Description:

REMINDER: Please join us for our inaugural conversation on Modernizing Information Technology in the Federal Government next Wednesday, July 25th. If you previously accepted our invitation, please accept this invitation as well. The President's Management Agenda (PMA) lays out a bold agenda for transforming the Government. Key pillars cut across agencies and collaboration from OMB and agency partners will be key to executing on the strategic vision and outcomes set by the PMA. NAPA is partnering with OMB to create a suite of open, collaborative discussions to focus on the major objectives of the PMA and to find ways agencies can more effectively work together to meet and exceed the Administration's priorities. Please join us for the inaugural conversation on Modernizing Information Technology in the Federal Government. In collaboration with OMB, the National Academy of Public Administration (the Academy) extends this invitation to discuss the President's Management Agenda and Cross Agency Priority Goal 1: Modernize IT to Increase Productivity and Security. Nearly every function, duty, role, or responsibility in Government today relies on modern, secure, agile technologies to deliver better results for citizens. Modernizing IT requires the full understanding, buy-in, and support of senior agency leadership to drive accountability and effective outcomes. This important discussion with agency leadership in Information Technology, Financial Management, and Acquisition will address how to drive sustainable progress in this area and the importance of an integrated strategy to tackle IT challenges. This first forum will kick off a five-part series generously supported by Deloitte and will bring together critical agency thought leadership to identify a path towards a more citizen-focused, agile infrastructure and a plan to fund and support these activities. This important conversation will explore:

- The role of Technology Business Management (TBM) processes for improving budgetary transparency and execution
- Progress and updates on the Modernizing Government Technology (MGT) Act and the Technology Modernization Fund
- Agency experience and lessons learned from successful and challenging IT modernization programs

We hope you or your designated member of your

Description:

Conference Line: (b) (5) Participant: (b) (5) Hi Folks, I have a brief update on our scheduled outlook to complete the BIE budget separation initiative. First, however, I want to once again thank you all for your hard work and commitment to Tara to execute this project. We've reviewed the helpful information you all have provided and brought Mr. Doug Glenn on board from OFM to assist developing our "Blue Sky" plan (i.e. the To-Be state), Final Plan, and Implementation Roadmap. In short, a draft "Blue Sky" plan is being developed from your information, perspectives, and comments derived from our working group meetings. The "Blue Sky" plan will be shared with the entire group (9/13) and we will hold an open comment period for any inquiries or suggestions you may have based upon this draft plan (comments due 9/17). From your comments on the "Blue Sky" plan, the draft will be refined into its substantially final form, the Final Plan. The Final Plan will then be shared with the group (9/19). Following distribution of the Final Plan, an Implementation Roadmap will be developed and shared with the group (9/21). Thereafter, we've reserved a final few days to iron out any remaining issues and polish the final plan for conveyance to PMB - the final plan will be sent on September 24th or 25th dependent upon any final logistical considerations. The Summary Timeline is as follows: September 13, 2018..... Draft "Blue Sky" Plan Meeting September 17, 2018..... Final comments on Blue Sky Plan due to AS-IA September 19, 2018..... Final Plan Share-Out September 21, 2018..... Implementation Roadmap Meeting September 24/25, 2018..... Final Plan Polishing and Conveyance to PMB.

Hi Patrick, Thank you again for reaching out and for your interest in invasive species. Would a call on Wednesday, September 26th from 11-11:45 work for you? Please let us know if there are specific invasive species issues of interest with respect to the Department of the Interior, otherwise we'll plan to provide an overview of some of our recent focus areas. We look forward to hearing about your priorities as well.
All the best,
Hilary

Description:

