Sarah and Coby,

It is a pleasure to e-meet you both! Attached to this email are the recodification documents that the office of leg. counsel provided to our staff. As I indicated to Stephenne in the initial email, traditionally these recodification bills are non-confrontational and mere reorganization of existing law. However in October 2015 the recodification of title 55 included a controversial provision concerning the Clean Air Act.

To ensure our preparedness, please let us know if your offices have any issues with the proposed codification.

Thank you,

Joseph--

Circling back on this after talking with our legal team. The agencies have the most expertise in these areas, so I am connecting you with Sarah Neimeyer from DOI and Coby Dolan from NOAA, who can assist you in reviewing the recodification.

Cheers,

Thank you for your follow up message. Let me check with my colleagues and see what issues they may have with the proposed language. We have not had the bandwidth to consider, but will try and find some time to look at this code update.

Thanks,

Stephene

Subject: FW: Title 56 Codification Files

Hello Stephene,

Last month the Judiciary Committee received the attached recodification bill from Law Revision Counsel. While traditionally these bills are non-confrontational and a mere reorganization of existing law, the recodification of title 55 presented our committee with a controversial codification of statute concerning the Clean Air Act. To ensure our preparedness, I am reaching out to inquire if your office has any issues with the proposed codification.

Thank you,

CONSTITUTIONAL AUTHORITY STATEMENT

To accompany: *A Bill to enact certain laws relating to wildlife as title 56, United States Code, "Wildlife".*

Pursuant to clause 7 of Rule XII of the Rules of the House of Representatives, the following statement is submitted regarding the specific powers granted to Congress in the Constitution to enact the accompanying bill or joint resolution.

Congress has the power to enact this legislation, which restates certain existing laws as part of a positive law title of the United States Code, pursuant to Article I, Section 8, Clause 18 of the Constitution.

**ENACTMENT OF LAWS RELATING TO WILDLIFE AS TITLE 56 □ UNITED
STATES CODE □ WILDLIFE**

Mr. Speaker, Ranking Member John Conyers and I are introducing a bill to enact title 56, United States Code, □ Wildlife □ The bill restates provisions relating to wildlife as part of a new positive law title of the United States Code. The new positive law provisions replace the existing provisions, which are repealed by the bill.

The bill was prepared by the Office of the Law Revision Counsel of the House of Representatives as part of its ongoing responsibility under 2 U.S.C. □ 285b to prepare, and submit to the Committee on the Judiciary, one title at a time, a complete compilation, restatement, and revision of the general and permanent laws of the United States.

The bill was prepared in accordance with the statutory standard for codification legislation, which is that the restatement of existing law shall conform to the understood policy, intent, and purpose of Congress in the original enactments, with such amendments and corrections as will remove ambiguities, contradictions, and other imperfections. A change in wording made in the restatement of existing law serves to clarify the existing law, but not to change the meaning or effect of the existing law.

A copy of the bill, along with a detailed section-by-section explanation of the bill, can be accessed through the internet site of the Office of the Law Revision Counsel at:

<http://uscode.house.gov/codification/t56/index.html>

Questions about the bill should be addressed to Katrina Hall, Assistant Counsel, Office of the Law Revision Counsel, U.S. House of Representatives, Washington, D.C. 20515. 2D SESSION **H. R.**

To enact certain laws relating to wildlife as title 56, United States Code,
“Wildlife”.

IN THE HOUSE OF REPRESENTATIVES

, 2016

Mr. GOODLATTE (for himself and Mr. CONYERS) introduced the following bill;
which was referred to the Committee on the Judiciary

A BILL

To enact certain laws relating to wildlife as title 56, United
States Code, “Wildlife”.

1 *Be it enacted by the Senate and House of Representatives of the United*
2 *States of America in Congress assembled,*

3 **SECTION 1. TABLE OF CONTENTS.**

4 The table of contents for this Act is as follows:

- Sec. 1. Table of contents.
- Sec. 2. Purpose; restatement does not change meaning or effect of existing law.
- Sec. 3. Enactment of title 56, United States Code.
- Sec. 4. Amendment of title 18, United States Code.
- Sec. 5. Conforming amendments to certain provisions of law.
- Sec. 6. Transitional and savings provisions.
- Sec. 7. Repeals.

5 **SEC. 2. PURPOSE; RESTATEMENT DOES NOT CHANGE MEANING OR EF-**
6 **FFECT OF EXISTING LAW.**

7 (a) PURPOSE.—The purpose of this Act is to enact a restatement of cer-
8 tain existing law relating to wildlife as a positive law title of the United
9 States Code.

1 (b) RESTATEMENT DOES NOT CHANGE MEANING OR EFFECT OF EXIST-
 2 ING LAW.—

3 (1) IN GENERAL.—The restatement of existing law enacted by this
 4 Act does not change the meaning or effect of the existing law. The re-
 5 statement consolidates various provisions that were enacted separately
 6 over a period of many years, reorganizing them, conforming style and
 7 terminology, modernizing obsolete language, and correcting drafting er-
 8 rors. These changes serve to remove ambiguities, contradictions, and
 9 other imperfections, but they do not change the meaning or effect of
 10 the existing law or impair the precedential value of earlier judicial deci-
 11 sions or other interpretations.

12 (2) RULE OF CONSTRUCTION.—

13 (A) IN GENERAL.—Notwithstanding the plain meaning rule or
 14 other rules of statutory construction, a change in wording made
 15 in the restatement of existing law enacted by this Act serves to
 16 clarify the existing law as indicated in paragraph (1), but not to
 17 change the meaning or effect of the existing law.

18 (B) REVISION NOTES.—Subparagraph (A) applies whether or
 19 not a change in wording is explained by a revision note appearing
 20 in a congressional report accompanying this Act. If such a revision
 21 note does appear, a court shall consider the revision note in inter-
 22 preting the change.

23 **SEC. 3. ENACTMENT OF TITLE 56, UNITED STATES CODE.**

24 Title 56, United States Code, “Wildlife”, is enacted as follows:

32 (a) DETERMINATION OF ENDANGERED SPECIES AND THREATENED SPE-
33 CIES.—

35 a species is an endangered species or threatened species because of any
36 of the following factors:

38 ment of a habitat or range of the species.

39 (B) Overutilization of the species for commercial, recreational,
40 scientific, or educational purposes.

41 (C) Disease or predation.

- 1 (D) Inadequacy of existing regulatory mechanisms.
- 2 (E) Other natural or manmade factors affecting the continued
- 3 existence of the species.
- 4 (2) SPECIES UNDER AUTHORITY OF SECRETARY OF COMMERCE.—

- 13 endangered species.
- 14 (ii) IMPLEMENTATION.—The Secretary of Commerce shall
- 15 inform the Secretary of the Interior of a determination de-
- 16 scribed in clause (i), and the Secretary of the Interior shall
- 17 list the species in accordance with this subchapter.
- 18 (C) DECREASED PROTECTION.—
- 19 (i) DETERMINATION.—Clause (ii) applies if the Secretary
- 20 of Commerce determines that a species should be—

- 25 TION.—Based on the determination described in clause (i),
- 26 the Secretary of Commerce shall recommend to the Secretary
- 27 of the Interior the delisting or change in status. If the Sec-

- 29 Secretary of the Interior shall implement the recommenda-
- 30 tion.
- 31 (D) REQUIRED PRIOR FAVORABLE DETERMINATION.—The Sec-
- 32 retary of the Interior shall not list or delist any species, or change
- 33 the status of any listed species, without a prior favorable deter-
- 34 mination made pursuant to this paragraph by the Secretary of
- 35 Commerce.
- 36 (b) DESIGNATION OF CRITICAL HABITAT.—
- 37 (1) IN GENERAL.—The Secretary, by regulation and to the maximum
- 38 extent prudent and determinable, after consultation as appropriate with
- 39 affected States—
- 40 (A) shall, concurrently with making a determination under sub-
- 41 section (a) that a species is an endangered species or a threatened

1 species, designate any habitat of the species that is then consid-
2 ered to be critical habitat; and

3 (B) may, from time to time after the designation of the habitat
4 as appropriate, revise the designation.

5 (2) SPECIES LISTED AS OF NOVEMBER 10, 1978 FOR WHICH NO CRIT-
6 ICAL HABITAT IS ESTABLISHED.—Critical habitat may be established
7 for species that were listed as of November 10, 1978, for which no crit-
8 ical habitat was established before that date.

9 (3) LIMITATION.—Except in circumstances determined by the Sec-
10 retary, critical habitat established for a listed species shall not include
11 the entire geographical area that can be occupied by the listed species.

12 (4) EXCEPTION FOR THE DEPARTMENT OF DEFENSE.—

13 (A) IN GENERAL.—The Secretary shall not designate as critical
14 habitat for a listed species any land or other geographical area
15 owned or controlled by the Department of Defense, or designated
16 for its use, that is subject to an integrated natural resources man-
17 agement plan prepared under section 101 of the Sikes Act (16
18 U.S.C. 670a), if the Secretary determines in writing that the plan
19 provides a benefit to the listed species for which critical habitat
20 is proposed for designation.

21 (B) NO EFFECT ON CONSULTATION REQUIREMENT.—Nothing
22 in this subsection affects the requirement to consult under section
23 201403(a) of this title with respect to an agency action (as defined
24 under section 201401 of this title).

25 (C) NO EFFECT ON OBLIGATION TO COMPLY.—Nothing in this
26 subsection affects the obligation of the Department of Defense to
27 comply with section 201801 of this title, including the prohibition
28 preventing extinction and taking of listed species.

29 (c) BASES FOR DETERMINATIONS AND DESIGNATIONS.—

30 (1) DETERMINATION OF SPECIES.—

31 (A) IN GENERAL.—The Secretary shall make a determination
32 required by subsection (a) with respect to a species solely on the
33 basis of the best scientific and commercial data available to the
34 Secretary after—

- 35 (i) conducting a review of the status of the species; and
36 (ii) taking into account the efforts being made by a State
37 or foreign country, or a political subdivision of a State or for-
38 eign country, to protect the species, whether by—

39 (I) predator control;

40 (II) protection of habitat and food supply; or

1 (III) other conservation practices within any area
2 under its jurisdiction or on the high seas.

3 (B) INTERNATIONAL CONSIDERATIONS.—In carrying out sub-
4 section (a), the Secretary shall give consideration to species that
5 are—

6 (i) designated by a foreign country, or pursuant to an
7 international agreement, as requiring protection from unre-
8 stricted commerce; or

9 (ii) identified by a State agency, or by an agency of a for-
10 eign country that is responsible for the conservation of wild-
11 life or plants, as in danger of extinction or likely to become
12 in danger of extinction within the foreseeable future.

13 (2) DESIGNATION OF CRITICAL HABITAT.—

14 (A) IN GENERAL.—The Secretary shall designate critical habi-
15 tat, and make revisions to designations of critical habitat, under
16 subsection (b) on the basis of the best scientific data available and
17 after taking into consideration the economic impact, the impact on
18 national security, and any other relevant impact of specifying a
19 particular area as critical habitat.

20 (B) EXCLUSIONS.—The Secretary may exclude an area from
21 critical habitat for a listed species if the Secretary determines that
22 the benefits of the exclusion outweigh the benefits of specifying the
23 area as part of the critical habitat, unless the Secretary deter-
24 mines, based on the best scientific and commercial data available,
25 that the failure to designate the area as critical habitat will result
26 in the extinction of the listed species.

27 **§ 201202. Petitions relating to determinations of species**
28 **and designations of critical habitats**

29 (a) DETERMINATION OF SPECIES.—

30 (1) FINDING WHETHER PETITION PRESENTS SUBSTANTIAL SCI-

32 (A) IN GENERAL.—To the maximum extent practicable, not
33 later than 90 days after receiving a petition of an interested per-
34 son under section 553(e) of title 5 to list or delist a species, the

36 substantial scientific or commercial information indicating that the
37 petitioned action may be warranted.

38 (B) REVIEW OF STATUS.—If a petition under subparagraph (A)
39 is found to present substantial scientific or commercial informa-
40 tion concerning a species, the Secretary shall promptly commence
41 a review of the status of the species.

16 tice and the complete text of a proposed regulation to implement
17 the action in accordance with section 201203(b) of this title.

18 (C) PETITIONED ACTION WARRANTED, BUT UNDER CERTAIN
19 CIRCUMSTANCES.—

20 (i) IN GENERAL.—The Secretary finds that the petitioned
21 action is warranted, but the Secretary also finds that—

22 (I) the immediate proposal and timely promulgation of
23 a final regulation implementing the petitioned action in
24 accordance with subsections (b) and (c) of section
25 201203 of this title are precluded by pending proposals
26 to determine whether any species is an endangered spe-
27 cies or a threatened species; and

28 (II) expeditious progress is being made to list qualified
29 species and to delist species for which the protections of
30 this chapter are no longer necessary.

31 (ii) PUBLICATION.—The Secretary shall promptly publish a
32 finding under clause (i) in the Federal Register, with a de-
33 scription and evaluation of the reasons and data on which the
34 finding is based.

35 (iii) TREATMENT OF PETITION.—A petition with respect to
36 which a finding is made under clause (i) shall be treated as
37 a petition that—

38 (I) is resubmitted to the Secretary under paragraph
39 (1) on the date of the finding; and

40 (II) presents substantial scientific or commercial infor-
41 mation that the petitioned action may be warranted.

1 (iv) MONITORING.—The Secretary shall implement a sys-
2 tem to monitor effectively the status of all species with re-
3 spect to which a finding is made under clause (i) and shall
4 make prompt use of the authority under section 201203(d)
5 of this title to prevent a significant risk to the well-being of
6 any of the species.

7 (3) JUDICIAL REVIEW.—A negative finding described in paragraph
8 (1) and a finding described in subparagraph (A) or (C)(i) of paragraph
9 (2) shall be subject to judicial review.

10 (b) DESIGNATION OF CRITICAL HABITAT.—

11 (1) FINDING WHETHER PETITION PRESENTS SUBSTANTIAL SCI-
12 ENTIFIC OR COMMERCIAL INFORMATION.—

13 (A) IN GENERAL.—To the maximum extent practicable, not
14 later than 90 days after receiving the petition of an interested per-
15 son under section 553(e) of title 5 to revise a critical habitat des-
16 ignation, the Secretary shall make a finding as to whether the pe-
17 tition presents substantial scientific information indicating that
18 the revision may be warranted.

19 (B) PUBLICATION.—The Secretary shall promptly publish the
20 finding made under subparagraph (A) in the Federal Register.

21 (2) INTENDED ACTION OF SECRETARY.—Not later than 12 months
22 after receiving a petition that is found under paragraph (1) to present
23 substantial scientific information indicating that the requested revision
24 may be warranted, the Secretary shall determine how the Secretary in-
25 tends to proceed with the requested revision and promptly publish no-
26 tice of the intention in the Federal Register.

27 **§ 201203. Additional rulemaking procedures**

37 posed regulation in the Federal Register;

38 (B) give actual notice of the proposed regulation (including the
39 complete text of the regulation) to—

40 (i) the State agency in each State in which the species is
41 believed to occur; and

1 (ii) each county or equivalent jurisdiction in which the spe-
2 cies is believed to occur; and

3 (C) invite the comment of the State agency and each jurisdic-
4 tion referred to in subparagraph (B) on the proposed regulation;

5 (2) to the extent practical, and in cooperation with the Secretary of
6 State, give notice of the proposed regulation to each foreign country
7 in which the species is believed to occur or whose citizens harvest the
8 species on the high seas, and invite the comment of the foreign country
9 on the proposed regulation;

10 (3) give notice of the proposed regulation to such professional sci-
11 entific organizations as the Secretary considers appropriate;

12 (4) publish a summary of the proposed regulation in a newspaper of
13 general circulation in each area of the United States in which the spe-
14 cies is believed to occur; and

16 person files a request for such a hearing not later than 45 days after
17 the date of publication of general notice.

18 (c) FINAL REGULATIONS.—

19 (1) IN GENERAL.—Within the 1-year period beginning on the date
20 on which general notice is published in accordance with subsection
21 (b)(1)(A) regarding a proposed regulation, the Secretary shall publish
22 in the Federal Register—

23 (A) if a determination as to whether a species is an endangered
24 species or a threatened species or a revision of critical habitat is
25 involved—

26 (i) a final regulation to implement the determination;

27 (ii) a final regulation to implement the revision or a finding
28 that the revision should not be made;

29 (iii) notice that the 1-year period is being extended under
30 paragraph (2); or

31 (iv) notice that the proposed regulation is being withdrawn
32 under paragraph (3), together with the finding on which the
33 withdrawal is based; or

34 (B) subject to paragraph (4), if a designation of critical habitat
35 is involved—

36 (i) a final regulation to implement the designation; or

37 (ii) notice that the 1-year period is being extended under
38 paragraph (4).

39 (2) EXTENSIONS.—

40 (A) IN GENERAL.—If the Secretary finds with respect to a pro-
41 posed regulation described in paragraph (1)(A) that there is sub-

1 stantial disagreement regarding the sufficiency or accuracy of the
2 available data relevant to the determination or revision, the Sec-
3 retary may extend the 1-year period specified in paragraph (1) for
4 not more than 6 months for purposes of soliciting additional data.

5 (B) PUBLICATION REQUIREMENT AT THE CLOSE OF EXTENDED
6 PERIOD.—If the 1-year period specified in paragraph (1) is ex-
7 tended under this paragraph with respect to a proposed regulation,
8 then before the close of the extended period, the Secretary shall
9 publish in the Federal Register—

10 (i) a final regulation to implement the determination or re-
11 vision concerned;

12 (ii) a finding that the revision should not be made; or

13 (iii) a notice of withdrawal of the regulation under para-
14 graph (3), together with the finding on which the withdrawal
15 is based.

16 (3) WITHDRAWAL OF REGULATIONS.—

17 (A) IN GENERAL.—If a proposed regulation described in para-
18 graph (1)(A) is not prescribed as a final regulation within the 1-
19 year period (or longer period if extension under paragraph (2) ap-
20 plies) because the Secretary finds that there is not sufficient evi-
21 dence to justify the action proposed by the regulation, the Sec-
22 retary shall immediately withdraw the regulation.

23 (B) JUDICIAL REVIEW.—The finding on which a withdrawal is
24 based shall be subject to judicial review.

25 (C) PREVIOUS WITHDRAWALS.—The Secretary shall not propose
26 a regulation that has been withdrawn under this paragraph unless
27 the Secretary determines that sufficient new information is avail-
28 able to warrant the proposal.

29 (4) CONCURRENT PUBLICATION OF REGULATIONS DESIGNATING
30 CRITICAL HABITATS.—A final regulation designating critical habitat of
31 a listed species shall be published concurrently with the final regulation
32 implementing the determination that the species is endangered or
33 threatened, unless the Secretary determines that—

34 (A) it is essential to the conservation of the species that the reg-
35 ulation implementing the determination be promptly published; or

36 (B) critical habitat of the species is not then determinable, in
37 which case the Secretary, with respect to the proposed regulation
38 to designate the habitat, may extend the 1-year period specified
39 in paragraph (1) by not more than 1 additional year, but not later
40 than the close of the additional year, the Secretary shall publish
41 a final regulation based on data that may be available at that

1 time, designating, to the maximum extent prudent, the critical
2 habitat.

3 (d) EMERGENCY REGULATIONS.—

4 (1) DEFINITION OF EMERGENCY REGULATION.—In this subsection,
5 “emergency regulation” means a regulation prescribed by the Secretary
6 in regard to an emergency posing a significant risk to the well-being
7 of a species of a wild animal or plant.

8 (2) IN GENERAL.—Neither subsection (a), (b), or (c) nor section 553
9 of title 5 shall apply to an emergency regulation if—

10 (A) at the time of publication of the emergency regulation in
11 the Federal Register, the Secretary publishes in the Federal Reg-
12 ister detailed reasons why the emergency regulation is necessary;
13 and

14 (B) in the case that an emergency regulation applies to a resi-
15 dent species of a wild animal or plant, the Secretary gives actual
16 notice of the emergency regulation to the State agency in each
17 State in which the species is believed to occur.

18 (3) EFFECTIVE DATE.—An emergency regulation shall, at the discre-
19 tion of the Secretary, take effect immediately on the publication of the
20 regulation in the Federal Register.

21 (4) CESSATION OF EFFECTIVENESS.—An emergency regulation pre-
22 scribed under this subsection shall cease effectiveness at the close of
23 the 240-day period following the date of publication unless, during the
24 240-day period, compliance is made with the rulemaking procedures
25 that would apply to the regulation without regard to this subsection.

26 (5) WITHDRAWAL OF EMERGENCY REGULATION.—If at any time
27 after issuing an emergency regulation, the Secretary determines, on the
28 basis of the best appropriate data available to the Secretary, that sub-
29 stantial evidence does not exist to warrant the emergency regulation,
30 the Secretary shall withdraw the emergency regulation.

31 (e) INCLUSIONS IN THE FEDERAL REGISTER.—

25 **§ 201207. Similarity of appearance cases**

26 The Secretary may, by regulation of commerce or taking, and to the ex-
27 tent that the Secretary considers advisable, treat a species as a listed spe-
28 cies even though the species is not a listed species if the Secretary finds
29 that—

30 (1) the unlisted species so closely resembles in appearance, at the
31 point in question, a listed species that enforcement personnel would
32 have substantial difficulty in attempting to differentiate between the
33 listed species and the unlisted species;

34 (2) the effect of the substantial difficulty is an additional threat to
35 the listed species; and

36 (3) such treatment of the unlisted species will substantially facilitate
37 the enforcement and further the policy of this chapter.

38 **§ 201208. Recovery plans**

39 (a) IN GENERAL.—The Secretary shall develop and implement a plan for
40 the conservation and survival of each listed species unless the Secretary

4 ing and implementing recovery plans, to the maximum extent practicable,
5 shall—

6 (1) give priority to listed species, without regard to taxonomic classi-

10 economic activity; and

11 (2) incorporate in each recovery plan—

12 (A) a description of site-specific management actions that may
13 be necessary to achieve the recovery plan’s goal for the conserva-

16 in a determination, in accordance with section 201201 of this title,
17 that the species be delisted; and

18 (C) estimates of the time required and the cost to carry out
19 measures needed to achieve the recovery plan’s goal and to achieve

8 suant to this chapter are no longer necessary; and

9 (2) in accordance with this subchapter, have been delisted.

10 (b) EMERGENCY REGULATIONS.—The Secretary shall make prompt use
11 of the authority under section 201203(d) of this title to prevent a signifi-

16 cy action if the Secretary—

17 (A) reviews the agency action before it is commenced by the
18 Federal agency; and

19 (B) finds, and notifies the Federal agency, that no significant

10 tions on the taking.

11 (B) CONTENTS.—A regulation under subparagraph (A) may be
12 established with reference to species, geographical description of

1 **Subchapter I—General Provisions**

2 **§ 221101. Findings; sense of Congress**

- 3 (a) FINDINGS.—Congress finds that—
- 4 (1) certain species and stocks of marine mammals are, or may be,
- 5 in danger of extinction or depletion as a result of human activities;
- 6 (2)(A) those species and stocks—
- 7 (i) should not be permitted to diminish beyond the point
- 8 at which they cease to be a significant functioning element in
- 9 the ecosystem of which they are a part; and
- 10 (ii) consistent with clause (i), should not be permitted to
- 11 diminish below their optimum sustainable population; and
- 12 (B) further measures should be immediately taken to replenish a
- 13 species or stock of marine mammal that has already diminished below
- 14 its optimum sustainable population; in particular, efforts should be
- 15 made to protect essential habitats, including the rookeries, mating

1 grounds, and areas of similar significance for each species of marine
2 mammal from the adverse effect of human actions;

3 (3) there is inadequate knowledge of the ecology and population dy-
4 namics of those marine mammals and of the factors that bear on their
5 ability to reproduce successfully;

6 (4) negotiations should be undertaken to encourage the development
7 of international arrangements for research on, and conservation of, all
8 marine mammals;

9 (5)(A) marine mammals and marine mammal products—

10 (i) move in interstate commerce; or

11 (ii) affect the balance of marine ecosystems in a manner
12 that is important to other animals and animal products that
13 move in interstate commerce; and

14 (B) the protection and conservation of marine mammals and their
15 habitats is necessary to ensure the continuing availability of marine
16 mammal products and other animal products that move in interstate
17 commerce; and

18 (6) marine mammals have proven to be resources of great esthetic,
19 recreational, and economic significance internationally.

20 (b) SENSE OF CONGRESS.—It is the sense of Congress that—

21 (1) marine mammals should be protected and encouraged to develop
22 to the greatest extent feasible commensurate with sound policies of re-
23 source management;

24 (2) the primary objective of marine mammal management should be
25 to maintain the health and stability of the marine ecosystem; and

26 (3) when consistent with the primary objective described in para-
27 graph (2), it should be the goal to obtain an optimum sustainable pop-
28 ulation keeping in mind the carrying capacity of the habitat.

6 determines that the importation is necessary for the protection or wel-
7 fare of the marine mammal.

8 (c) IMPORTATIONS OF ILLEGALLY TAKEN MAMMALS.—It is unlawful to
9 import into the United States—

10 (1) a marine mammal that was—

11 (A) taken in violation of this subchapter; or

12 (B) taken in another country in violation of the law of that
13 country;

14 (2) a marine mammal product if—

15 (A) the importation into the United States of the marine mam-
16 mal from which the marine mammal product is made is unlawful
17 under paragraph (1); or

18 (B) the sale in commerce of the marine mammal product in the
19 country of origin of the marine mammal product is illegal; or

20 (3) a fish, whether fresh, frozen, or otherwise prepared, if the fish
21 was caught in a manner that the Secretary has proscribed for persons
22 subject to the jurisdiction of the United States, whether or not a ma-
23 rine mammal was taken incident to the catching of the fish.

24 (d) COMMERCIAL TAKING OF WHALES.—It is unlawful for a person or
25 vessel or other conveyance to take a species of whale incident to commercial
26 whaling in waters subject to the jurisdiction of the United States.

27 (e) INAPPLICABILITY OF PROHIBITIONS.—Subsections (b) and (c) shall
28 not apply—

29 (1) in the case of a marine mammal or marine mammal product to
30 which subsection (b)(1)(D) applies, if the marine mammal or marine
31 mammal product was imported into the United States before the date
32 on which the Secretary publishes notice in the Federal Register of the
33 Secretary's proposed rulemaking with respect to a determination that
34 the species or stock is depleted; or

35 (2) in the case of a marine mammal or marine mammal product to
36 which paragraph (1)(B) or (2)(B) of subsection (c) applies, if the ma-
37 rine mammal or marine mammal product was imported into the United
38 States before the effective date of the foreign law making the taking
39 or sale of the marine mammal or marine mammal product unlawful.

1 **§ 221203. Permits and authorizations that may be issued**
2 **during moratorium**

3 (a) IN GENERAL.—During the moratorium established by section 221201
4 of this title, a permit may be issued for the taking of a marine mammal,
5 and a marine mammal or marine mammal product may be imported, in ac-
6 cordance with this section.

7 (b) RESEARCH AND RECREATION.—

8 (1) IN GENERAL.—Consistent with section 221204 of this title, the
9 Secretary may issue a permit for—

10 (A) the taking or importation of a marine mammal or marine
11 mammal product for purposes of—

- 12 (i) scientific research;
- 13 (ii) public display;
- 14 (iii) photography for educational or commercial purposes;
- 15 or
- 16 (iv) enhancement of the survival or recovery of a species or
17 stock; or

18 (B) importation of a polar bear part (other than an internal
19 organ) taken in a sport hunt in Canada.

20 (2) REVIEW AND RECOMMENDATION BY COMMISSION AND COMMIT-
21 TEE.—

22 (A) REVIEW.—A permit under paragraph (1)(A) may be issued
23 if the taking or importation proposed to be made is first reviewed
24 by the Commission and the Committee.

25 (B) RECOMMENDATION.—The Commission and the Committee
26 shall recommend a proposed taking or importation under para-
27 graph (1)(A) that is consistent with the purposes and policies of
28 section 221101 of this title.

29 (3) CERTIFICATE.—

30 (A) ISSUANCE.—If the Secretary issues a permit for importa-
31 tion under paragraph (1), the Secretary shall issue to the importer
32 to which the permit is issued a certificate to that effect in such
33 form as the Secretary of Homeland Security and the Secretary of
34 the Treasury prescribe.

35 (B) PRESENTATION.—An importation under paragraph (1) may
36 be made on presentation of the certificate under subparagraph (A)
37 to the appropriate customs officer.

38 (c) INCIDENTAL TAKINGS IN THE COURSE OF COMMERCIAL FISHING OP-
39 ERATIONS.—

40 (1) PERMITS.—The Secretary may issue a permit under section
41 221204 of this title for the incidental taking of a marine mammal in

1 the course of a commercial fishing operation, subject to regulations pre-
2 scribed by the Secretary in accordance with section 221206 of this title.

3 (2) AUTHORIZATIONS.—In lieu of a permit under paragraph (1), the
4 Secretary may grant an authorization for the incidental taking of a ma-
5 rine mammal in the course of a commercial fishing operation—

6 (A) under section 221216 of this title, subject to regulations
7 prescribed under that section by the Secretary without regard to
8 section 221206 of this title; or

9 (B) under subchapter IV with respect to purse seine fishing for
10 yellowfin tuna in the eastern tropical Pacific Ocean, subject to reg-
11 ulations prescribed under that subchapter by the Secretary with-
12 out regard to section 221206 of this title.

13 (3) GOAL.—Whether a permit is issued under paragraph (1) or an
14 authorization is granted under paragraph (2), the goal is to maintain
15 incidental mortality and serious injury of marine mammals permitted
16 in the course of commercial fishing operations at insignificant levels ap-
17 proaching a zero mortality and serious injury rate.

18 (4) IMPORTATIONS RELATING TO INCIDENTAL KILL OR SERIOUS IN-
19 JURY.—The Secretary of Homeland Security and the Secretary of the
20 Treasury shall prohibit the importation of commercial fish or products
21 from fish that have been caught with commercial fishing technology
22 that results in the incidental kill or incidental serious injury of marine
23 mammals in excess of United States standards.

24 (5) APPLICATION OF IMPORTATION PROHIBITION UNDER PARAGRAPH
25 (4).—For purposes of applying paragraph (4), the Secretary—

26 (A) shall insist on reasonable proof from the government of a
27 nation from which fish or fish products will be exported to the
28 United States of the effects on marine mammals of the commer-
29 cial fishing technology in use for the fish or fish products exported
30 from the nation to the United States;

31 (B) in the case of yellowfin tuna harvested with purse seine nets
32 in the eastern tropical Pacific Ocean, and products from those yel-
33 lowfin tuna, to be exported to the United States, shall require that
34 the government of the exporting nation provide documentary evi-
35 dence that—

36 (i)(I) the importation of yellowfin tuna or yellowfin tuna
37 products was not prohibited under paragraph (2) of section
38 101(a) of the Marine Mammal Protection Act of 1972 (Public
39 Law 92–522) prior to its amendment on March 3, 1999; or

40 (ii)(II) the yellowfin tuna or yellowfin tuna products were har-
41 vested by a vessel of a nation that participates in the Inter-

1 national Dolphin Conservation Program, and the harvesting
2 nation—
3 (aa) is a member of the Inter-American Tropical Tuna
4 Commission; or
5 (bb) has initiated (and not later than 6 months after
6 initiation, completed) all steps required of applicant na-
7 tions, in accordance with article V, paragraph 3 of the
8 Convention for the Establishment of an Inter-American
9 Tropical Tuna Commission, signed at Washington May
10 31, 1949 (1 UST 230; TIAS 2044), to become a mem-
11 ber of that organization;
12 (ii) the harvesting nation described in clause (i)(II) is
13 meeting the obligations of the International Dolphin Con-
14 servation Program and the obligations of membership in the
15 Inter-American Tropical Tuna Commission, including all fi-
16 nancial obligations; and
17 (iii) the total dolphin mortality limits, and per-stock per-
18 year dolphin mortality limits permitted for the harvesting na-
19 tion's vessels under the International Dolphin Conservation
20 Program do not exceed the limits determined for 1997, or for
21 any year after 1997, consistent with—
22 (I) the objective of progressively reducing dolphin mor-
23 tality to a level approaching zero through the setting of
24 annual limits, and the goal of eliminating dolphin mor-
25 tality and serious injury; and
26 (II) the requirements of the International Dolphin
27 Conservation Program;
28 (C) shall not accept documentary evidence described in subpara-
29 graph (B) if—
30 (i) the government of the harvesting nation does not pro-
31 vide directly, or authorize the Inter-American Tropical Tuna
32 Commission to release, complete and accurate information to
33 the Secretary in a timely manner—
34 (I) to allow determination of compliance with the
35 International Dolphin Conservation Program; and
36 (II) for the purposes of tracking and verifying compli-
37 ance with the minimum requirements established by the
38 Secretary in regulations prescribed under section 223105
39 of this title; or
40 (ii) after taking into consideration information described in
41 clause (i), findings of the Inter-American Tropical Tuna Com-

1 mission, and any other relevant information, including infor-
2 mation that a nation is consistently failing to take enforce-
3 ment actions on violations that diminish the effectiveness of
4 the International Dolphin Conservation Program, the Sec-
5 retary, in consultation with the Secretary of State, finds that
6 the harvesting nation is not in compliance with the Inter-
7 national Dolphin Conservation Program;

8 (D) shall require the government of any intermediary nation to
9 certify and provide reasonable proof to the Secretary that it has
10 not imported, within the preceding 6 months from the date of the
11 importation, a yellowfin tuna or yellowfin tuna product that is
12 subject to a direct prohibition on importation to the United States
13 under paragraph (4) as applied by subparagraph (B);

14 (E) shall, 6 months after importation of yellowfin tuna or tuna
15 products is prohibited under this section, certify the establishment
16 of the prohibition to the President, and that certification shall be
17 deemed to be a certification for the purposes of section 8(a) of the
18 Fishermen's Protective Act of 1967 (22 U.S.C. 1978(a)) for as
19 long as the prohibition is in effect; and

20 (F) in the case of—

21 (i) tuna or a product containing tuna harvested by a nation
22 whose fishing vessels engage in high seas driftnet fishing,
23 shall require that the government of the exporting nation pro-
24 vide documentary evidence that the tuna or tuna product was
25 not harvested with a large-scale driftnet anywhere on the high
26 seas; or

27 (ii) any other fish or a product containing any other fish
28 harvested by a nation whose fishing vessels engage in high
29 seas driftnet fishing, shall require that the government of the
30 exporting nation provide documentary evidence that the fish
31 or fish product was not harvested with a large-scale driftnet
32 in the South Pacific Ocean, or in any other water of the high
33 seas.

34 (6) DEFINITION OF DRIFTNET.—In paragraph (5)(F), the term
35 “driftnet” has the meaning given the term in section 4003 of the Drift-
36 net Impact Monitoring, Assessment, and Control Act of 1987 (16
37 U.S.C. 1822 note).

38 (d) WAIVER OF REQUIREMENTS.—

39 (1) IN GENERAL.—On the basis of the best scientific evidence avail-
40 able and in consultation with the Commission, and having due regard
41 to the distribution, abundance, breeding habits, and times and lines of

1 migratory movements of marine mammals, the Secretary shall from
2 time to time—

3 (A) determine when, to what extent (if at all), and by what
4 means it is consistent with this chapter to waive the moratorium
5 under section 221201 of this title so as to allow the taking or im-
6 porting of a marine mammal or a marine mammal product; and

7 (B) prescribe regulations, issue permits, and make determina-
8 tions under sections 221202, 221204, and 221206 of this title per-
9 mitting and governing the taking and importing described in sub-
10 paragraph (A), in accordance with those determinations.

11 (2) PRINCIPLES OF RESOURCE PROTECTION AND CONSERVATION.—
12 The Secretary, in making the determinations under paragraph (1),
13 shall ensure that the taking of the marine mammal is in accordance
14 with sound principles of resource protection and conservation.

15 (3) REQUIRED CERTIFICATION.—

16 (A) IN GENERAL.—A person shall not import into the United
17 States a marine mammal or marine mammal product unless the
18 Secretary certifies that the program for taking marine mammals
19 in the country of origin is consistent with this chapter.

20 (B) IMPORTATION PROHIBITED.—A person shall not import into
21 the United States a marine mammal product of a nation not cer-
22 tified under this paragraph for any purpose, including processing
23 for exportation.

24 (4) DEPLETED SPECIES OR STOCKS.—Except for scientific research
25 purposes, photography for educational or commercial purposes, or en-
26 hancement of the survival or recovery of a species or stock as provided
27 for in subsection (b), or for specified activities as provided for under
28 subsection (f)—

29 (A) the Secretary shall not issue a permit for the taking of a
30 marine mammal that is a member of a depleted species or stock;
31 and

32 (B) a person shall not import a marine mammal described in
33 subparagraph (A).

34 (e) DETERRENCE.—

35 (1) IN GENERAL.—This chapter does not apply to the use of a deter-
36 rence measure—

37 (A) by the owner of fishing gear or catch, or an employee or
38 agent of the owner, to deter a marine mammal from damaging the
39 gear or catch;

1 (B) by the owner of other private property, or an agent, bailee,
2 or employee of the owner, to deter a marine mammal from damag-
3 ing private property;

4 (C) by any person to deter a marine mammal from endangering
5 personal safety; or

6 (D) by a government employee to deter a marine mammal from
7 damaging public property;

8 so long as the deterrence measure does not result in the death or seri-
9 ous injury of the marine mammal.

10 (2) GUIDELINES AND RECOMMENDED SPECIFIC DETERRENCE MEAS-
11 URES.—

12 (A) GUIDELINES.—The Secretary shall, in consultation with ap-
13 propriate experts, and after notice and opportunity for public com-
14 ment, publish in the Federal Register a list of guidelines for use
15 in safely deterring marine mammals.

16 (B) SPECIFIC DETERRENCE MEASURES FOR ENDANGERED SPE-
17 CIES OR THREATENED SPECIES.—In the case of marine mammals
18 listed as endangered species or threatened species under chapter
19 201 of this title, the Secretary shall recommend specific nonlethal
20 deterrence measures that may be used to deter marine mammals.

21 (C) NONVIOLATIONS.—An action to deter marine mammals con-
22 sistent with the guidelines or specific deterrence measures under
23 this paragraph shall not be a violation of this chapter.

24 (3) PROHIBITION ON CERTAIN DETERRENCE METHODS.—If the Sec-
25 retary determines, using the best scientific information available, that
26 a deterrence measure has a significant adverse effect on marine mam-
27 mals, the Secretary may prohibit the deterrence measure, after notice
28 and opportunity for public comment, through regulation under this
29 chapter.

30 (4) APPLICABILITY TO ALL MARINE MAMMALS.—The authority to
31 deter marine mammals under paragraph (1) applies to all marine mam-
32 mals, including all depleted stocks.

33 (f) INCIDENTAL TAKINGS WHILE ENGAGING IN SPECIFIED ACTIVITIES
34 INCLUDING MILITARY READINESS ACTIVITIES.—

35 (1) IN GENERAL.—On request by a United States citizen who en-
36 gages in a specified activity (other than commercial fishing) within a
37 specified geographical region, the Secretary shall authorize, for periods
38 of not more than 5 consecutive years each, the incidental, but not in-
39 tentional, taking by the citizen, while engaging in that activity within
40 that region, of a small number of marine mammals of a species or
41 stock.

1 (2) REGULATIONS.—

2 (A) IN GENERAL.—The Secretary shall authorize incidental tak-
3 ings under paragraph (1) if the Secretary, after notice (in the
4 Federal Register and in newspapers of general circulation, and
5 through appropriate electronic media, in the coastal areas that
6 may be affected by the activity) and opportunity for public com-
7 ment—

8 (i) finds that the total number of incidental takings during
9 the relevant 5-year (or less) period under paragraph (1)—

10 (I) will have a negligible impact on the species or
11 stock described in paragraph (1); and

12 (II) will not have an unmitigable adverse impact on
13 the availability of the species or stock for taking for sub-
14 sistence uses—

15 (aa) pursuant to section 221205(a) or 221212(g)
16 of this title; or

17 (bb) in the case of a cooperative agreement under
18 both this chapter and section 251109 of this title,
19 pursuant to section 221214(c) of this title; and

20 (ii) prescribes regulations setting forth—

21 (I) permissible methods of incidental taking pursuant
22 to the specified activity described in paragraph (1);

23 (II) other means of effecting the least practicable ad-
24 verse impact—

25 (aa) on the species or stock described in para-
26 graph (1) and its habitat, paying particular atten-
27 tion to rookeries, mating grounds, and areas of
28 similar significance; and

29 (bb) on the availability of the species or stock for
30 subsistence uses; and

31 (III) requirements pertaining to the monitoring and
32 reporting of incidental takings described in paragraph
33 (1).

34 (B) SUBSTANTIAL EVIDENCE.—

36 mitigable adverse impacts under this subsection that affect
37 stocks or persons to which section 221205(a) of this title ap-
38 plies, the Secretary shall be responsible for demonstrating
39 that the finding is supported by substantial evidence on the
40 basis of the record as a whole.

1 (ii) APPLICABILITY.—Clause (i) shall apply only in an ac-
2 tion brought by an Alaska Native organization representing
3 persons to which section 221205(a) of this title applies.

4 (3) SUSPENSION OR REVOCATION OF AUTHORIZATION.—The Sec-
5 retary shall suspend for a time certain (on an individual or class basis)
6 or revoke the authorization to take marine mammals under paragraph
7 (1) pursuant to a specified activity within a specified geographical re-
8 gion if the Secretary finds, after notice and opportunity for public com-
9 ment (as required under paragraph (2) unless paragraph (4)(A) ap-
10 plies), that—

11 (A) the regulations prescribed under paragraph (2) regarding
12 methods of taking, monitoring, or reporting are not being substan-
13 tially complied with by a person engaging in the specified activity;
14 or

15 (B) the taking allowed under paragraph (1) pursuant to 1 or
16 more activities within 1 or more regions is having, or may have,
17 more than a negligible impact on the species or stock concerned.

18 (4) EMERGENCY SUSPENSION.—In the case of a suspension of au-
19 thorization to take, if the Secretary determines that an emergency ex-
20 exists that poses a significant risk to the well-being of the species or
21 stock concerned—

22 (A) the requirement for notice and opportunity for public com-
23 ment in paragraph (3) shall not apply; and

13 FIED ACTIVITIES.—

14 (1) IN GENERAL.—On request by a United States citizen who en-
15 gages in a specified activity (other than commercial fishing) within a
16 specific geographic region, the Secretary shall authorize, for periods of
17 not more than 1 year, subject to such conditions as the Secretary may
18 specify, the incidental, but not intentional, taking by harassment by the
19 citizen, while engaging in that activity within that region, of a small
20 number of marine mammals of a species or stock.

21 (2) REQUIRED FINDINGS.—

22 (A) IN GENERAL.—The Secretary shall authorize incidental tak-
23 ings by harassment under paragraph (1) if the Secretary finds
24 that the harassment, during the relevant 1-year period under
25 paragraph (1)—

26 (i) will have a negligible impact on the species or stock de-
27 scribed in paragraph (1); and

28 (ii) will not have an unmitigable adverse impact on the
29 availability of the species or stock for taking for subsistence
30 uses pursuant to—

31 (I) section 221205(a) or 221212(g) of this title; or

32 (II) a cooperative agreement under section 221220 of
33 this title.

34 (B) SUBSTANTIAL EVIDENCE.—

35 (i) IN GENERAL.—In making a finding regarding un-
36 mitigable adverse impacts under this subsection that affect
37 stocks or persons to which section 221205(a) of this title ap-
38 plies, the Secretary shall be responsible for demonstrating
39 that the finding is supported by substantial evidence on the
40 basis of the record as a whole.

1 (ii) APPLICABILITY.—Clause (i) shall apply only in an ac-
2 tion brought by an Alaska Native organization representing
3 persons to which section 221205(a) of this title applies.

4 (3) AUTHORIZATION REQUIREMENTS.—An authorization under para-
5 graph (1) shall prescribe, where applicable—

6 (A)(i) permissible methods of taking by harassment pursuant to
7 the specified activity; and

8 (ii) other means of effecting the least practicable adverse im-
9 pact—

10 (I) on the species or stock described in paragraph (1) and
11 its habitat, paying particular attention to rookeries, mating
12 grounds, and areas of similar significance; and

13 (II) on the availability of the species or stock for taking for
14 subsistence uses pursuant to—

15 (aa) section 221205(a) or 221212(g) of this title; or

16 (bb) a cooperative agreement under section 221220 of
17 this title;

18 (B) the measures that the Secretary determines are necessary
19 to ensure that the authorization would cause no unmitigable ad-
20 verse impact on the availability of the species or stock for taking
21 for subsistence uses pursuant to—

22 (i) section 221205(a) or 221212(g) of this title; or

23 (ii) a cooperative agreement under section 221220 of this
24 title; and

25 (C) requirements pertaining to the monitoring and reporting of
26 the taking by harassment, including requirements for the inde-
27 pendent peer review of proposed monitoring plans or other re-
28 search proposals where the proposed activity may affect the avail-
29 ability of a species or stock for taking for subsistence uses pursu-
30 ant to—

31 (i) section 221205(a) or 221212(g) of this title; or

32 (ii) a cooperative agreement under section 221220 of this
33 title.

34 (4) AUTHORIZATION ISSUANCE PROCEDURES.—

35 (A) PUBLICATION.—The Secretary shall—

36 (i) publish a proposed authorization not later than 45 days
37 after receiving an application under this subsection; and

38 (ii) request public comment through notice in the Federal
39 Register, newspapers of general circulation, and appropriate
40 electronic media and to all locally affected communities for a
41 period of 30 days after publication under clause (i).

1 (B) ISSUANCE.—Not later than 45 days after the close of the
2 public comment period, if the Secretary makes the findings set
3 forth in paragraph (2), the Secretary shall issue an authorization
4 with appropriate conditions to meet the requirements of paragraph
5 (3).

6 (5) MODIFICATION, SUSPENSION, OR REVOCATION OF AUTHORIZA-
7 TION.—The Secretary shall modify, suspend, or revoke an authorization
8 if the Secretary finds that paragraph (1), (2), or (3) is not being met.

9 (6) EFFECT OF AUTHORIZATION.—A person conducting an activity
10 for which an authorization has been granted under this subsection shall
11 not be subject to the penalties of this chapter for taking by harassment
12 that occurs in compliance with the authorization.

13 (7) MILITARY READINESS ACTIVITIES.—

14 (A) CONSIDERATIONS IN MAKING A DETERMINATION OF LEAST
15 PRACTICABLE ADVERSE IMPACT.—

16 (i) IN GENERAL.—For a military readiness activity, a de-
17 termination of least practicable adverse impact on the species
18 or stock under paragraph (3)(A)(ii) shall include consider-
19 ation of personnel safety, practicality of implementation, and
20 impact on the effectiveness of the military readiness activity.

21 (ii) CONSULTATION.—Before making the required deter-
22 mination in clause (i), the Secretary shall consult with the
23 Department of Defense regarding personnel safety, practical-
24 ity of implementation, and impact on the effectiveness of the
25 military readiness activity.

26 (B) FEDERAL REGISTER.—Notwithstanding paragraph (4)(A),
27 for an authorization affecting a military readiness activity, the
28 Secretary shall publish the notice required by paragraph (4)(A)
29 only in the Federal Register.

30 (C) MILITARY READINESS ACTIVITIES.—In the case of an au-
31 thorization under this subsection affecting a military readiness ac-
32 tivity, paragraph (1) shall be applied without regard to the words
33 “within a specific geographic region”, “within that region”, and
34 “of a small number of”.

35 (h) INCIDENTAL TAKINGS DURING COMMERCIAL FISHING OPER-
36 ATIONS.—

37 (1) DEFINITIONS.—In this subsection:

38 (A) FISHERY.—The term “fishery” has the meaning given the
39 term in section 3 of the Magnuson-Stevens Fishery Conservation
40 and Management Act (16 U.S.C. 1802).

4 U.S.C. 1802).

5 (2) IN GENERAL.—Subject to paragraph (3), the Secretary shall au-
6 thorize, for periods of not more than 3 consecutive years, the inciden-
7 tal, but not the intentional, taking by a person using a vessel of the
8 United States or a vessel that has a valid fishing permit issued by the
9 Secretary in accordance with section 204(b) of the Magnuson-Stevens
10 Fishery Conservation and Management Act (16 U.S.C. 1824(b)), while
11 engaging in commercial fishing operations, of a marine mammal from
12 a species or stock that is depleted under section 221102(8)(C) of this
13 title by virtue of it being listed as an endangered species or threatened
14 species under chapter 201 of this title.

