Description:

In preparation for the upcoming energy summit, we will be having a discussion regarding what policies to discuss, which aspects of our energy portfolio to spotlight, and how to apply those ideas to a workable agenda. Attached is the original agenda which was created with multiple discussions with senior staff and this will be the focus of the discussion. Tentative dates for the event will be discussed (principally focused on getting POTUS to the event), yet the purpose of this meeting is to thoughtfully discuss policy and purpose of the event.
