Description:

Scott Cameron, who has joined the AS/WS office, is aware of the recent mussel detection in MT, and has requested a briefing on DOI mussel related activities. In particular, he is interested in efforts in MT, and what we are doing or can do to prevent further spread in Pacific Northwest basins. Scott is interested in a joint briefing from Reclamation, USGS and DOI - before the end of this week if possible, and not to exceed an hour. For everyone's info, some follow-up on Scott's thinking - and he sees this as the first in a series of briefs, addressing the following with regarding to MT and Pacific Northwest mussel concerns: 1) the players, 2) risks, 3) options, and 4) resulting in a Secretarial briefing with potential recommendations. Deb - he also requested a map and description of Reclamation facilities with regard to this in the Pacific NW. (LC: (b) (5))

Description:

This briefing will provide an overview of the Energy portfolio with the Ecosystems Mission Area and share some upcoming products including the following report to be published this week. Disturbance Automated Reference Toolset (DART): Assessing patterns in ecological recovery from energy development on the Colorado Plateau Product description: When developing oil and gas well pads the vegetation and soil are removed to level the areas for drilling and operations. The new U.S. Geological Survey approach, called the disturbance automated reference toolset or DART, can be used to examine the recovery patterns after well pads are plugged and abandoned to help resource managers make informed decisions for future well pad development. USGS scientists examined oil and gas well pad recovery on the Colorado Plateau that uses satellite imagery to compare vegetation cover of the abandoned sites to surrounding undisturbed areas with roughly equivalent climate, soil, topography and management histories. Findings show that most abandoned oil and gas pads in the study are characterized by more bare ground and less vegetation than surrounding undisturbed areas, even after more than 10 years since abandonment occurred. Different recovery rates across environmental gradients and land stewardship suggest that these can be useful for identifying conditions that may promote or hamper pad recovery. Several ecological settings, including grasslands and warmer areas with more summer precipitation, are not recovering as quickly. Well pads on federally and privately managed lands had the highest recovery rates while state-administered lands had the lowest recovery rate of the ownership entities evaluated. Through active management intervention, or rehabilitation, of vegetation and soils at abandoned well pads has become more common in recent years, additional work could increase the success of these efforts and DART can provide timely assessments to help inform management decisions. Publication: Nauman, T.W., M.C. Duniway, M.L Villarreal, T.B. Poitras. In Press. Disturbance Automated Reference Toolset (DART): Assessing patterns in ecological recovery from energy development on the Colorado Plateau. Science of the Total Environment. (LC: (b) (5))

Who:

Evann Rogers, Joe Krahn, Daniel DuBray, Jeanette Coleman, Kerry Rae, Deborah Lawler, Downey Magallanes, David Palumbo, Robert Wolf, ASWS Conference Room, Michelle Mebane, Sean Torpey, David Murillo, Scott Cameron

Description:

Per our discussion, members of the Imperial County Board of Supervisors are traveling to DC next week and are interested in meeting with the Department/Reclamation to discuss the Salton Sea. As a major stakeholder in the region and member of the Salton Sea Authority, Imperial County is interested in continuing its partnership with Interior and would like to discuss ongoing and future efforts to restore the sea (including those outlined in the recent Secretarial Order addressing Colorado River water supplies and in the addendum to the August 2016 MOU between DOI and CA Natural Resources Agency regarding the coordination of sea-related management activities). Our group has availability on Wednesday, February 1st and Thursday, February 2nd. Ideally, we would like to meet on at 11:00 AM on Wed. the 1st, though also have availability that afternoon and most of the day on Thurs the 2nd. Meeting attendees would include: · Supervisor Mike Kelley (Board Chairman) · Supervisor John Renison · Supervisor Luis Plancarte (newly elected) · Ralph Cordova, County Executive Officer · Rebecca Terrazas-Baxter, Public Information Officer · Joe Krahn, Imperial County Federal Rep · Hasan Sarsour, Imperial County Fed Rep

Description:

Disturbance Automated Reference Toolset (DART): Assessing patterns in ecological recovery from energy development on the Colorado Plateau Product description: When developing oil and gas well pads the vegetation and soil are removed to level the areas for drilling and operations. The new U.S. Geological Survey approach, called the disturbance automated reference toolset or DART, can be used to examine the recovery patterns after well pads are plugged and abandoned to help resource managers make informed decisions for future well pad development. USGS scientists examined oil and gas well pad recovery on the Colorado Plateau that uses satellite imagery to compare vegetation cover of the abandoned sites to surrounding undisturbed areas with roughly equivalent climate, soil, topography and management histories. Findings show that most abandoned oil and gas pads in the study are characterized by more bare ground and less vegetation than surrounding undisturbed areas, even after more than 10 years since abandonment occurred. Different recovery rates across environmental gradients and land stewardship suggest that these can be useful for identifying conditions that may promote or hamper pad recovery. Several ecological settings, including grasslands and warmer areas with more summer precipitation, are not recovering as quickly. Well pads on federally and privately managed lands had the highest recovery rates while state-administered lands had the lowest recovery rate of the ownership entities evaluated. Through active management intervention, or rehabilitation, of vegetation and soils at abandoned well pads has become more common in recent years, additional work could increase the success of these efforts and DART can provide timely assessments to help inform management decisions. Publication: Nauman, T.W., M.C. Duniway, M.L Villarreal, T.B. Poitras. In Press. Disturbance Automated Reference Toolset (DART): Assessing patterns in ecological recovery from energy development on the Colorado Plateau. Science of the Total Environment. (LC: (b) (5))

2pm - 2:30pm Meeting w/President of Water Sage

Where: Room 6641

Calendar: Michelle Mebane

Who: ASWS Conference Room, Deborah Lawler, William Lukas, Scott Cameron, Michelle Mebane

Description:

Thanks for being open to meeting with our client Water Sage. Water Sage has been described as "the Google for water". They can provide the platform track all of the water data and provide the most accurate info possible in a given state—including data from difficult to get local jurisdictions and private stakeholder data. They are currently operating in Colorado, Wyoming, Montana, California, Texas, Arizona, and expanding to more states shortly. The platform is currently being used by some federal officials out West. There are many opportunities beyond just knowing who holds water rights for those shaping federal policy, rules, and regulations – including ESA mitigation, drought policy, and more. We would like to meet with you and any relevant top policy makers at the Bureau of Reclamation and USGS. This is not a sales meeting, but an opportunity to make you and others aware of this tool and how it can be helpful for federal officials and policy makers. The President of Water Sage will be in DC next Monday and Tuesday (up to 2pm)—Feb 6 & 7. We are able to make any time on those days work to meet with you (and, if appropriate, your team) for no more than 30 minutes. Thanks in advance, and great to reconnect with you. Darrell Henry | Partner Gavel Resources | www.gavelresources.com 400 First Street SE | Second Floor | Washington, DC 20003 Phone: 202.487.8727 | Email: dhenry@gavelresources.com

1pm - 2pm MT State Mussel Briefing

Where: Room 6641

Calendar: Jamie Reaser

Who:

Kerry Rae, Michelle Mebane, Jamie Reaser, Hilary Smith, Ryan Nichols, Sarah Ryker, Scott Cameron

Description:

Meeting to include Mark Aagenes and Randy Arnold of MT IncidentCommand:
Mark Aagenes joined The Nature Conservancy (TNC) in 2015. Previously, he served as Trust Unlimited's (TU) Montana Conservation Director for over a decade. Because of his technical background and strong relationships with state leadership, he was asked by the Governor and agency Directors to take a leading role in working with the mussel Incident Command team as it was stood up. Mark has been key to navigating the legislative process in MT and is also a key contributor working with other states and provinces. At TU, he worked closely with the Governor's office on an aquatic invasive species blueprint which has essential to MT's response. Although aquatic invasive species issues are not a singular priority for TNC, Mark has been critical in helping the agencies, the legislature, and the Governor succeed at this important crossroads in time. Randy Arnold has worked for Montana Fish, Wildlife & Parks (FWP) for 23 years. He is currently serves as a state Director. Randy has spent much of his career in law enforcement, holding numerous positions from management to undercover operations. When the Governor agreed to stand up an Incident Command team, FWP asked Randy to serve as one of two incident commanders. He has played a substantial role in framing and leading the crisis management.

Description:

Scott, I wanted to introduce myself and see if we could get together on a few current issues, including Colorado River efforts. Senator Flake has been keenly interested in helping the basin states advance their efforts to address Colorado River shortages through the DCP, the DCP+, the CAP System Use Agreement, Minute 32X, and the ongoing System Conservation Program. We worked well with the last administration, both career and political, and are hoping to do everything we can to help keep up the momentum on these issues. Senator Flake hopes his new position as chairman of the Senate ENR Water and Power subcommittee will provide a forum to help these along. If you have the time, I'd appreciate a brief meeting to check in on the status of these. I have some flexibility later this week or early next to come over your way if that helps. Thanks Chuck

Calendar: Michelle Mebane

Who:

Michelle Mebane, Daniel DuBray, Kerry Rae, Deborah Lawler, Scott Cameron, Evann Rogers, Kathleen Benedetto, Sean Torpey, David Murillo, David Palumbo, ASWS Conference Room, Jeanette Coleman

Description:

From: L. Michael Bogert Sent: Monday, February 06, 2017 8:42 AM To: Benedetto, Kathleen Subject: RE: Freeport McMoRan K - The meeting would be with Francis McAllister and Sandy Fabritz-Whitney. Francis is Senior VP for Land and Water and Sandy is former Director of AZ Department of Water Resources. Obviously, they have an interest and a global view of mining from the perspective of their significant place among the regulated community, but they also can speak to the allocation issues related to the Lower Colorado River from their perch in Arizona, which is why Scott sitting in would be nice. They are flexible and have indicated to me they will come out for the visit if we can get you and Scott in the same room. Perhaps in the next couple of weeks? Thanks again Kathy. POC: L. Michael Bogert MBogert@parsonsbehle.com

Tools to inform restoration decisions and grazing management in the sagebrush ecosystem

Where: Room 6641 or WebEx (details at end under Description)

Calendar: Michelle Mebane

Created by: William Lukas

Who:

phaverland@usgs.gov, Satrina Lord, Theresa Rabot, Michael Thabault, Downey Magallanes, Kathleen Lacko, Karen Prentice, Scott Cameron, Steve Tryon, Gordon Toevs, Virginia Johnson, Jim Kurth, Noreen Walsh, Lara Douglas, Cameron Aldridge, Kerry Rae, bwainman@usgs.gov, Stephen Small, Michelle Mebane, William Lukas, Catherine Puckett, Ryan Nichols, Richard Cardinale, Charisa Morris, Maureen Foster, Zachary Bowen, ASWS Conference Room, Anne Kinsinger, Casey Hammond, Marshall Critchfield, Karen Kelleher, Katharine MacGregor, Carol Schuler, Steve Hanser, Sarah Ryker, Kathleen Benedetto, David Pyke, Pat Deibert, Kristin Bail

Description:

USGS briefings a bout tools to inform restoration decisions and grazing management in the sagebrush ecosystem 1. Patterns in Greater Sage-Grouse Population Dynamics Correspond with Public Grazing Records at Broad Scales (Release planned after March 3) Improper livestock management has been implicated in population declines of greater sage-grouse because reductions in vegetation cover may negatively affect sage-grouse reproductive success. However, because few studies have tried to directly link population dynamics of sage-grouse to grazing management across this vast landscape, there is uncertainty in the effects of livestock grazing recommendations in sage-grouse habitats. USGS researchers and colleagues analyzed grazing records from BLM allotments from 2002 to 2012 in sagebrush-dominated rangelands across Wyoming to determine the amount of grazing and when livestock graze in the plant-growth season. They then used annual counts of male sage-grouse from 743 breeding sites, known as leks, during the same period to evaluate whether livestock grazing management actions corresponded with sage-grouse population trends. The scientists found effects of livestock grazing on sage-grouse populations ranged from positive to negative depending on the level of grazing and when grazing occurred during the plant-growing season. Higher levels of grazing occurring early in the growing season was associated with declining sage-grouse population trends, whereas similar levels of grazing that occurred later in the growing season corresponded with sage-grouse population increases. This study revealed the complex interactions among plant growth, when and how much livestock graze, and the resulting effect on wildlife, and also provides information to help sustain ranching while simultaneously sustaining wildlife populations. 2. Restoration Handbook for Sagebrush Steppe Ecosystems with Emphasis on Greater Sage-Grouse Habitat (Released on February 14) The USGS is publishing the final installment of a three-part handbook addressing restoration of sagebrush ecosystems. Land managers face many challenges in restoring sagebrush-steppe landscapes to meet multiple management objectives. Consequently, managers need science-based information to know where, when, and how to implement restoration projects. The new handbook does just that: it describes a sagebrush-steppe habitat restoration framework that incorporates landscape ecology principles and information on resilience to disturbance and resistance to invasive plants across the sagebrush-steppe. Part 1 introduces habitat managers and restoration practitioners to basic information about sagebrush ecology, greater sage-grouse, and restoration ecology of sagebrush-steppe ecosystems. Part 2 provides restoration guidance at the spatial scale of a landscape. Part 3 provides restoration guidance at the site level. All parts are being published as USGS Circulars. *** WEBEX INFORMATION *** Topic: (12) Sagebrush Tools Briefing Date: Monday February 27, 2017 Time: 1:45 pm, Eastern Standard Time (New York, GMT-05:00) Meeting number: (b) (5) Meeting password: (This meeting does not require a password.) 11:30am - 12pm Meeting w/Ron Brooks Fisheries Director/DOI Officials

Where: Room 6641 (W&S Conference Room)

Calendar: Michelle Mebane

Who:

ASWS Conference Room, Charisa Morris, Hilary Smith, Joel Clement, Virginia Johnson, ron.brooks@ky.gov, William Lukas, Casey Hammond, Olivia Ferriter, Jamie Reaser, Maureen Foster, Sarah Ryker, Michelle Mebane, Scott Cameron

Description:

Good afternoon, Hopefully, you remember me from last year's MICRA delegate visit, but if not, I am the Fisheries Director for the Commonwealth of Kentucky's Department of Fish and Wildlife Resources and Chairman of the Mississippi Interstate Cooperative Resource Association (MICRA). MICRA represents 28 state fisheries programs (40% of the U.S.) and the Association works together on issues of concern in the Mississippi River Basin (annual economic value of greater than \$17 billion). MICRA is working to prevent Asian carp from expanding their current ranges and destroying immense recreational industry and ecological areas. We would like a few minutes of your time to discuss these important issues with you. We would be available to meet in DC next Tuesday, February 28th, ideally. We may be able to meet later in the week, but have scheduled to meet with many Congressional staff throughout Tuesday and Wednesday. Please reply by either email or a phone call to let me know if and when you would be available for a short meeting. There should be about four state representatives of MICRA, and those also represent four of the 6 sub-basins of the Mississippi River. Thank you, Ron Brooks Fisheries Division Director Kentucky Department of Fish and Wildlife Resources #1 Sportsman's Lane Frankfort, KY 40601 (502) 564-7109 ext 4466

Description:

Michelle, As you know, my client the Western Urban Water Coalition strongly values its relationship with the Interior Department, especially with the Assistant Secretary, Water and Science. I would like to set up a meeting between a small group of WUWC members with the appropriate Trump Administration officials in Water and Science to give them our perspective on issues of importance relating to western water. Could you please help to arrange such a meeting? We would like an hour, if possible, within the next month, if that can be arranged. Thanks so much for your help!

