Description:

Dear ACPG Member: Based on responses to the doodle poll, it looks like Monday, June 5, 2:00pm is the best option. If you are not able to attend, please forward this email as an invitation to your deputy/designee. In the event we don't have an OS Senior Advisor on board by meeting date, Bud Cribley has agreed to Chair. Please send me any agenda topics you would like to address during the meeting. As we get closer to the meeting date, I'll send out a reminder notice with a draft agenda. I'll also send you a calendar invitation. ACPG Meeting 1689 C Street OS Conference Room Monday, June 5, 2017 2:00pm - 3:30pm Thank you, Lesia Lesia Monson Department of the Interior Office of the Secretary 1689 C Street, Suite 100 Anchorage, AK 99501

Please let me know when it might be convenient to meet. Right now, it seems that FACA advisory commissions are getting close scrutiny, perhaps in order to eliminate redundancy and inefficiency in some processes. The proposed Local Advisory Council is a different animal. It serves a critical role in the regulatory process for subsistence management in Alaska by pushing management authority out to the subsistence users closest to the land and resources. If there is any way to speed its creation, we would like to explore doing so. At the same time, the agreement between AITRC and DOI includes another provision designed to improve efficiency and increase local control: a special hunting permit, administered by AITRC. While we originally saw the Local Advisory Council as the first step to implementation, it may be that it makes more sense to put effort into establishing and implementing that permit program at this point. Description:

Greetings Mr. Wackowski: Congratulations on your appointment as the Alaska Special Assistant to the Secretary DOI. I realize that you are in the process of getting settled, and I apologize in advance for reaching out to you during your getting settled phase. I am in the process of coordinating an NRO Federal Civil engagement trip to Anchorage on 19 Jun 17 for Mr. Jason Moses, Director, User Engagement Office, Mission Integration Directorate, National Reconnaissance Office. I would like to request an informal office call with you anytime between 1100-1200 hrs, 19 Jun 17. The purpose of this visit would be to inform you on the scope of NRO support/activities to the Alaska Federal Civil/Civil Applications Committee (CAC) community. NOTE: This visit will be an NRO-DOI senior meet and greet" visit/discussion - normal pre-visit prep not required. However, I will have CAC info, BIOs, etc. provided in advance for your review. As one who has personally provided NRO support to the CAC Alaska community since 1999, believe this interaction would be of mutual benefit, and considering your Reserve background will be of special significance. Pending receipt of your response, I will work the visit details with Lesia and Chris, etc. We look forward to meeting with you. Description:

