Rusty,

It was a pleasure meeting and spending time with you yesterday. I just wanted to send this quick note to reinforce the point that Shell stands ready to facilitate an overview of our Gulf of Mexico operations, both onshore in our New Orleans offices, and a tour of an offshore Platform, should the Secretary have a desire to do so. Just let us know if so and when he might have schedule availability.

I am copying your friend Brian who will, of course, be very much involved in coordinating such a visit.

Bruce