15 (3) REQUIRED DETERMINATIONS.—The Secretary shall authorize an
16 incidental taking under paragraph (2) if the Secretary, after notice and
17 opportunity for public comment, determines that—

18 (A) the incidental mortality or serious injury from commercial
19 fisheries will have a negligible impact on the species or stock de-
20 scribed in paragraph (2);

21 (B) a recovery plan has been developed or is being developed for
22 the species or stock described in paragraph (2) pursuant to chap-
23 ter 201 of this title; and

24 (C) when required under section 221216 of this title—

25 (i) a monitoring program is established under subsection
26 (f) of that section;

27 (ii) vessels engaged in commercial fisheries are registered
28 in accordance with that section; and

29 (iii) a take reduction plan has been developed or is being
30 developed for the species or stock described in paragraph (2).

31 (4) ACTION FOLLOWING DETERMINATION.—

32 (A) IN GENERAL.—On a determination by the Secretary that
33 the requirements of paragraphs (2) and (3) have been met, the
34 Secretary shall—

35 (i) publish in the Federal Register a list of commercial
36 fisheries for which the determination was made; and

37 (ii) for vessels required to register under section 221216 of
38 this title, issue an appropriate permit for each authorization
39 granted under that section to vessels to which this subsection
40 applies.

1 (B) INAPPLICABILITY OF PENALTIES TO CERTAIN VESSELS.—A
2 vessel engaged in a commercial fishery included in the list pub-
3 lished by the Secretary under subparagraph (A)(i) that is not re-
4 quired to register under section 221216 of this title shall not be
5 subject to the penalties of this chapter for the incidental taking
6 of a marine mammal to which this subsection applies, so long as
7 the owner or the operator of the vessel reports any incidental mor-
8 tality or injury of the marine mammal to the Secretary in accord-
9 ance with section 221216 of this title.

10 (5) EMERGENCY PROTECTION OF ENDANGERED SPECIES AND
11 THREATENED SPECIES.—If, during the course of the commercial fish-
12 ing season, the Secretary determines that the level of incidental mortal-
13 ity or serious injury from commercial fisheries for which a determina-
14 tion was made under paragraph (3) has resulted or is likely to result
15 in an impact that is more than negligible on the marine mammals de-
16 scribed in paragraph (2), the Secretary shall use the emergency author-
17 ity granted under section 221216 of this title to protect the marine
18 mammals, and may modify an authorization granted under this sub-
19 section as necessary.

20 (6) SUSPENSION OR REVOCATION OF AUTHORIZATIONS AND AMEND-
21 MENT OF PUBLISHED FISHERIES LIST.—

22 (A) AUTHORIZATIONS.—The Secretary may suspend for a time
23 certain or revoke an authorization granted under this subsection
24 only if the Secretary determines that compliance is not being made
25 with the conditions or limitations set forth in the authorization.

26 (B) LIST.—After notice and opportunity for public comment,
27 the Secretary may amend the list of commercial fisheries published
28 under paragraph (4)(A)(i) if the Secretary determines that there
29 has been a significant change in the information or conditions
30 used to determine the list.

31 (7) INAPPLICABILITY OF CERTAIN PROVISIONS.—Sections 221204 and
32 221206 of this title shall not apply to the taking of a marine mammal
33 under this subsection.

34 (8) CALIFORNIA SEA OTTERS.—This subsection shall not govern the
35 incidental taking of California sea otters.

18 the termination of travel;

19 (B) was acquired outside the United States as part of a cultural
20 exchange by an Indian, Aleut, or Eskimo residing in Alaska; or

21 (C)(i) is owned by a Native inhabitant of Russia, Canada, or
22 Greenland; and

23 (ii) is imported for a noncommercial purpose in conjunction with
24 travel within the United States or as part of a cultural exchange
25 with an Indian, Aleut, or Eskimo residing in Alaska.

35 (I) with the concurrence of the Secretary of Agri-
36 culture, finds that a person that holds a permit under
37 subparagraph (A) for the marine mammal, or a person
38 exercising rights under subparagraph (C), no longer
39 meets the requirements of subparagraph (A)(ii) and is
40 not reasonably likely to meet those requirements in the
41 near future; or

1 (II) finds that a person that holds a permit under sub-
2 paragraph (A) for the marine mammal, or a person exer-
3 cising rights under subparagraph (C), no longer meets

12 (i) IN GENERAL.—No marine mammal held by a permit
13 holder pursuant to a permit under subparagraph (A), or by
14 a person exercising rights under subparagraph (C), may be
15 sold, purchased, exported, or transported unless—

16 (I) the Secretary is notified of the proposed sale, pur-
17 chase, exportation, or transportation not later than 15
18 days before the proposed sale, purchase, exportation, or
19 transportation; and

20 (II) the proposed sale, purchase, exportation, or trans-
21 portation is for purposes of public display, scientific re-
22 search, or enhancement of the survival or recovery of a
23 species or stock.

24 (ii) CONTENTS OF NOTIFICATION.—The Secretary shall not
25 require a notification under clause (i) to include any informa-
26 tion other than that required for the inventory under sub-
27 paragraph (H).

28 (F) NOTIFICATION OF MARINE MAMMAL BIRTH.—

29 (i) IN GENERAL.—A person that is issued a permit under
30 subparagraph (A), or a person exercising rights under sub-
31 paragraph (C), that has possession of a marine mammal that

36 transport of the progeny not later than 15 days before
37 the sale, purchase, or transport.

38 (ii) CONTENTS OF NOTIFICATION.—The Secretary shall not
39 require a notification under clause (i) to include any informa-
40 tion other than that required for the inventory under sub-
41 paragraph (H).

1 (G) TREATMENT OF CERTAIN PROGENY.—The progeny of a ma-
2 rine mammal born in captivity before April 30, 1994, and held in
3 captivity for the purpose of public display, shall be subject to the
4 same permit and notification requirements as progeny of a marine
5 mammal born in captivity after April 30, 1994.

6 (H) INVENTORY.—

7 (i) IN GENERAL.—The Secretary shall maintain an inven-
8 tory of—

9 (I) all marine mammals possessed by permit holders
10 pursuant to permits issued under subparagraph (A) or
11 by persons exercising rights under subparagraph (C);
12 and

13 (II) all progeny of those marine mammals.

14 (ii) CONTENTS.—The inventory shall contain, for each ma-
15 rine mammal, only the following information, which shall be
16 provided by a person holding a marine mammal under this
17 chapter:

18 (I) The name of the marine mammal or other identi-
19 fication.

35 (A) ISSUANCE.—

36 (i) IN GENERAL.—The Secretary may issue a permit under
37 this paragraph for the taking or importation of a marine
38 mammal for scientific research purposes to an applicant that
39 submits with its permit application information indicating
40 that the taking is required to further a bona fide scientific
41 research purpose.

1 (ii) ISSUANCE BEFORE END OF PUBLIC REVIEW AND COM-
2 MENT PERIOD.—The Secretary may issue a permit under this
3 paragraph before the end of the public review and comment
4 period required under subsection (i)(2) if delaying issuance of
5 the permit could result in injury to a species, stock, or indi-
6 vidual or in loss of a unique research opportunity.

7 (B) LETHAL TAKINGS.—

8 (i) LETHAL TAKING NOT AUTHORIZED.—No permit issued
9 for purposes of scientific research shall authorize the lethal
10 taking of a marine mammal unless the applicant dem-
11 onstrates that a nonlethal method of conducting the research
12 is not feasible.

13 (ii) LETHAL TAKING OF DEPLETED SPECIES OR STOCK.—
14 The Secretary shall not issue a permit for scientific research
15 that involves the lethal taking of a marine mammal from a
16 depleted species or stock, unless the Secretary determines
17 that—

18 (I) the results of the scientific research will directly
19 benefit that species or stock; or

20 (II) the scientific research fulfills a critically important
21 research need.

22 (C) TAKING BY LEVEL B HARASSMENT.—

23 (i) GENERAL AUTHORIZATION AND IMPLEMENTING REGU-
24 LATIONS.—The Secretary shall issue a general authorization
25 and implementing regulations allowing bona fide scientific re-
26 search that may result only in taking by Level B harassment
27 of a marine mammal.

28 (ii) LETTER OF INTENT.—The general authorization in
29 clause (i) applies to persons that submit, not later than 60
30 days before commencement of the scientific research de-
31 scribed in clause (i), a letter of intent via certified mail to the
32 Secretary that describes—

33 (I) the species or stocks that may be harassed;

34 (II) the geographic location of the scientific research;

35 (III) the period of time over which the scientific re-
36 search will be conducted;

37 (IV) the purpose of the scientific research, including
38 a description of how the definition of bona fide scientific
39 research as established under this chapter would apply;
40 and

1 (V) the methods to be used to conduct the scientific
2 research.

3 (iii) LETTER OF CONFIRMATION.—Not later than 30 days
4 after receipt of a letter of intent to conduct scientific research
5 under the general authorization, the Secretary—

6 (I) shall issue a letter to the applicant confirming that
7 the general authorization applies; or

8 (II) if the proposed scientific research is likely to re-
9 sult in the taking (including Level A harassment) of a
10 marine mammal, shall notify the applicant that subpara-
11 graph (A) applies.

12 (5) ENHANCEMENT OF SURVIVAL OR RECOVERY.—

13 (A) REQUIRED DETERMINATIONS FOR ISSUANCE.—The Sec-
14 retary may issue a permit for the taking or importation of a ma-
15 rine mammal for enhancement of the survival or recovery of a spe-
16 cies or stock only with respect to a species or stock for which the
17 Secretary, after consultation with the Commission and after notice
18 and opportunity for public comment, determines—

19 (i) that the taking or importation is likely to contribute sig-
20 nificantly to maintaining or increasing distribution or num-
21 bers necessary to ensure the survival or recovery of the spe-
22 cies or stock; and

23 (ii) that the taking or importation—

24 (I) is consistent with any conservation plan prepared
25 by the Secretary under section 221218 of this title or
26 any recovery plan developed under section 201208 of this
27 title for the species or stock; or

28 (II) if there is no conservation or recovery plan in
29 place, is consistent with the Secretary's evaluation of the
30 actions required to enhance the survival or recovery of
31 the species or stock in light of the factors that would be
32 addressed in a conservation plan or a recovery plan.

33 (B) CAPTIVE MAINTENANCE OF A MARINE MAMMAL FROM A DE-
34 PLETED SPECIES.—A permit issued under this paragraph may au-
35 thorize the captive maintenance of a marine mammal from a de-
36 pleted species or stock if the Secretary—

37 (i) determines that captive maintenance is likely to contrib-
38 ute to the survival or recovery of the species or stock by
39 maintaining a viable gene pool, increasing productivity, pro-
40 viding biological information, or establishing animal reserves;

1 (ii) determines that the expected benefit to the affected
2 species or stock outweighs the expected benefit of alternatives
3 that do not require removal of animals from the wild; and

4 (iii) requires that the marine mammal or its progeny be re-
5 turned to the natural habitat of the species or stock as soon
6 as feasible, consistent with the objectives of any applicable
7 conservation plan or recovery plan or of any evaluation by the
8 Secretary under subparagraph (A).

9 (C) PUBLIC DISPLAY.—The Secretary may authorize the public
10 display of a marine mammal in captive maintenance under sub-
11 paragraph (B) if the Secretary determines that the public display
12 is incidental to the authorized maintenance and will not interfere
13 with the attainment of the survival or recovery objectives.

14 (e) POLAR BEAR PARTS FROM CANADA.—

15 (1) IN GENERAL.—The Secretary may issue a permit for the impor-
16 tation of polar bear parts (other than internal organs) taken in sport
17 hunts in Canada to an applicant that submits with its permit applica-
18 tion proof that the polar bear was legally harvested in Canada by the
19 applicant.

20 (2) REQUIRED FINDINGS.—A permit under paragraph (1) shall be
21 issued if the Secretary, in consultation with the Commission and after
22 notice and opportunity for public comment, finds that—

23 (A) Canada has a monitored and enforced sport hunting pro-
24 gram consistent with the purposes of the Agreement on the Con-
25 servation of Polar Bears, done at Oslo November 15, 1973 (27
26 UST 3918; TIAS 8409);

27 (B) Canada has a sport hunting program based on scientifically
28 sound quotas ensuring the maintenance of the affected stock at a
29 sustainable level;

30 (C) the exportation from Canada and subsequent importation
31 into the United States are consistent with the Convention on
32 International Trade in Endangered Species of Wild Fauna and
33 Flora, done at Washington March 3, 1973 (27 UST 1087; TIAS
34 8249) and other international agreements and conventions; and

35 (D) the exportation from Canada and subsequent importation
36 into the United States are not likely to contribute to illegal trade
37 in bear parts.

38 (3) FEES.—

39 (A) IN GENERAL.—The Secretary shall charge a reasonable fee
40 for a permit issued under this subsection.

1 (B) AVAILABILITY OF FEES COLLECTED.—All fees collected
2 under this subsection shall be available to the Secretary until ex-
3 pended for use in developing and implementing cooperative re-
4 search and management programs for the conservation of polar
5 bears in Alaska and Russia pursuant to section 221215(d) of this
6 title.

7 (4) DETERMINATIONS AND REVIEWS AFFECTING ISSUANCE OF PER-
8 MITS.—

9 (A) NONISSUANCE OF PERMITS ON SIGNIFICANT ADVERSE IM-
10 PACT DETERMINATION.—The Secretary shall not issue permits
11 under this subsection if the Secretary determines, based on the
12 scientific review that was required by section 104(c)(5)(C)(i) of
13 the Marine Mammal Protection Act of 1972 (Public Law 92–522),
14 that the issuance of permits under this subsection is having a sig-
15 nificant adverse impact on the polar bear stocks in Canada.

16 (B) ANNUAL REVIEW OF DETERMINATION.—The Secretary may
17 review the determination under subparagraph (A) annually, in
18 light of the best scientific information available, and shall complete
19 the review not later than January 31 in any year a review is
20 undertaken.

21 (C) ISSUANCE OF PERMITS ON NO SIGNIFICANT ADVERSE IM-
22 PACT DETERMINATION.—The Secretary may issue a permit under
23 this subsection if the Secretary determines, on the basis of the an-
24 nual review under subparagraph (B), that the issuance of permits
25 under this subsection is not having a significant adverse impact
26 on the polar bear stocks in Canada.

27 (5) POLAR BEAR PARTS FROM POLAR BEARS TAKEN BEFORE FEB-
28 RUARY 18, 1997.—

29 (A) IN GENERAL.—The Secretary of the Interior shall, expedi-
30 tiously after the expiration of the applicable 30-day period under
31 subsection (i)(2), issue a permit for the importation of polar bear
32 parts (other than internal organs) from polar bears taken in sport
33 hunts in Canada before February 18, 1997, to an applicant who
34 submits, with the permit application, proof that the polar bear was
35 legally harvested in Canada by the applicant.

36 (B) INAPPLICABILITY OF CERTAIN PROVISIONS.—The Secretary
37 shall issue permits under subparagraph (A) without regard to
38 paragraph (2) or (4), subsection (i)(3), or section 221201 or
39 221202 of this title.

1 (C) POLAR BEAR PARTS IMPORTED BEFORE JUNE 12, 1997.—
2 This paragraph does not apply to polar bear parts that were im-
3 ported before June 12, 1997.

4 (f) PHOTOGRAPHY FOR EDUCATIONAL OR COMMERCIAL PURPOSES.—The
5 Secretary may issue a permit for photography for educational or commercial
6 purposes involving marine mammals in the wild to an applicant that submits
7 with its permit application information—

8 (1) indicating that the taking will be limited to Level B harassment;
9 and

10 (2) describing the manner in which the products of the photography
11 will be made available to the public.

12 (g) PURSE SEINE.—

13 (1) ANNUAL PERMITS FOR PURSE SEINE FISHING VESSELS.—Con-
14 sistent with section 221203 of this title and with the regulations pre-
15 scribed under section 221206 of this title, the Secretary—

16 (A) may issue an annual permit to a United States purse seine
17 fishing vessel for the taking of a marine mammal; and

18 (B) shall prescribe regulations to cover the use of annual per-
19 mits under subparagraph (A).

20 (2) ANNUAL PERMITS FOR COMMERCIAL PURSE SEINE FISHING FOR
21 YELLOWFIN TUNA.—An annual permit for the incidental taking of ma-
22 rine mammals in the course of commercial purse seine fishing for yel-
23 lowfin tuna in the eastern tropical Pacific Ocean shall be governed by
24 section 221405 of this title, subject to the regulations prescribed under
25 section 221402 of this title.

26 (h) POSSESSION OF PERMIT.—

27 (1) IN GENERAL.—A person to which a permit is issued under this
28 section (or an agent of the person) shall be in possession of the permit
29 during—

30 (A) the time of the authorized taking or importation;

31 (B) the period of any transit of the person or agent that is inci-
32 dent to the taking or importation; and

33 (C) any other time while a marine mammal taken or imported

31 marine mammals taken incidentally in the course of harvesting yellow-
32 fin tuna, which should include provisions for—

33 (i) cooperative research into alternative methods of locating and
34 catching yellowfin tuna that do not involve the taking of marine
35 mammals;

36 (ii) cooperative research on the status of affected marine mam-
37 mal stocks;

38 (iii) reliable monitoring of the number, rate, and species of ma-
39 rine mammals taken by vessels of harvesting nations;

40 (iv) limitations on incidental take levels based on the best sci-
41 entific information available; and

1 (v) the use of the best marine mammal safety techniques and
2 equipment that are economically and technologically practicable to
3 reduce the incidental mortality and serious injury of marine mam-
4 mals to insignificant levels approaching a zero mortality and seri-
5 ous injury rate;

6 (C) initiate negotiations to revise the Convention for the Establish-
7 ment of an Inter-American Tropical Tuna Commission, signed at
8 Washington May 31, 1949 (1 UST 230; TIAS 2044) to incorporate—

9 (i) the conservation and management provisions—

10 (I) agreed to by the countries that have signed the Declara-
11 tion of Panama; and

12 (II) in the Agreement for the Implementation of the Provi-
13 sions of the United Nations Convention on the Law of the
14 Sea of 10 December 1982 Relating to the Conservation and
15 Management of Straddling Fish Stocks and Highly Migratory
16 Fish Stocks (U.N. Conf. 164/37, 8 September 1995), as
17 opened for signature on December 4, 1995; and

18 (ii) a revised schedule of annual contributions to the expenses
19 of the Inter-American Tropical Tuna Commission that is equitable
20 to participating countries; and

21 (D) initiate discussions with those countries participating, or likely
22 to participate, in the International Dolphin Conservation Program, for
23 the purpose of identifying sources of funds needed for research and
24 other measures promoting effective protection of dolphins, other marine
25 species, and the marine ecosystem;

26 (3) encourage other agreements that promote the purposes of this
27 chapter with other countries for the protection of specific ocean and
28 land regions that are of special significance to the health and stability
29 of marine mammals; and

30 (4) initiate the amendment of any international treaty existing on
31 October 21, 1972, for the protection and conservation of any species
32 of marine mammal to which the United States is a party to make the
33 treaty consistent with the purposes and policies of this chapter.

34 (b) DESCRIPTION OF ANNUAL RESULTS OF DISCUSSIONS AND PROPOS-
35 ALS FOR FURTHER ACTION.—The Secretary shall include in the report re-

1 **§ 221212. Transfer of management authority**

2 (a) DEFINITIONS.—In this section:

3 (1) MANAGEMENT AUTHORITY.—The term “management authority”
4 means the authority for the conservation and management of a species
5 or stock.

6 (2) STATE AGENCY.—The term “State agency” means the State
7 agency with management authority for a species or stock after a trans-
8 fer of management authority under this section.

9 (b) PROHIBITION ON ENFORCEMENT OF STATE LAWS RELATED TO TAK-
10 ING OF MARINE MAMMALS.—A State shall not enforce or attempt to en-
11 force a State law (including a regulation) relating to the taking of a species
12 or stock within the State unless the Secretary transfers management au-
13 thority for that species or stock to the State under subsection (c)(1).

14 (c) STATE PROGRAM FOR CONSERVATION AND MANAGEMENT OF MARINE
15 MAMMALS.—

16 (1) REQUIREMENTS.—Subject to paragraph (2) and subsection (g),
17 the Secretary shall transfer management authority to a State if the
18 Secretary finds, after notice and opportunity for public comment, that
19 the State has developed and will implement a program for the con-
20 servation and management of the species or stock that—

21 (A) is consistent with the purposes, policies, and goals of this
22 chapter and with international treaty obligations;

23 (B) requires that all taking of the species or stock be humane;

24 (C) does not permit the taking of the species or stock unless—

25 (i) under a process consistent with the standards set forth
26 in subsection (d)—

27 (I) the State determines that the species or stock is
28 at its optimum sustainable population; and

29 (II) the State determines the maximum number of
30 animals of that species or stock that may be taken with-
31 out reducing the species or stock below its optimum sus-
32 tainable population; and

33 (ii) the determination under clause (i) is final and imple-
34 mented under State law, and, if a cooperative allocation
35 agreement for the species or stock is required under sub-
36 section (e)(1), a cooperative allocation agreement is imple-
37 mented;

38 (D)(i) does not permit the taking of a number of animals of the
39 species or stock that exceeds the maximum number determined
40 pursuant to subparagraph (C)(i)(II); and

1 (ii) in the case of taking for subsistence uses (as defined in sub-
2 section (g)(1)), does not permit the taking of a number of animals
3 that would be inconsistent with the maintenance of the species or
4 stock at its optimum sustainable population;

5 (E) does not permit the taking of the species or stock for sci-
6 entific research, public display, or enhancement of the survival or
7 recovery of a species or stock, except for taking for those purposes
8 that is undertaken by, or on behalf of, the State;

9 (F) provides procedures for—

10 (i) acquiring data and evaluating the data and other new
11 evidence relating to the optimum sustainable population of
12 the species or stock and the maximum take that would main-
13 tain the species or stock at the optimum sustainable popu-
14 lation; and

15 (ii) amending determinations under subparagraph (C)(i), if
16 required on the basis of the evaluation under clause (i);

17 (G) provides procedures for the resolution of differences between
18 the State and the Secretary that arise during the development of
19 a cooperative allocation agreement under subsection (e)(1); and

20 (H) provides for the submission of an annual report to the Sec-
21 retary regarding the administration of the program during the re-
22 porting period.

23 (2) TRANSITION PERIOD.—During the period between the transfer of
24 management authority for a species or stock to a State under para-
25 graph (1) and the time at which the implementation requirements
26 under paragraph (1)(C)(ii) are complied with—

27 (A) the State program shall not apply with respect to the taking
28 of the species or stock in the State for any purpose, or under any
29 condition, provided for under section 221203 or 221205 of this
30 title; and

31 (B) the Secretary shall continue to regulate, under this sub-
32 chapter, all takings of the species or stock in the State.

33 (3) EFFECT OF IMPLEMENTATION OF DETERMINATION UNDER
34 STATE LAW AND COOPERATIVE ALLOCATION AGREEMENT.—After a de-
35 termination required under paragraph (1)(C)(i) regarding a species or
36 stock is final and implemented under State law and after a cooperative
37 allocation agreement described in subsection (e)(1), if required, is im-
38 plemented for the species or stock—

39 (A) the determination shall be treated, for purposes of applying
40 this subchapter beyond the territory of the State, as a determina-

1 tion made in accordance with section 221206 of this title and as
2 a waiver under section 221203(d) of this title;

3 (B) the Secretary shall regulate, without regard to this section
4 other than the allocations specified under the cooperative alloca-
5 tion agreement, the taking of the species or stock—

6 (i) incidentally in the course of commercial fishing oper-
7 ations (as provided under subsection (c) or (e) of section
8 221203 of this title), or in the course of other specified activi-
9 ties provided for under subsection (f), (g), or (h) of that sec-
10 tion, in the zone described in section 221102(35)(B) of this
11 title; and

12 (ii) for scientific research, public display, or enhancement
13 of the survival or recovery of a species or stock (other than
14 by, or on behalf of, the State), except that a taking author-
15 ized under a permit issued pursuant to section 221203(b) of
16 this title, allowing the removal of live animals from habitat
17 in the State, shall not be effective if the State agency dis-
18 approves, on or before the date of issuance of the permit, the
19 taking as being inconsistent with the State program; and

20 (C) section 221205(a) of this title shall not apply.

21 (d) STANDARDS FOR STATE PROCESS.—The State process under sub-
22 section (e)(1)(C) shall comply with the following standards:

23 (1) INITIAL DETERMINATION.—

24 (A) IN GENERAL.—The State agency shall make an initial de-
25 termination regarding the factors described in subclauses (I) and
26 (II) of subsection (e)(1)(C)(i).

27 (B) AVAILABILITY OF DOCUMENTATION.—The State agency
28 shall identify, and make available to the public under reasonable
29 circumstances, the documentation supporting the initial determina-
30 tion.

31 (C) FINAL.—Unless request for a hearing under paragraph (2)
32 regarding the initial determination is timely made, the initial de-
33 termination shall be treated as final under State law.

34 (2) HEARINGS.—

35 (A) IN GENERAL.—The State agency shall provide opportunity,
36 at the request of any person, for a hearing with respect to the ini-
37 tial determination made by the State agency under paragraph (1)
38 at which the person may—

39 (i) present oral and written evidence in support of or
40 against the initial determination; and

1 (ii) cross-examine persons presenting evidence at the hear-
2 ing.

3 (B) NOTICE.—The State agency shall give public notice of the
4 hearing and make available to the public, within a reasonable time
5 before commencing the hearing, a list of the witnesses for the
6 State and a general description of the documentation and other
7 evidence that will be relied on by the witnesses.

8 (3) RECORDS.—The State agency, solely on the basis of the record
9 developed at a hearing held under paragraph (2), shall—

10 (A) make a decision regarding its initial determination under
11 paragraph (1); and

12 (B) include with the record a statement of the findings and con-
13 clusions, and the reason or basis for the findings and conclusions,
14 on all material issues.

15 (4) JUDICIAL REVIEW.—

16 (A) IN GENERAL.—Opportunity for judicial review of a decision
17 under paragraph (3)(A), under scope of review equivalent to that
18 provided for in subparagraphs (A) through (E) of section 706(2)
19 of title 5, shall be available under State law.

20 (B) INITIATION OF JUDICIAL REVIEW BY SECRETARY.—The
21 Secretary may not initiate judicial review of a decision under para-
22 graph (3)(A).

23 (e) COOPERATIVE ALLOCATION AGREEMENTS.—

24 (1) IN GENERAL.—If the range of a species or stock with respect to
25 which a determination under subsection (c)(1)(C)(i) is made extends
26 beyond the territorial waters of the State, the State agency and the
27 Secretary (who shall first coordinate with the Commission and the ap-
28 propriate regional fishery management council established in section
29 302 of the Magnuson-Stevens Fishery Conservation and Management
30 Act (16 U.S.C. 1852)) shall enter into a cooperative allocation agree-
31 ment providing procedures for allocating, on a timely basis, the number
32 of animals, as determined under subsection (c)(1)(C)(i)(II), that may
33 be appropriate for taking, with priority of allocation being given—

34 (A) first, to taking for subsistence uses in the case of the State
35 of Alaska; and

36 (B) second, to taking for purposes provided for under section
37 221203 of this title within the zone described in section
38 221102(35)(B) of this title.

39 (2) REQUEST BY STATE AGENCY FOR SECRETARY TO REGULATE.—

40 (A) IN GENERAL.—If the State agency requests the Secretary
41 to regulate the taking of a species or stock to which paragraph

1 (1) applies within the zone described in section 221102(35)(B) of
2 this title for subsistence uses or for hunting, or both, in a manner
3 consistent with the regulation by the State agency of the taking
4 within the State, the Secretary shall adopt, and enforce within the
5 zone, the State agency's regulatory provisions that the Secretary
6 considers to be consistent with the Secretary's administration of
7 sections 221201 and 221203 of this title within the zone.

8 (B) RULEMAKING PROCEDURE.—

9 (i) IN GENERAL.—The Secretary shall adopt the State
10 agency's regulatory provisions referred to in subparagraph
11 (A) through the issuance of regulations under section 553 of
12 title 5.

13 (ii) INAPPLICABILITY OF CERTAIN PROVISIONS.—With re-
14 spect to the issuance of regulations under clause (i), chapter
15 6 of title 5, chapter 35 of title 44, and the 30-day notice re-
16 quirement under section 553(d) of title 5 shall not apply.

17 (iii) TREATMENT OF REGULATIONS.—For purposes of sec-
18 tions 221207, 221209, and 221210 of this title and section
19 51(a)(2) of title 18, the regulations prescribed under clause
20 (i) shall be treated as having been prescribed under this sub-
21 chapter.

22 (f) REVOCATION OR VOLUNTARY RETURN OF TRANSFER OF MANAGE-
23 MENT AUTHORITY.—

24 (1) IN GENERAL.—

25 (A) REQUIRED FINDINGS.—Subject to paragraph (2), the Sec-
26 retary shall revoke, after opportunity for a hearing, a transfer of
27 management authority for a species or stock made to a State
28 under subsection (c)(1) if the Secretary finds that the State pro-
29 gram for the conservation and management of the species or
30 stock—

31 (i) is not being implemented; or

32 (ii) is being implemented in a manner that is inconsistent
33 with this section or the State program.

34 (B) VOLUNTARY RETURN OF MANAGEMENT AUTHORITY.—The
35 Secretary shall establish a procedure for the voluntary return by
36 a State to the Secretary of management authority that was pre-
37 viously transferred to the State under subsection (c)(1).

38 (2) CONDITIONS REQUIRED FOR REVOCATION.—The Secretary shall
39 not revoke a transfer of management authority under paragraph (1)
40 unless—

1 (A) the Secretary provides the State a written notice of intent
2 to revoke, including a statement, in detail, of the actions or fail-
3 ures to act on which the intent is based; and

4 (B) during the 90-day period after the date on which the notice
5 of intent to revoke is provided—

6 (i) the Secretary provides opportunity for consultation be-
7 tween the Secretary and the State concerning the State ac-
8 tions or failures to act and the remedial measures that should
9 be taken by the State; and

10 (ii) the State does not take such remedial measures as are
11 necessary, in the judgment of the Secretary, to bring the
12 State’s conservation and management program, or the admin-
13 istration or enforcement of the program, into compliance with
14 this section.

15 (3) EFFECT OF REVOCATION.—

16 (A) IN GENERAL.—When a revocation by the Secretary of a
17 transfer of management authority to a State becomes final, or the
18 State voluntarily returns management authority to the Secretary,
19 the Secretary shall regulate the taking, and provide for the con-
20 servation and management, of the species or stock in the State in
21 accordance with this chapter.

22 (B) ALASKA NATIVES.—On revocation or return of management
23 authority as described in subparagraph (A), in the case of Alaska
24 Natives, section 221205(a) of this title and subsection (j) shall
25 apply.

26 (g) TRANSFER OF MANAGEMENT AUTHORITY TO STATE OF ALASKA.—

27 (1) DEFINITION OF SUBSISTENCE USE.—

28 (A) IN GENERAL.—In this subsection, the term “subsistence
29 use” means a customary and traditional use by rural Alaska resi-
30 dents of a marine mammal—

31 (i) for direct personal or family consumption as food, shel-
32 ter, fuel, clothing, tools, or transportation;

33 (ii) for the making and selling of handiwork articles out of
34 nonedible byproducts of marine mammals taken for personal
35 or family consumption; or

36 (iii) for barter, or sharing for personal or family consump-
37 tion.

6 (I) for fish or other wildlife or their parts; or

7 (II) for other food or nonedible items other than
8 money if the exchange is of a limited and noncommercial
9 nature.

10 (2) CONDITIONS FOR TRANSFER.—The Secretary shall not transfer
11 management authority to the State of Alaska under subsection (c)(1)
12 for a species or stock unless—

13 (A) the State of Alaska adopts and will implement a statute and
14 regulations that ensure that the taking of the species or stock for
15 subsistence uses—

16 (i) is accomplished in a nonwasteful manner;

17 (ii) will be the priority consumptive use of the species or
18 stock; and

19 (iii) if required to be restricted, the restriction will be based
20 on—

21 (I) the customary and direct dependence on the spe-
22 cies or stock as the mainstay of livelihood;

23 (II) local residency; and

24 (III) the availability of alternative resources; and

25 (B) the State of Alaska adopts a statute or regulation that re-
26 quires that any consumptive use of the species or stock, other than
27 for subsistence uses, will be authorized during a regulatory year
28 only if the appropriate agency first makes findings, based on an
29 administrative record before it, that—

30 (i) the consumptive use will have no significant adverse im-
31 pact on subsistence uses of the species or stock; and

32 (ii) the regulation of the consumptive use, including licens-
33 ing of marine mammal hunting guides and the assignment of
34 guiding areas, will, to the maximum extent practicable, pro-
35 vide economic opportunities for the residents of the rural
36 coastal villages of Alaska who engage in subsistence uses of
37 that species or stock.

38 (h) ENVIRONMENTAL IMPACT STATEMENT NOT REQUIRED.—An environ-
39 mental impact statement under section 102 of the National Environmental
40 Policy Act of 1969 (42 U.S.C. 4332) shall not be required for—

1 (1) a transfer of management authority to a State under subsection
2 (c)(1); or

3 (2) a revocation or voluntary return of management authority under
4 subsection (f).

5 (i) TAKING OF MARINE MAMMALS AS PART OF OFFICIAL DUTIES.—

6 (1) IN GENERAL.—Nothing in this subchapter or subchapter V pre-
7 cludes a Federal, State, or local government official or employee, or a
8 person designated under a transaction under section 221214(c) of this
9 title, from taking, in the course of his or her duties as an official, em-
10 ployee, or designee, a marine mammal in a humane manner (including
11 euthanasia) if the taking is for—

12 (A) the protection or welfare of the marine mammal;

13 (B) the protection of the public health and welfare; or

14 (C) the nonlethal removal of nuisance animals.

15 (2) IMPORTATION FOR MEDICAL TREATMENT.—Nothing in this sub-
16 chapter precludes the Secretary or a person designated under a trans-
17 action under section 221214(c) of this title from importing a marine
18 mammal into the United States if the importation is necessary to
19 render medical treatment that is not otherwise available.

20 (3) RETURN OF MARINE MAMMAL TO NATURAL HABITAT.—In a case
21 in which it is feasible to return to its natural habitat a marine mammal
22 taken or imported under circumstances described in this subsection,
23 steps to achieve that result shall be taken.

24 (j) REGULATIONS GOVERNING TAKING OF MARINE MAMMALS BY ALASKA
25 NATIVES.—The Secretary may prescribe regulations requiring the marking,
26 tagging, and reporting of marine mammals taken under section 221205(a)
27 of this title after—

28 (1) providing, in the affected area, notice of the proposed regula-
29 tions—

30 (A) in the Federal Register and in newspapers of general cir-
31 culation; and

32 (B) through appropriate electronic media; and

33 (2) providing opportunity for a hearing on the proposed regulations
34 in the affected area.

35 (k) GRANTS FOR DEVELOPMENT OR ADMINISTRATION OF STATE CON-
36 SERVATION AND MANAGEMENT PROGRAMS.—

37 (1) IN GENERAL.—The Secretary may make grants to States to as-
38 sist the States in—

39 (A) developing programs to be submitted for approval under
40 subsection (c) for the conservation and management of species or
41 stocks; and

1 (B) administering the programs if management authority for
2 the species or stocks is transferred to a State under subsection (c).

3 (2) LIMITATION ON GRANT AMOUNT.—A grant under this subsection
4 shall not exceed 50 percent of the costs of—

5 (A) developing a State program before approval by the Sec-
6 retary; or

7 (B) administering the program after approval by the Secretary.

8 (l) DELEGATION OF ADMINISTRATION AND ENFORCEMENT TO STATES.—

9 (1) IN GENERAL.—The Secretary shall enter into cooperative ar-
10 rangements with the appropriate officials of a State for the delegation
11 to the State of the administration and enforcement of this subchapter.

12 (2) REQUIRED PROVISIONS.—A cooperative arrangement under para-
13 graph (1) shall contain such provisions as the Secretary considers ap-
14 propriate to ensure that the purposes and policies of this chapter will
15 be carried out.

16 (m) ENFORCEMENT OF STATE LAW BY HAWAII.—Notwithstanding any
17 other Federal law related to the conservation and management of marine
18 mammals, the State of Hawaii may enforce a State law (including a regula-
19 tion) with respect to the operation in State waters of recreational and com-
20 mercial vessels, for the purpose of conservation and management of hump-
21 back whales, to the extent that the State law (including a regulation) is not
22 less restrictive than Federal law.

23 (n) EFFECT OF COOPERATIVE ARRANGEMENTS.—Nothing in this section
24 affects a cooperative agreement entered into by a State under section
25 201303 of this title before, on, or after October 9, 1981.

26 **§ 221213. Marine mammal research**

27 (a) FINANCIAL ASSISTANCE.—

28 (1) IN GENERAL.—The Secretary may provide grants or financial as-
29 sistance in such other form as the Secretary considers appropriate, to
30 any Federal or State agency, public institution, or private institution

32 person in undertaking research in subjects that are relevant to the pro-
33 tection and conservation of marine mammals.

34 (2) RESEARCH ON LOCATING AND CATCHING YELLOWFIN TUNA.—In
35 carrying out this subsection, the Secretary shall undertake a program
36 of, and shall provide financial assistance for, research into new methods
37 of locating and catching yellowfin tuna without the incidental taking
38 of marine mammals.

39 (3) REPORT.—The Secretary shall include in the report under sec-
40 tion 221206(f) of this title a description of the annual results of re-
41 search carried out under this subsection.

1 (4) TERMS AND CONDITIONS.—A grant or other financial assistance
2 under this subsection—

3 (A) shall be subject to such terms and conditions as the Sec-
4 retary considers necessary to protect the interests of the United
5 States; and

6 (B) shall be provided after review by the Commission.

7 (b) SCIENTIFIC RESEARCH PROGRAM.—

8 (1) IN GENERAL.—The Secretary of Commerce, in consultation with
9 the Secretary of the Interior, the Commission, the State of Alaska, and
10 Alaska Native organizations, shall undertake a scientific research pro-
11 gram—

12 (A) to monitor the health and stability of the Bering Sea marine
13 ecosystem; and

14 (B) to resolve uncertainties concerning the causes of population
15 declines of marine mammals, sea birds, and other living resources
16 of that marine ecosystem.

17 (2) CONTENTS.—The program under paragraph (1) shall—

18 (A) address the research recommendations developed by pre-
19 vious workshops on Bering Sea living marine resources; and

20 (B) include research on—

21 (i) subsistence uses of Bering Sea living marine resources;
22 and

23 (ii) ways to provide for the continued opportunity for sub-
24 sistence uses under clause (i).

25 (3) SITE.—To the maximum extent practicable, the program under
26 paragraph (1) shall be conducted in Alaska. The Secretary of Com-
27 merce shall use, where appropriate, traditional local knowledge and
28 may contract with a qualified Alaska Native organization to conduct
29 the research.

30 **§ 221214. Regulations; administration**

31 (a) CONSULTATION WITH FEDERAL AGENCIES.—The Secretary, in con-
32 sultation with a Federal agency to the extent that the Federal agency may

34 this subchapter.

35 (b) COOPERATION BY FEDERAL AGENCIES.—A Federal agency shall co-
36 operate with the Secretary, in such manner as may be agreeable to the Fed-
37 eral agency and the Secretary, in carrying out this subchapter.

38 (c) CONTRACTS, LEASES, COOPERATIVE AGREEMENTS, AND OTHER
39 TRANSACTIONS.—The Secretary may enter into, with any Federal or State

10 sistent with this chapter, the Secretary shall—

11 (A) suspend the operation of the program; and

12 (B) include in a report under section 221206(f) of this title the

15 resolve the problem.

16 (e) MEASURES TO ALLEVIATE IMPACTS ON STRATEGIC STOCKS.—

17 (1) IN GENERAL.—If the Secretary determines, based on a stock as-
18 sessment under section 221219 of this title or other significant new in-
19 formation obtained under this chapter, that impacts on rookeries, mat-
20 ing grounds, or other areas of similar ecological significance to marine
21 mammals may be causing the decline or impeding the recovery of a
22 strategic stock, the Secretary may develop and implement conservation
23 and management measures to alleviate those impacts.

24 (2) CONSULTATION AND PUBLIC COMMENT.—The conservation and
25 management measures under paragraph (1) shall be developed and im-
26 plemented—

27 (A) after consultation with the Commission and the appropriate
28 Federal agencies; and

35 (2) a statute implementing an international agreement existing on
36 October 21, 1972;

37 that may otherwise apply to the taking of marine mammals.

38 (b) INAPPLICABILITY OF PENALTIES.—On a finding by the Secretary
39 that an international agreement or a statute implementing an international
40 agreement has been made applicable to persons subject to this subchapter
41 in order to effect essential compliance with the regulatory provisions of this

1 chapter so as to reduce, to the lowest practicable level, the taking of marine
2 mammals incidental to commercial fishing operations, section 221207(a) of
3 this title and section 51(a)(2) of title 18 shall not apply to those persons.

4 (e) REVIEW OF EFFECTIVENESS OF AGREEMENT ON THE CONSERVATION
5 OF POLAR BEARS.—The Secretary of the Interior, in consultation with the
6 contracting parties as provided for in article IX of the Agreement on the
7 Conservation of Polar Bears, done at Oslo November 15, 1973 (27 UST
8 3918; TIAS 8409), shall establish a process by which reviews of the effec-
9 tiveness of the Agreement shall be conducted.

10 (d) REPORT.—The Secretary shall periodically submit to the Committee
11 on Natural Resources of the House of Representatives and the Committee
12 on Commerce, Science and Transportation of the Senate a report on the
13 progress of the enhanced cooperative research and management programs
14 described in section 113(d) of the Marine Mammal Protection Act of 1972
15 (Public Law 92-522), as amended by the Marine Mammal Protection Act
16 Amendments of 1994 (Public Law 103-238, 108 Stat. 542).

17 **§ 221216. Commercial fisheries**

18 (a) DEFINITIONS.—In this section:

19 (1) FISHERY.—The term “fishery” has the meaning given the term
20 in section 3 of the Magnuson-Stevens Fishery Conservation and Man-
21 agement Act (16 U.S.C. 1802).

22 (2) SECRETARY.—The term “Secretary” means the Secretary of
23 Commerce.

24 (3) VESSEL OF THE UNITED STATES.—The term “vessel of the
25 United States” has the meaning given the term in section 3 of the
26 Magnuson-Stevens Fishery Conservation and Management Act (16
27 U.S.C. 1802).

28 (b) IN GENERAL.—

29 (1) GOVERNING PROVISIONS.—Except as provided in paragraphs (2),
30 (3), and (4), this section shall govern the incidental taking of marine
31 mammals in the course of commercial fishing operations by persons
32 using vessels of the United States or vessels that have valid fishing per-
33 mits issued by the Secretary in accordance with section 204(b) of the
34 Magnuson-Stevens Fishery Conservation and Management Act (16
35 U.S.C. 1824(b)).

36 (2) DEPLETED SPECIES OR STOCK.—In the case of the incidental
37 taking of a marine mammal from a species or stock that is depleted
38 under section 221102(8)(C) of this title by virtue of it being listed as
39 an endangered species or threatened species under chapter 201 of this
40 title, both this section and section 221203(h) of this title apply.

1 (3) YELLOWFIN TUNA.—Section 221204(g) of this title and sub-
2 chapter IV, and not this section, govern the taking of marine mammals
3 in the course of commercial purse seine fishing for yellowfin tuna in
4 the eastern tropical Pacific Ocean.

5 (4) CALIFORNIA SEA OTTERS.—This section does not govern the inci-
6 dental taking of California sea otters and is not deemed to amend or
7 repeal section 1 of Public Law 99–625 (100 Stat. 3500).

8 (5) INTENTIONAL LETHAL TAKING.—Except as provided in section
9 221205(b) of this title, the intentional lethal taking of a marine mam-
10 mal in the course of commercial fishing operations is prohibited.

11 (6) INAPPLICABLE LAWS.—Sections 221204 and 221206 of this title
12 do not apply to the incidental taking of marine mammals under the au-
13 thority of this section.

14 (c) ZERO MORTALITY RATE GOAL.—

15 (1) IN GENERAL.—A commercial fishery shall maintain incidental
16 mortality and serious injury of marine mammals at insignificant levels
17 approaching a zero mortality and serious injury rate.

18 (2) FURTHER REDUCTION NOT REQUIRED.—A commercial fishery
19 that maintains insignificant incidental mortality and serious injury lev-
20 els approaching a zero rate shall not be required to further reduce its
21 incidental mortality and serious injury rates.

22 (3) PROGRESS REVIEW OF COMMERCIAL FISHERIES.—

23 (A) IN GENERAL.—Three years after April 30, 1994, the Sec-
24 retary shall review the progress of all commercial fisheries, by fish-
25 ery, toward reducing incidental mortality and serious injury to in-
26 significant levels approaching a zero rate.

27 (B) ADDITIONAL INFORMATION REQUIRED FOR ACCURATE AS-
28 SESSMENT.—The Secretary shall note any commercial fishery for
29 which additional information is required to accurately assess the
30 level of incidental mortality and serious injury of marine mammals
31 in the commercial fishery.

32 (C) TAKE REDUCTION PLANS FOR CERTAIN COMMERCIAL FISH-
33 ERIES.—If the Secretary determines after review under subpara-
34 graph (A) that the rate of incidental mortality and serious injury
35 of marine mammals in a commercial fishery is not consistent with
36 paragraph (1), the Secretary shall take appropriate action under
37 subsection (i).

38 (d) LIST OF COMMERCIAL FISHERIES.—The Secretary shall—

39 (1) publish in the Federal Register for public comment, for a period
40 of not less than 90 days, any necessary changes to the Secretary's list
41 of commercial fisheries (including an explanation of the changes and

1 a statement describing the stocks interacting with, and the approximate
2 number of vessels or persons actively involved in, each of the commer-
3 cial fisheries) published under section 114(b)(1) of the Marine Mammal
4 Protection Act of 1972 (Public Law 92-522) and in existence on
5 March 31, 1994, with respect to commercial fisheries that have—

6 (A) frequent incidental mortality or serious injury of marine
7 mammals;

8 (B) occasional incidental mortality or serious injury of marine
9 mammals; or

10 (C) a remote likelihood of or no known incidental mortality or
11 serious injury of marine mammals;

12 (2) after the close of the period for public comment under paragraph
13 (1), publish in the Federal Register a revised list of commercial fish-
14 eries and an update of information required by paragraph (1), includ-
15 ing a summary of this section and information sufficient to advise ves-
16 sel owners on how to obtain an authorization and otherwise comply
17 with the requirements of this section; and

18 (3) at least once each year after publication under paragraph (2),
19 and at such other times as the Secretary considers appropriate—

20 (A) reexamine, based on information gathered under this chap-
21 ter and other relevant sources and after notice and opportunity for
22 public comment, the classification of commercial fisheries and
23 other determinations required under paragraph (1); and

24 (B) publish in the Federal Register any necessary changes.

25 (e) AUTHORIZATIONS.—

26 (1) IN GENERAL.—

27 (A) GRANT OF AUTHORIZATION.—The Secretary shall grant an
28 authorization for a vessel described in paragraph (2) that is en-
29 gaged in a commercial fishery listed under subparagraph (A) or
30 (B) of subsection (d)(1) on receipt by the Secretary of a registra-
31 tion form providing—

32 (i) the names of the vessel owner and the vessel operator;

33 (ii) the name and description of the vessel;

34 (iii) the commercial fisheries in which the vessel will be en-
35 gaged;

36 (iv) the approximate time, duration, and location of the
37 commercial fishery operations; and

38 (v) the general type and nature of use of the fishing gear
39 and techniques used.

40 (B) INFORMATION FORMAT.—The information under subpara-
41 graph (A) shall be in a readily usable format that can be effi-

1 ciently entered into and utilized by an automated or computerized
2 data processing system.

3 (C) DECAL OR OTHER PHYSICAL EVIDENCE.—A decal or other
4 physical evidence that the authorization is current and valid—

5 (i) shall be issued by the Secretary at the time an author-
6 ization is granted; and

7 (ii) so long as the authorization remains current and valid,
8 shall be reissued annually.

9 (2) VESSELS THAT CAN BE GRANTED AUTHORIZATION.—An author-
10 ization may be granted under this section to the owner of a vessel
11 that—

12 (A) is a vessel of the United States; or

13 (B) has a valid fishing permit issued by the Secretary under
14 section 204(b) of the Magnuson-Stevens Fishery Conservation and
15 Management Act (16 U.S.C. 1824(b)).

16 (3) SCOPE OF AUTHORIZATION.—Except as provided in subsection
17 (b), an authorization under this section shall allow the incidental taking
18 of all species and stocks to which this chapter applies.

