**Where:** ASIA Conf Rm 4145

### Who:

Matthew Kelly, James Voyles, Eric Shepard, James Cason, John Bockmier, Willow Iron Cloud, Anita Personius, Catherine Gulac, Ann Bledsoe Downes, Bryan Rice, John Tahsuda

### Description:

We look forward to meeting with you on Monday, February 12th, regarding the Tohono O'odham Nation's pending mandatory fee-to-trust application. Tohono O'odham sent the attached letter to the Department in October 2016, requesting that the Department act on the Nation's pending application to have its remaining land in Maricopa County acquired in trust. This is a mandatory trust acquisition pursuant to the authority in the Gila Bend Indian Reservation Lands Replacement Act. The Nation originally filed its application in 2009, and for reasons explained in detail in the attached letter, in 2014 the Department took 53.54 acres of the land in trust as the Nation's West Valley Reservation, but asked the Department to hold the remainder of the application in abeyance pending successful resolution of litigation. That litigation has been fully resolved in the Nation's favor, as explained in the letter. The Nation has now been waiting for more than a year for the Department to acquire in trust the remaining 81.34 acres pursuant to the mandatory authority in the Gila Bend Act. You may recall that on May 23, 2017, the Nation, its counsel from Dentons, and representatives from the State of Arizona met with you to discuss the Nation's gaming compact amendments. At the end of that meeting, we also discussed the balance of the property, and the State expressed its support for the prompt trust acquisition of the Nation's remaining West Valley property. We understand that the BIA Western Regional Office plans to send a draft decision on the Nation's pending application to Central Office on Friday, February 9th. Consequently, there is no reason for further delay, and the Nation would like to again request that the Department act in accord with its mandatory obligation to acquire the remainder of the Nation's West Valley property in trust as soon as possible.

Attendees: Louis Lopez, Legislative Council Member Dr. Alberto Siqueiros, Executive Director, Department of Education Samuel Daugherty, Dentons Vice Chairman Verlon Jose Legislative Council Vice Chairman Quintin Lopez Legislative Council Member Chester Antone Legislative Council Member Vivian Juan Sanders Legislative Attorney Mike Ehlerman Heather Sibbison, Dentons Susi Schaeffer, Counsel, Dentons Leadership from the Tohono O'odham Nation will be in Washington, D.C. on Monday, February 12th and would like to request a meeting with Associate Deputy Secretary Cason regarding the Nation's pending fee-to-trust application for the remaining 81 acres of property adjacent to its West Valley reservation in Glendale. This is a mandatory acquisition under the Gila Bend Indian Reservation Lands Replacement Act, which the Nation discussed with Mr. Cason last year. Because this application has been pending for quite some time, the Nation would like to check in with Mr. Cason on this matter and renew its request that the Department act on the application without further delay. The Nation would also like to give Mr. Cason a brief update on border issues. POC: Suzanne R. **Description:**

The folks from Cow Creek would like to discuss the proposed gaming land acquisition by the Coquille Tribe, for land located in Medford, OR. The tribe is concerned that the Coquille application continues to move forward, even though the Department is currently reviewing its fee to trust regulations for off-reservation land acquisitions such as the Coquille's propose. They continue to be opposed to the acquisition. If time allows, the Tribe may also bring up the implementation of their land transfer legislation, which was enacted in December by Congress. I've attached it for your information. The tribe will likely only ask for guidance on how to begin efforts to implement the act, as there are several actions that must be jointly completed by the Tribe and the Department for the transfer to be finalized. I expect the following attendees from the tribe: 1. Dan Courtney, Chairman, Cow Creek Band of Umpqua 2. Mike Rondeau, CEO, Cow Creek Band of Umpqua 3. Tim Vredenburg, staff, Cow Creek Band of Umpqua 4. Gabe Galanda, Galanda Broadman law firm 5. Anthony Broadman, Galanda Broadman law firm 6. George Skibine, Dentons law firm 7. Aurene Martin, Spirit Rock Consulting In the past, we've had John Tahsuda, and reps from the Office of Indian Gaming and Solicitors Office attend these meetings. Please let me know if you have any questions. Thanks, Aurene M. Martin Managing Partner, Spirit Rock Consulting LLC 2312 Mount Vernon Avenue, Suite 207 | Alexandria, VA 22305 amartin@spiritrockllc.com |