Description:

Participants: Mark Smith, consultant to Grassland Water District DanWrin, National Policy Director, Ducks Unlimited Mark Hennelly, Government Relations Director, CA Waterfowl Association Mitch Butler, Natural Resource Results, consultant to CWA and Delta Director Murillo, This is Mark Smith, working on behalf of Grassland Water District, Audubon CA, TNC, the refuge water partnerships, and others. I was hoping to connect with you on advice as to who we should be reaching out to schedule meetings with at Interior during this transition period? The one name I've heard tossed around is Scott Cameron, but we are unfamiliar with him personally. I've also heard that Interior is forming a working group to coordinate spending on WIIN priorities, but am not certain if this is an Interior only effort, or if interested third party groups will be allowed to participate. Basically, we are looking to establish relationships with the appropriate people back in DC, and were hoping to take you up on your offer to help point us in the right direction as you are currently back there and watching these seat shuffling occur. POC: MARK SMITH Environmental & Energy Consulting 1121 L Street, Suite 309 Sacramento, CA 95814 916.426.9170 (W) (b) (6) (C) <http://www.caleec.com> mark@caleec.com

Fri Mar 3, 2017

8:30am - 9am Meeting w/Governor Wilson

Where: Room 6641

Calendar: Michelle Mebane

Who:

Michelle Mebane, ASWS Conference Room, David Murillo, Deborah Lawler, Scott Cameron, Harry Horner, Robert Wolf, Kerry Rae, Evann Rogers

Description:

Michelle: I apologize in advance for leaning on you again, but on this Thursday March 2, I will have former California Governor Pete Wilson and Rob Lapsley, the President the California Business Roundtable, in D.C. for some outreach with the new Administration. I mentioned this to Scott on Friday. Among others, they have an interest in some connectivity related to the general interests of California's business community that would be consistent with the President's agenda. The issues would be California water, regulatory reform, energy infrastructure and other environmental issues. We also have some thoughts on some of the California regional positions for the Department of the Interior that may be of interest to the folks in Water and Science. We are set for a meeting at the White House at 4P on Thursday and have great flexibility throughout the day. We could also come in Friday morning. I know you advised me Friday that Scott was very busy late this week, but hope always springs eternal. Thanks as always for your kind assistance and please scoot me in the appropriate direction if necessary. Thanks again Michelle. POC: L. Michael Bogert michaelbogert@parsonsbehle.com

9:30am - 10am Meeting w/Michael Gabaldon & John Hanula re: CA Water Fix

Where: Room 6641

Calendar: Michelle Mebane

Who:

Harry Horner, Ryan Nichols, Kerry Rae, Michelle Mebane, David Murillo, Deborah Lawler, Evann Rogers, Scott Cameron

Description:

Hi Michelle, Hope all is well with you and yours. I talked to Kerry Rae earlier this week about a meet and greet with her and Scott Cameron. She asked me to email you the meeting request. I would also like to meet with David Murillo while I'm there (Kerry indicated you could coordinate that meeting also). Please check availability on March 2 or 3, with preference for the morning of March 2. Could do three separate meetings or joint meetings. In addition to the meet and greet, I am interested in the status of the California Water Fix project. John Hanula will be joining me. Thank you, Mike Michael Gabaldon, P.E. DCS Americas, Water Business Line M. (b) (6) | O. 916-414-5885 AECOM 2020 L Street, Suite 400 Sacramento CA 95811

10am - 10:30am

Meeting with Jacqueline Howells Howells Government Relations

Video call:

(b) (5), (b) (6)

Where: Room 6641

Calendar: Scott Cameron

Created by: Terzinda Vinson

Who:

Scott Cameron, Carter Brown, Deborah Lawler, Sean Torpey, Ryan Nichols, Harry Horner, Grayford Payne, David Murillo, Andre Shepet

Description:

As mentioned, I met him several years back with Dave Reynolds. To provide you a little background, I discussed with Scott's predecessor the Title XVI language incorporated in the WIIN/WRDA bill last December long before it was included in Senator Feinstein's drought legislation and ultimately included in the WIIN bill, now law. I worked with the Senator's office last year and drafted a support letter for her drought legislation and did an outreach/support campaign with California water districts and ACWA, NWRA, CASA, etc. Was very happy with the outcome. The Title XVI language is critical to so many water districts in California. So I'm hoping to discuss that with him a little and more importantly re-introduce him to Valley Center Municipal Water District and brief him on our efforts and partnerships with the Bureau and NRCS, etc. We recently submitted a Feasibility Studies FOA application, which I'm happy to brief him on. You can let him know I'm meeting with Dave Murillo and Gray Payne separately. Take care of those sinuses and I'll hook you up with doTERRA essential oils to help with that next week. In the meantime, you can check out my website www.bestnaturesmeds.com. Look forward to meeting you and re-connecting with Scott! Warmest Regards, Jacqueline

10:30am - 11am Meeting w/TRCP

Where: Room 6641

Calendar: Scott Cameron

Created by: Terzinda Vinson

Who:

Kerry Rae, ASWS Conference Room, Deborah Lawler, Scott Cameron, Andre Shepet, Grayford Payne, Robert Wolf, Ryan Nichols

Description:

I was hoping at this meeting, we could talk about how programs like WaterSMART, the Emergency Drought Relief Act, and other Interior efforts affect habitat and flows especially on the Colorado River but also throughout the West. We thought it would be useful to: · introduce ourselves and our priorities, · describe how we're working with partners here, including states, water users and other NGOs, · highlight some areas where we expect to support the new administration, and · talk about opportunities we think the new administration has to improve water security, infrastructure and recreation. We have some budget letters and fact sheets to share, also. Your colleague offered me the 10:30 - 11 slot on the 3rd. I have a flight out of DCA at 1:20, so would need to leave Interior by noon, but am available anytime that morning. We could also meet either Wednesday or Thursday afternoon after 4, but I think maybe she said he's out those days. Thanks, Melinda Melinda Kassen melinda@waterjamin.com Interim Director, Center for Water Resources Theodore Roosevelt Conservation Partnership 2350 Balsam Drive, Suite 103 Boulder, CO 80304 (b) (6)

ASWS Conference Room, Ryan Nichols, Katharine MacGregor, Kerry Rae, William Leith, Michelle Mebane, Richard Cardinale, Troy Ezell, William Lukas, Downey Magallanes, bwainman@usgs.gov, Sarah Ryker, William Werkheiser, Scott Cameron, David Applegate, John Haines

Description:

<https://marine.usgs.gov/> ** About the USGS Coastal and Marine Geology Program

** The U.S. Geological Survey (USGS) works with many and varied partners to ensure that our Nation has the information it needs to understand, restore and protect healthy coastal and ocean resources and the communities who depend on them. More than half of our Nation's population lives within 50 miles of the coast, along productive estuaries and extensive coastlines of the Gulf of Mexico, the Atlantic and Pacific Oceans, and the Caribbean Sea. Healthy coastal and offshore resources are vital to our nation's economy through energy, commerce and shipping, fisheries, tourism and recreation. We rely on new technologies, scientific data and analysis to support the wise use and protection of these resources and also inform policies and decisions that prepare us for extreme events, natural hazards, and climate change. Scientists and technical staff within the USGS Coastal and Marine Geology Program study coastal and ocean resources from shorelines and estuaries to the continental shelf and deep sea, providing expertise, tools, products, and data that address and inform a broad array of resource challenges facing our Nation. Coastal and marine geology expertise contributes to the greater USGS mission of providing impartial information on the health of our ecosystems and environment, the natural hazards that threaten us, the natural resources we rely on, the impacts of climate and land-use change, and the core science systems that help us provide timely, relevant, and usable information. Major science centers are located in Woods Hole, Massachusetts; Santa Cruz and Menlo Park, California; and St. Petersburg, Florida. Administrative offices are in Reston, Virginia.

Description:

On Feb 10, 2017, at 11:45 AM, David Ullrich wrote: Hello Scott, Thankyou for taking time to come over to the Capitol Visitor's Center onWednesday to address the many stakeholders from the Great Lakes region.I had a chance to meet you briefly on your way out. I know everyoneappreciated the perspectives you were able to bring from the new Administration. With it being as early as it is, I know that is noteasy. We are an organization of 127 U.S. and Canadian citiesrepresented by their mayors who work together to protect, restore, and sustain the Great Lakes and St. Lawrence. We focus on economic, social, and environmental issues. You can click on our website listed below fora little more information if you wish. I will be accompanied by threeof our mayors, one each from the U.S., Ontario, and Quebec during Great Lakes week March 14-16, 2017 and would deeply appreciate it if we couldhave an opportunity to meet for 30 minutes with you to tell you alittle more about or organization and our priorities, learn a littlemore about yours, and identify our areas of common interest. Sometimein the later afternoon of March 14, most of the day of March 15, andmid day March 16 would be best for us. Thank you for considering thisrequest and I look forward to working with you in the coming year. DaveDavid A. As far as your remarks go, I'd suggest you highlight some of DOI's priority activities in the Great Lakes region, including new workfunded under the GLRI and the work of USGS and FWS. I have let Charlie Wooley from FWS know that we have invited you, and I will be contacting Leon Carl and Russ Strach from USGS to let them know. We would especially be interested in hearing anything you can share on Secretary Zinke's views and priorities, especially as they relate to resources held in trust and the role of states as partners in protecting and managing those resources. I know that with Mr. Zinke's background he is painfully familiar with the importance of invasive species. Anything you can say to highlight this as a priority for the Secretary and the agency would be welcome. I'd be happy to provide you with additional suggestions on remarks if that would be helpful. For additional background, you probably know this, but the Commission is made up of appointees from each of the eight states and two provinces. Most of our Commissioners are agency directors and gubernatorial appointees with some state legislators, an attorney general and several representatives of ports and maritime interests. There will be approximately 35 Commissioners seated around a U shaped table. In addition, we expect that another 100 or so leaders from across the Great Lakes region will attend the meeting, including federal agency staff, and leaders from regional agencies and organizations. Thanks again. Please let me know if I can provide any additional background or assistance to help you prepare. Tim Eder, Executive Director Great Lakes Commission Direct: 734-396-6065 Main Office: 734-971-9135 teder@glc.org <http://www.glc.org/> <http://www.great-lakes.net/>

Kerry Rae, Amy Holley, Jamie Reaser, Scott Cameron, Michelle Mebane, Sarah Ryker, ASWS Conference Room, Joel Clement, Olivia Ferriter, Hilary Smith

Description:

On Thu, Mar 9, 2017 at 2:30 PM, Rae, Kerry wrote: Hey Amy and Olivia, I wanted to keep this on your radar screen...I had initially copied you, Amy, but we've probably not been inundating you with the ongoing communications lately. As you both got a flavor of during the first budget passback meetings with Reclamation and USGS, Scott has a passion for the issue of invasive species, and mussels in particular due to the recent finding in MT. His concern is that it's a short jump from MT over the divide and into the Columbia/Snake River basins, where a significant amount of infrastructure could be impacted. In order to provide the appropriate breadth of coverage of the issue, which goes well beyond Reclamation and USGS, we looped in PMB, PPA and the Invasive Species Task Force for coordination. Joel, Hilary and Jamie have continued to be at the center of the ongoing discussion, which is key to be sure we don't duplicate ongoing efforts or re-tread ground unnecessarily. They are central to being able to manage this process through the Invasives Task Force - we couldn't handle this with out them! Given Scott's depth of interest, this isn't likely to go away any time soon, so I'm doing a check in to be sure you realize we're likely to continue to lean on PPA - I anticipate we'll request more PPA time and support down the road. We truly appreciate the great support from Hilary, Joel and Jamie. We've been reminded to keep you in the loop, so I will attempt to do so periodically when mussels discussions ramp back up, as I'm confident they will. Thanks much, Kerry

Briefing from Associate Director Geoff Plumlee about the USGS Environmental Health Mission Area. About Environmental Health Science USGS specializes in science at the environment-health interface, by characterizing the processes that affect the interaction among the physical environment, the living environment, and people, and the resulting factors that affect ecological and human exposure to disease agents. The new Environmental Health Science Strategy summarizes national environmental health priorities that the USGS is best suited to address, and will serve as a strategic framework for USGS environmental health science goals, actions, and outcomes for the next decade. Implementation of this strategy is intended to aid coordination of USGS environmental health activities with other Federal agencies and to provide a focal point for disseminating information to stakeholders. <https://www2.usgs.gov/envirohealth/> If needed please dial (b) (5) code: (b) (5)

Description:

Scott Cameron - The mayor of Fargo, Dr. Tim Mahoney, is visiting DCMarch 20 and 21 for the National Water Resources Association's conference and would like to meet with you to discuss a water infrastructure project in North Dakota. North Dakota is working to complete a water project, which would use a buried pipeline to transport Missouri River water through the McClusky Canal to central and eastern North Dakota. The project will require cooperation with the Department of the Interior to obtain a water supply contract and to complete an environmental assessment. Mayor Mahoney would like to discuss these issues and timely completion of the project so that all communities in North Dakota can have access to a reliable water supply. Please let me know if you are available for a meeting the morning of Monday March 20th or Tuesday March 21st. Mayor Mahoney's bio is attached. Thank you for your time, Emily J. Sullivan Associate and Policy Advisor Brownstein Hyatt Farber Schreck, LLP 1155 F Street N.W., Suite 1200 Washington, DC 20004 202.747.0518 tel esullivan@bhfs.com

4pm - 4:30pm ACWA Board Policy Statement on Bay-Delta Flow Requirements

Where: Room 6641

Calendar: Scott Cameron

Created by: Terzinda Vinson

Who:

Kerry Rae, ASWS Conference Room, dlreyns@sso.org, Deborah Lawler, Scott Cameron, David Murillo, Harry Horner, Evann Rogers, David Palumbo, Mathew Maucieri, Ryan Nichols, Robert Wolf

Description:

Revised Draft ACWA Board Policy Statement on Bay-Delta Flow Requirements
2/28/17 California is facing a defining moment in water policy. A staff proposal under consideration by the State Water Resources Control Board presents a decision point about the future we want for California and its communities, farms, businesses and ecosystems. The State Water Board's staff proposal to base new water quality objectives on a "percentage of unimpaired flow" would have impacts that ripple far beyond water for fish. The proposal could lead to widespread fallowing of agricultural land, undercut the state's groundwater sustainability goals, cripple implementation of the Brown Administration's California Water Action Plan, negatively affect water reliability for much of the state's population and affect access to surface water for some disadvantaged communities that do not have safe drinking water. These effects are not in the public's interest. Local water managers overwhelmingly believe the proposal's singular focus on unimpaired flows is the wrong choice for the state's future. California's urban and agricultural water managers are united in their vision for a future that includes a healthy economy as well as healthy ecosystems and fish populations. That vision is best achieved through comprehensive, collaborative approaches that include "functional" flows as well as non-flow solutions that contribute real benefits to ecosystem recovery. On behalf of its more than 430 member public agencies serving urban and agricultural customers throughout the state, the Association of California Water Agencies adopts the following policy statement regarding the State Water Board's proposed approach to updating of the Water Quality Control Plan for the San Francisco Bay/Sacramento-San Joaquin Delta. David L. Reynolds Director of Federal Relations Association of California Water Agencies 400 North Capitol St., NW Washington, DC 20001 (202) -434-4760 www.acwa.com

Where: Room 6641

Calendar: Michelle Mebane

Who:

Harry Horner, Scott Cameron, Deborah Lawler, Michelle Mebane, Kerry Rae, Evann Rogers, ASWS Conference Room, David Murillo, BOR WRO PN Regional Liaison

Description:

Downey—I'm hoping I have your new email right and that this message gets to you. I also hope you are getting settled in and are enjoying your new gig with Interior. What office are you with over there anyway? I have a question for you as well. I help represent a client from California, The Courtland Group, that has some concerns with a project called the California "WaterFix." The head of the Courtland Group is coming to DC in a couple of weeks and I was hoping to find someone at DOI to meet with. We've met with some career folks in the past, but think it might be helpful to introduce this issue to a political person in the new Administration this time around. This is generally a Bureau of Reclamation issue if that helps with who it might be best to meet with. Any guidance you can provide would be extremely helpful and it will be great to hear from you. Thanks! Tracy Hammond Senior Policy Advisor thammond@polsinelli.com 202.626.8322 1401 Eye Street N.W., Suite 800 Washington, D.C. 20005 polsinelli.com

On Wed, Mar 8, 2017 at 11:23 AM, Jennifer Johnson wrote: Good morning: I write to request a meeting for Mandi Nay, Director of the Montana Dry-Redwater Regional Water Authority on any day, March 20, March 21 or March 22, 2017. Mandi is traveling from Circle, Montana to Washington, DC to attend the National Water Resources Association Federal Waters Conference. She would very much like 15 minutes to see the Secretary and her former Congressman to further their conversation about the DRWA's work with the Bureau of Reclamation. Please let me know if you need any further information. With best regards, Jennifer Johnson Phone: (b) (6)

Meeting with Officials from Colorado River & San Juan River Recovery Programs

Where: Room 6641

Calendar: Michelle Mebane

Who:

Evann Rogers, David Murillo, Catherine Callaway, Amy Holley, Grayford Payne, Micah Chambers, Kerry Rae, Ryan Nichols, Lee Traynham, Mathew Maucieri, Michelle Mebane, Scott Cameron, Robert Wolf, Deborah Lawler, Amanda Kaster, ASWS Conference Room

Description:

A you know, we annually visit the Hill and Federal agencies to provide an update on the Colorado and San Juan River Fish Programs. We'd like to see if we can meet with Reclamation DC folks March 23, Thursday at 10:00 AM. Last year we met in Room 6340. Invitees would be whoever is serving as Asst. Sec for Water and Science and Acting Commissioner of Reclamation, Deputy Commissioner for Policy, Management and Budget, Deputy Chief for Congressional and Legislative Affairs, respective Liaison Officer(s), and anyone else BOR would like to attend. I know it's a transitional time, but if anyone is confirmed for any positions, we could especially like to meet with them to provide background on our Programs. Thanks - Henry Maddux, MC Chair, Colorado River Fish Recovery Program hmaddux@utah.gov

Meeting participants include: Kim Dolbow Vann, Colusa County Supervisor, Chair Fritz Durst, Reclamation District 108, Vice-Chair Jim Watson, Sites Reservoir JPA General Manager Keith Dunn, Sites Reservoir legislative affairs Jason Fanselau, HDR Engineering Robert Boling, HDR Engineering Sites Reservoir is designed to be a large offstream reservoir located west of Colusa in the Sacramento Valley of Northern California. It would collect winter flood flows from the Sacramento River, diverting the water upstream of the Sacramento-San Joaquin River Delta and pumping it into an artificial lake. The estimated water yield would be between 470,000 to 640,000 acre feet per year. The reservoir would be operated as part of the California State Water Project and is projected to cost between \$2.3-3.2 billion. According to a 2013 Bureau of Reclamation study, it would provide economic benefits of between \$248.8-276.2 million per year, while annual operating costs would be in the range of \$10-20 million. Since the California Department of Water Resources received an approval to study water storage north of the delta in 1996, more than \$52 million has been spent on studies. Description:

Scott, Micah and Dean: In reaching out to your new administration, I should first introduce our organization: Business for Water Stewardship is a network of over 1,200 companies — from the Fortune 500 to mainstreet retailers — working on sustainable water policies and practices, and river flows in the American Southwest. Two items: 1) Please see the attached letter in support of strong funding for the WaterSMART program— as a core driver of water infrastructure modernization and efficiencies. 2) I will be coming to Washington, DC the week of March 27 and would like to set an appointment with each of you to discuss water as an economic driver in the West, federal water policy, and our network. Thank you for your attention to and consideration of the WaterSMART program. All the best, Craig Mackey 303-324-1490 (b)(6) - Craig Mackey

4:30pm - 5pm Alaska Focused Invasive Species Meeting w/Jamie Reaser

Where: Room 6641

Calendar: Michelle Mebane

Who:

ASWS Conference Room, Jamie Reaser, William Lukas, Scott Cameron, Sarah Ryker, Michelle Mebane, Sarah Abdelrahim

Description:

The Prince William Sound Regional Citizens' Advisory Council (PWSR) requested a meeting with me at on March 29 to discuss invasive species issues in Alaska. I have been the USG lead on development of the Arctic Invasive Alien Species Strategy and Action Plan (due to be adopted by the Arctic Council in May) and coordinate the US Arctic Invasive Species Working Group, which is largely focused on Alaska issues. The visit is being coordinated by Roy Jones, the Council's legislative advisor. The Council comes to DC once a year to brief their delegation to Congress and others on their work and to discuss issues of mutual interest and concern, including invasive species (with a particular interest in ballast water). The group will also be meeting with the Sen. Murkowski, Sen. Dan Sullivan, Congressman Don Young, some congressional committee staff, and the U.S. Coast Guard. Bios for the Council members are attached. Roy Jones' Bio is below. Roy Jones, Consultant: Roy grew up in Florida, graduated from the United States Military Academy, served as an Honest John Rocket Battery Commander during the Cold War in Germany. He deployed to Vietnam in 1967 and 1968 where he was the Assistant Battalion S-3 and Fire Direction Officer for a 105 mm howitzer battalion with the First Infantry Division. He became Legislative Assistant to Congressman James A. Haley of Florida in 1970. He became Counsel on Oversight for the House Interior and Insular Affairs Committee in 1975, and from 1977-1980 served as Counsel to the General Oversight and Alaska Lands Subcommittee, during which time he negotiated and drafted much of the Alaska National Interest Lands Conservation Act, which involved working closely with Senator Ted Stevens and Representative Don Young among many others in Congress. Jones served as Counsel and Associate Staff Director with the Committee during the time of the Chairmanship of Congressman Morris K. Udall until 1991. Jones joined an Alaska based law firm from 1991-2006, and has been a consultant since then. In the years since Sen. Murkowski came to Congress, Jones has worked on a number of matters with the senator regarding certain Alaska issues. The meeting has been cleared by Intergovernmental and External Affairs. OCL has been notified.

Description:

Hi Scott: I apologize for the short notice, but I am hoping you may have a few moments on Tuesday afternoon to meet with CRIT tribal council members Granthum Stevens, Bobby Page, and JD Fisher. As Pam (cc'd) is aware, CRIT is in the process of working on a proposal to implement large scale conservation measures on the reservation and make conserved water available for lease to off reservation water users. We would like to make you aware of the proposal and solicit any feedback you may have early on in the process. Additionally, we would like to discuss ways CRIT can continue to participate in the Department's ongoing efforts to improve the overall health Colorado river system. With more than 600,000 acre-feet of water rights, we can play a large role in helping to build flexibility and sustainability into the system. Thanks in advance for any time you may have, Devin

Description:

We are seeking a meeting with Mr. Cameron and Mr. Cason for the chairman of the Hualapai Tribe and several Tribal Council members. The purpose of the meeting is to discuss the Hualapai water rights settlement legislation, which was introduced in the Senate last year by Senators Flake and McCain and will be reintroduced in this Congress as well. The chairman would like to brief Department officials about the water rights settlement and its importance to the Tribe. Pam Williams, head of the Secretary's Indian Water Rights Office, has also suggested that Ben Keel, Mike Black and Bruce Loudermilk from BIA/ASIA also be invited to the meeting. We also expect that the director and the general counsel of the Arizona Department of Water Resources will attend, as well as representatives from the Central Arizona Water Conservation District, the Salt River Project and Freeport Minerals Corp. The tribal representatives are available at the convenience of the Department officials on March 28, 29 or 30, although our preference would be to hold the meeting on March 28 if possible. Thanks very much for your assistance on this, and feel free to contact either me or Reid Chambers (both at 202-682-0240) or by email if you need further information. We can provide a list of the names of all participants once the scheduling is set and we can contact the other parties. Don Simon

Description:

From: Harrell, Jacqueline Date: Wed, Mar 22, 2017 at 4:22 PM Subject: Meeting Request on behalf of South Central Climate Science Center at the University of Oklahoma To: "scheduling@ios.doi.gov" Dear Sir/Madam, Renee McPherson and Jessica Blackband from the South Central Climate Science Center at the University of Oklahoma will be in DC on March 30, 2017 and would very much like to meet Secretary Zinke, Scott Cameron and Julie Lillie to discuss the DOI Climate Science Centers and future budget needs. Ms. McPherson and Blackband are flexible on time and wouldn't need more than an hour on March 30th and will be accompanied by Lauren Lipin of Clark Hill. Please let me know if a meeting might be possible. Many thanks, Jackie Jacqueline Harrell Government Affairs Specialist CLARK HILL PLC 1001 Pennsylvania Avenue NW; Suite 1300 South Washington, D.C. 20004 (b) (6) (Direct) | (b) (6)

1pm - 2pm USGS Brackish Water Briefing

Where: Room 6641 || WebEx and Conference Line info is below

Calendar: Michelle Mebane

Created by: William Lukas

Who:

Ryan Nichols, Michelle Mebane, Yuliana Porras-Mendoza, Megan Bloomgren, Scott Cameron, Deborah Lawler, Donald Cline, Kerry Rae, Sonya Jones, ASWS Conference Room, David Raff, William Lukas, Adrienne Bartlewitz, Anne-Berry Wade, Joan Moody

Description:

In early April, USGS will announce a new national-scale assessment of the distribution, occurrence, and character of brackish groundwater resources. Brackish groundwater can serve as a potential resource to help water-stressed regions stretch their limited freshwater supplies. The last national-scale map was completed in the 1960s and has served as the primary source of information on the national distribution of brackish groundwater. A news release is planned. * * * WEBEX INFORMATION * * * Topic: (6) Brackish Water Briefing Date: Thursday, March 30, 2017 Time: 1:00 pm, Eastern Daylight Time (New York, GMT-04:00) Meeting number: (b) (5) Meeting password: (This meeting does not require a password.) Please click the link below to see more information, or to join the meeting. Although no login account is required to use Webex to attend a meeting, you will need to supply your name, email address, and a meeting password (if provided) to join the meeting. Description:

The Glen Canyon Dam Adaptive Management Program (AMP) was implemented following the 1996 Record of Decision on the Operation of Glen Canyon Dam to comply with the Grand Canyon Protection Act (GCPA) of 1992. The AMP provides an organization and process to ensure the use of scientific information in decision making for Glen Canyon Dam operations and protection of downstream resources consistent with the GCPA. The AMP includes the Adaptive Management Work Group (AMWG) federal advisory committee, Secretary's Designee, Technical Work Group, U.S. Geological Survey's Grand Canyon Monitoring and Research Center, and independent scientific review panels. The primary function of the AMWG is to make recommendations to the Secretary of the Interior regarding the operation of Glen Canyon Dam and other management actions. Glen AMP and AMWG require tight coordination among Reclamation and the National Park Service, with strong support from the US Geological Survey and the U.S. Fish & Wildlife Service, and the Bureau of Indian Affairs.

Description:

Subject: Our focus will be on the pending Deschutes Basin Habitat Conservation Plan. A general summary of the Deschutes Basin HCP is below. General HCP background: Deschutes HCP summary - The Deschutes Basin HCP is advancing. The operations of Crescent, Crane Prairie and Wickiup are in compliance with a Stipulated Settlement Agreement between the Districts, Reclamation and the plaintiffs arising from a lawsuit claiming take of Oregon spotted frog (OSF). All of the original HCP studies are complete, and additional OSF studies, including monitoring required by the Settlement Agreement, are underway. The HCP's focus is now on OSF, and will include a long-term conservation strategy, monitoring program, and adaptive management plan. The complementary but separate Deschutes Basin Study may also provide useful hydrologic and water conservation information to the HCP. The Districts are also focusing on conservation measures for steelhead, bull trout and salmon in the Deschutes River, Whychus Creek and Crooked River. A draft of the Deschutes Basin HCP is scheduled to be ready in late 2017 to support the initiation of National Environmental Policy Act compliance. Unless there are unexpected delays (more litigation) the Deschutes Basin HCP should be complete by the end of 2019. Michelle- It would be ideal if we could meet with Scott and Alan on Monday, May 1st. 10:00 am or 11:00 would be ideal. Our group includes the general managers of three Oregon irrigation districts. We would like to brief Interior on our work with Reclamation and the US Fish and Wildlife Service on a Habitat Conservation Plan, WaterSMART grants and related matters. Thank you. Description:

On Apr 5, 2017, at 1:46 PM, Eric Swedlund wrote: Scott: I hope this message finds you well. Board members and staff from the Santa Clara Valley Water District will be in DC in May and would like to meet with you. They are available on May 1 (any time of day) or until noon on May 3. We are also seeking a meeting with Acting Reclamation Commissioner Murillo. I am not sure if you prefer it to be a joint meeting or if separate ones work better. There is overlap on the issues they would discuss with both of you, but the focus would be different given your roles. The issues they would like to discuss include: support for Title XVI funding, including a summary of the District's Expedited Purified Water Program; the WIIN Act's Section 4009 competitive grant program; stormwater capture for recharge and direct/indirect potable reuse; and reconsultation on the Biological Opinions affecting Delta operations. They would also appreciate your thoughts on Secretary Zinke's plans for water in California and coordination with EPA; NOAA Fisheries; and CEQ. Following is a list of participants from the District. They will also be meeting with the Corps of Engineers during their time in DC, so it is likely that the group will need to split up. I will confirm attendees as the date gets closer. Board of Directors Chairman John Varela Director Richard Santos Director Tony Estremera Melanie Richardson, Chief Operating Officer (Interim) Garth Hall, Deputy Operating Officer Rick Callender, Deputy Officer, Office of Government Relations Many thanks for your consideration of this request, Scott. Best regards, Eric Eric Swedlund | Carpi & Clay, Inc. tel 202.822.8300 | mobile (b) (6) | fax 202.822.8315 eswedlund@carpiclay.com

Description:

POC: Steve Moyer (ph: 703-284-9406) SCPP - Western Water Trip: Participant Bios
Toye Cory Pavillion, WY Cory Toye is the Director of the Wyoming Water and Habitat Program for Trout Unlimited. He and his wife, Morgan and two boys, Joe and Ike, live near Pavillion, WY. Team Toye enjoys everything big, wonderful Wyoming offers, especially Wind River country and the Absaroka Mountain Range. Cory has a Juris Doctorate from the University of Wyoming College of Law and a B.S. in Economics with a minor in Environment and Natural Resources also from UW. Cory has worked for TU since 2006. Botur Freddie Big Piney, WY Freddie Botur (Big Piney, WY) is a Conservation Entrepreneur who runs his family's ranch in Sublette County, Wyoming. Freddie has forged partnerships with State and Federal Agencies, Conservation Groups, and Foundations creating public private partnerships that aided in the creating of off site mitigation policy for energy development impacts on public lands. He served as the vice chairman of the BLM Resource Advisory Council in Wyoming. He is an accomplished alpinist and has climbed all over the world from the Himalaya to Patagonia, as well as his back yard. He has 3 children and splits his time between Wyoming and Colorado. Espenscheid Chad Big Piney, WY http://billingsgazette.com/news/state-and-regional/wyoming/historic-wyoming-ranch-protects-operation-with-easement/article_c6977c9f-b8b8-57ea-aa52-1bd914eec8b9.html Chad Espenscheid is the owner and operator of Piney Creek Ranches near Big Piney, WY. Chad is part of a multi-generational ranching family in this area and has lived and worked on the ranch his entire life. Chad has a degree in engineering and also runs a consulting company designing irrigation infrastructure and efficiency measures. He is currently representing Wyoming as a Board Member of the Colorado River Salinity Control Forum and has served on the Sublette County Conservation District Board. Nielson Jordan Spanish Fork, UT Jordan Nielson (Spanish Fork, UT; Utah County): In his role as Trout Unlimited's Price River Project manager, Jordan coordinates efforts to restore both habitat and flows in the Colorado River drainage in Utah. Jordan has been doing conservation work in the State of Utah for the past 9 years - as a guide, on staff with the Utah Division of Wildlife Resources, and now with Trout Unlimited. Cotner Kevin Price, UT Kevin Cotner (Price, UT; Carbon County): Kevin is the current president of Carbon Canal Company, the largest irrigation company on the Price River. He is a lifelong resident of Carbon County, farmer and rancher, and the owner of multiple businesses in Utah. Kevin is working with TU to improve the outlook of water resources in the Price area using innovative irrigation systems and water conservation efforts despite facing extended drought. Yates Scott Bozeman Director, Trout Unlimited's Western Water Program

9:15am - 9:45am Arctic Invasive Species Strategy and Action Plan - Briefing

Where: Scott's Office

Calendar: Michelle Mebane

Who: Michelle Mebane, Jamie Reaser, Scott Cameron

Description:

Scott: Do you have 30 min on Thursday before 11am or after 2pm for Gilbert Castellanos (USFWS - Anchorage) and me to brief you on the Arctic Invasive Alien Species (ARIAS) Strategy and Action Plan? Gil is in town through Thursday. He was part of the team that spoke with Sec Tillerson on the ARIAS Strategy and Action Plan at the recent Arctic Council Ministerial in Fairbanks. I'd like to brief you in the hope that we could then brief Sec. Zinke who might then be inspired to reach out to Sec. Tillerson on invasives/NISC. Also of timely relevance: As I understand it, Sec. Zinke is going to be traveling to Scandinavia and Alaska in the very near future - and possibly meeting with the Norwegian team that co-chaired the ARIAS process with us. Note: Aurelia was briefed on the topic earlier this week... Best, Jamie

10am - 10:30am Meeting w/Chippewa Cree Tribe

Where: Room 6641

Calendar: Michelle Mebane

Who:

ASWS Conference Room, Robert Wolf, David Palumbo, Alan Mikkelsen, Michelle Mebane, Mathew Maucieri, Kerry Rae, Deborah Lawler, David Murillo, Evann Rogers, Douglas Oellermann, Patrick Fischer, Scott Cameron, BOR WRO GPRegionalLiaison, mduchesne@usbr.gov, Ryan Nichols

Description:

Mr. Fischer, Mr. Rogers and Ms. Brown - I wanted to touch base in hopes of getting a meeting scheduled for the Chippewa Cree Tribe, we had originally set up a meeting for them with Acting Commissioner Murillo back in March, but the tribe was forced to cancel that trip due to airline cancellations resulting from snowstorms in Montana and DC. The tribe has now rescheduled the trip for the week of May 15th and the delegation will include the Tribal Chairman, Harlan Baker, and a number of other elected officials from the Tribal Council. Also in attendance will be tribal staff and engineers involved with the Rocky Boys/North Central Montana Regional Water System (NCRWS). The group would like to meet with Acting Commissioner Murillo, Deputy Commissioner Mikkelsen and Mr. Cameron to discuss the water project. The group will be in DC and available for meetings on Tuesday May 16th through Thursday May 18th. We are working on setting up a number of meetings for them, but as of now the only meetings they have scheduled are on Tuesday the 16th at 2:30pm and 3:30pm on Capitol Hill. Please let me know what time(s) may work for Mr. Murillo, Mr. Mikkelsen and Mr. Cameron that week. Key Topics that the tribe would like to discuss include:

- FY17 Budget Funding (Second Half Of Year)
- FY18 Budget Funding o Line Item Funding o Rural Water Supply Program Funding
- Water Treatment Plant Funding/Stimulus Options
- Rocky Boy's is last substantially complete BoR Rural Water Supply Program without a water treatment plant. Want to talk about ways for the BoR to prioritize RB/NC.
- Land Transfer Update

Thanks, Chris Lambert, Senior Associate

Description:

Hello everyone - I'm confirming that the state is not in receipt of aPWA proposal for Project Delivery, our first agenda item. The stateteam will be prepared to discuss its interests as it relates to projectdelivery. We look forward to the cost allocation and financing discussions. See you all on Monday. Have a good weekend. KarlaREMINDER: The location of this meeting is at the State WaterContractors offices at 1121 L Street, Suite 1050. Hello everyone - Please find attached a draft agenda for our WaterFix meeting thisMonday, May 22. We will start at 9am at the State Water Contractors,1121 L Street, Suite 1050. In an effort to keep the room small, I amrequesting that each organization be prepared to have no more than two representatives in the room. There are many break out rooms nearby forpurposes of caucusing and where attorneys and other technical staff canbe on hand to work through issues as they arise. I anticipate aproposal from the PWAs on project delivery this afternoon that theState will consider over the weekend. Please bring any documents youneed to support the cost allocation and financing discussions. We willhave the ability to project and edit documents in real-time as needed.Please send all documents you wish to display to Chuck Gardner inadvice of Monday. Our charge is to come to closure on these topics sothat we have a full project description - characterizations of watersupply, cost allocation, construction management and delivery organization, and financing plan- by the time project's environmentalpermits are issued in June. Thanks everyone. See you Monday. Karla *Breakfast and lunch will be catered. Dinner if necessary.* Viewyour event (b) (5), (b) (6)