19 (4) OWNERS AND OPERATORS OF VESSELS.—

20 (A) REQUIRED ACTIONS FROM VESSEL OWNERS.—An owner of
21 a vessel engaged in a commercial fishery listed under subpara-
22 graph (A) or (B) of subsection (d)(1) shall, in order to engage in
23 the lawful incidental taking of marine mammals in a commercial
24 fishery—

25 (i) register under paragraph (1) with the Secretary to ob-
26 tain for each vessel owned and used in the commercial fishery
27 an authorization for the purpose of incidentally taking marine
28 mammals in accordance with this section;

29 (ii) ensure that a decal or other physical evidence of a cur-
30 rent and valid authorization as the Secretary may require is
31 displayed on or is in the possession of the operator of each
32 vessel owned and used in the commercial fishery;

33 (iii) report as required by subsection (h); and

34 (iv) comply with any applicable take reduction plan and
35 emergency regulations prescribed under this section.

36 (B) REQUIREMENT TO TAKE OBSERVERS.—An owner of a vessel
37 receiving an authorization under this section for a commercial
38 fishery listed under subparagraph (A) or (B) of subsection (d)(1)
39 shall, as a condition of the authorization, take on board an ob-
40 server if requested to do so by the Secretary.

41 (C) VIOLATIONS AND PENALTIES.—

1 (i) IN GENERAL.—If the owner of a vessel engaged in a
2 commercial fishery listed under subparagraph (A) or (B) of
3 subsection (d)(1)—

4 (I) fails to obtain from the Secretary an authorization
5 for the vessel under this section;

6 (II) fails to maintain a current and valid authorization
7 for the vessel; or

8 (III) fails to ensure that a decal or other physical evi-
9 dence of the authorization issued by the Secretary is dis-
10 played on or is in possession of the operator of the ves-
11 sel;

12 both the owner and the operator of the vessel shall be in vio-
13 lation of this subchapter.

14 (ii) PENALTIES FOR FAILING TO OBTAIN OR MAINTAIN AU-
15 THORIZATION.—For violations of subclause (I) or (II) of
16 clause (i), the owner and the operator shall be subject to the
17 penalties under section 221207(a) of this title and section
18 51(a)(2) of title 18.

19 (iii) PENALTY FOR FAILING TO ENSURE DISPLAY OF
20 DECAL.—For violations of clause (i)(III), the owner and the
21 operator shall be subject to a civil penalty of not more than
22 \$100 for each violation.

23 (D) EFFECT OF AUTHORIZATION.—If the owner of a vessel ob-
24 tains and maintains a current and valid authorization from the
25 Secretary under this section and meets the requirements set forth
26 in this section, including compliance with any regulations to imple-
27 ment a take reduction plan under this section, the owner of the
28 vessel, and the operator and crew members of the vessel, shall not
29 be subject to the penalties under section 221207(a) of this title
30 and section 51(a)(2) of title 18 for the incidental taking of a ma-
31 rine mammal while the vessel is engaged in a commercial fishery
32 to which the authorization applies.

33 (E) REPORTING OF INSTANCES OF INCIDENTAL MORTALITY OR
34 INJURY OF MARINE MAMMALS BY CERTAIN VESSELS.—Neither an
35 owner of a vessel engaged in a commercial fishery not listed under
36 subparagraph (A) or (B) of subsection (d)(1) nor the operator or
37 crew members of such a vessel shall be subject to the penalties
38 under section 221207(a) of this title and section 51(a)(2) of title
39 18 for the incidental taking of a marine mammal if the owner or
40 the operator reports to the Secretary, in the form and manner re-

1 quired under subsection (h), instances of incidental mortality or
2 injury of marine mammals in the course of the commercial fishery.

3 (5) SUSPENSION OR REVOCATION OF AUTHORIZATION.—

4 (A) NONCOMPLIANCE WITH REPORTING REQUIREMENTS AND
5 REQUIREMENT TO TAKE ON BOARD AN OBSERVER.—

6 (i) IN GENERAL.—The Secretary shall suspend or revoke
7 an authorization under this subsection and shall not issue a
8 decal or other physical evidence of the authorization for a ves-
9 sel until the owner of the vessel complies with the reporting
10 requirements under subsection (h) and such requirements to
11 take on board an observer under paragraph (4)(B) as are ap-
12 plicable to the vessel.

13 (ii) PREVIOUS NONCOMPLIANCE.—Previous failure to com-
14 ply with the requirements of section 114 of the Marine Mam-
15 mal Protection Act of 1972 (Public Law 92–522) shall not
16 bar authorization under this subsection for an owner that
17 complies with the requirements of this section.

18 (B) NONCOMPLIANCE WITH TAKE REDUCTION PLAN OR EMER-
19 GENCY REGULATIONS.—The Secretary may suspend or revoke an
20 authorization under this subsection and shall not issue a decal or
21 other physical evidence of the authorization for a vessel that fails
22 to comply with a take reduction plan or emergency regulations
23 prescribed under this section.

24 (C) PENALTIES FOR NONCOMPLIANCE WITH TAKE REDUCTION
25 PLAN.—The owner and the operator of a vessel that fails to com-
26 ply with a take reduction plan—

27 (i) shall be subject to the penalties of section 221207(a) of
28 this title and section 51(a)(2) of title 18 and the enforcement
29 provisions of subsections (a) through (d) and (e)(3) of section
30 221210 of this title; and

31 (ii) may be subject to sections 221207(b), 221209, and
32 paragraphs (1) and (2) of 221210(e) of this title.

33 (6) ADMINISTRATION OF AUTHORIZATIONS.—

34 (A) INTEGRATION AND COORDINATION WITH EXISTING PRO-
35 GRAMS.—The Secretary shall develop, in consultation with the ap-
36 propriate States, affected regional fishery management councils,
37 and other interested persons, the means by which the granting and
38 administration of authorizations under this subsection shall be in-
39 tegrated and coordinated, to the maximum extent practicable, with
40 fishery licenses, registrations, and related programs existing at the
41 time of the development.

1 (B) ADVISING OF COMMERCIAL FISHERS.—The Secretary shall
2 utilize newspapers of general circulation, fishery trade associa-
3 tions, electronic media, and other means to advise commercial fish-
4 ers of—

- 5 (i) the provisions of this section; and
- 6 (ii) the means by which commercial fishers may comply
7 with the requirements of this section.

8 (C) FEES.—

9 (i) IN GENERAL.—The Secretary may charge a fee for the
10 granting of an authorization under this subsection.

11 (ii) LIMITATION ON FEES CHARGED.—The level of fees
12 charged under this subparagraph shall not exceed the admin-
13 istrative costs incurred in granting an authorization.

14 (iii) AVAILABILITY OF FEES.—Fees collected under this
15 subparagraph shall be available to the Under Secretary of
16 Commerce for Oceans and Atmosphere for expenses incurred
17 in the granting and administration of authorizations under
18 this subsection.

19 (f) MONITORING OF INCIDENTAL TAKES.—

20 (1) ESTABLISHMENT OF MONITORING PROGRAM.—

21 (A) IN GENERAL.—The Secretary shall establish a program to
22 monitor incidental mortality and serious injury of marine mam-
23 mals during the course of commercial fishing operations.

24 (B) PURPOSES.—The purposes of the monitoring program shall
25 be to—

- 26 (i) obtain statistically reliable estimates of incidental mor-
27 tality and serious injury;
- 28 (ii) determine the reliability of reports of incidental mortal-
29 ity and injury under subsection (h); and
- 30 (iii) identify changes in fishing methods or technology that
31 may increase or decrease incidental mortality and serious in-
32 jury.

33 (2) OBSERVERS.—

34 (A) IN GENERAL.—Pursuant to paragraph (1), the Secretary
35 may place observers on board vessels as necessary, subject to this
36 section.

37 (B) FUNCTIONS.—Observers may—

- 38 (i) record incidental mortality and injury or bycatch of
39 other nontarget species;
- 40 (ii) record numbers of marine mammals sighted; and
- 41 (iii) perform other scientific investigations.

1 (3) STANDARDS FOR DETERMINING DISTRIBUTION OF OBSERVERS.—

2 In determining the distribution of observers among commercial fish-
3 eries and vessels within a commercial fishery, the Secretary shall be
4 guided by—

5 (A) the requirement to obtain statistically reliable information;

6 (B) the requirement that assignment of observers be fair and
7 equitable among commercial fisheries and among vessels in a com-
8 mercial fishery;

9 (C) the requirement that no individual or vessel, or group of in-
10 dividuals or vessels, be subject to excessive or overly burdensome
11 observer coverage; and

12 (D) to the extent practicable, the need to minimize costs and
13 avoid duplication.

14 (4) ORDER OF PRIORITY IN ALLOCATION OF OBSERVERS.—To the
15 extent practicable, the Secretary shall allocate observers among com-
16 mercial fisheries in accordance with the following priority:

17 (A) First, commercial fisheries that have incidental mortality or
18 serious injury of marine mammals from stocks listed as endan-
19 gered species or threatened species under chapter 201 of this title.

20 (B) Second, commercial fisheries that have incidental mortality
21 or serious injury of marine mammals from strategic stocks.

22 (C) Third, commercial fisheries that have incidental mortality or
23 serious injury of marine mammals from stocks for which the level
24 of incidental mortality and serious injury is uncertain.

25 (5) ALTERNATIVE OBSERVER PROGRAM.—The Secretary may estab-
26 lish an alternative observer program to provide statistically reliable in-
27 formation on the species and number of marine mammals incidentally
28 taken in the course of commercial fishing operations. The alternative
29 observer program may include direct observation of fishing activities
30 from vessels, aircraft, or points on shore.

31 (6) WHEN OBSERVERS ARE NOT REQUIRED.—The Secretary is not
32 required to place an observer on a vessel in a commercial fishery if the
33 Secretary finds that—

34 (A) in a situation in which harvesting vessels are delivering fish
35 to a processing vessel and the catch is not taken on board the har-
36 vesting vessel, statistically reliable information can be obtained
37 from an observer on board the processing vessel to which the fish
38 are delivered;

39 (B) the facilities on a vessel for quartering of an observer, or
40 for carrying out observer functions, are so inadequate or unsafe

1 that the health or safety of the observer or the safe operation of
2 the vessel would be jeopardized; or

3 (C) for reasons beyond the control of the Secretary, an observer
4 is not available.

5 (7) OBSERVERS ON UNLISTED VESSELS.—The Secretary may, with
6 the consent of the vessel owner, station an observer on board a vessel
7 engaged in a commercial fishery not listed under subparagraph (A) or
8 (B) of subsection (d)(1).

9 (8) CONFIDENTIALITY OF INFORMATION.—

10 (A) IN GENERAL.—Proprietary information collected under this
11 subsection shall be confidential and shall not be disclosed except—

12 (i) to Federal employees whose duties require access to the
13 information;

14 (ii) to State or tribal employees pursuant to an agreement
15 with the Secretary that prevents public disclosure of the iden-
16 tity or business of a person;

17 (iii) when required by court order; or

18 (iv) in the case of scientific information involving commer-
19 cial fisheries, to employees of regional fishery management
20 councils who are responsible for fishery management plan de-
21 velopment and monitoring.

22 (B) PROCEDURES TO PRESERVE CONFIDENTIALITY.—The Sec-
23 retary shall prescribe such procedures as may be necessary to pre-
24 serve confidentiality as required under subparagraph (A), except
25 that the Secretary shall release or make public on request any pro-
26 prietary information collected under this subsection in aggregate,
27 summary, or other form that does not directly or indirectly dis-
28 close the identity or business of a person.

29 (g) EMERGENCY REGULATIONS.—

30 (1) ACTIONS ON FINDING OF IMMEDIATE AND SIGNIFICANT ADVERSE
31 IMPACT.—If the Secretary finds that the incidental mortality and seri-
32 ous injury of marine mammals from a commercial fishery are having,
33 or are likely to have, an immediate and significant adverse impact on
34 a species or stock, the Secretary shall take action as follows:

35 (A) TAKE REDUCTION PLAN IN EFFECT.—In the case of a spe-
36 cies or stock for which a take reduction plan is in effect, the Sec-
37 retary shall—

38 (i) prescribe emergency regulations that, consistent with
39 the take reduction plan, to the maximum extent practicable,
40 reduce incidental mortality and serious injury in that com-
41 mercial fishery; and

1 (ii) approve and implement, on an expedited basis, any
2 amendments to the take reduction plan that are rec-
3 ommended by the take reduction team to address the adverse
4 impact.

5 (B) TAKE REDUCTION PLAN BEING DEVELOPED.—In the case
6 of a species or stock for which a take reduction plan is being de-
7 veloped, the Secretary shall—

8 (i) prescribe emergency regulations to reduce the incidental
9 mortality and serious injury in that commercial fishery; and

10 (ii) approve and implement, on an expedited basis, the take
11 reduction plan, which shall provide methods to address the
12 adverse impact if still necessary.

13 (C) NO TAKE REDUCTION PLAN.—In the case of a species or
14 stock for which a take reduction plan does not exist and is not
15 being developed, or in the case of a commercial fishery listed
16 under subsection (d)(1)(C) that the Secretary believes may be con-
17 tributing to the adverse impact, the Secretary shall—

18 (i) prescribe emergency regulations to reduce the incidental
19 mortality and serious injury in that commercial fishery, to the
20 extent necessary to mitigate the adverse impact;

21 (ii) immediately review the stock assessment for the species
22 or stock and the classification of the commercial fishery
23 under subsection (d) to determine whether a take reduction
24 team should be established; and

25 (iii) may, where necessary to address the adverse impact on
26 a species or stock listed as a threatened species or endan-
27 gered species under chapter 201 of this title, place observers
28 on vessels in a commercial fishery listed under subsection
29 (d)(1)(C), if the Secretary has reason to believe that the ves-
30 sels may be causing the incidental mortality or serious injury
31 of marine mammals from the stock.

32 (2) CONSULTATION.—Before taking action under subparagraph (A),
33 (B), or (C) of paragraph (1), the Secretary shall consult with the Com-
34 mission, all appropriate regional fishery management councils, State
35 fishery managers, and the appropriate take reduction team (if estab-
36 lished).

37 (3) PUBLICATION, EFFECTIVE PERIOD, AND EARLY TERMINATION.—
38 Emergency regulations prescribed under this subsection—

39 (A) shall be published in the Federal Register, with an expla-
40 nation of the emergency regulations;

1 (B) shall remain in effect for not more than 180 days or until
2 the end of the applicable commercial fishing season, whichever is
3 earlier; and

4 (C) may be terminated by the Secretary at an earlier date by
5 publication in the Federal Register of a notice of termination, if
6 the Secretary determines that the reasons for emergency regula-
7 tions no longer exist.

8 (4) EXTENSION OF EFFECTIVE PERIOD.—If the Secretary finds that
9 incidental mortality and serious injury of marine mammals in a com-
10 mercial fishery are continuing to have an immediate and significant ad-
11 verse impact on a species or stock, the Secretary may extend the emer-
12 gency regulations for an additional period ending on the earlier of—

13 (A) not more than 90 days after the date of the extension; or

14 (B) the date on which the Secretary determines that the reasons
15 for the emergency no longer exist.

16 (h) REPORTING REQUIREMENT.—

17 (1) IN GENERAL.—The owner or the operator of a vessel of the
18 United States or a vessel that has a valid fishing permit under section
19 204(b) of the Magnuson-Stevens Fishery Conservation and Manage-
20 ment Act (16 U.S.C. 1824(b)) that is subject to this section shall re-
21 port all incidental mortality and injury of marine mammals in the
22 course of commercial fishing operations to the Secretary by mail or
23 other means acceptable to the Secretary not later than 48 hours after
24 the end of each fishing trip on a standard postage-paid form to be de-
25 veloped by the Secretary under this section.

26 (2) FORMAT AND CONTENT.—The form shall be capable of being
27 readily entered into and being usable by an automated or computerized
28 data processing system and shall require the owner or the operator of
29 the vessel to provide—

30 (A) the vessel name, and Federal, State, or tribal registration
31 numbers of the registered vessel;

32 (B) the name and address of the owner or the operator of the
33 vessel;

34 (C) the name and description of the commercial fishery; and

35 (D) the species of each marine mammal incidentally killed or in-
36 jured, and the date, time, and approximate geographic location of
37 the occurrence.

38 (i) TAKE REDUCTION PLANS.—

39 (1) IN GENERAL.—The Secretary—

40 (A) shall develop and implement a take reduction plan designed
41 to assist in the recovery or prevent the depletion of each strategic

1 stock that interacts with a commercial fishery listed under sub-
2 paragraph (A) or (B) of subsection (d)(1); and

3 (B) may develop and implement a take reduction plan for any
4 other stocks that interact with a commercial fishery listed under
5 subsection (d)(1)(A) that the Secretary determines, after notice
6 and opportunity for public comment, has a high level of mortality
7 and serious injury across a number of the stocks.

8 (2) GOALS.—

9 (A) IMMEDIATE GOAL.—The immediate goal of a take reduction
10 plan for a strategic stock shall be to reduce, within 6 months after
11 its implementation, the incidental mortality and serious injury of
12 marine mammals incidentally taken in the course of commercial
13 fishing operations to levels less than the potential biological re-
14 moval level established for that strategic stock under section
15 221219 of this title.

16 (B) LONG-TERM GOAL.—The long-term goal of a take reduction
17 plan for a strategic stock shall be to reduce, not later than 5 years
18 after its implementation, the incidental mortality and serious in-
19 jury of marine mammals incidentally taken in the course of com-
20 mercial fishing operations to insignificant levels approaching a
21 zero mortality and serious injury rate, taking into account the eco-
22 nomics of the commercial fishery, the availability of existing tech-
23 nology, and existing State or regional fishery management plans.

24 (3) INSUFFICIENT FUNDING.—If there is insufficient funding avail-
25 able to develop and implement a take reduction plan for all strategic
26 stocks and other stocks described in paragraph (1), the Secretary shall
27 give highest priority to the development and implementation of take re-
28 duction plans for species or stocks whose level of incidental mortality
29 and serious injury exceeds the potential biological removal level, those
30 that have a small population size, and those that are declining most
31 rapidly.

32 (4) CONTENTS.—A take reduction plan shall include—

33 (A) a review of the information in the final stock assessment
34 published under section 221219(d) of this title and any substantial
35 new information;

36 (B) an estimate of the total number and, if possible, age and

7 which incidental mortality or serious injury from commercial fish-
8 eries exceeds the potential biological removal level established
9 under section 221219 of this title, the take reduction plan shall
10 include measures that the Secretary expects will reduce, not later
11 than 6 months after the take reduction plan’s implementation, the

13 biological removal level.

14 (B) HUMAN-CAUSED MORTALITY AND SERIOUS INJURY THAT
15 EXCEEDS POTENTIAL BIOLOGICAL REMOVAL LEVEL.—For a stock
16 in which human-caused mortality or serious injury exceeds the po-
17 tential biological removal level, other than a stock to which sub-
18 paragraph (A) applies, the take reduction plan shall include meas-
19 ures that the Secretary expects will reduce to the lowest level fea-
20 sible, not later than 6 months after the take reduction plan’s im-
21 plementation, the incidental mortality or serious injury by the
22 commercial fisheries from that stock.

23 (6) TAKE REDUCTION TEAMS.—

3 from the strategic stock or other stock.

4 (B) EXTENDED STOCKS; MULTIPLE STOCKS.—The Secretary
5 may request a take reduction team to address a stock that extends
6 over 1 or more regions or commercial fisheries, or multiple stocks
7 within a region or commercial fishery, if the Secretary determines
8 that doing so would facilitate the development and implementation
9 of a take reduction plan required under this subsection.

34 and is approaching a zero mortality and serious injury rate;

35 (E) categorize the status of the stock as one that—

36 (i) has a level of human-caused mortality and serious in-
37 jury that is not likely to cause the stock to be reduced below
38 its optimum sustainable population; or

39 (ii) is a strategic stock, with a description of the reasons
40 for the stock being categorized as a strategic stock; and

1 (F) estimate the potential biological removal level for the stock,

17 on the record prior to publishing a final stock assessment or a revision
18 of a final stock assessment for a stock subject to taking under section
19 221205(a) of this title.

20 (2) SUBSTANTIAL EVIDENCE.—

21 (A) IN GENERAL.—In making a final stock assessment pursuant

25 whole.

27 action brought by an Alaska Native organization representing per-
28 sons to which section 221205(a) of this title applies.

30 the best scientific information available, the advice of the appropriate re-
31 gional scientific review group established under subsection (f), and the com-
32 ments of the public, the Secretary shall publish in the Federal Register a
33 notice of availability and a summary of a final stock assessment or a revi-

5 status of a stock has changed or can be more accurately determined,
6 the Secretary shall revise the stock assessment in accordance with sub-
7 sections (b), (c), and (d).

8 (f) REGIONAL SCIENTIFIC REVIEW GROUPS.—

- 33 (1) authorizes an expansion or change in the respective jurisdictions
34 of Federal, State, or tribal governments over wildlife resources; or
35 (2) alters the political or legal status of Alaska Natives, or the gov-
36 ernmental or jurisdictional status of Alaska Native communities or
37 Alaska Native entities as they existed on April 30, 1994.

38 **§ 221221. Pinniped removal**

39 (a) PINNIPED REMOVAL AUTHORITY.—Notwithstanding any other provi-
40 sion of this subchapter, the Secretary may authorize the intentional lethal

2 species or a strategic stock, in accordance with this section.

3 (b) APPLICATION.—

4 (1) IN GENERAL.—A State may apply to the Secretary to authorize
5 the intentional lethal taking of individually identifiable pinnipeds that
6 are having a significant negative impact on the decline or recovery of
7 a salmonid fishery stock that—

8 (A) is listed as threatened species or endangered species under
9 chapter 201 of this title;

10 (B) the Secretary finds is approaching threatened species or en-
11 dangered species status (as those terms are defined in section
12 201102 of this title); or

13 (C) migrates through the Ballard Locks at Seattle, Washington.

14 (2) CONTENTS.—An application under paragraph (1) shall include—

24 address the situation described in the application.

25 (B) ESTABLISHMENT OF TASK FORCE AND NOTICE REQUESTING
26 COMMENT ON APPLICATION.—If the Secretary determines suffi-
27 cient evidence is provided, the Secretary shall establish a

7 source user interests and nonuser interests.

8 (iii) PUBLIC ACCESS TO MEETINGS.—A meeting of a
9 Pinniped-Fishery Interaction Task Force shall be open to the
10 public, and prior notice of the meeting shall be given to the
11 public by the task force in a timely fashion.

14 in response to a notice under subparagraph (B), a Pinniped-Fish-
15 ery Interaction Task Force shall—

16 (i) recommend to the Secretary whether to approve or deny
17 the proposed intentional lethal taking of the pinnipeds de-
18 scribed in subsection (b)(1), including with the recommenda-
19 tion a description of the specific pinniped individuals, the pro-
20 posed location, time, and method of the taking, criteria for
21 evaluating the success of the action, and the duration of the
22 intentional lethal taking authority; and

23 (ii) suggest nonlethal alternatives, if available and prac-
24 ticable, including a recommended course of action.

37 the effectiveness of the permitted intentional lethal taking or alter-
38 native actions implemented.

39 (B) INEFFECTIVE IMPLEMENTATION.—If implementation was
40 ineffective in eliminating the problem interaction, the Pinniped-

1 Fishery Interaction Task Force shall recommend additional ac-
2 tions.

3 (C) EFFECTIVE IMPLEMENTATION.—If the implementation was
4 effective, the Pinniped-Fishery Interaction Task Force shall advise
5 the Secretary that the implementation was effective, and the Sec-
6 retary shall terminate the Pinniped-Fishery Interaction Task
7 Force.

8 (d) CONSIDERATIONS.—In considering whether an application should be
9 approved or denied, a Pinniped-Fishery Interaction Task Force and the Sec-
10 retary shall consider—

11 (1) population trends, feeding habits, the location of the problem
12 interaction, how and when the problem interaction occurs, and how
13 many individual pinnipeds are involved;

14 (2) past efforts to nonlethally deter the pinnipeds, and whether the
15 applicant has demonstrated that no feasible and prudent alternatives
16 exist and that the applicant has taken all reasonable nonlethal steps
17 without success;

18 (3) the extent to which the pinnipeds are causing undue injury to,
19 impact on, or imbalance with other species in the ecosystem, including
20 fish populations; and

21 (4) the extent to which the pinnipeds are exhibiting behavior that
22 presents an ongoing threat to public safety.

32 the Secretary shall consult with other State and Federal agencies with
33 expertise in pinniped-fishery interaction.

34 (3) ISSUES FOR EVALUATION.—The study under paragraph (1) shall
35 evaluate—

36 (A) fish behavior in the presence of predators generally;

37 (B) holding times and passage rates of anadromous fish stocks
38 in areas where the fish are vulnerable to predation;

39 (C) whether additional facilities exist, or could be reasonably de-
40 veloped, that could improve escapement for anadromous fish; and

41 (D) other issues the Secretary considers relevant.

1 (4) REPORT.—The Secretary may, not later than 18 months after
 2 the commencement of the study under this subsection, submit to the
 3 Committee on Commerce, Science, and Transportation of the Senate
 4 and the Committee on Natural Resources of the House of Representa-
 5 tives a report on the results of the study.

6 (5) STUDY NOT A REASON TO DELAY.—The study under this sub-
 7 section shall not be used by the Secretary as a reason for delaying a
 8 determination or consideration under subsection (c) or (d).

19 **Subchapter IV—International Dolphin**

20 **Conservation Program**

21 **§ 221401. Findings and policy**

- 22 (a) FINDINGS.—Congress finds that—
- 23 (1) the yellowfin tuna fishery of the eastern tropical Pacific Ocean
- 24 has resulted in the deaths of millions of dolphins;
- 25 (2) significant awareness and increased concern for the health and
- 26 safety of dolphin populations have encouraged a change in fishing
- 27 methods worldwide;
- 28 (3) United States tuna fishing vessels have led the world in the de-
- 29 velopment of fishing methods to reduce dolphin mortalities in the east-
- 30 ern tropical Pacific Ocean, and United States tuna processing compa-
- 31 nies have voluntarily promoted the marketing of tuna that is dolphin
- 32 safe;
- 33 (4) nations harvesting yellowfin tuna in the eastern tropical Pacific
- 34 Ocean have demonstrated their willingness to participate in multilateral
- 35 agreements to reduce dolphin mortality progressively to a level ap-
- 36 proaching zero through the setting of annual limits, with the goal of
- 37 eliminating dolphin mortality in that fishery;
- 38 (5) recognition of the International Dolphin Conservation Program
- 39 will ensure that—
- 40 (A) the trend of reduced dolphin mortality continues;
- 41 (B) stocks of dolphins are adequately protected; and

1 (C) the goal of eliminating all dolphin mortality will continue to
2 be a priority.

3 (b) POLICY.—It is the policy of the United States to—

4 (1) eliminate the marine mammal mortality resulting from the inten-
5 tional encirclement of dolphins and other marine mammals in tuna
6 purse seine fisheries;

7 (2) support the International Dolphin Conservation Program and ef-
8 forts within the Program to reduce, with the goal of eliminating, the
9 mortality described in paragraph (1);

10 (3) ensure that the market of the United States does not act as an
11 incentive to the harvest of tuna caught with driftnets or caught by
12 purse seine vessels in the eastern tropical Pacific Ocean not operating
13 in compliance with the International Dolphin Conservation Program;

14 (4) secure appropriate multilateral agreements to ensure that United
15 States tuna fishing vessels shall have continued access to productive
16 tuna fishing grounds in the South Pacific Ocean and elsewhere; and

17 (5) encourage observer coverage on purse seine vessels fishing for
18 tuna outside the eastern tropical Pacific Ocean in a fishery in which
19 the Secretary has determined that a regular and significant association
20 occurs between marine mammals and tuna, and in which tuna is har-
21 vested through the use of purse seine nets deployed on or to encircle
22 marine mammals.

23 **§ 221402. Regulations**

24 (a) REGULATIONS.—

25 (1) IN GENERAL.—The Secretary shall prescribe regulations to carry
26 out the International Dolphin Conservation Program.

27 (2) REQUIRED REGULATORY PROVISIONS.—

28 (A) TAKING OF MARINE MAMMALS IN THE EASTERN TROPICAL
29 PACIFIC OCEAN.—The Secretary shall prescribe regulations to au-
30 thorize and govern the taking of marine mammals in the eastern
31 tropical Pacific Ocean, including any species or stock that is de-
32 pleted but not listed as an endangered species or threatened spe-
33 cies under chapter 201 of this title, by vessels of the United States
34 participating in the International Dolphin Conservation Program.

35 (B) OTHER PROVISIONS.—Regulations under this section shall
36 include provisions that—

37 (i) require observers on each vessel;

38 (ii) require use of the backdown procedure or other proce-
39 dure equally or more effective in avoiding mortality of, or se-
40 rious injury to, marine mammals in fishing operations;

- 1 (iii) prohibit intentional sets on stocks and schools in ac-
2 cordance with the International Dolphin Conservation Pro-
3 gram;
- 4 (iv) require the use of special equipment, including—
5 (I) dolphin safety panels in nets;
6 (II) monitoring devices as identified by the Inter-
7 national Dolphin Conservation Program to detect unsafe
8 fishing conditions that may cause high incidental dolphin
9 mortality before nets are deployed by a tuna vessel;
10 (III) operable rafts;
11 (IV) speedboats with towing bridles;
12 (V) floodlights in operable condition; and
13 (VI) diving masks and snorkels;
- 14 (v) ensure that, not later than 30 minutes before sundown,
15 the backdown procedure during sets of purse seine net on ma-
16 rine mammals is completed and rolling of the net to sack up
17 begins;
- 18 (vi) prohibit the use of explosive devices in all purse seine
19 operations;
- 20 (vii) establish, in accordance with the International Dolphin
21 Conservation Program—
22 (I) per-vessel maximum annual dolphin mortality lim-
23 its;
24 (II) total dolphin mortality limits; and
25 (III) per-stock per-year mortality limits;
- 26 (viii) prohibit the making of intentional sets on dolphins
27 after reaching—
28 (I) the vessel maximum annual dolphin mortality lim-
29 its;
30 (II) total dolphin mortality limits; or
31 (III) per-stock per-year mortality limits;
- 32 (ix) prohibit fishing on dolphins by a vessel without an as-
33 signed vessel dolphin mortality limit;
- 34 (x) provide for the authorization and conduct of experi-
35 mental fishing operations, under such terms and conditions as
36 the Secretary may prescribe, for the purpose of testing pro-
37 posed improvements in fishing techniques and equipment
38 that—
39 (I) may reduce or eliminate dolphin mortality or seri-
40 ous injury; and

1 (II) do not require the encirclement of dolphins in the
2 course of commercial yellowfin tuna fishing;

3 (xi) authorize fishing within the area covered by the Inter-
4 national Dolphin Conservation Program by vessels of the
5 United States without the use of special equipment or nets
6 if the vessel takes an observer and does not intentionally de-
7 ploy nets on, or encircle, dolphins, under such terms and con-
8 ditions as the Secretary may prescribe; and

9 (xii) contain such other restrictions and requirements as
10 the Secretary determines are necessary to carry out the Inter-
11 national Dolphin Conservation Program with respect to ves-
12 sels of the United States.

13 (3) ADJUSTMENTS TO REQUIREMENTS.—The Secretary may make
14 such adjustments as are appropriate to the requirements of paragraph
15 (2)(B) that pertain to fishing gear, vessel equipment, and fishing prac-
16 tices to the extent the adjustments are consistent with the Inter-
17 national Dolphin Conservation Program.

18 (b) CONSULTATION.—In developing a regulation under this section, the
19 Secretary shall consult with the Secretary of State, the Commission, and the
20 United States Commissioners to the Inter-American Tropical Tuna Commis-
21 sion appointed under section 3 of the Tuna Conventions Act of 1950 (16
22 U.S.C. 952).

23 (c) EMERGENCY REGULATIONS.—

24 (1) IN GENERAL.—If the Secretary determines, on the basis of the
25 best scientific information available (including research conducted
26 under section 221403 of this title and information obtained under the
27 International Dolphin Conservation Program) that the incidental mor-
28 tality or serious injury of marine mammals authorized under this sub-
29 chapter is having, or is likely to have, a significant adverse impact on
30 a species or stock, the Secretary shall—

31 (A) notify the Inter-American Tropical Tuna Commission of the
32 Secretary's determination, with recommendations to the Inter-
33 American Tropical Tuna Commission concerning actions necessary
34 to reduce incidental mortality and serious injury and mitigate the
35 adverse impact; and

36 (B) prescribe emergency regulations to reduce incidental mortal-
37 ity and serious injury and mitigate the adverse impact.

38 (2) CONSULTATION.—Before taking action under subparagraph (A)
39 or (B) of paragraph (1), the Secretary shall consult with the Secretary
40 of State, the Commission, and the United States Commissioners to the
41 Inter-American Tropical Tuna Commission.

1 (3) PUBLICATION; EFFECTIVE PERIOD; TERMINATION.—Emergency
2 regulations prescribed under this subsection—

3 (A) shall be published in the Federal Register, with an expla-
4 nation of the emergency regulations;

5 (B) shall remain in effect for the duration of the applicable
6 year; and

7 (C) may be terminated by the Secretary at an earlier date by
8 publication in the Federal Register of a notice of termination if
9 the Secretary determines that the reasons for the emergency ac-
10 tion no longer exist.

11 (4) EXTENSION OF EFFECTIVE PERIOD.—If the Secretary finds that
12 the incidental mortality or serious injury of marine mammals in the
13 yellowfin tuna fishery in the eastern tropical Pacific Ocean is continu-
14 ing to have a significant adverse impact on a species or stock, the Sec-
15 retary may extend the emergency regulations for such additional peri-
16 ods as are necessary.

17 (5) INTER-AMERICAN TROPICAL TUNA COMMISSION.—

18 (A) SPECIAL MEETING.—Not later than 120 days after the Sec-
19 retary notifies the United States Commissioners to the Inter-
20 American Tropical Tuna Commission of the Secretary's deter-
21 mination under paragraph (1)(A), the United States Commis-
22 sioners shall call for a special meeting of the Inter-American Trop-
23 ical Tuna Commission to address the actions necessary to reduce
24 incidental mortality and serious injury and mitigate the adverse
25 impact that resulted in the determination.

26 (B) REPORT ON SPECIAL MEETING.—The United States Com-
27 missioners shall report the results of the special meeting in writing
28 to the Secretary and to the Secretary of State. In their report, the
29 Commissioners shall—

30 (i) include—

31 (I) a description of the actions taken by the harvesting
32 nations or under the International Dolphin Conservation
33 Program to reduce the incidental mortality and serious
34 injury; and

35 (II) measures to mitigate the adverse impact on the
36 species or stock;

37 (ii) indicate whether, in their judgment, the actions taken
38 address the problem adequately; and

39 (iii) if they indicate that the actions taken do not address
40 the problem adequately, include recommendations for such
41 additional action to be taken as may be necessary.

1 **§ 221403. Research**

2 (a) IN GENERAL.—In consultation with the Commission and in coopera-
3 tion with the nations participating in the International Dolphin Conserva-
4 tion Program and the Inter-American Tropical Tuna Commission, the Sec-
5 retary shall undertake or support appropriate scientific research to further
6 the goals of the International Dolphin Conservation Program.

7 (b) AREAS OF RESEARCH.—Research carried out under subsection (a)
8 may include—

9 (1) projects to devise cost-effective fishing methods and gear so as
10 to reduce, with the goal of eliminating, the incidental mortality and se-
11 rious injury of marine mammals in connection with commercial purse
12 seine fishing in the eastern tropical Pacific Ocean;

13 (2) projects to develop cost-effective methods of fishing for mature
14 yellowfin tuna without setting nets on dolphins or other marine mam-
15 mals;

16 (3) projects to carry out stock assessments for marine mammal spe-
17 cies and stocks taken in the purse seine fishery for yellowfin tuna in
18 the eastern tropical Pacific Ocean, including species or stocks not with-
19 in waters under the jurisdiction of the United States; and

20 (4) projects to determine—

21 (A) the extent to which the incidental take of nontarget species,
22 including juvenile tuna, occurs in the course of purse seine fishing
23 for yellowfin tuna in the eastern tropical Pacific Ocean;

24 (B) the geographic location of the incidental take; and

25 (C) the impact of the incidental take on tuna stocks and nontar-
26 get species.

27 **§ 221404. Reports**

28 The Secretary shall annually submit to Congress a report that includes—

20 termines that—

21 (A)(i) trade in that species is detrimental to the species;

22 (ii) sufficient information on which to base a judgment that the
23 species is not detrimentally affected by trade in that species is not
24 available; or

30 (2) TERMINATION OF SUSPENSION.—A species of exotic bird shall be
31 subject to a suspension of importation under paragraph (1) until the
32 Secretary, after notice and an opportunity for public comment, makes

35 **§ 265103. List of approved species**

36 (a) LISTING.—

37 (1) IN GENERAL.—The Secretary shall periodically, after notice and
38 an opportunity for public comment, publish in the Federal Register a
39 list of species of exotic birds—

40 (A) that are listed in an Appendix to the Convention; and

9 (3) BASES FOR DETERMINATIONS.—In deciding whether a species
10 should be included in the list under this subsection, the Secretary
11 shall—

12 (A) use the best scientific information available; and

13 (B) consider the adequacy of regulatory and enforcement meeh-
14 anisms in all countries of origin for the species, including regu-
15 latory and enforcement meechanisms for control of illegal trade.

16 (b) CAPTIVE BRED SPECIES.—The Secretary shall include a species of
17 exotic birds in the list under subsection (a) if the Secretary determines
18 that—

19 (1) the species is regularly bred in captivity and no wild-caught birds
20 of the species are in trade; or

21 (2) the species is bred in a qualifying facility.

22 (c) NONCAPTIVE BRED SPECIES.—The Secretary shall include in the list
23 under subsection (a) a species of exotic birds that is listed in an Appendix

26 ing:

27 (1) EFFECTIVE IMPLEMENTATION OF THE CONVENTION.—Each
28 country of origin for which the species is listed is effectively implement-
29 ing the Convention, particularly with respect to—

30 (A) the establishment of a scientific authority or other equiva-
31 lent authority;

32 (B) the requirements of article IV of the Convention with re-

35 vention with respect to the species.

36 (2) DEVELOPMENT OF MANAGEMENT PLAN.—A scientifically-based
37 management plan for the species has been developed that—

39 and includes incentives for conservation;

40 (B) ensures that the use of the species—

1 (i) is biologically sustainable and maintained throughout
2 the range of the species in the country to which the plan ap-
3 plies at a level that is consistent with the role of the species
4 in the ecosystem; and

5 (ii) is well above the level at which the species might be-
6 come threatened with extinction; and

7 (C) addresses factors relevant to the conservation of the species,
8 including illegal trade, domestic trade, subsistence use, disease,
9 and habitat loss.

10 (3) IMPLEMENTATION AND ENFORCEMENT OF MANAGEMENT
11 PLAN.—The management plan is implemented and enforced.

12 (4) METHODS THAT MINIMIZE RISK TO INJURY.—The methods of
13 capture, transport, and maintenance of the species minimizes the risk

15 **§ 265104. Qualifying facilities**

16 (a) DETERMINATION.—

17 (1) IN GENERAL.—On submission of a petition under section 265106

21 for a period specified by the Secretary, not more than 3 years.

22 (3) PUBLICATION.—The Secretary shall from time to time publish a
23 list of qualifying facilities in the Federal Register.

24 (b) CRITERIA.—The Secretary shall determine under subsection (a) that
25 a facility is a qualifying facility for a species of exotic birds if the Secretary
26 finds each of the following:

27 (1) PRODUCTION CAPABILITY.—The facility has demonstrated the
28 capability of producing captive bred birds of the species in the numbers
29 to be imported into the United States from that facility.

30 (2) NONDETRIMENTAL OPERATIONS.—The facility is operated in a
31 manner that is not detrimental to the survival of the species in the
32 wild.

33 (3) HUMANE OPERATIONS.—The facility is operated in a humane
34 manner.

35 (4) CAPABILITY TO BREED SPECIES IN CAPTIVITY.—The appropriate
36 governmental authority of the country in which the facility is located
37 has certified in writing, and the Secretary is satisfied, that the facility
38 has the capability of breeding the species in captivity.

39 (5) PARTY TO THE CONVENTION.—The country in which the facility
40 is located is a Party to the Convention.

1 (6) EXPORTS BRED AT FACILITY.—All birds exported from the facil-
2 ity are bred at the facility.

3 **§ 265105. Moratoria or quotas for species not covered by**
4 **Convention**

5 (a) IN GENERAL.—The Secretary shall—

6 (1) review periodically the trade in species of exotic birds that are
7 not listed in an Appendix to the Convention; and

8 (2) after notice and an opportunity for public comment, establish a
9 moratorium or quota on—

10 (A) importation of a species of exotic bird from 1 or more coun-
11 tries of origin for the species, if the Secretary determines that—

12 (i) the findings described in paragraphs (2), (3), and (4)
13 of section 265103(e) of this title cannot be made with respect
14 to the species; and

15 (ii) the moratorium or quota is necessary for the conserva-
16 tion of the species or is consistent with the purpose of this
17 chapter; or

18 (B) the importation of all species of exotic birds from a particu-
19 lar country, if the Secretary determines that—

20 (i) the country has not developed and implemented a man-
21 agement program for exotic birds in trade generally that en-
22 sures both the conservation and the humane treatment of ex-
23 otic birds during capture, transport, and maintenance; and

24 (ii) the moratorium or quota is necessary for the conserva-
25 tion of the species or is consistent with the purpose of this
26 chapter.

27 (b) TERMINATION OF MORATORIUM OR QUOTA.—The Secretary shall ter-
28 minate a moratorium or quota established under subsection (a) if the Sec-
29 retary finds that the reasons for establishing the moratorium or quota no

36 quota under this chapter on importation of a species of exotic bird;

37 (2) add a species of exotic bird to, or remove the species from, the
38 list under section 265103 of this title; or

39 (3) determine under section 265104 of this title whether an exotic
40 bird breeding facility is a qualifying facility.

1 (b) CONSIDERATION AND RULING.—For each petition submitted to the
2 Secretary under subsection (a), the Secretary shall—

3 (1) not later than 90 days after receiving the petition, issue and pub-
4 lish in the Federal Register a preliminary ruling regarding whether the
5 petition presents sufficient information indicating that the action re-
6 quested in the petition might be warranted; and

7 (2) for each petition determined to present sufficient information de-
8 scribed in paragraph (1)—

9 (A) provide an opportunity for the submission of public com-
10 ment on the petition; and

11 (B) issue and publish in the Federal Register a final ruling on
12 the petition by not later than 90 days after the end of the period
13 for public comment.

22 or

23 (3) violate a regulation prescribed by the Secretary under this chap-
24 ter.

25 (b) IMPORTATION INCIDENT TO TRANSIT.—Paragraphs (1) and (2) of
26 subsection (a) do not apply to importations made incident to the transit of
27 exotic birds through the United States to foreign countries if the applicable
28 requirements of the Convention are satisfied with respect to the trade in
29 those exotic birds.

30 **§ 265108. Permits**

31 Notwithstanding a prohibition, suspension, or quota under this chapter on
32 the importation of a species of exotic bird, the Secretary may, through the
33 issuance of import permits, authorize the importation of a bird of the spe-
34 cies if the Secretary—

35 (1) determines that the importation is not detrimental to the survival
36 of the species; and

37 (2) the bird is being imported exclusively for the purpose of—

38 (A) scientific research;

39 (B) being a personally owned pet of an individual who is return-
40 ing to the United States after being continuously out of the coun-

EXPLANATION OF H.R. _____, TO ENACT TITLE 56, UNITED STATES
CODE, “WILDLIFE”, AS POSITIVE LAW

Background	Page 1
Restatement Does Not Change Meaning or Effect of Existing Law	1
Disposition Table	2
Section-by-Section Explanation	26

BACKGROUND

Over the past 100 years, a substantial amount of legislation has been enacted relating to wildlife (including the Migratory Bird Treaty Act, the Fish and Wildlife Coordination Act, the Fish and Wildlife Act of 1956, the Marine Mammal Protection Act of 1972, and the Endangered Species Act of 1973). In the United States Code, most of these provisions appear in title 16, “Conservation”, which also includes provisions relating to national forests, water conservation, and power projects. H.R. _____ gathers provisions relating to wildlife and restates these provisions as a new positive law title of the United States Code. The new positive law title replaces the former provisions, which are repealed by H.R. _____.

H.R. _____ was prepared by the Office of the Law Revision Counsel of the House of Representatives as part of its responsibility under section 205(c) of House Resolution No. 988, 93d Congress, as enacted into law by Public Law 93–554 (2 U.S.C. 285b) to submit to the Committee on the Judiciary proposed bills for the enactment of positive law titles of the United States Code.

RESTATEMENT DOES NOT CHANGE MEANING OR EFFECT OF
EXISTING LAW

H.R. _____ is a codification measure prepared in accordance with section 205(c) of House Resolution No. 988, 93d Congress, as enacted into law by Public Law 93–554 (2 U.S.C. 285b). The purpose of the bill is to enact a restatement of certain existing law relating to wildlife as a positive law title of the United States Code. The restatement of existing law does not change the meaning or effect of the existing law. The restatement consolidates various provisions that were enacted separately over a period of many years, reorganizing them, conforming style and terminology, modernizing obsolete language, and correcting drafting errors. These changes serve to remove ambiguities, contradictions, and other imperfections, but they do not change the meaning or effect of the existing law or impair the precedential value of earlier judicial decisions or other interpretations.

The courts have repeatedly held that the restatement of existing law in a bill such as this one does not change the meaning or effect of the existing law unless Congress explicitly expresses the intent to do so. See, e.g., the following:

Finley v. United States, 490 U.S. 545, 553–55 (1989).

Cass v. United States, 417 U.S. 72, 81–82 (1974).

Tidewater Oil Co. v. United States, 409 U.S. 151, 161–62 (1972).

United States v. Cook, 384 U.S. 257, 260 (1966).

Fourco Glass Co. v. Transmirra Products Corp., 353 U.S. 222, 226–27 (1957).

Washington–Dulles Transportation, Ltd. v. Metropolitan Washington Airports Authority, 263 F.3d 371, 378–79 (4th Cir. 2001).

Atchison, Topeka and Santa Fe Railway Co. v. United States, 617 F.2d 485, 490–91 (7th Cir. 1980).

Trailer Marine Transport Corp. v. Federal Maritime Commission, 602 F.2d 379, 383 (D.C. Cir. 1979).

SECTION-BY-SECTION EXPLANATION

SECTION 1—TABLE OF CONTENTS

Section 1 of the bill provides a table of contents for the Act.

SECTION 2—PURPOSE; RESTATEMENT DOES NOT CHANGE MEANING OR EFFECT OF EXISTING LAW

Section 2(a) of the bill provides that the purpose is to enact a re-statement of certain existing law relating to wildlife as a positive law title of the United States Code.

Section 2(b)(1) of the bill provides that the restatement of exist-ing law does not change the meaning or effect of the existing law (see the explanation above, under the heading “Restatement Does Not Change Meaning or Effect of Existing Law”).

Section 2(b)(2) of the bill creates a rule of construction to provide that, notwithstanding the plain meaning rule or other rules of stat-utory construction, a change in wording made in the restatement of existing law serves to clarify the existing law, but not to change the meaning or effect of the existing law. This rule of construction applies whether or not a change in wording is explained by a revi-sion note appearing in a congressional report accompanying the bill. The bill provides that if such a revision note does appear, a court is required to consider the revision note in interpreting the change.

SECTION 3—ENACTMENT OF TITLE 56, UNITED STATES CODE

Section 3 of the bill enacts title 56, United States Code. For each section of title 56, the source law citations, along with any revision notes, are set out below. In the revision notes, where language is quoted from a source provision, the enacted language, as it appears in the Statutes at Large rather than in the United States Code, is shown.

TITLE 56—WILDLIFE

The following revisions are made throughout the title:

“Puerto Rico” is substituted for “Commonwealth of Puerto Rico” and “Northern Mariana Islands” is substituted for “Commonwealth of the Northern Mariana Islands” to eliminate unnecessary words.

“Virgin Islands” is substituted for “United States Virgin Islands” or “Virgin Islands of the United States” for consistency in the title and to eliminate unnecessary words because Congress is under-stood to legislate only with respect to persons and things within the legislative jurisdiction of the United States and not with respect to persons or things within the legislative jurisdiction of a foreign country.

The word “may” is substituted for “is authorized to” to eliminate unnecessary words, for clarity, and for consistency in title 56.

The word “shall” is substituted for “is authorized and directed to” to eliminate unnecessary words, for clarity, and for consistency in title 56.

The word “includes” is substituted for “includes, but is not limited to” and similar phrases to eliminate unnecessary words, for clarity, and for consistency in title 56, because “includes” is used only in the sense of inclusion and not in any sense of exclusion.

The word “regulation” is substituted for “rule”, where used to mean “regulation”, for consistency in title 56.