Hi Kevin, Steve will be on travel status Tuesday - Friday of that week. He'll be in Anchorage on Monday, July 24, but he plans to be accompanying a DC visitor to meetings throughout that day. Since I know he wants to meet with you and Lisa, let's pencil in 8:00am on Monday, July 24 at his office. I'll send you both a calendar invitation. But please note, if our visitor's schedule evolves to include an 8am meeting that Steve needs to attend, he may need to cancel. As far as your question about the ACPG meeting: if you like I can schedule a meeting based on your date/time preference. I do know that several of the ACPG members will also be on the same trip as Steve and will not be available to attend. They could possibly send a deputy or emergency response specialist in their place. Let me know when/if you want to schedule the ACPG meeting. Thank you, Lesia Lesia Monson Department of the Interior Office of the Secretary 1689 C Street, Suite 100 Anchorage, AK 99501 (b) (6) On Wed, Jul 5, 2017 at 8:05 AM, Misenheimer, Kevin wrote: Hi Lesia, I wanted to follow up on the discussion between Lisa and Steve below. Can you help us find some time on Steve's schedule during the week of July 24 while we are visiting Anchorage? I have tentatively blocked off the morning of the 24th (see attached our draft schedule), but we do have some other time slots open. Also, we were not sure if Steve wanted to convene the ACPG at some point towards the end of the week. Can you let me know about that as well. Thanks for your help! Kevin POCs: Lisa A. Our meeting starts at 11:30, folks usually grab food and socialize for a little bit and then we do club business through about noon. Our lunch presentations usually last about 30 minutes. We have a nice projection setup if you would like to do a powerpoint. Our membership would be interested in what you have to say about the Secretary's priorities for energy development on Federal lands in Alaska. I am really looking forward to your presentation. If you have a title you'd like us to use, please let me know. Please also send along a short bio that I could use in our promo for your talk. Nothing big, just a couple sentences would be great. If you don't have anything around I could cobble something together from the news stories about your appointment I'm sure. Thanks so much for agreeing to speak to our group. I'm really looking forward to meeting you and having you speak to our members! Dear Mr. Wackowski, I am the Acting Director of the Office of Policy Analysis (PPA) in the Office of the Secretary. As you are in Washington DC this week, I would like to invite you to meet some folks in our office as well as the Office of International Affairs. This would be an opportunity for us to get to know you and your priorities. Are you free to meet with us Thursday, September 14th from 1-2pm EST in Room 3512 at the Main Interior Building or if you have another available time? Also, as you may be aware, PPA hosts the monthly Interior Arctic Coordination Group (IACG meetings). This month's meeting will be held tomorrow, Wednesday September 13, 2017 in Room 2529 MIB. The agenda is attached. You are welcome to join us in person, if you are available. Thank you and we look forward to meeting you! Regards, Shawn -- Shawn M. I meant to send an email back to you last night; but, there was a teleconference this morning with the Officers/Executive Boards of BOTH the Marine Technology Society and the IEEE. These are weekly calls set up to the track logistics and details of running such a large event. While I am a member of MTS and on the Committee for this meeting, I am NOT a Board member, so I thought I would alert them about this as a courtesy prior to responding. Bottom Line: They are THRILLED that Vincent would be willing to be a Plenary Speaker! Many of the member of BOTH Societies are affiliated with the Offshore O&G industry and support companies, so having Vincent present would definitely connect with the audience. Important Items/Actions: They need to finalize the agenda/program/website/etc. and really need Vincent's Bio and Picture by COB next Tuesday. Logistical arrangements/information (registration, lodging, etc.) can be found at the Oceans'17 Primary Website: <http://www.oceans17mtsieeeeanchorage.org/> However, MTS has a specific contact for helping to arrange travel logistics for VIPs. She is Nichole A. Bolen | Outreach & Engagement | Marine Technology Society Email: Nichole.Bolen@mtsociety.org | Phone: (602)350-6375. Nichole is very, very helpful. The day Vincent would speak is Wednesday Morning, September 20th, during the 8:00 - 10:00 Plenary session. Vincent will have 30 minutes for his presentation; there will also be one other plenary speaker as well as general announcements, While it is totally up to Vincent, I think a talk highlighting the Administration's "Energy Dominance" policy; BOEM's new, developing 5-Year O&G Leasing Program: the importance of Energy from the Ocean in the Nation's Energy Portfolio (including Alaska and the Arctic), AND the importance of Technology, Industry, and Science in making this a reality would resonate with this crowd. As you will find in the List of Exhibitors and in the a Advanced Technical Program (links below), there is a good balance of industry, academia, gov, etc. Since this is both a National and International meeting, comments also regarding the Gulf of Mexico, and the Pacific and Atlantic Coasts would also be very pertinent. In fact, comments from some of the Board members this morning included making sure folks in Houston are made aware that Vincent is coming! Regarding ethics, etc. I and other career folks attending, register as "attendees". While Plenary speakers, and local volunteers are offered complimentary attendance, registering like everyone else includes all of the lunches, the reception, and the Gala at the Alaska Native Heritage Center; etc. this helps with the ethics issue because it is part of the registration fee and applies to all attending. I think the same would apply to Vincent, but please check with the IOS ethics folks The Big Reception/Gala is Wednesday evening, the day of Vincent's talk. His attendance would be very, very welcome. I'm thinking the same arrangement should work for him. I.E. all paying attendees are entitled to the same festivities/events because they are included in the cost of registration. Again, double check with Ethics AND Nicole Bolen . Preliminary Agenda: <http://www.oceans17mtsieeeeanchorage.org/schedule/> List of exhibitors: <http://www.oceans17mtsieeeeanchorage.org/exhibitor-list/> Anchorage Advance Technical Program: <http://program.oceans17mtsieeeeanchorage.org/glance.cfm> Finally, my staff and I stand ready to help Vincent's Office in preparing his presentation. Because this is a pretty "techy" crowd, a ppt with suitable eye candy would be welcome; Vincent doesn't have to treat the ppt as a lecture, but more of an outreach/information session with generic visuals. I'm sure DOI Comms could get really, really creative! Also, again, since this is BOTH a national and international meeting (verse strictly Alaska), BOEM, BSEE, and USGS Headquarters Offices could be looped in to help as well as our International office. Cheers, and THANK YOU! jjk On Thu, Aug 17, 2017 at 11:49 AM, Schindler, James wrote: Jim, I'm told the Secretary cannot make the conference, but that Vincent is interested in speaking. If that is ok, can you send me and Gisella , an itinerary of what/when

I am the Executive Director for the Ahtna Intertribal Resource Commission. AITRC is a tribally authorized organization comprised of the 8 Ahtna tribes and the two native corporations as the land owners. In November, 2016, we signed an MOA with the Secretary of Interior to cooperatively manage wildlife on federal lands. We would like to touch bases with you to go over the MOA and the progress that's been made thus far. Bruce Cain and I are going to be in town Wednesday afternoon and Thursday morning was wondering if you would be available for a brief meeting. Or perhaps the following week, any day except Monday. We are looking forward to hearing from you. As we discussed, many of the issues are not directly ours - the Ahtna Inter-Tribal Resource Commission ("AITRC") is an organization authorized by the 8 tribes in the Ahtna region together with Ahtna, Inc. and Chitina Native Corporation, the two largest non-government land-owners in the Ahtna traditional territory. AITRC is the counterparty with DOI on the Memorandum we discussed, and is working to build up capacity and undertake cooperative management in the region. Do you have any time next week (except for Monday) for another meeting? I would love the opportunity to introduce you to Karen, and to allow her to walk through the MOU and related issues with you. As I mentioned, Ahtna, Inc. does have a number of issues we address directly with DOI, including fire suppression, land use and access, and wildlife management on ANCSA land. We will do what we can to keep you engaged and up-to-date on those matters. For now, perhaps it is helpful to know that the agency staff we deal with have been efficient and professional, and we value the relationships we have been fortunate to develop. -- Matt

Description:

Dear ACPG Members: Based on your responses to the Doodle poll, we will schedule the next ACPG meeting for Thursday, October 12, 2:00pm - 4:00pm. In case you are not already aware, our office will be moving to Grace Hall, 3rd floor, at the end of September. We no longer have access to our OS conference room, so I'll be asking the bureaus to take turns hosting our upcoming ACPG meetings. Are there any volunteers to host this meeting on October 12? If you have any agenda items (in addition to the topic Steve notes below) that you would like to submit, please email them to me. A meeting reminder and agenda will follow closer to the meeting date. I'll also send you all a calendar invitation. Thank you, Lesia Lesia Monson