4:30pm - 5pm Meeting w/Matt Morrison re: Invasive Mussels

Where: Room 6654

Calendar: Scott Cameron

Created by: Michelle Mebane

Description:

From: Nate Weigel Date: May 22, 2017 at 7:11:38 PM PDT To:

scottjcameron@verizon.net Cc: Matt Morrison Subject: Request for Meeting on Invasive Mussels

Hi Scott, I was emailing to request a meeting between you and my director Matt Morrison regarding invasive mussels and the Department of Interior's recently initiated Invasive Mussels Working Group. Matt is in D.C. this Tuesday and Wednesday (5/23-24). His cell number is (b) (6)

Since it is such short notice, please feel free to call him if it would be easier. Two possible options are Tuesday (5/23) anytime from 2:00-3:00pm, or Wednesday (5/24) between 11:30am-1:00pm or anytime after 4:00pm. Or, please let us know a time that works for you, even if you are available for only 15 minutes. Matt and I spoke with Susan Pasko, who is in charge of the Education and Outreach subcommittee of the Working Group, and she indicated that we should reach out to you. Matt will also be at the Western Governors' Association meeting in Whitefish, MT, in June. The Pacific NorthWest Economic Region (PNWER) is a statutory organization comprised of the Northwest states of AK, ID, MT, OR, and WA, and the Western Canadian provinces and territories of AB, BC, SK, NT, and YT. PNWER has worked extensively on the issue of invasive mussels and is working to develop a regional strategy on invasive mussel prevention. This includes working with our Congressional delegation, Army Corps of Engineers, and state AIS programs on coordination and federal funding for the Northwest states. We look forward to hearing back from you. Sincerely, Nate Weigel Program Coordinator Pacific NorthWest Economic Region (206) 443-7723 nate.weigel@pnwer.org www.pnwer.org

Kerry Rae, Scott Cameron, Timothy Newman, Peter Doucette, Michelle Mebane, Ryan Nichols, William Lukas, phaverland@usgs.gov, ASWS Conference Room, kassgreen@earthlink.net

Description:

** RESCHEDULED from May 18. ** Kass Green's experience spans thirty years of managing and supervising GIS and remote sensing professionals, as well as leadership in GIS and remote sensing research and policy. As a non-tiring advocate of the Landsat, Ms. Green has testified before Congress and worked on numerous initiatives to support the Landsat Program. Her research includes innovations in automated change detection and object oriented image classification. Over the last six years, Ms. Green has had the pleasure of using object oriented techniques to create detailed vegetation maps of Grand Canyon National Park, the national parks of Hawaii, and Sonoma County, California from high resolution optical and lidar imagery. Ms. Green chairs NASA's Earth Science Applications Committee, co-founded and chaired the Department of the Interior's Landsat Advisory Group and has served on a variety of Federal Advisory Committees for NASA, NOAA and DOI. She has taught numerous workshops for ASPRS and federal agencies, is a fellow and an honorary member in the American Society of Photogrammetry and Remote Sensing (ASPRS), and a past president of both MAPPS and ASPRS. She has recently completed a text for Esri Press titled "Imagery and GIS, Best Practices for Extracting Information from Imagery, and has begun work on the third edition of Assessing the Accuracy of Remotely Sensed Data, Principles and Practices with Dr. Russell Congalton. Deemed a "rock star of remote sensing" by Directions Magazine, her research and accomplishments in mapping and GIS are world renowned. Website: <http://www.kassgreen.com/> (LC: (b) (5))

Description:

Description: Scott Cameron, Special Assistant to the Secretary, Water & Science, and Principal Deputy Assistant Secretary, Policy, Management & Budget, will provide an update about the interagency planning effort to address invasive quagga/zebra mussels in the West. Bureaus have been heavily involved in helping to identify actions that will enhance coordination and focus more intense effort aimed at significantly reducing the risk of spread of invasive mussels, with particular attention to the Columbia River Basin. The goal is for a set of actions to be announced in conjunction with the National Invasive Species Council (NISC) meeting on June 28 in Whitefish, MT, which will be held in association with WGA's summer meeting. Agenda: 1) Update on mussels initiative, NISC meeting & process to-date 2) Overview of special mussels event & potential commitments / announcements 3) Q & A and Next Steps In an attempt to maximize our time on this call but needing to create a sign-in sheet, for those who call in, please send your contact information (name, title, phone number, and email) to LSwanson@usbr.gov. Please put Mussel Call in the subject line. Linda will develop a list of attendees which we will distribute to everyone.

Description:

----- Forwarded message ----- From: Don Polese Date: Wed, Jun7, 2017 at 10:42 AM Subject: Brief meeting with Elsinore Valley MWD andme next Thursday the 15th? To: Scott Cameron Scott - just a reminderthat I am the fellow Dawson and Associates Alum (along with formerCong. Ron Packard) and that we are now with Vectis Strategies. Werepresent Elsinore Valley MWD in DC and they have asked for a fewminutes with you next Thursday while they are in town just to morethoroughly introduce themselves after our brief handshake back in Marchat NWRA. They have no specific ask at this point but have been veryactive on water recycling given their Title XVI authorization severalyears ago, and are developing a total water management plan along withpotential ideas on storage in Lake Elsinore. We have a strong relationship with Gray Payne, Bill Steele and others at BOR and theyhave all been terrific to work with. Do you have 15 minutes or so forus to come to your office that day? It would be Board Chair PhilWilliams, Government Affairs Officer Greg Morrison. and me. Thanks foryour consideration. Don Don Polese, Senior Partner Vectis Strategies (b) (6) cell

Where: Room 6641

Calendar: Michelle Mebane

Who:

Karen Senhadji, William Lukas, Scott Cameron, ASWS Conference Room, Michelle Mebane, Benjamin Keel, Kerry Rae, Casey Hammond, Deborah Lawler

Description:

From: Sherice Pittman Sent: Wednesday, March 22, 2017 4:53 PM To: scheduling@ios.doi.gov Subject: Meeting Request with the Pacific Salmon Commission April 3-7, 2017 Good Afternoon, The US/Canada Pacific Salmon Treaty and implementing legislation were passed by Congress in 1985. While the Treaty itself does not expire, many of the fishing regimes contained in Annex IV of the Treaty expire at the end of 2018. The United States and Canada are negotiating new regimes that will last for the next ten years. These new regimes will address conservation concerns and allocation of harvest for many Pacific salmon populations for Alaska, British Columbia and the Pacific Northwest. Additional resources necessary to implement the new fishery management regimes are being identified and sought from the federal government. Failing to successfully negotiate and implement the new regimes would result in a serious disruption of the salmon fishing industry from Alaska to Oregon. The resulting economic loss and job loss would be devastating to the Alaskan/Northwest region. The U.S. Section contingent of Commissioners will be in Washington, DC Monday, April 3, 2017-Friday, April 7, 2017 and would like to meet with Secretary Zinke to discuss US/Canada Pacific Salmon Treaty Implementation (PST). The delegation is available to meet between 9:30 a.m. - 5:30 p.m. Monday, April 3rd through Thursday, April 6th and Friday, April 7th from 9:30 am through 1:00 p.m., 2017, the delegation would be appreciative for a favorable response. Representing the U.S. Section contingent will be: W. Ron Allen, Tribal Chairman/CEO, Jamestown S'Klallam Tribe (WA) & Commissioner PSC Bill Auger, Alaska Alternate Commissioner Mike Matylewich, Columbia River Inter-Tribal Fish Commission (OR) Christine Mallette, Program Manager-Columbia River Investigations (OR) Department of fish & Wildlife Currently the schedule is open. Please let me know the status of your availability to meet during this time period. Thank you for considering this request. Regards, Sherice Pittman SENSE Incorporated Upshaw Place 1133 20th Street N.W, Suite 220 Washington, D.C. 20036-3462 (P) 202-628-1151 (F) 202-638-4502

Description:

On April 13, USGS will release an assessment of continuous oil and gas resources in the Bossier and Haynesville Formations. The Bossier and Haynesville formations are some of the most productive natural gas fields in the United States. They lie underneath parishes of northwestern Louisiana and counties of northeastern Texas. Many of their resources require production techniques like hydraulic fracturing and directional drilling to produce. A news release is planned following this briefing. (LC: (b) (5))

Description:

RESCHEDULED In early April, USGS will announce a new report on critical minerals for the United States. This publication presents resource and geologic information for 23 mineral commodities currently viewed as important to the national economy and national security of the United States, many of which are sourced entirely outside of the United States. The report provides an in-depth look at each commodity's use, distribution of deposit types, and current status of production, resources, and reserves. The individual commodity chapters serve as an update to the 1973 commodity chapters of USGS Professional Paper 820, United States Mineral Resources. Murray Hitzman and Larry Meinert, Associate and Deputy Associate Directors for the USGS Energy & Minerals Mission Area will be on hand to brief us about this new publication. LC: (b) (5)

Casey Hammond works in the Director's office for the U.S. Fish and Wildlife Service, and Scott Cameron works with our Assistant Secretary for Water and Science. Both are knowledgeable about the subject you wish to address, and they are willing to meet with you and your colleagues for further discussion. If this is agreeable, please coordinate directly with Roslyn Sellars, Thomas Irwin and Michelle Brown (all copied) to finalize a date and time. Thank you. Tim -----

On Mon, Apr 3, 2017 at 3:10 PM, ED Post wrote: Tim, I knew the Secretary would get busy in a hurry that is why I attempted to get at the head of the line hoping an issue a only 100 miles upriver from his new office might carry some weight. I will accept a meeting with a representative of his office (hopefully with potential longevity) which should take 15 to 30 minutes, the latter only if individual has little knowledge of aquatic critters. Again because of our travel distance requesting a meeting between 1000 and 1400 hrs. Since one in my three party group has a full time job and alternate date would be appreciated, otherwise no date preference Thanks, ED ----- From: "SIO, Scheduling" To: ED Post Sent: Friday, March 31, 2017 4:04 PM Subject: Re: Requesting Short Appointment (10-15 mins) with Incoming Secretary ref long delayed environmental project

Thank you for following up. As you can probably imagine, Secretary Zinke receives a large number of meeting requests and invitations, and he is simply not able to accommodate every one. Final determinations are affected by many different factors, including subject matter, as you stated. The Secretary's schedule is largely driven by agency-related policies and issues, many of which are time-sensitive. Scheduling decisions are often made by the Secretary's senior staff and advisors, and I'm not generally privy to all elements that go into each decision. I'm sorry I can't be more informative about our process, but I can assure you that your request was properly reviewed and carefully evaluated. Please let me know if you'd like to consider a meeting with another representative from the Department and I'll help to pursue that option. Tim -----

On Fri, Mar 31, 2017 at 3:03 PM, ED Post wrote: Tim, Before agreeing to a surrogate (in past surrogates left their offices shortly after my meeting) I would like to UNDERSTAND YOUR REVIEW PROCESS. I suspect it evaluates person and subject matter. I will accept that being a fellow retired military officer "doesn't cut the mustard", would one have to be the president of a conservation club, need to be nationally known? I ASSUME that one of my local Senators would warrant a few minutes should I be able to convince them of the importance of a short talk. My subject matter is the future of the American eel which is headed to the threatened species list due its food value across "the pond" and complicated life history (interesting reading should you or surrogate have the time). Thanks in advance for your response. ED Enamait. -----

From: "SIO, Scheduling" To: ED Post Sent: Wednesday, March 22, 2017 1:04 PM Subject: Re: Requesting Short Appointment (10-15 mins) with Incoming Secretary ref long delayed environmental project Mr. Enamait: Thank yo for being patient with our scheduling review process. Unfortunately, it's been determined that this is not a meeting that we can schedule for the Secretary. I'm very sorry we aren't able to make it work, but thank you for your understanding. Please let me know if you are open to meeting with a surrogate representative from the Department. If so, I can definitely assist you in identifying the most appropriate person, and I can help arrange a meeting. Thank you. Tim Nigborowicz Office of Scheduling and Advance U.S. Department of the Interior 202-208-7551 -----

Description:

Dear Scott-- I hope all is well with you. Please know your testimony from earlier this week has been highly praised. On April 19 and 20, representatives of the Washington State Columbia Basin Development League (CBDL) will be in Washington, DC to visit with you, Reclamation, and their Congressional Delegation. Would you have time on either of those two days to meet with them? Please know we have reached out to Reclamation's Acting Commissioner Murillo for a meeting as well. Our CBDL people would like to discuss the progress made with both of you on delivering surface water to the Odessa subarea. The following people will be attending participating: 1. Vicky Scharlau, Executive Director, Columbia Basin Development League 2. Mike Schwisow, Director of Government Relations, Columbia Basin Development League 3. Tom Tebb - Director, DOE Office of Columbia River 4. Orman Johnson, Director, East Columbia Basin Irrigation District and Deep Well Irrigator 5. Kevin Lyle, President, Columbia Basin Development League, Irrigator 6. Kris Polly, Water Strategies LLC 4 E Street, S.E. Description:

On Fri, Mar 31, 2017 at 1:13 PM, Bourgeois, Douglas (US - Arlington) wrote: Scott - I'm glad to see you back at DOI. The Department will no doubt benefit from your considerable experience inside the Department and in the private sector as well. I'd be interested to hear more about your role and priorities as things develop with your strategy and planning. I'd appreciate the opportunity to get together sometime and catch up. As you may have heard, I'm at Deloitte Consulting now leading our cloud computing practice for Federal. As a firm, we have been working for the past several years across the Department including in ONRR, BSEE, BLM, BIA and OST, and IBC. Based on this experience, we have some ideas about topics that we have heard are on Secretary Zinke's agenda such as: reducing regulatory burden, improving the American citizen experience in the Parks and Public Lands, and reforming the Department overall and reducing cost. My colleague who has been working on these initiatives, John Mennel, would like to have an introductory meeting at your convenience to find out more about your priorities and share some of his thoughts. Please let me know if you're interested in having this discussion. Description:

From: National Aquaculture Association Date: Tue, Feb 7, 2017 at 5:35PM

Subject: Appointment Request To: "Jamie K. Reaser" Jamie: It was great to talk to you this afternoon. The quote I used from the NISC Management Plan in a presentation to the ANSTF was: Not all non-nativespecies are harmful, however; many are beneficial and play substantial roles in our economy (e.g., in agriculture and fisheries). Whether or not a non-native species is or will become harmful is context dependent; the risks change among localities and through time. It is possible for a species that is invasive in a novel ecosystem to be rare or endangered in its native range. Several members of the National Aquaculture Association are going to be in DC on April 25th for a morning meeting. We have read Scott Cameron's recent article that appeared at the Capital Research Center website and have been contacted about his presentation to the 2017 AgChairs Summit. Would it be possible to meet with Mr. Cameron after 1 pm on April 25th to talk with him about the US aquaculture perspective regarding non-native aquatic species and federal regulatory efforts? I believe that this discussion may touch on the Lacey Act, nonnative species risk analysis, Aquatic Nuisance Species Task Force, and foreign animal disease. Thank you, Paul Paul W. Zajicek Executive Director National Aquaculture Association PO Box 12579 Tallahassee, FL 32317-2759 Phone: 850-216-2400 Fax: 850-216-2480 Website: <http://thenaa.net/>

Description:

April Snell, the Executive Director for the Oregon Water Resources Congress (OWRC), a client of mine for some 25 years, and her Board President Blair Nash, Vice President Mike Britton and Federal Affairs Char Marc Thalacker are going to be in town April 26-28th and would like to meet with you to discuss ESA and to talk about FRIMA implementation (see attachment and the yellow highlight starting on page 5) and appropriation/budget issues for FY18 for the Bureau of Reclamation, USGS and the USFWS. Dave Reynolds said you are the best person to see. OWRC was instrumental in creating FRIMA back in the late 90's and I did the work with a staff person from Senator Wyden's office to make it happen and then get it reauthorized. So I can provide additional background if you need it before the meeting. Below is a quick summary of the Wyden Bill that got reduced down to \$15M in the WINN legislation that is attached. Their membership has some of the most experience with fish screens in the Northwest. And Marc has been working with other groups - ngo's here and out there - on other programs like this. He is also heavily involved in the FFA. Summary The Fisheries Restoration and Irrigation Mitigation Act (Public Law 106-502) establishes a voluntary federal cost-share program to fund fish screens and fish passage devices in areas that drain into the Pacific Ocean in Oregon, Washington, Idaho and western Montana. The central goal of the program is to screen water withdrawals and build upstream fish passage devices while maintaining a reliable supply of water for various human uses. The program is administered through the U.S. Fish and Wildlife Service in cooperation with state agencies that manage fish and wildlife. FRIMA was signed into law in 2000, and was last reauthorized through 2015 back in 2008. This proposed reauthorization would extend the program from 2017 to 2024 at an authorized funding level of \$25,000,000, shared equally among the four states. The program is centered on multisectoral collaboration and is supported by a number of different interests, including farmers, fisheries managers, water users and conservation organizations. History of Success FRIMA has a history of demonstrated success throughout the Pacific Northwest. According to the U.S. Fish and Wildlife Service, to date, 127 projects have been funded through FRIMA. These projects have reopened more than 1,130 miles of habitat to fish passage. In total, 56 barriers to fish passage have been removed, 130 water diversion sites have been screened, and 18 fish passage evaluations have been completed, all while maintaining and improving agriculture irrigation systems P.L. 114-322 (S. 622) Sectin 4010 of WINN Act of 2016 - FRIMA Reauthorization 031517. doc POC: Peter Carlson 202-966-2190 (o) (b) (6) (c) pcarlson@willandcarlson.com