The word “consider” is substituted for “deem”, except where “deem” is used to express a legal fiction, for consistency in title 56.

Definitions of “candidate species”, “cooperative agreement”, “delist”, “delisted species”, “endangered species list”, “list”, “listed species”, “proposed critical habitat”, “proposed species”, “threatened species list”, and “wildlife” are added for convenience.

In paragraph (3), “the Convention on International Trade in Endangered Species of Wild Fauna and Flora, done at Washington March 3, 1973 (27 UST 1087; TIAS 8249)” is substituted for “the Convention on International Trade in Endangered Species of Wild Fauna and Flora, signed on March 3, 1973, and the appendices thereto” for clarity and consistency in title 56, and to eliminate unnecessary words.

It is not necessary to define the term in more than 1 part of speech. Compare, for instance, the definition of the term “import” in paragraph (14).

In paragraph (13)(D), “if the transaction involves the movement of a wild animal in a foreign country” is substituted for “where the fish and wildlife in question are moving in any country or countries outside the United States” for clarity.

In paragraph (24)(A), in the matter before clause (i), “except as otherwise herein provided” is omitted as unnecessary. Whenever “Secretary” is given a different definition elsewhere in the chapter, changes are made to reflect that definition. For example, in sections 201505 and 201506 of title 56, all occurrences of “Secretary” in the source provisions are changed to “Secretary of the Interior” in those sections.

In paragraph (32), “wild animal” is substituted for “fish or wildlife” as the defined term for consistency in title 56, for clarity because fish are wildlife, and to provide a means by which “wildlife” can take a singular form.

The translated references in the restatement provide more precise references to the pertinent provisions.

In subsection (b)(1)(A), the source law’s reference to “the Fish and Wildlife Coordination Act, as amended” is translated as sections 105104 and 213103 of title 56 in clause (i) and sections 2 through 4 and 6 through 8 of the Fish and Wildlife Coordination Act (16 U.S.C. 662 through 664, 666 through 666b) in clause (iv). 201303(d)	16 U.S.C. 1535(c)(1) (last sentence (except matter after semicolon in (ii))), (c)(2) (last sentence (except matter after semicolon in (ii))).	Pub. L. 93–205, § 6(c)(1) (last sentence (except matter after semicolon in (ii))), (c)(2) (last sentence (except matter after semicolon in (ii))).
201303(e)	16 U.S.C. 1535(c)(1) (last sentence (matter after semicolon in (ii))), (c)(2) (last sentence (matter after semicolon in (ii))).	Pub. L. 93–205, § 6(c)(1) (last sentence (matter after semicolon in (ii))), (c)(2) (last sentence (matter after semicolon in (ii))).
201303(f)	16 U.S.C. 1535(d)(2) (matter before (i)).	Pub. L. 93–205, § 6(d)(2) (matter before (i)).

Subsections (a) through (c) are restatements of the 1st, 2d, and 3d sentences of paragraphs (1) and (2) of section 6(c) of the Endangered Species Act of 1973 (Public Law 93–205), as amended by the Endangered Species Act Amendments of 1978 (Public Law 95–632, 92 Stat. 3762). In the source law, the 1st, 2d, and 3d sentences of paragraphs (1) and (2) are identical, except for the reference to plants in the 1st sentence of paragraph (2). Because the term “species” is defined in the source law as including wildlife and plants, a reference to “listed species” refers to both wildlife and plants. Thus, subsections (a) through (c) of section 201303 of title 56 adequately restate the 1st, 2d, and 3d sentences of paragraphs (1) and (2) of section 6(c) of the source law while eliminating unnecessary words.

In paragraphs (1)(A)(ii)(II) and (2)(A)(ii)(II) of subsection (d), “plan and” is omitted because the word “plan” has no antecedent.

In subsection (e), “Notwithstanding sections 201206(b)(2) and 201307 of this title” is added for clarity.

In subsection (e), “201801(a)” is substituted for “section 9(a)(1)” in both provisions of the source law (paragraphs (1) and (2) of section 6(c) of the Endangered Species Act of 1973 (Public Law 93–205), as amended by the Endangered Species Act Amendments of 1978 (Public Law 95–632, 92 Stat. 3762)). The words “removal, or damaging” are added after “taking”. The substitution and addition make clear that the prohibitions relating to the removal and damaging of plants are not affected by a cooperative agreement.

L. 109-59, 119 Stat. 1949), is superseded by the creation of the Sport Fish Restoration and Boating Trust Fund created by such subsection (b).

201812	16 U.S.C. 1540(g).	Pub. L. 93–205, § 11(g).

In subsection (a), section 11(g)(1)(B) of the Endangered Species Act of 1973 (Public Law 93–205, 87 Stat. 900) is omitted as obsolete because it allowed a person to commence a civil action to compel the Secretary to apply certain prohibitions pursuant to section 6(g)(2)(B)(ii) of the Act (Public Law 93–205, 87 Stat. 892), which the bill repeals as obsolete. See disposition table entry for 16 U.S.C. 1535(g)(2)(B).

In subsection (a), the 2d sentence of section 11(g)(1) of the Endangered Species Act of 1973 (Public Law 93–205, 87 Stat. 900), which provided jurisdiction to United States district courts to enforce the Act, is omitted as unnecessary because jurisdiction exists under section 1331 of title 28.

In subsection (a), the last sentence of section 11(g)(1) of the Endangered Species Act of 1973 (Public Law 93–205, 87 Stat. 900), which required a district court to compel the Secretary to apply the prohibition sought in an action under section 11(g)(1)(B) of the Act, is omitted as obsolete because, as explained in the first revision note for this section, section 11(g)(1)(B) of the Act is omitted as obsolete.

In subsection (b), section 11(g)(2)(B) of the Endangered Species Act of 1973 (Public Law 93–205, 87 Stat. 901) is omitted as obsolete because it prohibited, if either of 2 conditions is satisfied, the commencement of an action under section 11(g)(1)(B) of the Act which, as explained in the first revision note for this section, is omitted as obsolete.

Subchapter IX—Miscellaneous

SECTION 201901—COORDINATION WITH ANIMAL QUARANTINE LAWS

<i>Revised Section</i>	<i>Source (U.S. Code)</i>	<i>Source (Pub. L.)</i>
201901	16 U.S.C. 1540(h) (1st sentence).	Pub. L. 93–205, § 11(h) (1st sentence).

In this section, “Secretary of Homeland Security” is added because of sections 421 and 1517 of the Homeland Security Act of 2002 (6 U.S.C. 231, 557) and the Department of Homeland Security Reorganization Plan of November 25, 2002 (6 U.S.C. 542 note).

In this section, “and section 306 of the Tariff Act of 1930 (19 U.S.C. 1306)” is omitted as unnecessary because that provision is an animal quarantine law within the definition of that term in section 2509(f) of the Food, Agriculture, Conservation, and Trade Act of 1990 (21 U.S.C. 136a(f)) and as obsolete because section 306 of the Tariff Act of 1930 was repealed by section 10418(a)(5) of the Animal Health Protection Act (Public Law 107–171, title X, subtitle E, 116 Stat. 507).

SECTION 201902—EFFECT OF CHAPTER

<i>Revised Section</i>	<i>Source (U.S. Code)</i>	<i>Source (Pub. L.)</i>
201902(a)	16 U.S.C. 1540(h) (2d sentence (matter before “and no”)).	Pub. L. 93–205, § 11(h) (2d sentence (matter before “and no”)).
201902(b)	16 U.S.C. 1540(h) (2d sentence (matter after “articles and”)).	Pub. L. 93–205, § 11(h) (2d sentence (matter after “articles and”)).
201902(c)	16 U.S.C. 1540(h) (last sentence).	Pub. L. 93–205, § 11(h) (last sentence).
201902(d)	16 U.S.C. 1543.	Pub. L. 93–205, § 17.

In subsections (a) and (c), “in any manner” is omitted as unnecessary.

In subsection (a), “Secretary of Homeland Security” is added because of sections 421 and 1517 of the Homeland Security Act of 2002 (6 U.S.C. 231, 557) and the Department of Homeland Security Reorganization Plan of November 25, 2002 (6 U.S.C. 542 note).

In subsection (b), “Federal statute” is substituted for “Act” for clarity and consistency in title 56.

In subsection (c), “Secretary of Homeland Security” is added because of the Homeland Security Act of 2002. Section 403 of the Act transferred from the Department of the Treasury the functions, personnel, assets, and liabilities of the United States Customs Service, including the functions of the Secretary of the Treasury related to the United States Customs Service, to the Department of Homeland Security. However, section 412 of the Act, subject to limitations under that section, reserved to the Secretary of the Treasury authority related to customs revenue functions (defined in section 415 of the Act (6 U.S.C. 215)). See sections 403 and 412 of the Homeland Security Act of 2002 (6 U.S.C. 203, 212).

In subsection (c), “including chapter 209 of this title” is substituted for “including, without limitation, section 527 of that Act (19 U.S.C. 1527), relating to the importation of wildlife taken, killed, possessed, or exported to the United States in violation of the laws or regulations of a foreign country” to eliminate unnecessary words.

In the matter before paragraph (1), “Notwithstanding section 3003 of Public Law 104–66 (31 U.S.C. 1113 note; 109 Stat. 734)” is omitted because of section 5(a) of the bill, which provides that section 3003(a)(1) of the Federal Reports Elimination and Sunset Act of 1995 (Public Law 104–66; 31 U.S.C. 1113 note) does not apply to a report required to be submitted under this section.

In the matter before paragraph (1), “On or before January 15 of each year” is substituted for “on or before January 15, 1990, and each January 15 thereafter” for clarity and to omit obsolete words.

203101(12)	16 U.S.C. 3371(d).	Pub. L. 97–79, § 2(d).

In paragraph (2), subparagraph (A) is added for clarity.

In paragraph (3), in the matter before subparagraph (A), “means” is substituted for “includes” for consistency in the section and because of subparagraph (C).

In paragraph (5)(A), in the matter before clause (i), “except as otherwise provided in the Act” is omitted as unnecessary.

In paragraph (5)(A)(ii), “section 107105 of this title” is substituted for “Reorganization Plan Numbered 4 of 1970 (84 Stat. 2090)” to provide a more precise reference to the pertinent provision.

In paragraph (5)(B), “with respect to the provisions of this chapter that pertain to the importation or exportation of wild plants, and subject to section 421 of the Homeland Security Act of 2002 (6 U.S.C. 231) and the Department of Homeland Security Reorganization Plan of November 25, 2002 (6 U.S.C. 542 note), means the Secretary of Agriculture, concurrently with the Secretary of the Interior” is substituted for “except that with respect to the provisions of this Act which pertain to the importation or exportation of plants, the term also means the Secretary of Agriculture” for consistency in title 56. See section 201102(24) of title 56 and the revision notes for that provision.

In paragraph (6), “territory (including a possession)” is substituted for “territory, commonwealth, or possession” to eliminate an unnecessary word and for clarity, because a possession is a category of territory. The reference to “possession” is retained because it appears in the source law. In contrast, where a source law does not include a reference to “possession”, title 56 does not add one. See, e.g., restatement and revision note for section 205205(a)(9) of title 56 (retaining “territories” in the restatement without adding “(including possessions)”). Title 56 makes no change with respect to whether, for the purpose of any provision that does not specifically mention possessions following a reference to territories, the term “territories” is to be understood to include possessions.

In paragraph (7), “take” is substituted for “taken” and “taking” as the defined term to eliminate unnecessary words and for consistency in title 56. It is not necessary to define the term in more than

1 part of speech. Compare, for instance, the definitions of the terms “import” and “transport” in paragraphs (1) and (8).

In paragraph (7), “with respect to a wild animal or wild plant” is added for clarity.

In paragraph (8), in the matter before subparagraph (A), “with respect to a wild animal or wild plant” is added for clarity.

In paragraph (9)(A), “wild animal” is substituted for “fish or wildlife” as the defined term for consistency in title 56, for clarity because fish are wildlife, and to provide a means by which “wildlife” can take a singular form.

In paragraph (9)(A), “a wild member of the animal kingdom” is substituted for “any wild animal” for consistency with paragraph (10).

In paragraph (9)(B)(iii), “of a wild member of the animal kingdom” is substituted for “thereof” to make clear that reference is made to all members of the animal kingdom and not only those listed in clause (ii).

In paragraph (10), “wild plant” is substituted for “plant” as the defined term for consistency with its definition.

In subparagraphs (A), (B), and (C) of paragraph (10), “and ‘plants’” is omitted as unnecessary because of section 1 of title 1.

In paragraph (11), a definition of “wildlife” is added for convenience and consistency with paragraph (9).

In paragraph (12), “wildlife or wild plant regulatory law” is substituted for “‘law,’ ‘treaty,’ ‘regulation,’ and ‘Indian tribal law’” as the defined term for clarity and convenience.

In paragraph (12), “a treaty (to which the United States is a party), statute, regulation, or other prohibition or requirement that has the force of law” is substituted for “laws, treaties, regulations or Indian tribal laws” for clarity and to eliminate unnecessary words.

SECTION 221203—PERMITS AND AUTHORIZATIONS THAT MAY BE ISSUED
DURING MORATORIUM—Continued

<i>Revised Section</i>	<i>Source (U.S. Code)</i>	<i>Source (Pub. L.)</i>
221203(i)(1)(B)	16 U.S.C. 1371(a)(6)(B)(i).	Pub. L. 92–522, title I, § 101(a)(6)(B)(i).
221203(i)(2)	16 U.S.C. 1371(a)(6)(A).	Pub. L. 92–522, title I, § 101(a)(6)(A).

In this section, subsection (a) is added for clarity.

In subsection (b)(1)(A), in the matter before clause (i), “taking or importation” is substituted for “taking, and importation” for clarity and consistency with section 221204(d)(2)(A) of title 56.

In subsection (b)(1)(A), in the matter before clause (i), “of a marine mammal or marine mammal product” is added for clarity.

In subsection (b)(2)(A), “A permit under paragraph (1)(A)” is substituted for “Such permits, except permits issued under section 104(c)(5)” for clarity because the permits issued under section 104(c)(5) of the Marine Mammal Protection Act of 1972 (Public Law 92–522) are the permits issued under paragraph (1)(B) of section 221203(b) of title 56. By referring to “A permit under paragraph (1)(A)”, the restatement in effect excludes permits under section 104(c)(5) of the Act (the same permits issued under paragraph (1)(B) of the restated title).

In subsection (b)(2)(B), “a proposed taking or importation under paragraph (1)(A)” is substituted for “any proposed taking or importation, other than importation under section 104(c)(5)” for clarity because the importation permitted under section 104(c)(5) of the Marine Mammal Protection Act of 1972 (Public Law 92–522) is the same importation permitted under paragraph (1)(B) of section 221203(b) of title 56. By referring to “a proposed taking or importation under paragraph (1)(A)”, the restatement in effect excludes the importation under section 104(c)(5) of the Act (the same importation permitted under paragraph (1)(B) of the restated title).

In subsection (b)(3)(A), “Secretary of Homeland Security” is added because of the Homeland Security Act of 2002. Section 403 of the Act transferred from the Department of the Treasury the functions, personnel, assets, and liabilities of the United States Customs Service, including the functions of the Secretary of the Treasury related to the United States Customs Service, to the Department of Homeland Security. However, section 412 of the Act, subject to limitations under that section, reserved to the Secretary of the Treasury authority related to customs revenue functions (defined in section 415 of the Act (6 U.S.C. 215)). See sections 403 and 412 of the Homeland Security Act of 2002 (6 U.S.C. 203, 212).

In subsection (c)(1), “The Secretary may issue a permit under section 221204 of this title for the incidental taking of a marine mammal in the course of a commercial fishing operation,” is substituted for “Marine mammals may be taken incidentally in the course of commercial fishing operations and permits may be issued therefor under section 104” for clarity.

In subsection (c)(2), in the matter before subparagraph (A), “the Secretary may grant an authorization” is substituted for “authorizations may be granted therefor” for clarity.

In subsection (c)(2), in the matter before subparagraph (A), “for the incidental taking of a marine mammal in the course of a commercial fishing operation” is added for clarity.

In subsection (c)(3), “Whether a permit is issued under paragraph (1) or an authorization is granted under paragraph (2),” is substituted for “In any event” for clarity.

In subsection (c)(3), “the goal is to maintain incidental mortality and serious injury of marine mammals permitted in the course of commercial fishing operations at insignificant levels approaching a zero mortality and serious injury rate” is substituted for “it shall be the immediate goal that the incidental kill or incidental serious injury of marine mammals permitted in the course of commercial fishing operations be reduced to insignificant levels approaching a

zero mortality and serious injury rate” to eliminate obsolete words and for consistency with section 221216(c)(1) of title 56.

In subsection (c)(4), “Secretary of Homeland Security” is added because of the Homeland Security Act of 2002. Section 403 of the Act transferred from the Department of the Treasury the functions, personnel, assets, and liabilities of the United States Customs Service, including the functions of the Secretary of the Treasury related to the United States Customs Service, to the Department of Homeland Security. However, section 412 of the Act, subject to limitations under that section, reserved to the Secretary of the Treasury authority related to customs revenue functions (defined in section 415 of the Act (6 U.S.C. 215)). See sections 403 and 412 of the Homeland Security Act of 2002 (6 U.S.C. 203, 212).

In subsection (c)(4), “serious injury of marine mammals” is substituted for “serious injury of ocean mammals” for consistency in the chapter.

In subsection (c)(5)(A), “effects on marine mammals” is substituted for “effects on ocean mammals” for consistency in the chapter.

In subsection (c)(5)(B)(i)(I), “under paragraph (2) of section 101(a) of the Marine Mammal Protection Act of 1972 (Public Law 92–522) prior to its amendment on March 3, 1999” is substituted for “under this paragraph before the effective date of section 4 of the International Dolphin Conservation Program Act” for clarity.

In subsection (c)(5)(B)(i)(II), in the matter before item (aa), “after the effective date of section 4 of the International Dolphin Conservation Program Act” is omitted as obsolete.

In subsection (c)(5)(B)(i)(II)(bb), “Convention for the Establishment of an Inter-American Tropical Tuna Commission, signed at Washington May 31, 1949 (1 UST 230; TIAS 2044)” is substituted for “Convention establishing the Inter-American Tropical Tuna Commission” for clarity.

In subsection (c)(5)(B)(iii)(I), “and serious injury” is added for consistency with subsection (c)(3).

In subsection (c)(5)(D), “within the preceding 6 months from the date of the importation” is substituted for “within the preceding six months” for clarity.

In subsection (c)(5)(D), “a yellowfin tuna or yellowfin tuna product that is subject to a direct prohibition on importation to the United States under paragraph (4) as applied by subparagraph (B)” is substituted for “any yellowfin tuna or yellowfin tuna products that are subject to a direct ban on importation to the United States under subparagraph (B)” to clarify that subparagraph (B) does not create a direct ban separate from the direct ban under paragraph (4) because subparagraph (B) implements paragraph (4) with respect to yellowfin tuna harvested with purse seine nets in the eastern tropical Pacific Ocean.

In subsection (c)(5)(E), to provide a more precise reference to the pertinent provisions, “under this section” after “prohibited” is retained even though the reference to “this section” in the restatement refers only to the restatement of subsection (a) of section 101 of the Marine Mammal Protection Act of 1972 (Public Law 92–522).

In subsection (c)(5)(E), “the establishment of the prohibition” is substituted for “such fact” for clarity.

In subsection (c)(5)(F)(i), “after July 1, 1991” is omitted as obsolete.

In subsection (c)(5)(F)(ii), “except as provided in clause (ii)” is omitted as unnecessary.

In subsection (c)(5)(F)(ii), “any other fish or a product containing any other fish” is substituted for “fish or products containing fish” for clarity.

In subsection (c)(5)(F)(ii), “after July 1, 1991” and “after January 1, 1993” are omitted as obsolete.

In subsection (c)(6), “except that, until January 1, 1994, the term ‘driftnet’ does not include the use in the northeast Atlantic Ocean of gillnets with a total length not to exceed five kilometers if the

use is in accordance with regulations adopted by the European Community pursuant to the October 28, 1991, decision by the Council of Fisheries Ministers of the Community” is omitted as obsolete.

In subsection (d)(1), in the matter before subparagraph (A), “such” before “marine mammals” is omitted as unnecessary because there is no antecedent for “such marine mammals”.

In subsection (d)(1)(A), “consistent” is substituted for “compatible” for consistency in title 56.

In subsection (d)(1)(A), “waive the moratorium under section 221201 of this title” is substituted for “waive the requirements of this section” for clarity.

In subsection (d)(1)(B), “regulations” is substituted for “suitable regulations” to eliminate an unnecessary word.

In subsection (d)(1)(B), the reference to section 111 of the Marine Mammal Protection Act of 1972 (Public Law 92–522, 86 Stat. 1041) is omitted for clarity. Section 111 of the Act is repealed as obsolete by the bill.

In subsection (d)(2), “shall ensure” is substituted for “must be assured” for clarity and consistency in title 56.

In subsection (d)(2), “as provided in the purposes and policies of this Act” is omitted as unnecessary.

In subsection (d)(3)(A), “A person shall not import into the United States a marine mammal or marine mammal product unless” is substituted for “no marine mammal or no marine mammal product may be imported into the United States unless” for clarity.

In subsection (d)(3)(A), “the provisions and policies of” is omitted as unnecessary.

In subsection (d)(3)(B), “A person shall not import into the United States a marine mammal product of a nation not certified under this paragraph” is substituted for “Products of nations not so certified may not be imported into the United States” for clarity.

In subsection (d)(4), in the matter before subparagraph (A), “for specified activities” is added for clarity and consistency with subsection (f).

In subsection (d)(4), in the matter before subparagraph (A), “during the moratorium” is omitted as unnecessary because of the words “During the moratorium” in subsection (a).

In subsection (d)(4)(A), “the Secretary shall not issue a permit for the taking of a marine mammal” is substituted for “no permit may be issued for the taking of any marine mammal” for clarity.

In subsection (d)(4)(A), “that is a member of a depleted species or stock” is substituted for “which has been designated by the Secretary as depleted” because depletion occurs to a species or stock of a marine mammal, not to a marine mammal.

In subsection (d)(4)(B), “a person shall not import a marine mammal” is substituted for “no importation may be made of any such mammal” for clarity.

In subsection (e), in paragraph (1) (in the matter before subparagraph (A) and in the matter after subparagraph (D)), in subparagraphs (B) and (C) of paragraph (2), and in paragraph (3), “deterrence measure” or “deterrence measures”, as appropriate, is substituted for “measures”, “forms of deterrence”, and “deterrence methods” for consistency in the subsection.

In subsection (e)(1), in the matter before subparagraph (A), “Except as provided in subparagraphs (B) and (C)” is omitted as unnecessary.

In subsection (e)(2)(A), “in consultation” is substituted for “through consultation” for consistency in title 56.

In subsection (f)(1), “shall authorize” is substituted for “shall allow” for consistency with subsections (g) and (h).

In subsection (f)(2)(A)(i)(II)(bb), “section 251109 of this title” is substituted for “the Whaling Convention Act of 1949 (16 U.S.C. 916 et seq.)” to provide a more precise reference to the pertinent provision.

In subsection (f)(2)(B)(i), “In making a finding regarding unmitigable adverse impacts under this subsection” is substituted for “In promulgating any regulation or making any assessment pursuant to a hearing or proceeding under this subsection or section 117(b)(2), or in making any determination of depletion under this subsection or finding regarding unmitigable adverse impacts under subsection (a)(5)” and “demonstrating that the finding” is substituted for “demonstrating that such regulation, assessment, determination, or finding” to eliminate words that are unrelated to this section. See subsection (g)(2)(B) of this section and sections 221205(a)(3)(E) and 221219(c)(2) of title 56.

In subsection (f)(3), in the matter before subparagraph (A), “suspend for a time certain (on an individual or class basis) or revoke” is substituted for “withdraw, or suspend for a time certain (either on an individual or class basis, as appropriate)” to eliminate unnecessary words and for consistency with subsections (g) and (h).

In subsection (f)(3), in the matter before subparagraph (A), “the authorization” is substituted for “the permission” for consistency with subsections (g) and (h).

In subsection (f)(3), in the matter before subparagraph (A), “as required under paragraph (2)” is substituted for “as required under subparagraph (A)” to provide a more precise reference to the pertinent provision.

In subsection (f)(3)(A), “paragraph (2)” is substituted for “subparagraph (A)” to provide a more precise reference to the pertinent provision.

In subsection (f)(5)(C), “Notwithstanding paragraph (2)” is substituted for “Notwithstanding clause (i)” to provide a more precise reference to the pertinent provision.

In subsection (f)(5)(D), in the matter before clause (i), “In the case of an authorization under this subsection affecting a military readiness activity” is substituted for “Notwithstanding the provisions of this subsection, any authorization affecting a military readiness activity . . . shall not be subject to the following requirements” for clarity and to eliminate unnecessary words.

In clauses (i) and (ii) of subsection (f)(5)(D), “shall be applied without regard to the words” is added for clarity.

In subsection (g)(1), “therefor” is omitted as unnecessary.

In subsection (g)(2)(A)(i), “described in paragraph (1)” is added for clarity.

In subsection (g)(2)(B)(i), “In making a finding regarding unmitigable adverse impacts under this subsection” is substituted for “In promulgating any regulation or making any assessment pursuant to a hearing or proceeding under this subsection or section 117(b)(2), or in making any determination of depletion under this subsection or finding regarding unmitigable adverse impacts under subsection (a)(5)” and “demonstrating that the finding” is substituted for “demonstrating that such regulation, assessment, determination, or finding” to eliminate words that are unrelated to this section. In subsection (g)(7)(A)(i), “paragraph (3)(A)(ii)” is substituted for “clause (i)(I)” to provide a more precise reference to the pertinent provision. Clause (i)(I) of the source law (section 101(a)(5)(D) of the Marine Mammal Protection Act of 1972 (Public Law 92–522)) does not contain the term “least practicable adverse impact on such species or stock”; clause (ii)(I) of that section, which is restated in title 56 as paragraph (3)(A)(ii) of section 221203(g), is the provision that contains the term.

In subsection (g)(7)(B), “paragraph (4)(A)” is substituted for “clause (iii)” to provide a more precise reference to the pertinent provision.

In subclauses (I) and (II) of subsection (d)(3)(D)(i), “subparagraph (A)” is substituted for “this paragraph” to provide a more precise reference to the pertinent provision.

261401(4)	(no source)	

In this section, subsection (a) of section 10 of the Migratory Bird Hunting and Conservation Stamp Act (ch. 71, 120 Stat. 678) is omitted as unnecessary because section 261101 of title 56 applies to the entire chapter. The Migratory Bird Treaty Act (ch. 128, 40 Stat. 755) contains 1 defined term, which is “native to the United States or its territories”, made applicable to this subchapter by section 261102 of title 56. The Migratory Bird Conservation Act (ch. 257, 45 Stat. 1222) has 2 defined terms, one of which, “take”, is also defined in the Migratory Bird Hunting and Conservation Stamp Act (ch. 71, 48 Stat. 451), and is therefore restated in this subchapter. The other defined term is “migratory bird”, the definition of which is restated in section 261101 of title 56, and therefore applies to this subchapter.

In this section, section 10(b)(3) of the Migratory Bird Hunting and Conservation Stamp Act (ch. 71, 120 Stat. 678), which defines the term “Secretary”, is omitted as unnecessary because of section 261101(5) of title 56.

See 48 U.S.C. note prec. 1681. For continued application of certain laws of the United States in certain cases, see the Compact of Free Asso-

ciation between the Government of the United States of America and the Governments of the Marshall Islands and the Federated States of Micronesia (48 U.S.C. 1901 note) and the Compact of Free Association between the Government of the United States of America and the Government of Palau (48 U.S.C. 1931 note).

Section 106(a)(2)(B) of the Act merely provides that the Secretary shall list, if appropriate, a species of exotic birds with respect to the qualifying facilities in countries from which the species may be imported. Therefore, the authority under which a species of exotic bird bred in a qualifying facility is included in the importation list is provided in section 106(b)(2), not section 106(a)(2)(B), making section 265103(b)(2) of title 56 (restating section 106(b)(2) of the Act) the pertinent provision.

In subsection (a)(1)(A), “paragraph (1) or (2) of section 265107(a) of this title” is substituted for “section 111(a)(1) or (2)” to provide a correct reference to the pertinent provisions because paragraphs (1) and (2) of section 265107(a) of title 56 restate subparagraphs (A) and (B) of section 111(a)(1), respectively, of the Wild Bird Conservation Act of 1992 (Public Law 102-440, 106 Stat. 2230), which provide the pertinent unlawful activities to which the civil penalty under subsection (a)(1)(A) applies.

In subsection (a)(1)(B), “section 265107(a)(3) of this title” is substituted for “section 111(a)(3)” to provide a correct reference to the

pertinent provision because section 265107(a)(3) of title 56 restates section 111(a)(1)(C) of the Wild Bird Conservation Act of 1992 (Public Law 102-440, 106 Stat. 2230), which provides the pertinent unlawful activities to which the civil penalty under subsection (a)(1)(B) applies. Section 111(a)(3) does not exist in the Act.

In subsection (a)(1)(C), “section 265107(a) of this title” is substituted for “section 111(a)” to provide a more precise reference to the pertinent provision.

In subsection (a)(1)(D), “section 201806 of this title” is substituted for “section 111(a) of that Act” to correct an error in the law. There is no section 111(a) in the Endangered Species Act of 1973 (Public Law 93-205, 87 Stat. 884). The provision in that Act that relates to civil penalties is section 11(a), which is restated as section 201806 of title 56.

In subsection (b)(1), “and any court created by Act of Congress in a territory of the United States that is invested with any jurisdiction of a United States district court” is substituted for “including the courts enumerated in section 460 of title 28” to make clear that the United States Court of Federal Claims, referred to in section 460 of title 28, does not have jurisdiction.

In subsection (b)(2), “under the jurisdiction of” is substituted for “included in” each place it appears for clarity.

In subsection (b)(2), “and the Trust Territory of Palau” is omitted as obsolete. See 48 U.S.C. note prec. 1681. For continued application of certain laws of the United States in certain cases, see the Compact of Free Association between the Government of the United States of America and the Government of Palau (48 U.S.C. 1931 note).

In subsection (c), “and the enforcement provisions of chapter 203 of this title apply to this chapter” is added for clarity. See H.R. Rep. No. 102-749(I) (1992), as reprinted at 1992 U.S.C.C.A.N. 1592, 1606, in the section analysis for section 13: “The effect of this provision is to ensure that the enforcement provisions of the Lacey Act Amendments of 1981 (16 U.S.C. 3372(a)) will apply to violations of this Act.” See H.R. Rep. No. 102-749(II) (1992), as reprinted at 1992 U.S.C.C.A.N. 1610, 1618, in the section analysis for section 13, for a substantially similar statement.

In subsection (b)(1), “under section 203108(e) of this title pursuant to section 265110(c) of this title” is substituted for “under section 113(c)” for clarity and to provide a more precise reference to the pertinent provisions.

In this section, definitions of “State” and “United States” are added to make clear that the District of Columbia and the territories, including Puerto Rico and the Virgin Islands, may apply for financial assistance as States under the chapter. The addition of the defined terms, the repeal of the defined term “Caribbean”, and other modifications made in restating the Neotropical Migratory Bird Conservation Act (Public Law 106-247, 114 Stat. 593) in the chapter, make clear that the District of Columbia and the territories are treated as States, and in a provision under which Puerto Rico and the Virgin Islands are treated differently, the provision is restated to reflect that treatment.

SECTION 267102—FINANCIAL ASSISTANCE

<i>Revised Section</i>	<i>Source (U.S. Code)</i>	<i>Source (Pub. L.)</i>
267102	16 U.S.C. 6104.	Pub. L. 106-247, § 5.

In paragraphs (2)(B) and (3) of subsection (b), “or political subdivision” is substituted for “municipality, or political subdivision” to eliminate an unnecessary word because a municipality is a political subdivision.

At the end of subsection (b)(4)(B), “or” is substituted for “and” for clarity.

In subsection (c)(4), “wildlife management authorities and other government officials” is substituted for “relevant wildlife management authorities and other appropriate government officials” to eliminate unnecessary words.

In subsection (e)(2)(B)(i), “(except Puerto Rico and the Virgin Islands)” is added for clarity. See revision note for section 267101 of title 56.

In subsection (e)(2)(B)(ii), “Latin America, the Caribbean, Puerto Rico, or the Virgin Islands” is substituted for “Latin America or the Caribbean” for clarity. See revision note for section 267101 of title 56.

<i>Revised Section</i>	<i>Source (U.S. Code)</i>	<i>Source (Pub. L.)</i>

In paragraphs (2) and (3)(B) of subsection (a), “wildlife management authorities” is substituted for “relevant wildlife management authorities” to eliminate an unnecessary word.

In subsection (a), paragraph (4) of section 6 of the Neotropical Migratory Bird Conservation Act (Public Law 106–247, 114 Stat. 595) is omitted as unnecessary because a requirement to carry out an Act is understood to be a requirement to implement the Act in accordance with its purposes.

In subsection (b)(1), in the matter before subparagraph (A), “efforts existing on July 20, 2000,” is substituted for “existing efforts” for clarity.

In subsection (b)(1)(A), “conservation efforts” is substituted for “such efforts” for clarity.

In subsection (b)(2), “efforts existing on July 20, 2000,” is substituted for “existing efforts” for clarity.

SECTION 267104—ADVISORY GROUP

<i>Revised Section</i>	<i>Source (U.S. Code)</i>	<i>Source (Pub. L.)</i>
267104	16 U.S.C. 6106(b).	Pub. L. 106–247, §7(b).

In subsection (b), “conservation” is substituted for “the methods and procedures set forth in section 4(2)” to provide a more precise reference to the pertinent provision. The methods and procedures referred to in the source provision are the methods and procedures referred to in the definition of the term “conservation” in section 267101 of title 56. Prior to its amendment by the Neotropical Migratory Bird Conservation Improvement Act of 2006 (Public Law 109–363, title III, 120 Stat. 2075) (“Improvement Act”), the Neotropical Migratory Bird Conservation Act (Public Law 106–247, 114 Stat. 593) (“Conservation Act”) defined the term “conservation” in section 4(2). Section 302(c)(1) of the Improvement Act redesignated section 4(2) of the Conservation Act as section 4(3) and defined the term “Caribbean” in section 4(2). Section 302(f)(1) of the Improvement Act added the provision restated in subsection (b). While the redesignation of the provision defining the term “conservation” and the addition of the provision restated in subsection (b) were both enacted in the Improvement Act, Congress intended to refer to section 4(3) instead of section 4(2) of the Conservation Act.

SECTION 267105—NEOTROPICAL MIGRATORY BIRD CONSERVATION FUND

<i>Revised Section</i>	<i>Source (U.S. Code)</i>	<i>Source (Pub. L.)</i>
267105	16 U.S.C. 6108.	Pub. L. 106–247, §9.

In subsection (a), “by the Secretary of the Treasury” is omitted as unnecessary.

In subsection (c), “Fund” is substituted for “Account” each place it appears for consistency with section 267101 of title 56.

In subsection (c)(1), “appropriation” is substituted for “Act of appropriation” to eliminate unnecessary words.

In subsection (d)(2), “in donations under this subsection” is substituted for “in the form of donations” for clarity.

SECTION 267106—AUTHORIZATION OF APPROPRIATIONS

<i>Revised Section</i>	<i>Source (U.S. Code)</i>	<i>Source (Pub. L.)</i>
267106	16 U.S.C. 6109.	Pub. L. 106–247, §10.

In subsection (a), in the matter before paragraph (1), “Fund” is substituted for “Account” for consistency with section 267101 of title 56.

In subsection (a), in the matter before paragraph (1), “for each of fiscal years 2006 through 2010” is omitted as unnecessary.

In subsection (a), in the matter before paragraph (1), “to remain available until expended,” is omitted as unnecessary because of the addition of section 10(c) of the Neotropical Migratory Bird Conservation Act (Public Law 106–247), as amended by the Neotropical Migratory Bird Conservation Improvement Act of 2006 (Public Law 109–363, title III, 120 Stat. 2077), restated in subsection (b). The addition was made by section 302(i)(3) of the Neotropical Migratory Bird Conservation Improvement Act of 2006 (Public Law 109–363, title III, 120 Stat. 2075).

In subsection (a), in the matter before paragraph (1), “of which not less than 75 percent of the amounts made available for each fiscal year shall be expended for projects carried out outside the United States” is omitted as unnecessary because of the addition of section 10(d) of the Neotropical Migratory Bird Conservation Act (Public Law 106–247), as amended by the Neotropical Migratory Bird Conservation Improvement Act of 2006 (Public Law 109–363, title III, 120 Stat. 2077), restated in subsection (c). The addition was made by section 302(i)(3) of the Neotropical Migratory Bird Conservation Improvement Act of 2006 (Public Law 109–363, title III, 120 Stat. 2075).

In subsection (b), “shall” is substituted for “may” for clarity.

Chapters 269 Through 277—Reserved

Chapter 279—Miscellaneous

Subchapter I—Game Birds and Other Wild Birds

SECTION 279101—DEFINITION OF SECRETARY

<i>Revised Section</i>	<i>Source (U.S. Code)</i>	<i>Source (Pub. L.)</i>
279101	(no source)	

A definition of “Secretary” is added for convenience. “Secretary of the Interior” is substituted for “Secretary of Agriculture” because of section 4(f) of Reorganization Plan No. II of 1939 (5 U.S.C. App.).

SECTION 279102—PRESERVATION, DISTRIBUTION, INTRODUCTION, AND RESTORATION OF GAME AND WILD BIRDS

<i>Revised Section</i>	<i>Source (U.S. Code)</i>	<i>Source (Pub. L.)</i>
279102(a)	16 U.S.C. 701 (1st paragraph (last sentence)).	May 25, 1900, ch. 553, 1st section (1st paragraph (last sentence)).
279102(b)	16 U.S.C. 701 (1st paragraph (1st sentence)).	May 25, 1900, ch. 553, 1st section (1st paragraph (1st sentence)).
279102(c)	16 U.S.C. 701 (1st paragraph (2d sentence)).	May 25, 1900, ch. 553, 1st section (1st paragraph (2d sentence)).
279102(d), (e)	16 U.S.C. 701 (2d, 3d paragraphs).	May 25, 1900, ch. 553, 1st section (2d, 3d paragraphs).

In this section, “this section” is substituted for “this Act” each place it appears to provide a more precise reference to the pertinent provision. In the source law, “this Act” refers to the Act of

May 25, 1900 (ch. 553, 31 Stat. 187). Provisions of that Act other than section 1, which is restated in section 279102 of title 56, were previously repealed.

In this section, “Secretary” is substituted for “Department of Agriculture” and “Secretary of Agriculture” each place they appear because of section 4(f) of Reorganization Plan No. II of 1939 (5 U.S.C. App.).

In subsection (a), in the matter before paragraph (1), “object and” is omitted as unnecessary.

In subsection (a)(2), “or animals” is omitted as unnecessary because the section, as restated, is relevant only to game birds and other wild birds. Prior to the repeal or repeal and restatement of the other sections (sections 2 through 5) of the Act of May 25, 1900 (ch. 553, 31 Stat. 187), subsection (a)(2) was relevant to animals other than birds because those sections applied to animals other than birds.

In subsection (a)(2), “before May 25, 1900” is substituted for “heretofore” for clarity.

In subsection (c)(2), “the District of Columbia,” is added for clarity and because of the District of Columbia Home Rule Act (D.C. Code § 1–201 et seq.).

In subsection (e)(1), “all needful rules and” is omitted as unnecessary.

SECTION 279103—IMPORTATION OF EGGS OF GAME BIRDS FOR PROPAGATION

<i>Revised Section</i>	<i>Source (U.S. Code)</i>	<i>Source (Pub. L.)</i>
279103	16 U.S.C. 702.	Jun. 3, 1902, ch. 983, 1st section.

In this section, “Secretary” is substituted for “Secretary of Agriculture” because of section 4(f) of Reorganization Plan No. II of 1939 (5 U.S.C. App.).

In subsection (b), “all necessary rules and” is omitted as unnecessary.

Subchapter II—Junior Duck Stamp Conservation and Design Program

SECTION 279201—DEFINITIONS

<i>Revised Section</i>	<i>Source (U.S. Code)</i>	<i>Source (Pub. L.)</i>

279201(3)	16 U.S.C. 719b–1.	Pub. L. 103–340, §5.

In paragraph (3), “The term ‘State’ means a State, the District of Columbia, Puerto Rico, Guam, American Samoa, the Virgin Islands, the Northern Mariana Islands, and any other territory (including a possession) of the United States” is substituted for “the term ‘State’ includes the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, American Samoa, Guam, the Virgin Islands, and any other territory or possession of the United States” for consistency in title 56. The source law uses the term “includes” while the restatement uses the term “means” because the addition of “State” in the restated list makes the restated list comprehensive with respect to the scope of the term “State”. The substitution of “territory (including a possession)” for “territory or possession” is also made for clarity, because a possession is a category of territory. The reference to “possession” is retained because it appears in the source law. In contrast, where a source law does not include a reference to “possession”, title 56 does not add one. See, e.g., restatement and revision note for section 205205(a)(9) of title 56 (retaining “territories”

in the restatement without adding “(including possessions)”. Title 56 makes no change with respect to whether, for the purpose of any provision that does not specifically mention possessions following a reference to territories, the term “territories” is to be understood to include possessions.

279202	16 U.S.C. 719 (except parentheses in (a)).	Pub. L. 103–340, §2 (except parentheses in (a)).

In subsection (a), “in accordance with this Act” is omitted as unnecessary.

In subsection (c)(1), “conducted under the Program as it existed on that day” is substituted for “conducted under the program known as the Junior Duck Stamp Conservation and Design Program” to clarify that a program with the same name as the program established under this subchapter preceded the program established under this subchapter.

In this section, subsection (c)(2) is added to reincorporate a provision that was inadvertently omitted in the general amendment of section 3(c) of the Junior Duck Stamp Conservation and Design Program Act of 1994 (Public Law 103–340, 108 Stat. 3119) by section 2 of the Junior Duck Stamp Reauthorization Amendments Act of 2005 (Public Law 109–166, 119 Stat. 3576).

In paragraph (5), “The term ‘import’” is substituted for “The terms ‘import’ and ‘importation’” to eliminate unnecessary words and for consistency with section 201102 of title 56.

In paragraph (5), “section 201102 of this title” is substituted for “the Endangered Species Act of 1973 (16 U.S.C. 1531 et seq.)” to provide a more precise reference to the pertinent provision.

In paragraph (9)(A), “individual” is substituted for “person” for clarity and because of section 1 of title 1.

In paragraphs (10) and (13), “or a part of an African elephant tusk” is substituted for “and any piece thereof” for clarity and for consistency in title 56.

In paragraph (12), “territories (including possessions)” is substituted for “territories and possessions” for clarity, because a possession is a category of territory. The reference to “possession” is retained because it appears in the source law. In contrast, where a source law does not include a reference to “possession”, title 56 does not add one. See, e.g., restatement and revision note for section 205205(a)(9) of title 56 (retaining “territories” in the restatement without adding “(including possessions)”). Title 56 makes no change with respect to whether, for the purpose of any provision that does not specifically mention possessions following a reference to territories, the term “territories” is to be understood to include possessions.

In subsection (b)(2)(F), “necessary or” is omitted as unnecessary.

In subsection (b), in the matter before paragraph (1), “immediately” is omitted as unnecessary.

Section 5(c) of the bill adds a new subsection (h) to section 3 of Public Law 104-91 (16 U.S.C. 1165 note), incorporating the conditional repeal of section 3 made by section 105(c) of the Pribilof Islands Transition Act (Public Law 106-562, 16 U.S.C. 1161 note).

Section 5(d) of the bill amends the 1st section and section 2 of Public Law 86-359 (16 U.S.C. 760e, 760f), incorporating section 1(b) of Reorganization Plan No. 4 of 1970 (15 U.S.C. 1511 note, 5 U.S.C. App.). The bill repeals section 1(b) of the Reorganization Plan as obsolete.

I am submitting to you, for introduction in the House of Representatives, a bill to enact certain laws relating to wildlife as title 56, United States Code, "Wildlife". The bill was prepared by the Office of the Law Revision Counsel as part of the Office's ongoing responsibility to prepare, and submit to the Committee on the Judiciary, one title at a time, a complete compilation, restatement, and revision of the general and permanent laws of the United States.

The bill was prepared in accordance with the statutory standard for codification legislation, which is that the restatement of existing law shall conform to the understood policy, intent, and purpose of Congress in the original enactments, with such amendments and corrections as will remove ambiguities, contradictions, and other imperfections. A change in wording made in the restatement of existing law serves to clarify the existing law, but not to change the meaning or effect of the existing law.

I am also submitting a detailed section-by-section explanation to accompany the bill. The bill and the explanation can be accessed through the internet site of the Office of the Law Revision Counsel at: <http://uscode.house.gov/codification/t56/index.html>. Questions about the bill should be addressed to Katrina Hall, Assistant Counsel, Office of the Law Revision Counsel, U.S. House of Representatives, Washington, D.C. 20515. Hi Felipe and Meagan,

Thanks again for taking the time to discuss the coal leasing program a few weeks back.

I was hoping you might be able to provide some analysis of legislation introduced in the Senate yesterday: <http://www.daines.senate.gov/download/coal-leasing>. Parts of it are very similar to an amendment Sen. Daines filed during consideration of the Energy Policy Modernization Act (Amendment #3185). Did DOI or BLM to an effects statement or any other analysis of that you could share? I'm also interested in the effects of the grandfathering clause of the current bill (Sec. 6).

Daines, Zinke Introduce Legislation to Give States & Tribes Say in Energy Development

U.S. CONGRESS — U.S. Senator Steve Daines and U.S. Representative Ryan Zinke today introduced bicameral legislation to protect Montana coal jobs from the Obama administration’s recent moratorium on new federal coal leases and ensure that states and tribes have a significant voice in any changes to federal coal, oil, gas royalties or leasing policy.

The Certainty for States and Tribes Act, S.2938 and H.R. 5259, provides critical flexibility needed to keep Montana mines open, protect thousands of good-paying jobs and provide needed support for government and community services.

“The Obama administration has completely ignored the will and well-being of Montanans and coal-producing states and tribes,” Daines stated. **“My bill gives certainty to states and tribes and is critical to protecting thousands of good-paying union and tribal jobs.”**

“The Obama Administration has unilaterally stripped Montana’s and the Crow’s voices from the conversation about how we can mine and use our own coal resources,” Zinke stated. **“It’s a shame I even had to introduce this bill and that Congress has to codify the ability for the American people to weigh in on our own livelihoods.”**

The Certainty for States and Tribes Act is co-sponsored by U.S. Senators John Barrasso (R-WY) and Mike Enzi (R-WY) and U.S. Representatives Cynthia Lummis (WY-AL), David McKinley (WV-01), Scott Tipton (CO-03), Paul Gosar (AZ-04), Kevin Cramer (ND-AL), Bruce Westerman (AR-04) and Bill Johnson (OH-06).

U.S. Senator John Barrasso (WY): “The Obama administration’s plan to raise royalty rates on federal coal, oil, and gas is yet another effort to appease reckless and extreme environmentalists. By reestablishing the Royalty Policy Committee, our bill gives voice to communities that are impacted most by the secretary of the Interior’s decisions. It will also prevent the secretary from continuing to wreak economic havoc within Rocky Mountain states and Indian tribes.”

U.S. Senator Mike Enzi (WY): “As I told the BLM at today's public meeting in Casper, the people of Wyoming already know the value of coal mined on federal land. This bill would reinstitute the Royalty Policy Committee so that states and tribes most impacted by federal coal leasing -- the real experts on this program -- have a meaningful say. The bill also ensures that the programmatic environmental impact statement of the program can't drag on for years on end without a time limit or accountability.”

U.S. Representative Cynthia Lummis (WY-At large): “Any review of the federal coal program must involve meaningful consultation with states, tribes, and industry. I am proud to join with Representative Ryan Zinke and Senator Steve Daines of Montana and Wyoming Senators Mike Enzi and John Barrasso to introduce the Certainty for States and Tribes Act. This legislation would reconstitute the Royalty Policy Committee, require the committee's input on any proposed changes to royalty policy rates, and place a 3 year deadline on the completion of the federal coal program review. The bill would also take steps to ensure coal leasing can continue during the course of the review, instead of letting Secretary Jewell's moratorium on coal lease sales to continue indefinitely.”

Congressman and Coal Caucus President, David B. McKinley, P.E.: “I want to commend both Congressman Zinke and Senator Daines for introducing the Certainty for States and Tribes Act. This bill will go a long way in combating this Administration's anti-fossil fuel agenda and ensuring future access to our most affordable and reliable energy sources.”

