ground land management and adaptive management challenges. As part of this request, the budget proposes \$17.4 million for the National and Regional Climate Adaptation Science Centers, reflecting the proposed consolidation of eight regional centers to four.

Fish and Wildlife Service – The 2018 President’s budget requests \$1.3 billion for FWS programs, a decrease of \$202.9 million from the 2017 CR level. The budget includes \$1.2 billion for FWS operations, a decrease of \$85.3 million below 2017. Within Resource Management, the budget prioritizes funding to maintain operations and maintenance for the National Wildlife Refuge System (\$470.1 million) and the National Fish Hatchery System (\$51.9 million). Funding will continue operations for all refuge areas and hatchery sites.

The budget includes \$225.2 million for Ecological Services programs with an emphasis on species recovery and planning consultation activities. Consistent with efforts to focus adaptive management related science within the USGS, the request proposes to eliminate funding for Science Support at \$17.0 million and Landscape Conservation Cooperatives at \$13.0 million.

The budget is \$118.6 million for FWS conservation grants including \$52.8 million for State and Tribal Wildlife Grants, \$33.6 million for the North American Wetlands Conservation Fund, \$19.3 million for the Cooperative Endangered Species Conservation Fund, \$9.0 million for the Multinational Species Conservation Fund, and \$3.9 million for Neotropical Migratory Bird Conservation. Consistent with decreases in other land acquisition programs across the Department, the request proposes to eliminate funding for Cooperative Endangered Species Conservation Fund land acquisition grants.

National Park Service – The 2018 President’s budget request for NPS is \$2.6 billion, \$296.6 million below the 2017 CR level.

The budget proposes \$2.2 billion for NPS operations. Within this account, funding is prioritized for the care and maintenance of existing resources. The budget includes \$99.3 million for repair and rehabilitation projects, which addresses the deferred maintenance backlog, as well as \$112.7 million for cyclic maintenance projects, which ensures maintenance is conducted in a timely fashion to avoid increasing the deferred maintenance backlog.

The budget proposes \$226.5 million for Construction projects, an increase of \$34.0 million to help address deferred maintenance and allow for targeted and measurable upgrades to a number of the NPS’s highest priority assets. Within this request is \$18.2 million for phase one construction requirements for the Arlington Memorial Bridge. Also included in the request is \$15.0 million in appropriated funds for the Centennial Challenge program to provide the Federal

INFORMATION MEMORANDUM FOR THE SECRETARY

Briefing Daily Summary - June 8, 2017

match to leverage partner donations for signature projects and programs. An additional \$15.0 million from fee revenue is also anticipated for 2018 to support Centennial projects.

The request provides \$37.0 million for National Recreation and Preservation programs to support local community efforts to preserve natural and cultural resources. The budget assumes savings of \$18.8 million from the proposed elimination of payments to National Heritage Areas. The 2018 budget includes \$51.1 million for the Historic Preservation Fund core grants-in-aid programs. The budget proposes to shift support for Land and Water Conservation Fund State Grants from appropriated to mandatory funding comparable to an estimated \$90 million the program will receive from oil and gas activities from certain Gulf of Mexico offshore leases.

Indian Affairs – The 2018 President’s budget request for Indian Affairs is \$2.5 billion, \$303.3 million below the 2017 CR level. Funding for Operation of Indian Programs totals \$2.1 billion, a decrease of \$181.1 million below 2017. In 2018, priority is given to programs serving the broadest audience rather than initiatives or pilots. Within this total is \$786.4 million for Bureau of Indian Education programs where funding focuses on direct school operations and full funding for Tribal Grant Support Costs. The main operating account also includes \$349.3 million for Public Safety and Justice programs and \$277.5 million for Trust Services programs, which includes the elimination of the Tribal Climate Resilience program.

The budget fully funds Contract Support Costs at \$241.6 million, \$35.4 million below 2017, which will cover all anticipated requirements at the requested program funding level. The budget requests \$143.3 million for Construction programs. The 2018 budget prioritizes dams, irrigation projects, and irrigation systems which deliver water to aid economic development as well as protect lives, resources, and property. The budget prioritizes funding within education construction for operations and maintenance of existing facilities. The budget also includes \$14.0 million to provide payments to ongoing Indian Land and Water settlements and \$6.7 million for the Indian Guaranteed Loan Program.

Departmental Offices

Office of the Secretary – The 2018 budget request for Departmental Operations is \$123.9 million, \$596.5 million below the 2017 CR. The majority of this reduction is \$451.1 million associated with the shift of the Payments in Lieu of Taxes program which was appropriated within Departmental Operations in 2017. In 2018, the budget proposes to fund PILT as discretionary funding within Department-wide Programs. The budget also reflects the proposed transfer of \$140.3 million associated with the Office of Natural Resources Revenue to a new appropriation within Department-wide Programs. The proposed transfer of ONRR funding will increase transparency in the budget for the Department’s energy revenue programs. The 2018 request for remaining Office of Secretary programs reflects a reduction of \$4.0 million from central program management activities across the Office of the Secretary organization. Of this, \$2.6 million is associated with reductions to the Office of Valuation Services consistent with the proposed Department-wide decrease for new land acquisition.

Office of Insular Affairs – The 2018 OIA budget request is \$84.3 million, \$19.0 million below the 2017 CR. In addition, the majority of OIA’s budget proposal reflects a request to fully fund the renegotiated Compact with Palau by transferring \$123.9 million from the Department of Defense, rather than \$13.1 million in extended incremental annual payments. The Compact is an important element of the Pacific national security strategy.

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 8, 2017

Office of the Solicitor – The 2018 budget proposes \$65.7 million for the Office of the Solicitor, the same as the 2017 CR level, to provide legal counsel, administer the Department’s ethics program, and help resolve legal issues among bureaus and offices as they fulfill their duties.

Office of Inspector General – The 2018 budget proposes \$50.0 million for the Office of Inspector General, the same as the 2017 CR level, to continue support for audit and investigations across the Department.

Office of the Special Trustee for American Indians – The 2018 budget requests \$119.4 million for OST, \$19.4 million below the 2017 CR level. The budget proposes a \$3.7 million reduction below 2017 in Field Operations reflecting prioritization of services to continue operations at the beneficiary call center. A reduction of \$3.1 million is proposed within Historical Trust Accounting in expectation of reduced requirements. Smaller additional reductions are taken across the organization.

Department-wide Programs

Payments in Lieu of Taxes – The 2018 budget proposes \$396.9 million in discretionary funding for PILT, a decrease of \$54.3 million from the comparable 2017 CR level of \$451.1 million appropriated in Departmental Operations in 2016. This is a reduction of 12 percent, commensurate with the Department of the Interior’s overall reduction from 2017 CR budget levels.

Office of Natural Resources Revenue – The 2018 budget request includes \$137.8 million for ONRR’s receipts management programs, a decrease of \$2.5 million below the comparable 2017 CR level of \$140.3 million. The 2018 budget request proposes to transfer ONRR’s receipts management program from the Office of the Secretary’s Departmental Operations account to a separate appropriation within Department-wide Programs to increase transparency of the program. The request includes \$3.5 million for anticipated contract cost increases for the Minerals Revenue Management Support System.

Central Hazardous Materials Fund – The 2018 budget requests \$2.0 million for the Central Hazardous Materials Fund, \$8.0 million below the 2017 CR. The budget request funds program management and legal staff. The program will fund the highest priority remediation projects based on the availability of recoveries and focus resources on remediation projects with potentially responsible parties.

Wildland Fire Management – The 2018 budget request for the Wildland Fire Management Program is \$873.5 million. The total request represents a decrease of \$118.3 million from the 2017 CR level for the Wildland Fire Management and FLAME accounts. At this level the request provides \$389.4 million for Suppression Operations to fully fund the 10-year average. To streamline financial management processes and improve the efficiency in allocating suppression funding, the Department proposes to fund all suppression activities in the Wildland Fire Management account and eliminate the separate FLAME Wildfire Suppression Reserve Fund account once all current balances in the FLAME account are drawn down. The request also includes \$322.2 million for Preparedness activities, essentially level with 2017, and \$149.5 million for Fuels Management, \$20.2 million below 2017.