Description:

Mr. Cason's Leader Code (b) (5) Can we do 10:00 am Wednesday, November 1? It would be Frank Richards, Gene Therriault and Ed Fogels of AGDC and John Crowther from Governor Walker's office. I will not be there. I'm out in SLC next week for a speech. Frank Richards and Gene Therriault from the Alaska Gasline Development Corporation will be in DC at the end of the month. They would like to meet with Jim on Tuesday, October 31 or Wednesday, November 1. In terms of the topics, they would like to give Jim an update on permitting activities since we last met at the end of June. They are also interested in learning about the status of the draft MOU between Governor Walker and Secretary Zinke. In particular, is that something Jim thinks is still a good idea? We would also like to talk about the comments and actions by USFWS and BLM regarding wetlands protection. I have cc: d John Crowther who runs the Alaska State Office in DC for Governor Walker. I won't be able to attend the meeting as I'm out west the last week of October but John will plan on joining Frank and Gene. I'm just trying to get the schedule set. Thanks for your assistance. Do not hesitate to call if you have any questions or need additional information. Kelly Kelly A. I'm now on my way back to Washington DC via Washington State, but wanted to send you some information about the Bering Sea Fishermen's Association (BSFA) and Karen Gillis, BSFA executive director, in the hope that you and Karen can connect and that you have a chance learn about the vital role the Interior Department has played with BSFA on many areas of mutual interest for quite a few years. BSFA has had a long and productive relationship with Alaska's congressional delegation and numerous federal agencies. Karen is the current BSFA executive director, having recently returned to that position after a two-year hiatus. Her email is karen@bsfaak.org, phone 907-279-6519, and office address 431 West 7th Ave., Ste. 204, Anchorage, AK, 99501. The website is https://www.bsfaak.org/. Karen originally held BSFA's office manager and finance director positions, working her way up to executive director. BSFA was established in 1979 by western Alaska commercial and subsistence fishermen who wanted to have a voice in the process and a seat at the table in the decisions being made about the sustainable development of Bering Sea and western Alaska fisheries. Some of its accomplishments include the efforts to create the Bering Sea Community Development Quota program and to prevent the foreign interception of Alaska salmon stocks. For the past couple of decades, BSFA has placed a lot of time and energy into researching the decline of the western Alaska salmon runs and ways to reverse the low returns. Working with federal and state agencies, and private nonprofits, it has initiated a number of partnership programs including the Arctic-Yukon-Kuskokwim Sustainable Salmon Initiative, Western Alaska Marine Salmon Studies,

Description:

Dear Mr. Wackowski, Earlier this month, in separate meetings with the offices of Senators Murkowski and Sullivan, Greg Bringham and Kate Wolgemuth both encouraged my client, Qutekcak Native Tribe (QNT) of Seward, to introduce themselves to you with regard to their request to organize as a tribe pursuant to the Alaska Amendment to the Indian Reorganization Act (IRA). I am writing at the request of QNT to provide you some background information with the hope that you might be available for a phone briefing with me in the coming weeks to discuss this issue. QNT filed its request to organize as an IRA tribe in 1993, and the Alaska Congressional Delegation has periodically and repeatedly urged the Bureau of Indian Affairs (BIA) to take timely action to honor the request. This correspondence goes back to Senator Stevens' 1994 inquiries and concerns regarding BIA delays. More recently, correspondence between Senator Murkowski and former Assistant Secretaries Echo Hawk and Washburn resulted in a procedural agreement between the Office of the Assistant Secretary - Indian Affairs (ASIA) and QNT in 2012 that would have confirmed QNT's eligibility to organize under the IRA in 2013. Former Senior Advisor Kim Elton helped put the agreement in place, and Pat Pourchot often followed up to try to keep ASIA on track as the process dragged on and target dates were pushed back. Dialogue between QNT and the Department became more active in July 2016 (after the Solicitor's Office promised a more aggressive timeframe that persuaded QNT to hold off on filing an unreasonable delay claim under the Administrative Procedures Act). In December 2016, the previous Administration confirmed with QNT, the Alaska Delegation and Senate Interior Appropriations Subcommittee staff that a determination on QNT would issue before the presidential transition. The previous Administration, however, failed to keep that promise. (The attached letter to Secretary Zinke further elaborates on these details). On November 6, 2017, QNT had a positive, refreshing meeting with Acting Assistant Secretary John Tahsuda. In light of the fact that QNT has submitted extensive documentation and that ASIA and the Office of the Solicitor have already spent considerable time reviewing this material, Mr. Tahsuda suggested a preliminary decision on QNT's request could be issued early in the new year. (I'm attaching a copy of QNT's follow-up letter to Mr. Tahsuda along with a briefing memo summarizing QNT's eligibility to organize as a tribe under the Alaska Amendment to the IRA). QNT has received resolutions of support from the Alaska Federation of Natives, Alaska Native Villages and tribal organizations in its region, and the Seward City Council. Its representatives to the State Legislature have written letters of support. The Alaska Congressional Delegation has expressed interest and support for QNT's effort for many years (Rep. Young introduced a bill 20 years ago that would have federally recognized QNT). I hope to talk with you about this issue and address any questions or concerns you may have. Thank you for your consideration. Sincerely, Michael Willis F. Description:

In preparation for the upcoming energy summit, we will be having a discussion regarding what policies to discuss, which aspects of our energy portfolio to spotlight, and how to apply those ideas to a workable agenda. Attached is the original agenda which was created with multiple discussions with senior staff and this will be the focus of the discussion. Tentative dates for the event will be discussed (principally focused on getting POTUS to the event), yet the purpose of this meeting is to thoughtfully discuss policy and purpose of the event. I think we should arrange a conference call at a time that accommodates all of us. I recognize this is a significant challenge. I've been down this road once before many years ago with very limited results. We did some data review with Steven Amstrup. Weather consideration as those on the email chain can already attest are significant factor. Additionally, the signatures are small and not always well defined. In short, it's a challenge and I look forward to addressing with a new team, sensors and techniques. A polar bear expert I am not so, we will need to understand their den activity and movements a bit. This will help us define expectations and consider additional sensors and new techniques for inquiry. Cheers, Chris Christopher C. On Jan 3, 2018, at 3:30 PM, Drager, Kjersten S <Kjersten.S.Drager@conocophillips.com> Kate, Happy New Year to you! In follow up to our discussion right before the holidays, we're going to have Joe Marushack, President of COP AK in town next week, along with a couple of others from our AK team, including Scott Jepsen who participated in our call as well and who was with us up at Alpine in August. We're hoping you can meet with us while our Alaska team is in town - either on Tuesday, Jan. 9 or Wednesday, Jan. 10. I don't want to circumvent the meeting request process but I know we're just coming off the holidays and I imagine requests are probably piled up so I wanted to be sure to shoot you a note as well to get this on your radar given our discussion about shooting for an in-person meeting sometime soon. In addition to Joe Marushack, the following will also be here: Lisa Bruner, Vice President of North Slope Operations & Development, ConocoPhillips Alaska; Scott Jepsen, Vice President of External Affairs & Transportation, ConocoPhillips Alaska; Jon Goltz, Senior Counsel, ConocoPhillips Alaska; McKie Campbell with BlueWater Strategies, one of our Alaska consultants. Description:

Steve, Here are some ideas about what you can talk about. We're putting you on the agenda for 30 minutes, but it's OK if you take less time (even if it's half). - Introduce yourself the Native Way - where you were born and raised, who your parents are, grandparents if you like. I usually say "I am Crystal Leonetti. I'm the daughter of Al and Grace Poindexter from Ancho Point. I'm the granddaughter of Chuck and Beulah Poindexter from Anchor Point and Harry and Daisy Barnes from Dillingham. I was born and raised in Homer and Anchor Point. My husband is Ed and we have two daughters, Audrey and Gigi who are 12 and 8. I'm the Alaska Native Affairs Specialist for the USFWS for the last 7 years and prior to that worked for USDA for 16 years." - DOI policies on consultation (see attached) - Secretary's position on Tribal relations - Importance of working with local people/front lines (in Alaska = Alaska Native people) that are close to the issues, proposed projects - What advice would you give to the Secretary about working with people on the North Slope and other high-interest areas? - What have you heard about AFN's visit to D.C. and their two priorities on Food Sovereignty and Co-Management, and does the Department have ideas to address those priorities? Agencies present will be in order of number of attendees: USFWS, BLM, NPS, BIA, USGS, and BSEE. We always expect that people will have questions. You're welcome to speak for ~15 minutes, and then have time for questions at the end. Let me know if you need more info. I'll be sending Lesia the draft agenda today. We currently have you slated to speak on Wednesday, January 31 from 1:45 pm to 2:30 pm. The location is the Alaska Native Heritage Center. This is the day we are dedicating to Federal laws, Co-management, and Traditional knowledge. Just after you on the agenda is the speaker on Federal laws, David Voluck. He is the co-author of the big reference book called "Alaska Natives and American Laws", and his talk is equally informative and entertaining, so I hope you can stick around for that. Does that day and time work for you? We would like to add your photo and biography to the student packet. Can you send us those items this week as we prepare to put the packets into production? Thanks for being willing to speak at this event - it is our first all-DOI Native relations course!

From: Jacobson, Cynthia Date: Sat, Dec 16, 2017 at 2:33 PM Subject: CAFF Working Group Reception and Industry Round Table To: Stephen Wackowski Hi Steve, Thanks for the meeting Thursday. As we discussed, there will be a reception in association with the Conservation of Flora and Fauna (CAFF) Working Group of the Arctic Council meeting in Fairbank (UAF Museum) on February 5. Alaska agency partners, industry representatives, congressional delegation, etc. will be invited. It would be great if you could attend. We will be sending out a formal invitation in early January. In addition, the CAFF Working Group is collaborating with Institute of the North to convene an Industry Round Table in Fairbanks the afternoon of February 8, also in Fairbanks. The purpose of the meeting is to initiate dialogue with industry representatives, as potential partners and end users of CAFF WG products, to ensure products are useful to facilitate management and sustainable development decisions. We will send a formal invitation to you in the next couple of weeks. Thanks and have a great weekend! I am pleased to announce that the Interagency Working Group on Energy Permitting and Development in Alaska will resume Principals' meetings in the near future under Deputy Secretary of the Interior David Bernhardt. The date of the first Principals meeting will be determined working with the Deputies from the other agency members of the IWG. A message from Deputy Secretary Bernhardt to all of you who help support the IWG is attached. Additionally, I have taken a new assignment within DOI, and the IWG staff group will be coordinated by Gary Lawkowski, Counselor to the Deputy Secretary. His contact information is: Gary_Lawkowski@ios.doi.gov 202-208-7340 There is a new conference call number for the staff calls, 1-(b) (5) Participant Code: (b) (5) The next call will be Thursday February 15 at 3 pm eastern time. I have very much enjoyed working with all of you, and am sure the IWG will be fully successful under David and Gary's leadership.