Daines' and Zinke's legislation is supported by Montanans and key stakeholders:

Ashley Dennehy, Colstrip United Co-Founder: “The Certainty for States and Tribes Act is a great piece of legislation because it puts the power back into the hands of the experts. It allows states, Indian tribes, and other stakeholders to have a say in the policies that impact them directly. As a Montanan it makes me proud to know that Senator Daines and Representative Zinke are working for a better relationship with the Department of the Interior. I hope that this will save coal towns like mine, and give us the opportunity to prosper and keep Montana an energy exporter for many years to come. By putting the people who are directly impacted in the position of advising our federal leaders you are putting a real-world experience on the policies.”

Musselshell County Commissioners: “The State of Montana and the Musselshell county's fiscal health and stability are directly tied to the coal industry. Musselshell County is very dependent on the health and vitality of the coal industry. The legislation Senator Daines and Congressman Zinke are proposing will ensure the voices of our communities, state and industry are being heard and good policy is being made. The Musselshell County commission fully supports the *Certainty for States and Tribes Act* which will provide the stability needed for the Signal Peak Energy Mine to continue to operate in Musselshell County as well as provide the necessary mitigation our community, state and coal industry need for certainty about future decisions concerning coal leases.”

Alan Olson, Executive Director Montana Petroleum Association: “The proposed legislation would once again allow all affected parties a seat at the table in regards to Federal mineral leasing decisions. We have many small independent oil and gas producers in Montana that will find benefit in an open and inclusive process.”

Hal Quinn, President and CEO, National Mining Association: “The legislation being introduced by Senator Steve Daines (R-Mont.) and Congressman Ryan Zinke (R-Mont.)

brings fairness, stakeholder input, and transparency to the Department of the Interior's (DOI) activities related to the Mineral Leasing Act. It's introduction also coincides with the first of six DOI's public scoping meetings designed to 'fix' a program that isn't broken. NMA supports the introduction and passage of the *Certainty for States and Tribes Act*."

Bud Clinch, Montana Coal Council: "The Montana Coal Council and its member companies applaud Senator Daines and Representative Zinke for introducing "The Certainty Act". Nothing is more important to any business than "certainty", clarity of the process and the regulatory requirements. Absent the sideboards provided in this legislation it's likely the government process will drag on indefinitely, further stifling production, employment and much needed revenue generation that could benefit workers, communities, and state coffers."

Darrin Old Coyote, Crow Tribal Chairman: "Coal is vital to the Crow people, and we appreciate Senator Daines' and Representative Ryan Zinke's inclusion of coal-producing Tribes on the Royalty Policy Committee that the Certainty Act would re-charter."

Colin Marshall, Cloud Peak Energy President and CEO: "Cloud Peak Energy believes that it is critical for transparency in the setting of royalty and leasing policies for minerals on federal lands that the Royalty Policy Committee, which the Secretary of Interior effectively dismissed before commencing changes to such policies, be reestablished and strongly supports the goal of this legislation to do so."

Doug Martens, Rosebud County Commissioner: "The coal mine in Rosebud County is currently applying for a mining expansion permit for three sections of Federal Coal. There is a good chance this coal lease moratorium will result in the loss of these applications. The mine will have no choice but to mine around the Federal land and once that happens, that federal coal will never be mined. That means those royalty taxes to the county, state and federal government are simply lost. The Certainty Act will give communities more input and certainty on federal leasing policy to ensure communities get the return on investment they should."

The Certainty for States and Tribes Act:

- Would reestablish the Royalty Policy Committee, including Governors of States, their appointees and Indian Tribes who produce federal minerals, to advise and inform the Secretary in the formation of policies and regulations; ensure greater transparency in creating royalty and leasing policy for mineral production from federal and tribal lands;
- place a firm, reasonable timeline on the programmatic review of the federal coal leasing program to occur;
- allow for existing lease applications (LBAs) and modifications (LBMs) who are under National Environment Policy Act (NEPA) review by the Department to move forward,
- and ensure the federal coal lease program lease sales are conducted in a timely and consistent manner following completion of respective NEPA reviews.

The Senate text of the Certainty Act is available [here](#) and House text [here](#).

Montanans' voices are [currently excluded](#) from the proposed review of the moratorium on coal leasing. According to [an announcement](#) from the Department of Interior (DOI), public meetings are currently planned to be held in May and June in Casper, Wyo.; Grand Junction, Colo.; Knoxville, Tenn.; Pittsburgh, Pa.; Salt Lake City, Utah; and Seattle, Wash.

Daines has [repeatedly called](#) on Jewell to have meaningful consultation with states and tribes,

like the Crow tribe. Jewell recently visited Montana and [failed to visit](#) with the coal communities that will be impacted by her actions. He recently [blasted her decision](#) to exclude Montanans during the proposed review of their moratorium on coal leasing.

Testimony of the National Congress of American Indians
Regarding the U.S. Senate Committee on Indian Affairs Legislative Hearing on
S. 2785 The Tribal Youth and Community Protection Act and
S. 2780 The Tribal Law and Order Reauthorization of 2016

May 18, 2016

Honorable Chairman and members of the Committee, thank you for the opportunity to provide testimony on two very important legislative efforts that will improve public safety in Indian Country. Nine years ago, the National Congress of American Indians passed a resolution at its Midyear conference in Anchorage, Alaska, and provided testimony to this Committee calling for Congress to redirect the law enforcement priorities of the Department of Justice on Indian reservations, and to empower tribal government law enforcement. This was followed by several years of hearings and legislative drafting in the Senate Committee on Indian Affairs. From that resolution, as well as a great deal of effort from many tribes and the leadership of this Committee, Congress enacted the Tribal Law and Order Act of 2010 (TLOA) and set the stage for expanded tribal jurisdiction under the Violence Against Women Act Reauthorization of 2013 (VAWA 2013). We recognize your commitment in introducing the legislation that is the subject of this hearing, and greatly appreciate your continuing efforts to build on those laws and improve public safety in tribal communities.

NCAI is the oldest and largest national organization representing American Indian and Alaska Native tribal governments in the United States. We are steadfastly dedicated to protecting the rights of tribal governments to achieve self-determination and self-sufficiency, and to the safety and security of all persons who reside or visit within Indian Country.

S. 2785 The Tribal Youth and Community Protection Act

We appreciate Senator Tester and Senator Franken's leadership in introducing the Tribal Youth and Community Protection Act, S. 2785. This legislation would amend the domestic violence criminal jurisdiction provision included as Section 904 of VAWA 2013, which established a framework for tribal prosecution of certain non-Indian domestic violence offenders. Since passage of VAWA 2013, NCAI has been providing technical assistance to the tribes who are implementing the law pursuant to a cooperative agreement with the DOJ. Through this work, we have witnessed the ways in which expanded tribal jurisdiction has transformed the criminal justice landscape in some tribal communities and also the ways in which it falls short. The lessons learned from implementation of VAWA 2013 are summarized in the attached "Special Domestic Violence Criminal Jurisdiction Pilot Project Report," which provides a comprehensive overview of the experience of the tribes implementing the new law during the pilot project period. While NCAI supports full reaffirmation of tribal authority on tribal lands, we welcome introduction of this bill, which would address some of the gaps in the existing law and make important strides toward restoring public safety and justice on tribal lands. We are particularly

encouraged that this legislation recognizes that Native children are equally in need of the protections that were extended to Native women in VAWA 2013. We look forward to discussing this bill with tribes in more depth at our upcoming Midyear conference, and are pleased to share our preliminary thoughts about this important legislation.

Tribal communities continue to be plagued by the highest crime victimization rates in the country. A recent study by the National Institute of Justice found that over 80% of Native Americans will be a victim of violent crime in their lifetime. The study also found that 90% of these victims were victimized by a non-Indian perpetrator.¹ Sadly, Native children are particularly affected by this violence. Native children are 50% more likely to experience child abuse and sexual abuse than white children.² Rates of child maltreatment in certain states are even more alarming. According to data from the Department of Health & Human Services, Native children in Alaska experience maltreatment at a rate more than six and a half times the rate for white children.³ In North Dakota, the rate of maltreatment for Native children is more than three times the rate for white children. Native children also experience extremely high rates of secondary victimization and exposure to violence. In 2013, Attorney General Holder appointed an Advisory Committee on American Indian and Alaska Native Children Exposed to Violence that held field hearings across the nation. In their final report the Committee concluded that service providers and policy makers should assume that *all* Native children have been exposed to violence and “the immediate and long term effects of this exposure to violence includes increased rates of altered neurological development, poor physical and mental health, poor school performance, substance abuse, and overrepresentation in the juvenile justice system. This chronic exposure to violence often leads to toxic stress reactions and severe trauma; which is compounded by historical trauma.”⁴

Children who experience abuse and neglect are at higher risk for depression, suicidal thoughts, and suicide attempts. As this Committee knows, Indian youth have the highest rate of suicide among all ethnic groups in the U.S., and suicide is the second-leading cause of death (after accidental injury) for Native youth aged 15-24.⁵ Due to exposure to violence, Native children experience post-traumatic stress disorder at a rate of 22% - the same levels as Iraq and Afghanistan war veterans and triple the rate of the rest of the population.⁶

⁶ AG Advisory Committee, *supra*, note 12, at 38.

One of the most important provisions of S. 2785 would reaffirm tribal jurisdiction over certain non-Indians who commit crimes against Native children in Indian Country. This is in line with one of the key recommendations of the AG’s Advisory Committee who noted that “it is troubling that tribes have no criminal jurisdiction over non-Indians who commit heinous crimes of sexual and physical abuse of [American Indian and Alaska Native] children in Indian country,” and called on Congress “to restore the inherent authority of AI/AN tribes to assert full criminal jurisdiction over all persons who commit crimes against AI/AN children in Indian country including both child sexual abuse and child physical abuse.”⁷

Although there are no statistics available on the number of non-Indians who abuse Native children on tribal lands, the Attorney General’s Advisory Committee looked at available data and concluded that “it is clear from what we do know that it is a very substantial problem.”⁸ In drawing this conclusion, the AG’s Advisory Committee relied on available statistics about the rates of non-Indian perpetrated violence against Native people aged 12 and older and national studies showing that men who batter their partners also abuse their children in more than half of the cases. This is consistent with the experience of the tribes who have implemented the criminal jurisdiction provision of VAWA 2013. The implementing tribes report that in most of their cases, Native children are present either as additional victims or witnesses. S. 2785 would untie the hands of tribal governments and allow them to protect Native children who are abused on tribal lands, regardless of the race of the perpetrator.

We cannot think of a single principled reason why Native children are less deserving of the protection that Congress extended to Native domestic violence victims in VAWA 2013, and we strongly support this provision of S. 2785. Those who suggest that Indian tribes are not ready for this responsibility or need more time to develop the capacity of their court systems leave Native children without the protection they desperately need. As with the SDVCJ provision, we recognize that not all tribes will chose to implement this expanded authority immediately. The experience of SDVCJ implementation over the past three years demonstrates that tribal governments take their responsibility to administer justice fairly for all involved seriously and will act with care and deliberation. Where tribes have the capacity and desire to exercise criminal jurisdiction over those individuals who commit violent crimes against Native children, federal law should not stand in the way.

S. 2785 would also reaffirm tribal criminal jurisdiction over drug offenses. The illegal manufacture, sale and use of illegal drugs on American Indian reservations and in Alaska Native villages creates a dangerous environment with enormous costs for tribal communities. Many tribal communities are targeted by non-Indians as centers for distribution because of their

⁷ *Id.*

⁸ *Id.*

geographic isolation and persistent poverty. This has a significant impact on overall health-care costs in tribal communities, where recovery treatment is largely unavailable, and access to primary care is limited. Drugs and alcohol abuse also are a contributing factor in far too many cases of domestic violence, sexual assault, and child abuse. As this legislation recognizes, Indian tribes need authority to protect themselves from those who bring drugs onto tribal lands.

S. 2785 would also address two significant gaps in VAWA 2013. First, since tribal SDVCJ jurisdiction is limited to domestic violence, dating violence, and protection order violations, any other attendant crimes that occur fall outside the scope of the tribe's jurisdiction. The tribes that have implemented SDVCJ have reported cases, for example, where a domestic violence offender also committed a drug or alcohol offense or a property crime that the tribe was unable to charge. Tribes also lack jurisdiction to charge an offender for crimes that may occur within the context of the criminal justice process, like resisting arrest, assaulting an officer, witness tampering, juror intimidation, or obstruction of justice. This creates an obvious public safety concern. S. 2785's inclusion of "related crimes" would address this gap.

In addition, S. 2785 makes an important technical change to the definition of "domestic violence" that would clarify current confusion about the severity of violence that must occur for a tribe to have jurisdiction in the wake of the Supreme Court's decision in *U.S. v. Castleman*.⁹ When *Castleman* was decided in March of 2014, it had an immediate impact on the tribal criminal charging decisions when evaluating misdemeanor arrests under SDVCJ authority. The Justices suggested in dicta in *Castleman* that the domestic violence crime in an SDVCJ case must involve actual "violence," which is not a defined term. As a result, some tribes have declined to prosecute certain offenses like emotional or financial abuse and harassment that would otherwise constitute "domestic violence" under tribal law, but may not be considered a "violent crime." S. 2785 would make clear that tribes who are exercising SDVCJ are able to reach the full range of crimes that may occur within the domestic violence context.

We appreciate Senator Franken and Senator Tester's effort to advance legislation that will fill some of the gaps in jurisdiction that continue to leave women and children without adequate protection on tribal lands. As the Committee continues its work, we ask you to also consider some of the other gaps in jurisdiction that implementation of SDVCJ have brought to light:

- Tribes have no criminal jurisdiction if a non-Indian commits an otherwise qualifying crime on tribal lands against an Indian woman from another tribe who is visiting the reservation. This is true even if the crime involved the violation of a protection order that was validly issued by the tribe.
- Tribes have no criminal jurisdiction if an Indian person is raped on tribal lands by a non-Indian, even if the offender lives on tribal lands and is employed by the tribe.

⁹ *U.S. v. Castleman*, 134 S. Ct. 1405 (2014)

- Tribes have no criminal jurisdiction if an Indian person is stalked on tribal lands by a non-Indian, even if the offender lives on tribal lands and is employed by the tribe.
- Tribes have no criminal jurisdiction if an Indian person is trafficked on tribal lands by a non-Indian, even if the offender lives on tribal lands and is employed by the tribe.
- Tribes have no criminal jurisdiction if an Indian elder is assaulted by their non-Indian family member on tribal lands, even if the offender lives on tribal lands and is employed by the tribe.

S. 100 Tribal Law and Order Act Reauthorization

We also extend great appreciation to Senator Barrasso for his leadership in introducing the reauthorization of the TLOA. Since 2010, NCAI has been deeply involved in the implementation of this critically important law. The TLOA is a comprehensive law designed to improve numerous facets of the public safety system in Indian Country: to increase coordination and communication among federal, state, tribal, and local law enforcement agencies; empower tribal governments with the authority, resources, and information necessary to safely and effectively provide public safety in Indian Country; reduce the prevalence of violent crime in Indian Country, combat sexual and domestic violence; prevent drug trafficking and reduce rates of alcohol and drug addiction in Indian Country; and increase and standardize the collection of criminal data to and the sharing of criminal history information among federal, state, tribal, and local officials responsible for responding to and investigating crimes in Indian Country. The TLOA authorizes expanded sentencing authority for tribal justice systems, clarifies jurisdiction in P.L. 280 states, and requires enhanced information sharing. In addition, the law authorizes programs for alcohol and substance abuse and programs for at-risk youth.

However, even when we began working on the law in 2007, tribal leaders knew that it wouldn't resolve every issue. This is why we so greatly appreciate a reauthorization that continues to address the problems and concerns regarding public safety on tribal lands. The introduced legislation includes a number of important provisions, particularly for juvenile justice, and serves as a strong foundation for continued work with tribal governments. All authorized funding under the TLOA expired in 2015 and it is important that Congress reauthorize this funding. Tribal justice systems also have more than five years of experience with implementing the law, and that implementation has led to proposals to continue to improve the law. In the following two sections we include comments on the introduced bill, as well as additional suggestions.

Section 101: Bureau of Indian Affairs Law Enforcement

Under this section, if the Director of the BIA Office of Justice Services fails to submit two reports required by the original Act in 2010, administrative funds would be withheld so long as the withholding does not adversely impact the capacity to provide law enforcement services in Indian Communities. The two missing reports are (1) annual reports to the appropriations

committees on unmet tribal law enforcement needs, and (2) annual reports summarizing technical assistance and training provided to tribal law enforcement and corrections agencies that operate pursuant to self-determination contracts or self-governance compacts.

NCAI strongly supports the effort for completion of these vital reports. In particular, we need the annual report on unmet law enforcement needs in order to justify the deep need for increases in public safety funding. We have some concerns about withholding funds from the BIA as a mechanism to compel completion, because it seems likely that this will result in diminution of services. We urge communication with the Secretary of Interior, and that pressure be placed on the overall administrative budget. We believe this will lead more quickly to the desired result.

Section 102: Integration and Coordination of Programs

We appreciate the proposal to require consultation with tribes regarding the integration of diverse funding for law enforcement, public safety, and substance abuse and mental health programs. However, the DOJ has been under a similar consultation requirement in the Commerce, Justice, State appropriations reports for at least the last four funding cycles, and no consultation has been initiated. Instead, we encourage the Committee to move forward with legislation to accomplish this goal of funding integration and coordination. At the end of this testimony we attach a proposal for legislative language that would accomplish this goal, and we encourage the Committee to consult directly with tribal governments about it.

Currently, base funding for law enforcement is provided through the BIA and is entirely inadequate. Additional funding is provided through the Departments of Justice and Health and Human Services under a series of grant programs that have the typical problems of competitive grant programs. Within the DOJ these funds are further divided into dozens of competitive grants for specific purposes. Moreover funding for prevention, rehabilitation, and treatment programs, which are key components of any community's approach to reducing crime, are located at IHS, SAMHSA, and elsewhere within the DHHS. In order to obtain this funding, tribes often must compete against each other under the priorities and guidelines set by the administering agency. These proposals are then peer reviewed by individuals who may or may not have experience with Indian tribes and tribal justice systems. In the end, the tribes that have the financial and human resources to employ experienced grant writers end up receiving funding, while the under-resourced tribes may be left without. Moreover, tribes cannot count on funding continuing beyond the current grant period, and Indian Country has countless stories of successful programs disappearing at the end of a two- or three-year grant cycle.

This system requires a large grant writing capability and a good bit of creativity in order to access the funds. Millions could easily be spent providing the technical assistance tribes need just to navigate this overly complex system. Under this ad hoc system, tribal law enforcement will receive vehicles, but no maintenance. They will get a detention facility, but no staff. They

will receive radios, but no central dispatch. The system doesn't make sense. We believe that tribal public safety funding should be streamlined into a single funding vehicle that would be negotiated on an annual basis and made more flexible to meet local needs.

We hope to develop a streamlined and consistent funding mechanism supported by tribes that would be acceptable to Congress. A proposal for statutory text that could be the basis for a discussion among tribal stakeholders and Congress is included as an appendix.

Section 103: Data Sharing with Indian Tribes

We strongly support these provisions to improve criminal database information sharing with tribal governments. In addition, we urge that the legislation address a specific problem with access to background checks for non-law enforcement purposes.

28 USC 534(d) authorizes release of criminal history information to tribal law enforcement agencies, but doesn't allow release of criminal information to other tribal agencies for important purposes, like child welfare background checks on foster parents, or teachers or childcare workers. The DOJ interprets the appropriations rider language from P.L. 92-544 as a permanent statute that prevents sharing this information with tribal governments. In their view, criminal history for licensing of foster parents can only be shared if authorized by State statute and approved by the Attorney General, to officials of State and local governments for purposes of employment and licensing. We suggest to add a subsection to 534(d): If authorized by tribal law and approved by the Attorney General, the Attorney General shall also permit access to officials of tribal governments for non-criminal justice, non-law enforcement employment and licensing purposes.

Section 104: Judicial Administration in Indian Country

This section extends the Bureau of Prisons Tribal Prisoner Program for seven years. This pilot project has already been successful as a temporary program, and then suddenly shut down. We urge the Committee to go further, and permanently authorize the program.

Permanently extending the TLOA Federal Bureau of Prisons Pilot Program is an essential part of overcoming the many challenges facing tribal criminal justice agencies. The Pilot Program, which expired on November 24, 2014, gives tribes the option to send highly violent offenders to federal corrections facilities. Many tribes do not have the resources or personnel to adequately and safely house these types of offenders. The federal system also offers greater access to treatment, rehabilitation, and reentry programs. The Bureau of Prisons also strongly supports extending the program.

When the BOP Pilot Project was authorized under the TLOA, NCAI believed that the program would be used sparingly for only the most violent offenders. However, some in Congress were

concerned about costs, and imposed the limitations of only four years and up to 100 detainees. But in that short time the program had only begun to work. Tribal governments must develop new criminal codes and procedures and train staff to use the program, and generally take a steady approach to implementing change. Two tribes transferred a total of four prisoners to federal prisons, so it is clear that the floodgates are not a problem.

We urge that the program is made permanent and tribes continue to have the opportunity to exercise this option. Tribal governments are increasingly seeking to enhance their sentencing authority under the TLOA. Providing tribes this flexibility to house violent offenders will allow tribal governments to concentrate their resources on other pressing criminal justice and public safety needs. The Federal Bureau of Prisons has echoed all of these recommendations in its report to Congress required by the TLOA.

NCAI also supports the provision to require the Director of BIA, Director of Bureau of Prisons, Director of IHS, and the Administrator of the Substance Abuse and Mental Health Services Administration to consult with Indian Tribes regarding juvenile justice and incarceration. For decades tribal leaders have encouraged a more proactive and humane approach to juvenile justice that is focused on prevention and mentoring and rehabilitation rather than criminalization. Tribal leaders strongly believe that we owe it to our youth and future generations to focus resources on our young people right at the beginning, rather than waiting for them to go astray and then begin the cycle of institutionalization and incarceration that has proven to be so ineffective.

Section 105: Federal Notice

This section requires the Office of the United States Attorney that convict any enrolled member of a federally recognized tribe shall provide notice of that conviction to the appropriate tribe. NCAI supports this provision, but also encourages that the Bureau of Prisons be required to provide notice when any tribal member is released from federal prison. This is the time when the community needs to be aware, and services need to be provided to released inmates.

Section 106: Detention Facilities

Under these provisions, a tribe may request to use any available detention funding from a contract or compact for appropriate alternatives to detention. NCAI supports this provision but urges removal of the requirement that the tribe, Secretary, and Director of the Office Justice Services mutually agree. The requirement of agreement will add significant costs and delay and will undermine the intention. Tribal governments must be trusted to implement programs for alternatives to incarceration, just as tribal courts are trusted to make decisions regarding guilt or innocence.

Section 108: Amendments to the Indian Civil Rights Act

The right to a jury trial would be amended to include only those crimes where there is a possibility of imprisonment of 180 days or more. This would match the federal and state constitutional requirements, and relieve tribal courts of the obligation to provide a jury trial for misdemeanors. Tribal courts suffer from a significant lack of resources. On some reservations, defendants have learned to act collectively and request a jury trial for every misdemeanor, and have succeeded in forcing the dismissal of many cases because the tribal court cannot afford the time or money for a jury trial for every petty crime. This provision would bring the Indian Civil Rights Act jury requirements into line with the federal constitutional rule.

Section 109: Special Assistant Public Defender Liaisons

NCAI supports the purpose of this section to provide greater coordination on indigent defense in Indian Country. However, the truly great need is for funding for indigent defense services. As background, the Indian Civil Rights Act of 1968 requires that defendants in tribal courts have the right to counsel, but at their own expense. Our testimony suggests a mechanism for Congress to finally provide funding for indigent defense in Indian Country, which would come at no additional costs to the federal budget.

First, tribes have strongly supported the provision of counsel to indigent defendants in tribal courts for many years, but have generally lacked adequate funding. Some tribes with greater resources provide indigent defense from their own funds, and have done so for many years. Tribes sought and welcomed the provision in the TLOA that although Legal Services Corporation grantees generally are prohibited from using federal funds to provide assistance in criminal proceedings, Congress specifically exempted tribal court proceedings from that ban. See 42 U.S.C. §2996f(b)(2). As a result, indigent defendants often can obtain counsel. In addition, tribes sought the provision in the Indian Tribal Justice Act that seeks to enhance tribal courts' capacity to provide indigent defense counsel. 25 U.S.C. §3613(b). Tribes have also repeatedly urged Congress to appropriate the funds necessary to support indigent defense throughout Indian Country, as one component of support for tribal justice systems. See, NCAI Resolution ABQ-10-116, and NCAI Resolution SD-02-015.

Second, under the TLOA and VAWA 2013, tribes can exercise greater criminal authority and better protect their communities with extended sentencing authority and jurisdiction over non-Indian domestic violence offenders, but only if they provide indigent defense. Thus, the lack of resources for indigent defense is a barrier to greater public safety on tribal lands.

Third, at this moment the case of *U.S. v. Bryant* is pending before the Supreme Court. Mr. Bryant is challenging his conviction under 18 USC 117, Domestic Assault by an Habitual

Offender, because he was not provided with indigent counsel in the tribal court convictions that serve as the predicate crimes. In passing Section 117, Congress acted with the goal of "safeguarding the lives of Indian women." Violence Against Women Reauthorization Act of 2005, Pub. L. No. 109-162, §901, 119 Stat. 2960, 3077-78 (2006). NCAI has urged the Supreme Court to uphold Mr. Bryant's conviction, but this case once again sheds light on the direct relationship between public safety and the provision of indigent defense in tribal courts.

We believe that this can be accomplished, and suggest the authorization of a set-aside of 3% of Defender Services program in the Financial Services and General Government (FSGG) Appropriations bill. This account funds the operations of the federal public defender and community defender organizations, and compensation, reimbursements, and expenses of private practice panel attorneys appointed by federal courts to serve as defense counsel to indigent individuals. The FY2016 request is \$1,057.6 million, an increase of 4.0% over the FY2015 enacted level. A 3% set-aside would result in approximately \$30 million annually for tribal court indigent defense. If combined with the 4% increase, the set-aside would result in no diminution of funding for the Federal Public Defenders, and would establish a greatly needed source of funding for indigent defense in tribal courts.

Section 110: Criminal Trespass on Indian Land

Under Section 1165 of Title 18, the misdemeanor offense of hunting, trapping, or fishing would be expanded to include felony offenses for violations of a tribal exclusion order. NCAI greatly appreciates this section as it would address a great source of harm on tribal lands. Indian reservations are experiencing increasing problems with serious criminal trespass and a lack of deterrence. Tribes are unable to address problems with sexual assault and stalking offenders who continue to return to the reservation to harass victims. Drug dealers are a perennial problem. Violating a tribal protection order or exclusionary order should be subject to more serious federal penalties. Tribes also have difficulties with former lease tenants who overstay agricultural and residential leases for many years and refuse to leave or pay rent. Tribes are also experiencing problems with timber theft, repeated poaching, illegal mining and illegal marijuana operations, serious crimes that are infrequently enforced because there is no relevant criminal statute. There are also repeat offenders who dump hazardous waste and serious property crimes and are warned again and again but refuse to respect tribal property rights.

Because of this, we would urge two amendments to this section to set an appropriate scale of criminal penalties for increasingly severe criminal trespass crimes. First, we suggest that an offense should be added for persons who commit serious property crimes on tribal lands with fines and penalties of up to \$15,000 and three years imprisonment or both. We suggest consultation with the U.S. Attorneys to determine an appropriate range of penalties that will create deterrence for those who cause serious threats to persons or damage to property.

Secondly, we urge that the provision should include violation of tribal protection orders as well as exclusionary orders. Protection orders are often issued against persons who commit crimes of domestic violence, sexual assault or stalking. There is an existing crime at 18 U.S. Code §2262 - Interstate violation of protection order. However, this crime is rarely enforced because it requires proof beyond a reasonable doubt of intent: that the person traveled into Indian country for the specific purpose of violating a protection order. This is very difficult to prove, so even if a perpetrator traveled into Indian country and beat up his former girlfriend in violation of a protection order, it is difficult to show that he had this specific intent when he set out on his journey. Instead, we propose that the provisions for exclusionary orders would also include protection orders. We also suggest consultation with the U.S. Attorneys to determine an appropriate range of penalties that will create deterrence. The following is a proposal for statutory text:

18 U.S. Code §1165 - Hunting, trapping, or fishing on Indian land (to be retitled §Criminal Trespass on Indian Lands, §the first section retained, and renumbered subsection (a) with additional subsections for escalating penalties for severe offenses).

- b) Repeated trespassing offenses and persons who commit crimes against persons or property on tribal lands shall be subject to fines and penalties of up to \$15,000 and three years imprisonment or both.
- c) VIOLATION OF TRIBAL PROTECTION ORDER OR TRIBAL EXCLUSION ORDER §

(1) IN GENERAL. § It shall be unlawful for any person to knowingly violate the terms of a tribal protection order or exclusion order that was issued by a court or other tribunal of an Indian tribe in accordance with the requirements of paragraph (4).

(2) PENALTY. § Any person who violates paragraph (1) shall be guilty of a crime and fined up to \$10,000, imprisoned for up to 5 years, or both.

(3) DEFINED TERMS. § For the purposes of this subsection, the term §

(A) §protection order §includes any order which

(i) satisfies the definitions set forth in 18 USC 2266(5);

(ii) satisfies the jurisdiction and notice provisions set forth in 18 USC 2265(b);
and

(B) §exclusion order §means an order issued in a proceeding by a court or other tribunal of an Indian tribe which temporarily or permanently excludes a person from tribal land for violation of the criminal laws of the tribal government.

(4) REQUIREMENTS FOR ORDERS. §

(A) PROTECTION ORDERS ----A violation of a protection order shall constitute an offense under paragraph (1) if the order includes a statement that violation of the order

will result in criminal prosecution under Federal law and the imposition of a fine, imprisonment, or both; and

(B) EXCLUSION ORDERS ----- A violation of an exclusion order shall constitute an offense under paragraph (1) if the respondent was served with or had actual notice of

- (i) a complaint setting forth a plain statement of facts which, if true, would provide the basis for the issuance of an exclusion order against the respondent;
- (ii) the date, time and place for a hearing on the complaint; and
- (iii) a statement informing the respondent that if he or she fails to appear at the hearing a order may issue, the violation of which may result in criminal prosecution under Federal law and the imposition of a fine, imprisonment, or both;
- (iv) a hearing on the complaint was held on the record at which the respondent was provided an opportunity to be heard and present testimony of witnesses and other evidence as to why the order should not issue;
- (v) the order temporarily or permanently excludes the respondent from Indian land under the jurisdiction of that Indian tribe;
- (viii) the order includes a statement that a violation of the order may result in criminal prosecution under Federal law and the imposition of a fine, imprisonment, or both; and
- (ix) the respondent was served with or had actual notice of the order.

(5) NO LIMITATION ON TRIBAL AUTHORITY; EFFECT OF SUBSECTION. Nothing in this subsection limits or otherwise affects the application of the Violence Against Women Act, (18 U.S.C. 2261-2266).

Section 201: Federal Jurisdiction Over Indian Juveniles

The words "Indian Tribe" and "tribal" are added to Section 5032 of Title 18 of the U.S. Code, so that federal offenses could be referred to tribal court. NCAI supports this provision, but also recognizes that there are a relatively small number of serious felonies committed by youth that could result in referral for federal prosecution.

Section 203: Justice for Indian Youth

This section improves justice for Indian youth under the Juvenile Justice and Delinquency Prevention Act (JJDP) by requiring notice to tribes when a member youth enters a state or local justice system, requiring tribal participation on advisory groups, coordinating services for tribal youth, and including tribal traditional or cultural programs which reduce recidivism as authorized activities for federal funding.

NCAI strongly supports these provisions, and particularly notice to tribes when a youth enters state or local justice system. In many cases, Indian tribes have developed programs and services for Native youth that are more culturally appropriate, and will be welcomed by county court judges as alternatives to incarceration. However, these programs and remedies cannot work unless the tribal government has notice and is able to communicate with the local court system.

Although the above amendments and additions to the Reauthorization of TLOA set a strong foundation towards improving public safety in Indian Country, we would still like to request consideration that the following provisions be added to the reauthorization.

- 1) Annual declination reporting. The TLOA was passed by Congress against a backdrop of criticism that far too many Indian Country crimes were never adequately investigated, and prosecution was too frequently declined. For many years, tribal leaders had raised the concern that the U.S. Attorneys did not consider Indian Country crimes a priority and declined to prosecute an extraordinary percentage of cases. A Denver Post investigative reporting series from November of 2007 raised these concerns:
 - Between 1997 and 2006, federal prosecutors rejected nearly two-thirds of the reservation cases brought to them by FBI and Bureau of Indian Affairs investigators, more than twice the rejection rate for all federally prosecuted crime.
 - Investigative resources spread so thin that federal agents are forced to focus only on the highest-priority felonies while letting the investigation of some serious crime languish for years. Long delays in investigations without arrest leave sexual assault victims vulnerable and suspects free to commit other crimes.
 - Many low-priority felonies never make it to federal prosecutors in the first place. Of the nearly 5,900 aggravated assaults reported on reservations in fiscal year 2006, only 558 were referred to federal prosecutors, who declined to prosecute 320 of them. Of more than 1,000 arson complaints reported last year on Indian reservations, 24 were referred to U.S. Attorneys, who declined to prosecute 18 of them.
 - From top to bottom, the Department of Justice's commitment to crime in Indian Country was questionable. Former United States Attorney for the Western District of Michigan Margaret Chiara was quoted saying, "I've had (assistant U.S. attorneys) look right at me and say, 'I did not sign up for this.' They want to do big drug cases, white-collar crime and conspiracy." Comments from former United States Attorney for Arizona, Paul Charlton indicate that this attitude came from the top. Charlton has related a story where a high-level Department of Justice official asked him why he was prosecuting a double-murder in Indian Country in the first place.¹⁰

¹⁰ Mike Riley, "Principles and Politics Collide: Some U.S. Attorneys who emphasize fighting crime on Indian lands have seen themselves fall out of favor in D.C.," DENVER POST, Nov. 14, 2007.

This dire and long-term institutional dysfunction required a response. Therefore a key feature of the TLOA requires both the FBI and the U.S. Attorneys to submit annual reports to Congress compiling information regarding decisions not to refer investigated cases, and all declinations to prosecute in Indian Country, including the types of crimes alleged and the reasons for declination. The law also requires coordination with tribal law enforcement if a federal law enforcement official terminates an investigation or declines to prosecute an alleged violation of Federal criminal law in Indian country. The annual reports to Congress are to be organized in the aggregate; and for the FBI, by Field Division; and for U.S. Attorneys, by judicial district; and including any relevant explanatory statements.

In general, we believe that the annual reports have led to an increased awareness of responding to Indian Country crime within the DOJ. However, there are a number of aspects of the reporting system that should be improved. The first is straightforward. The TLOA requires annual declination reporting on a calendar year, but the existing reporting system at the DOJ is on a fiscal year basis. Our understanding is that this creates unnecessary difficulty. We recommend consultation with the U.S. Attorneys and the EOUSA and resolve this difference to improve reporting.

Secondly, and more importantly, we recommend additional consultation with tribal leaders and prosecutors regarding specific improvements to the declination reporting system. For example, tribal prosecutors routinely request more case-specific and tribe-specific sharing of information between federal and tribal prosecutors so that they can use the data to allocate resources and prosecution efforts. In addition, the annual reports showed prosecution being declined in 50 to 60% of reported crimes due to "insufficient evidence." Although Congress has required the "reasons" for a declination, "insufficient evidence" is so broad as to provide little analytic value. Tribal leaders frequently describe cases with little or no investigation, or that occur many months after the crime. It is impossible to tell from the declination reports whether more robust investigations would have resulted in additional prosecutions.

Another example is that many referred crimes are declined because they "are not a federal crime." It is impossible to tell from the declination reports how often this designation is used for crimes such as theft, destruction of property; domestic violence and low-level gang activity that commonly involves both Indian and non-Indian defendants. We have also heard reports that many of these crimes are never compiled into the reports. In fact, these are federal crimes in Indian country under the Assimilative Crimes Act, 18 U.S.C. §13, which makes state laws applicable to conduct occurring in federal territory. Despite this, the "no federal offense evident" category is used in a discretionary and informal manner. However, the absence of tribal jurisdiction to deal effectively with non-Indians in these cases creates a perception that the likelihood of being caught and punished is low, and encourages a disregard for tribal law enforcement.

Third, we urge greater engagement with the Federal Bureau of Investigations on its role in investigating Indian Country crimes. On May 30, 2013 the first report of statistics gathered under the Act was released by the DOJ. It covered 2011 and 2012 and showed a 54% increase in prosecutions in 2012 as compared to 2008. However substantial problems remained with prosecution being declined in 60% of reported crimes due to "insufficient evidence," which tribal leaders attribute, at least in substantial part, to inadequate and slow investigations.

Prior to the 1980s, the Bureau of Indian Affairs law enforcement had a significant budget for investigations, and they had their own investigators. In the late 1980s responsibility for investigations in Indian country was transferred to the FBI, as well as the financial appropriations for that responsibility. We recall that approximately 90 million was transferred out of the Interior appropriations and into the FBI appropriations. At that time promises were made that the FBI would do far more professional work with investigations and it would result in greater public safety on Indian reservations.

However, over time the FBI leadership has lost sight of this commitment, diminishing its Indian country responsibilities and staffing, while keeping all the funding. In 1993, the FBI entered a Memorandum of Understanding with the BIA, stating that investigations were a "shared" responsibility, and that "determining which law enforcement agency, federal or tribal, has primary responsibility for investigation of a particular crime may depend on the nature of the crime committed and any applicable local guidelines, which vary across jurisdictions." A significant amount of resources were reprogrammed after 9/11, and smaller numbers of FBI agents have trickled away from Indian country on a continuous basis in almost every year. In May of 2008, FBI Director Mueller testified at a hearing of the House Judiciary Committee. In response to a question regarding the FBI's role in and commitment to fighting crime in Indian Country, he stated his hope was that other agencies would grow to fill that need and that the FBI would no longer have to provide services in Indian country.

More recently, in the FY2011 budget, 20 million was transferred from the BIA law enforcement budget to the FBI to improve resources for investigations. Then, in the most recent President's budget, it initially included a proposed cut of seventeen FBI agents in Indian country. NCAI protested and it was quickly corrected, but the proposal demonstrates the lack of awareness among FBI leadership about their commitment to Indian country law enforcement. Meanwhile the declination data shows most federal declinations to prosecute are from insufficient evidence. While FBI agents are in short supply in Indian Country, the funds reprogrammed out of the BIA remain steadily in the FBI budget.

- 2) Tribal Criminal Code Development Program, with focus on Juvenile Justice. NCAI encourages the authorization of \$10 million annually for a program to update tribal criminal

codes and justice systems. The Department of Interior recently published a new model tribal juvenile justice code. The Model Indian Juvenile Code 2015 Revision reflects a core commitment to providing tribes with juvenile statutes assuring the fundamental rights of children and their parents, guardians and custodians, and allowing opportunities for restorative diversions at each stage of the juvenile justice process. Too many juvenile codes are nearly indistinguishable from adult criminal codes and provide too few diversions to rehabilitative services, and rely too heavily on detention. Many judges have voiced frustration with the lack of a comprehensive and flexible code which encourages the development of alternatives to standard juvenile delinquency, truancy, and child in-need-of-services systems.

However, in general tribal governments lack the funding to go through the process of updating criminal codes. Most tribal criminal codes were developed by the BIA in the 1960's and 70's, and are growing painfully outdated. Tribal criminal codes need to be updated in many other areas, including domestic violence, sexual assault, protection of children, and a raft of procedural improvements needed to protect victims, improve rehabilitation and reduce recidivism. There have been many advances in criminal justice that need to be integrated into tribal codes, and that will not happen without some level of funding for code update projects.

- 3) Access to Firearms for Tribal Police □NCAI Resolution ABQ-10-029 -- NCAI supports legislation to amend the National Firearms Act of 1934 and the Gun Control Act of 1968 so that Tribal Police Departments are recognized as governmental entities similar to agencies of the United States government, or of a state government, or a political subdivision thereof without the requirement of special law enforcement commissions so that Tribal Police Departments are exempt from payment of the transfer tax for NFA firearms, are eligible to receive firearms interstate, and can possess a machine gun manufactured after May 18, 1986.

- 4) Alaska Native Villages □The legislation in its current form does not address the unique law enforcement issues in Alaska Native communities. Alaskan tribal lands are not considered □Indian country□after the Supreme Court's decision in *Alaska v. Native Village of Venetie*. Tribal communities in Alaska experience high rates of domestic violence and sexual assault and significant problems with substance abuse. Most of the native communities are only accessible by plane or boat, and are completely dependent on state law enforcement. The Village Public Safety Officer program has had its budget slashed by the state, and many tribal communities in Alaska are terribly underserved by state police and other services. We know that the Committee is aware of these problems and would urge the Committee to reach out to Alaska tribal leaders to develop ways to improve law enforcement in Alaska. Our primary recommendations are that the federal government provide direct funding for rural law enforcement in Alaska, to strengthen victims services, to support the land to trust process

in Alaska, to strengthen tribal courts, and that tribal communities in Alaska be given greater control over alcohol and substance abuse policies.

- 5) Eliminate Requirement of "Indian" Status for Purpose of Major Crimes Act -- In cases such as *U.S. v. Zepeda*, defendants have repeatedly challenged their status as an "Indian" under the Major Crimes Act. However, given that 1152 covers non-Indian crimes, and 1153 covers Indian crimes, the provisions could be amended in a manner so that Indian status would be irrelevant for most crimes. Major crimes on tribal land are subject to essentially identical federal criminal prohibitions no matter the status of the defendant. The endless litigation over these common law definitions of Indian also pose a continuing threat to the political status of tribal citizens and threaten precedent such as *Morton v. Mancari* and *U.S. v. Antelope*. The following is an initial proposal for replacement language for 1153 that would eliminate the requirement of Indian status.

18 U.S. Code §1153 - Major offenses committed within Indian country

(a) Any person who commits against the person or property of another person any of the following offenses, namely, murder, manslaughter, kidnapping, maiming, a felony under chapter 109A, incest, a felony assault under section 113, an assault against an individual who has not attained the age of 16 years, felony child abuse or neglect, arson, burglary, robbery, and a felony under section 661 of this title within the Indian country, shall be subject to federal law and penalties within the jurisdiction of the United States.

(b) Any offense referred to in subsection (a) of this section that is not defined and punished by Federal law in force within the exclusive jurisdiction of the United States shall be defined and punished in accordance with the laws of the State in which such offense was committed as are in force at the time of such offense.

Conclusion

NCAI greatly appreciates the work of the Senators and the Committee on this important legislation. This is the stage in the process where we must listen to tribal leaders and other public safety professionals and take advantage of the insights they can provide. The proposed legislation was introduced recently so we will need time for response. In particular, we have found that the best information often comes from people who work in the criminal justice system -- tribal police officers, tribal prosecutors, tribal judges and the like. I would encourage the Committee to make a special effort to reach out for their views on how the legislation can be strengthened. We urge continuing dialogue with tribal leaders on the proposals in this testimony, and those received from all tribal governments.

- (3) Secretary. Except where otherwise provided, the term "Secretary" means the Secretary of the Interior.

Section 2. INTEGRATION OF SERVICES AUTHORIZED.

The Secretary of the Interior, in cooperation with the Attorney General and the Secretary of Health and Human Services shall, upon the receipt of a plan acceptable to the Secretary of the Interior submitted by an Indian tribal government, authorize the tribal government to coordinate, in accordance with such plan, its federally funded law enforcement, public safety, justice systems, and substance abuse and mental health programs in a manner that integrates the program services involved into a single, coordinated, comprehensive program and reduces administrative costs by consolidating administrative functions.

Section 3. PROGRAMS AFFECTED.

The programs that may be integrated in a demonstration project under any such plan shall include any program under which an Indian tribe is eligible for receipt of funds under a statutory or administrative formula for the purposes of funded law enforcement, public safety, justice systems and substance abuse and mental health programs.

Section 4. PLAN REQUIREMENTS.

For a plan to be acceptable pursuant to section 4, it shall --

- (1) identify the programs to be integrated;
- (2) be consistent with the purposes of this Act authorizing the services to be integrated in a demonstration project;
- (3) describe a comprehensive strategy which identifies the full range of law enforcement, public safety, justice systems and substance abuse and mental health program needs;
- (4) describe the way in which services are to be integrated and delivered and the results expected from the plan;

- (5) identify the projected expenditures under the plan in a single budget;
- (6) identify the agency or agencies of the tribal government to be involved in the delivery of the services integrated under the plan;
- (7) identify any statutory provisions, regulations, policies, or procedures that the tribal government believes need to be waived in order to implement its plan; and
- (8) be approved by the governing body of the affected tribe.

Section 5. PLAN REVIEW.

Upon receipt of the plan from a tribal government, the Secretary of the Interior shall consult with the Secretary of each Federal department providing funds to be used to implement the plan, and with the tribal government submitting the plan. The parties so consulting shall identify any waivers of statutory requirements or of Federal departmental regulations, policies, or procedures necessary to enable the tribal government to implement its plan. Notwithstanding any other provision of law, the Secretary of the affected department shall have the authority to waive any regulation, policy, or procedure promulgated by that department that has been so identified by such tribal government or department, unless the Secretary of the affected department determines that such a waiver is inconsistent with the purposes of this Act or those provisions of the statute from which the program involved derives its authority which are specifically applicable to Indian programs.

SEC. 6. PLAN APPROVAL.

Within 90 days after the receipt of a tribal government's plan by the Secretary, the Secretary shall inform the tribal government, in writing, of the Secretary's approval or disapproval of the plan. If the plan is disapproved, the tribal government shall be informed, in writing, of the reasons for the disapproval and shall be given an opportunity to amend its plan or to petition the Secretary to reconsider such disapproval.

SEC. 7. FEDERAL RESPONSIBILITIES.

(a) Responsibilities of the Department of the Interior. Within 180 days following the date of enactment of this Act, the Secretary of the Interior, Attorney General, and the Secretary of Health and Human Services and the Secretary of Education shall enter into an interdepartmental memorandum of agreement providing for the implementation of the demonstration projects authorized under this Act. The lead agency for a demonstration program under this Act shall be the Bureau of Indian Affairs, Department of the Interior. The responsibilities of the lead agency shall include --

- (1) the use of a single report format related to the plan for the individual project which shall be used by a tribal government to report on the activities undertaken under the project;

(2) the use of a single report format related to the projected expenditures for the individual project which shall be used by a tribal government to report on all project expenditures;

(3) the development of a single system of Federal oversight for the project, which shall be implemented by the lead agency; and

(4) the provision of technical assistance to a tribal government appropriate to the project, except that a tribal government shall have the authority to accept or reject the plan for providing such technical assistance and the technical assistance provider.

(b) Report Requirements. The single report format shall be developed by the Secretary, consistent with the requirements of this Act. Such report format, together with records maintained on the consolidated program at the tribal level shall contain such information as will allow a determination that the tribe has complied with the requirements incorporated in its approved plan and will provide assurances to each Secretary that the tribe has complied with all directly applicable statutory requirements and with those directly applicable regulatory requirements which have not been waived.

SEC. 8. NO REDUCTION IN AMOUNTS.

In no case shall the amount of Federal funds available to a tribal government involved in any demonstration project be reduced as a result of the enactment of this Act.

SEC. 9. INTERAGENCY FUND TRANSFERS AUTHORIZED.

The Secretary of the Interior, Attorney General, and Secretary of Health and Human Services, as appropriate, are authorized to take such action as may be necessary to provide for an interagency transfer of funds otherwise available to a tribal government in order to further the purposes of this Act.

SEC. 10. ADMINISTRATION OF FUNDS AND OVERAGE.

(a) Administration of Funds. --

(1) In general. Program funds shall be administered in such a manner as to allow for a determination that funds from specific programs (or an amount equal to the amount attracted from each program) are spent on allowable activities authorized under such program.

(2) Separate records not required. Nothing in this section shall be construed as requiring the tribe to maintain separate records tracing any services or activities conducted under its approved plan to the individual programs under which funds were authorized, nor shall the tribe be required to allocate expenditures among such individual programs.

(b) Overage. All administrative costs may be commingled and participating Indian tribes shall be entitled to the full amount of such costs (under each program or department's regulations), and no

overage shall be counted for Federal audit purposes, provided that the overage is used for the purposes provided for under this Act.

SEC. 11. FISCAL ACCOUNTABILITY.

Nothing in this Act shall be construed so as to interfere with the ability of the Secretary or the lead agency to fulfill the responsibilities for the safeguarding of Federal funds pursuant to the Single Audit Act of 1984.

SEC. 12. REPORT ON STATUTORY OBSTACLES TO PROGRAM INTEGRATION.