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 8, 2017

Natural Resource Damage Assessment and Restoration – The 2018 request for NRDAR is \$4.6 million, a decrease of \$3.2 million below the 2017 CR level. The budget includes funding needed for ongoing damage assessments and restoration activities.

Working Capital Fund – The 2018 budget proposes \$59.5 million for the appropriated portion of the Department’s Working Capital Fund, a decrease of \$7.5 million from the 2017 CR level. The reduction is from funds requested for the Financial and Business Management System which is proposed at \$46.3 million. The request maintains \$10.0 million for Department-wide Cybersecurity needs.

Legislative Proposals

Bureau of Reclamation Title Transfer – The Administration is developing a proposal to better facilitate title transfer of Reclamation facilities to non-Federal entities when such transfers are beneficial to all parties. This proposal will allow local water managers to make their own decisions to improve water management at the local level, while allowing Reclamation to focus management efforts on projects with a greater Federal nexus.

Cancel Southern Nevada Public Land Management Act Account Balances – The budget proposes legislation to cancel \$230.0 million in unobligated balances from the Southern Nevada Public Land Management Act program over a three year period. This would redirect a portion of the program balances to the Treasury for broader taxpayer use. The SNPLMA program is not proposed for elimination and viable conservation efforts will continue to be supported.

Gulf of Mexico Energy Security Act Payments – The Administration proposes to repeal revenue sharing payments to four coastal States – Alabama, Louisiana, Mississippi, and Texas – and their local governments, which are currently set to expand substantially starting in 2018. This proposal will ensure the sale of public resources from Federal waters owned by all Americans, benefits all Americans. Mandatory funding for LWCF State Grants would continue, but this legislative proposal would replace GOMESA’s complicated allocation formula with a fixed annual appropriation of a comparable dollar amount, starting at \$90.0 million in 2018 and increasing to \$125.0 million in 2022 and remaining at \$125.0 million each year thereafter.

Land and Water Conservation Fund – The LWCF receipts authorization expires at the end of fiscal year 2018 and the Administration will review options for reauthorization, including consideration of a range of conservation-related investments that could be funded through the LWCF.

Oil and Gas Leasing in the Arctic National Wildlife Refuge – The Administration will propose legislation to allow oil and gas leasing in the coastal plain of the Arctic National Wildlife Refuge also known as the “1002 area.” The budget assumes lease sales would begin in 2022 or 2023, allowing adequate time for the completion of appropriate environmental reviews and an updated assessment of the state of the oil and gas market and lease bidding potential prior to scheduling specific lease sales. An additional lease sale or sales would be held in 2026 or 2027. Lease sales in the ANWR are estimated to generate \$3.5 billion in bonus bids to be split between the U.S. Treasury and the State of Alaska. The proposal is estimated to generate a net of \$1.8 billion in new revenue to the Treasury over 10 years.

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 8, 2017

Reauthorize the Federal Land Transaction Facilitation Act – The budget assumes permanent reauthorization of FLTFA’s land sale authority, allowing Interior to dispose of lands with low conservation value and use the proceeds to acquire lands with higher conservation values, consistent with the original FLTFA mandate.

Recreation Fee Program – The budget proposes to permanently reauthorize the Federal Lands Recreation Enhancement Act, which currently expires in September 2018. As a precaution, appropriations language is also submitted with the budget proposing a one-year extension through September 2019. The revenues collected by Interior from these recreation fees – nearly \$290 million annually – are an important source of funding for land management operations, maintenance, and improvements to recreation facilities on public lands.

Termination of EPA Act Geothermal Payments to Counties – The budget proposes to restore Federal geothermal leasing revenue allocations to the historical formula of 50 percent to the States and 50 percent to the U.S. Treasury by repealing Section 224(b) of the Energy Policy Act of 2005.

Offsetting Collections and Fees

Bureau of Safety and Environmental Enforcement Offshore Inspection Fees – The budget includes appropriations language to amend the current fee structure for BSEE inspection fees to better align with BSEE’s inspection practices and program costs. The language structures fees charged for the inspection of offshore facilities to distinguish between those “without processing equipment” or “with processing equipment” and incorporate consideration of the number of wells and water depth. These changes to the fee structure are estimated to generate \$65.0 million in 2018.

National Wildlife Refuge Damage Cost Recovery – The budget includes appropriations language to authorize the FWS to retain recoveries from responsible parties to restore or replace damages they cause. This is similar to authorities provided to the NPS for damages to national parks and monuments.

Conclusion

Thank you for the opportunity to testify on the President’s 2018 budget request for the Department of the Interior.

In closing, this is a responsible budget to help balance the Federal budget by 2027. It maintains core functions important to the American people, including providing the public the unique American experience that comes from visiting our parks, refuges, and public lands. It reflects tough choices to prioritize and focus limited resources where investments have the most impact, but continues to deliver access and services which are critical to Americans. I thank you again for your continued support of the Department’s mission. I look forward to answering questions about this budget. This concludes my written statement.

THE WHITE HOUSE

WASHINGTON

ADDENDUM – NON-POTUS PORTIONS OF INFRASTRUCTURE SUMMIT WITH STATE AND LOCAL LEADERS

Thursday, June 8, 2017

12:15 p.m. – 3:00 p.m

Indian Treaty Room and War Room Suite, EEOB

Rick Dearborn, Gary Cohn, & Reed Cordish

I. PURPOSE

This memo provides further perspective for senior White House staff and Cabinet Secretaries participating in the non-POTUS components of the Infrastructure Summit with State and Local Leaders, specifically the following sessions:

- 12:15 p.m. – 1:00 p.m.: Working Lunch – remarks by VPOTUS (Indian Treaty Room)
- 1:15 p.m. – 2:05 p.m.: Working Session – Round 1 (EEOB, War Room Suite)
- 2:10 p.m. – 3:00 p.m.: Working Session – Round 2 (EEOB, War Room Suite)

The Infrastructure Summit with State and Local Leaders is part of the White House Infrastructure Week. The summit provides a key opportunity to highlight the Administration's commitment to improving our nation's infrastructure and garner support from State, local, and tribal officials. A bipartisan group of nearly 30 State, local, and tribal elected officials will participate along with key members of their staff – for example, the transportation directors of three states will also be in attendance.

Approximately 16% of all infrastructure funding comes from the Federal Government with the remainder split between State, local, and private sector entities. State and local governments own the vast majority of governmental infrastructure; thus, we are working with State and local leaders to develop policies that strategically utilize Federal dollars in targeted ways that incentivize State, local, and private sector investments. In addition, State and local governments that build infrastructure are subject to a frustrating array of Federal permitting restrictions, and their input will be vital to improve how we permit infrastructure projects.

II. INFORMATION ON VARIOUS SESSIONS

Working Lunch (12:15 p.m. to 1:00 p.m.): To open the Summit, the lunch session will include a brief welcome, followed by remarks by the Vice President, and then informal conversations at each table. Cabinet Secretaries and White House staff are encouraged to spread-out and interact with various state and local officials. The press pool may be invited to attend the Vice President's remarks – if they do, they will be escorted out at the conclusion of his remarks. The working lunch flow will be:

- Rick Dearborn, Assistant to the President & Deputy Chief of Staff welcomes guests and introduces the Vice President (Vice President enters room upon introduction at 12:20)
- Vice President gives remarks (8 to 10 minutes).
- Vice President joins table of governors, Mr. Rick Dearborn, Assistant to the President; Mr. Christopher Liddell, Assistant to the President; for informal conversation for 20 minutes. Vice President will depart at between 12:50 and 1:00. Note, other senior

Federal officials should disperse to other tables to spend time with the other State, local, and tribal officials.