Description:

Hi Michelle. Hope you are well. I came by and met with Scott Cameron in early March, along with Whit Fosburgh and Christy Plumer from the TRCP. I will be back in DC the last week of April and was wondering if it would be possible to come back and see him then, this time with our Water Center coordinator, Kim Jensen. We are trying to set up meeting early Wednesday afternoon, 4/26, Thursday the 27th after 10:30 and Friday morning the 28th. Please let me know if he would be available. Thank you! Topics Include: FY18 Reclamation budget (& FY17 budget if it's passed) System Conservation Pilot Program Colorado River Drought Contingency Plan Salton Sea MOU implementation Emergency Drought Relief Act Reauthorization (EDRA sunsets at year's end) POC: Melinda Kassen, JD Interim Director, TRCP Center for Water Resources mkassen@trcp.org; (b) (6) 2350 Balsam Drive, Suite 103, Boulder, CO 80304

Description:

Subject: Our focus will be on the pending Deschutes Basin Habitat Conservation Plan. A general summary of the Deschutes Basin HCP is below. General HCP background: Deschutes HCP summary - The Deschutes Basin HCP is advancing. The operations of Crescent, Crane Prairie and Wickiup are in compliance with a Stipulated Settlement Agreement between the Districts, Reclamation and the plaintiffs arising from a lawsuit claiming take of Oregon spotted frog (OSF). All of the original HCP studies are complete, and additional OSF studies, including monitoring required by the Settlement Agreement, are underway. The HCP's focus is now on OSF, and will include a long-term conservation strategy, monitoring program, and adaptive management plan. The complementary but separate Deschutes Basin Study may also provide useful hydrologic and water conservation information to the HCP. The Districts are also focusing on conservation measures for steelhead, bull trout and salmon in the Deschutes River, Whychus Creek and Crooked River. A draft of the Deschutes Basin HCP is scheduled to be ready in late 2017 to support the initiation of National Environmental Policy Act compliance. Unless there are unexpected delays (more litigation) the Deschutes Basin HCP should be complete by the end of 2019. Michelle- It would be ideal if we could meet with Scott and Alan on Monday, May 1st. 10:00 am or 11:00 would be ideal. Our group includes the general managers of three Oregon irrigation districts. We would like to brief Interior on our work with Reclamation and the US Fish and Wildlife Service on a Habitat Conservation Plan, WaterSMART grants and related matters. Thank you. 11:30am - 12pm Meeting w/Santa Clara Valley Water District

Where: Room 6641

Calendar: Michelle Mebane

Who:

Travis Yonts, David Murillo, Michelle Mebane, Kerry Rae, Robert Wolf, Grayford Payne, Casey Hammond, ASWS Conference Room, Harry Horner, Scott Cameron, Andre Shepet, Evann Rogers, Alan Mikkelsen, Deborah Lawler

Description:

On Apr 5, 2017, at 1:46 PM, Eric Swedlund wrote: Scott: I hope this message finds you well. Board members and staff from the Santa Clara Valley Water District will be in DC in May and would like to meet with you. They are available on May 1 (any time of day) or until noon on May 3. We are also seeking a meeting with Acting Reclamation Commissioner Murillo. I am not sure if you prefer it to be a joint meeting or if separate ones work better. There is overlap on the issues they would discuss with both of you, but the focus would be different given your roles. The issues they would like to discuss include: support for Title XVI funding, including a summary of the District's Expedited Purified Water Program; the WIIN Act's Section 4009 competitive grant program; stormwater capture for recharge and direct/indirect potable reuse; and reconsultation on the Biological Opinions affecting Delta operations. They would also appreciate your thoughts on Secretary Zinke's plans for water in California and coordination with EPA; NOAA Fisheries; and CEQ. Following is a list of participants from the District. They will also be meeting with the Corps of Engineers during their time in DC, so it is likely that the group will need to split up. I will confirm attendees as the date gets closer. Board of Directors Chairman John Varela Director Richard Santos Director Tony Estremera Melanie Richardson, Chief Operating Officer (Interim) Garth Hall, Deputy Operating Officer Rick Callender, Deputy Officer, Office of Government Relations Many thanks for your consideration of this request, Scott. Description:

On Mon, Apr 10, 2017 at 4:06 PM, Baur, Don (Perkins Coie) wrote: Scott -- thank you very much for meeting with the Western Urban Water Coalition last Thursday. The members very much enjoyed your presentation, and we look forward to working with you. By coincidence, we ended up having our dinner at the same Restaurant Secretary Zinke was dining at on Thursday, and he was kind enough to make a short presentation to us. We let him know that we had met with you earlier in the day. The Coalition has developed a short list of priority administrative reform issues, which we would be happy to speak with you or your staff about at any time. Please let us know if there is a convenient time for us to do so. Than you again for participating in our meeting. Don Baur Donald C. Baur | Perkins Coie LLP 700 Thirteenth Street, N.W. Description:

POC: Steve Moyer (ph: 703-284-9406) SCPP - Western Water Trip: Participant Bios
Toye Cory Pavillion, WY Cory Toye is the Director of the Wyoming Water and Habitat Program for Trout Unlimited. He and his wife, Morgan and two boys, Joe and Ike, live near Pavillion, WY. Team Toye enjoys everything big, wonderful Wyoming offers, especially Wind River country and the Absaroka Mountain Range. Cory has a Juris Doctorate from the University of Wyoming College of Law and a B.S. in Economics with a minor in Environment and Natural Resources also from UW. Cory has worked for TU since 2006. Botur Freddie Big Piney, WY Freddie Botur (Big Piney, WY) is a Conservation Entrepreneur who runs his family's ranch in Sublette County, Wyoming. Freddie has forged partnerships with State and Federal Agencies, Conservation Groups, and Foundations creating public private partnerships that aided in the creating of off site mitigation policy for energy development impacts on public lands. He served as the vice chairman of the BLM Resource Advisory Council in Wyoming. He is an accomplished alpinist and has climbed all over the world from the Himalaya to Patagonia, as well as his back yard. He has 3 children and splits his time between Wyoming and Colorado. Espenscheid Chad Big Piney, WY http://billingsgazette.com/news/state-and-regional/wyoming/historic-wyoming-ranch-protects-operation-with-easement/article_c6977c9f-b8b8-57ea-aa52-1bd914eec8b9.html Chad Espenscheid is the owner and operator of Piney Creek Ranches near Big Piney, WY. Chad is part of a multi-generational ranching family in this area and has lived and worked on the ranch his entire life. Chad has a degree in engineering and also runs a consulting company designing irrigation infrastructure and efficiency measures. He is currently representing Wyoming as a Board Member of the Colorado River Salinity Control Forum and has served on the Sublette County Conservation District Board. Nielson Jordan Spanish Fork, UT Jordan Nielson (Spanish Fork, UT; Utah County): In his role as Trout Unlimited's Price River Project manager, Jordan coordinates efforts to restore both habitat and flows in the Colorado River drainage in Utah. Jordan has been doing conservation work in the State of Utah for the past 9 years - as a guide, on staff with the Utah Division of Wildlife Resources, and now with Trout Unlimited. Cotner Kevin Price, UT Kevin Cotner (Price, UT; Carbon County): Kevin is the current president of Carbon Canal Company, the largest irrigation company on the Price River. He is a lifelong resident of Carbon County, farmer and rancher, and the owner of multiple businesses in Utah. Kevin is working with TU to improve the outlook of water resources in the Price area using innovative irrigation systems and water conservation efforts despite facing extended drought. 9:15am - 9:45am Arctic Invasive Species Strategy and Action Plan - Briefing

Where: Scott's Office

Calendar: Michelle Mebane

Who: Michelle Mebane, Jamie Reaser, Scott Cameron

Description:

Scott: Do you have 30 min on Thursday before 11am or after 2pm for Gilbert Castellanos (USFWS - Anchorage) and me to brief you on the Arctic Invasive Alien Species (ARIAS) Strategy and Action Plan? Gil is in town through Thursday. He was part of the team that spoke with Sec Tillerson on the ARIAS Strategy and Action Plan at the recent Arctic Council Ministerial in Fairbanks. I'd like to brief you in the hope that we could then brief Sec. Zinke who might then be inspired to reach out to Sec. Tillerson on invasives/NISC. Also of timely relevance: As I understand it, Sec. Zinke is going to be traveling to Scandinavia and Alaska in the very near future - and possibly meeting with the Norwegian team that co-chaired the ARIAS process with us. Note: Aurelia was briefed on the topic earlier this week... Best, Jamie

10am - 10:30am Meeting w/Chippewa Cree Tribe

Where: Room 6641

Calendar: Michelle Mebane

Who:

ASWS Conference Room, Robert Wolf, David Palumbo, Alan Mikkelsen, Michelle Mebane, Mathew Maucieri, Kerry Rae, Deborah Lawler, David Murillo, Evann Rogers, Douglas Oellermann, Patrick Fischer, Scott Cameron, BOR WRO GPRegionalLiaison, mduchesne@usbr.gov, Ryan Nichols

Description:

Mr. Fischer, Mr. Rogers and Ms. Brown - I wanted to touch base in hopes of getting a meeting scheduled for the Chippewa Cree Tribe, we had originally set up a meeting for them with Acting Commissioner Murillo back in March, but the tribe was forced to cancel that trip due to airline cancellations resulting from snowstorms in Montana and DC. The tribe has now rescheduled the trip for the week of May 15th and the delegation will include the Tribal Chairman, Harlan Baker, and a number of other elected officials from the Tribal Council. Also in attendance will be tribal staff and engineers involved with the Rocky Boys/North Central Montana Regional Water System (NCRWS). The group would like to meet with Acting Commissioner Murillo, Deputy Commissioner Mikkelsen and Mr. Cameron to discuss the water project. The group will be in DC and available for meetings on Tuesday May 16th through Thursday May 18th. We are working on setting up a number of meetings for them, but as of now the only meetings they have scheduled are on Tuesday the 16th at 2:30pm and 3:30pm on Capitol Hill. Please let me know what time(s) may work for Mr. Murillo, Mr. Mikkelsen and Mr. Cameron that week. Key Topics that the tribe would like to discuss include:

- FY17 Budget Funding (Second Half Of Year)
- FY18 Budget Funding o Line Item Funding o Rural Water Supply Program Funding
- Water Treatment Plant Funding/Stimulus Options
- Rocky Boy's is last substantially complete BoR Rural Water Supply Program without a water treatment plant. Want to talk about ways for the BoR to prioritize RB/NC.
- Land Transfer Update

Thanks, Chris Lambert, Senior Associate

Description:

Hello everyone - I'm confirming that the state is not in receipt of aPWA proposal for Project Delivery, our first agenda item. The stateteam will be prepared to discuss its interests as it relates to projectdelivery. We look forward to the cost allocation and financing discussions. See you all on Monday. Have a good weekend. KarlaREMINDER: The location of this meeting is at the State WaterContractors offices at 1121 L Street, Suite 1050. Hello everyone - Please find attached a draft agenda for our WaterFix meeting thisMonday, May 22. We will start at 9am at the State Water Contractors,1121 L Street, Suite 1050. In an effort to keep the room small, I amrequesting that each organization be prepared to have no more than two representatives in the room. There are many break out rooms nearby forpurposes of caucusing and where attorneys and other technical staff canbe on hand to work through issues as they arise. I anticipate aproposal from the PWAs on project delivery this afternoon that theState will consider over the weekend. Please bring any documents youneed to support the cost allocation and financing discussions. We willhave the ability to project and edit documents in real-time as needed.Please send all documents you wish to display to Chuck Gardner inadvice of Monday. Our charge is to come to closure on these topics sothat we have a full project description - characterizations of watersupply, cost allocation, construction management and delivery organization, and financing plan- by the time project's environmentalpermits are issued in June. Thanks everyone. See you Monday. Karla *Breakfast and lunch will be catered. Dinner if necessary.* Viewyour event (b) (5), (b) (6)

4:30pm - 5pm Meeting w/Matt Morrison re: Invasive Mussels

Where: Room 6654

Calendar: Scott Cameron

Created by: Michelle Mebane

Description:

From: Nate Weigel Date: May 22, 2017 at 7:11:38 PM PDT To:

scottjcameron@verizon.net Cc: Matt Morrison Subject: Request for Meeting on Invasive Mussels

Hi Scott, I was emailing to request a meeting between you and my director Matt Morrison regarding invasive mussels and the Department of Interior's recently initiated Invasive Mussels Working Group. Matt is in D.C. this Tuesday and Wednesday (5/23-24). His cell number is (b) (6)

Since it is such short notice, please feel free to call him if it would be easier. Two possible options are Tuesday (5/23) anytime from 2:00-3:00pm, or Wednesday (5/24) between 11:30am-1:00pm or anytime after 4:00pm. Or, please let us know a time that works for you, even if you are available for only 15 minutes. Matt and I spoke with Susan Pasko, who is in charge of the Education and Outreach subcommittee of the Working Group, and she indicated that we should reach out to you. Matt will also be at the Western Governors' Association meeting in Whitefish, MT, in June. The Pacific NorthWest Economic Region (PNWER) is a statutory organization comprised of the Northwest states of AK, ID, MT, OR, and WA, and the Western Canadian provinces and territories of AB, BC, SK, NT, and YT. PNWER has worked extensively on the issue of invasive mussels and is working to develop a regional strategy on invasive mussel prevention. This includes working with our Congressional delegation, Army Corps of Engineers, and state AIS programs on coordination and federal funding for the Northwest states. We look forward to hearing back from you. Sincerely, Nate Weigel Program Coordinator Pacific NorthWest Economic Region (206) 443-7723 nate.weigel@pnwer.org www.pnwer.org

Description:

** RESCHEDULED from May 18. ** Kass Green's experience spans thirty years of managing and supervising GIS and remote sensing professionals, as well as leadership in GIS and remote sensing research and policy. As a non-tiring advocate of the Landsat, Ms. Green has testified before Congress and worked on numerous initiatives to support the Landsat Program. Her research includes innovations in automated change detection and object oriented image classification. Over the last six years, Ms. Green has had the pleasure of using object oriented techniques to create detailed vegetation maps of Grand Canyon National Park, the national parks of Hawaii, and Sonoma County, California from high resolution optical and lidar imagery. Ms. Green chairs NASA's Earth Science Applications Committee, co-founded and chaired the Department of the Interior's Landsat Advisory Group and has served on a variety of Federal Advisory Committees for NASA, NOAA and DOI. She has taught numerous workshops for ASPRS and federal agencies, is a fellow and an honorary member in the American Society of Photogrammetry and Remote Sensing (ASPRS), and a past president of both MAPPS and ASPRS. She has recently completed a text for Esri Press titled "Imagery and GIS, Best Practices for Extracting Information from Imagery, and has begun work on the third edition of Assessing the Accuracy of Remotely Sensed Data, Principles and Practices with Dr. Russell Congalton. Deemed a "rock star of remote sensing" by Directions Magazine, her research and accomplishments in mapping and GIS are world renowned. Website: <http://www.kassgreen.com/> (LC: (b) (5))

Description:

Description: Scott Cameron, Special Assistant to the Secretary, Water & Science, and Principal Deputy Assistant Secretary, Policy, Management & Budget, will provide an update about the interagency planning effort to address invasive quagga/zebra mussels in the West. Bureaus have been heavily involved in helping to identify actions that will enhance coordination and focus more intense effort aimed at significantly reducing the risk of spread of invasive mussels, with particular attention to the Columbia River Basin. The goal is for a set of actions to be announced in conjunction with the National Invasive Species Council (NISC) meeting on June 28 in Whitefish, MT, which will be held in association with WGA's summer meeting. Agenda: 1) Update on mussels initiative, NISC meeting & process to-date 2) Overview of special mussels event & potential commitments / announcements 3) Q & A and Next Steps In an attempt to maximize our time on this call but needing to create a sign-in sheet, for those who call in, please send your contact information (name, title, phone number, and email) to LSwanson@usbr.gov. Please put Mussel Call in the subject line. Linda will develop a list of attendees which we will distribute to everyone.

