As a company with 50,000 US employees, 2016 US revenues of ~\$24, and having invested \$40 billion over the last 15 years with all 9 of our divisions across 50 states we believe that Siemens has a lot to bring to the table on these critical policy issues. Our global leadership would appreciate time with the Secretary to discuss.

**With which Bureau or Agency does your agenda most align?**

Bureau of Land Management  
Bureau of Ocean Energy Management  
National Park Service  
Fish and Wildlife Service  
Office of Surface Mining Reclamation and Enforcement

**If the Secretary is unable to meet, is a surrogate desired? If yes, who specifically?**

As this is both our US CEO and global CEO the Secretary would be the appropriate level.