- Informal conversations continue until 1:05 p.m. when announcement made by Intergovernmental Affairs (IGA) to move to first round of working sessions. IGA staff will help move the group from the Indian Treaty room to the Secretary of War suite, which is on the second floor of the Eisenhower Executive Office Building.

Working Sessions: The next portion of the summit will be two rounds of working sessions, led by Cabinet Secretaries and White House staff as outlined below:

Participant	Round 1	Round 2
Reed Cordish, Assistant to the President	Transformative Infrastructure	Transformative Infrastructure
DJ Gribbin, Special Assistant to the President	Permitting & Innovative Contracting (Co-Present)	Permitting & Innovative Contracting (Co-Present)
Secretary Ryan Zinke	NA	Permitting & Innovative Contracting (Co-Present)
Secretary Wilbur Ross	Permitting & Innovative Contracting (Co-Present)	Energy Infrastructure (Co-Present)
Michael Catanzaro, Special Assistant to the President	Energy Infrastructure	Energy Infrastructure (Co-Present)
Secretary Elaine Chao	Transportation Infrastructure	Transportation Infrastructure
Secretary Sonny Perdue	Rural Infrastructure	Rural Infrastructure

The working sessions are CLOSED Press. The discussion leaders for each session (listed above) will lead the discussion for their assigned 50-minute sessions. The discussion leaders should set the expectation that one or two individuals from the group may be asked to help report key findings and anecdotes during the session with the President later in the day –these report-outs should be narratives with key points woven into the discussion. In short, they should tell a story. Intergovernmental Affairs staff will provide a 5-minute warning before the end of each session, so each group can summarize key thoughts and anecdotes. Note, during the session with the President later in the day, Gary Cohn, Assistant to the President will moderate the discussion and he will call on the discussion leaders for very brief introduction of their working session topic and to introduce the designated participants who will report-out to the President.

Please see attached list for full listing of session participants.

The flow of the two working sessions will be:

Working Session -- Round 1 (1:15 p.m. to 2:05 p.m.):

- IGA personnel will help escort participants to the right breakout room. (1:05 p.m.)
- The session leader(s) will kick-off the conversation with some opening thoughts and then moderate the discussion with the group. (1:15 p.m.)
- IGA staff will give a five-minute warning before the end of the session. (2:00 p.m.)
- IGA staff will announce the end of the session and help transition participants to their next assigned room (5 minutes allotted for transition). (2:05 p.m.)

Working Session -- Round 2 (2:10 p.m. to 3:00 p.m.):

- IGA personnel will help escort participants to the right breakout room. (2:05 p.m.)
- The session leader(s) will kick-off the conversation with some opening thoughts and then moderate the discussion with the group. (2:10 pm)
- IGA staff will give a five-minute warning before the end of the session. (2:55 pm)
- IGA staff will announce the end of the session and help transition participants to the White House State Room for the roundtable discussion with the President. During the transition period, discussion leaders should huddle with DJ Gribbin to finalize who would be best to call-upon during the roundtable discussion. (3:00) There is a 30 minute transition period between the last working session and the roundtable with the President.

Note, White House and agency personnel are welcome to participate in any working session(s) of interest.

III. ENCLOSURES

State and Local Participants Working Group Assignments
Biographies for State and Local Leaders

State and Local Attendees: Infrastructure Working Group Session Assignments

Participant	Round 1	Round 2
Governor Kay Ivey (AL)	Rural Infrastructure	Transportation Infrastructure
Governor Doug Ducey (AZ)	Permitting & Innovative Contracting	Transformative Infrastructure

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 7, 2017

FROM: Christine Bauserman, 202-706-9330

OVERVIEW:

Today you have two briefings:

- 1. Preparation for Hearing with House Interior Appropriations Subcommittee on the 2018 Budget**
 - 2. FY 2018 Budget Talking Points**
-

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 7, 2017

TIME: June 8, 2017

SUBJECT: Preparation for Hearing with House Interior Appropriations Subcommittee on the 2018 Budget

I. STATEMENT OF PURPOSE

This memo describes upcoming meetings planned for June 5th and 7th to help prepare you for your June 8th hearing before the House Interior Appropriations Subcommittee on the 2018 Budget, as well as the three budget hearings scheduled for the week of June 19th.

II. BACKGROUND

The June 8, 2017, hearing before the House Interior Appropriations Subcommittee is an opportunity for you to build upon the goodwill from your informal May 4th Roundtable discussion. The Subcommittee Members have now seen the details of the 2018 budget and will ask specific funding as well as broader policy questions. The hearing is scheduled from 9:30am to 11:30am and is open to the media and the public. I will accompany you at the witness table along with Denise Flanagan, the Department's Budget Director. Adrienne Moss and Tricia Hall from your Office of Budget will also attend and provide backup as needed.

III. DISCUSSION

We have blocked time on your schedule to meet with you twice before the hearing for an hour and a half at each meeting to prepare.

On Monday, June 5th we will walk you through a small briefing book which includes an oral statement and Questions and Answers updated from those you used for the Budget Roll-Out press conference. At this first meeting we will focus on the major policy issues which may come up at all your upcoming budget hearings.

On Wednesday, June 7th we will focus on specific Member questions likely to come up at the June 8th hearing. We will have touched base with the Appropriations Subcommittee staff and personal staff of the Subcommittee Members to discuss potential Member questions. For your reference we will add Questions and Answers related to the Member interests to your briefing book. We will give you a new Member interests section for each hearing and update your briefing book.

We will have two identical briefing books, one for you to keep in your office, and one we will have for you at the hearing table.

IV. NEXT STEPS

After the June 8th hearing, you are scheduled for the following budget hearings:

- June 20, Senate Energy and Natural Resources Committee
- June 21, Senate Interior Appropriations Subcommittee

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 7, 2017

- June 22, House Natural Resources Committee

We are working with Micah and his Congressional Liaison staff to coordinate hearing preparation. Micah will have the lead to get specific Member information for the June 20th and June 22nd Authorizing Committee hearings. We will have the lead to gather Member information for the June 21st Appropriations Committee hearing. Denise and I will join you at the witness table for all of the budget hearings. We are currently on your schedule for June 19th to review specific Member interests for these hearings.

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 7, 2017

SUBJECT: Secretary's FY 2018 Budget Talking Points for House Interior Appropriations Subcommittee Hearing

Full Committee Chairman Frelinghuysen
Full Committee Ranking Member Lowey
Chairman Calvert
Ranking Member McCollum

Thank you for the opportunity to testify today in support of the President's 2018 Budget for the Department of the Interior. And, Happy Birthday to Chairman Calvert!

I request permission to submit my entire statement for the record.

President Trump has a responsible plan to put America back on track for a balanced budget in 2027, after a decade of deficit spending. I commend the President for offering America a blueprint for a balanced budget. To be sure, we made tough decisions, but I am confident we funded the highest priorities.

The Department of the Interior touches the lives of more Americans than any other Department. We deliver water to the West, manage wildlife refuges and historic sites in the East, and provide for energy development off our coasts. The Department is about national parks and so much more.

The President's 2018 budget proposes \$11.7 billion and saves taxpayers \$1.6 billion. We make strategic investments in the future of our nation's energy, public lands infrastructure, and security.

The President's budget prioritizes America's energy independence with an all-of-the-above energy strategy that includes oil, gas, coal and renewable energy development. We also will focus on boosting revenue through legislative proposals to raise \$5.8 billion.

In 2008, the Department brought in just over \$18 billion in offshore revenue. Last year, that number was just above \$2 billion. That lost revenue could have covered the National Park Service's \$11.3 billion deferred maintenance backlog with some left over to cover Interior's entire \$15 billion deferred maintenance backlog.

Interior's energy resources bring in revenue to offset the budget. I re-established the Royalty Policy Committee to make sure we are getting full value for our energy resources. We will be looking at all energy revenue, including renewable sources

INFORMATION MEMORANDUM FOR THE SECRETARY

Briefing Daily Summary - June 7, 2017

like wind and solar, to make sure taxpayers get the benefit from the full value of America's resources.