**Description:**

We would love to have you there the whole time, but in particular we are hosting a listening session on the proposal to amend the fee-to-trust regulations. It is Thursday at 10am to Noon at the Capitol Hilton in the Ohio Room. It would be terrific if you could join us. You are a key decision maker on the fee-to-trust regs, but have not been involved in the consultation process so far. This would be a good opportunity to do so while the tribal leaders are in DC. Our plan is to organize it in a way that will take advantage of your valuable time, the highlights. Essentially, there are important categories of off-reservation acquisitions, and you would hear from a tribal leader with a real-world example of each. We can send you more information as we pull it together with the group, but this is what we are thinking as the major categories: a. Many tribes have trust parcels and no reservation boundary, so every acquisition is "off-reservation." b. Small or diminished reservations impacted by flooding or other types of functional land loss. c. Geographically land-locked reservations that are surrounded by bodies of water or mountains or other federal lands. d. Cultural resources, natural resources or population service areas located off-reservation. e. Reservations insufficient as a viable land base for growing tribal population. Then, we would wrap up with a summary of how the existing process works from the tribal perspective. We are imagining that this presentation may take up the first hour of the two-hour time slot. Council members, Thank you for your emails regarding the request to add mining as a new FAST-41 sector. To address agencies' needs for a discussion and/or more information, I will be scheduling a call for late next week with the goal of agencies sharing their questions/comments with the entire Council and having agencies weigh in on those issues related to their experiences and expertise. Please be sure you (or your designee) is in attendance on the call so we can discuss and determine whether additional information is needed to prepare Council members for a future vote on the request to add mining as a sector. Sincerely, Janet Pfleeger Note: additional information is in my emails of Jan 16th and Feb 6th

Pam Robinson Policy Director Governor Brian Sandoval 775-684-5670

probinson@gov.nv.gov Hi Jim: I'm Governor Brian Sandoval's Policy Director and will be in DC next week for National Governors' Association and am hoping we can find some time to talk about Interior issues. I'm waiting on final details of the Governor's schedule, but I'm open Monday, 2/26, between 9:00 and 11:30; and Tuesday, 2/27, between 9:00 and noon for sure. If either of those dates and times work for you, please let me know. Thanks. Also, we worked together in the '80s when I was Congresswoman Barbara Vucanovich's Legislative Director and my husband, Steve, was the Deputy Director of the Fish & Wildlife Service! Hope we'll have a chance to catch up.

Gila River Indian Community Governor Stephen R. Lewis Our issue for discussion is to update Mr. Cason on our discussions with the BIE and Acting AS-IA regarding a school construction funding innovation that we have proposed. We are fairly far down the line but it is important enough to the Community to brief Mr. Cason. I will send a briefing paper for Mr. Cason's briefing book. Michael G. In follow up to the FIN application within the FAST-41 manufacturing sector and the Corps' email saying it's a mining and not manufacturing project: we need a mining expert(s) on the call tomorrow to talk through a typical mining project and associated facilities. For example, the Elk Creek project FIN lists three manufacturing facilities associated with the project's mining. Since we need to include agency mining experts on this call, I'm asking both you and Rob Tomiak who from EPA should be invited to serve as a mining expert. In the meantime, I'll reach out to DOI to ask about a mining expert from their agency.

I am submitting this meeting request on behalf of the Samish Indian Nation of Washington State. Samish Tribal Chairman, Tom Wooten, will be in Washington, DC during the week of March 12th and would like to respectfully request a meeting with Associate Deputy Secretary Jim Cason, if his schedule permits that week. Chairman Wooten would like to discuss the Tribe's pending land-into-trust application for their Tribal Administration Building and traditional Longhouse Building. Chairman Wooten is available to meet on Monday afternoon on March 12th and / or Tuesday, March 13th and is relatively flexible if any particular date and time work better for Mr. Cason. In addition, Chairman Wooten can be as accommodating as possible depending on Mr. Cason's schedule that week. Attendees for the meeting would include the following people: - Chairman, Tom Wooten - Gary Hatch, Councilman - Craig Dorsay, Tribal Attorney - Gordon Kenny, DC Tribal Rep. - John Harte, DC Tribal Rep. - Kate Weinograd, DC Tribal Rep. Please feel free to contact me in case you have any questions. As always, we appreciate your efforts and thank you very much for your attention and any consideration! **Description:**