So additional research will be necessary when the office is open tomorrow. Ted Mr. James Allotmer Without more identifiers than "Mr. James", given "James" is a common first and last name, I had a little trouble locating any information but I think i found the allotment in question. Although the information provided seemed to indicate possible ownership by the State, if I found the correct one, it appears it is on land still owned by the United States, managed by the Forest Service. It does appear that the power line from Juneau to Snettisham runs through the selected land, and that must have been the basis for the appeal by AIDEA. Based on IBLA's ruling (not having read it, just going off of Annie's summary) it sounds as though the powerline ROW will just not be listed as a "Subject To" in the allotment certificate when issued. Next Step: It looks like the next step should be survey, however, I did see in the abstract that the allotment was relocated or had an amended description at one point and that relocation happened after the field exam was done. If this is the case, we will not be able to survey the lands until one of the heirs, or a designated representative and/or the BIA Service Provider (CCT&H) accompany a BLM Realty Specialist on a field exam to locate the parcel on the ground and set the point of beginning. Once those parties have determined where the allotment is, how it is configured (based on the applicant's use), set the POB and developed a metes and bounds description then a surveyor can survey it. Since it is located within the city limits of Juneau and access will be relatively easy I can ask the Realty Specialist to coordinate with our survey staff and possibly have the two actions taken back to back, or at least in the same field season. That is what we will aim for. Bradley Lake: We have received the State's priority conveyance request letter. The decision and draft TA are in the final stages of drafting and review. I am aware that this is a priority to the State and was in communication with Brent Goodrum on the subject this week. As it is a priority for the State, it is also a priority for us. I have a meeting with Brent tomorrow on another matter and will provide him with a timeline f

I am writing to you to invite you to speak as part of a panel at SWAMC's annual Economic Summit and Membership Meeting which is scheduled for March 1 -2, 2018 at the Hotel Captain Cook in Anchorage. SWAMC is a regional nonprofit economic development organization that serves Kodiak, Aleutian/Pribilof, and Bristol Bay regions of Alaska and each year we host an annual conference in Anchorage. This meeting serves as a networking, educational, and organizational opportunity for 150 -180 participants to strengthen SWAMC and its mission to improve the quality of life for the 30,000 residents in our vibrant region. On March 1 at 2:30 p.m., we are planning a panel of Federal officials that have assumed roles in the Trump Administration that focus on Alaska. I am inquiring regarding your availability to serve on a panel that I hope will include Jerry Ward, Rural Development/USDA; a representative of the Economic Development Administration; Chris Oliver, National Marine Fisheries Administrator; and Chris Hladick, Region X EPA Administrator. We are shooting for a panel of four out of the officials listed. Presentations are allotted about 12 -13 minutes so there is time for questions in the hour-long speaking block. I know you have a busy schedule so I wanted to contact you well in advance to make sure you save the date. You can contact me at the phone number below or to the email address attached to this message. Thank you for your consideration. - Doug Griffin, Executive Director South West Alaska Municipal Conference (SWAMC) 3300 Arctic Blvd, Suite 203 Anchorage, AK 99503 P: 907-562-7380 www.swamc.org

Description:

If you're interested, this is a great example of a partnership between NSSI, industry, and others. The 3/20 meeting is requiring extensive NSSI effort, but the primary outcome is to help inform science needs as it relates to Willow, 1002, Beaufort, etc. NSSI officially kicked off this effort back in November - - we've had tremendous industry participation and support from the federal, state, and local agencies here in AK. We have heard some concerns from the Koyukuk Tribal Council regarding the Galena Zone village crews. We are trying to get a better understanding of the issues and why BLM is making these decisions. Can you please provide responses to the concerns below? A response early next week would be appreciated. I'm happy to schedule a call if that is easier. Thanks so much, Annie
From the Koyukuk Tribal Council: The Alaska Fire Service (AFS) has made a decision to consolidate the Bureau of Land Management (BLM-AFS) Galena Zone village crews into four crews, based on area/location. There are villages that are Inupiaq by region (for example, Noorvik, Ambler, Kiana, etc.), in the Galena Zone. We have not had the opportunity to meet with these villages to hear their concerns about what AFS is planning to do and we do not know how they may feel about making one crew out of the villages in their area/location. The AFS central/base location is on Fort Wainwright. Getting any crew on to this army base has been a continuous problem for village crew members. There is a background check requirement for every person who wants to get onto this army base. This is a conflict with some of the crew members because of past misdemeanor (and/or) felony barrier crime committed. These crew members should not need to have background checks. We would like support in asking BLM/AFS to move off of the Fort Wainwright Army Base and try to tie in with the State of Alaska Division of Natural Resources central/base location off of University Avenue/Airport Road area. Each village has a certain number of crew members who pass the pack test each year. Having an extra physical fitness requirement - such as the Doctor's approval form that is being used is not necessary. Village crews have been combining crews in the Galena Zone for many years past and last summer - Matt Kilgriss (AFS Galena Zone Manager) cut that allowance of combining crews off last summer! It was Koyukuk that prepared and got all crew members ready and were going to add a few more members from another village and Matt cancelled that crew order. We have never had a problem doing this combination ever!! Sometimes crews need to recruit from other villages to make a full crew, when there are other work projects going on in villages. We have a lot of village crew members and do not foresee further income from BLM/AFS because we are being limited by new requirements. Each year we are being replaced by crews that come up from the Lower 48 to fight fires that we know how to put out. We know the country, the routine, the crews. I am not attending the AMA convention in Fairbanks unfortunately. I will be around next week if you can make it to Anchorage. I am available a good bit of the day on Tuesday, Wednesday and Thursday of next week (April 3-5). I am copying Eileen Frost and she can set us up with a meeting time. If you want to call her, she is at 907-271-5080. Thank you and I look forward to talking to you. Karen E. Mouritsen ; Acting State Director for BLM-Alaska phone 907-271-5080; cell (b) (6) On Mon, Mar 26, 2018 at 12:57 PM, Bronk Jorgensen <bronk@tokalaska.com> wrote: Director Mouritsen, I have been working since early last winter, in good faith, with multiple BLM staff in regards to our mining operation on Franklin Creek. Last Friday March 23 I received a brief phone call in response to an email I sent, from Mr. Carr (Eastern Alaska Field Manager) that was followed by an upsetting email. My immediate email response, since I did not have your email at the time was to Mr. Varner, as he has been directly involved in the two sitdown meetings between myself and BLM in regards to this matter. It is now obvious to me that the tone and discussions in those meetings, that BLM wanted to work with us and in good faith to resolve the Franklin reclamation and other outstanding issues was a farce. I was going to write out the specific details in response to Mr. Carr's email. Instead I have decided a face to face meeting with you and a couple other BLM personnel, to discuss this matter first would be best. And if not, we can do it all during the appeal process. This email is a formal request to meet with you either at the AMA Convention in Fairbanks or in Anchorage. This week I will be in Fairbanks for parts of the AMA Convention (Wednesday for sure) if you are attending or next week I will drive to Anchorage and can meet at your convenience. I would like for Mr. Varner, Mr. Whitlock and Ms. Sweet (believe she is Acting Deputy) to attend also. Sincerely, Bronk Jorgensen Cc: Serena Sweet, Matt Varner, James Whitlock, Geoff Beyersdorf Mr. Varner, What is going on? This was not discussed at our December or the intent of our January meeting and it is obvious that I've been lied to and misled. I'll be responding to this in writing on Monday and asking for a formal meeting with the BLM State Director to discuss. There will be no need for Mr. Carr or anyone working under him to attend this meeting. And for the record, when Mr. Carr called me today nothing was discussed except the snowy weather and if I wanted a response via email and I said "yes please send an email", none of the contents were talked about. Sincerely, Bronk Jorgensen PO Box 386 Tok, AK 99780 Ph: (b) (6) Fx: 866-764-9326 Email: bronk@tokalaska.com On Mar 23, 2018, at 6:28 PM, Carr, Adam <acarr@blm.gov> wrote: Good evening Bronk, Based on our short discussion over the phone here is the follow up to your questions and how we plan to move forward. I am currently working with my staff to finalize a Non-Compliance Order regarding the finding from the 2017 site visits. The order includes these issues that were discussed with you and is needed to document that findings in accordance with the 3809 regulations as well as establishes a deadline by which to address the documented UUD. The decision also restates the BLM's commitment to work with you to finalize a modified reclamation plan and providing you technical assistance related to on the ground reclamation activities this coming season. Once a modified reclamation plan is approved we will also review and request an appropriate updated Reclamation Cost Estimate in accordance with 43CFR 3809.554 and 3809.580. Please call when you have a chance to discuss these issues and the answers to your questions below in more detail. Regards, Adam Carr Does not state that we can mine/sluice our currently disturbed

Thank you, Kutraluk From: Kutraluk Bolton Sent: Wednesday, April 25, 2018 4:48 PM To: 'stephen_wackowski@ios.doi.gov' Cc: Kutraluk Bolton Subject: Request for Meeting to Discuss Noatak Road to Red Dog Port May 8-11 Hello, I spoke to Michele Lane on the Energy and Natural Resources committee and she suggested I reach out to you. I am writing to request a meeting the week of May 7th. The Native Village of Noatak is pursuing the development of a road from Noatak to the Delong Mountain Transportation System, which is connected to the Red Dog port site. The safest route identified by the community requires the construction of a road (approximately 25 miles) along an existing subsistence trail across lands owned by NANA and a horn of land located on the northeastern corner of the Cape Krusenstern National Monument (9 miles of the road would be through the Monument). NANA has already committed to working with the community on permitting the road across its lands. The Alaska National Interest Lands Conservation Act (ANILCA) of 1980 authorizes the designation of rights-of-way across federal conservation system units in Alaska for transportation corridors. However, the administrative process under ANILCA by which a right-of-way (ROW) across the Monument for the Noatak road might be designated is not well established. Consequently, the Native Village of Noatak wishes to pursue federal legislation that will lead to the granting of an ROW for the road. They have submitted a request to the Alaska delegation for a border adjustment in order to get a portion of the Cape Krusenstern National Monument transferred to the Bureau of Land Management. In an effort to help Noatak with this issue, can I meet with you to talk about the Native Village of Noatak effort to establish the ROW through the Monument? I will be in Anchorage from May 8-11th. Please let me know if you are available to talk about options and any other solutions you might think are best for the Native Village of Noatak. Hey Steve, Per our discussion last week. A couple of possibilities. Ted June Senate Natural Resource visit to 40 Mile Adam visited with staff and they have the following recommendations. Mosquito Fork could be a 1/2 day trip to view how the scenic values of the Wild and Scenic River designation are compatible with suction dredging. Alternatively an overnight could be done on the West Fork of the 40 Mile, not sure they'd be exposed to suction dredging and thus perhaps less pertinent to WSR compatibility.