When it comes to infrastructure, we plan to take care of what we already own, rather than acquiring new lands and assets we cannot afford to maintain.

I've been to Utah, Wyoming, Montana, California, Alaska and other States and Territories in recent months. I have seen the deteriorating infrastructure, especially in our national parks. The budget focuses on National Park Service construction and maintenance which represents 73 percent of Interior's deferred maintenance backlog.

The budget calls for a \$35 million increase for a total of \$766 million for National Park Service infrastructure, and this includes \$18 million for the first phase of repairing the Arlington Memorial Bridge.

The budget invests in Interior's water and power infrastructure in the West and gives land and water managers the tools they need to carry out stewardship responsibilities.

We've made investments in USGS core science, bringing climate science research under one umbrella to prevent duplicative grants and programs.

For the first time in many years, Payments in Lieu of Taxes (PILT) is part of the discretionary budget request. PILT provides a 12 percent savings at \$397 million, the same percentage of savings we have across the Department.

We fully funded fire suppression at the ten year average.

And, we supported Indian Trust responsibilities with a focus on self-government, self-determination and sovereignty.

We were able to find savings by reducing lower priorities like:

Reducing Federal land acquisition, eliminating some programs and allowing States, local communities and private partners to take the lead on others.

At the end of the day, we had to make tough decisions. This budget will encourage the Department to be more innovative and look at creative ways to manage programs and increase revenues.

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - June 7, 2017

We can and will maintain our assets, offer a world-class experience on public lands, and deliver savings to the taxpayer, whether it's through public-private partnerships, encouraging responsible energy development, or reorganizing the workforce.

In closing, this budget is about America and doing the best for the American taxpayer.

I appreciate that this Subcommittee has strongly supported the Department's mission and I look forward to working closely with you to advance the President's priorities.

I'm happy to take your questions. I have my great team of budget experts with me and we can always follow up with you for the record.

Friday, June 2

6:10pm MDT-7:23pm MDT:

Wheels up Boise, ID (BOI) en route Salt Lake City (SLC)

Flight: Delta 4610

Flight time: 1 hour, 13 minutes

RZ Seat: 5B

7:23-8:24pm MDT: Layover in Salt Lake City, UT // 1 hour, 1 minute layover

8:24pm MDT-9:26pm PDT:

Wheels up Salt Lake City, UT (SLC) en route Los Angeles, CA (LAX)

Flight: Delta 1211

Flight time: 2 hours, 2 minutes

RZ Seat: 11D

Sunday, June 4-Monday, June 5

10:30pm PDT-5:38am EDT:

Wheels up Los Angeles, CA (LAX) en route Cincinnati, OH (CVG)

Flight: Delta 1314

Flight time: 4 hours, 8 minutes

RZ Seat: 14C

5:38-7:00am EDT:Layover in Cincinnati, OH // 1 hour, 22 minute layover

7:00am EDT-8:24am EDT:

Wheels up Cincinnati, OH (CVG) en route Washington, DC (DCA)

Flight: Delta 6191

Flight time: 1 hour, 24 minutes

RZ Seat: 9C

We have until ~10AM AKDT to change them so let me know ASAP if you do. This was the earliest you could get to CA post-NIFC visit and the cheapest of the two options to get back to DC in time (they left roughly around the same time).

See you Thursday in Idaho,
Caroline

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - May 23, 2017

FROM: Christine Bauserman, 202-706-9330

OVERVIEW:

Today you have two meetings/briefings:

11:00 - 12:00 am Meeting with Scott Angelle

03:45 - 04:00 pm Call with Senator Tillis

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - May 23, 2017

TIME: 11:00 - 12:00 am

SUBJECT: Meeting with Scott Angelle

I. STATEMENT OF PURPOSE

To meet with the new BSEE Director Scott Angelle.

II. BACKGROUND

see attachments

III. DISCUSSION

Describe the issue, topic, or event being briefed and include relevant actions or policy implications. If recommending a particular action for the Secretary, add it in brackets, as in the example below.

IV. ATTACHMENTS

Available in Briefing Book:

- A. News Release
- B. Biography

INFORMATION MEMORANDUM FOR THE SECRETARY

Briefing Daily Summary - May 23, 2017

TIME: 03:45 - 04:00 pm

SUBJECT: Call with Senator Tillis

I. PURPOSE

Sen. Tillis requested a call with the Secretary to discuss a specific budget issue within N.C. dealing with overdue payments to Swain County, NC. He would like to discuss a path forward on ensuring that the federal government fulfills its obligation.

II. TALKING POINTS

In the FY 2012 Consolidated Appropriations Act, \$4 million dollars was appropriated but never released to Swain County. While it has been argued that DOI does not have the authority to release the money due to a technical interpretation of the President's budget, it is the Senator's understanding that DOI does have the ability to release the money without additional congressional authorization. GAO also came to the same conclusion in a study done in 2012.

Senator Tillis would also like to discuss the remaining \$35 million and express his support for ensuring the rest of the payment is carried out. Swain County is a highly rural county that Sen. Tillis believes fell by the wayside during the last administration because it was not politically important enough.

This issue was brought up in the 9 am meeting. The intention was to add a small budget line in the FY18 budget to get the process going and let Congress up the money if they deemed it appropriate. However, it does not look like that budget line was included in this cycle. Would be best to thank him for his input and say you'll work with him in the future.

III. KEY FACTS/HOT TOPICS

Sen. Tillis recently collapsed at a 5k race after getting overheated. He's in good health now, but would be good to comment that you're glad he's doing well, maybe offer to go running with him.

IV. BACKGROUND

In 1943, the federal government promised to rebuild the 30-mile North Shore Road that was flooded to build the Fontana dam. In 2007, the NPS agreed to a cash settlement of \$52 million instead of the rebuilding the road, because the County no longer needed the road. To date, DOI has provided the county with \$12.8 million of the total \$52 million.

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - May 19, 2017

FROM: Christine Bauserman, 202-706-9330

OVERVIEW:

Today you have briefings for three phone calls, one Fox News interview and one meeting.

10:45 - 11:15	am	Call with Rep. Tom Cole
11:30 - 12:00	am	Call with Rep. Culberson
01:15 - 01:45	pm	Call with Rep. Greg Walden

=====

INFORMATION MEMORANDUM FOR THE SECRETARY

Briefing Daily Summary - May 19, 2017

TIME: 10:45 - 11:15 am
SUBJECT: Call with Rep. Tom Cole

I. PURPOSE

The Congressman wants to talk about two land into trust applications in Oklahoma (Chickasaw and Shawnee).

II. TALKING POINTS

The Secretary stopped this bill last decision. Both sides are anxious for resolution, but this would be a contentious loss and waste of time and effort to change course now. It would also have implications on other land into trust for gaming cases.

III. KEY FACTS/HOT TOPICS

These land into trust applications for gaming are for landless tribes and are far from their historical and physical locations.

IV. BACKGROUND

This deal was put into place under the last administration. It received the Governor's approval, but the Dept. put it on hold under the Secretary's direction. Generally speaking the two related delegations are split on the issue. Kansas Senators, Sen. Dole and Sen. Lankford oppose and Sen. Inhofe, Gov. Fallon and Rep. Cole support in general.

INFORMATION MEMORANDUM FOR THE SECRETARY

Briefing Daily Summary - May 19, 2017

TIME: 11:30 - 12:00 am
SUBJECT: Call with Rep. Culberson

I. PURPOSE

Rep. Culberson would like to talk with the Secretary regarding public private partnerships as it regards the NPS, particularly the Gettysburg Partnership model.