Attendees:Tyson Running Wolf, Secretary, Blackfeet Tribal Business CouncilJohn Murray, Blackfeet Tribal Historic OfficeA couple of members from the Blackfeet Tribal Business Council are intown from Montana next week to attend oral arguments on Wednesday, March 14, in the federal district court regarding the Solenex challenge to DOI's decision to cancel their lease in the Badger-Two Medicine area. Tyson Running Wolf, Tribal Council Business Council Secretary, and John Murray, Tribal Historic Preservation Officer for the Blackfeet, will both be here representing the Blackfeet Nation. Separate from the litigation, and given DOI's interest in this important place, I want to flag the opportunity to connect with them -they are presently available between 8 AM - 1 PM on Wednesday, 3/14 and 8 AM - 12 PM on Thursday, 3/15. Let me know if you or colleagues are interested, and what time in those windows might work for you. Thanks for considering. Chairman Harold Frazier asked if I might assist in setting up a meeting with you for next week. He arrives Monday night and will be in all week. As I understand this, DOI indicated to the tribe (via a call from you to the Chairman last August), that in conjunction with laws suits filed and then resolved, that DOI/BIA would be making \$500,000 available to the Tribe for the repair work undertaken at the Cheyenne Eagle Butte school swimming pool. A follow up letter from Chairman Frazier to you was sent on October 12, 2017. That letter does not contain details on the dollar figure but does reiterate your conversation from last August. Let me know if you need another copy. I just received it via email a few minutes ago. Hope to see you soon! Mr. Cason's leader code (b) (5) In addition to my other clients that you are aware of, I also work for the Cheyenne River Sioux Tribe of South Dakota. Chairman Harold Frazier asked if I might assist in setting up a meeting with you for next week. He arrives Monday night and will be in all week. As I understand this, DOI indicated to the tribe (via a call from you to the Chairman last August), that in conjunction with laws suits filed and then resolved, that DOI/BIA would be making \$500,000 available to the Tribe for the repair work undertaken at the Cheyenne Eagle Butte school swimming pool. A follow up letter from Chairman Frazier to you was sent on October 12, 2017. That letter does not contain details on the dollar figure but does reiterate your conversation from last August. Let me know if you need another copy. I just received it via email a few minutes ago. Hope to see you soon! Taxi: Direct the taxi to drop you off on 12th Street NW, between Constitution and Pennsylvania Avenues, at the elevator for the Federal Triangle metro stop - this is almost exactly half way between the two avenues on 12th Street NW. Facing the building with the EPA logo and American flags, walk toward the building and take the glass door on your right hand side with the escalators going down to the metro on your left - that is the North Lobby of the William Jefferson Clinton building. Security Procedures: A government issued photo id is required to enter the building and it is suggested you arrive 15 minutes early in order to be cleared and arrive at the meeting room on time. Upon entering the lobby, the meeting attendees will be asked to pass through security and provide a photo ID for entrance. Let the guards know that you were instructed to call 202-564-7404 for a security escort. **Description:**

Our crew from the Campaign to Save the Boundary Waters will be in Washington, D.C. next week. We would respectfully ask for the opportunity to brief Associate Deputy Secretary Cason on latest developments with regard to the proposed sulfide ore copper mine in the Superior National Forest. Attending would be Becky Rom, Chair of The Campaign to Save the Boundary Waters, Alex Falconer, Campaign Political Director, Bob Ward, the pollster for the firm Fabrizio Ward and Jack Lee, Executive Director of the Voyageur Outward Bound School. We will be in town Monday, Tuesday, Wednesday and Thursday. The ideal day would be Wednesday, if possible. We have a similar request in with your colleague Gareth Rees to see Deputy Secretary Bernhardt. Thanks for your help in this matter. Best regards, Craig

Women's Mining Coalition will be in Washington DC for its 26th annual Fly-In during the week of April 23, 2018. We would like very much to schedule a meeting with Mr. James Cason at his office in DC. The best time for us is at 10:30AM on Wednesday, April 25th. There will likely be three WMC members attending the meeting. Might this time work for Mr. Cason? Lynne Volpi WMC Coordinator lvolpi@frontiernet.net Attendees: Ann Carpenter, Remote Energy Solutions, President Betty Gibbs, Mining & Metallurgical Society of America, Executive Director Dayan Anderson, Micon International, Senior Mining Engineer Issues: Compliance with new Federal Register publication process is essential to streamlining the NEPA process, under the NEPA Streamlining Secretarial Order which will remove permit barriers and uncertainty on BLM administered lands. Retain state boundaries for BLM management structure. Revise Sage-Grouse Land Use Plans to eliminate landscape-scale restrictions. Reject proposed Superior National Forest mineral withdrawal. Reduce agency overlap, requiring a one federal agency approach to coordinate federal permit reviews including environmental reviews.