Description:

----- Forwarded message ----- From: Don Polese Date: Wed, Jun7, 2017 at 10:42 AM Subject: Brief meeting with Elsinore Valley MWD andme next Thursday the 15th? To: Scott Cameron Scott - just a reminderthat I am the fellow Dawson and Associates Alum (along with formerCong. Ron Packard) and that we are now with Vectis Strategies. Werepresent Elsinore Valley MWD in DC and they have asked for a fewminutes with you next Thursday while they are in town just to morethoroughly introduce themselves after our brief handshake back in Marchat NWRA. They have no specific ask at this point but have been veryactive on water recycling given their Title XVI authorization severalyears ago, and are developing a total water management plan along withpotential ideas on storage in Lake Elsinore. We have a strong relationship with Gray Payne, Bill Steele and others at BOR and theyhave all been terrific to work with. Do you have 15 minutes or so forus to come to your office that day? It would be Board Chair PhilWilliams, Government Affairs Officer Greg Morrison. and me. Thanks foryour consideration. Don Don Polese, Senior Partner Vectis Strategies (b) (6) cell

Meeting w/Tabitha Cale & Chris Prandoni (CEQ) re: Invasive Species

Where: Room 6641

Calendar: Michelle Mebane

Who:

Scott Cameron, phaverland@usgs.gov, William Lukas, Deborah Lawler, Ryan Nichols, Kerry Rae, Michelle Mebane, ASWS Conference Room

Description:

Hi Scott, It was good to meet you at the Ocean Awards Gala on Tuesday. I have been covering invasive species issues here at CEQ and have been participating in the NISC planning calls. I'd like to e-introduce you to our new Associate Director for Natural Resources at CEQ, Chris Prandoni who is copied on this message. It would be great if we could set up a time for us to all meet and hear more about your priorities around invasive species, and any other issues you are working on at DOI. Tabitha Tabitha Cale, PhD Deputy Associate Director for Ecosystems White House Council on Environmental Quality Phone: (b) (6) Email:

4:30pm - 5:30pm Discuss USGS Critical Minerals Report and Strategy

Where: EEOB 229

Calendar: (b)(6) - Magdelana Delahoyde

Created by: Kerry Rae

Who:

Herbst, Ellen EOP, elaine.duke@hq.dhs.gov, Herz, James P. EOP/OMB, Murray Hitzman, James Cason, Catanzaro, Michael J. EOP/WHO, Eshbaugh, Mark J. EOP/NSC, Banks, George D. EOP/WHO, (b)(6) Scott Cameron, McCormack, Brian, lesa.b.roe@nasa.gov

Description:

The purpose of this meeting is to discuss the USGS research "Critical Mineral Resources of the United States - Economic and Environmental Geology and Prospects for Future Supply." USGS will plan to present the key findings of the report. There will also be a discussion of follow-up actions: 1. A possible E.O. tasking key players to address the issue 2. A project proposal to task USGS to map the CM/RE potential across the US. 3. An event to release the report & announce Admin. initiatives to reduce our Dependency. OUTSIDE ATTENDEES For meeting attendees who need to be WAVED in, please use the link below to fill out your full information. Be sure to enter the name and residence exactly as it appears on the government issued ID. Please double check to make sure you also have the correct social security number to avoid hold ups at the White House gate. (b)(5), (b)(6)

ARRIVAL DETAILS Enter the White House complex through the Security Gate at 17th St NW and State PI NW. Please remember to bring a government issued form of identification. Once given your appointment badge please enter the Eisenhower Executive Office Building and continue to your designated meeting room. Please note: If any foreign nationals are in your party please alert me in advance so I can escort your party to my office. If you have any issues, please email me or call me at: 202-395-4744. We'll see you then! Maggie View your event (b)(5), (b)(6)

Description:

A new U.S. Geological Survey Open-File Report titled, A projection of lesser prairie-chicken (*Tympanuchus pallidicinctus*) populations range-wide, will be released in July 2017. The peer-reviewed report found that the species is declining in all 4 ecoregions comprising the species' range. This study, funded by the USFWS Region 2 (Southwest Region), was conducted at the Service's request to support its species status assessment for lesser prairie-chickens. The Service will publish a report on that assessment at a later date. USFWS was petitioned in September 2016 to list this species under the U.S. Endangered Species Act. * * * WEBEX INFORMATION * * * Topic: (10) Viability of Lesser Prairie-Chicken Date: Thursday, July 13, 2017 Time: 11:00 am, Eastern Daylight Time (New York, GMT-04:00) Meeting number: 711 412 306 Meeting password: (This meeting does not require a password.) 10am - 10:45am Meeting with Penobscot Nation

Video call:

(b) (5), (b) (6)

Where: Room 6120

Calendar: Gareth Rees

Who:

Michelle Mebane, weldon.loudermilk@bia.gov, Mariagrazia Caminiti, Kerry Rae, Margaret Creel, Gavin Clarkson, Gareth Rees, James Cason, Eric Shepard, Daniel Jorjani, Scott Cameron, Hankie Ortiz, mike.black@bia.gov, Anna Owens-Brown, John Hay

Description:

Attendees TBC Subject Penobscot Nation is concerned about protecting the water quality standards of the Penobscot River. EPA had been going through a process that started in the Bush Administration (43) and resulted in a final water quality standard being issued last December. The final standard requires that the water quality of the River be at a level that protects the fish to a point of allowing the Native Americans to consume an amount of fish that they have traditionally consumed without being contaminated by the fish. In deciding to include the rights of the tribes to fish in the water quality standard, EPA relied on a letter on the Department's views issued by former Solicitor Hillary Tompkins (2015). Meeting with JJ Brown, ThinkPolicy Consulting on Rare Earth Minerals

Video call:

(b) (5), (b) (6)

Where: Room 6120

Calendar: Gareth Rees

Who: Ryan Nichols, Kerry Rae, James Cason, Michelle Mebane, Scott Cameron, Gareth Rees

Description:

Attendees: JJ Brown Subject I'm working with a coalition focused on bringing back a domestic value chain for rare earth finished parts. While the United States has a variety of excellent sources of rare earths, we lack the value chain to turn RE ores into usable parts. Today many of our advanced technologies and weapons system rely on China's RE value chain. Our group is working with the Pentagon Office of Industrial Base Policy and the White House National Trade Commission on a solution that would help establish a privately funded and privately managed value chain domestically. Alex Gray with the White House NTC will soon be reaching out to relevant departments in an effort to get feedback on options such as the one we have proposed. In anticipation of that, I was hoping to be able to brief Mr. Cason on our proposal. POC JJ Brown ThinkPolicyConsulting, LLC (b) (6) cell jjbrown@thinkpolicy.org

Description:

Scott Cameron, Principal Deputy Assistant Secretary would like to schedule a group meeting with your principal on the above subject matter. The meeting will be for 2 hours. This is the first of several meetings that need to be scheduled with your offices in the coming weeks. If your principal is unable to attend, please send a alternate. We have a call -in number for principals only who are unable to attend and wish to call in. Strategic Planning for "Fulfilling Our Trust Responsibilities" Meeting Objective: Develop details for goals and review performance measures that will enable achievement of the Secretary's Strategic Plan Framework; also nominate candidate Agency Priority Performance Goals. The results of these meetings will be used by the Office of Planning and Performance Management and corresponding bureau and office performance reps to produce a draft FY 2018-2022 Strategic Plan.

Description:

Invitees: Thomas Spoehr - Thomas.Spoehr@heritage.org, Director, Center for National Defense The Heritage Foundation 214 Massachusetts Avenue, NE Washington, DC 20002 202-608-6074 Nick Lauris Katie Tubbs Subject: RE: Following up on yesterday's meeting with Secretary Zinke Thinking about this on the Metro on the way back there are some first steps to be taken no matter how the solution takes form, (some stolen from Kotter's change model). 1. form the planning cell. We would typically lead something like this in the military with a Colonel or GS-15. I am also ignorant of the Dept of Interior, I don't know if you use the general pay schedule. 2. identify the problem. I think Sec Zinke hits some of this: unacceptable delays in permitting, lack of a defined career path, delayed customer response times due to a lack of regional integration. 3. describe the proposed solution. JMAs, etc. 4. build a guiding coalition. Respected individuals from throughout the department All things we could discuss at that meeting. Best, Tom

Description:

Invader Detectives: launching a citizen science-based pilot project for the early detection of invasive species in urban areas Wednesday August 16th 3:30pm-5:00pm Agenda 3:30pm Opening Remarks: Jamie K. Reaser, Executive Director, National Invasive Species Council (NISC) 3:40pm Invader Detectives (ID) Pilot Project Development: Mark Frey, National Park Service detailee to the NISC Secretariat 4:10pm Fresh Data perspectives on the potential of ID: Jen Hammock, Marine Theme Coordinator, Encyclopedia of Life, Smithsonian Institution 4:20pm DC-CISMA perspectives on the potential of ID: Alonso Abugattus, Arlington County Parks 4:30pm Discussion: All 5:00pm Next Steps and Closing Remarks: Jamie K. Reaser 5:10pm End Please join us at 5:30pm for the inaugural monthly Invasive Species Happy Hour at Elephant Castle - 900, 19th St NW in Washington DC Invader Detectives is a national program (currently under development) that facilitates the detection and eradication of potentially harmful non-native organisms (known as "invasive species") in urban environments. Why invasive species? Among other things, invasive species threaten the survival of our native species, limit food and water availability, impair human health and safety, and damage critical infrastructure, including buildings and roads. Their impacts in the United States are already measured in the 100s of billions of dollars per year. Why urban environments? The majority of invasive species enter the country through the large commercial sea ports and airports located in our Nation's cities. If we stop these organisms at or near our borders, they can't cause harm anywhere else - we protect the American people and everything we care about. Invader Detectives is administered through partnerships between government agencies (mostly local municipalities) and "citizen scientists" - members of the public who have sufficient technical capacity to contribute to scientific endeavors and do so voluntarily. This approach can be cost-effective, while also ensuring that relevant laws and policies are being followed, local Invader Detectives chapters effectively use existing resources (e.g., organizations, experts, educational information), and the data generated by program participants makes a difference over the near- and long-term (e.g., by being included in national databases that are used for environmental planning).

We will send a planner with dial-in shortly Regards, Ali From: Cameron, Scott Sent: Monday, September 11, 2017 16:35 To: Bilicic, George Cc: Hort, Gregory; Gavin Clarkson; andrea_travnicek@ios.doi.gov; Taqi, Ali; Palumbo, David Subject: Re: Due diligence questions George, Let's do a 4 pm call on Wednesday. Does that work for you? If so, want to send us a call in number? Thanks, Scott Scott J. Cameron Principal Deputy Assistant Secretary for Policy, Management and Budget Office of the Secretary of the Interior Desk 202 208 4242 Cell (b) (6) On Mon, Sep 11, 2017 at 2:11 PM, Bilicic, George wrote: Scott Let's discuss live with at least a subset of our team, and we should include Peabody On the cooperation point, however, importantly, we just don't see SRP as being enthusiastic about working on a successful transfer here and we otherwise think there needs to be a discipline and sense of urgency applied to the process around the various sides of the octagon-shaped table. We are having lots of discussions but limited concrete progress -- e.g., how do we get the current owners to commit in a concrete manner to offtake arrangements, etc. When we speak live, we can cover the rest of your questions and other issues you might see George George W. Bilicic Lazard Tel: 312-407-6673 (Chicago) Tel: 212-632-1418 (New York) Cell: (b) (6) On Sep 11, 2017, at 11:38 AM, Cameron, Scott wrote: Greg, In reviewing this document, I have some questions: 1. Can you provide more specificity around what you are looking for from the current owners in terms of "Full cooperation as the process progresses." Is there some sort of cooperation currently lacking? 2. Is there a particular action you'd like to see EPA take to demonstrate support for Alternative B? 3. What form of support from DOE are you desiring with respect to support for technology upgrades and new efficiency technology development? 4. What specifically are you looking for from DOE in terms of leveraging the grid reliability study in the context of NGS? Thanks, Scott Scott J. Cameron Principal Deputy Assistant Secretary for Policy, Management and Budget Office of the Secretary of the Interior Desk 202 208 4242 Cell (b) (6) On Mon, Sep 11, 2017 at 10:21 AM, Hort, Gregory wrote: Scott/Gavin, Attached is the list of key items that we discussed last week at the meeting. Please let us know if you would like to arrange a call to discuss further and advance. -Greg From: Scott Cameron [mailto:scott_cameron@ios.doi.gov] Sent: Monday, September 11, 2017 9:39 AM To: Bilicic, George Cc: Gavin Clarkson; Hort, Gregory; andrea_travnicek@ios.doi.gov Subject: Re: Due diligence questions George, We need as much detail as you can give us as soon as you can give it to us. Thanks, Scott Scott J. Cameron Principal Deputy Assistant Secretary Policy, Management and Budget Department of the Interior Cell (b) (6) Desk 292-208-4242 Sent from my iPhone On Sep 11, 2017, at 9:24 AM, Bilicic, George wrote: Scott We will send a summary -- the 20+ items relate to the 7 sides of the octagon table and what we need to get this done Thereafter, we should discuss as I am sure we are missing some things and also there are some sub-points we have in mind that relate to the 20+ items We are really going to need folks to be working together constructively to get this done plus, as I said, we really all do need a ringleader with authority and conviction to avoid what seems to be to us to be tragic result on a net societal benefit basis -- there are clearly, in our mind, some folks who would be quite pleased to see the plant shut-down Regards George George W. Bilicic Lazard Tel: 312-407-6673 (Chicago) Tel: 212-632-1418 (New York) Cell: (b) (6) On Sep 11, 2017, at 7:56 AM, Scott Cameron wrote: We are looking for the list of 20+ items that George rattled off at our meeting last week. Thanks, Scott Scott J. Cameron Principal Deputy Assistant Secretary Policy, Management and Budget Department of the Interior Cell (b) (6) Desk 292-208-4242 Sent from my iPhone On Sep 11, 2017, at 7:20 AM, Bilicic, George wrote: Greg I think that Gavin is referring to what we need from the seven parties sitting at the octagon table Would you please provide a summary of those items so we can make progress?

3pm - 5pm Performance Improvement Council (PIC) Meeting

Where: EEOB 248

Calendar: (b)(6) - Dustin Brown

Created by: Scott Cameron

Who: Scott Cameron

Description:

PIC Members - As you know, our next Council meeting is Wednesday, September 20th (3:00-5:00 pm). For this meeting, we will focus solely on the Program Management Improvement & Accountability Act (PMIAA). Due to the potentially significant changes we are proposing to the structure of the Council and the PIO role, this meeting will be open only to PIOs. I encourage you to attend the Council meeting and share your views on the prototype (see below for detailed information) and how it will impact the scope of your work. We plan to go around the table to hear from each PIO on what opportunity the PMIAA provides, and what barriers we need to address. We will assume basic familiarity with the proposal. If you would like any additional information in advance of the meeting to ensure you are prepared, please let us know. I look forward to a robust discussion. Note that we are reviewing agency comments now, and are meeting with the Hill next week, and may have an updated version of the prototype in advance of the meeting. If so, we will let you know and will highlight any changes made. Please make sure to fill out the following WAVES link by COB on Tuesday, September 19: (b) (5), (b) (6)

Please click here (b) (5), (b) (6) to access the Max page on the PMIAA, including the prototype. Regards, Dustin

Description:

Note Change to Attendee List - Per Director, OIA Room and meeting location remains MIB 3144 Call in for off-site participants: (b) (5) Code: (b) (5) Hello Thomas, Originally, we had expected to use today's briefing to provide an overview and introductions on ASFWP's role in trade, and were just going to do that with the folks in my office. However, we have just learned that USTR needs DOI to review and clear some aspects of the U.S. negotiating position by COB tomorrow. Thus, it would be best if we can bring the whole team together who work on these issues with us to brief and discuss with DAS Skipwith. Can you please add the following, and provide a call in # for those who cannot attend in person given the late notice? Joan Goldfarb, SOL Rebecca (Shawn) Finley, SOL Craig Hoover, FWS Anne St. John, FWS Scott Cameron, PMB Thank you! Karen Senhadji Background: Per Karen request. _____ Hi Thomas, would it be possible to schedule an hour sometime between 1230 and 330 on Thursday, 9/28? Thanks! Karen ----- Forwarded message ----- From: Senhadji, Karen Date: Sun, Sep 17, 2017 at 9:15 PM Subject: Re: Trade Briefing-- NAFTA 2.0 and Peru Timber Committee To: "Skipwith, Aurelia" Cc: "Downes, David" , Brooke Hobbie , Thomas Garcia My apologies, I stand corrected. It turns out we'll have a better handle on where things are heading for both NAFTA 2.0 and Peru Timber Committee by the middle of next week, so probably best if we schedule this briefing once we have more current information. I will work with Thomas to schedule a briefing with this in mind, which fits everyone's schedules. Thanks! Karen

***** Karen Senhadji Director, Office of International Affairs Office of the Secretary U.S. Department of the Interior karen_senhadji@ios.doi.gov Office 202-208-5479 , Cell (b) (6) ***** On Sat, Sep 16, 2017 at 4 06 PM, Skipwith, Aurelia wrote: Hi Karen, I was in contact with Todd. Please set up a briefing for me early next week. I've cc'ed Thomas Garcia who can assist in finding a time. Thank you. Aurelia Skipwith Deputy Assistant Secretary for Fish and Wildlife and Parks U.S. Department of Interior 1849 C Street, NW, Room 3148 Washington, DC 20240 (202) 208-5837 On Fri, Sep 15, 2017 at 10:10 AM, Senhadji, Karen wrote: Hi Aurelia! Just circling back to see if you and Todd have sorted out which of you (or both?) will be overseeing the trade portfolio for FWP. Brooke Hobbie and David Downes from my office are our resident trade experts, and are gearing up for the next round of NAFTA 2.0 negotiations. It would be helpful if early next week we could brief whichever or both of you will handle trade, so we can get you up to speed on where things stand and you can be ready to advise on any relevant policy level documents or decisions if and when the need arises. We would recommend also including our FWS and SOL colleagues with whom we work closely on the issues in your portfolio. Please let me know if we can work with Tasha to set up a meeting, and with whom that should be. Thanks! Karen

Description:

POC: Jean Parrish, Abby Miller, or Catherine Callaway 202-208-1927 Discuss priority issues with DOI and emerging need for hurricane recovery assistance. This is a document we finished earlier this afternoon that describes federal investments for hurricane relief, based upon previous federal responses to disasters, including Katrina and Sandy. We specifically call for increased investments both for the Historic Preservation Fund and historic tax credits.