II. TALKING POINTS

Rep. Culberson met with the Gettysburg Foundation and the Mr. Clark, the Superintendent of Gettysburg and was very impressed with what they have accomplished through their public-private partnership. The Congressman would like to work with the Secretary to determine how the NPS can incentivize local entities to establish more of these non-profit organizations, and prioritize funding for parks that have public-private partnerships because of their ability to leverage federal funding with private funding. Another potential topic is the Helium Fund. Gettysburg has applied for this grant program and the Congressman is supportive of their application.

Lastly, the Congressman is supportive of a provision in the Interior budget that calls for the repeal of Davis-Bacon requirements. The Gettysburg Foundation has indicated in meetings with him that it would be a significant cost saving that would allow them to complete more preservation work.

III. KEY FACTS/HOT TOPICS

The foundation runs the only privately-owned and operated visitor center in the national park system. The facility cost \$103 million to build, with \$48 million privately raised, \$15 million from the federal government, \$20 million from Pennsylvania, and \$20 million from bonds. The annual revenues from the visitor center cover all of its expenses, as well as providing NPS program support.

IV. BACKGROUND

Rep. Culberson is an appropriator, so he crafts the bills that give us funding. In addition, the Secretary consistently opposed the appropriations amendment to lift Davis Bacon protections when he was in the House.

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - May 19, 2017

TIME: 01:15 - 01:45 pm

SUBJECT: Call with Rep. Greg Walden

I. PURPOSE

Chairman Walden would like to discuss monument designations, O&C forest issues, Hammond grazing permits and potential DOI positions.

II. TALKING POINTS

Congratulate him on becoming Energy and Commerce Chairman.

He opposes the O&C BLM RMP. His statement is below:

“Last month, the Bureau of Land Management released their proposed Resource Management Plan for Oregon's unique O&C lands in southern and western Oregon. And frankly, it's a terrible plan. Despite a clear statutory requirement that they manage these lands for sustainable timber production and revenue to the counties, dare I say jobs in the communities, the BLM's plan goes the other way. It locks up 75% of the lands and harvests less than half the minimum level directed by the O&C Act. This is a job killer.”

He wants to recommend some candidates for DOI positions, particularly Solicitor.

He also wants to discuss the possibility of reinstating the Hammond's grazing permits. This is the Hammonds who had the standoff at the Malheur Wildlife Refuge. Could possibly be solved by mediation and could restore trust locally.

III. BACKGROUND

Rep. Walden was just named Chairman of Energy & Commerce.

The BLM RMP for O&C lands has timber community very upset as it locks up substantial resources for communities that live off these lands.

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary -, 2017

FROM: Christine Bauserman, 202-706-9330

OVERVIEW:

Today you have four/briefings:

11:30 - 12:30 am: The Everglades
02:00 - 02:30 pm Alaska Federation of Natives
02:30 - 03:00 pm Rocky Mountain Elk Foundation
03:30 - 04:00 pm Meeting with Representative Collins & Delaware North

TIME: 11:30 - 12:30 am
SUBJECT: The Everglades

I. STATEMENT OF PURPOSE

To bring Secretary Zinke up to date about the history of the Everglades, the current political climate, and how it involves the Department of the Interior.

II. BACKGROUND

The State of Florida and the federal government have been trying to regulate water, conserve habitat, and accommodate one of the fastest and largest population growths in America.

III. DISCUSSION

Some of the decisions being made on behalf of the Everglades involve studies of legal and engineering complexity. It is advisable to have a general understanding of the history of the Everglades in order to help navigate some of the public business occurring within the region.

IV. NEXT STEPS

1. Work with the Solicitor's office to get a better understanding of the consent decree - regarding the agreement between the state and the federal government.
2. Manifest working relationship with Florida Governor Rick Scott's office.
3. Understand the concerns regarding the Endangered Species Act and how it affects the Army Corps of Engineers' ability to redirect water supplies.

INFORMATION MEMORANDUM FOR THE SECRETARY

Briefing Daily Summary -, 2017

TIME: 02:00 - 02:30 pm
SUBJECT: Alaska Federation of Natives

I. STATEMENT OF PURPOSE

You are meeting with the Alaska Federation of Natives (AFN) to discuss their organization and opportunities for collaboration between AFN and the Department.

II. BACKGROUND

AFN is the largest statewide Native organization in Alaska. Its mission is to enhance and promote the cultural, economic and political voice of the entire Alaska Native community. AFN membership includes 151 federally-recognized tribes, 134 village corporations, 12 regional corporations, and 12 regional nonprofit and tribal consortia that contract and compact to run federal and state programs.

The President of AFN is Julie Kitka (Chugach Eskimo). AFN is governed by a 38-member Board. AFN holds an annual convention every October which is the largest annual gathering of Native people in the United States. The 2017 convention is scheduled for October 19-21 in Anchorage.

III. DISCUSSION

AFN could discuss the following topics:

Co-Management: Alaska's fish and wildlife resources are vital to the food security of Alaska Natives. AFN seeks to expand the number of cooperative management agreements between tribes and the United States for the management of federal lands and resources.

In 2016, the Department entered into a cooperative management demonstration project with the Ahtna Intertribal Resources Commission regarding the allocation and harvest of moose and caribou on federal lands in the Ahtna region. Another example of co-management is the agreement between the Kuskokwim Inter-Tribal Fish Commission River and the Department regarding fishery management in the federal public waters of the Kuskokwim River drainage.

Energy: The high cost of fuel presents an issue for many rural Alaska communities, which rely on diesel oil for heating and generating electricity. The cost of fuel creates a crippling effect on rural economies and poses hardship on many families. There have been efforts to harvest energy from local renewable energy resources resulting in a more efficient, lower cost system.

Public Safety: Alaska is one of six "mandatory P.L. 280" states. This means the Federal government does not have criminal jurisdiction; rather, the State of Alaska has jurisdiction and enforces the State's criminal code using state and local law enforcement officers. Because it is a mandatory P.L. 280 state, BIA does not provide any funding for law enforcement officers in Alaska. Prior to 2016, BIA did not provide tribal court funding to tribes in Alaska and other mandatory P.L. 280 states. In many parts of Alaska, the absence of tribal courts means that there is no court to adjudicate civil cases, family court actions, and lower level crimes. Alaska Native women suffer from high rates of domestic violence and sexual assault, which often go unprosecuted due to limited court resources, among other reasons. In FY 16 and FY 17 Congress appropriated an additional \$10 million to address tribal court needs in P.L. 280 states and the BIA is working to provide funding to such courts.

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary -, 2017

TIME: 2:30 - 3:00 pm
SUBJECT: Rocky Mountain Elk Foundation

I. STATEMENT OF PURPOSE

The Rocky Mountain Elk Foundation (RMEF) Director of Government Affairs and board members would like to give input concerning our monument review, their partnership with BLM, and other local and legislative issues.

II. BACKGROUND

The RMEF is committed to: conserving, restoring and enhancing natural habitats; promoting the sound management of wild elk, which may be hunted or otherwise enjoyed; restoring elk to their native ranges; and educating members and the public about habitat conservation and our hunting heritage. RMEF has protected and enhanced 7.1 million acres of land, consists of 222,000+ members nationwide, and involved with 10,469 conservation/land protection projects around the country.

III. DISCUSSION

Topics of discussion may include the “Madison River” project receiving LWCF funding, legislative forestry reform, developing litigation reform, and potentially having Secretary Zinke speak at the Outdoor Writers Association of America (OWAA) conference held June 24-26 of 2017.

IV. NEXT STEPS

- Future RMEF engagement with BLM, LWCF, or other DOI departments
- Possible speaking engagement in June for OWAA

INFORMATION MEMORANDUM FOR THE SECRETARY

Briefing Daily Summary -, 2017

TIME: 3:30 - 4:00 pm
SUBJECT: Meeting with Representative Collins & Delaware North

I. STATEMENT OF PURPOSE

The opening sentence should clearly state the purpose of the memo (i.e. to inform/update the Secretary (i.e. to inform the Secretary about an issue, topic, or event he has a need to be aware of). Briefing memos should NOT raise issues for decision.

