

Planning, Analysis, & Competitiveness (PAC) Subcommittee
Friday, March 1, 2019
11:00am-12:30pm EST
Meeting Summary

WELCOME AND DOI UPDATE

- The RPC staff is waiting for decisions on the timing of the next public meetings, nominations, and Charter.

WORKING GROUP RECOMMENDATIONS:

Coal

- The working group would like to meet with the new Wyoming Governor's office to discuss possible future recommendations.

Studies

- First phase of the IHS study should be posted within the next week on BOEM's website. BOEM will discuss the results of that study at a future subcommittee meeting.

Onshore

- The working group presented and the subcommittee approved the Notification for Permit to Drill draft recommendation at the last meeting and continues to review it.

Non Fossil Fuels/Renewable

- The group hasn't met since the last meeting, no update at this time.

Offshore

- The group hasn't met since the last meeting, no update at this time.

Alaska

- No update given at this meeting.