3:30pm - 4:30pm Meeting - Construction and New Markets Tax Credits

Video call:

(b) (5), (b) (6)

Where: 6120 or call 1-(b) (5) Participant Code (b) (5)

Calendar: Catherine Gulac

Who:

Adrienne Moss, James Cason, Amy Holley, Gavin Clarkson, Denise Flanagan, Scott Cameron, Micah Chambers, Catherine Gulac, James James, John Tahsuda, Amanda Kaster, Olivia Ferriter

Description:

Mr. Cason's Leader Code (b) (5) On Oct 5, 2017, at 1:26 PM, Flanagan, Denise wrote: Scott, Darren Benjamin from our Interior Appropriations Subcommittee reached out to Dr. Clarkson from IA and Adrienne from my staff because he wants to work with the Department on New Market Tax Credits and how to bring them into Federal Construction projects on Trust Lands. I've highlighted below where Darren is asking us to participate in small group meetings with individuals external to the Department on this topic. Will you check and provide some policy guidance on how you want us to proceed on this and respond to Darren? This is something Jim Cason will likely be interested in. Thanks! Denise From: "Benjamin, Darren" Date: October 5, 2017 at 12:31:38 PM EDT To: Gavin Clarkson Cc: "Moss, Adrienne" Subject: Meeting: Construction and New Markets Tax Credits Dr. Clarkson, You may recall that we met during one of your first days on the job, when you came to brief the appropriations staff. I was thrilled to learn then about your expertise with New Markets Tax Credits, because you're in a position now to help us figure out how to bring NMTC into Federal construction projects on Trust lands. My subcommittee chairman, Ken Calvert, has been eager for some time now to figure out how to tap into the full Federal budget to supplement our annual appropriations in order to replace BIE schools faster (see report language, below). Tapping into NMTC alone will stretch our appropriations by 25%. I've been eager to deliver for him, which is why I've been trying to connect experts in the field such as yourself. In July, 2016, I convened a meeting with officials at Interior and Treasury, along with experts in finance and Indian Country, to brainstorm about how to make this happen. At the time, Interior asked for more time to work with Treasury to figure out the nuts and bolts of administering these types of projects. I'm not sure how much of that has been done, though. I'd like to get a small group of us together informally again to see if we can build back up some of the momentum, as well as help each other think outside the box about how to make this work. I'd like to invite you, Gary Grippo from Treasury, Patty Marks, Dante Desidario from NAFOA, and Jeff Speaks from JBS Communications LLC--an expert in rural NMTC projects. Gary and Jeff were at the first meeting, and I've since roped in Patty and Dante who both expressed a strong desire to help. Would you be interested? Would you have time to over the next two weeks? Regards, Darren

Description:

Smith, Hilary 9:17 AM (3 hours ago) to Scott, me, Christina, Shawn Hi Scott, Would you be available to join our in-person DOI Invasive Species Task Force meeting from 9-10 on Nov. 7 to provide opening remarks and be available for discussion? I also am interested in your guidance about engaging Andrea, Aurelia and any others you'd recommend during this time or otherwise throughout the meeting. If 9 doesn't work, we are meeting from 9-5 on Nov 7 and 9-12 on Nov 8. Best, Hilary

9am - 10am DOI Invasive Species Task Force Meeting - Opening Session

Video call:

(b) (5), (b) (6)

Where: Rachel Carson room

Calendar: Hilary Smith

Who:

Aurelia Skipwith, Brian Steed, Andrea Travnicek, Hilary Smith, Shawn Buckner, Ithurn@blm.gov, Scott Cameron, Michelle Mebane

Description:

The DOI Invasive Species Task Force is meeting on November 7th and 8th to work on shared initiatives planned for FY 18. We'd be delighted if you could join us, together with Scott Cameron, at the start of our meeting on Tuesday, November 7 from 9-10 to meet the Task Force members and share your perspective. Scott will provide opening remarks followed by a discussion of the Secretary's priorities, intersections with invasive species, and opportunities for action. A reminder that the DOI Invasive Species Task Force is composed of bureau and office representatives and facilitates inter-bureau communication and coordination to strategically address the most pressing invasive species issues facing DOI. If you're not able to attend but another person from your team can, we'd welcome their participation as well. Please join us if you can!

Video call:

(b) (5), (b) (6)

Where: Room 3528

Calendar: Scott Cameron

Created by: Jean Parrish

Description:

Hi Jean: I'm hoping that you can help Sarah schedule a lunch time meeting between Scott and my team. Please see below... All the best, Jamie ----- Forwarded message ----- From: Veatch, Sarah Date: Tue, Oct 17, 2017 at 3:07 PM Subject: NISC Brown Bag Invitation To: Scott Cameron Cc: Jamie Reaser Dear Scott Cameron, Each Wednesday, the NISC Secretariat hosts a one-hour, informal "brown bag" lunch in our small conference room at the Department of the Interior. This event provides an opportunity for senior agency staff to get to know the entire Secretariat team, and vice versa. It also enables federal agency leadership to share information on institutional priorities, evolving institutional structures and processes, and make direct inquiries of the Secretariat on topics of particular interest. We would like to invite you to join us for an upcoming brown bag. Please let me know your preferred dates for a Wednesday gathering from noon-1pm in room 3528 of the main Interior building. The only unavailable dates at the moment are October 25th and November 1st. Note: We can accommodate an additional 1-2 persons from your team if you would like to invite colleagues to join us. All the best, Sarah -- Sarah Veatch Project Manager National Invasive Species Council (NISC) Secretariat US Department of the Interior, Office of the Secretary 1849 C Street, NW | Mai Stop 3530 | Washington, DC 20240 P: (202) 208-3533 | C: (b) (6) www.invasivespecies.gov fb.com/USinvasivespecies.gov meetup.com/invasivespecies

10am - 11am hold for biosecurity plan briefing

Video call:

(b) (5), (b) (6)

Calendar: Scott Cameron

Created by: Jean Parrish

Description:

Can you confirm that Scott is available from 10am-11am next Wednesday (11/15) for a briefing on the Regional Biosecurity Plan for Micronesia and Hawaii? We'll likely meet in the OIA conference room. The meeting will include Doug and Nik - and possibly Aurelia and Andrea. I'll provide more details once we get schedules aligned. Best, Jamie

Scott Cameron

10:15am - 11:15am

Briefing for seniors on the RBP (Teleconf # (b) (5) or International number (b) (5) w/passcode: (b) (5)

Description:

Many of you expressed interest in actions being taken to help prevent, contain, and control invasive species in the wake of Hurricane Harvey, Irma, and Maria. To capitalize on this interest, we are convening an internal coordinating call among those in the DOI invasive species community to describe actions underway and discuss considerations, needs, and potential tools, capabilities, and other resources that may be immediately available to those in affected areas. Please note that this is a voluntary call to provide a forum for discussion to begin to connect experts within DOI working on invasive species issues and help identify available assets. We realize that some of these experts may not be available as they are supporting on-the-ground response and recovery efforts and that should remain the first priority. Results of this discussion will be shared with those working on response and recovery efforts to apply as appropriate. If you have questions or suggestions in advance of the call, please let me know. Please feel free to share this invitation with other potentially interested individuals within DOI. Agenda to follow.

John Tanner, Downey Magallanes, Gisella Ojeda-dodds, Denise Flanagan, Katharine MacGregor, Scott Cameron, Abigail Miller, Jason Larrabee, Shirley Lewis, Douglas Domenech, John Tahsuda, Olivia Ferriter, Adrienne Moss, Micah Chambers, Andrea Travnicek

Description:

Attendees: Please send a representative if you cannot attend. Purpose: meet to define the universe of potential legislation we'd advance as part of the FY 19 budget, and start narrowing down that list to what we actually want to pursue. That narrower list would be presented to the Dep Sec ideally no later than the end of next week. The universe of possibilities includes: 1. what we sent to OMB as part of the budget request 2. what was in the infrastructure package 3. what was in the supplemental appropriations bill data call 4. other ideas emerging recently

Description:

Interior's Office of Policy Analysis Seminar The Power of Partnerships:

Collaborating to Control Asian Carp Panelists: ● Jon Amberg-Research Fisheries Biologist, Upper Midwest Environmental Sciences Center, USGS ● Robin Calfee-Supervisory Research Biologist, Columbia Environmental Research Center, USGS ● Greg Conover- Large Rivers Coordinator, USFWS ● Teresa Lewis-Center Director, Midwest Fisheries Center, USFWS ● Aaron Woldt-Deputy Assistant Regional Director for Fisheries Region 3, USFWSTopic: Invasive Species - Asian Carp Date: Monday, December 11, 2017 Time: 12:15-1:45 PM (Eastern) Place: Rachel Carson Room (Basement Cafeteria of the Main Interior Building, 1849 C St., NW, Washington, DC 20240) Webcast: www.doi.gov/events How are research and management agencies coming together to control the spread of Asian carp, a highly invasive species spreading throughout the Mississippi River Basin and poised to enter the Great Lakes? Please join the Office of Policy Analysis on December 11 for a panel discussion describing innovative strategies that the US Geological Survey and the US Fish and Wildlife Service are undertaking with multiple agency partners to address this invasive species. Of immediate concern is the detection this June of an adult Asian carp within nine miles of Lake Michigan. If populations establish in the Great Lakes, they could cause billions of dollars in damage to sport and commercial fisheries, recreation, and fish and wildlife habitat. Panelists will discuss how each of their respective agencies are approaching this challenge, coordinating strategies among multiple agencies at the state and federal level, and collaboratively implementing solutions to this large-scale problem. For more information, please visit these websites: <http://www.asiancarp.us/> <https://www.cerc.usgs.gov/> https://www.umesc.usgs.gov/invasive_species/asian_carp.html <https://www.fws.gov/midwest/fisheries/asian-carp.html> To Livestream this event, login to www.doi.gov/events. Please join 5-10 minutes early to avoid technical difficulties. Login is required to ask questions. Please click "join" or "login to chat" and follow instructions. Closed captioning will be available. The recorded event will be posted to the Office of Policy Analysis website: http://www.doi.gov/ppa/seminar_series/video For Interior Department Registrants Only: This seminar meets one hour of Executive Education training. If you are participating in this seminar to meet this training requirement, please register through DOI Learn prior to the start of the event, using your DOI Learn username and password. Direct link to registration (login required): <https://gm2.geolearning>

Cameron Acting Assistant Secretary for Policy, Management and Budget Office of the Secretary of the Interior Desk 202 208 4242 Cell (b) (6) On Tue, Dec 5, 2017 at 2:51 PM, Olivia Ferriter wrote: FYI. Sent from my iPhone Begin forwarded message: From: "Moss, Adrienne" Date: December 5, 2017 at 2:34:46 PM EST To: Jerold Gidner, Nancy Savage, "John W. Ross", Karen Lindquist Cc: Olivia Ferriter, Denise Flanagan, Philip Gleeson, "Hall, Tricia A", Jason Freihage Subject: OST Reprogramming: Feedback from the Appropriations Staff All, All sides of the House and Senate Interior Appropriations Subcommittee staff have formally requested an extension of the reprogramming and have provided the comments/questions below to which they would like a response. For comments #2 and 3 I have information from you and will prepare draft responses for everyone to review. Regarding #1, I spoke with some of the staff to clarify the level of "consultation" they are looking for. They want to make sure Indian Country has an opportunity to see the current proposal and offer comments. They were thinking it would be easy to add it to the pending consultation on OST moving to ASIA. I explained that it was not that easy. (b) (5)

Regarding #4, the staff is asking that the Department present the final outcome of the pending consultation with "point by point responses to Tribal input." I'm wondering if there are policy considerations here which could impact other tribal consultations going forward. We should also discuss this request when we meet. Please let me know if you are available to meet on Thursday, December 7 between 2 to 4 or Friday, December 8 any time. Thank you. 1. We are concerned that Tribes haven't had the opportunity to comment on this proposal. Just as there is currently a solicitation for comments ending January 15, 2018, on a proposal for implementing Section 304 of ITARA, there needs to be a solicitation for comments on this proposal for implementing Section 305(a). We ask that you consult with Tribes about this Section 305(a) proposal in December. 2. We are concerned that employees have already been notified that OVS is transitioning into a combined office with OST's Office of Appraisal Services and that the Department has taken the liberty of reassigning roles and responsibilities to affected employees prior to Committee approval of this reprogramming. For the Department to initiate reorganization, without first working with the Committees, undermines the working relationship that has been the hallmark of the Committees and the Department and the primary reason why reprogramming guidelines remain in report language instead of bill language. 3. We have questions about the performance metrics currently captured (or that can/should be captured) for OVS and OST so that we can baseline and track performance and level of service (quantitatively or qualitatively), if OVS and OAS are consolidated. We see a few metrics in the OSEC greenbook for OVS - number of actions processed, timeliness of appraisals, etc. - but with this proposed consolidation would like to see the metrics that should be baselined for both OVS and OAS and would be included in future greenbooks to demonstrate program performance and help us verify that there will be no loss of service to the land agencies or the Tribes going forward if the reprogramming is approved? 4. Lastly, and following on item 1, we remain concerned by consistent reports from Tribes that the Federal Government rarely engages in "true" or "meaningful" consultation. What they mean is that while the Federal Government may solicit input and feedback from Tribes, it doesn't then give feedback to Tribes. In other words, the Federal Government rarely explains its decisions or gives point-by-point responses to Tribal input. Best practices models are already in use (example attached) that should be incorporated in future consultations. The current process for implementing Section 304 of ITARA is an opportunity to provide such feedback to Tribes in a subsequent Federal Register publication. We ask that the Department explain how it will add such feedback to its Tribal consultation process.

Farewell Party for Patti Aaron, Lauren Meredith, and Harry Horner

Where: DOI South Penthouse

Calendar: Stephen Major

Who: Scott Cameron

Description:

Dear Friends and Colleagues, Patti Aaron, Lauren Meredith and Harry Horner will be leaving the DC office soon, traveling West for new and exciting adventures. Join us as we bid them a fond Bon Voyage on Thursday January 25th in the South Penthouse from 2:30 to 4:30 pm. Lauren will be leaving for California at the start of February, traveling to Sacramento. Patti departs at the start of March for Boulder City, Nevada. Harry is headed back out west and will help with his family's restaurant in Southern California. If you would like to contribute towards food and drink for the party, or help with the party in any other way, please see Stephen Major in room 7610.

Where: Room 6641

Calendar: Michelle Mebane

Who:

Kerry Rae, Michelle Mebane, ASWS Conference Room, Scott Cameron, Timothy Petty, Andrea Travnicek, Catherine Callaway

Description:

Tim and Andrea, I know most of the focus is appropriately on getting 9 off the ground in 2021, but I think I recall that some critical technical and financial decisions about how to structure 10 need to be made this spring. Given the large and multi-year budget implications of those decisions I'd like to coordinate closely with you as the thought process and negotiations with NASA evolve. With that in mind, can we huddle for 30 minutes at your convenience so I can get back up to speed on the timing of those decisions and the range of decision options being considered? Thanks, Scott Scott J. Cameron Acting Assistant Secretary for Policy, Management and Budget Department of the Interior Desk: 202.208.4242 Cell: (b) (6)

Calendar: Scott Cameron**Created by:** Jean Parrish**Who:** Scott Cameron, Jen Mock Schaeffer, Benjamin Cassidy, Jason Larrabee**Description:**

POC: Jean Parrish, Abby Miller, or Catherine Callaway, 202-208-1927 On Thu, Feb 1, 2018 at 10:00 PM, Jen Mock Schaeffer<JenMock@fishwildlife.org> wrote: Good evening Mr. Cameron, Jason and Ben: I hope this note finds you well. I am Jen Mock Schaeffer, Government Affairs Director for the Association of Fish and Wildlife Agencies. The Association represents the collective interests of the state fish and wildlife agencies across the country and all 50 states are members. I am writing to request a meeting with you as a follow-up to the conversation we had in December between the Association of Fish and Wildlife Agencies' Executive Committee and Secretary Zinke, during which Jason and Ben were present. One of the issues raised during our meeting with the Secretary was the state fish and wildlife agencies' ongoing support for the USGS Cooperative Research Units (CRUs). We would greatly appreciate the opportunity to meet with you to better explain and discuss our interests in the CRUs and their role in conducting applied research for the management of fish and wildlife. Next Friday, February 9, several stakeholders will be in DC and would greatly appreciate the opportunity to meet with you to discuss the CRUs-- Deputy Director John Kennedy of Wyoming Game and Fish Department; and Dr. Chad Bishop, Director of the Wildlife Biology Program at the University of Montana and current President of the National Association of University Fish and Wildlife Programs will be accompanied by Mr. Lowell Baier with Boone and Crockett and me. Please let me know at your earliest convenience the best time to meet with Mr. Kennedy, Dr. Bishop, and Mr. Baier on February 9. Thank you for considering our request, and we look forward to seeing you soon. Warm regards, Jen _____ Jennifer Mock Schaeffer Government Affairs Director Association of Fish and Wildlife Agencies We moved! 1100 First St., NE, Suite 825 Washington, DC 20002 New Office: 202-838-3468 Cell: (b) (6) Email: jenmock@fishwildlife.org www.fishwildlife.org

Video call:

(b) (5), (b) (6)

Where: Eagle Room 50 F Street NW, 9th floor

Calendar: Scott Cameron

Created by: Jean Parrish

Description:

This year's Great Lakes Environmental Summit will take place on Wednesday, February 14, 2018, from 9am - 1pm in the Senate Hart Building Room 216. The Summit continues to be one of the major convening's of Great Lakes regional stakeholders here in Washington, DC and helps formulate a federal agenda for the Great Lakes Washington Dayfly-in that will occur later in March. The Summit provides Great Lakes stakeholders an in-person opportunity to learn about upcoming federal legislative opportunities straight from Senate and Congressional Great Lakes delegation members, Congressional and Committee staff, and Administration officials. The Summit is an off-the-record conversation that is meant to help provide an overview of key federal issues that Congress will likely be tackling in 2018. The group of stakeholders that will be in attendance includes federal officials from the region, environmental NGOs, local governmental representatives, business groups, and other organizations that are helping protect the Great Lakes.