II. BACKGROUND

Delaware North is headquartered in Buffalo, New York and is led by Chairman Jeremy M. Jacobs and his sons Jerry, Jr., Lou and Charlie, who serve as CEOs. The company includes food and retail operations at airports and sports venues, ownership of the Boston Bruins and TD Garden in Boston, operations of parks and major tourist attractions (Delaware North Parks & Resorts), hotel ownership and management, gaming operations, and Patina Restaurant Group, a premium restaurant and catering brand. Delaware North operates on four continents and employs 55,000 people.

Attendees:

- Congressman Chris Collins
- Jerry Jacobs, Jr. — Co-CEO, Delaware North
- Jim Houser – Group President, Delaware North
- Scott Socha – President of Parks and Resorts, Delaware North
- Michael Hook – Chief of Staff, Rep. Collins

III. DISCUSSION

Delaware North recommends the following NPS action in five areas – activities, maintenance backlog, bidding process, operating deficit, and Leaseholder Surrender Interest (LIS)– to help ensure a healthy and robust parks system for future generations. Delaware North does have pending litigation with the Dept. regarding trademark issues. They are aware, as is the Congressman’s staff, that this issue should not be brought up in the meeting. DOI Solicitor's office will be in attendance as well.

IV. NEXT STEPS

This is just an overview from Delaware North regarding how NPS works with concessionaires. Best to listen and if good ideas are brought to attention, implement them.

INFORMATION MEMORANDUM FOR THE SECRETARY
Briefing Daily Summary - May 16, 2017

FROM: Christine Bauserman, 202-706-9330

OVERVIEW:

Today you have meetings/briefings:

05:00 - 06:00 pm NEC Principals Meeting: Infrastructure

INFORMATION MEMORANDUM FOR THE SECRETARY

Briefing Daily Summary - May 16, 2017

INFRASTRUCTURE PRINCIPALS MEETING AGENDA AND WORKSHEET May 16, 2017

- (1) Overview, today's purpose and update from last Principals meeting
- (2) Our vision and general policy approach
 - Pursuing transformative projects
 - Leveraging federal resources
 - Aggressive permitting reform
- (3) The President has spoken about "asking Congress to approve legislation that produces a \$1 trillion investment in the infrastructure of the United States – financed through both public and private capital." The budget has a \$200 billion placeholder for the federal commitment.

Are we comfortable with that amount? YES NO
- (4) How will we finance the \$200 billion federal portion of the \$1 trillion needed for the infrastructure initiative?
 - A. Sell assets
 - B. Cut spending
 - C. Create new or increase existing federal revenue streams (e.g. gas tax)
 - D. Find a one-off revenue raiser (e.g. repatriation)
 - E. \$200 billion in deficit spending
- (5) How will we use \$200 billion in supplemental infrastructure funding?
 - A. Hold current programs as-is
 - B. Grants for rural infrastructure
 - C. Grants to states/municipalities willing to engage in self-help
 - D. Support for transformative projects
 - E. Expanding lending programs like TIFIA, WIFIA and RRIF
 - F. Formula program to states with earmarking
- (6) Should we create an infrastructure bank?
- (6i) If we do not create an infrastructure bank, should we pursue other organizational structures?
 - A. Create new office in a government agency to consolidate grant and loan programs
 - B. Create new position in the White House to develop a coherent, government-wide approach to grants/loans
 - C. Expand existing federal grant and loan programs

Hey boss,

For this weekend, there are a few things:

- The latest flight we can get you on for Monday is the 2:40PM flight out of FCA, short layover in Denver, land at IAD at 10:55PM. To be able to have a government fare applied to your flight so you'd essentially only pay the ~\$35 change fee and some change, you'll need to fly United. No DCA flights available unfortunately.
- General Law has determined that after the Gianforte event on Friday ends, your schedule then becomes personal travel so you, not DOI, are on the hook for paying for travel after that point. This includes your hotel room and reimbursing for the rental car charges/gas for travel from Billings to Whitefish/Kalispell. The rental car reimbursement is due to the fact that it's a substantial amount of transportation being provided by the Department for a personal deviation, which the agency is not allowed to pay for. They'll calculate this after the trip is over so you won't need to worry about it for now.

Let me know what your thoughts are on the flight (it was the cheapest as well so you'll barely have to pay anything extra). Newest trip itinerary and briefing papers are attached.

DAILY ELECTRONIC BRIEFING SUMMARY FOR SECRETARY ZINKE

May 12, 2017

DAILY ELECTRONIC BRIEFING SUMMARY FOR SECRETARY ZINKE

Friday, May 12, 2017

FROM: Christine Bauserman, 202-706-9330

OVERVIEW:

Today you travel from San Diego to Billings, Montana where you, the VPOTUS, local and State legislators, employees and Tribal representatives will tour the Westmoreland Coal Company property by vehicle and horse. You will then have a roundtable discussion with Tribal leaders and Absaloka Mine Energy Producers.

You have one briefing for both events followed by talking points.

12:29-1:15	pm:	Wheels down Billings, MT
2:45-2:50	pm:	Arrive at Westmoreland Coal Company, Hardin, MT
2:50-3:45	pm:	Tour of Westmoreland Coal Company Property on Horseback
4:00-4:30	pm:	Roundtable with Tribal Leaders & Absaloka Mine Energy Producers

United States Department of the Interior

DAILY ELECTRONIC BRIEFING SUMMARY FOR SECRETARY ZINKE

May 12, 2017

TIME: 04:00 - 4:30 pm

SUBJECT: Tour of Absaloka Mine; Roundtable with Crow Nation and Westmoreland Coal Company

I. STATEMENT OF PURPOSE

This memo provides background and talking points on both the tour of the Absaloka Mine on the Crow Reservation and the roundtable between with the Crow and Westmoreland Coal Company. These points are specific to the Crow Nation.

II. BACKGROUND

- The Crow Nation of Montana consists of 14,000 enrolled citizens, 9,000 of which reside within the reservation. Approximately 58 percent of their total membership is under the age of 30, which reinforces the importance of making long-term investments in the economic potential of the reservation. In the case of the Crow, this energy takes the form of clean coal.
- Due to Obama Administration policies and regulations, the Tribe has faced significant hardships when attempting to develop their estimated 9 billion tons of coal such as the loss of jobs, government and emergency services, and essential revenues. The current unemployment rates sit at roughly 25 percent to 47 percent.
- However, the Trump Administration's 'American Energy First' plan is fostering a new wave of development potential by leveling the playing field so Tribes like the Crow can develop their energy resources (from coal to solar) while simultaneously reducing our nation's dependence on foreign energy and achieving energy independence.
- Responsible energy development is a way of life for the Crow Nation.
- While serving in the U.S. House of Representatives, Secretary Ryan Zinke worked closely with the Tribe to fight back Obama Administration policies, through legislation (the Certainty for States and Tribes Act) and appropriations language; pass critical language to extend the Indian Coal Production Tax Credit, a significant priority for the Crow; and support infrastructure projects to allow for energy exports.

Intersections between the Trump Administration and Crow Nation's Coal Priorities:

- Removing the overreaching Steam Protection Rule (SPR);
 - The Tribe was not meaningfully consulted on the rule despite the fact that its implementation would have directly impacted the Absaloka mine;
 - Had SPR moved forward, both the Absaloka's mine coal reserves and sales would have been severely diminished.
- Overturning the Clean Power Plan (CPP);
 - The Crow Nation, along with Montana Attorney General Tim Fox, provided joint comments in December 2014 about the negative impacts the CPP would have on the

United States Department of the Interior

DAILY ELECTRONIC BRIEFING SUMMARY FOR SECRETARY ZINKE

May 12, 2017

Tribe;

- Once again, the Tribe was not consulted on the rulemaking;
 - Finalization of the CPP would have diminished the productive life of their coal assets and created even further uncertainty for the Sherburne County Generation Station which receives Crow coal.
- Incentivizing infrastructure investments to promote additional economic opportunities;
 - The Crow Nation were investors in the Gateway Pacific Terminal project as a means to efficiently and affordably export their coal resources overseas;
 - The U.S. Army Corps of Engineers during the last Administration made an unprecedented *de minimis* determination without completing the draft environmental impact statement, which led the project to completely disintegrate;
 - The Tribe is incredibly supportive of the Millennium Bulk Terminal, which is still going through the development and permitting process and is one of the last terminal projects in progress;
 - These terminals are important to Tribes and companies alike who wish to export their energy resources to the Asian-Pacific markets.
 - Ending the coal moratorium and stopping royalty hikes;
 - Chairman Not Afraid and his team were supportive of ending the Obama Administration's coal moratorium;
 - Furthermore, the Tribe was concerned with attempts by the last Administration to raise royalty rates on coal resources and completely overhaul the valuation process, which Secretary Zinke is working to address now.