Steve Wackowski from the Dept. of Interior was part of the meeting and informed the group that included Kutraluk Bolton from NANA and Sarah Taylor from Senator Sullivan's office along with others that Secretary Ryan Zinke wants to work with the Native Village of Noatak and NANA to find the smartest and quickest permanent solution for the easement issue for creating an access road to the DMTS port road from Noatak. Noatak would like to look closer at partnering with Alaska DOT to make this a State Road to help avoid revolving fees associated with a private road and help with future maintenance costs. Also the Alaska DOT could be very helpful in acquiring funding from the federal government for the engineering and construction of such a venture, working with and on behalf of the Native Village of Noatak. Please let me know your thoughts on these developments and when we could all have a conference call together to discuss these developments. Also I would like the NANA mapping department to work with the Alaska DOT and share the mapping work you both have been working on so we can all be on the same page with each other and move this project forward expeditiously. --Sincerely Mark A. Hi Tasha (and Sara), Steve is wide open this coming Friday - 5/25. Does Susan have an opening for a phone call with Steve W. and Sara Taylor? Thank you, Lesia Lesia Monson Department of the Interior Office of the Secretary 4230 University Drive, Suite 300 Anchorage, AK (b) (6) ----- Forwarded message ----- From: Stephen Wackowski Date: Wed, May 23, 2018 at 8:00 AM Subject: Re: [EXTERNAL]NPS Subsistence Collection Rule & the Proposed Rule To: "Taylor, Sara(Sullivan)" , susan_combs@ios.doi.gov Cc: "Lane, Michelle (Energy)" , "Elam, Erik (Sullivan)" , Lesia Monson , micah_chambers@ios.doi.gov, john_tanner@ios.doi.gov Sara- let's get on the horn with Susan Combs to discuss this. I am in arctic village today through Thursday. Lesia can set up a time. -steve Sent from my iPhone On May 23, 2018, at 7:53 AM, Taylor, Sara (Sullivan) wrote: Steve, I am pretty disappointed to see the proposed NPS rule does not include the falconry and bear baiting provisions from the NPS Subsistence Collection Rule. One year and two weeks ago, with ample time remaining to use the CRA to rescind the rule, Michelle Lane and I were given some solid assurances from a very sympathetic Casey Hammond that the legality of those provisions would be re-examined immediately, and, at a later time, so would the actual "Subsistence Collection" provisions, which are ridiculous. I have also had conversations about this with Bert and Joel, who have both told me they would broach it with leadership. I shared some briefing materials with you on the Subsistence Collection Rule prior to my testimony to the Board of Game last fall, and I am happy to provide them again, and to brief whomever you wish on this. The main issue is state preemption, so the absence of these provisions in this proposed rule is quite stark, but potentially a consequence of the accelerated timeline. Is there any conceivable opportunity here to wrap these unlawful provisions into the present effort? I know you're very busy with Coastal Plain outreach, but the EA for this rule is being drafted right now, yes? You know, there never was any NEPA for the bear bait and falconry provisions (which were conveniently framed as "already prohibited"), so this would be a nice change-up. More than that, it would fit into this whole process seamlessly, two more for the pile of needlessly preemptive harvest regulations. I figured it was worth asking. Thanks, Steve, Sara

Going? Yes

Description:

Hello all, Greg Siekaniec has provided some additional information so you can plan for this week's reorg meeting. Note the change of location to Campbell Tract. I'll update the calendar invitation with the new location (detailed directions will follow later this week, along with the agenda). Greg's message: I have been asked by a couple of folks what is needed to prepare for the Friday meeting and would offer the following to the group. This is the information that pertains to the issue(s) we will likely be discussing. An agenda will be forthcoming, we plan to meet at the Campbell Tract (USFWS conference) and will provide directions with the agenda. Lunch will be ordered and delivered to the conference room (brings \$\$ to pay the piper). We have made arrangements for a facilitator to assist in the dialogue and capture of actions/assignments. Please send the following to participants of the Friday Regional Directors meeting. Meeting Goal: Multi-bureau effort to expand on already shared, and successful, administrative services, and investigate areas for further common service. <https://www.doi.gov/employees/reorg> OMB Memorandum M-17-22 Executive Order 13781 Comprehensive Plan for Reorganizing the Executive Branch Alaska Collaborative Efforts, Philip Johnson note from earlier this year. The USFWS Transformation document was provided in an earlier email. More to come on agenda and logistics. Hello all, We've determined that June 8 is the optimal date for the ACPG Reorg Brainstorm. I'll send a calendar invitation. Feel free to forward the invitation to your Acting if you are not able to attend. We are not teleconferencing anyone into the meeting. There will be a facilitator in the room. ACPG Reorg Brainstorm Friday, June 8 8:30am - 4:00pm BOEM Conference Room 3801 Centerpoint Drive, Suite 500 Anchorage, AK Lunch will be delivered. Please bring some cash to pay. Lesia Monson Department of the Interior Office of the Secretary 4230 University Drive, Suite 300 Anchorage, AK 99508 (b) (6) On Wed, May 16, 2018 at 20 AM, Monson, Lesia wrote: Dear ACPG Members: Please respond to the doodle poll: [https://\(b\) \(5\)](https://(b) (5)) This is for the initial, ACPG Principals-only meeting requested in the recent ACPG meeting. As you may remember, Steve asked Greg Siekaniec and Jim Kendall to set up a one day retreat for Principals only to brainstorm the concept of a "Unified Region" involving multiple facets such as "Share Services," "the better coordination of decisions," "Collaboration," etc. To this end, we will set up an initial, one day local retreat for ACPG Principals to initiate discussions at an Executive level. For the dates that you are not available, please feel free to ask your Deputy or Acting Director to respond to those dates. Note: only Principals are being sent this message, so you'll need to forward to your selected Deputy/Acting so they can respond to the dates you're not available. It is expected that another retreat will follow involving the requisite SMEs. This first retreat will be local. We are scheduling it as an all day session, but there is a possibility it won't take the full day. Once we have a date confirmed, I'll look for a venue. Campbell Tract and BOEM conference room have been suggested. If you have other suggestions, please let me know. We'll have lunch delivered, so be prepared to bring \$15 - \$20 cash with you to cover the meal. Lunch options will depend on the location of the meeting. Let me know if you have any questions. Thank you, Lesia Lesia Monson Department of the Interior Office of the Secretary 4230 University Drive, Suite 300 Anchorage, AK 99508 (b) (6)