Below is the webinar address that will need to be (b) (5) project in the new NEPA Document Clearance Process. The Office of Surface Mining Reclamation and Enforcement (OSMRE) is pleased to provide the attached PowerPoint Presentation, Notice of Availability, and Agenda, for your review prior to the May 3, 2018 briefing for the Juan Mine Deep Lease Extension Project and Draft Environmental Assessment (DEIS). This briefing is the first Review Team briefing scheduled as part of the Deputy Secretary's "NEPA Document Clearance Process." The purpose of the briefing is to conduct a streamlined review of the NEPA document and clearance prior to publishing the NOA in the Federal Register. Accordingly, this briefing replaces the current naming of documents related to EIS reviews with a new briefing process. Please review the attached materials. Copies of the DEIS, Appendix, and Supporting Documents are provided for review at San Juan Mine Deep Lease Extension Mine DEIS. Thank you.

**Description:**

WFLC: A few quick reminders and issue updates. • Upcoming WFLC June12/13 meeting - I've attached a brief overview agenda for your use with planning and travel requests. I am working with the co-chairs and senior staff to finalize key topics for the draft agenda to go out end of this week a month out per usual. REMINDER-If you have not already secured your lodging, please do so this week. Hotel information is listed below. • "Fire Year" terminology - I've heard back in the affirmative from all WFLC members as to the briefing paper around collectively using the term "fire year" when we discuss wildland fire at the national level. I will begin working with a small team to consolidate and create a handful of talking points you can utilize as you socialize the term through your circles. As the term is already being used in some sectors, we will utilize a soft-rollout approach and not create anything formal as to press release etc, but support each WFLC member agency and organization as necessary. If you have a suggestion as to whom you may want to work with me on the initial talking points, please let me know. I have several that have expressed interest and a few already identified. We plan to move fast and capture a few key ideas. • Work environment draft WFLC letter - I am hopeful to pull together the last initial thoughts and finalize the draft by the end of the week. I will then work with the principals to move forward on the process of obtaining signatures by each of the WFLC members. As we have discussed, there will most likely be language change as it moves forward, thus I request we are each mindful of the back and forth and be as responsive when we need confirmation of any additional changes to the "final draft." Please let me know if you have any questions. Mike Zupko Wildland Fire Leadership Council 770 267-9630 mike@zup-co-inc.com

**Description:**

Quality law enforcement is the backbone of a Nation of laws. Our greatlaw enforcement officers deserve our deepest appreciation. In 1962, May15 was designated as Peace Officers Memorial Day and that entire weekas National Police Week—a time to recognize all law enforcementofficers. This year National Police Week will be May 13-19. The week isan opportunity to honor our Nation’s law enforcement officers andexpress our gratitude for their service. Since the Department of theInterior’s (Department) founding in 1849, we have lost 139 lawenforcement officers in the line of duty. While we were fortunate tohave not experienced the loss of any of our officers this past year, westand in solidarity with our Tribal counterparts of the Navajo Nationand the Yakama Nation, who memorialized Officer Houston Largo and Game Warden Nelson Onepennee this year on the Indian Country Law EnforcementMemorial in Artesia, New Mexico. It is important that we do not forgettheir names, lives, families, or ultimate sacrifice. Please join me inhonoring our Department’s brave officers during our (b) (6) Law Enforcement Officer Memorial Ceremony. The event is: Monday, May 14,2018 at 11 a.m. Sidney R. Yates Auditorium, Main Interior Building Forthose unable to attend, watch the event at <http://www.doi.gov/live>Everywhere I travel on lands managed by the Department, I am impressedby the breadth of the activities carried out by our law enforcementofficers. Our far-reaching and unique mission means our law enforcementofficers must possess a wide range of knowledge and skills that oftenextend far beyond typical law enforcement duties. As police officers, rangers, wildlife refuge officers, and special agents, they mayfrequently work alone, patrolling vast lands. They may be called on torender emergency medical care, investigate complex resource crimes,perform harrowing technical rescues, and engage in proactive community policing. They work alongside their Federal, State, local, and Tribalcounterparts, who collectively support efforts to protect our lands andto keep our communities safe. I am honored to recognize theDepartment’s thousands of permanent and seasonal law enforcementofficers, who tirelessly protect our treasured lands and keep thepublic safe. Their commitment to the mission and to the American peopleis deeply appreciated. To all of our law enforcement officers, thankyou for the difficult and courageous work you do every day. Sincerely,Secretary Zinke