(a) Preliminary Report. Not later than two years after the date of the enactment of this Act, the Secretary shall submit a preliminary report to the Select Committee on Indian Affairs of the Senate and the Committee on Interior and Insular Affairs of the House of Representatives on the status of the implementation of the demonstration program authorized under this Act.

(b) Final Report. Not later than five years after the date of the enactment of this Act, the Secretary shall submit a report to the Committee on Indian Affairs of the Senate and the Committee on Natural Resources on the results of the implementation of the demonstration program authorized under this Act. Special Domestic Violence Criminal Jurisdiction Pilot Project Report

October 29, 2015

“The first responsibility of any government, tribal or otherwise, is the safety and protection of its people, for there can be no security or freedom for all, if there is insecurity and fear for any of us. Pascua Yaqui tribal officials no longer have to simply stand by and watch their women be victimized with no recourse.”

-- The Honorable Peter Yucupicio Chairman, Pascua Yaqui Tribe of Arizona

This project was supported by Grant # 2013-TA-AX-K011 awarded by the Office on Violence Against Women. The opinions, findings, and conclusions or recommendations expressed in this publication are those of the author and do not necessarily reflect the view of the Department of Justice.

Introduction

On March 7, 2013, President Obama signed the Violence Against Women Reauthorization Act of 2013 (VAWA 2013) into law.¹ For the first time since the U.S. Supreme Court stripped tribal governments of their criminal authority over non-Indians in *Oliphant v. Suquamish Tribe* (1978),² VAWA 2013 recognized and reaffirmed the inherent sovereign authority of Indian tribes to exercise criminal jurisdiction over certain non-Indians who violate protection orders or commit dating violence or domestic violence against Indian victims on tribal lands.³ Known as Special Domestic Violence Criminal Jurisdiction (SDVCJ), this limited tribal criminal jurisdiction over non-Indians has fundamentally changed the landscape of tribal criminal jurisdiction in the modern era. Communities currently exercising SDVCJ have increased safety and justice for victims who had too often slipped through the cracks.

Although the law did not take general effect until March 7, 2015, VAWA 2013 created a “Pilot Project” that enabled Indian tribes who received prior approval from the United States Department of Justice (DOJ) to exercise SDVCJ on an accelerated basis.⁴ After consultation with tribal governments, DOJ established a process for interested tribes to submit applications demonstrating that the tribe was in compliance with the federal law and afforded adequate due process to non-Indian defendants.⁵ DOJ approved three tribes—the Confederated Tribes of the Umatilla Indian Reservation (CTUIR) in Oregon, the Pascua Yaqui Tribe in Arizona, and the Tulalip Tribes of Washington—to implement SDVCJ in February 2014. Two additional tribes—the Assiniboine and Sioux Tribes of the Fort Peck Indian Reservation in Montana and the Sisseton-Wahpeton Oyate of the Lake Traverse Reservation in North and South Dakota—were approved to exercise SDVCJ on March 6, 2015, the last day of the pilot project period.

All five of the pilot project tribes participated along with 40 other tribes in an Inter-Tribal Technical-Assistance Working Group on SDVCJ Intertribal Working Group (ITWG), which is composed of tribes who expressed preliminary interest in exploring implementation of SDVCJ to DOJ and agreed to work peer-to-peer to answer questions about implementation of SDVCJ and develop best practices.

Tribes currently exercising SDVCJ have increased safety and justice for victims who have too often slipped through the cracks.

This report provides a brief report on activities during the Pilot Project period (February, 2014 through March 6, 2015) and shares recommendations for next steps.

Overview of Special Domestic Violence Criminal Jurisdiction

As of March 7, 2015, two years after Violence Against Women Reauthorization Act of 2013 (VAWA 2013) was enacted, Indian tribes across the country can exercise criminal jurisdiction over non-Indians for certain acts of domestic violence or dating violence and protection order violations so long as the statutory requirements of VAWA 2013 are met.⁶ The full text of the statute is included as Appendix A to this report. In summary, for a tribe to exercise jurisdiction over a non-Indian offender:

-) the victim must be Indian;
-) the crime must take place in the Indian country of the participating tribe; and
-) the non-Indian defendant must have “ties to the Indian tribe,” which means the defendant:
 - o resides in the Indian country of the participating tribe;
 - o is employed in the Indian country of the participating tribe; or
 - o is a current or former spouse, intimate partner, or dating partner of a member of the participating tribe, or an Indian who resides in the Indian country of the participating tribe.⁷

VAWA 2013 requires that any tribe exercising SDVCJ must provide certain due process protections to defendants. Specifically, the tribe must provide all of the protections that have long been guaranteed by the Indian Civil Rights Act, many of which mirror the U.S. Bill of Rights.⁸ In addition, VAWA 2013 requires implementing tribes, in any SDVCJ case where a term of imprisonment may be imposed, to provide a number of additional rights. Many of these rights are the same as those that were required of tribes in order to exercise felony jurisdiction under the Tribal Law and Order Act of 2010:

-) “provide to the defendant the right to effective assistance of counsel at least equal to that guaranteed by the United States Constitution”;⁹
-) “at the expense of the tribal government, provide an indigent defendant the assistance of a defense attorney licensed to practice law by any jurisdiction in the United States that

⁷ 25 U.S.C. 1304(b)(4).

⁸ 25 U.S.C. 1304(a)’s protections include: freedom of speech and religion; freedom from illegal or warrantless search or seizure; a prohibition on double jeopardy; the right not to be compelled to be a witness against oneself; the right to a speedy trial and to confront witnesses; the right to a jury trial; and the right not to be subjected to cruel or unusual punishment, excessive fines, or excessive bail.

applies appropriate professional licensing standards and effectively ensures the competence and professional responsibility of its licensed attorneys”;¹⁰

-) “require that the judge presiding over the criminal proceeding has sufficient legal training to preside over the criminal proceedings and is licensed to practice law in any jurisdiction in the United States”;¹¹
-) make publicly available the tribe’s “criminal laws (including regulations and interpretative documents), rules of evidence, and rules of criminal procedure (including rules governing the recusal of judges in appropriate circumstances)”;¹² and
-) “maintain a record of the criminal proceeding, including an audio or other recording of the trial proceeding.”¹³

VAWA 2013 also guarantees a defendant in a SDVCJ case:

-) “the right to a trial by an impartial jury that is drawn from sources that reflect a fair cross section of the community and do not systematically exclude any distinctive group in the community, including non-Indians”;¹⁴ and
-) “all other rights whose protection is necessary under the Constitution of the United States in order for Congress to recognize and affirm the inherent power of the participating tribe to exercise SDVCJ over the defendant.”¹⁵

Overview of the Pilot Project

Although the tribal criminal jurisdiction provision of VAWA 2013 was generally not effective until March 7, 2015,¹⁶ tribes could implement SDVCJ on an accelerated basis before that date with approval from the Attorney General during a “Pilot Project” period.¹⁷ The DOJ developed a Pilot Project Application Questionnaire, which interested tribes used to request that the Attorney General designate them as “participating tribes” and approve their accelerated implementation of SDVCJ.¹⁸ This Application Questionnaire was DOJ’s final notice and solicitation

of applications for the pilot project, which was published in the Federal Register on November 29, 2013.¹⁹

Three tribes received approval to implement SDVCJ in February 2014—the CTUIR in Oregon, the Pascua Yaqui Tribe in Arizona, and the Tulalip Tribes in Washington. These tribes exercised SDVCJ for a little more than a year during the Pilot Project period before the law took general effect on March 7, 2015. Two additional tribes’ applications were approved during the Pilot Project period on March 6, 2015—the Assiniboine and Sioux Tribes of the Fort Peck Indian Reservation, and the Sisseton-Wahpeton Oyate of the Lake Traverse Reservation. Since these tribes received approval the day before VAWA 2013 took general effect nationwide, these tribes did not have any SDVCJ cases during the Pilot Project period.

Exercise of Special Domestic Violence Criminal Jurisdiction during Pilot Period

While ultimately five tribes were approved to exercise SDVCJ during the pilot period, only the first three tribes were approved early enough to have any SDVCJ cases before the conclusion of

Pilot Project Statistics:

- **No habeas corpus appeals**

the Pilot Project on March 7, 2015. During the first year of SDVCJ implementation, the three original pilot tribes had a total of 27 SDVCJ cases involving 23 separate offenders. Of the 27 cases, 11 were ultimately dismissed for jurisdictional or investigative reasons, 10 resulted in guilty pleas, 5 were referred for federal prosecution and 1 offender was acquitted by a jury. None of the SDVCJ non-Indian defendants have petitioned for habeas corpus review in federal court. All of the Pilot Project tribes have had additional cases since the conclusion of the Pilot Project period. This report, however, only discusses those cases that occurred between February 20, 2014 and March 7, 2015.

¹⁸ Although completing the Application Questionnaire is no longer required for a tribe who wants to implement SDVCJ, it is a useful guide for a tribe to conduct a self-assessment prior to implementing SDVCJ. In addition, the completed Application Questionnaires from the Pilot Project tribes provide helpful information about options for meeting the requirements of the statute. The completed questionnaires can be found at www.ncai.org/tribal-vaawa.

¹⁹ Fed. Reg., vol. 78, no. 230, p. 71645, Nov. 29, 2013.

Pascua Yaqui Tribe

The Pascua Yaqui Tribe submitted its final Pilot Project Application Questionnaire to DOJ on December 30, 2013. The Tribe received approval to begin exercising SDVCJ on February 6, 2014, and jurisdiction went into effect on February 20, 2014. The Tribe immediately issued a press release and formal notice to the community regarding implementation of the new law. After the Pilot Project concluded, the Tribe released an Implementation Timeline and comprehensive Pilot Project Summary of SDVCJ implementation at Pascua Yaqui. All of these materials are available online at www.ncai.org/tribal-vawa.

The Pascua Yaqui Tribe is located on a 2,200-acre reservation in southwest Arizona near Tucson, Arizona, approximately 60 miles north of the United States-Mexico border. The Tribe has approximately 19,000 members, with 4-5,000 members living on the reservation. Approximately 90 percent of the reservation population is American Indian and the most common household demographic on the reservation is single-mother households, which account for nearly 43 percent of all Pascua Yaqui households. The vast majority of criminal cases filed in the Pascua Yaqui Tribal Court are domestic-violence related offenses. Several of the Pascua Yaqui prosecutors are designated as Special Assistant United States Attorneys (SAUSAs), which allow them to also serve as prosecutors in federal court. The Tribe funds a full-fledged Public Defenders Office (originally opened in 1995) with four licensed defense attorneys who represent those accused of crimes. The Tribe also funds four private contracted defense attorneys for those cases where a conflict of interest exists. The Tribe has employed law-trained judges and recorded its court proceedings since long before VAWA 2013.

Of the three original Pilot Project tribes, Pascua Yaqui has had the highest number of SDVCJ cases. Between February 20, 2014 and March 6, 2015, the Tribe handled 18 SDVCJ cases, involving 15 separate offenders. Four of these cases resulted in guilty pleas, four were referred for federal prosecution due to the seriousness of the violence, 10 cases were declined for jurisdictional, investigative, or evidentiary problems, and one resulted in an acquittal. Significantly, the 18 cases at Pascua Yaqui involved 18 children as either witnesses or victims. In the four-year period prior to their arrest, the 15 non-Indian defendants charged under SDVCJ had more than 80 documented tribal police contacts, arrests, or reports attributed to them.

Pascua Yaqui Judge Melvin Stoof conferring with attorneys at SDVCJ trial.

In the four-year period prior to the implementation of the VAWA Pilot Project and during the Pilot Project period, the 15 non-Indian defendants charged under SDVCJ had more than 80 documented tribal police contacts, arrests, or reports attributed to them.

Because of jurisdictional limitations in place at the time under federal law, the tribal court could not prosecute any of these prior incidents that involved criminal violations.

Pascua Yaqui is the only tribe to have had a jury trial for a SDVCJ case during the Pilot Project period.²⁰ The case was a domestic violence assault involving two men allegedly in a same-sex relationship. The defendant was acquitted by the jury. Interviews with the jurors suggest that the jury was not convinced that the two individuals

had a relationship that would meet the requirements for tribal jurisdiction under VAWA 2013, which limits tribal jurisdiction to “domestic violence” defined as “violence committed by a current or former spouse, or intimate partner of the victim, by a person with who the victim shares a child in common, by a person who is cohabitating or has cohabitated with the victim as a spouse or intimate partner, or by a person similarly situated to a spouse of the victim under the domestic or family violence laws of an Indian tribe that has jurisdiction over the Indian country where the violation occurs.”²¹ There was no question that the assault occurred. In fact, if the defendant had been an Indian, the prosecutor would not have had to prove any particular relationship between the offender and the victim. But because SDVCJ is limited to the specific crimes of domestic or dating violence, both of which require a particular relationship, that was not an option in this case. The non-Indian defendant was subsequently extradited to the State of Oklahoma on an outstanding felony warrant.

²⁰ As of the date of this report, the Pascua Yaqui case discussed here is still the only jury trial in a SDVCJ case.

 - 1 jury trial resulted in an acquittal and subsequent extradition to Oklahoma
 - 5 guilty pleas
 - 1 referral for federal prosecution
 - 10 dismissals
 - 1 defendant on warrant status
- **The 15 non-Indian defendants had over 80 documented tribal police contacts, arrests, or reports attributed to them over the past 4 years.**
- 11 defendants had criminal records in Arizona.

Pascua Yaqui: Case Study

Defendant, a non-Indian, Hispanic male, was charged with Domestic Violence Assault and Domestic Violence Threatening and Intimidating. On March 4, 2015, Defendant was arrested for threatening to harm his live-in girlfriend and mother of his six children. This was Defendant's third VAWA arrest. In this instance, a relative of the victim witnessed the Defendant dragging the victim by her hair across the street back towards their house. Defendant pled guilty to Domestic Violence Assault and was sentenced to over two months of detention followed by supervised probation and domestic violence counseling.

Defendant had at least 7 prior contacts with Pascua Yaqui Law Enforcement and 3 felony convictions out of Pima County, Arizona. This was the defendant's second domestic violence conviction, and the first on the Pascua Yaqui Reservation. Because of the tribal conviction, if the defendant reoffends, he will now be eligible for federal domestic violence prosecution as a habitual offender.

Tulalip Tribes

The Tulalip Tribes submitted their final Pilot Project Application Questionnaire to the DOJ on December 19, 2013. The Tribes received approval to implement SDVCJ on February 6, 2014, and jurisdiction took effect on February 20, 2014. The Tribes issued a press release regarding implementation of the new law on February 6, 2014. All of these materials are available online at www.ncai.org/tribal-vawa.

The Tulalip Tribes are located on a 22,000-acre reservation in western Washington State, approximately 30 miles north of Seattle. The Tribes have 4,533 members, about 2,500 of whom live on the reservation. The Tulalip Tribal Court operates a separate Domestic Violence Court docket and SDVCJ cases are handled there. The Tribe also employs a specialized domestic violence and sexual assault prosecutor, who was approved as a Special Assistant United States Attorney (SAUSA) at the beginning of the Pilot Project. The Tribes obtained retrocession in 2001 and created a police department and criminal court shortly thereafter.

The Tribes implemented the Tribal Law and Order Act enhanced sentencing provisions prior to the passage of VAWA 2013 and have provided indigent defense, included non-Indians in the jury pool, recorded court proceedings, and employed law-trained judges in the criminal court since 2002.

Between February 20, 2014 and March 6, 2015, the Tulalip Tribes had a total of six SDVCJ cases. Four cases resulted in guilty pleas, one was dismissed for insufficient evidence, and one was transferred for federal prosecution because the injuries were so severe and children were also involved as victims. All of the SDVCJ offenders are ordered to undergo tribally-certified batterer's intervention programs.

Tulalip Tribes: Pilot Project Statistics At-A-Glance

- **6 SDVCJ cases**
 - 4 cases resulted in guilty pleas.
 - 1 referral for federal prosecution because the injuries were so severe and children were involved as victims
 - 1 dismissal
- Those who have been convicted are subject to tribal probation, including the requirement to undergo batterer intervention programming.
- **The 6 non-Indian defendants had over 88 documented tribal police contacts, arrests, or reports attributed to them in the past.**
- 4 defendants had criminal records in Washington.
- **6 children involved as witnesses and/or victims**

Tulalip Tribes: Case Study

Defendant was charged with Assault in the First Degree Domestic Violence and Rape Domestic Violence, but was not immediately apprehended. Based on the conduct alleged, victim/wife petitioned for a civil Order for Protection, which was granted. Prior to defendant's arraignment on the violent crimes, he was served with, and twice violated, the Order for Protection. At the scene of these violations, the defendant was taken into custody. Defendant had nineteen contacts with Tulalip Police prior to these incidents, however, after the implementation of VAWA 2013 SDVCJ the defendant was held accountable for his crimes. Defendant served a significant jail sentence, and is now supervised by Tulalip Probation. He is getting the treatment intervention he needs. The victim and her children were finally able to make a life for themselves away from the violence and abuse.

Confederated Tribes of the Umatilla Indian Reservation

The Confederated Tribes of the Umatilla Indian Reservation (CTUIR) submitted their final Pilot Project Application Questionnaire to the DOJ on December 19, 2013. The Tribes received approval to implement SDVCJ on February 6, 2014, and jurisdiction went into effect on February 20, 2014. In conjunction with the U.S. Attorney's Office for the District of Oregon, the Tribes issued a press release regarding implementation of the new jurisdiction on February 6, 2014. All of these materials are available online at www.ncai.org/tribal-ava.

The CTUIR are located on a land base of 173,470 acres in southeast Oregon with a population of approximately 3,280 people, 46 percent of whom are non-Indian. The Confederated Tribes have exercised expansive criminal jurisdiction since the State of Oregon retroceded Public Law 280 criminal jurisdiction in 1981. The CTUIR implemented felony sentencing under Tribal Law and Order Act (TLOA) in 2011, and the tribal prosecutor serves as a SAUSA. CTUIR has provided indigent counsel, recorded tribal judicial proceedings, employed law-trained judges, and included non-Indians on tribal juries since long before VAWA 2013 was enacted. The Tribes report that in 2011, over 60% of the cases seen by the Umatilla Family Violence Program involved non-Indian.

Between February 20, 2014 and March 6, 2015, there were four SDVCJ cases involving 3 defendants filed in the CTUIR court. The Tribes report that this is double the amount ever prosecuted by the U.S. Attorney's Office. All four cases resulted in guilty pleas. Those who have been convicted are subject to tribal probation, including the requirement to undergo batterer intervention treatment, which the CTUIR provide free of charge. The CTUIR Court issues an automatic protection order in every pending domestic violence criminal case.

***Confederated Tribes of Umatilla Indian Reservation:

- **4 SDVCJ cases involving 3 offenders**
 - 4 guilty pleas
 - Those who have been convicted are subject to tribal probation, including the requirement to undergo batterer intervention treatment provided by the Tribes.
 - At least 3 children involved as witnesses.

Confederated Tribes of Umatilla Indian Reservation: Case Study

On October 21, 2014, during an argument with his girlfriend, a male non-Indian defendant ripped her clothes off, pushed her to the bed, and strangled her while a comforter was over her face, all while repeatedly delivering death threats. All of this occurred in front of their infant child. The police found the victim with scratch marks on her neck and in such fear that she was only partially dressed, hyperventilating, and unable to maintain balance. The defendant is an Iraq war veteran who suffers from PTSD, and he reportedly missed taking his medication immediately preceding the assault. He wished to take responsibility at arraignment; however, the Tribe suggested that they appoint him an attorney. After being appointed an attorney, the defendant ultimately pled guilty to felony DV assault with terms consistent to what he would see if prosecuted in the State. Specific terms include compliance with his VA treatment recommendations and completion of a tribally funded 12-month batterer's intervention program. He is currently on track to graduate from the batterer's program in February and will be the first tribal VAWA defendant to graduate, while otherwise remaining under tribal supervision for another 2 years.

Assiniboine and Sioux Tribes of the Fort Peck Indian Reservation

The Assiniboine and Sioux Tribes of the Fort Peck Indian Reservation submitted their initial Pilot Project Application Questionnaire to the DOJ on December 26, 2013. After amending their application, the Fort Peck Tribes received approval to implement SDVCJ on March 6, 2015. Jurisdiction took effect on March 7, 2015. Articles have appeared in tribal and county newspapers explaining the jurisdiction. All of these materials are available online at www.ncai.org/tribal-vawa.

The Fort Peck Indian Reservation is home to the Assiniboine and Sioux Tribes, which are two separate Nations comprised of numerous bands and divisions. Located in northeast Montana, the Reservation extends over four counties and is the 9th largest Indian reservation in the United States. The Assiniboine and Sioux Tribes of Fort Peck have an estimated 10,000 enrolled members with approximately 6,000 members living on the Reservation. The population on the reservation is 60% Indian and 40% non-Indian. The Fort Peck Tribal Court operates a domestic violence docket. The Tribes implemented felony sentencing under TLOA in 2012. The Tribes did not have any SDVCJ cases prior to the end of the Pilot Project period on March 7, 2015.

Sisseton-Wahpeton Oyate of the Lake Traverse Reservation

The Sisseton-Wahpeton Oyate of the Lake Traverse Reservation submitted its final Pilot Project Application Questionnaire to DOJ on March 4, 2015. The Tribe received approval to implement SDVCJ on March 6, 2015. All of these materials are available online at www.ncai.org/tribal-vawa.

The Sisseton-Wahpeton Oyate is comprised of two subdivisions of Dakotah Indians that reside on the Lake Traverse Reservation, established by treaty in 1867. This reservation extends into five counties in northeast South Dakota and two counties in southeast North Dakota. The Tribe has 13,177 enrolled members with approximately 9,894 members living on the Reservation. According to the 2010 Census, more than 6,000 non-Indians also reside on the Lake Traverse Reservation. The Tribe has implemented felony sentencing under TLOA. The Tribe did not have any SDVCJ cases prior to the end of the Pilot Project on March 7, 2015.

Comparing the Implementing Codes of the Five Pilot Tribes

Each of the five Pilot Project tribes submitted an application to the DOJ demonstrating how they met the statutory requirements of VAWA 2013 and subsequently received approval from the Attorney General to implement SDVCJ. Because the tribal codes, policies, and procedures from the Pilot Project tribes had the benefit of review by DOJ, they provide particularly instructive examples of how other Indian tribes can implement the statutory requirements in VAWA 2013. This section analyzes the codes and procedures of the five Pilot Project tribes and highlights areas of major difference. Two primary areas of difference that emerge are how each tribe has approached the jury pool and indigent defense requirements of VAWA 2013.

JURY POOLS

In order to exercise SDVCJ, a tribe must ensure that non-Indian defendants have the right to a trial by an impartial jury that is drawn from sources that—

1. reflect a fair cross section of the community; and
2. do not systematically exclude any distinctive group in the community, including non-Indians.²²

Both the Tulalip Tribes and CTUIR included non-Indians in their jury pools for a number of years prior to the passage of VAWA 2013. For the other Pilot Project tribes, implementation of VAWA 2013 required them to change their tribal codes and procedures to include non-Indians in their jury pools. Pascua Yaqui chose to include non-Indians in their jury pool for all cases. The Fort Peck Tribes and Sisseton Wahpeton, in contrast, include non-Indians in the jury pool only for SDVCJ cases.

Although VAWA 2013 requires the jury pool to reflect a “fair cross section of the community,” it is left to the tribe to define their “community” for these purposes. There are slight variations in the approaches taken by the Pilot Project tribes. All of the Pilot Project tribes include non-Indian residents on the reservation in the jury pool. Some also include, non-Indians employed by the tribe, non-Indian spouses of tribal members, or non-Indian leaseholders. These differences are discussed below.

²² 25 U.S.C. 1304(d)(3).

Fort Peck Tribes: The Fort Peck Tribes have devised two separate jury pools, utilizing a process that incorporates non-member residents of the reservation for SDVCJ cases only.²³ The Tribes' Jury Management Plan for SDVCJ cases states that the jury pool will be drawn from a master juror list utilizing the list of enrolled members of the Tribes and a jury source list prepared by the clerk of the 15th Judicial District of Montana, which comprises 98% of the Reservation. In order to avoid underrepresentation of non-Indians, who make up 40% of the reservation population, the Tribes will select 50 non-Indian residents for the jury pool and 50 enrolled members. The Tribes will randomly summon 21 people from each list for each jury trial, and then choose six persons to serve on each jury. The tribal code requires unanimous verdicts for six person juries.

The tribal code sets out a process to issue subpoenas for jurors in order to compel non-member resident attendance. Jurors will be compensated at the rate paid by Roosevelt County, which overlays a significant portion of the reservation. The presiding judge has discretion to compensate jurors for mileage.

Sisseton-Wahpeton Oyate: The Sisseton-Wahpeton Oyate Codes of Laws also creates two separate jury pools. For cases outside of SDVCJ, jurors must be an adult resident member of the Tribe. For SDVCJ cases, potential jurors may be selected from a variety of sources including but not limited to enrolled members of the Sisseton-Wahpeton Oyate, residents within the jurisdiction of the Lake Traverse Reservation, full-time employees of the Tribe or its entities, and persons leasing lands from the Tribe. A list of at least 21 potential jurors is prepared and maintained by the Clerk. Each voting district on the Reservation is to be represented on the list. Defendants have the right to a trial by a jury made up of at least six persons.²⁴

Pascua Yaqui: Pascua Yaqui uses the same jury pool for all crimes, and empanels its juries using enrolled members, spouses of tribal members, employees of the Tribe, and permanent residents of the reservation. In order to qualify for jury duty, enrolled members must be residents of Arizona, with preference given to those living in nearby counties. The Tribe draws its jury pools from the Tribal Census Roll, Housing Department records, and Human Resources records of the Tribe. Failure to appear for jury duty constitutes contempt of court and every jury summons includes a warning to this effect. The Tribe also incorporates a "severe hardship" exception for jury duty and jurors may be excused from service for limited reasons, including having to travel more than 150 miles one-way.²⁵

Tulalip Tribes: The Tulalip Tribes use the same jury pool for all crimes. The Tribes include tribal members living on or near the reservation, residents within the boundaries of the reservation, and employees of the Tulalip Tribes. The Tribes devise the juror list from the tribal Enrollment Department and the Human Resources departments of the Tulalip Resort Casino and Quil Ceda Village. The Tribes then compare these numbers with census data to ensure the jury pool reflects a fair cross section of the community. The Tribes randomly select 25 names from the jury pool and issue a jury summons by mail or personal service. Those who fail to appear for jury duty are held in contempt of court.²⁶

Confederated Tribes of the Umatilla Indian Reservation (CTUIR): The CTUIR Court uses the same jury pool for all crimes. Even before SDVCJ implementation, CTUIR had incorporated non-Indians in tribal jury pools by including residents within the boundaries of the reservation. The Court empanels all tribal juries from a voter registration list provided by the local county, which represents a rough overlay of the reservation boundaries. The judge chooses 50 names per year to serve as prospective jurors and 18 names are summoned per trial.²⁷

INDIGENT AND EFFECTIVE ASSISTANCE OF COUNSEL

Under VAWA 2013, tribes must afford non-Indian offenders with effective assistance of counsel and pay for defense counsel for indigent offenders whenever a term of imprisonment may be imposed.²⁸ Such counsel must be “licensed to practice law by any jurisdiction in the United States that applies appropriate professional licensing standards and effectively ensures the competence and professional responsibility of its licensed attorneys.”²⁹ All of

the Pilot Project tribes were providing indigent counsel before VAWA 2013 was enacted. In the case of Ft. Peck, the tribal public defender office was staffed by experienced lay advocates and a licensed attorney was hired to comply with VAWA 2013’s requirements.

Fort Peck Tribes: The Fort Peck Tribes guarantee indigent counsel for any person charged with the following three separate offenses: special domestic violence criminal offense, severe physical domestic abuse, and domestic abuse.³⁰ The Tribes screen for indigence, with a presumption of indigence if the defendant’s household income is less than 125% of the federal poverty guidelines. The Tribal Public Defender Office is staffed both by a licensed attorney and by experienced lay advocates. If the Public Defender is not available, a licensed attorney will be hired on contract. All SDVCJ defendants will be represented by a licensed attorney.³¹

Pascua Yaqui: The Tribe affords state-licensed indigent defense in all SDVCJ cases, as well as to indigent Indian offenders in “any criminal proceeding in which the Tribe is seeking punishment by loss of liberty.”³² Representation is generally provided by the Pascua Yaqui Public Defender Office. The Tribe also provides for contract attorneys in cases where a conflict of interest arises. All such attorneys must also be barred in the Pascua Yaqui Tribal Court. The Tribe screens for indigence, with a presumption of indigence if the defendant’s household income is less than 125% of the federal poverty guidelines.

Although the Tribes’ indigence standard is set at 150% of the federal poverty guidelines, as a matter of practice the Tribes provide indigent counsel regardless of income to anyone who requests it.³³

Chief Judge Theresa Pouley, Tulalip Tribal Court

Sisseton-Wahpeton Oyate: The Tribe does not distinguish between Indians and non-Indians, or between those who are indigent or not, for purposes of representation by the Tribal Public Defender’s Office, which was first established in 2000. The tribal code states that all defendants will be provided “with assistance of counsel if requested and if available.”³⁴

Tulalip Tribes: The Tribes provide indigent defense to all criminal defendants, regardless of race. Defense services are primarily provided by the Tribal Court Public Defense Clinic at the University of Washington Native American Law Center. The clinic has handled over 2000 cases in Tulalip Tribal Court since 2002. All clinic advocates must pass the Tulalip Court Bar Exam and be admitted to practice by the Tribal Court. The Tribes also hire attorneys on contract when the clinic is not available because of a conflict. Such attorneys must also be barred in the Tulalip Tribal Court. The Tribes screen for indigence, with a presumption of indigence if the defendant’s household income is less than 200% of the federal poverty guideline.³⁵

COURT PROCESSES & REFORMS

VAWA 2013 requires that a tribal judge overseeing a SDVCJ case has:

1. “sufficient legal training to preside over criminal proceedings”; and be
2. “licensed to practice law by any jurisdiction in the United States.”³⁶

All five of the Pilot Project tribes have at least one state-barred judge. Although the Fort Peck Tribes hired a state-barred judge to meet this requirement, the long-time chief judge of the Fort Peck Tribal Court is not state-barred. Instead, this judge has an undergraduate degree, is licensed in tribal court, and has two certificates from judicial college for “Tribal Judicial Skills” and “Special Court Trial Skills.” This judge also completes 40 hours of annual training and presides over criminal trials on a weekly basis.

VICTIM’S RIGHTS & SAFETY

The Pascua Yaqui, Confederated Tribes of the Umatilla Indian Reservation (CTUIR), and Tulalip Tribes have comprehensive codes that account for victims’ rights and promote victims’ safety. The CTUIR Court issues automatic protection orders in all pending criminal domestic violence cases. The Tulalip and Fort Peck Tribes have instituted a domestic violence docket to handle all cases involving domestic violence, dating violence, or violation of protection orders. This domestic violence docket is separate from the existing criminal docket and allows the court to have an increased focus on victim safety and offender accountability.

The five Pilot Project tribes also have a host of other programs aimed at ensuring the rights and safety of victims. For example, the Umatilla Family Violence Program provides community-based advocacy to domestic violence victims. The Fort Peck Tribes also have a well-established Family Violence Resource Center that provides comprehensive services to domestic violence and sexual assault victims. This program offers a court advocate, housing, counseling and other support services for any victim. The Fort Peck Tribal Court issues a “Hope Card” in conjunction with any orders of protection it grants. This card is wallet-sized and allows the person who has been granted an order of protection to easily prove this in other jurisdictions.

³⁶ 25 USC 1302(c)(3).

DEFINITION OF OFFENSES

The Pilot Project tribes have chosen slightly different ways to define VAWA 2013's covered offenses.

Fort Peck Tribes: The Tribes incorporate the VAWA 2013 statutory definitions of domestic violence and dating violence, but the tribal code also includes two other offenses of “severe physical domestic abuse” and “domestic abuse” as domestic violence.³⁷

Pascua Yaqui: The Tribe does not use VAWA 2013's definitions of domestic and dating violence in its tribal code. These offenses are defined by language devised by the Tribe. The tribal code includes a maximum statement of jurisdiction that it has authority over “all subject matters which, now and in the future, are permitted to be within the jurisdiction of any Tribal Court of any Indian tribe recognized by the United States of America.”³⁸

Ft. Peck Family Violence Resource Center

Confederated Tribes of the Umatilla Indian Reservation (CTUIR): The Tribes incorporate the VAWA 2013 statutory definitions to define offenses of domestic violence, dating violence and violations of protection orders.³⁹

Sisseton-Wahpeton Oyate: The Tribe does not use VAWA 2013's definitions of domestic and dating violence or protection order violations in its tribal code. These offenses are defined by language devised by the Tribe.⁴⁰

Tulalip: The Tribes largely track the federal statutory definitions of domestic and dating violence. However, the tribal code provides illustrative examples of behaviors that constitute domestic violence under tribal law.⁴¹

Intertribal Technical-Assistance Working Group

All five of the tribes that were approved to exercise SDVCJ during the Pilot Project period participated in the ITWG on SDVCJ. In its June 14, 2013 Federal Register Notice, the DOJ asked tribes to indicate interest in joining the ITWG, which is a voluntary working group of designated tribal representatives intended to help exchange views, information, and advice, peer-to-peer, about how tribes may best implement SDVCJ, combat domestic violence, recognize victims' rights and safety needs, and safeguard defendants' rights.⁴²

This peer-to-peer technical assistance covers a broad set of issues, from drafting stronger domestic violence codes and victim-centered protocols and policies, to improving public defender systems, to analyzing detention and correctional options for non-Indians, to designing more broadly representative jury pools and strategies for increasing juror compliance with a jury summons. The objective of the ITWG is to develop not a single, one-size-fits-all "best practice" for each of these issues, but rather multiple successful examples that can be tailored to each tribe's particular needs, preferences, and traditions.

Tribes participating in the ITWG have also had opportunities to engage with DOJ and the Department of Interior (DOI), both of whom have made key staff available to provide technical advice to the working group as a whole and work with individual tribes to address specific issues or concerns as needed.

The ITWG has met in-person four times⁴³ and has also participated in a series of teleconferences and webinars and produced white papers and other resources on a range of topics. As of August 2015, 45 tribes participate in the ITWG (see column on previous page).

The first formal in-person meeting of the ITWG was hosted at DOJ's National Advocacy Center in Columbia, South Carolina on August 20-21, 2013. The ITWG divided into topical breakouts on: code development and publication; jury selection, judicial requirements, and recording proceedings; and victims' rights, law enforcement training and detention. Defender issues and defendants' rights were focused into a "Tribal Defender Advisory Group." The ITWG also divided into tracks based on readiness: getting started; ramping up; and final stages. Tribal participants from justice systems that were already equipped to implement SDVCJ readily shared information with others who were in more preliminary stages of planning.

Intertribal Technical Assistance Working Group at first formal meeting

The second formal in-person meeting of the ITWG was held on October 29-30, 2013, in Bismarck, North Dakota. The Bismarck meeting included a round-robin from ITWG tribes of their implementation updates; a habeas corpus response panel; a panel on improving communication and coordination with U.S. Attorneys; discussion of arrest authority and detention issues; and a discussion on access to the federal criminal information databases.

The third formal in-person meeting of the ITWG was held on May 28-29, 2014, on the Pascua Yaqui reservation in Arizona. The meeting included a panel discussion from the three approved Pilot Project tribes as well as updates from ITWG tribes on their implementation efforts; a discussion of jurisdictional requirements and habeas responses; a session on prosecution best practices in domestic violence cases; a discussion of access to federal criminal information databases; and a mock first appearance at the Pascua Yaqui Justice Center.

⁴³ A 5th in-person meeting will be held November 2-3, 2015 at the Squaxin Island reservation in Washington.

The fourth in-person meeting of the ITWG was held on December 9-10, 2014 on the Agua Caliente reservation in California. The meeting included an update from the two tribes with pending applications for Pilot Project approval; an update from the three Pilot Project tribes; an update from the Bureau of Indian Affairs on law enforcement arrest authority and detention guidance; an update and discussion on access to the National Crime Information Center; and a presentation on risk assessment and lethality in domestic violence cases. The meeting also included in-depth discussion sessions on complaint drafting and jury instructions; jury selection and composition; pleas agreements; data collection; and code development.

Intertribal Technical-Assistance Working Group Resources

In conjunction with a team of technical assistance providers, the ITWG has produced a number of resources to aid tribes seeking to implement SDVCJ. Many of these resources are maintained on the National Congress of American Indians (NCAI) VAWA Implementation website.⁴⁴ Additional implementation resources can also be found on the Tribal Law and Policy Institute's (TLPI) VAWA website.⁴⁵ The ITWG has produced a "Code Development Checklist," which is designed as a tool to assist tribal governments seeking to develop tribal codes that comply with VAWA 2013's statutory requirements. It includes citations to existing tribal codes implementing the new law. The ITWG has also produced a sample tribal code, sample complaints, sample jury instructions, a sample law enforcement pocket card, a sample press release for community notification, training materials, and papers on the following topics:

numerous conferences and meeting across Indian country with the goal of educating other tribes about implementation of VAWA 2013.

Lessons Learned from the Pilot Project & Recommendations

The Pilot Project proved incredibly successful in allowing the participating tribes to prosecute many long-time repeat offenders who had threatened the tribal community. At the same time, however, the Pilot Project revealed a number of inherent limitations in SDVCJ, as well as unforeseen obstacles in implementation. These issues are discussed in more detail below.

The Pilot Project proved incredibly successful in allowing the participating tribes to prosecute many long-time repeat offenders who had threatened the tribal community

1. Non-Indian domestic violence is a significant problem in tribal communities

When VAWA 2013 was pending before Congress, many policy-makers and commentators questioned whether the tribal jurisdiction provision was needed and whether a significant number of non-Indians were committing domestic violence crimes in Indian country. The experience of the three original Pilot Project tribes provides an unequivocal answer to that

Where Special Domestic Violence Criminal Jurisdiction was implemented during the Pilot Period, impunity ended for non-Indian domestic abusers.

question. Since beginning to exercise SDVCJ, Pascua Yaqui has found that 25% of its domestic violence caseload involves non-Indians. The statistics collected by Pascua Yaqui and Tulalip about the prior police contacts of their SDVCJ offenders demonstrate that the non-Indian offenders menaced the tribal community for years and had been a drain on the tribes' law enforcement resources. Where SDVCJ was implemented during the Pilot Period, impunity has ended for non-Indian domestic abusers.

2. Most Special Domestic Violence Criminal Jurisdiction defendants have significant ties to the tribal communities

Most SDVCJ offenders had established themselves in the tribal community. For example, Pascua Yaqui reports that at least 9 of the SDVCJ offenders were living on the reservation in tribal

subsidized housing; two of the incidents involved married couples who lived on the reservation; four incidents involved children who belonged to the non-Indian offender. At least two of the SDVCJ arrests involved unenrolled Indians from either the U.S. or Canada.

3. Children are impacted by non-Indian domestic violence at high rates

All three of the Pilot Project tribes report that children are usually involved as victims or witnesses

The implementing tribes are unable to prosecute non-Indians for many of the crimes against children that co-occur with domestic violence.

in SDVCJ cases. A majority of SDVCJ incidents involved children who were at home during the domestic violence that occurred. These children have been assaulted or have faced physical intimidation and threats, are living in fear, and are at risk for developing school related problems, medical illnesses, post-traumatic stress disorder (PTSD), and other impairments.⁴⁷ Although children are frequently witnesses to domestic violence or victims

themselves, SDVCJ currently only applies to crimes committed against romantic or intimate partners or persons covered by a qualifying protection order. The implementing tribes are unable to prosecute non-Indians for many of the crimes against children that co-occur with domestic violence. Instead, they are left to refer these cases to state or federal authorities, who may not pursue them.

Case Study: *A non-Indian boyfriend, engaged in a 3-day methamphetamine bender, refused to let his Indian girlfriend and her children leave the home. The non-Indian forced both the woman and her child to sit in a chair while he threw knives at them. Because of the severity of the violence, and because SDVCJ does not provide accountability for the crimes committed against the child, the case was referred to the U.S. Attorney for prosecution.*

4. Training is critical for success

While much of the work as tribes prepare to implement SDVCJ focuses on revising tribal codes, policies, and procedures, the Pilot Project tribes all devoted considerable resources to training for tribal law enforcement officers, prosecutors, judges, and other key stakeholders. Oftentimes

⁴⁷ See Attorney General's Advisory Committee on American Indian and Alaska Native Children Exposed to Violence, U.S. Department of Justice, Report of the Advisory Committee on American Indian and Alaska Native Children Exposed to Violence: Ending Violence so Children Can Thrive (November 2014).

the need for training became evident as the tribes encountered an unexpected obstacle of one kind or another. For example, the day after SDVCJ was enacted on one reservation, a non-Indian offender was arrested and delivered to the county authorities where he was promptly released.

That incident served as a reminder that tribal and Bureau of Indian Affairs (BIA) officers needed to be fully trained about the scope of the tribe’s authority. Similarly, Pascua Yaqui’s experience with its jury trial demonstrated the importance of training law enforcement about how to properly investigate whether there is a qualifying relationship sufficient to trigger SDVCJ in a particular case.

5. Federal partners have an important role

The implementing tribes have worked closely with Bureau of Indian Affairs (BIA) and DOJ officials to address challenges that have come up as a result of the complicated and fragmented

The Pilot Project tribes have all worked closely with their local U.S. Attorney’s Offices to make decisions about which jurisdiction is most appropriate to prosecute a particular case.

criminal justice system at work in Indian Country. It has been important, for example, to clarify that BIA detention facilities are permitted to house non-Indian SDVCJ offenders and that tribes can use their 638 contract funds to pay for costs associated with housing non-Indian SDVCJ offenders. Likewise, the Pilot Project tribes have all worked closely with their local U.S. Attorney’s Offices to make decisions about which jurisdiction is most appropriate to prosecute a particular case.

6. Peer-to-Peer learning is important

The ITWG has proven to be an incredibly productive and useful mechanism for tribes to share information and best practices among themselves, to discuss challenges, and to jointly strategize about how to overcome obstacles. With the logistical support and substantive expertise of a group of DOJ funded technical assistance providers,⁴⁸ the tribes participating in ITWG have tackled many difficult questions and have developed a collection of resources that will make it

⁴⁸ The National Congress of American Indians and the National Center for Juvenile and Family Court Judges have been supporting the work of the ITWG and providing technical assistance to implementing tribes through grants from the Office on Violence Against Women. The Tribal Law and Policy Institute has also partnered in this effort with support from the Bureau of Justice Assistance

easier for tribes who wish to implement SDVCJ in the future. The ITWG continues to serve as an important resource for the implementing tribes as they encounter new questions and challenges.

The success of the ITWG has been driven by the engagement of dedicated and knowledgeable attorneys and tribal representatives from across Indian country. This engagement has been

possible because of the travel support provided by DOJ, which allowed many of the members to participate in productive in-person meetings. The engagement and expertise of the technical assistance team has provided important coordination and leadership to the ITWG, while also helping the ITWG to track issues as they arise and to connect with necessary resources.

7. Special Domestic Violence Criminal Jurisdiction is too narrow

One area of major concern among the Pilot Project tribes is the narrow class of crimes covered under SDVCJ.⁴⁹ The limitations with regard to children who are victimized by domestic abusers was discussed above. Additionally, since tribal jurisdiction is limited to domestic violence, dating violence, and protection order violations, any other attendant crimes that occur also fall outside the scope of the tribe's jurisdiction. The Pilot Project tribes reported, for example, cases where the offender also committed a drug or alcohol offense or a property crime that the tribe was unable to charge. There is also uncertainty about a tribe's authority to charge an offender for crimes that may occur within the context of the criminal justice process, like resisting arrest, assaulting an officer, witness tampering, juror intimidation, or obstruction of justice. Because tribal prosecutors are unable to charge the full range of criminal conduct that may occur in a domestic violence incident, they may be more dependent on victim cooperation and the offenders' criminal history may not accurately reflect the severity of his actions.

Case Study: *At 2:00am, the tribal police were called to a domestic violence incident involving a non-Indian man. Methamphetamines were found on the premises, and tribal police requested an oral search warrant from the tribal judge to perform a urine analysis on the non-Indian. While being under the influence could be relevant to a DV investigation, the tribal judge ruled against issuing the search warrant. Some state case law has held that tribal police lack the authority to investigate crimes where they do not have jurisdiction, and the judge did not want to compromise a potential state case for drug possession.*

⁴⁹ We note that there are many crimes, in addition to the ones discussed in this section, that also fall outside the scope of SDVCJ and leave tribal victims without access to justice in too many cases. Sexual assault committed by a stranger or acquaintance and elder abuse, for example, are also not covered by SDVCJ.

8. *There is confusion about the statutory definition of “domestic violence”*

Tribal prosecutors from the Pilot Project tribes also report uncertainty regarding the definition of “domestic violence”⁵⁰ in the wake of the Supreme Court’s decision in *United States. v. Castleman*.⁵¹ When *Castleman* was decided in March of 2014, it had an immediate impact on the three original Pilot Project tribes’ criminal charging decisions when evaluating misdemeanor arrests under SDVCJ authority.

The Justices suggested in *dicta* in *Castleman* that the domestic violence crime in an SDVCJ case must involve actual “violence,” which is not a defined term. As a result, the original Pilot Project tribes have declined to prosecute certain offenses like offensive touching, harassment, or interference with domestic violence reporting that would otherwise constitute “domestic violence” under tribal law, but do not include an element of “offensive touching” or may not be considered a “violent crime.” DOJ and the technical assistance team have provided guidance to the ITWG about what type of conduct likely constitutes “violence” for SDVCJ purposes, but confusion persists.

When Castleman was decided in March of 2014, it had an immediate impact on the three original Pilot Project tribes’ criminal charging decisions when evaluating misdemeanor arrests under SDVCJ authority.

The prosecutors for the Pilot Project tribes report that SDVCJ will be more effective if it is amended to 1) clarify that Indian tribes possess the authority to prosecute a non-Indian for the types of offenses that often occur in the cycle of domestic abuse that might not qualify as “violence” in isolation; 2) reaffirm tribal jurisdiction over crimes that frequently co-occur with

Case Study: *A woman called the police to remove her highly intoxicated partner from her home. The defendant returned an hour later. He was so intoxicated that when he swung to punch the victim, he missed and fell to the ground. The tribal prosecutor declined to prosecute because there was no actual physical contact, and they were concerned the incident did not meet the definition of domestic violence in the federal law. The defendant subsequently assaulted the victim again and was arrested.*

⁵⁰ For purposes of SDVCJ, VAWA defines domestic violence as “violence committed by a current or former spouse or intimate partner of the victim, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, or by a person similarly situated to a spouse of the victim under the domestic- or family- violence laws of an Indian tribe that has jurisdiction over the Indian Country where the violence occurs.” 25 U.S.C. 1304 (a)(2).

⁵¹ *United States v. Castleman*, 134 S. Ct. 1405 (2014)

domestic violence; 3) reaffirm tribal jurisdiction over all crimes of violence against women or that occur within the family, including child abuse.

9. Tribes need resources for SDVCJ implementation

VAWA 2013 authorized \$5,000,000 for each of fiscal years 2014 through 2018 for SDVCJ implementation.⁵² Unfortunately, Congress has not appropriated these funds and no resources have been made available specifically for tribal implementation of SDVCJ. While 45 tribes have been actively participating in the ITWG, as of the date of this report, only 8 tribes have implemented the law. The primary reason tribes report for why SDVCJ has not been more broadly implemented is lack of resources. During and beyond the implementation phase, Tribes need funding and access to resources and services to support implementation.

The primary reason tribes report for why SDVCJ has not been more broadly implemented is lack of resources.

Committee Approves Economic Growth Bills

WASHINGTON – The Financial Services Committee today approved a series of bills that are designed to help boost economic growth as well as fight terror activity funded by Iran.

“Incomes are falling. Wage growth is stagnating. The number of Americans living in poverty has increased by nearly 7 million during the current administration. I’m confident all of us on both sides of the aisle want that to change. But if we truly want to ignite strong and lasting growth, we must help create more jobs and build a healthy economy. The answer is not more debt, more spending and more regulations from Washington that hinder capital formation. Instead, we need more entrepreneurs and more small businesses on Main Street,” said Chairman Jeb Hensarling (R-TX). “Our committee is focused on solutions that more appropriately balance rules with the urgent need to provide small business entrepreneurs with more options to access capital so they can start up, hire workers and grow their companies. We will remove duplicative burdens, reduce costs and support smart regulation that protects investors and maintains orderly and efficient markets – because this is key to economic growth.”