Description:

Quinton, Thank you for meeting with me last week to discuss the dilemma of boat storage permitting in Lake Clark National Park (LCNP) at the Crescent Lake location in Alaska. I followed up on my end by meeting with Todd Wynn, the Interior Department's Director of Intergovernmental and External Affairs. I shared with him the situation I outlined for you, and why it is an important issue to resolve. I am outlining with supporting documentation the issues and concerns so that Senator Sullivan can assist in resolving this situation. Issue: Commercial Activity in Lake Clark National Park Crescent Lake location is regulated by Commercial Use Authorization Permits allotted by the Park Superintendent. Activities in the Park require Fly-in only access. Boats are necessary for access to the State-owned lake and to navigate around Crescent Lake and its shoreline perimeter, which is part of LCNP. Crescent Lake is State Property within LCNP. LCNP requires any CUA permit holder who has a boat to follow the guidelines set in the 2016 version of Attachment D Park Specific Provision for boat storage. There is a private lodge adjacent to the Park Service Cabin and property. There are no restrictions on boat size or storage on the lake for the private lodge boats. The lodge has 5-10 double-hulled party barges with 90 horsepower motors moored on semi-permanent buoys on the lake all season. Attachment D restricts the size of a boat, the number of passengers, and the daily storage location for mooring the boats regulated by the CUA permit. The temporary storage permit requires the boats be removed from the lake by October 1st of each year. By requiring the removal of the boats, NPS puts an unfair burden on my small Alaska Native-Owned business and the other small businesses that operate guide services on the lake. The only way in or out of Crescent Lake is via float plane or helicopter. Hiring a plane to haul out a boat by October 1st creates an unfair financial burden and a safety burden when the weather becomes more unpredictable late in the year. It is an unnecessary stipulation for this unique remote Alaska specific circumstance. The private lodge offers boat storage at an exorbitant rate. NPS is creating a by default storage concession for the private lodge as a result. NPS requiring the removal of the empty cleaned aluminum hull by October 1st creates an unnecessary burden at a time when wildlife is heading to hibernation and visitation from users concludes until the following June. Summary: National Park Service (NPS) issues Commercial Use Authorizations (CUA's) to businesses that are doing business on NPS land that is not contracted with a concession. Crescent Lake is not a Concession designated property within Lake Clark National Park. To accommodate the CUA holders specifically at Crescent Lake, NPS issues temporary boat storage permits valid each year until October 1st at which point the boats must be moved off of NPS property to comply with the Attachment D Park Specific Provision. According to NPS, only Concessions can receive a land use assignment, not CUA holders. There is a private lodge at Crescent Lake within the boundaries of LCNP. There is a safety burden and a financial burden to fly the boats out of the area in October. (It's not clear if boat storage is allowed starting January 1st when the lake is frozen) NPS is creating a by default concession with the private lodge who charges exorbitant fees to store an aluminum hull on the gravel beach. Alaska National Parks are uniquely different than the lower 48 National Parks. LCNP is remote access only. We need progressive measures that support local small business and allow for our citizens to afford access to our National Parks. We need a winter storage permit if that is necessary, to pull up cleaned aluminum hulls and store them on the gravel beach when visitor traffic drops by 98-99% between October 1 and June 1. The restriction that NPS is advancing is that they can't give a land assignment because of the National Parks Omnibus Management Act of 1998, Public Law 105-391, restructuring the old incidental business permit program to the new CUA program. I have read over section 418 of the 1998 Act which NPS personal are referring to concerning not being able to issue a year-round boat storage assignment. Subpart D—Terms and Conditions of Commercial Use Authorizations Section 52.21 specifically addresses permits as referenced by NPS. A close reading of this Section 418 - 52.21 leaves boat storage at Crescent Lake during the winter months an option that does not challenge the regulation. I am not asking for the construction of structures, fixtures, or improvements on lands within the boundaries of a park