**Description:**

\*\*\* For those joining by phone, the presentation for the USGS WaterUse Briefing is attached. \*\*\*USGS scientist Melinda Dalton will provide background and an overview of two forthcoming USGS publications regarding water use. One is the forthcoming circular entitled "Estimated Use of Water in the United States in 2015," a national compilation of water use data issued by the USGS once every 5 years for the entire U.S. The second is a mandatory Congressional report, authorized under the SECURE Water Act, that summarizes USGS progress towards a national assessment of water availability and use. This National Water Census report is the second in a series of reports to Congress that explains how the Water Census has progressed towards goals from 2013 to 2017. These reports have been highlighted in the USGS Weekly Report and are scheduled for completion later this month. [LC: (b) (5)]

I've updated meeting invite with the meeting room, time and call innumber for relevant regional or district staff.Meeting InformationCERPOS:FPISC-OED is coordinating an upcoming Permitting Council Interagency meeting for Plains Line 901R/903R Pipeline Replacement Project. Whilethe project is not yet covered under FAST-41, the project proponent, Plains All American Pipeline, L.P., is interested in submitting a FIN.Background information on the project, provided by the projectproponent is below.I'm including working group members and others on this invite for theirinformation. Please work with your components to determine theappropriate staff to join you in the meeting.Please let me know if you have any questions. Project Information Provided by Project ProponentPlains All American Pipeline, L.P. Headquartered in Houston, Texas, Plains is a publicly-traded masterlimited partnership that owns and operates midstream energyinfrastructure and provides logistics services for crude oil as well asnatural gas storage facilities. Plains owns and operates pipelines,terminals, and related oil transportation infrastructure across theUnited States, including in California.Plains Line 901R/903R Pipeline Replacement ProjectOn May 19, 2015, Plains experienced an accidental release of crude oilfrom its 24-inch pipeline - Line 901 - from Las Flores to Gaviota, located in Santa Barbara County, California. From the day of theincident, there was a unified effort from federal, state, and localofficials along with Plains to mitigate the impact of the release onthe environment. All related cleanup is complete, and Line 901 remainsshut down.In August, 2017, Plains filed its first permit applications with SantaBarbara and San Luis Obispo Counties to construct Lines 901R and 903R,which would replace the existing Lines 901 and 903. Plains proposes toinstall and operate approximately 123.4 miles of replacement pipelines,as well as install supporting access roads, valves, and pump stationsalong the following route: <http://www.line901r.com/index.php/project/map>The proposed project spans multiple local, state, and federaljurisdictions, including Santa Barbara, San Luis Obispo, and KernCounties, and the following federal lands:· Bureau of Land Management - Carrizo Plain National Monument (3.6miles)· U.S. Fish and Wildlife Service - Bitter Creek Wildlife Refuge (2.3miles)· U.S. Forest Service - Los Padres National Forest (6.3 miles)The project also involves permitting and regulatory approvals fromother federal agencies, including:· U.S. Army Corps of Engineers - Wetlands and Other Waters· U.S. Fish and Wildlife Service - Endangered Species· NOAA Fisheries - Endangered SpeciesThe existing Line 901 pipeline is designed to transport crude oil fromLas Flores to Sisquoc, with a maximum permitted throughput capacity of150,000-barrels per day. The existing Line 903 pipeline is thirty (30)inches in diameter and designed to transport crude oil from Sisquoc toKern County, with a maximum permitted throughput capacity of300,000-barrels per day. Karen and I are available totalk this afternoon if you all want to jump on a call between now and 5:30. Otherwise, my morning tomorrow is pretty open. I was able to openyour draft response to the project sponsor and just want to get alittle more background info about our conversations to date with theproject sponsor. It is my understanding that OED spoke to the projectsponsor back in December and we provided contact information to ACOE sothat they could "coordinate early" with the sponsor. So, if ACOE hasbeen talking to the sponsor, getting more details about the project,and discussing what sector they think the project qualifies for, Iworry that it seems disingenuous if we respond now that we can't make adetermination because we don't have enough information. If we all thinkit is probably going to be a covered project, I think it would be muchless burdensome for everyone if we could just shoot them a quick emailsaying, 1) we think your project falls under X Sector, do you agree?and 2) can you please confirm whether your project is over \$200M? Canfolks let me know your availability between now and 5:30 or tomorrowmorning? I can send around call in information. - Coordination Call - I'd like to set a call for early next week if possible to discuss the below and a few other topics. Tuesday or Wednesday would be optimal. I can currently be available at any time.
- Member Priorities - As of late today, I have all except a few of the members organizational/agency priorities. I am distilling to a potential joint WFLC priority list that we can discuss and help to set the agenda for the September 17 meeting. We can discuss and refine on our call.
- Work Environment letter - signature status. Over half in hand, can update and discuss distribution strategy on our call.
- September 17 meeting - location and issues to address as well as potential approaches
- Opportunity to address a few items in the interim - there are a few issues that will have feedback stemming from the June meeting before Sept, thus an opportunity to brief WFLC in the interim will exist.
- December meeting potential - thinking out a bit, there is an opportunity to weave a few meetings together and take advantage of some folks already being in DC.