Below are the bills approved by the Committee today and their vote totals:

[H.R. 4854](#), **Supporting America’s Innovators Act of 2016**

Sponsor: Rep. Patrick McHenry (R-NC)

The bill raises the limit on the number of individuals, from 100 to 250, who can invest in certain “qualified venture capital funds” before those funds must register as “investment companies” under the Investment Company Act of 1940. Currently, the Investment Company Act limits the number of investors in an investment company fund to 100 for the fund to be exempt from registration with the Securities and Exchange Commission (SEC). The bill enhances angel investors’ ability to provide critical funding to small businesses and entrepreneurs in need of investment capital.

H.R. 4854 passed the committee 57-2.

[H.R. 4855](#), **Fix Crowdfunding Act**

Sponsor: Rep. Patrick McHenry (R-NC)

The bill makes important changes to address two urgent challenges from the SEC’s final rule that would deny small businesses the ability to economically benefit from Title III of the Jumpstart Our Business Startups Act (JOBS) Act, which allows for equity crowdfunding. Specifically, H.R. 4855 increases financial thresholds in the

Federal securities laws so as not to dissuade small businesses from using crowdfunding as a way to raise capital, and allows single purpose funds to utilize crowdfunding.

H.R. 4855 passed the committee 57-2.

[H.R. 5424](#), Investment Advisers Modernization Act of 2016

Sponsor: Rep. Robert Hurt (R-VA)

This bill updates portions of the Investment Advisers Act (IAA), a 76 year-old law, by removing duplicative and burdensome regulations that impose an unnecessary burden on small business' access to capital.

H.R. 5424 passed the committee 47-12.

[H.R. 5461](#), Iranian Leadership Transparency Act

Sponsor: Rep. Bruce Poliquin (R-ME)

The bill requires the Treasury Secretary to develop and post online a list estimating the "funds and assets" held by senior Iranian political and military leaders, along with a description of how they acquired the assets and how those assets are employed. The report would be posted on the Treasury Department's website in English but also translated into the three main languages used inside Iran, and would be available in any of those forms in a way that is easy to download and share.

H.R. 5461 passed the committee 39-20.

[H.R. 5421](#), National Securities Exchange Regulatory Parity Act of 2016

Sponsor: Rep. Ed Royce (R-CA)

The bill amends the Securities Act of 1933, which exempts certain securities from individual state-by-state registration -- commonly known as the "blue sky" exemption. It eliminates specific references to enumerated national securities exchanges and instead provides a blue sky exemption for any security listed on any national securities exchange registered with the SEC with approved listing standards. This change better reflects today's markets.

H.R. 5421 passed the committee 47-12.

[H.R. 5311](#), Corporate Governance Reform & Transparency Act of 2016

Sponsor: Reps. Sean Duffy (R-WI) and John Carney (D-DE)

The legislation requires SEC registration for proxy advisory firms, the disclosure of potential conflicts of interest and a code of ethics, and the public availability of proxy advisory firms methodologies used to formulate proxy recommendations and analyses.

H.R. 5311 passed the committee 41-18.

[H.R. 5143](#), Transparent Insurance Standards Act of 2016

Sponsor: Rep. Blaine Luetkemeyer (R-MO)

The bill enhances Congress's oversight of international deliberations relating to insurance standards. Specifically, the legislation establishes a series of requirements to be met before the Federal Insurance Office or the Federal Reserve may agree to, accept, establish, enter into or consent to the adoption of a final international insurance standard.

H.R. 5143 passed the committee 34-25.

[H.R. 4850](#), Micro Offering Safe Harbor Act

Sponsor: Rep. Tom Emmer (R-MN)

The bill amends the Securities Act of 1933 to exempt certain micro-offerings from the Act's registration requirements. H.R. 4850 would allow small businesses to operate with confidence that they are not in violation of the law when making a non-public securities offering if all of the following requirements are met: Each purchaser has a substantive pre-existing relationship with an owner; there are 35 or fewer purchasers; and the amount does not exceed \$500,000.

H.R. 4850 passed the committee 34-25.

[H.R. 4852](#), Private Placement Improvement Act of 2016

Sponsor: Rep. Scott Garrett (R-NJ)

Title II of the JOBS Act removed the ban on general solicitation or advertising for SEC Regulation D offerings. Unfortunately, the SEC proposed rules that would have a chilling effect on the changes made by the JOBS Act. The bill directs the SEC to revise Regulation D in six meaningful ways to facilitate capital formation in Regulation D offerings.

H.R. 4852 passed the committee 33-26.

[H.R. 5429](#), SEC Regulatory Accountability Act

Sponsor: Rep. Scott Garrett (R-NJ)

The bill requires the SEC to follow the President's Executive Order 13579, which outlines enhanced cost-benefit analysis requirements as well as requires a review of existing regulations.

H.R. 5429 passed the committee 34-25.

[H.R. 5322](#), U.S. Territories Investor Protection Act of 2016

Sponsor: Rep. Nydia Velazquez (D-NY)

The bill provides a three-year safe harbor for certain investment companies that currently enjoy an exemption in Section 6(a) to become compliant with the Investment Company Act of 1940 and I authorizes the SEC to further delay the effective date (or end of the exemption) for a maximum of three years following the initial safe harbor.

H.R. 5322 passed the committee 59-0.

[H.R. 4538](#), SeniorSafe Act of 2016

Sponsors: Reps. Kyrsten Sinema (D-AZ) and Bruce Poliquin (R-ME)

The bill helps identify, report and stop financial abuse of senior citizens. Specifically, it provides that banks, credit unions, investment advisers and broker-dealers and their employees would be protected from civil or administrative liability as long as employees receive training in how to spot and report predatory activity and disclose any possible exploitation of senior citizens with reasonable care. Current privacy laws make it difficult for these entities to report any potentially fraudulent activity.

H.R. 4538 passed the committee 59-0.

Hi Jeremy,

Attached is a letter from Sens. Murray and Cantwell regarding their recently-introduced Methow Headwaters legislation and a request for administrative action. I believe my Legislative Director, Shawn Bills, mentioned it was coming to someone at DOI (maybe Sarah?). Could you make sure these gets to the right folks at Interior? Let me know if you have questions!

Anna

The Honorary Sally Jewell

U.S. Department of the Interior

Washington, D.C. 20240

Dear Secretary Vilsack and Secretary Jewell:

On May 25, 2016 we introduced S. 2991, the *Methow Headwaters Protection Act of 2016*, to protect the headwaters of the Methow River in the North Cascades in our home state of Washington from the threat of industrial-scale mining. The legislation withdraws these lands from mining and other mineral development, subject to valid existing rights, in order to protect nationally significant qualities including high conservation and recreational values. These values are threatened by a proposal for exploratory drilling and future industrial-scale mining, and the importance of the Methow River and its headwaters to the local community, the economy, and its rural character cannot be overstated.

Time is of the essence in addressing this threat and we request immediate action from both of your agencies. The Forest Service has indicated that within the month, it could issue a permit to allow Canadian company Blue River Resources to begin exploratory drilling on Flagg Mountain, located above the town of Mazama, in the heart of the Methow Valley on or around August 1, 2016. Exploratory drilling is a first and important step toward mine development and the establishment of a valid mining claim. Due to the immediacy of this threat, we request that your agencies initiate your authority under the Federal Land Policy and Management Act in response to S. 2991. We urge you to withdraw from mineral entry approximately 340,000 acres of the headwaters of the Methow River prior to August 1, 2016, through the publication of a notice of segregation and proposed withdrawal in the Federal Register.

Such an expedited timeline is necessary to curb the threat exploratory drilling poses by allowing the company to obtain additional information that could lead to a valid existing claim. Immediate segregation and then withdrawal from mineral entry of areas included in our legislation will give your agencies and Congress the time it needs to provide the necessary long-term protections the Methow Headwaters deserves.

There is overwhelming public support for action from the community. Four Methow Valley business leaders, on behalf of 135 business owners in Okanogan County, have requested action to extinguish the threat of industrial-scale mining in the Methow Valley and the immediate risk of a copper mine on Flagg Mountain. Their letter highlights the nearly one million visitors who travel through the valley along the North Cascades Scenic Highway and into North Cascades National Park, and the \$150 million contribution to the local economy such recreation and tourism generates on an annual basis. The letter further highlights the threat of an industrial-scale

mine on the salmon recovery investments that have been made thus far. Federal, state, local, and tribal partners have contributed nearly a quarter of a billion dollars in salmon habitat restoration, conservation, and recreation opportunities in the region, and a mine in the Methow Headwaters could threaten those efforts as well as the robust local agricultural economy and the rural character of the valley cherished by residents and visitors alike.

Our work with local citizens, businesses, and community-based organizations has resulted in the introduction of S. 2991. We understand that industrial-scale mining is incompatible with the Methow Valley's future and could result in irreparable harm to the values upon which the local economy is built, clean air and water, pristine views, healthy fish and wildlife populations, and wild places.

We therefore respectfully reiterate our request for immediate action by both of your agencies to curb the threat exploratory drilling and future development of an industrial-scale mine pose to this nationally significant landscape. Swift, coordinated action from your agencies is essential to ensure the economic future of the Methow Valley.

Sincerely,

Patty Murray

Subject: Solicitor's Carcieri opinions/analyses

Hi Tyrone,

Thanks for taking my call and trying to help. I have an issue that is extremely time sensitive so anything you all can do tonight to help would be greatly appreciated.

I'm dealing with section 128 on page 71 of the House [bill](#). I've been working with the Assistant Secretary—Indian Affairs office (ASIA), but I've reached a point where I need to verify with you something that they've told me, so I'd appreciate if we kept this correspondence confidential for now.

I asked ASIA whether the Solicitor's *Carcieri* opinion/analysis, outlined on page 17, step 10, item 3 of the fee-to-trust handbook (attached), is included in the most recent land-into-trust Record of Decision pursuant to 25 U.S.C. 465 and 25 U.S.C. 479 (Indian Reorganization Act).

ASIA answered "Yes" and sent me this [link](#). They said the *Carcieri* analysis starts on Page 50. I need to verify whether this in fact is the Solicitor's complete *Carcieri* analysis for this particular acquisition. If it is not, will you please send me this analysis? If you cannot, will you please explain why not?

Thanks so much for your time. I can be reached tonight via e-mail and at the numbers below.

Regards,
Darren

1.0 INTRODUCTION

The Indian Reorganization Act (IRA) [48 Stat. 984, 25 U.S.C. § 461 *et seq.* (June 18, 1934)] provides the Secretary with the discretion to acquire trust title to land or interests in land. Congress may also authorize the Secretary to acquire title to particular land and interests in land into trust under statutes other than the IRA.

The Secretary bases the decision to make a trust acquisition on the evaluation of the criteria set forth in Title 25 Code of Federal Regulations (CFR) Part 151 and any applicable policy. With the exception of certain mandatory acquisitions, the decision to acquire title requires Secretarial approval.

This handbook describes standard procedures used by the Bureau of Indian Affairs (BIA) for the transfer of fee land into trust or restricted status. These procedures include: (1) eligibility for an individual or Tribe to request the Secretary to take title in trust; (2) application requirements; (3) processing of an application for a trust acquisition, and (4) criteria used by BIA to evaluate trust acquisition requests.

The BIA will review the content of this handbook periodically to determine the need for revisions. This review may include input from Tribes, Tribal organizations, and DOI; all of whom rely on the procedures described in this handbook.

2.0 DEFINITION OF TERMS AND LISTING OF ACRONYMS

Terms used in this handbook have specific definitions. For the definition of terms used in this handbook, refer to the definitions in 25 CFR Part 151 and those provided in this section.

Contiguous parcels: Two parcels of land having a common boundary notwithstanding the existence of non-navigable waters or a public road or right-of-way, including parcels that touch at a point. Also referred to as “adjacent parcels.”

Discretionary Trust Acquisition: A trust acquisition authorized by Congress that does not require the Secretary to acquire title to any interest in land to be held in trust by the United States on behalf of an individual Indian or a Tribe. The Secretary has discretion to accept or deny the request for any such acquisition.

Encumbrance: A limitation on the title of property, such as a claim, lien, easement, charge, or restriction of any kind.

Fee: A form of ownership status where the person may freely alienate and encumber title without federal approval. Land in trust status or restricted status is not held in fee.

Gaming Acquisition: The lands where the actual gaming operations will occur. This does not include lands that are acquired to supplement the actual lands the gaming establishment will or does reside upon. This does not include parcels acquired for parking lots, hotels, golf courses, gift shops, etc.

*The term “*Gaming Related*” is no longer used by the Department of the Interior and any acquisitions that are not specifically for gaming will be processed pursuant to the regulations at 25 CFR Part 151 and the applicable section of this Handbook. This includes parking lots, hotels, golf courses and any lands other than those where a gaming facility is located.

Mandatory Trust Acquisition: A trust acquisition directed by Congress or a judicial order that requires the Secretary to accept title to land into trust, or hold title to certain lands in trust by the United States, for an individual Indian or Tribe. The Secretary does not have the discretion to accept or deny the request to accept title of land into trust.

Trust Acquisition: The act or process by which the Secretary acquires title to any interest in land to be held in trust by the United States on behalf of an individual Indian or a Tribe.

Undivided Fractional Interest: An ownership interest in property that is held in common with other owners as co-tenants in a parcel of land.

3.0 PROCESS AND PROCEDURE

3.1 Standard Operating Procedures

Fee-to-trust applications involve the acquisition in trust of whole or undivided interests in land held in fee. There are separate operating procedures for each type of acquisition and each section is titled as follows:

- 3.1.1 On-reservation Discretionary Trust Acquisitions (25 CFR § 151.10)
- 3.1.2 Off-reservation Discretionary Trust Acquisitions (25 CFR § 151.11)
- 3.1.3 Mandatory Trust Acquisitions (Applicable policy)

3.2 Selecting the Correct Standard Operating Procedure

To identify which operating procedure applies, you must review the submitted documentation and determine the following:

- Is the applicant a Tribe or eligible individual Indian as defined in 25 CFR § 151.2?
- Is there legal authority for the requested acquisition?
- Is this a mandatory or discretionary trust acquisition?
- Is the requested parcel on-reservation or off-reservation?
 - On reservation means land that is within or contiguous to a reservation.

- If there is a question whether the property is contiguous, consult the Office of the Solicitor (SOL) to review and concur. If the property is clearly contiguous to the exterior boundaries, no SOL analysis is needed.

If the stated purpose of the proposed acquisition is for gaming, follow the Office of Indian Gaming (OIG) Handbook for Gaming Acquisitions (Gaming Handbook) (under development by OIG):

- Notify OIG and provide that office the required documents and information; and
- Continue to process the fee-to-trust application pursuant to the regulations at 25 CFR Part 151 and the applicable section of the Fee-to-Trust Handbook concurrently with any gaming determinations being processed by OIG.

3.3 Step Sequence:

While steps within each of the standard operating procedures are numbered sequentially, you may proceed concurrently on other steps, when appropriate, or may repeat certain steps until the operating procedure is completed. *[See Exhibit 5.2: Fee-to-Trust Quick Reference Guide]*

3.1.1 On-Reservation Discretionary Trust Acquisitions

ON-RESERVATION DISCRETIONARY TRUST ACQUISITIONS

Scope

This section of the handbook contains procedures for discretionary trust acquisitions on-reservation and/or contiguous to a reservation for individual Indians and Tribes. This section applies to undivided fractional and full interests owned in fee by an eligible Tribe or individual.

Procedure

To assist the applicant in preparing a request, the applicant should be provided a copy of “Required Elements: Application for Fee-to-trust” [*See Exhibit: 5.3*], the brochure-“Understanding the Fee-to-Trust Process for Discretionary Acquisitions,” and any other relevant information.

Step 1: Encoding the Fee-to-Trust System of Record

1. Within three (3) business days of receipt of a written request to initiate the application process, encode information into the fee-to-trust system of record.
2. The system of record must be updated within three (3) business days upon receipt of any additional information from the applicant or others (e.g., comments on the notice of application).

Step 2: Review of Written Request to Initiate Application Process

All fee-to-trust applications must contain the following:

1. Written request.
A written request need not be in any special form but must contain each of the following items.
 - a. A statement that the applicant is requesting approval of a trust acquisition by the United States of America for their benefit.
 - b. Identification of applicant(s).
 - c. Legal Land Description.
 - 1) A description of real property in legally acceptable terms that is definite, legally defensible and susceptible to only one interpretation. Perform a preliminary informal review of the legal description to assure the obvious elements identified

below are present. A Legal Description Review (LDR) is required later in the process.

- 2) Lands can be legally described a number of ways, most commonly by referencing the Public Land Survey System (PLSS), however, lands in the 13 original states and Texas are subject to other survey systems.
 - 1) All land descriptions utilizing PLSS or any other survey system shall contain the following elements:
 - State
 - County
 - Approximate Acreage
 - 2) If the lands contained in the application are described using the PLSS, the description will contain the following elements that must be included to be a legitimate legal description.
 - Township
 - Range
 - Principal Meridian
 - Section(s)
 - Government Lots or Aliquot Parts
 - 3) All land descriptions described by metes and bounds within the PLSS, in addition to the elements contained in b) shall include:
 - Commencement tie from a Government corner of PLSS to point of beginning of metes and bounds parcel.
 - A metes and bound description which closes mathematically on itself.
 - 4) All land descriptions described by metes and bounds not within the PLSS shall contain the following applicable information:
 - A point of beginning easily located on the ground.
 - A metes and bound description which closes mathematically on itself.
- d. Need for acquisition of the property
 - 1) Economic Development
 - 2) Tribal Self-Determination
 - 3) Indian housing (non-commercial)
- e. Purpose for which the property is to be used. (If the purpose of the acquisition is identified by the Tribal applicant as “gaming,” follow the procedures outlined in the Gaming Handbook and continue to process the application pursuant to the regulations at 25 CFR Part 151 and this section of the Fee-to-Trust Handbook. “Gaming Related” is no longer a term utilized by the Department of Interior.)

- f. When the applicant is an individual who is not a member of the Tribe with jurisdiction and does not already own an undivided trust or restricted interest in the parcel of land to be acquired, written Tribal consent for nonmember applications must be provided.
 - g. When the applicant is a Tribe who is not the Tribe with jurisdiction and does not already own an undivided trust or restricted interest in the parcel of land to be acquired, written Tribal consent for the Tribal acquisition of land must be provided.
2. In addition to the requirements of Step 2.1., above, the Tribal applicant must also submit the following:
 - a. The application must state the Tribal name as it appears in the list of *Indian Entities Recognized and Eligible To Receive Services From the United States Bureau of Indian Affairs* published in the Federal Register, or as it appears in a federally approved Constitution.
 - b. Statutory Authority.
3. In addition to the requirements of Step 2.1. above, the following information is also required for an individual Indian's application:
 - a. Evidence of eligible Indian status of the applicant.
 - b. Amount of trust or restricted Indian land already owned by the applicant.
 - c. Information or a statement from the applicant addressing the degree to which the applicant needs assistance in handling their affairs.
4. When the required elements as noted above (1-3) have been fulfilled, notify the applicant that you have received the application, as required by 52 IAM Chapter 12, 1.3 Policy A. "Acknowledging Receipt of Applications for Fee-to-Trust Acquisitions" [*See Exhibit 5.4.1: Sample Acknowledgement Letter*].
5. The application will then require the following, to allow for a complete review of the application:
 - a. Map depicting boundary and location of subject property if necessary.
 - b. Title evidence consisting of:
 - 1) The deed or other conveyance instrument providing evidence of the applicant's title or, if the applicant does not yet have title, the deed providing

evidence of the transferor's title and a written agreement or affidavit from the transferor, that title will be transferred to the United States on behalf of the applicant to complete the acquisition in trust; and

- 2) Either: (i) a current title insurance commitment; or (ii) the policy of title insurance issued to the applicant or current owner and an abstract of title dating from the time the policy of title insurance was issued to the applicant or current owner to the present.
 - The Department will look to the appropriate licensing authority for qualifications for the preparer of the abstract of title. An abstract of title means a compilation of all instruments of public record which in any manner affect title to the parcel of real property.
 - "To the present" means a date as close to the date of the review as possible.
 - 3) The applicant may choose to provide title evidence meeting the title standards issued by the U.S. Department of Justice, in lieu of the evidence required by number 2, above.
 - If the applicant chooses to comply with DOJ Title Standards, they must comply with the requirements of that process. E.g., The preliminary commitment, or a binder of title evidence with a commitment, to issue final title insurance on the current ALTA U.S. Policy Form.
 - The proposed insured should state, "The United States of America in trust for [insert legal name of the applicant (for Tribes, the legal name is the name as found in the Federal Register or a federally approved Constitution)]."
 - The proposed policy coverage must meet the minimum title insurance required by the DOJ Title Standards, or the alternate title evidence submitted by the Tribe.
- c. A draft Warranty Deed for the acquisition, with designation of BIA approval and delegation of authority or Warranty Deed with acceptance of conveyance. The deed must conform to local statutory recording requirements. [*See Exhibit 5.4.12 for a sample*]
 - d. A Restrictive Covenant Acknowledgement form may also be required [*See Exhibit 5.4.8: Restrictive Covenants Acknowledgement*].
 - e. A Legal Description Review (LDR) from a qualified individual that concurs with the validity of the legal description including acreage. The concurrence is intended to verify that the description is accurate, correctly describes the subject property, and that it is consistent throughout the acquisition documents, such as commitments for title insurance, [survey] maps, deeds, etc.

- 1) Legal descriptions shall be reviewed to identify insufficiencies due to confusing boundaries, gaps or overlaps, encroachments, and other conflicts along a property line.
- 2) Relying solely on title evidence and title insurance creates the potential for overlooking boundary defects.
- 3)
6. Identify all missing information or documentation that is required, or materials submitted that do not have appropriate signatures, dates or other deficiencies that would prevent a complete review of the application and result in incomplete status. Refer to Step 3 “Responding to an Incomplete Case” [*See Exhibit 5.4.2: Sample 30-day Notice-Incomplete Application Package*].
7. Advise the applicant that it is beneficial to provide the following documentation, if available.
 - a. Any documentation describing efforts taken to resolve identified jurisdictional problems and potential conflicts of land use that may arise as a result of the fee-to-trust acquisition.
 - b. Any signed cooperative agreements relating to the fee-to-trust acquisition. Describe agreements for infrastructure development or services.
 - Examples: utilities, fire protection, solid waste disposal.
 - c. Agreements that have been negotiated with the State or local government.
 - Example: payment in lieu of taxes (PILT).
 - d. Description of those services not required of the state or local government(s) to the property because they are provided by the Tribal government.
 - e. Any information in support of the Tribal applicant being “under Federal jurisdiction” in 1934, if applicable, or other statutory authority for the acquisition.
 - f. Additional information or justification to assist in reaching a decision.
8. If the applicant has requested the transfer of an undivided fractional interest, there are two processing options to acquire this interest, and BIA must determine which applies.
 - a. Discretionary. If the parcel did not have existing trust or restricted interests as of November 7, 2000, as evidenced by a report reflecting tract history from the BIA’s official system of land records, the acquisition is discretionary. [See 25 U.S.C. § 2216(c)]. Refer to 25 CFR § 151.7 and this section of the handbook (covering On-Reservation Discretionary Trust Acquisitions) for further processing requirements.

- b. **Mandatory.** If any interests in the parcel were held in trust or restricted status as of November 7, 2000 [See 25 U.S.C. § 2216(c)], the acquisition is mandatory.]. Refer to the Mandatory Acquisitions section of this handbook and the most recent mandatory acquisition guidance. (*Adhere to Policy and Directives 4.1: Mandatory Acquisition Guidance*).

Step 3: Responding to an Incomplete Case

1. When a written request or application is determined to be incomplete:
 - a. Prepare a written notice to applicant including the following information and send by certified mail, return receipt requested. [*See Exhibit 5.4.2: Sample Original 30-Day Notice of Incomplete Fee-to-Trust Application*]. (*Adhere to Policy and Directives 4.2: IAM, Part 52, Chapter 12 “Processing Discretionary Fee-to-Trust Applications”, 1.3 Policy B. “Gathering information for Incomplete Fee-to-Trust Applications”, and C. “Administrative and Legal Timeframes”*).
 - 1) A statement that the application is incomplete.
 - 2) Specify what information or documentation was omitted or required and explain why the requested information is necessary.
 - 3) Request the applicant provide the omitted or required documentation or information to BIA within 30 days of the applicant’s receipt of the written notice or the application will be inactivated and returned.
- b. If the applicant does not provide the omitted or required documentation or information to BIA in accordance with the notice, send applicant a final notice and a notice enclosing the application and stating that BIA did not receive the information, so the application has been inactivated. [*See Exhibit 5.4.3: Sample Final Notice of Incomplete Fee-to-Trust Application Package, and Exhibit 5.4.4: Sample Return of Incomplete Fee-to-Trust Application*].

Step 4: Conducting Site Inspection and Completing Initial Certificate of Inspection

Whenever possible, the following should be done early in the acquisition process:

1. Conduct an inquiry. Ask the landowner and any occupants whether there are any third party rights in the land.
2. Conduct a physical inspection of the land. Compare condition and use of property as described in submitted documents. Examples of things to check during inspection are:
 - a. Persons living on the property not shown as record owner(s).

- b. Work being done by contractors.
 - c. Change in use other than noted in application.
 - d. Lack of access to property.
 - e. Location of existing utility lines, roads, etc., not defined in title evidence.
3. Prepare a Certificate of Inspection and Possession (CIP).
- a. The CIP (including the inquiry and physical inspection, above) may be prepared by:
 - 1) A duly authorized BIA or other Federal employee; or
 - 2) A Tribal employee (whether or not performing contracted/compact BIA realty functions) or contractor, as long as:
 - The Tribal employee is not also an employee of the landowner (in other words, as long as the property is not being acquired in trust for the employee or the Tribe). Neither the owner nor an employee of the owner of the inspected property should perform the inspection or execute the certificate. AND
 - The CIP is approved by BIA or other Federal employee.
 - b. The CIP should be on Form #1 [*see Exhibit 5.7.1*] or Form #2 [*see Exhibit 5.7.2*]. Form #1 is designed to be completed by one individual. Form #2 is designed to be completed by two individuals -- one who does the inspection and one who makes inquiry of the landowner and any occupants.
 - 1) No portion of the CIP forms may be deleted or scratched out.
 - 2) All blanks must be filled in.
 - 3) If a particular blank is not applicable to an acquisition, it should be filled in with "N/A".
 - 4) Both forms anticipate that additional information can and often will be added to the CIP, especially if the inspection or inquiry reveals possible possessory rights of others in the property.
4. Prepare a written notice to applicant advising of any inconsistencies that require an explanation and/or correction. Advise applicant that unless the inconsistencies are addressed, applicant may be prohibited from taking land into trust. See Step 3 "Responding to an Incomplete Case" to issue the notice and 52 IAM 12 [*Policy and Directives 4.2: 52 IAM Chapter 12, 1.3 Policy B. "Gathering information for Incomplete Fee-to-Trust Applications"*].

Step 5: Preparing the Preliminary Title Opinion (PTO)

- 1. Confirm that you have the required title evidence documentation from applicant and copies of all documents that create encumbrances or exceptions to title.

2. Submit a written request for a Preliminary Title Opinion (PTO) to the Solicitor's Office. Attach the title evidence documents (listed in Step 2, above) and the following information/documents:
 - a. Draft deed in trust to the United States, conforming to local statutory recording requirements and/or Draft Acceptance of Conveyance.
 - b. Property boundary and location maps, if applicable.
 - c. Initial Certificate of Inspection and Possession, if one has been completed.
 - d. The LDR.
 - e. Consistent with § 151.9, a written request for approval of the acquisition which adequately demonstrates it has been duly authorized by the Tribe.
 - f. A copy of any agreement (such as a lease or right-of-way) currently applicable to the property.
 - g. Draft deed for the property.
 - h. If the property is identified as a lot in a subdivision, a copy of the plat (which may contain restrictions) and, if there are any deed restrictions, a copy of each document that creates the restrictions.
 - i. The following additional information, if required by the Office of the Solicitor: Tribal resolution, no lien affidavit, knowledge of existing rights-of-way/easements affidavit, minerals affidavit, appraisal or valuation, taxes-paid receipt, flood zone acknowledgment, statements signed by the Tribal chair that Tribe will/will not purchase flood insurance, will not hold U.S. liable in case of flood damage, and will not conduct gaming on the land.

Step 6: Preparing Notice of Application (NOA)

1. If the application is to acquire a parcel or parcels that will cumulatively total 200 acres or more, notify the AS-IA of the application, by email at F2Tnotice@bia.gov, and by mail at: 1849 C Street, NW, MS-4141-MIB, Washington, DC 20240.
2. Prepare the NOA to inform state and local governments, including Tribal governments, having regulatory jurisdiction over the proposed acquisition property and/or any person or entity submitting a written request for notice that they have 30 days to submit comments.
3. Include the following in the notice [*See Exhibit 5.4.6: Sample Notice of Application*]:
 - a. General description of need and purpose.
 - b. Solicitation of comments on the potential impact of the acquisition regarding regulatory jurisdiction, real property taxes and special assessments.
 - c. Notification that parties have 30 days to submit comments.
 - d. A statement informing the state and local governments to forward the notification on to any of their local sub-districts.
4. Send NOA by certified mail return receipt to the state and local governments.
5. In consultation with the applicant, consider the option of posting the application on a website to make it easily accessible to the public (with confidential information redacted).

Step 7: Environmental Compliance Review

1. Transmit NEPA, 602 DM 2 and other environmental compliance documents to the appropriate environmental staff and request environmental compliance review. Update environmental staff on any changes in the application.
2. The environmental staff is responsible for completing the Environmental Compliance Review Memorandum (ECRM) or other documentation of NEPA compliance. NEPA compliance for every discretionary fee-to-trust transaction must be documented [*See Exhibit 5.4.5: Sample Environmental Compliance Review Memorandum*].
3. If the acquisition is for the purpose of gaming, the environmental compliance review must be performed in accordance with the Gaming Handbook and the Indian Gaming Regulatory Act.

Step 8: Comments to Notice of Application

1. Provide a copy of all information responsive to the NOA to the applicant for their written response. Send by certified mail return receipt [*See Exhibit 5.4.7: "Sample Notice of Application Comments to Applicant"*].
2. The regulations state that the applicant has a reasonable amount of time to provide BIA its written response to the comments. BIA has determined that 30 days with the opportunity for an extension is a reasonable amount of time. If the applicant requests the Secretary to issue a decision without providing a response to any comment(s), proceed with Step 10, "Preparing Analysis and Notice of Decision."

Step 9: Clearance of PTO Objections before Notice of Decision (NOD)

1. Notify applicant of objections outlined in the Preliminary Title Opinion (PTO). The Solicitor's Office may require the elimination of any such liens, encumbrances, or infirmities (i.e., defects) prior to taking final approval action on the acquisition, and will require elimination prior to such approval if she determines that the liens, encumbrances or infirmities (i.e., defects) make title to the land unmarketable.
2. Do not send the PTO to the applicant, as it is attorney-client privileged information.
3. Request applicant to provide documents to show that objections of the PTO have been cleared.
4. If the applicant does not send the responsive information within a reasonable amount of time, refer to the policy found at 52 IAM Chapter 12 (Processing Discretionary Fee-to-Trust Applications). If no response is received within the timelines established by the policy, proceed with Step 10, "Preparing Analysis and Notice of Decision."

Step 10: Preparing Analysis and Notice of Decision (NOD)

1. All gaming acquisition NOD's shall be prepared pursuant to the procedures outlined in the Gaming Handbook and submitted to OIG for publication in the Federal Register.
2. If a significant amount of time lapses between the date of the NOA and the NOD, reissue the NOA to allow for updates to the comments, applicant's responses to comments, and application documents (e.g., title evidence and ESA).
3. Consult with the Office of the Solicitor to prepare an analysis of whether the Tribal applicant was under Federal jurisdiction in 1934 for inclusion in the decision, if

applicable.¹ BIA should consult with the Solicitor's Office as early in the process as possible (i.e., as soon as BIA has determined an application is complete) so that the Solicitor's Office has sufficient time to prepare a *Carciari* opinion. For Tribes for whom the Solicitor's Office has already prepared an analysis of whether the Tribal applicant was under Federal jurisdiction in 1934, BIA may rely on that analysis.

4. Document case analysis and prepare NOD, which must include language on the right to appeal. The analysis and NOD must be based on the facts contained in the record and responsive to the following factors:
 - a. The existence of statutory authority for the acquisition and any limitations contained in such authority, including analysis addressing whether the Tribal applicant was under Federal jurisdiction in 1934, if applicable.
 - b. The need of the individual Indian or the Tribe for additional land.
 - c. The purposes for which the land will be used.
 - d. If the land is to be acquired for an individual Indian, the amount of trust or restricted land already owned by that individual and the degree to which he/she needs assistance in handling their affairs.
 - e. If the land to be acquired is in unrestricted fee status, the impact on the State and its political subdivisions resulting from the removal of the land from the tax rolls.
 - f. Jurisdictional problems and potential conflicts of land use which may arise.
 - g. If the land to be acquired is in fee status, whether the Bureau of Indian Affairs is equipped to discharge the additional responsibilities resulting from the acquisition of the land in trust status.
 - h. The extent to which the applicant has provided information that allows BIA to comply with the National Environmental Policy Act (NEPA), and 602 DM 2, Land Acquisitions: Hazardous Substances Determinations. If a categorical exclusion applies (e.g., where there will be no change in land use), the decision should explain why the categorical exclusion applies and it should be documented in the record.
 - i. While not specified in the regulations, the NOD should contain analysis of comments and concerns by state and local governments.

¹ An opinion whether a tribal applicant was under Federal jurisdiction in 1934 (a "*Carciari* opinion") is only required for applications submitted pursuant to 25 U.S.C. § 465 and that rely on the first definition of "Indian."

Step 11: Providing Notice of the Decision

NOTE: The notice and procedures for providing notice of the decision differ depending upon whether a BIA official (e.g., the Superintendent or Regional Director) or the Assistant Secretary – Indian Affairs (AS-IA) makes the acquisition decision. The process for each is set out below.

If a BIA official makes a decision to approve a request:

1. Prepare Public Notice of the decision to acquire land in trust pursuant to 25 CFR § 151.12(d) and the right to administratively appeal that decision. The Public Notice must include the following [*See Exhibit 5.4.10: Sample Public Notice to Acquire land into Trust*]:
 - a. Statement that a decision to acquire land in trust has been made and that there is a 30-day administrative appeal period.
 - b. Instructions on how to obtain a copy of the BIA decision, including a website and/or physical location where a copy of the decision will be available.
 - c. A legal description of the land.
2. *Promptly* after approving the request:
 - a. Address and send the original decision to the applicant. Attach a list of all parties, including state and local government entities that were provided a copy under paragraph d., below.
 - b. Publish the Public Notice in a newspaper of general circulation serving the affected area, when the approval is at the Regional or Agency level. Complete this step as near in time as possible with sending the original decision to the applicant.
 - c. Make a copy of the decision publicly available on the website and/or at a physical location identified in the Public Notice and ensure a copy of the decision is available at that location by the time the Public Notice is published.
 - d. As near in time as possible with publication of the Public Notice, send a copy of the decision to:
 - 1) All interested parties² who have made themselves known, in writing, to BIA prior to the decision being made; and

² BIA should assume every party making themselves known is an interested party for purposes of sending out notice of the decision.

- 2) The state and local governments having regulatory jurisdiction over the land to be acquired.
3. If the decision is issued by the Regional Director and is for an acquisition of a parcel or parcels that cumulatively total 200 acres or more, notify AS-IA by email at F2Tnotice@bia.gov, and by mail at: 1849 C Street, NW, MS-4141-MIB, Washington, DC 20240.
4. After expiration of the 30-day appeal period*, confirm whether an appeal has been filed with the Interior Board of Indian Appeals (IBIA) (or with the Regional Director, if the Superintendent issued the decision). If an appeal has been filed with the IBIA, then:
 - a. Consult with the Solicitor’s Office on next steps, including the preparation of the administrative record;
 - b. If the decision being appealed is for an acquisition of a parcel or parcels that cumulatively total 200 acres or more, notify AS-IA by email at F2Tnotice@bia.gov, and by mail at: 1849 C Street, NW, MS-4141-MIB, Washington, DC 20240.
5. Once administrative remedies are exhausted and the decision is final for the Department, proceed to Step 12 “Preparing Final Certificate of Inspection and Possession.”

* When does the 30-day appeal period expire?

For:	The 30-day appeal period expires:
All interested parties who have made themselves known in writing to the BIA prior to the decision being made	30 days after such interested party receives a copy of the decision
All state and local governments having regulatory jurisdiction over the land to be acquired	30 days after such state or local government entity receives a copy of the decision
All other persons and entities	30 days after publication of the Public Notice in a newspaper of general circulation

To the greatest extent possible, these 30-day appeal periods should be timed to run at the same time, and should never run back-to-back. In other words, the Public Notice should be published as close in time as possible to the notice of decision date.

If the Public Notice is provided several days after the notice of decision is provided to interested parties or state or local government entities:

- The issuance of Public Notice does not extend the time for interested parties or state or local government entities who received actual written notice to file an appeal.
- The 30-day appeal period (for all other persons and entities) provided by the Public Notice will extend beyond the interested parties’ or state or local government entities’ 30-day appeal period.
- **Wait until the expiration of the latest 30-day appeal period before proceeding with this step.**

If an interested party or state or local government entity receives a notice of decision after other parties or after the Public Notice is published:

- The 30-day appeal period for that interested party or state or local government entity extends beyond the 30-day appeal period provided by the other notices and Public Notice.

- **Wait until the expiration of the latest 30-day appeal period before proceeding with this step**

If the **AS-IA** makes a decision to approve a request:

1. In coordination with AS-IA (through OIG or other AS-IA staff, as appropriate), prepare the Public Notice of the final Departmental decision to acquire land in trust pursuant to 25 CFR § 151.12 (d) and include the following [*See Exhibit 5.4.10: Sample Public Notice to Acquire Land into Trust – AS-IA Decisions*]:
 - a. Statement that a decision to acquire land in trust has been made and that the decision is final for the Department.
 - b. A legal description of the land.
 - c. Website address where the decision is made publicly available.
2. *Promptly* after approving the request:
 - a. Address and send the original decision to the applicant.
 - b. Publish the Public Notice in the Federal Register. Complete this step as near in time as possible with sending the decision to the applicant.
 - c. Proceed to Step 12 “Preparing Final Certificate of Inspection and Possession.” Note: Where AS-IA is issuing the decision, AS-IA will notify BIA of the anticipated or actual decision date to allow BIA time to complete this step and comply with Departmental requirements in 602 DM 2.
3. If a decision may be challenged in Federal court, consult with the Solicitor’s Office on preparing the administrative record as early in the decision-making process as possible.
4. Upon the completion of any judicial review, instructions may be provided by the Office of the Solicitor based upon the outcome of the judicial review.

If a **BIA official** makes a decision to deny a request:

Promptly provide the applicant with the decision and notification of any right to file an administrative appeal under 25 C.F.R. Part 2.

If the **AS-IA** makes a decision to deny a request:

Promptly provide the applicant with the decision.

Step 12: Preparing Final Certificate of Inspection and Possession (CIP)

1. Complete the Final CIP in the same manner as stated under Step 4 “Conducting Site Inspection and Completing Initial Certificate of Inspection” as close in time as possible to closing of the transfer.
2. Compare the Final CIP with the PTO and Initial CIP. [CIP’s prepared more than 180 days prior to closing are not acceptable.]
3. If there are any inconsistencies between the initial and final CIP in relation to possessory rights or interests, provide written notice to the applicant requiring response within 30 days of receipt of notice identifying a plan for curative action and/or request for extension of time. Ascertain the interest or claim of any person(s) other than the record owner(s) who is occupying or using any part of the lands. If the interest will interfere with the contemplated use of the land, measures should be taken to eliminate claims which are not compatible by, for example:
 - a. Obtaining disclaimers or quitclaim deeds from any person who has an uncertain interest in the property that we are trying to solve to ensure clear title;
 - b. Obtaining attornment agreements from tenants with unrecorded leases;
 - c. Agreeing to grant a private right-of-way or pipeline easement with specific terms and an agreed location and dimension for the easement, in return for the claimant’s agreement to quitclaim any poorly defined possible easement which he/she may have acquired by prescription.
4. If the applicant does not respond or follow through with curative action within the 30-day period or any granted extension(s), evaluate the effects of this failure and if those effects will impact the decision issued under Step 10.

Step 13: Acceptance of Conveyance

Note: All gaming acquisition acceptance of conveyances are approved by the Assistant Secretary, Indian Affairs through OIG pursuant to the Gaming Handbook and are completed by the applicable field office.

1. Immediately following completion of the CIP (Step 12) and fulfillment of any applicable Departmental requirements (including compliance with 602 DM 2), complete this step (Step 13) and Steps 14 and 15 to formally accept the land into trust.
2. Confirm that the file contains all documentation that meets the requirements of the PTO and is in compliance with 25 CFR Part 151.
3. Process the formal acceptance of conveyance. The conveyance document must include:

- a. Signature of the appropriate BIA official.
- b. The statutory authority must be stated on the deed.
- c. The delegation of authority must be stated on the acceptance document (e.g., Acceptance of Conveyance form or the Warranty Deed) [*See Exhibit 5.4.121: Acceptance of Conveyance*].

Step 14: Final Title Opinion and Recordation

1. Obtain the *original county-recorded deed and updated title evidence from the applicant.
2. Request a Final Title Opinion (FTO) from the Office of the Solicitor and provide the Office of the Solicitor with a copy of the environmental compliance review memorandum.
3. The request shall include:
 - a. The recorded Deed and Acceptance of Conveyance
 - b. Title Insurance Policy, if submitted
 - c. PTO
 - d. Updated title evidence to date of closing including evidence of corrective actions
 - e. LDR
 - f. Final Certificate of Inspection and Possession.
 - g. Any additional information required by the Solicitor, such as a copy of the public notice published in a local newspaper, final taxes-paid receipt, final no lien affidavit, and a non-gaming affidavit if not previously submitted.

*A copy, versus the original recorded Warranty Deed may be sufficient to initiate a request for the final title opinion.

Step 15: Recording at Land Titles and Records Office

1. Submit the following documents to the Land Titles and Records Office (LTRO) for recording:
 - a. The original county-recorded Warranty Deed and, if no federal approval is included on the Warranty Deed, the Acceptance of Conveyance.

- b. LDR, including acreage.
- c. Copy of applicable referenced surveys and maps.

If any of these documents are missing or incomplete, fulfill the requirements in 52 IAM Chapter 12, 1.3 Policy C. “Administrative and Legal Timeframes.” Additionally, see 25 CFR § 150.7(a).

- 2. Upon receipt of these documents the LTRO shall record and return to the entity that submitted the request within 5 business days.
- 3. The processing office has the discretion to submit documents for recording in addition to those required above; upon receipt, the LTRO shall record those documents.

Step 16: Completed Application Package

- 1. When the recorded documents have been received from the LTRO:
 - a. Return the original recorded documents to the office that is responsible to maintain custody of the record in accordance with Bureau record standards.
 - b. Provide a copy of the recorded package to the applicant.
 - c. Provide a recorded copy of the deed showing trust status to the Bureau of Land Management to update their records.
- 2. Close out electronic case file in Fee-to-trust system of record.

3.1.3

Mandatory Trust Acquisitions

MANDATORY TRUST ACQUISITIONS

Scope

This section of the handbook contains procedures for mandatory trust acquisitions for individual Indians and Tribes. This section applies to undivided fractional and full interests owned in fee by an eligible Tribe or individual.

Purpose

A mandatory trust acquisition is one directed by Congress or a judicial determination that requires the Secretary to accept title to land into trust, or hold title to certain lands in trust by the United States, for an individual Indian or Tribe. The Secretary does not have discretion to deny the request to accept title of land into trust.

In the absence of statutory or judicial language requiring the Secretary to proceed with the mandatory acquisition without notice or application, the individual Indian or Tribe must submit a written request to commence the acquisition process.

Step 1: Encoding the Fee-to-trust System of Record

Refer to Step 1 at 3.1.1 On-Reservation Discretionary Trust Acquisitions of this handbook.

Step 2: Initiate the Mandatory Acquisition

1. A Tribe or individual Indian must submit a written request to the BIA to commence the acquisition process unless a specific statute or judicial order requires the Secretary to proceed without the submission of a request. The written request shall contain the following:
 - a. Documents verifying individual Indian or Tribal ownership.
 - b. The Tribe's name as it appears in the Federal Register for Federally Recognized Tribes or as it appears in a federally approved Tribal constitution.
 - c. Legal Land Description (Refer to Step 2 at 3.1.1, On-Reservation Discretionary Trust Acquisitions of this handbook).
 - d. Statutory authority.
 - e. Map depicting boundary and location of subject property if necessary.
 - f. Warranty Deed (i.e., draft acquisition deed) with designation of BIA approval and delegation of authority or Warranty Deed with Acceptance of Conveyance.

- a. An abstract of title dating from the time the interest was transferred from trust ownership to partial fee ownership to the present; or
 - b. If an abstract of title is not available, a copy of the recorded document through which the owner's interest was acquired and a sworn declaration from the owner that states: (1) how the owner acquired the interest; and (2) that the owners has not conveyed the interest away.
2. For all other mandatory acquisitions -- Obtain the following:
- a. Current evidence of title ownership from the Tribe or individual Indian and how it was acquired or written evidence that title will be transferred to the Tribe or individual Indian upon acquisition in trust; and
 - b. An abstract of title or a title commitment dating from the time the interest was acquired in fee ownership by the current owner or the current owner's predecessor(s) in title to the present.

Step 6: Environmental Compliance Review

NEPA and 602 DM 2 requirements are not applicable to mandatory acquisitions, but to understand any environmental hazards or any potential legal liabilities that may be present, perform due diligence by performing the following:

1. Conduct an initial site inspection; and
2. Document the results of the site inspection.

Completion of the initial site inspection and the findings of the inspection are not a precondition to completing the mandatory acquisition.

Step 7: Preparing Notice of the Acquisition

NOTE: The notice and procedures for providing notice differ depending upon whether a BIA official (e.g., the Superintendent or Regional Director) or the Assistant Secretary – Indian Affairs (AS-IA) issues the mandatory acquisition decision. The process for each is set out below.

If a BIA official is issuing the decision:

1. Prepare the mandatory acquisition decision.
 - a. If the decision is to deny the mandatory acquisition, provide a written notice of the determination and notice of the right to appeal pursuant to 25 CFR Part 2 to the Tribe or individual Indian.

- b. If the decision is to proceed with the mandatory acquisition, address and send the original decision to the applicant. As near in time as possible to sending the original decision to the applicant, prepare Public Notice of the mandatory acquisition, including:
 - 1) Statement that BIA intends to acquire land in trust as required by a statute or judicial order and that there is a 30-day administrative appeal period.
 - 2) Citation to the mandatory authority;
 - 3) Instructions on how to obtain a copy of the BIA decision, including a website and/or physical location where a copy of the decision will be available.
 - 4) A legal description of the land.
2. *Promptly* after the decision is issued:
 - a. Publish the Public Notice in a newspaper of general circulation serving the affected area, when the approval is at the Regional or Agency level.
 - b. Make a copy of the decision publicly available on the website and/or at a physical location identified in the Public Notice and ensure a copy of the decision is available at that location by the time the Public Notice is published.
3. If the decision is for an acquisition of a parcel or parcels that cumulatively total 200 acres or more, notify AS-IA by email at F2Tnotice@bi.gov, and by mail at: 1849 C Street, NW, MS-4141-MIB, Washington DC 20240.
4. After expiration of the 30 day appeal period*, confirm whether an appeal has been filed with the Interior Board of Indian Appeals (IBIA) (or with the Regional Director, if the Superintendent issued the decision). If an appeal has been filed with the IBIA, then:
 - a. Consult with the Solicitor's Office on next steps, including the preparation of the administrative record; and
 - b. If the decision being appealed is for an acquisition of a parcel or parcels that cumulatively total 200 acres or more, notify AS-IA by email at F2Tnotice@bia.gov, and by mail at: 1849 C Street, NW, MS-4141-MIB, Washington, DC 20240. .
5. Once the administrative review process has been exhausted, instructions may be provided by the Office of the Solicitor based upon the outcome of the administrative appeal.

6. Once administrative remedies are exhausted and the decision is final for the Department, proceed to Step 8 “Conducting Final Inspection.”

When does the 30-day appeal period expire?

For:	The 30-day appeal period expires:
All interested parties who have made themselves known in writing to the BIA prior to the decision being made	30 days after such interested party receives a copy of the decision
All state and local governments having regulatory jurisdiction over the land to be acquired	30 days after such state or local government entity receives a copy of the decision
All other persons and entities	30 days after publication of the Public Notice in a newspaper of general circulation

To the greatest extent possible, these 30-day appeal periods should be timed to run at the same time, and should never run back-to-back. In other words, the Public Notice should be published as close in time as possible to the notice of decision date.