III. ATTENDEES

I. Vice President Mike Pence, Secretary Ryan Zinke, and Senator Steve Daines

II. Tribal Participants:

1. Crow Chairman, Alvin Not Afraid
2. Crow Vice Chairman, Carlson Goes Ahead
3. Crow Secretary, R. Knute Old Crow
4. Speaker of the Crow House, Eric Bird In Ground
5. Chief Executive Legal Counsel, Dennis Bear Don't Walk

III. Coal Producers Participants:

1. Executive Director Montana Coal Council, Dr. Bud Clinch
2. CEO Westmoreland Coal Company, Kevin Paprzycki
3. EVP US-Operations Westmoreland Coal Company, Joseph E. Micheletti
4. Vice President Westmoreland Coal Company, Joe Evers
5. Vice President Sales and Marketing Westmoreland Coal Company, Scott Sturm
6. Westmoreland Coal, John Well

TALKING POINTS FOR THE SECRETARY

DATE: May 7 - 12, 2017 - Utah Trip

FROM: Laura Rigas, Communications Director, DOI

TOPLINE

- God gave me two ears and one mouth so I'm here to do a lot of listening and learning and hopefully talking just enough to ask the right questions.
- I'm here, directed by the President, to learn about the monuments, the historic and ecological significance, and make a determination.
- Nothing is predetermined. I come to this process with fresh eyes.
- Nobody loves public lands more than me. You can love them as much, but not more.

Talking Points

- This Administration and Congress have heard from states and local leaders that, in some cases, the designations of monuments may have resulted in lost jobs, reduced wages, and residents moving away. In the case of significant land planning, we feel that public input should be considered.
- That's why the President has asked for a review of large the monuments designated in the last 20 years, to see what changes and improvements can be made, and to give states and local communities a meaningful voice in this process.
- This policy is consistent with President Trump's promise to rural Americans to give them a voice and make sure their voices are heard.
- The President believes, like I do and many of my neighbors in Western States, that the Federal government can be a good neighbor, can protect areas of cultural and ecological importance, and that we can use federal lands for economic development – just as Teddy Roosevelt envisioned.
- The Antiquities Act of 1906 grants the President the authority to declare “historic landmarks, historic and prehistoric structures, and other objects of historic or scientific interest” on federal lands.
- Concerned about potential federal overreach, Antiquities Act authors specified the scope of the authority was to designate the “smallest area compatible with proper care and management of the objects to be protected.”

What the Executive Order does:

- This Executive Order restores trust between local communities and Washington and roots out abuses of power by previous administrations.

United States Department of the Interior

DAILY ELECTRONIC BRIEFING SUMMARY FOR SECRETARY ZINKE

May 12, 2017

- This Executive Order puts America and the Department of the Interior back on track to manage our federal lands in accordance to traditional “multiple-use” philosophy by directing the Secretary of the Department of the Interior to make recommendations to the President on whether a monument should be rescinded, resized in order to better manage our federal lands.

And - This Executive Order gives rural communities across America a voice and restores land use planning by directing the Secretary of the Interior to consult and coordinate with the Governors of States affected by monument designations or other relevant officials of affected State, Tribal, and local governments.

What it does NOT do:

- This Executive Order does NOT strip any monument of a designation.
- Does not sell or transfer federal lands
- This Executive Order does NOT loosen any environmental or conservation regulations on any land or marine areas.

United States Department of the Interior
DAILY ELECTRONIC BRIEFING SUMMARY FOR SECRETARY ZINKE
May 11, 2017

DAILY ELECTRONIC BRIEFING SUMMARY FOR SECRETARY ZINKE
Thursday, May 11, 2017

FROM: Christine Bauserman, 202-706-9330

OVERVIEW:

Today you have one briefing on your meeting with Congresswoman Radewagen & the American Tunaboat Association.

Following the Briefing are your talking points.

United States Department of the Interior
DAILY ELECTRONIC BRIEFING SUMMARY FOR SECRETARY ZINKE
May 11, 2017

DATE: May 11, 2017

FROM: Doug Domenech, Senior Advisor
Krystina Borja, Guam Desk Officer/Policy Analyst, Office of Insular Affairs

SUBJECT: Meeting with American Tunaboat Association and American Samoa
Congressional Delegate Amata Radewagen

I. STATEMENT OF PURPOSE

You have agreed to meet with U.S. Congresswoman Radewagen, representing American Samoa, and a group of fisherman to discuss the economic impact of the Pacific Remote Islands Marine National Monument. The meeting will include members of the American Tunaboat Association, including their President Brian Hallman.

The purpose of this memo is to provide you will background on the Monument.

II. BACKGROUND

In 2009, through Proclamation 8336, President George W. Bush established the Pacific Remote Islands Marine National Monument (PRIMNM).

The monument included the waters and submerged and emergent lands of the Pacific Remote Islands to the lines of latitude and longitude, approximately 50 nautical miles from the mean low water lines of Wake, Baker, Howland, and Jarvis Islands, Johnston Atoll, Kingman Reef, and Palmyra Atoll.

The Federal land and interests in land reserved consisted of approximately 86,888 square miles.

In 2014, President Barack Obama issued Proclamation 9173, expanding the PRIMNM from its original boundaries to the seaward limit (200 nautical miles) of the U.S. Exclusive Economic Zone (EEZ) of the waters and submerged lands surrounding Jarvis and Wake Islands and Johnston Atoll.

This proclamation expanded the PRIMNM to its current size, of approximately 490,000 square miles, over 5 times the original size.

III. DISCUSSION

In both proclamations, the Secretaries of Commerce and the Interior were tasked with cooperative management of the PRIMNM.

Proclamation 8336 states that: “[t]he Secretaries of Commerce and the Interior shall not allow or permit any appropriation, injury, destruction, or removal of any feature of this monument except as provided for by this proclamation and shall prohibit commercial fishing within boundaries of the monument.”

Further the proclamation states that the Secretary of the Interior can permit noncommercial fishing upon request, at specific locations in accordance with this proclamation. Noncommercial fishing opportunities currently allowed by the U.S. Fish and Wildlife Service at Palmyra Atoll may continue unless the Secretary of the Interior determines such fishing would not be compatible with the purposes of Palmyra Atoll National Wildlife Refuge.

RESPONSE TO EXPANSION

In 2014, the PRIMNM was originally proposed to expand to the 20 nautical mile limit of all the Pacific Remote Island areas.

There was broad opposition to the proposal, including among both the public sector (including the Governors of the three U.S. territories in the Pacific and the Western Pacific Regional Fishery Management Council) and private sector (including the American Tuna Boat Association, the Tri-Marine Group and StarKist).

Opposition mostly centered around the negative impact upon U.S. Pacific Islands and U.S. fisheries, the lack of conservation benefits, already existing U.S. and international ocean policy and laws, and inadequate consultation of local stakeholders and regional fishery managers.