11am - 12pm Secretarial Order Database Training- Session 1

Where: OS-OCIO Sweet Gum Conference Room 7115 MIB*

Calendar: Natalie Davis

Who:

Nikolao Pula, Rebecca Wilkerson, Jason Larrabee, Douglas Domenech, Natalie Davis, Kevin Fossett, James Voyles, Maureen Foster, Todd Willens, Kerry Rae, Elizabeth Appel, Gary Lawkowski, Jacqueline Worrell, Oluwarotimi Abimbola, Julie Spano, Katie Mills, Jill Moran, Timothy Petty, Steven Moyer, Scott Cameron, Joseph Balash, John Tahsuda

Description:

Training for New Secretarial Order Database: We will hold a mandatory training session that each Assistant Secretary and their Chief of Staff will need to attend. There will be two time slots so you can choose the time that best fits your schedule. The first 15 minutes will be an overview of the program for the Assistant Secretaries followed by a more detailed training for the Chiefs. Assistant Secretaries are more than welcome to stay for the entirety of the training. The training sessions will be held on February 22nd. First session @ 11:00 a.m.- 12:00 m. Second session @ 1:00 p.m. - 2:00 p.m. Please just accept the time slot that works for your schedule. If an Assistant Secretary cannot attend, send an email to Todd Willens (and cc me).

Description:

POC: Jean Parrish, Cathy Callaway, Abby Miller 202-208-1927 On Tue, Jan 16, 2018 at 11:23 PM, Neil Averitt <(b)(6) - Neil Averitt> wrote: Scott -- I am writing to follow up on Bob Dawson's introduction, and to see if you and I can pick up our conversation about a possible frontier area. (A "frontier area" would be a new form of land management, organized to replicate a segment of the nineteenth frontier, with a mix of undeveloped land and small towns that rely on traditional technology. Could be interesting and fun! Details at www.brightangel.org.) I'll be back in DC at the start of next month, and free to meet with you any time from February 14 on. The length of the meeting is up to you, but I'd be grateful for 30 or 45 minutes if that works. The frontier proposal isn't impossibly complex, but it IS something truly new, and it has unexpected effects that take a while to sort through. With thanks . . . Neil Neil Averitt 202-607-9008 www.neilaveritt.com

Description:

Subject: Request for a briefing with leadership from the state Fisheries chiefs from the Mississippi Interstate Cooperative Resource Association to discuss Asian carp. Description: State Fisheries chiefs from the Mississippi Interstate Cooperative Resource Association (MICRA) requested a briefing with DOI/Bureau leadership to discuss Asian carp. They are in town for National Invasive Species Awareness Week and meeting with Federal agency representatives and Congressional offices. MICRA identified potential discussion topics focused on aquatic invasive species and touching on issues of interest to both USFWS and USGS. Potential discussion topics include implementation of the National Invasive Species Act, MICRA and DOI strategies for Asian carp control, implementation and evaluation of needs and opportunities for Asian carp control in the Mississippi River Basin, and streamlining DOI grant funding process, The MICRA representatives that plan to be in attendance are listed below. The fourth representative has not been confirmed. Brian Canaday, Missouri Department of Conservation, Fisheries Division Chief, and MICRA Chairman Larry Pugh, Mississippi Department of Wildlife, Fisheries, and Parks, Fisheries Bureau Director, and MICRA Chairman-elect Frank Fiss, Tennessee Wildlife Resources Agency, Fisheries Division Chief, TBD

10am - 12pm (Doug talk pts) Save the date for AFR Celebration - March 6, 2018

Video call:

(b) (5), (b) (6)

Where: Rachel Carson Room

Calendar: Julia Bennett

Who: Scott Cameron

Description:

Invited to AFR Celebration in the Rachel Carson Room on March 6, 2018. Time: 10:00 am - 12:00 noon. Jean, My guess is that Scott would speak near the beginning on the accomplishments of the audit, the Agency Financial Report, and meeting the annual performance goal for closing audit recommendations. - let's say for 10 to 15 minutes. The event starts at 10:00.

10:15am - 10:30am Scott scheduled to speak at AFR celebration

Scott- welcome greeting at CXO Fellows Event- (include info about his career)

Video call:

(b) (5), (b) (6)

Where: DOI Auditorium

Calendar: Scott Cameron

Created by: Jean Parrish

Description:

Hi Melanie, For confirmation purposes, Mr. Scott Cameron is scheduled to provide opening remarks to the CXO Fellows on Wednesday, March 7 from 9:00am - 9:15am. We would like to ask Mr Cameron to share about his role at DOI, his career, and share thoughts on collaborating as a leader. The event is at the DOI Auditorium and the room will be equipped with an AV system and mics on stage. The CXO Fellowship provides leadership training and exposure for mid-level (GS 11-14) career Federal employees in the Finance, IT, Human Capital and Acquisition functions from the 24 CFO Act Agencies. There are 94, 2018 CXO Fellows who have been recognized by their Chief Executive as a rising leader. The CXO Fellowship provides fellows opportunities to: hear from senior leaders across government, take part in professional development, visit agencies, and learn about cross government initiatives. This event is part of their professional development series. The sessions will consist of an overview of the role and mission of the offices of Inspector General (IG). The IGs from the Department of Treasury and GSA have confirmed participation. Best, Annette It would be great if Scott could do the welcome greeting at 9:00 am on March 7, which would only be 10 - 15 minutes. The CXO Fellows would like to hear about his career, how he got to his current position and if there any opportunities that they should take advantage of for their career development. ----- Forwarded message

----- From: Melanie Navarro - M1X-D <melanie.navarro@gsa.gov> Date: Thu, Feb 15, 2018 at 3:32 PM Subject: Fwd: CXO Fellows Event at the Department of Interior To:

catherine_callaway@ios.doi.gov Good Afternoon Catherine, I am currently on a detail from DO support OMB and the Chief Financial Officers Council. I work in the Office of Financial Management for Doug Glenn. I am requesting if Scott would be able to provide a 10 minute welcome for DOI OIG CXO Fellows on March 7 highlighted in the email below? I would appreciate your assistance with scheduling Scott for the brief greeting in the DOI Auditorium. Thank you. ----- Forwarded message ----- From: Annette Maldonado - M1X <annette.maldonado@gsa.gov> Date: Thu, Feb 15, 2018 at 1:14 PM Subject: CXO Fellows Event at the Department of Interior To: Melanie Navarro - M1X-D <melanie.navarro@gsa.gov> (b) (6)

Hi Melanie, Per our conversation. The Inspector General Session for the CXO Fellows will be on Wednesday, March 7 from 9:00am - 3:00pm at the DOI Auditorium. During the event, attendees will hear from several Inspector Generals and about the inspection process. This is a great opportunity for the fellows to hear from the agency C-Suite leaders. We would like to ask the chief executives from DOI to welcome fellows, share his/her role at the Department of Interior and thoughts on collaborating as a leader. There are two time slots of 15 minutes each in the morning. CXO Fellowship Overview The CXO Fellowship provides leadership training and exposure for mid-level (GS 11-14) career Federal employees in the Finance, IT, Human Capital and Acquisition functions from the 24 CFO Act Agencies. There are 94, 2018 CXO Fellows who have been recognized by their Chief Executive as a rising leader. The CXO Fellowship provides fellows opportunities to: hear from senior leaders across government, take part in professional development, visit agencies and learn about cross government initiatives. -- U.S. General Administration <td style="margin: 0px; border-right: 1pt solid rgb(166, 166, 166); border-top: 1pt solid

Description:

Stephanie Showalter-Otts, Director, National Sea Grant Law Center, requested a briefing to provide an overview of the Building Consensus in the West initiative and efforts to address invasive mussels. Building Consensus in the West is an initiative of the Western Regional Panel on Aquatic Nuisance Species. The goal of the WRP initiative is to develop a multi-state vision for watercraft inspection and decontamination (WID) programs. With funding from the U.S. Fish and Wildlife Service, the National Sea Grant Law Center and the Association of Fish and Wildlife Agencies have been supporting state efforts to harmonize laws, regulations, and policies through the development of a model legal framework. This briefing will provide an overview of the Building Consensus initiative and the model legal framework for state WID programs, and provide information on the ongoing efforts of states to reform statutes and regulations to align authorities with the model framework. This briefing will also discuss challenges associated with implementation of WID programs at multi-jurisdictional waterbodies, such as Lake Mead, and consider how the model legal framework and other Building Consensus efforts might assist with federal efforts to implement or support state efforts.

Description:

Hi Scott, Hope you are doing well. I am about to spend a month in DC; perhaps Bob Lambe and you and I can meet up this February to get caught up on things. I am writing to introduce you by email to Cory Brant, who is working on a project with me and others at the University of Michigan (I work at Uof M as well as at the Great Lakes Fishery Commission). The project compares the response to sea lamprey to other invasive species. Cory, who is a post-doc, is interviewing key individuals involved in invasive species policy, and I thought you would be an excellent person for him to talk to, given your extensive background in the topic. Really, I don't know of many others who know the subject like you do. I'll let Cory follow up, but I'm hoping you have the time to talk with him. And do let me know if you have time to catch up while Bob and I will be in DC this February. All the best, Marc Marc Gaden, PhD Adjunct Assistant Professor University of Michigan School for Environment and Sustainability mgaden@umich.edu 734-417-8012

Scott Speaks WGA Western Working Lands Forum - Roundtable - Cross Boundary Implications for Pre-Border Prevention and Post-Border Mitigation of Invasive Species

Video call:

(b) (5), (b) (6)

Where: Panel Title: Cross-Boundary Invasive Species Management

Calendar: Scott Cameron

Created by: Jean Parrish

Description:

Scott, I reached out to Bill Whitacre for advice on prep for your role as a panelist next week (3/15). I'll put some talking points together for you if that would be helpful. In the interim, here are additional details he provided: - Panel Title: Cross-Boundary Invasive Species Management - You have 5-10 minutes for opening remarks. - No powerpoint necessary. - The interested in hearing your perspective on: - What you/DOI believes "landscape-level conservation" means in terms of invasive species management. - How do different players involved work together on this issue at the landscape level? - How does invasive species management differ from other landscape-level management issues? - Panel moderator is John Freemuth, ED of the Andrus Center for Public Policy - Other panelists are: - Mike Ielmini, National Invasive Species Program Manager, US Forest Service - Rusty Lloyd, Program Director, Rivers Edge West (formerly the Tamarisk Coalition) - Elizabeth Brown, Colorado State Invasive Species Coordinator Hilary

EOP/OMB, Burnett, Ben D. EOP/OMB, Colyar, Kelly T. EOP/OMB

Description:

Susan and DOI friends, I look forward to connecting with you and our OFPP colleagues to discuss various efforts to enhance how DOI coordinates between bureaus and with other agencies to acquire goods and services and perform administrative functions. This has been identified as part of DOI's Reorganization plan, the FY19 Budget proposal for administrative savings, and the President's Management Agenda. I see this as a possible three-point shot. Leslie Field, our Acting Administrator for OFPP, has agreed to join us. My goal is not to solve everything in one meeting, but to facilitate communications between the offices in OMB and DOI that must work together to make progress. Thanks for finding time on your calendar. We will follow up with Olivia and her team to prepare an agenda and complete the logistics for clearing folks in. Craig

Calendar: Scott Cameron

Created by: Jean Parrish

Who: Scott Cameron, LaTanya Anderson

Description:

On Wed, Apr 18, 2018 at 2:16 PM, Anderson, LaTanya wrote: Good afternoon Mr. Cameron My name is LaTanya Anderson and I am DOI University's Associate Dean of Program Management and Training Delivery and the Program Manager of the Interior Acquisition Institute responsible for the delivery of learning and development programs for Interior's acquisition workforce. In my role, I have been partnering with Interior's Acquisition Career Manager and the Federal Acquisition Institute to provide training that aligns to the intent and mission of PMIAA. As a FAC-P/PM III and a member of the federal PM community, I also sat on OPM's PMIAA panel for the occupation series handbook update. Today, we had a briefing from Mr. Ed Keable and were informed that we (DOI University) would be realigned under the Deputy Assistant Secretary for Technology, Information and Business Services and I also just read in Rich's email that you have taken on the role of the PMIO. At your convenience, I would appreciate a meeting with you to discuss the work that my staff and I have been doing to support the Secretary's and the President's priority to improve program management, to hear your thoughts on the direction that you want to go, and to assure you of the support that I can continue to give to you in your role as the PMIO and CAO as well as to the SPE. Thank you in advance for your time.

LaTanya LaTanya S. Anderson, MBA, MSc, Senior FAC-P/PM Associate Dean, Program Management and Training Delivery Program Manager, Interior Acquisition Institute (IAI) Department of the Interior University (DOIU) Office of Strategic Employee and Organization Development (OSEOD) 1849 C Street NW Washington, DC 20240 202-208-3140 (Office) (b) (6) (Mobile) LaTanya_Anderson@ios.doi.gov <https://doi.doi.gov/acquisitioninstitute/index.html>

11:45am - 12:15pm QSR Follow up meeting

Where: Susan's office - 3160

Calendar: Tasha Robbins

Who:

Ryan Hambleton, Catherine Callaway, Tasha Robbins, Susan Combs, Scott Cameron, Thomas Garcia, Richard Beck

Description:

Rich re: 1 and 2--we have our metric on forest..but we do need a real plan to say how many of the 40 are going to be hired...he wants them all on in about 6 months-not years. so they should report on their budgeting, and that they plan to have 10 per month or whatever-- BUT they also have to be certain to e 15s, 14s or in some cases 13s. That is what I heard in the meeting. 3-DM- what about a combo of all three? you want rank order priority, BUT also what kind of planning has been done in order to expend funds...and rate of spend. It seems that some projects take a lot longer than others...but the demand is high and so the results have to be high. Key is how to rank order y priority- should it be by visitors served, or poor ness of condid and then future needs. let's keep this separate from recreation because arguably all visitors are engaged in recreating. Scott- any other guidance? Re hunting- many parks do not like hunting. We should have each and every park respond to what theirr circumstances are...if you are a park in an urban area obviously you can't...so we need to delineate these parks which might be able to do it because they are sufficiently rural. Housing- take a look at this. I lost a bunch of typing. LETS GET TOGETHER TOMORROW WEDNESDAY FOR THIRTY MINUTESs. On Tue, May 8, 2018 at 12:16 PM, Beck, Richard wrote: Susan... Attached is some information that could provide a start to answering some of your questions. Does this help? - Rich On Mon, May 7, 2018 at 3:25 PM, Combs, Susan wrote: Rich You were not in a later meeting on metrics with NPS but beyond the early topics we chatted about April 24..here are some more, and I would appreciate your insight. (1) Active Forest Mgmt- you already did a paper on that (2) Hiring of ethics officers- that is a metric that has to be done at the rate of 1:500 employees (3)Deferred Maintenance - and how assess priorities? how get to conclusion that you are making progress on the incredible backlog? (4) Increase in access - hunting, fishing etc (5) Employee Housing- evidently there are some issues with funding sources, but it was clear today with the Dep Sec that this is something that has to be put on a 'metrics' plan (6) Recreation- need metric- is that number of new acres? what about different kinds of activities- fishing, dogs, etc? the broader view of who might access NPS assets and what might be a kind of enjoyment *7) Fire Protection- this seems to relate to prescribed burns which have had a funding history that is not very even-- Scott- this will be within your wheelhouse also Sorry to expand the original scope of work but having a metric concept for each kind of priority is clearly a 'priority' for exec. Please let me know what you think would be useful metrics. We are asking NPS to come up with them but I really would appreciate your insights. Thanks. Susan On Mon, May 7, 2018 at 3:18 PM, Beck, Richard wrote: Scott... Gary is working on it and hopes to get the pdf's collected and distributed within 30 days? - Rich On Mon, May 7, 2018 at 2:15 PM, Cameron, Scott wrote: Rich, Please have FWS deliver Susan and me one of their quantitative recovery plans from each Regional Office of FWS. Make sure the group of 9 includes at least one large predator, and a few birds -- just don't want a bunch of insect plans. Let us know when they'll show up. Thanks, Scott Scott J. Cameron Acting Assistant Secretary for Policy, Management and Budget Office of the Secretary of the Interior Desk 202 208 4242 Cell (b) (6)