ASAM Roundtable Members, We look forward to seeing you at our next meeting on Thursday, October 11 at 8:00 a.m. We have a very exciting session for you. We will kick off our agenda with special guest Amy Hood, CFO of Microsoft. Amy has done impressive work turning around the tech giant and pushing the boundaries of the CFO role - Fortune Magazine wrote, "In the five years since becoming CFO, Hood has been a key architect of the tech company's renaissance, during which its stock has returned nearly 300% (including more than 50% in the past year alone)." See article here to give you a flavor of her approach <https://www.bloomberg.com/news/articles/2018-07-16/how-amy-hood-won-back-wall-street-and-helped-reboot-microsoft>. Max met with her in Seattle and found her very compelling. Please bring your questions and your curiosity - we should have a lively dialogue. We will also have guests discussing Best Places to Work and the Partnership's new innovation initiative - see prompt questions on the agenda. We deferred our discussion of the recent court order on the LR executive orders based on Denise's recommendation. I encourage you to bring a colleague with you to the meeting to learn from and contribute to the conversation, especially any CFOs. Please send me the names of any guests who are planning to join you by noon on Wednesday, October 10. See our agenda, attached, for more information. Please RSVP by Tuesday, October 8 to Joshua De Leon (JDeLeon@ourpublicservice.org) for this meeting if you have not yet. If you have any additional questions, please do not hesitate to reach out. Thank you!

Date: Thu, Nov 8, 2018 at 7:23 AM Subject: Request for Help: Scheduling Interview/Info Session for Acq Assessment To: Joy Nicholopoulos , Stephanie Henning , Penny Riggs Cc: Kaprice Tucker , Megan Olsen Good morning, I hope this email finds you well. I am writing on behalf of Megan Olsen to request assistance with scheduling both Scott Cameron and Susan Combs to meet with Grant Thornton to provide input on the Acquisition Workforce and Staffing Analysis project. The hope is to book an hour of time for both of them to meet with Grant Thornton at the same time, hopefully by the first week of December. Is there any chance there is time after 12pm on Friday November 16? Or an hour together on November 19, 20, or 21? Or sometime during the week of November 26? Please let me know if there are other individuals I should contact to help get this scheduled. I look forward to hearing from you and sincerely appreciate your help. Sincerely, Kristin -- Kristin Whitney, PMP Senior Policy Coordinator Department of the Interior Office of Property and Acquisition Management Email - kristin_whitney@ios.doi.gov Work Phone - (202) 513-0381

POC: Jean Parrish or Catherine Callaway, 202-208-1927 My name is Emma Perron, and I work in the General Services Administration (GSA) Technology Modernization Fund (TMF) Program Management Office (PMO). Allison Brigati mentioned that she had briefly talked with you at another meeting about the TMF and we would love to schedule a conversation with you to discuss any potential projects that DOI may have. As you may have heard, TMF is an extremely valuable tool for springboarding your department into 21st century technology and transforming the way the US Government provides services to the American people. We are interested in having further discussions with Department of Interior, if you are interested. Do you have any availability over the next week or two? We can meet at your location, at GSA central office, or virtually. Please just let me know what would work best for your team! Thanks, Emma

Description:

Hi ASAMs, I look forward to seeing you at our next ASAM Roundtable on Thursday, December 13 at 8:00 a.m. We have an exciting session in store for you, featuring guest Tom Davis, former U.S. Representative (R-VA) and Chair of the House Committee on Oversight and Government Reform. Tom will lead a roundtable discussion on how a divided government will affect oversight and legislation, and how agencies should prepare. Then, as one of the actions you all identified at the November Roundtable, we will have a conversation on a draft proposal to OMB that addresses SAO reporting structure issues, led by Daniel Tenney. I encourage you to bring your Assistant Secretary of Legislation with you to the meeting to learn from and contribute to the oversight conversation. Please send me the names of any guests who are planning to join you by noon on Wednesday, December 12. I have attached the agenda for the session to this email and will send a calendar invite shortly. All ASAMs should have also received an invitation to the December 12 breakfast for the Best Places to Work rankings release; if you have not, let me know. If you have any questions or need additional information, please do not hesitate to reach out. Thank you, Tina
