**WELCOME AND DOI UPDATE**

- The Secretary of the Interior was confirmed yesterday.
- It is expected that the Secretary will consider different options and next steps for the RPC. Some considerations include the need to renew the RPC Charter, which expires April 21. In the meantime, thanks to everyone for their patience and continued hard work. If the Charter is not renewed or there is a delay, all work on the RPC must stop.
- The Department received a letter from several Senators pushing for its acceptance of the renewable energy recommendation.