If the Public Notice is provided several days after the notice of decision is provided to interested parties or state or local government entities:

- The issuance of Public Notice does not extend the time for interested parties or state or local government entities who received actual written notice to file an appeal.
- The 30-day appeal period (for all other persons and entities) provided by the Public Notice will extend beyond the interested parties’ or state or local government entities’ 30-day appeal period.
- **Wait until the expiration of the latest 30-day appeal period before proceeding with this step.**

If an interested party or state or local government entity receives a notice of decision after other parties or after the Public Notice is published:

- The 30-day appeal period for that interested party or state or local government entity extends beyond the 30-day appeal period provided by the other notices and Public Notice.
- **Wait until the expiration of the latest 30-day appeal period before proceeding with this step**

If the AS-IA is issuing the decision:

1. If AS-IA makes a decision to deny a mandatory acquisition, provide a written notice of the determination to the Tribe or individual Indian.
2. If AS-IA makes a decision to proceed with the mandatory acquisition, address and send the original decision to the applicant. As near in time as possible to sending the original decision to the applicant, prepare the Public Notice of the mandatory acquisition, in coordination with AS-IA), prepare the Public Notice of the mandatory acquisition and include the following:
 - a. Statement that the Department determines it must acquire a particular parcel in trust and that the decision is final for the Department;
 - b. Citation to the mandatory authority; and
 - c. A legal description of the land.

3. *Promptly* after the decision is issued:
 - a. Publish the Public Notice in the Federal Register.
 - b. Proceed to Step 8 “Conducting Final Inspection.”
4. If a decision may be challenged in Federal court, consult with the Solicitor’s Office on preparing the administrative record as early in the decision-making process as possible.
5. Upon the completion of any judicial review, instructions may be provided by the Office of the Solicitor based upon the outcome of the judicial review.

Step 8: Conducting Final Inspection

Refer to applicable policy and guidance.

Step 9: Acceptance of Conveyance

1. Confirm that the file contains all documentation required as identified in Step 2, Initiate Mandatory Acquisition.
2. Include the signature of the appropriate BIA or AS-IA official on the conveyance document.
3. Include the statutory authority on the deed.
4. Include the delegation of authority on the acceptance document (e.g., the Acceptance of Conveyance form or the Warranty Deed [*See Exhibit 5.4.11: Acceptance of Conveyance. Exhibit 5.4.12: Warranty Deed and Acceptance of Conveyance*]).

Step 10: Recordation

1. Obtain the *original county-recorded from the applicant.
2. If the fee fractional interest has been recorded at the county, record the trust acquisition deed at the county.

*A copy, versus the original recorded warranty deed may be sufficient to initiate a request for title evidence.

Step 11: Recording at Land Titles and Records Office

1. Submit the following documents to the Land Titles and Records Office (LTRO) for recording:

- a. The original county-recorded Warranty Deed and, if no federal approval is included on the Warranty Deed, the Acceptance of Conveyance.
- b. LDR, including acreage.
- c. Copy of applicable referenced surveys and maps.

If any of these documents are missing or incomplete, fulfill the requirements in 52 IAM Chapter 12, 1.3 Policy C. “Administrative and Legal Timeframes.” Additionally, see 25 CFR § 150.7(a).

2. Upon receipt of these documents the LTRO shall record and return to the entity that submitted the request within 5 business days.

3. The processing office has the discretion to submit documents for recording in addition to those required above; upon receipt, the LTRO shall record those documents.

Step 12: Completed Mandatory Acquisition Package

1. When the recorded documents have been received from the LTRO:
 - a. Return the original recorded documents to the office that is responsible to maintain custody of the record in accordance with Bureau record standards.
 - b. Provide a copy of the recorded package to the applicant.
 - c. Provide a recorded copy of the deed showing trust status to the Bureau of Land Management to update their records.
2. Close out the electronic case file in the Fee-to-Trust System of Record.

Subject: Supplement to April 6, 2012 Updated Guidance on Processing of Mandatory Trust Acquisitions

On April 6, 2012, then-Assistant Secretary – Indian Affairs Larry Echo Hawk issued a memorandum to Bureau of Indian Affairs (BIA) Regional Directors and Superintendents entitled “Updated Guidance on Processing of Mandatory Acquisitions” (“2012 Memorandum”). The 2012 Memorandum provided clarification regarding the BIA’s method of processing mandatory fee-to-trust acquisitions, in order to streamline that process. In light of the Supreme Court’s decision in *Match-E-Be-Nash-She-Wish Band of Pottawatomi Indians v. Patchak*, 132 S. Ct. 2199 (2012) and the Department’s recent revision to 25 C.F.R. § 151.12 in response to the *Patchak* decision, we have determined that the “Notice” section of the 2012 Memorandum (at 4-5) is now out-of-date. The following guidance supersedes the “Notice” section. The remainder of the 2012 Memorandum still applies to processing mandatory fee-to-trust acquisitions.

Notice

As a matter of practice, the Department of the Interior has provided notice of its intention to take land into trust for a tribe or individual Indian or, alternatively, its refusal to complete a fee-to-trust acquisition. A notice of a decision by a BIA official to deny a trust acquisition also has included specific reference to a right of appeal pursuant to 25 C.F.R. Part 2 (if the decision is issued by the Assistant Secretary – Indian Affairs, appeal under Part 2 is unavailable because such decision is final for the Department upon issuance). The Department has followed this practice for both mandatory and discretionary acquisitions.

On November 13, 2013, the Department revised 25 C.F.R. § 151.12. Among other things, the rulemaking clarifies and broadens the notice of decisions to acquire land in trust. Although the Department’s regulations (specifically 25 C.F.R. § 151.12) may not explicitly require notice of mandatory acquisitions, the policy of providing notice is consistent with our regulations.

Therefore, BIA will continue to provide written notice of the mandatory acquisition determination (approval or denial) to the tribe or individual Indian. In the event of a denial by a BIA official, notice of the right to appeal pursuant to 25 C.F.R. Part 2 shall be provided to the tribe or individual Indian.

Consistent with the policy behind the revisions to section 151.12 to clarify and broaden notice of trust acquisition decisions, once the Department determines that it must acquire a particular parcel in trust for a tribe or an individual Indian, it should provide public notice of the decision consistent with the requirements of the revised section 151.12 and the revised Fee-to-Trust Handbook (Acquisition of Title to Land Held in Fee or Restricted Fee Status, Version III, Issued 12/12/13). A copy of revised section 151.12 is attached for your reference. In addition, consistent with the revised section 151.12, the Department will immediately acquire the land in trust on or after the date a mandatory acquisition decision is final for the Department and upon fulfillment of any Departmental requirements.

United States Department of the Interior

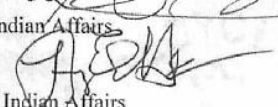

OFFICE OF THE SECRETARY

Memorandum

APR 06 2012

To: Regional Directors
Superintendents

Through: Michael S. Black 
Director, Bureau of Indian Affairs

From: Larry Echo Hawk 
Assistant Secretary – Indian Affairs

Subject: Updated Guidance on Processing of Mandatory Trust Acquisitions

In connection with the Department of the Interior's duty to acquire land in trust for Indian tribes under various mandatory acquisition statutes and ongoing efforts to streamline that process, we have reviewed the Department's prior guidance memoranda regarding processing mandatory land acquisitions.¹ For all of the reasons set forth in this memorandum, we provide clarification regarding the BIA's method of processing mandatory fee-to-trust acquisitions. This guidance memorandum replaces and supersedes all previous guidance regarding the processing of fee-to-trust acquisitions pursuant to a statute or judicial decree that mandates the acquisition of land in trust for a tribe or Indian individual. All mandatory fee-to-trust acquisitions shall now be processed as follows:

Mandatory Determinations

Statutory and Judicial Mandates²

A tribe or individual Indian must submit a written request to the BIA to commence the acquisition process unless a specific statute or judicial order requires the Secretary to proceed

¹ These memoranda include, but are not exclusively limited to, the April 17, 2002 memorandum regarding the "Processing of Mandatory Lands Into Trust Applications" issued by the Deputy Commissioner of Indian Affairs; the May 2, 2003 memorandum regarding the "Applicability of the Department of Justice's Title Regulations to Applications to Place Lands into Trust" memorandum issued by Acting Assistant Secretary – Indian Affairs and, most recently, the guidance of November 2, 2011, entitled "Processing of Mandatory Acquisitions of Lands Into Trust for Tribes and Individual Indians" issued by the Director of the BIA.

² This guidance memorandum does not apply to legislative transfers of title. There is a distinction between mandatory acquisition statutes where "Congress directs the Secretary to complete the administrative process of accepting trust title" and legislative transfers of title, which occur when "Congress directly transfers land into trust status on behalf of tribes or individual Indians." 64 Fed. Reg. 17574, 17578 (April 12, 1999). When Congress legislatively transfers title into trust it "remove[s] the need for any administrative action to effectuate the title transfer." *Id.*

without the submission of a request. Acquisitions made pursuant to 25 U.S.C. § 2216(c)³ have previously been determined to be mandatory⁴ and should be processed accordingly. In all other cases, a determination that a particular acquisition is mandatory is made on a case-by-case basis. The BIA should consult the Solicitor's Office as early as possible to request a written determination that the statute or judicial decree mandates the Secretary to acquire land into trust for a tribe or individual Indian. The BIA may rely on the Solicitor's determination that a congressional enactment is a mandatory acquisition statute or a judicial decree provides for mandatory acquisitions to process that request and to process future requests under the same mandatory authority.

Parcel Qualification

Upon determining that the statute or judicial decree mandates the acquisition, the BIA will determine whether the parcel meets any additional required criteria. For example, a statute might require that a parcel be located within a specific geographical area or that certain funds be used for the acquisition. If so, the BIA will ensure that those criteria are met in order to process the request as a mandatory acquisition. The tribe or individual Indian shall submit information demonstrating that the parcel meets these additional criteria. Questions concerning these criteria should be referred to the Solicitor's Office as early as possible to confirm that acquisition of the parcel is mandated and that the applicable criteria have been met.

Title Evidence

Our regulations provide that:

[i]f the Secretary determines that he will approve a request for the acquisition of land from unrestricted fee status to trust status, he shall acquire, or require the applicant to furnish title evidence meeting the Standards For The Preparation of Title Evidence In Land Acquisitions by the United States, issued by the U.S. Department of Justice. After having the title evidence examined, the Secretary shall notify the applicant of any liens, encumbrances, or infirmities which may exist. The Secretary may require the elimination of any such liens, encumbrances, or infirmities prior to taking final approval action on the acquisition and he shall require elimination prior to such approval if the liens, encumbrances, or infirmities make title to the land unmarketable.

³ Section 2216(c) provides that “[a]n Indian, or the recognized tribal government of a reservation, in possession of an interest in trust or restricted lands, at least a portion of which is in trust or restricted status on the date of enactment of the Indian Land Consolidation Act Amendments of 2000 [enacted Nov. 7, 2000] and located within a reservation, may request that the interest be taken into trust by the Secretary. Upon such a request, the Secretary shall forthwith take such interest into trust.”

⁴ Memorandum from Assistant Solicitor, Branch of Trust Responsibility, Division of Indian Affairs to the Director, Bureau of Indian Affairs, entitled “Acquisitions in Accordance with 25 U.S.C. § 2216(c)” (Aug. 30, 2011).

25 C.F.R. §151.13.

It is our reasoned interpretation that this provision does not apply to mandatory acquisitions because the regulation applies to situations where the Secretary acts on a “request” by a tribe to take land into trust, which is not the case in mandatory trust acquisitions.⁵ Furthermore, the regulations authorize the Secretary to require the elimination of any liens encumbrances or infirmities prior to “taking approval action,” which contemplates Secretary discretionary decisionmaking and the weighing of certain factors that are not typically found in the mandatory acquisition context. Furthermore, as a matter of sound policy, when Congress or a court mandates acquisitions of land for a tribe or individual Indian, it has done so generally to restore land to the tribe’s homelands⁶ or in settlement of a dispute or to address a grievance⁷ or a perceived injury⁸ to a tribe or individual Indian.

In this context, Congress or a court has made a determination that the tribe or Indian individual is entitled to certain lands, sometimes subject to certain additional conditions, but not subject to the standard requirements for discretionary acquisitions. Given our interpretation of 25 C.F.R. §151.13, that it only applies to situations where a tribe has requested that the Secretary exercise his/her discretion, and our policy determination that requiring full title review per DOJ Title Standards would potentially frustrate the intent of Congress or the judiciary, we conclude that that full compliance with DOJ Title Standards for mandatory acquisitions is not warranted. Nonetheless, we also conclude that having some evidence of title ownership is a wise, reasonable practice as the BIA should have an understanding of any potential liabilities or conflicts that may exist upon acquisition of the land. Thus, the BIA shall adhere to the following guidance.

⁵ Letter from Lewis Baylor, Division Counsel for Title Matters, Land Acquisition Section, DOJ to Colleen Kelley and Priscilla A. Wilfahrt, Field Solicitors, Office of the Solicitor, DOI (Dec. 20, 2002); Letter from Lewis Baylor, Division Counsel for Title Matters, Land Acquisition Section, DOJ to Robert J. McCarthy, Field Solicitor, Office of the Solicitor, DOI (Feb. 19, 2003); Letter from Edith Blackwell, Acting Associate Solicitor, Division of Indian Affairs, Office of the Solicitor, DOI to Lewis Baylor, Division Counsel for Title Matters, Land Acquisition Section, DOJ (April 25, 2003); Letter from Patrice Kunesh, Deputy Solicitor for the Division of Indian Affairs, Office of the Solicitor, DOI to Lewis Baylor, Division Counsel for Title Matters, Land Acquisition Section, DOJ (April 6, 2012).

⁶ For example, Congress mandated certain acquisitions on behalf of the Devils Lake Sioux Tribe based, in part, on Congress’ determination that the “continued existence of the Devils Lake Sioux Reservation, North Dakota, as a permanent homeland of the Devils Lake Sioux Tribe and as a necessary foundation for continued self-determination requires that the Secretary of the Interior have authority to . . . consolidate and increase the trust and base in the reservation for the tribe and individual tribal members . . . [and] prevent further loss of trust land.” Pub. L. No. 97-459, 96 Stat. 2515 (1983).

⁷ Congress mandated acquisitions for the White Earth Band of Minnesota Chippewa as part of the White Earth Land Compensation Act which was intended to settle “claims on behalf of Indian allottees or heirs and the White Earth Band involving substantial amounts of land within the White Earth Indian Reservation in Minnesota [which were the] subject of existing and potential lawsuits involving many and diverse interests in Minnesota, and [were] creating great hardship and uncertainty for government, Indian communities, and non-Indian communities” Pub. L. No. 99-264, 100 Stat. 61 (1986). Congress intended for the Act to “settle unresolved legal uncertainties relating to th[o]se claims.” *Id.*

⁸ Congress mandated acquisition of certain lands for the Ponca Tribe as part of the Ponca Restoration Act which was intended to restore the Tribe’s federally recognized status and remedy the effects of the government’s termination and mistreatment of the tribe which resulted in loss of lands, economic hardship and cultural damage to the Tribe. 25 U.S.C. § 983b.

25 U.S.C. § 2216(c) Acquisitions

Title determinations for acquisitions of fractional interests pursuant to 25 U.S.C. § 2216(c) will adhere to the following criteria. Submissions shall include current evidence of title ownership from the tribe or individual Indian demonstrating that the fractional interest is owned by the tribe or individual Indian and how it was acquired. This information should include an abstract of title dating from the time the interest was transferred from trust ownership to partial fee ownership to the present. In the absence of an abstract of title, the BIA will accept a sworn declaration from the owner that states (a) how the owner acquired the interest, and a copy of the recorded document through which the owner's interest was acquired, and (b) that the owner has not conveyed the interest away.

All Other Mandatory Acquisitions

Title determinations for all other mandatory acquisitions shall require current evidence of title ownership from the tribe or individual Indian demonstrating that the interest is owned by the tribe or individual Indian and how it was acquired.⁹ This should include an abstract of title or a title commitment dating from the time the interest was acquired in fee ownership by the current owner or the current owner's predecessor(s) in title to the present.

Notice

As a matter of practice, the Department has provided notice of its intention to take land into trust for a tribe or individual Indian or, alternatively, its refusal to complete a fee-to-trust acquisition. A notice of a decision to deny a trust acquisition also has included specific reference to a right of appeal pursuant to 25 C.F.R. Part 2 (or, if the decision is issued by the Assistant Secretary – Indian Affairs, appeal under Part 2 is unavailable, since the decision is final for the Department). The Department has followed this practice for both mandatory and discretionary acquisitions. Sound policy reasons weigh in favor of continuing to provide public notice in order to allow for judicial review prior to acquisition of lands because, once the United States acquires title, the Quiet Title Act, 28 U.S.C. § 2409a, precludes judicial review. Although the Department's regulations (specifically 25 C.F.R. § 151.12) may not explicitly require notice of mandatory acquisitions, the policy of providing notice is consistent with our regulations.

Therefore, the Bureau will continue to provide written notice of the acquisition determination to the tribe or individual Indian. In the event of a denial, notice of the right to appeal pursuant to 25 C.F.R. Part 2 shall be provided unless the decision was made by the Assistant Secretary – Indian Affairs.

Once the Department determines that it must acquire a particular parcel in trust for a tribe or an individual Indian, written notice shall be published in the *Federal Register* or in a newspaper of general circulation serving the affected area.¹⁰ The notice will reference the applicable

⁹ This requirement may also be met by submitting written evidence that title will be transferred to the tribe or individual upon acquisition in trust by the Department on behalf of the tribe or the individual Indian.

¹⁰ Decisions from appeals under Part 2 are final upon exhaustion of administrative remedies.

mandatory authority, state that the Secretary is required to take the land into trust, and that the Secretary shall acquire title in the name of the United States no sooner than 30 days after the notice is published. If an appeal of the determination is filed in Federal Court before the 30-day notice time period expires, you should consult the Solicitor's Office prior to transferring and recording title.

Absent a judicial challenge within the 30-day period (or, if litigation has been filed, upon a final decision upholding the acquisition), the Secretary shall then issue or approve an appropriate instrument of conveyance to finalize the mandated acquisition.

Environmental Review

It is well-established that the environmental review requirements of the National Environmental Policy Act (NEPA) are not applicable to mandatory acquisitions.¹¹

In addition, we find that the plain language of our regulations (25 C.F.R. §§ 151.10(h) and 151.11(a)) makes clear that compliance with 602 DM 2 is not a precondition to completing a mandatory fee-to-trust acquisition. In addition to the plain language of our regulations, we also find there are good policy reasons for treating mandatory acquisitions differently with regard to 602 DM 2. The Secretary has no discretion to refuse to acquire land that qualifies under the statute or decree regardless of what information might exist under a 602 DM 2 analysis. Therefore, BIA shall not require compliance with 602 DM 2 as a precondition to processing and completing mandatory acquisitions and we set aside any previous direction to the contrary.

Nevertheless, it still is important for the Department to understand any environmental hazards that might be present on the lands it must acquire or any potential legal liabilities. To do this, the BIA must conduct an initial site inspection to satisfy its due diligence requirement, however, completion of the acquisition is not conditioned upon the initial site inspection or the findings and/or results of the inspection.

Please refer any questions concerning this guidance to the Director's Office. Thank you in advance for your cooperation with this important work.

¹¹ For example, *Sierra Club v. Babbitt*, 65 F.3d 1502, 1512 (9th Cir. 1995) held that NEPA only applies to discretionary agency actions.

Processing Discretionary Fee-to-Trust Applications

Page 1

1.1 Purpose. This chapter establishes Indian Affairs (IA) policy and procedures to acknowledge receipt of applications for fee-to-trust land acquisitions; define timeframes with regard to gathering of information to complete fee-to-trust applications on a timely basis; define timeframes associated with administrative and legal challenges to decisions to accept land into trust; implement reporting requirements for pending fee-to-trust cases; and to identify how IA employees will record time spent working any and all aspects of fee-to-trust. All references to "days" within this policy are **calendar days**, not business days. All references to "written correspondence to applicants" within this policy are to be made via **certified-return receipt mail**.

1.2 Scope. This policy applies to all Bureau of Indian Affairs (BIA) employees and to all discretionary fee-to-trust applications currently in the possession of the Department of the Interior (DOI) and to all future applications to convert fee land into trust land received by DOI.

1.3 Policy.

A. Acknowledging Receipt of Applications for Fee-to-Trust Acquisitions.

After receipt of an application to acquire land into trust, as identified in 25 CFR §151.9, the authorized official (Superintendent, Regional Director, or Central Office) receiving the application will formally acknowledge receipt of the application **in writing**, to the applicant within 10 calendar days. This formal acknowledgement by the authorized official **must include** a copy of the brochure titled "Understanding the Fee-to-Trust Process for Discretionary Acquisitions."

B. Gathering information for Incomplete Fee-to-Trust Applications.

The "Acquisition of Title to Land held in Fee or Restricted Fee Status Handbook" (hereafter Fee-to-Trust Handbook) addresses incomplete applications at "[Step 3: Responding to an Incomplete Written Request or Application](#)." Pursuant to this policy, BIA staff is required to review all pending fee-to-trust applications currently in their possession and take one or more of the following actions, as appropriate, for each pending application:

1) Applications that are pending as of the date of this policy:

If there are expired or missing documents in pending applications that are required from the applicant, BIA staff will contact the applicant **in writing**, according to the steps identified in the Handbook under "[Step 3: Responding to an Incomplete Written Request or Application](#)." This written correspondence is the "original notice," and will advise the applicant that the requested, responsive information must be received from the applicant within 30 days, or the application will be considered inactive.

If the requested information is not received within 30 calendar days after the original notice, BIA staff will send the applicant a "final notice" that BIA did not receive the requested information and the application will be returned to them. The application must

be returned after 60 days of the date of the original notice and removed from the active caseload unless the responsive information is received by BIA. The authorized official (Superintendent, Regional Director, or Central Office) is responsible for ensuring return of the application to the applicant and updating the system of record, (presently the Fee to Trust Tracking System (FTTS)) to reflect that the application has been returned within five days of that action.

2) Applications received after the date of this policy:

If there are expired or missing documents in applications received after the date of this policy that are required from the applicant, BIA staff will contact the applicant **in writing** according to the steps in the Handbook under "Step 3: Responding to an Incomplete Written Request or Application." This written correspondence is the "original notice," and will also advise the applicant that if the requested, responsive information is not received within **30 days**, the application will be considered inactive.

If the requested information is not received within 30 calendar days after the original notice, BIA staff will send the applicant a "final notice" that their application will be returned to them after 45 days of the date of the original notice and removed from the active caseload unless the responsive information is received from them. The authorized official (Superintendent, Regional Director, or Central Office) is responsible for returning the application to the applicant and for updating the system of record to reflect that the application has been returned within five days of that action.

C. Administrative and Legal Timeframes

1) If there are expired or missing documents that are required from DOI staff, BIA will contact the responsible office **in writing** within seven calendar days to request that the responsive information be provided within 21 days.

The BIA staff will also assure that all pending (incomplete) cases are in the system of record and that the data is current and accurate so reports can be generated to produce work lists for the responsible agencies and provide a quarterly status report to the respective Tribe having jurisdiction over the lands subject to the application(s). The work lists will be reviewed and the responsible agencies contacted on a regular basis to assure that the cases keep moving forward.

2) If the application is complete and there are no expired or missing documents, BIA staff will take the necessary actions to assure that a Notice of Decision is issued as soon as possible, but **no later than 15 days** from the date of receipt of final document(s) required to issue the Notice of Decision.

3) If the decision to take land into trust is appealed to a Regional Director, the official whose decision is being appealed will provide the complete administrative record to the respective regional office **within 10 days** of notice of the appeal. The administrative

record will be compiled as required in the Fee to Trust Handbook. The Regional Director has 60 days to issue a decision.

4) If a case is appealed to the Interior Board of Indian Appeals (IBIA), the Regional Director will immediately put the Director, BIA on notice. Applications under administrative appeal or judicial review will be encoded in system of record within five days to reflect the appropriate status.

D. Quarterly Reports to Tribe(s) for Pending Applications. Each location authorized to accept land into trust (Agency Office, Regional Office, or Central Office) is responsible for providing the Tribe(s) who have jurisdiction over the lands in pending fee-to-trust applications, with quarterly reports of all pending applications (including individual Indian applications) within each Tribe's respective jurisdiction. Quarterly reports will be sent to the Tribe(s) the first week in the months of October, January, April and July.

E. Fee to Trust Activity Codes for Employee Time Accounting. All time spent and actions performed by BIA employees to process, manage, report, provide training and receive training regarding fee-to-trust will be coded in the Quick Time System (or its successor) as follows:

- To process fee-to-trust applications: WCV2
- To manage the process or report on the progress: WCVC
- To provide training, or perform outreach: WCVA
- To receive training: WCVB

1.4 Authority. 25 CFR §151.9

1.5 Roles and Responsibilities

A. Director, Bureau of Indian Affairs (BIA). The BIA Director is responsible for the development of National Policy affecting Indian lands.

B. Deputy Bureau Director, Field Operations, BIA. The BIA Deputy Bureau Director of Field Operations is responsible for overseeing the Regional Directors and dissemination of policy to them.

Frequently Asked Questions

1. What is a fee-to-trust land acquisition? A fee-to-trust land acquisition is a transfer of land title from an eligible Indian Tribe or eligible Indian individual(s) to the United States of America, in trust, for the benefit of the eligible Indian Tribe or eligible Indian individual(s).

Who is eligible to apply for a fee-to-trust land acquisition? Indian Tribes and individual Indian people who meet the requirements established by federal statutes and further defined in federal regulations are eligible to apply for a fee-to-trust land acquisition. See 25 Code of Federal Regulations (CFR) 151.2; 25 United States Code (USC) 479 and 2201.

3. If you are eligible, how do you submit an application? All applications for a fee-to-trust acquisition must be in writing and specifically request that the Secretary of the Interior take land into trust for the benefit of the applicant. If you are an eligible Indian Tribe, the request may be in the form of a Tribal Resolution. See 25 CFR 151.9.

4. Where should an eligible applicant submit an application to? Applications shall be submitted to the Bureau of Indian Affairs (BIA) office that has jurisdiction over the lands contained in the application. If the applicant does not know what BIA office has jurisdiction over the lands the applicant should contact the Division of Real Estate Services at (202) 208-7737 or at <http://www.bia.gov/WhoWeAre/RegionalOffices/index.htm>

5. What information is the applicant required to provide to accompany the application for a fee-to-trust acquisition? The applicant must provide a legal description of the land to be acquired, the legal name of the eligible Indian Tribe or individual, proof of an eligible Indian Tribe or eligible individual(s), the specific reason the applicant is requesting that the United States of America acquire the land for the applicant's

benefit, a title insurance commitment addressing the lands to be acquired and information that allows the Secretary of the Interior to comply with the National Environmental Policy Act (NEPA) and 602 Departmental Manual 2 (602 DM 2) Hazardous Substances.

6. What laws regulate and standards apply to a fee-to-trust acquisition? There are different laws that must be satisfied. Most acquisitions are authorized under 25 USC 465, Section 5 Indian Reorganization Act (1934) and reviewed under 25 CFR 151. However, the Department of the Interior must comply with all federal laws, including compliance with NEPA, 602 DM 2 Hazardous Substances Determinations, National Historical Preservation Act (NHPA) and US Department of Justice Title Standards. See 25 CFR 151.13.

What are the applicant's responsibilities if the applicant receives a written request from the Bureau of Indian Affairs requesting additional information to process an application? The applicant must reply back to the BIA within the time frames identified in the written correspondence requesting additional information. All correspondence from the BIA requesting additional information will include each specific document needed to proceed with processing the application and will include the specific time the applicant has to provide the requested information. It is very important that applicant maintains written communication with the BIA throughout the process when the applicant is contacted by the BIA. If applicant needs additional time to respond to a request from the BIA for additional information, they must contact the BIA as soon as possible and make the request for an extension of time in writing. The BIA will reasonably accommodate requests from applicant for additional time to provide information, and will notify the applicant in writing of the decision regarding the applicant's request.

What happens if I do not respond? If the applicant does not respond in the time stated in the letter or any extension, BIA will either return the application or take into consideration failure to provide the information. If the applicant has failed to provide infor-

mation on a non-critical title issue, BIA will take into consideration that there is insufficient or negative information in forming BIA's decision on your application and may result in a denial of your application.

Are there entities that will be provided notice of an application for a fee-to-trust acquisition? Yes. State and local governments, including Tribal governments having regulatory jurisdiction over the land contained in the application, will be notified upon written receipt of an application for a fee-to-trust acquisition. The notice will inform the entities that each will be given 30 days in which to provide written comments as to the acquisition's potential impacts on regulatory jurisdiction, real property taxes and special assessments.

10. Will all applications from eligible Indian Tribes and eligible Indian Individuals result in a fee-to-trust acquisition? No. Each application will be evaluated to determine if the applicable criteria defined in the CFR has been addressed (25 CFR 151.10 and 151.11), and the official authorized to accept the fee-to-trust acquisition will decide whether to accept the fee-to-trust acquisition. All decisions to accept or deny a fee-to-trust acquisition shall be in writing. If the acquisition is denied, the applicant will be advised of the reasons for the denial and will be notified of the right to appeal the decision and where the applicant's appeal must be filed.

11. How long does the process take? The length of time to complete the process varies depending on the required steps. The required steps differ for on-reservation or off-reservation trust acquisitions and mandatory or discretionary acquisitions.

Can I get a report on the progress of my application? Yes. BIA tracks the steps and progress of applications. BIA will provide you a report upon your request.

Greetings,

This week, the Supreme Court blocked President Obama's unlawful executive amnesty action, maintaining a temporary injunction against the president's illegal overreach.

This decision is a victory for the rule of law. As The Washington Post rightly noted, "the action deals Obama perhaps the biggest legal loss of his presidency." By trying to unilaterally grant amnesty to nearly five million people, President Obama invited even more illegal immigration, which in turn undermines our security and drives down the wages of Americans across our nation.

No President has the authority to rewrite the law or ignore our immigration laws, and the Court's rejection of Obama's executive amnesty is a powerful rebuke of this administration's lawlessness.

I salute Texas for leading 25 other states in securing this important victory for our Constitution and for our sovereignty.

Keep Texas Strong,

Ted Cruz

Sen. Cruz Applauds Federal Judge's Decision to Strike Down the Obama Admin's Fracking Regulations

Sen. Cruz on Wednesday issued the following statement, applauding the U.S. District Court of Wyoming for its ruling to strike down the Bureau of Land Management's (BLM) fracking rule:

"Today, a federal court in Wyoming made important progress to rein in President Obama and his army of regulatory bureaucrats," Sen. Cruz said. "In Texas, we're blessed to lead the nation in energy production, but this also means our state faces the greatest damage imposed by the administration's job-killing regulations. As Judge Scott W. Skavdahl rightly observed, this BLM rule defied common sense. 'Congress has not delegated to the Department of Interior the authority to regulate hydraulic fracturing,' Judge Skavdahl held. 'The BLM's effort to do so... is in excess of its statutory authority and contrary to law.' I applaud the U.S. District Court of Wyoming for upholding the rule of law and putting a stop to this administration's egregious pattern of overstepping its constitutional and legal authorities."

Sen. Cruz Op-Ed in Conservative Review: ‘Bowling at the Altar of Political Correctness Won’t Defeat Terrorism. Here’s What Will.’

On Monday, Sen. Cruz penned an [op-ed](#) for Conservative Review, highlighting the Obama administration’s failure to fight radical Islamic terrorism and outlining a path forward that would protect our country and its citizens.

“The events in Fort Hood, Boston, San Bernardino and now Orlando demonstrate that this administration has failed to produce a clear-eyed strategy to defeat Islamic-inspired terrorism,” Sen. Cruz wrote. “Instead, it has generated such utterly unenlightening and meaningless policies as the “countering violent extremism” initiative that do more harm than good. By willfully blinding itself to the real threat, the Obama administration is fighting blind in the war on terror.”

“...To protect America from this terrorist threat will require defeating the radical Islamist ideology that inspires it. And that, in turn, requires destroying the credibility of the ideology in the eyes of potential adherents, as well as preventing the ideology from taking root anywhere in the United States.”

Sen. Cruz to Hold Hearing on Cover-Up of Islamic Terror by Obama Administration

Next Tuesday, June 28, Sen. Cruz will chair a hearing titled ‘Willful Blindness: Consequences of Agency Efforts to Deemphasize Radical Islam in Combating Terrorism.’ The [hearing](#) will examine the Obama administration’s refusal to attribute the terrorist threats we face with radical Islam, hobbling our ability to combat the enemy. The hearing will specifically investigate how the federal government has not only refused to appropriately identify the specific threat of radical Islam, but has sought to undermine the people and information who have sought to highlight the threat.

On Wednesday, Conservative Review’s Daniel Horowitz wrote an [article](#) highlighting the importance of Sen. Cruz’s upcoming hearing and the need for Congress to shift its attention from unconstitutional gun control measures to fighting radical Islamic terrorism.

Sen. Cruz Issues Statement on ‘Brexit’ Results

Sen. Cruz today issued the following statement on the United Kingdom’s referendum on its membership in the European Union:

“The British people have spoken clearly: They choose to leave the European Union,” Sen. Cruz said. “The results of the ‘Brexit’ referendum should serve as a wake-up call for internationalist bureaucrats from Brussels to Washington, D.C. that some free nations still wish to preserve their national sovereignty. The British people have indicated that they will no longer outsource their future to the EU, and prefer to chart their own path forward. The United States can learn from the referendum and attend to the issues of security, immigration and economic autonomy that drove this historic vote. In addition, we should treat the ‘Brexit’ as an opportunity to forge a closer partnership with our historic friend and ally, including immediately starting negotiations for a targeted US-UK free trade agreement.”

Earlier this week, Sen. Cruz and others sent a [letter](#) to President Obama requesting that the United States not interfere with the United Kingdom’s decision.

Cruz, Lankford, Lee, Duffy Continue Fighting Obama's Internet Giveaway

On Tuesday, U.S. Sens. Ted Cruz, James Lankford (R-Okla.), Mike Lee (R-Utah), and Rep. Sean Duffy (R-Wis.), sent a [letter](#) to National Telecommunications and Information Administration (NTIA) Assistant Secretary Lawrence Strickling, questioning the agency's apparent violation of federal law in using federal funds to relinquish U.S. oversight of the Internet.

"As you know, Section 539 of the Fiscal Year 2016 Omnibus (Public Law No. 114-113) states, 'None of the funds made available by this Act may be used to relinquish the responsibility of the National Telecommunications and Information Administration, during fiscal year 2016, with respect to Internet domain name system functions, including responsibility with respect to the authoritative root zone file and the Internet Assigned Numbers Authority functions,'" the senators and congressman wrote.

"We believe that NTIA has violated that prohibition by funding projects whose only conceivable purpose is to facilitate the proposed transition of responsibility to the Internet Corporation for Assigned Names and Numbers (ICANN)."

Sen. Cruz: We Should Protect Good Guys and Target Bad Guys

Sen. Cruz on Wednesday released the following statement after voting in favor of Sen. John McCain's (R-Ariz.) amendment that would provide law enforcement with more effective tools to keep Americans safe from terrorism:

"In this age of jihad, the federal government has an obligation to do everything possible to keep us safe from terrorism and, at the same time, to protect the constitutional liberties of law-abiding Americans. We should protect good guys, and target bad guys," Sen. Cruz said.

"Last year, I joined with Sen. Lee to pass the USA Freedom Act, which ended the federal government's bulk collection of phone meta-data--protecting the privacy of millions of Americans.

"Today, I joined with Sen. McCain in voting to allow the FBI to obtain Internet search data of specifically-identified suspected terrorists as part of an 'authorized investigation to protect against international terrorism or clandestine intelligence activities.' The government still will not be able to collect this information on Americans in bulk, but we will have the tools to investigate specific jihadists and--with an Administration willing to confront the enemy--hopefully prevent future terrorists attacks.

"Both measures are positive steps to protect the rights of innocent Americans and enhance the ability of law enforcement to defeat radical Islamic terrorism."

Hi Mary-

Attached are the two published hearings I could find on S. 1322 and S. 1006. If you're looking for actual correspondence or notes from the subcommittees, then the place to contact would be the Center for Legislative Archives. All committee papers are sent there and documents from 1986 should be open and available to the public by now (files are kept closed for 20 years).

Here's a link to the files available from the Committee on Energy and Natural Resources

<https://catalog.archives.gov/id/561297#.V3E4qKTDVlc.link>

You would have to call or email a request and then an archivist might be able to run a few searches in their database to see if the boxes could potentially contain something you need

This is their contact info:

I don't see any debate in the Congressional Record specifically about either of those bills. Neither was discharged from committee, so essentially that's where the bills died. In 1988 [S. 1889](#) was passed into law ([H.R. 2794](#) was the House version of that bill), and there is a Legislative History page in ProQuest which I'm also attaching.

Unfortunately I don't see any other legislative documents for S.1006 and S. 1322. I did a news search in Lexis and it there were a few articles regarding court case in 1986 involving the BLM and geothermal leases, but I'm not sure if that's relevant to your needs.

Let me know if there's anything else I can help with.

Best,

Rachel

From Risch: Richards focuses on the rejection of ID gov's recommendations in Oct 2015. And still waiting on grazing guidance from BLM, despite draft copy released in press.

From Risch, Lee, Daines, Barrasso: Sweeney's data showing acreage of existing mining claims overlaid with the proposed withdrawals, emphasizing the relative size of the footprint of the claims.

Re: The Bureau of Land Management and Forest Service's efforts to implement amendments to land use plans and specific management plans regarding sage grouse conservation and those agencies' coordination activities with affected states

Dear Chairman and Honorable Members of this Committee:

It is a privilege to testify today before this committee on matters relating to sage grouse conservation and implementation of the federal land use plans in Utah. I currently serve as the Director of Governor Herbert's Public Lands Policy Coordinating Office. In that capacity, I oversee the implementation of the *Utah's Conservation Plan for Greater Sage-Grouse* and I am closely involved with ongoing federal efforts to implement the federal sage grouse land use plans within Utah.

My takeaway message to you today is threefold. **First**, I want to detail for you Utah's success in utilizing state management and solid science to conserve the sage grouse. **Second**, I want you to highlight some of the concerns I have regarding implementation of the federal land use plans. **Third and final**, I will offer a few recommendations that I believe could result in more effective, efficient and successful implementation of the federal land use plans.

On a national scale, the sage grouse population in Utah makes up about 7% of the national sage grouse population with about 7.5 million acres of sage grouse habitat in the state. Nearly 50% of the sage grouse habitat in Utah is found on federal lands.

More than 15 years of intensive graduate level research by Utah State University biologists has taught us that there are 11 distinct sage grouse population centers in Utah – each one different than the others. When we accepted Secretary Salazar’s challenge to develop a statewide sage grouse conservation plan in December of 2011, we quickly realized a single Utah Plan would not work; one size would not fit all. We ended up with 11 separate plans – each focusing on local threats and risks and on conservation actions designed to conserve that unique population.

Since 2006, the state has invested over \$50 million dollars into sage grouse management and research. To date:

- We have enhanced and restored more than 620,000 acres of sage grouse habitat;
- The state has protected over 25,000 acres of habitat since 2013; and
- We have increased sage grouse populations by 58% since 2013 when we put our current plan into effect.

The greatest threats to sage grouse in Utah are fire, cheat grass, and encroachment of pinion/juniper trees into sage grouse habitat. We have found that as we prevent and manage wildfire, and restore sagebrush habitat by removing excess trees, we can restore sage grouse population numbers. Yes, the state’s strategy for managing sage grouse in Utah is very simple. And very effective!!

It was a huge disappointment when federal land management agencies adopted resource management plan revisions that largely ignored the strength and science behind

Utah's conservation plan. I could spend hours here today telling you about all of the complicated and unnecessary facets of those plans, but instead, I want to highlight just a few main issues we've encountered dealing with the implementation of the federal plans and the negative impacts we are seeing in Utah.

First – Implementation in Utah is not based on the best available science.

I am concerned that one-size fits all national standards are being imposed to manage sage grouse here in Utah. For example, the forest service is looking to implement grass height standards for livestock that are based on conditions in Idaho and Oregon, but wholly unrealistic for Utah. Critical sage grouse conservation areas in the southern part of Utah have likely never seen nor will never see 7-foot stubble heights. Imposition of an unachievable grass height standard will result in the eventual elimination of livestock grazing in the areas, which one could be led to believe is, in fact, the desired outcome of the federal plans.

Second – plan implementation hurts Utah's economy.

The federal government needs to be cautious as it makes land use plan decisions that modify economic and resource development on federal lands. In Utah alone, \$2.5 billion dollars a year comes from economic activities in sage grouse habitat. Under federal plans, oil and gas development is being severely restricted if not banned outright depending on the habitat classification the federal agencies impose. Last year alone, over 480,000 acres of oil and gas leases were deferred due to federal sage grouse conservation plans. The potential impacts of the mineral withdrawal, particularly in a state like Nevada, are catastrophic and wholly unnecessary. As the federal agencies continue to limit development and use of *our* federal lands in the name of sage grouse conservation, they need to recognize the resultant perilous impacts to both state and national interests and economies.

And my third point is that federal sage grouse plan implementation is suffering from serious inertia.

State and local land managers have been waiting for months for Washington knows best implementation guidance. As I previously opined, sage grouse conservation action needs to be the result of a bottom-up process that involves many partners and that is informed by the best available science for that particular locale. All too often while working with federal agency managers, we have been told that sage grouse related decisions are on-hold awaiting direction from the DC brain trust. What a waste of time and opportunity.

IN SUMMARY and drawing on over 35 years of experience dealing with public lands issues, including 5 years directing the BLM, I recommend the following changes which I believe would improve the implementation and success of sage grouse conservation in Utah. Any help from Congress to influence the BLM, Forest Service and Fish and Wildlife Services to adopt these recommendations would be greatly appreciated.

1. First, the BLM needs to more fully follow the State of Utah's Plan for the Conservation of the Greater Sage-Grouse. The State Plan has worked and will continue to work to conserve sage grouse. Ours is an all-lands plan and we would welcome full federal participation in its implementation.
2. Second, we need less Washington D.C. interference in plan implementation. Local BLM and Forest Service officials are highly skilled and capable, and have worked closely with the state in refining our shared understanding of sage grouse and their critical habitats. They partner regularly with us on habitat conservation and restoration projects. Local federal leaders are cognizant of the strength, science and local knowledge underpinning Utah's Sage-Grouse Conservation Plan and know that success managing sage grouse and sage grouse habitat requires on-the-ground

knowledge and the engagement of many committed and competent partners. Participation and funding from NRCS, and many other state and federal partners, has most certainly been essential to the successes we have shared in conserving sage grouse. I urge the Director of the BLM, Chief of the Forest Service, and the respective Cabinet Secretaries to step back and allow state and local federal officials to do their jobs without the nagging requisite of constantly seeking permission from the mother-ship in D.C. before making decisions or taking action.

3. Finally, the federal agencies should adopt compensatory mitigation measures developed by the State instead of creating national one-size fits all standards. This year the Utah State Legislature passed the Sage Grouse Management and Protection Act which directs the creation of a Utah mitigation banking system that will serve to mitigate and restore sage grouse habitat that is permanently disturbed. This will be an excellent tool to assist the federal government in reaching the net-conservation-gain of sage grouse conservation. I encourage the BLM and Forest Service to fully adopt Utah's compensatory mitigation program when the rule becomes final later this year.

The State will continue to protect, conserve and create sage grouse habitat regardless of the federal plans. We are confident that our plan addresses the real threats to conservation of sage grouse in Utah, namely, fire, invasive grass, and excessive trees, rather than focusing on exaggerated or non-existent threats which result not in species conservation but serve only to constrain access to, and use of, federal lands. Again, thank you for this opportunity.

**U.S. Senate Committee on Energy & Natural Resources
Subcommittee on Public Lands, Forests, and Mining
Oversight hearing on sage-grouse conservation**

June 28, 2016

Testimony by Catherine Macdonald
Oregon Director of Conservation Programs
The Nature Conservancy

Chairman Barrasso, Ranking Member Wyden, and Members of the Subcommittee:

Thank you for providing me with this opportunity to testify at this oversight hearing on the status of the Bureau of Land Management and U.S. Forest Service's efforts to implement amendments to land use plans and specific management plans regarding Greater Sage-Grouse conservation, and those agencies' coordination with affected states.

I currently serve as the Oregon Director of Conservation Programs for The Nature Conservancy where I lead our state's conservation efforts, including our work on Greater Sage-Grouse. Over the past six years my staff and I have partnered with a wide range of stakeholders to develop an "all lands, all threats" approach to Greater Sage-Grouse conservation. Together we worked to identify measures that would reduce threats to Greater Sage-Grouse populations while allowing for agricultural production and development needed to generate economic returns vital to the region's rural communities.

As an organization, The Nature Conservancy has over 60 years of experience working with private landowners, federal, state, local, and tribal governments across the nation. We are the world's largest conservation organization with over one million members, including 25,000 household members in Oregon. We work in 69 countries around the world to conserve the lands and waters upon which all life depends.

Stabilizing and increasing populations of the Greater Sage-grouse across its range is a priority for the Conservancy. Our efforts are grounded in sound science and collaboration. Our philosophy is not to stop all development activity and economic use of land, but rather find solutions that prevent those activities from impacting the most critical lands and waters. Our work on the Greater Sage-Grouse across the West has been designed to use our scientific

expertise to inform the federal and state land use plans, and to provide our hands-on habitat protection and restoration expertise working directly with public and private landowners.

The story of the Greater Sage-Grouse is one of hope and opportunity. Actions to benefit the Greater Sage-Grouse will provide conservation benefits for many other species. Healthy sagebrush steppe habitats benefit more than 350 sagebrush-associated plants and animals of conservation concern as well as important game species such as elk, mule deer and pronghorn antelope. Just as importantly, people also benefit from healthy Greater Sage-Grouse habitat. In Oregon, a common refrain in ranching communities is that, “what’s good for the bird is good for the herd.” For example, efforts to prevent uncharacteristically severe fires protect forage for livestock.

The Bureau of Land Management (BLM) and USDA Forest Service (USFS) land use plans for Greater Sage-Grouse represent a historic effort among a large number of partners and a new model for imperiled species: working together to design and implement conservation actions for species before they warrant listing under the Endangered Species Act. These plans are an integral part of the effort to conserve Greater Sage-Grouse habitat. The federal agencies should be given the opportunity and resources they need to succeed in implementing the plans.

The federal plans provide a cohesive strategy for addressing threats across the range of the species. It was because of these plans that the U.S. Fish and Wildlife Service (USFWS) was able to make the determination that the Greater Sage-Grouse did not warrant listing under the Endangered Species Act. This averted a situation where every major project or permit affecting the Greater Sage-Grouse on federal lands would have had to undergo consultation with the USFWS. Additionally, a listing would have meant that private landowners and states would have been required to get permits from USFWS if their actions could harm the bird or its habitat.

Greater Sage-Grouse habitat crosses all ownership jurisdictions in 11 states, making both federal and state management plans essential for addressing threats to the species. The BLM and the USFS manage nearly two-thirds of the remaining Greater Sage-Grouse habitat; therefore, it is critical that both federal and state partners work proactively and collaboratively to implement the needed conservation actions.

In Oregon, the federal agencies began working with state officials in 2010 in response to the “Warranted but Precluded” Greater Sage-Grouse listing status in order to share information about the needs and issues related to renewable energy development and habitat conservation. They recognized that the future of Greater Sage-Grouse populations and the rural economies within its range are dependent on a coordinated landscape-scale approach to

conservation and economic decisions. Their efforts further evolved into the Greater Sage-Grouse Conservation Partnership in 2012. The Partnership was charged with the goal of developing a unified all-lands approach to Greater Sage-Grouse conservation in Oregon.

The Partnership engaged representatives from local governments, Oregon Cattlemen's Association, Oregon Hunter's Association, energy companies and conservation organizations, all of the relevant state agencies and our congressional delegation. Over the ensuing three years, a core team met almost every week and over sixty stakeholders met quarterly and at times monthly to discuss challenges, compare potential policy and management options and develop coordinated solutions.

Other early collaboration between the Oregon Cattleman's Association, the BLM and the USFWS resulted in the development of a Candidate Conservation Agreement which was signed in May 2013. In 2014, USFWS and Harney County Soil and Water Conservation District signed a Greater Sage-Grouse Candidate Conservation Agreements with Assurances. A year later Candidate Conservation Agreements with Assurances had been signed by all eight Oregon counties within the range of the Greater Sage-Grouse.

These agreements collectively establish a foundation for private landowners to implement conservation measures benefiting Greater Sage-Grouse in exchange for assurances that they will not be burdened by additional regulations if the species is listed as a federal threatened or endangered species. In Harney County alone, more than 53 landowners have signed agreements covering more than 320,000 acres.