Thanks and have a nice weekend. VTC Instructions: FEMA Video participants including Jabber/Moviparticipants: From your VTC unit please dial 10097 at least 20 minutes before the conference starts to conduct Audio/Video checks with the Video Operations Center. If you are dialing into the VTC you will not use the telecon bridge below - use the five digit pin (10097) only and it will connect you into audio & video. Participants are required to: • Properly reserve a video teleconferencing room, if needed, through your resource manager in advance and notify local IT of the reservation. • Keep all microphones muted, unless speaking. Note: Our technicians frequently monitor more than one conference, but can only monitor audio for one at a time. If you do have a problem with the conference that requires immediate assistance, please call the FEMA Video Operations Center on (540-542-2171) The VTC will be available 30 minutes prior to the scheduled start time. If you require assistance connecting or have questions, please call the FEMA Video Operations Center on (540-542-2171) or FEMA-VOC@fema.dhs.gov NOTE: To connect to this conference after the scheduled start time, you must contact the FEMA Video Operations Center. Telecon Information (audio only - NOT for VTC users): Telecon Bridge #: (b) (5) Telecon Code: (b) (5) Revised Agenda attached On behalf of Dr. Kaniewski, Deputy Administrator for Resilience, and Chief Bryant, US Fire Administrator, I am inviting you to attend a meeting at FEMA Headquarters, 500 C Street SW, next Thursday 8/16 at 2:00pm. The meeting will be used to inform WFLC's Federal members on FEMA's programs and activities that align with our strategic goals as well as the Wildland Fire Management Strategy and the National Cohesive Wildland Fire Management Strategy. The ongoing wildfire/WUI operations in the west, illustrate the need for FEMA to engage the problem with more than response assistance through Fire Management Assistance Grants. Bringing our programs in preparedness and mitigation offer potential to reduce the disastrous nature of these fires. As this meeting request is on such short notice, please feel free to have appropriate representatives attend in your place. In either case, please provide the names of your attendees. **Description:**

Good Afternoon, David. On September 6th, members of OCIO team will celebrate Sylvia Burns' leadership and many accomplishments as CIO and in her various other positions since joining the Department of the Interior. We would be honored if you could join us for this event, which will take place from 3:30 to 5:30 in the Interior South Penthouse. We plan to present Sylvia with some items of appreciation, including a flag that has been flown over the building and it would mean a great deal to Sylvia and the entire OCIO team if you could present the flag and give remarks. If you are able to participate and would like information with which to prepare your remarks, or if you would like us to prepare draft remarks for your review, please let me know. During the event, we plan to connect with our Denver team members via video conference. Thank you for your consideration of this request. I have copied Gareth for scheduling, and Matt in case you plan to give remarks. **Description:**

