Meeting Summary

AGENDA

- Welcome
- Roll Call
- DOI Update
- Discussion of division of non-fossil/renewables work group into separate renewables WG and locatable minerals WG
- Work group updates
- Topics for future Subcommittee calls
- New Business
- Adjourn

WELCOME AND DOI UPDATE

- Meeting summary is currently being created and should be out in the next two weeks
 - It will be emailed to members and also placed on the web.
- At the next meeting we will put more time on the agenda for public comment.
- 4 weeks before the September meeting we will need recommendations to be submitted similar to the last meeting.
- We are altering the recommendation template to capture recommendations that affect tribes, we will include a line asking does this affect tribes, if so how.

WORKING GROUP RECOMMENDATIONS:

Non-Fossil

- This work group has the ability to go too wide, we are considering splitting the work group into two groups (non-fossil, and locatable minerals).
- We will be starting up our biweekly Monday calls.
 - Trying to get a geothermal briefing in an upcoming meeting.

Coal - Matthew

- Will look at the leasing process for coal, primary concern is the timeline is currently 8-12 years.
 - Both industry, State, and Federal have some ideas on this topic

Studies

- Call/webex is currently scheduled for July 10th, we will be looking at the DOI modeling
- Department has put out a SOW for looking into international regimes to do a study

Alaska

- We are targeting week after next for the next work group meeting
- Considering a recommendation that the Secretary request from Congress the ability to have revenue sharing with coastal states from offshore activities near state boundaries.

Onshore

- No update

Offshore

- Kevin Karl of BSEE will be joining the offshore working group

Additional Ideas and Next Steps

- DOI will work on a presentation on locatable minerals for a future call.
- Next call on July 6th.