In 2014, Governor Moliga of American Samoa officially opposed the proposal to expand the Pacific Remote Islands Marine National Monument to the full extent of the US EEZ, expressing concern that it would “effectively curtail their continued economic survival along with the simultaneous preemption of their subsistence lifestyles.” Moliga argued that “the loss of fishing grounds due to the proposed expansion will translate to fisheries related economic loss caused by the decline in the supply of fish to the canneries which will no doubt trigger an economic recession for the Territory of American Samoa’s economy.”

The final expansion, however, was amended to remove the waters and submerged lands surrounding Howland and Baker Islands, Kingman Reef, and Palmyra Atoll. While concerns were expressed regarding an expansion of the PRIMNM in general, it was acknowledged that the amended expansion plan would reduce the economic toll the original plan would have taken on sustainable fisheries.

RECENT ACTION

In a February 10, 2017, letter, Congresswoman Amata Radewagen requested that the Secretary of the Interior take action to lift the fishing moratorium in the Pacific Remote Islands Marine

National Monument and the Rose Atoll Marine National Monument for vessels unloading their catch in American Samoa. Interior’s Office of Solicitor determined that per the language of the establishing proclamations, the Secretary does not possess the latitude to permit commercial fishing in either of these monuments.

In March, 2017, Governor Moliga, along with Governor Calvo of Guam and Governor Torres of the Northern Mariana Islands, sent a joint letter to President Trump, requesting he remedy restrictions on fishing in waters surrounding the Pacific Island territories, stating:

Our island communities depend on the ocean for food security and economic opportunities. Our Samoan, Chamorro, and Carolinian cultures are interwoven with the marine environment and fishing,” they wrote. “The monument fishing restrictions are unnecessary and impede our socioeconomic and cultural stability. The promises of previous administrations and environment organizations of monument co-management and revenue generation have not been realized.

The Fish and Wildlife Service, and NOAA Fisheries take the position that the Monument was appropriate to protect fish and seabird populations, and to reduce marine debris associated with commercial fishing.

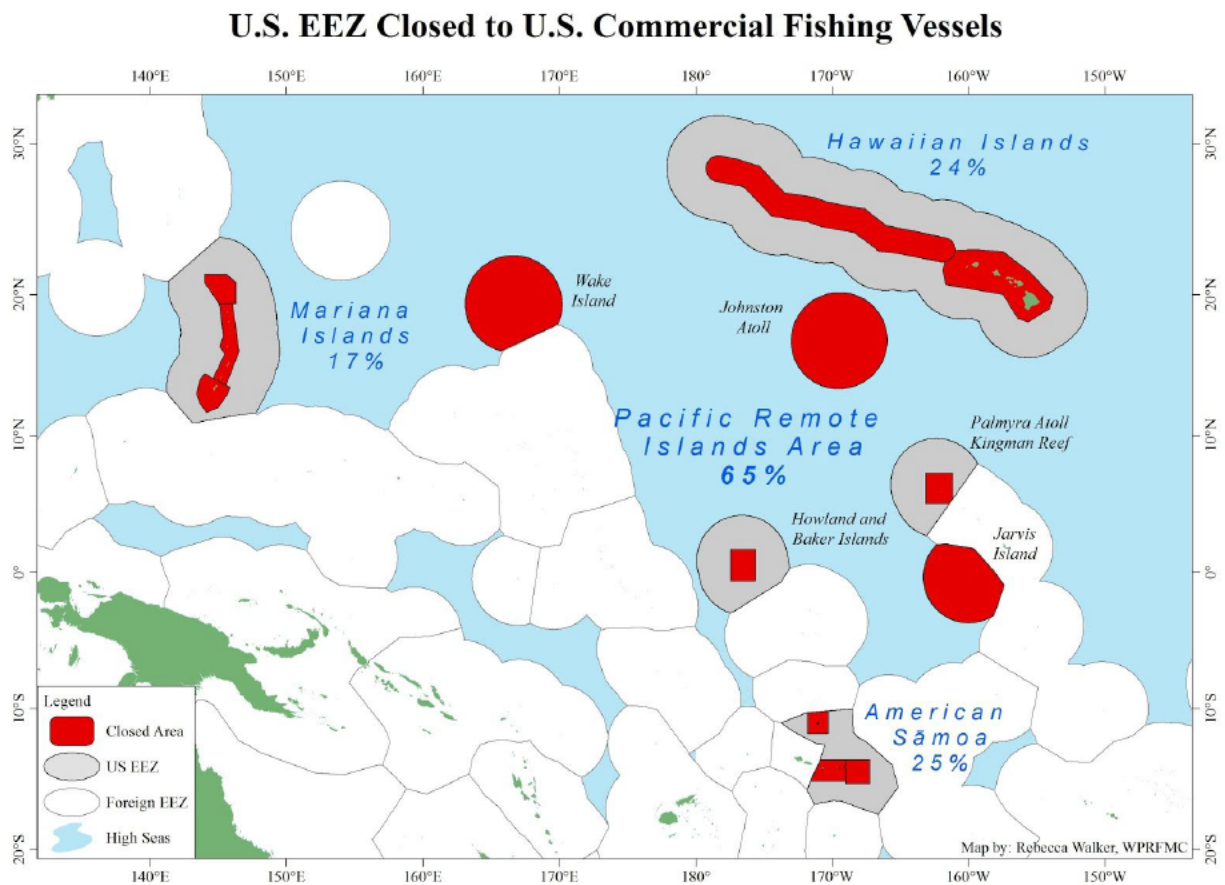

IV. NEXT STEPS

It is likely that the group will ask you to modify the allowable uses for the Monument, and perhaps reduce the size.

V. ATTACHMENTS

Attached to this memo is a map of the area in question.

TALKING POINTS FOR THE SECRETARY

DATE: Utah Trip

FROM: Laura Rigas, Communications Director, DOI

TOPLINE

- God gave me two ears and one mouth so I'm here to do a lot of listening and learning and hopefully talking just enough to ask the right questions.
- I'm here, directed by the President, to learn about the monuments, the historic and ecological significance, and make a determination.
- Nothing is predetermined. I come to this process with fresh eyes.
- Nobody loves public lands more than me. You can love them as much, but not more.

Talking Points

- This Administration and Congress have heard from states and local leaders that, in some cases, the designations of monuments may have resulted in lost jobs, reduced wages, and residents moving away. In the case of significant land planning, we feel that public input should be considered.
- That's why the President has asked for a review of large the monuments designated in the last 20 years, to see what changes and improvements can be made, and to give states and local communities a meaningful voice in this process.
- This policy is consistent with President Trump's promise to rural Americans to give them a voice and make sure their voices are heard.
- The President believes, like I do and many of my neighbors in Western States, that the Federal government can be a good neighbor, can protect areas of cultural and ecological importance, and that we can use federal lands for economic development – just as Teddy Roosevelt envisioned.
- The Antiquities Act of 1906 grants the President the authority to declare “historic landmarks, historic and prehistoric structures, and other objects of historic or scientific interest” on federal lands.
- Concerned about potential federal overreach, Antiquities Act authors specified the scope of the authority was to designate the “smallest area compatible with proper care and management of the objects to be protected.”

What the Executive Order does:

- This Executive Order restores trust between local communities and Washington and roots out abuses of power by previous administrations.
- This Executive Order puts America and the Department of the Interior back on track to manage

United States Department of the Interior
DAILY ELECTRONIC BRIEFING SUMMARY FOR SECRETARY ZINKE
May 11, 2017

our federal lands in accordance to traditional “multiple-use” philosophy by directing the Secretary of the Department of the Interior to make recommendations to the President on whether a monument should be rescinded, resized in order to better manage our federal lands.

And - This Executive Order gives rural communities across America a voice and restores land use planning by directing the Secretary of the Interior to consult and coordinate with the Governors of States affected by monument designations or other relevant officials of affected State, Tribal, and local governments.

What it does NOT do:

- This Executive Order does NOT strip any monument of a designation.
- Does not sell or transfer federal lands
- This Executive Order does NOT loosen any environmental or conservation regulations on any land or marine areas.