Good afternoon, After the success of the Project Specific CERPOmeetings, the Federal Permitting Improvement Steering Council Office of the Executive Director (OED) is continuing its technical assistance with agencies with the start of staff-focused CPP and Timeline workshops. OED will begin conducting systematic reviews of new CPPs to help facilitate coordination among agencies and project sponsors and set the foundation for a comprehensive and accurate Coordinated Project Plan (CPP) and associated timetable. We'll also be reaching out to the full Permitting Council with details on this. As the first of these meetings, however, OED is convening a staff level inter-agency workshop to discuss the Gemini Solar Project on Friday, September 14 from 2:00-3:30pm at the GSA building (1800 F Street NW, Room 1420; call-in 1-(b) (5) passcode (b) (5) This meeting will include representatives from the lead agency (Bureau of Land Management-Department of the Interior) and all cooperating and participating Federal agencies (Environmental Protection Agency, Fish and Wildlife Service - Department of the Interior, Army Corps- Department of the Army, and National Park Service- Department of the Interior). Please come prepared to discuss agencies' dependencies and inter-dependencies when it comes to the environmental review and authorization process. For example, some agencies cannot issue their permit or decision until another agency's permit or decision is rendered or that agency may be able to issue a permit or decision with conditions of completion by those other agencies' actions. Please ensure you have the appropriate staff in attendance to fully discuss issues, concerns, path forward, and deadlines for this project. We will be sending an agenda out shortly. For your awareness, the OED will invite CEQ to attend this interagency meeting to help inform the discussion of options available for a timely and efficient permitting process. As always, please reach out with any questions or comments. We look forward to our continued conversation. Thank you, Kelsey Owens Federal Permitting Improvement Steering Council Office of the Executive Director

Hosted by the Office of the Assistant Secretary for Water & Science -contact Bill Lukas or Kerry Rae for more information:Congress mandated that an independent scientific review panel provideprogress reports on Everglades restoration efforts. The NationalAcademies of Science most recent report, Progress Toward Restoring theEverglades: The Seventh Biennial Review, 2018, will be released onOctober 17. Stephanie Johnson, study director for the National Academies project, will present key findings and lessons learned overthe course of the seven reviews.National Academies of Sciences, Engineering and Medicine's FourteenYears of Reviews of Everglades Restoration ProgressThe Comprehensive Everglades Restoration Plan (CERP) was approved byCongress in 2000 as a multibillion dollar, multidecadal plan with 68projects to restore the South Florida ecosystem, which includesEverglades, Biscayne Bay, and Big Cypress National Parks, A.R.M.Loxahatchee National Wildlife Refuge, and Miccosukee and Seminole Tribelands. Congress also mandated that an independent scientific reviewpanel provide biennial reports of progress, and since 2004, theNational Academies have convened committees of experts, who volunteertheir time to this endeavor. In addition to reviews of restorationprogress and monitoring, each biennial report examines 1-3 focal issues that the committee judges are impacting restoration progress or arelikely to impact progress in the near future. These reports have hadimportant impacts on the trajectory of the restoration, includingproviding the impetus for the Central Everglades Planning Project. Thecommittee's seventh report, Progress Toward Restoring the Everglades:The Seventh Biennial Review, 2018, will be publicly released on October17th. Stephanie Johnson, study director for the project, will providean overview of the 2018 report and key findings and lessons learnedover the course of the seven reviews.<http://nas-sites.org/cisrerp/>.

**Description:**

No WAVES is required to enter Jackson Place. ----- I apologize but we will have to move Tuesday's Keystone EIS meeting from 10am to 1pm (11/20). I would also note that Tuesday is the 20th and not the 19th, as I incorrectly stated in my original email. Expect a forthcoming calendar invite for Tuesday at 1pm. Have a great weekend, Chris Prandoni Associate Director for Natural Resources Council on Environmental Quality (202) 456-6224 www.whitehouse.gov/ceq -----Original Message----- From: Prandoni, Christopher D. EOP/CEQ ; Boling, Ted A. EOP/CEQ ; Brooke, Francis J. EOP/WHO ; O'Scannlain, Kevin S. EOP/WHO Subject: Keystone EIS meeting Hello - On November 8th, the U.S. District Court for the District of Montana ordered the State Department to supplement its 2014 SEIS. In response to this order, CEQ would like to convene the relevant agencies and discuss next steps and a timeline moving forward. We would like to attempt to meet next Tuesday (11/19) at 10am while recognizing that people may have already left town and that we may have to meet the week following Thanksgiving. Please let me know if 10am works for you, and if it does not, whether you have any other availability Tuesday 11/19. Thank you, Chris
